## PREFACE

**These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.**

**On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.**

**In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these**

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of *“Stories From Heaven”*.

In these Revelations The Saints refer to Frances as “the child”, “the funnel”, “the spoon”, “the instrument” and “the little one”. God made her our Spiritual Mother. For many years now, because of this fact, she has been called “Mother Frances”, or simply “Mother”. Heaven also refers to people of all ages as “children” and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these *“Stories From Heaven”* for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, “I am The Son of God.” He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

**Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.**

**One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.**

**There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.**

## PLEASE READ

In some early volumes of "Stories From Heaven", many Revelations describe edifices to be built on Saint Joseph's Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a "City Of God". Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God's Plan in a monetary way. Donations became less and less, because the men in the Church said, "Don't give." They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men's lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of "Stories From Heaven" continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

**All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.**

## SEVERAL SAINTS

**“Yes, there are Several of Us present. It is this way most of every moment in every day because of the importance of what a family life, living, togetherness should be.**

**Never omit how the Creation of human life was given many situations, conditions, purposes, and abilities to use time with each other because of the closeness of many things, many ways, many conditions that give to human life strength and allegiance to a relationship that gives to them a personal connecting link of understanding, of hope, and the ability to speak on situations that unify what their living situation is responsible for, responsible in.**

**There are Several of Us present, and We All know the importance of human love, and of course, Divine Love, but always remember that the purpose for human love is to give strength, and also assistance in a manner of living. It closes the gap for communication and for circumstances**

**that can be taken care of in the correct manner, correct reasoning, and done with dignity.**

**I know I speak differently, but I speak It to encourage and to help others better understand that human life was created with many Gifts, several purposes, and of course, for the Goal of the Future of their Soul.**

**I beseech those present, never forget, part of the connecting link of human lives is based on the Souls of each other, because the Souls are That Portion of human life that have the privilege to aid, to assist, and yes, to be that Connecting Link of love between two or more people.**

**I could speak endlessly on this subject, but I feel it would take too long, but also it would take several pages, so will you, those present, remember My Words? As you were created in the human way, it was a Blessing that nothing else can be equal to, because to be born a human being gives you the chance to one day become ‘a Saint’.”**

APRIL 25, 2005 AT 12:10 P.M.

**SAINT JOSEPH, THE HOLY SPIRIT**

**“I am Saint Joseph.**

**At the time The Creator, The Heavenly Father, assigned this *little one* to This Gift that bears My Name, I was so pleased, because you see, many times she met with Me in church and talked to Me in a private way, asking for My Aid, My Help, to give her the strength to do The Father’s Will according to how He Decreed it to be. Her age was very, very young, almost too young to even know the closeness she had with Me.**

**Throughout the world there is so much not understood on the importance of what prayers are for. Prayers are to Saints that cannot be seen, but if it is believed that They existed and became a Saint, what more could you pray to for help?**

**Today as I speak, I speak with much Love for the creation of human life, because in it, it has delivered so much Information regarding The Divine Entity that is available to human beings of all ages, for all the**

words they want to speak, all the reasons they want to be helped, and all the values that they give thanksgiving for, in the human way of living as a human being.

If it were possible, if it were feasible, We would send this *little one* We All speak through, throughout the world, so *one voice* would tell all present what they are to practice, what they are to learn, and what they are to deliver to others like themselves: a fuller understanding of the Purpose of life, of human life, and also the Goal that awaits the Soul of every living human being created; no matter what year, what date, what time, the Soul waits for the time to be returned to from Where It came.

Hours could be spoken continuously on the importance of each day, what is termed 'twenty-four hours', that each human being has the privilege to remember at different times within that period of time, to call One of Us, speak to Us, because do not forget, We are always available."

APRIL 25, 2005 AT 12:53 P.M.

## MANY SAINTS

**“There are Many of Us present, Many Males, Many Females. As We stand in the Heavens and The Heavenly Father directs Us to where He Wills Us to work and to be accountable for, it is indeed a privilege to be a Saint.**

**Throughout the world, human beings are consistently and constantly desiring progress and desiring to be well-known, some even desiring to be famous above all others, creations of human life.**

**We come on this day to say some things to those who take the Words, put Them in print, and those who will read the Words at another time.**

**Human life was created in a manner and way that would give hope, understanding, and of course, a goal to work for; the goal, in a manner and way suitable to a time in their way that would be beneficial to their Soul.**

**As so many times We dictate Words regarding spirituality, what it consists of, and of course, the reason**

for it, spirituality is the foundation for what an individual's Soul leans upon, because the Soul is the recipient of what an individual human being uses in the way of human life.

Throughout the world there are billions of human beings who have no concept, no reasonability in understanding that every word they speak, every move they make, every act they perform, they are accountable for morally, and their Soul is the recipient of how this act is received by The Divine, by The Lord, The Heavenly King.

Human life was created beyond what it is understood, because human life lives on through the Soul that is a Portion of The Creator; and, do not forget, The Creator created All things: the world, the stars, the moon, the sun, and also the air that a human being lives with and on.

This cannot be difficult to believe. It is so logical there had to be a Foundation, an Entity Greater than we know an Entity to be, to be able to create All there is and has been, for a length of time inconceivable to the human mind.

**I will close, because My Words I know are heavy, but They are something to be thought about. As you live each day, you have the privilege to be a human being amidst All there has been created. You have the privilege to understand you are a creation of a Divine Entity that you have never seen.**

**Would it not be wise then, to think more often Who you should give credit to for your way of life, for just living a human life, and for the abilities, mental and physical, you have been endowed with? But also, should there not be a thanksgiving for the Goal that you have the privilege to one day be Part of, and also, be present Where The Holy Father, The Creator of All Things made you and All you will be able to see and be a Part of?"**

APRIL 25, 2005 AT 1:43 P.M.

## MANY SAINTS

**“There are at least Twenty-eight of Us present, maybe Thirty. We are always where this *little one* is. We may move in and out, but We constantly and consistently use time, Ours as well as hers, to relate to those who will hear and put into script the important Facts that are so necessary to know about, to learn about, because the Facts give to the mentality reasonability to value more the privilege of being created a human being. Granted, there are many things created, but nothing has the privilege, the advantage, the Purpose or the reasonability that the human life is Blessed with.**

**Children should be instructed more clearly on the Fact that they were created to one day return to The Creator and be ‘a Saint’; also, all the factors that come into consideration here: the privileges of them learning so much, and being able to understand so much, regarding the importance of everything they think, say and do; also, the importance of telling the truth, never lying, because truth is**

what the evil one would not want them to speak.

**T**hey must always remember that everything they do should please The One Who created them, because within them, they have a Portion of Him; It is called 'the Soul', and so many other things that are not always watched carefully about, are things that the 'wrong' would like to see done, like the enemy of God and of human beings.

**S**o much should be spoken gently yet clearly, not lies, no way, no way; but truths, because truth has a way of being more indepthly understood for the full impact of what it means, what it says.

**I** will close now. We could All speak hours through This Gift of Divine Love. The Father says that We must use It at different times, or *the little one* We use could not handle It twenty-four solid hours a day, into the next day, and the next day and the next day. We All smile at this Statement. It is The Father's Justice because of His Love for human life."

APRIL 26, 2005 AT 11:55 A.M.

**OUR HEAVENLY MOTHER  
OUR HEAVENLY FATHER**

**“I am your Heavenly Mother.**

**Each time The Father requests Us to speak, We smile at Him and say, ‘Heavenly One, who shall We choose to speak a sound that will be needed?’ He says, ‘You know; I use her all the time.’**

**Each day, to every human being, is greater than they understand it to be, because time gives everyone created a chance, a privilege to use time to speak words of gratitude for being human, and for having the privilege to know words for communication and to have the ability of strength to do many things.**

**In This Gift wherein so much has been delivered, each Word bearing a strength, a purpose, is a Gift beyond what It is truly and fully understood to be by those who read the Words, sometimes even daily.**

**A Gift of This Divine Love I use in a manner and way that I know I will**

reach someone or many, giving them What I want others to know about their association with Me.

I have come on this day with a Deep Love for this *little one* and those who will use the time I request, to put Words into script for others to read.

All that I have spoken through This Gift of My Divine Love, and All that I will be speaking, must go to many places outside of this room. They must travel in a manner and way of dignity and sound purpose, helping others to know of My Time that I spent with *one little woman*, to give them, throughout the world, My Love through the written Word.

This should prove My Love for them in a manner and way understandable, appreciated, and for them to remember to follow All that has thus far been delivered for the sake of That Portion of them, within them, their Soul.

The Soul is a Portion of Who I Am, What I Am. It is Our 'Connecting Link' to Each Other. Remember this. I share it with you and all of human life, because It is My Gift of My Divine Love, to give you the mentality you

**have, the strength you have, the hope you have, the love you have and the purpose you have, for living the way you do.**

**I will close, but as I do I say, ‘I love you,’ because through you, like at another time, through others who served Me to help those who did not have the knowledge or the understanding; they were called ‘Apostles’, and there were others who had other names, but in this lineage of understanding, remember one thing: You now have the privilege to know more than you would have, to use, and then, if there had been no previous work, you would not have what you have today, to aid others in coming My Way.”**

APRIL 26, 2005 AT 12:40 P.M.

**MANY SAINTS**

**“Many of Us Here in the Heavens know that each time We address an individual, those who take the Words find it difficult, but it is very important each time The Father beckons One of Us to speak, because in many ways, We are your Communication to The Divine.**

**Your prayers are spoken personally. Your talks with The Divine are personal, but when The Father requests Us to signal you that something of importance is passing through, please remember, It could mean the world to you.**

**Each Word spoken has a purpose. Each time it is done has purpose, because in the Love you receive from The Divine, you do not always recognize It as a close relationship from Divine Love.**

**So much is taken for granted and put in the category of human manner of doing things, but as of today, Many of Us Here in the Heavens sincerely hope that as you face each day, you**

**become more aware that you are never alone.**

**Do not forget, you have a Soul, and the Soul has the ability and the privilege to communicate with The Divine. This can happen when the Soul is concerned over you.**

**I will close These Words, but as I do, I want you to remember: You were created a human being. You were gifted with a Soul, a Portion of The Creator that never leaves you.”**

APRIL 27, 2005 AT 8:35 A.M.

## OUR HEAVENLY FATHER

**“I hold *the little one* tightly, because there is so much that I want her to do.**

**In the human life, or lives throughout the world, sometimes even those who dedicate themselves to My Will find themselves bypassing this in their daily way of life, and practice only what would be called ‘materialism’, ‘humanism’. I do not say this is wrong, but I do say it is important that all human beings understand that the earth did not create them. The earth does not hold them liable for everything they think, say, and do. The earth is the means for which human life, through which human life can partake in physical living until the time comes for the Soul to return to Me, hopefully, and be able to be called ‘a Saint’.**

**This *little one* I use is always at My beck and call, because it is innate in her being to want to please Me, even when she is in the midst of conditions, situations, places that others there**

would not understand. A simple move of hers would be her love for Me.

All that has thus far been passed through her must be put into a way that others may learn from, even when they go to those they feel are spiritually above the average because of the place they took in living. I assure you, I will see that they get the correct answers from Me.

I will close My Words. *The little one* asks Me not to leave. I am never away in the human understanding of distance. I am always within, to the degree feasible for the body to handle.

I love this creation, human life. It has so many reasons, and a portion of it has a Portion Greater than they understand It to be.

I smile at this *little one*, because she is so adept when it comes to accepting Responsibility, and I add, love for many things, and many individuals who have no concept of her sensitivity.

I will close These Words at this time, for I know she has a schedule to keep. I have so many schedules for her

**at different times, but I assure you, they never make her weak.”**

APRIL 27, 2005 AT 11:18 A.M.

## OUR HEAVENLY FATHER

**“We are putting this *little one* through a ‘Preparation’ necessary for certain things to be accomplished. Her body is responding to the strength it will need when the time comes for her to speak. Her small body has been used for hundreds, hundreds, hundreds of things that had to be accomplished to reach this point of This Gift that is so necessary for the Souls of millions, not just thousands of human beings.**

**What We deliver through her is of more importance than It is seen to be, but *one little instrument* participates into following through situations, conditions, directives, and orderly Words that are necessary to accomplish what This Gift is for.**

**It seems strange to some individuals that in order for her to respond to What is Willed to be done, she must suffer, or in some ways allow the body to adjust to the different Powers that she must absorb for My Will to be done.**

**At this time, there are many individuals who living each day ignore The Divine, ignore their responsibilities, and ignore the fact that as they walk in the human way they are responsible for everything they become part of, they participate in, or are example to others, in the manner they use the words, the thoughts, their actions, or their bodies' emotions, motions. The list is endless.**

**All that has thus far been delivered must not be held in abeyance, but must flourish far and wide to awaken the mentalities of millions to how close their existence is to The Creator of All Things.**

**I will close at this time, but I have more to say because This Gift is far greater than It is seen to be, and it is necessary for the Souls of all human beings to be given the privilege to participate in the Importance of being a living thing.**

**She bows to Me, and I to her. It is Our Communication to assure Each of Us that she has responded immediately.”**

APRIL 27, 2005 AT 11:50 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I know it is difficult, for many do not understand when there are so many thousands of people throughout the world that can speak, can write, but they question why I would pick *one small woman* to speak for Me, and to instruct others the way I Will them to be.**

**Ask yourself: Do you not many times use one small piece of material for the use you want to use it for, that could be something very small, yet very, very, very worthwhile in a physical manner, or in a monetary means?**

**I have oftentimes spoken Words through this *little one* that others thought were so simple, but they did not realize the full Worth of the Words in association with That Portion of their being, their Soul.**

**The Soul responds when there is a Connecting Link to Me. I, your Heavenly Father, created It this way. The Soul cannot be seen, but the Soul**

**is ever present wherever you are, and possibly Me.**

**As you face each day and you live it in a manner and way suitable to your state of living and all the things you partake in day by day, you are always assured that I am with you through your Soul that you cannot see.**

***The little one* wants to cry. I won't let her, because as she walks a Path of such Great Importance, she needs all the strength she can gather to do All I request from her; but, as I close My Words at this time, I smile at all of you and I say, 'I love you, too, in a very Holy Way, because as you serve to help the Souls of hopefully millions of human beings, it pleases Me more than I will say.'**

APRIL 27, 2005 AT 12:34 P.M.

**“What I am about to say may surprise everyone, but I assure you, it will be enlightening to how you feel in certain areas of how you live.**

**In counting the number of Saints Here in the Heavens, the number is so large it would upset you perhaps, or give you the wrong opinion of what it takes to become ‘a Saint’.**

**Let Me start here: You are born a human being, male or female. The Father decides which you will be, and then you begin to grow physically. Then, along with this, your mental understanding of things improves. Suddenly, you begin to understand more about many things, and through this aging of the human life, you have the advantage over everything else created, because you have the intellect, you have the knowledge, you have the ability, you have the interest, and you have perseverance in accomplishing what, at that time, interests you.**

**The list is endless in all the things, all the subjects, all the directions the**

**human creation of life has the chance to accomplish. Nothing else created has all this, even when they have different Gifts. Nothing compares to the human life.**

**So Many Saints Here in the Heavens thank The Creator for giving Them the opportunity to become ‘a Saint’, because to become a Saint, it has many advantages. It takes what you lived in the human life, and it gives you the ability and it entitles you to Divine Love in a Personal Manner, Way, you never had openly.**

**The important thing is that as you learn about the Facts of the Soul that you are the custodian of, and yet the Soul is a Living Matter created by The Creator of All Things, to represent you at a time when the body is no longer there, capable of doing everything. Your mind is not as it used to be, but the Soul carries on for you in an unlimited way, allowing your Soul to be able to take advantage of the Presence of The Creator of All Things, and All the privileges that are attached to This.**

**I could speak hours on the advantages of what a good, moral life can help you have one day: to live for**

**All Eternity in a Manner of Communion of Divine Love that you know nothing really about while you are living in the normal routine of life.**

**I could speak hours, and perhaps I will be able to speak to you on this at different times, but as I close These Words now, I sincerely hope that you will remember: Every day of your life you are privileged to have been created a human being, and you have the ability to return to The Creator in the Name, ‘Saint’.”**

APRIL 28, 2005 AT 12:00 NOON

## OUR HEAVENLY FATHER

**“I ask *the little one* to cross herself to allow you to know that I am present here. Many times I am present and you do not know How I Feel, How I Think, and How I Respond to how you act.**

**My Love for you is beyond what you can perceive It to be because, do not forget, you bear a Portion of Who I Am, What I Am within you.**

**There are millions of human beings throughout the world, created to participate in a Gift of Divine Love, all ages, all backgrounds and all degrees of abilities, and also, an innate logic of what is right or what is wrong.**

**Children are not being instructed in a full measure regarding their conscience, or their abilities to choose what is pure over impure, just over unjust. Leniency is prevalent in many places where they are concerned, because many older people who are in charge, act in a manner and a way, allowing time to change the children with more ethical understanding, and**

**yes, more learning, as they see it, many times in a way and a manner to cover what they themselves were like when they were that age.**

**I know I speak differently, but I speak it because there are so many ways that an individual has to portray, to discuss, and to deliver subject matter of all degrees of morality, immorality, purity over impurity, and justice over injustice.**

**Remember What I have spoken today.”**

APRIL 28, 2005 AT 12:48 P.M.

## MANY SAINTS

**“There are Many of Us present, All eager to share with those yet in the living state regarding the importance of how an individual practices living in the human way, the importance of it, and the necessity for Set Rules regarding morals, Spiritual values, and interests in how they use each day.**

**In the human form, in the human mentality, in the human understanding, it is innate to know purity from impurity, hope from despair. It is a basic part of the structure of a human life, even when it is not instructed upon by someone termed ‘a formal expertise’ on the subject.**

**So many times parents do not criticize or correct the younger ones they are surrounded by, or surrounded because of the number. The number could be one, two, three, four, but excuses are prevalent when it comes to some individuals correcting those close to them.**

**Today, as there are so Many of Us willing and anxious to talk to those who are able to take Our Words, to help those who will read the Words to more fully understand the True Presence of The Divine, and the sound logic in What is spoken.**

**Throughout the world there are many various ideas, ideals and personalities that sometimes have to struggle to act in the proper manner, proper way, morally, without any spark of immorality being allowed.**

**The Commandments of The Creator passed through what is known as ‘one individual’, but The One Individual that dictated Those Commandments was a Higher Manner of Life, thus knowing what each Commandment should be used in a manner and way explanatory in the Words spoken, or written, or thought about.**

**Let us take one Commandment: *Thou Shalt Not Steal*. This has many meanings to it, several areas in which a human being is capable of stealing the dignity of another human being, the hope of another human being, the intentions of another human being. The list is beyond this, and the last one**

would be to take the life of a human being.

I will go through The Commandments with you at another time, but this Commandment is important, because there are many excuses, abusive to this Commandment, and it would be much nicer if this Commandment would be seen for the importance of it. We'll take one Commandment at a time, I promise you this."

APRIL 29, 2005 AT APPROXIMATELY 11:00 A.M.

## OUR HEAVENLY FATHER

**“There have been no verbal or oral mistakes delivered through This Gift of My Divine Love.**

**When I appointed this *little one* to accept My Will for the sake of thousands, of millions of Souls, I entrusted to her obedience My Way for the benefit of an uncountable number of human beings, insurmountable by number. I chose *one small voice*, but an *obedient little one*, never questioning My Will, My Love for thousands, millions of individuals who without This Gift, would not be enlightened to be able to better understand My Love, My Will, My Hope, and My Fatherly Justice to each of them. I chose *a little one*, but I knew she would be obedient to My Love for her, and never question My Love for her.**

**Throughout the world there are millions of human beings who need All that has been delivered. Granted, some will not believe This. Some will have injustice towards What It speaks. Some would say that I wouldn't do it**

**this way, through *one small body, one small voice.***

**All that I have requested to be put into script, and in some ways just the Words with sound in Them to help certain individuals at a later time. When she will not be around, they will remember Words that she said.**

**As I close These Words, I do it with much Love for those who believe in The Gift of My Divine Love. No Greater Love could this human being have.**

**When I leave you at this time, I want you to know: To be chosen to walk with this *little one* is a Gift, especially for those who believe I speak through her in such a sincere, loving manner for My Will to show, My Respect for human life to show.**

**It saddens Me when there is no one to hear, to put into script for thousands of human beings who will never hear These Words, but they will have a chance to read Them and apply Them to themselves.**

**I love this *little one*, as it would be natural to say, but I also love those who in doing what I request them to**

**do, they show their respect for Me,  
and know that I love them for saying  
What I Have Spoken.”**

APRIL 30, 2005 AT 11:05 A.M.

## OUR HEAVENLY FATHER

**“This is an Important Time. It gives the opportunity to show through the actions of respect and of personal understanding, regarding This Gift I have given to the world for the Salvation of Souls. The more this *little one* meets and associates with, is the key to more Souls able to become more cared for, more loved by those in whom They were created to live the human way. *The little one’s* natural instinct to be quiet must be accepted by others to be more verbal, explanatory, thus enabling them to be representative of the need human life has to address The Divine.**

**I know I could speak thousands of Words on this important subject, hoping to instruct more understanding on This Gift of Divine Love that bears in It a strong understanding that as The Creator, I Will them to more indepthly sense within them they are never alone, and they have the privilege to represent not just their beliefs in The Divine, but their willingness to use, to practice and show to others the loyalty**

**they feel cannot be ignored because of the Greatness that The Father Wills them to feel and to become a part of, called 'Saints'. It is a Goal Greater than It is seen to be, but I promise you, It is a Goal drawing the Souls to The Creator for All Eternity."**

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**My Will and My Love that each human being is gifted with is a Treasure beyond what It is seen, known, or accepted to be. It is a Portion of Who I Am, What I Am. It is included in all I think, do, and say.**

**Every Soul that I allow to be Part of a human being, I do it because without a Soul, a human being would not be able, or adequate to return to Me.**

**Every human being is Important because of the responsibility it contains that I am Part of, that is Part of Who I Am, What I Am. It is My Gift of My Divine Love, that though impossible to see or be seen openly by it, It is always present, because It is My Gift, connecting What I Am, Who I Am, for the Goal to be reached that is inconceivable to understand while one is yet in the living state as a human being.**

**I have given to the world so much Information for a very, very long time, basically since the first creation of human life up to this time, and there will be more.**

**My Reason for this creation has a Purpose, and is instilled with many Gifts called ‘mentality’, also ‘right over wrong’ in thoughts, words, deeds, actions, participations. The list is endless.**

**I use *a small body, a small voice* for thousands to learn from All that I deliver to instruct others in the human state, so their Goal will be based on What I have provided them with because of That Portion within them, their Soul, I want returned to Me, and I want to be able to call It ‘My Saint’.**

**The Important Steps that I pass this *little one* through are All meant to instruct others to know many things that give them hope morally, mentally, physically, spiritually.**

**I want to speak more on this and I will, because there are millions of human beings who need to know that My Love, My Hope, and My Will must one day be seen as a Gift beyond what It was thought to be.**

**I could speak hours on end constantly. As I close My Words at this time, I assure you I have much more I want to speak about, because I love every Soul, and I love every human being. If I did not, I would not have given or instilled all the Gifts to be used for so many reasons, purposes, and goals.**

**As I close, I want you to know I appreciate the Words being taken into print for the benefit of Souls that without These Words, would never know how I feel about them.”**

MAY 2, 2005 AT 1:05 P.M.

## MANY SAINTS

**“There are Many of Us present because of the Importance of how this *little one* has been chosen to repeat so Many of Us when We deliver Words of Instruction, Words of Direction, and Words that will give to their way of life more understanding, and a higher scope of what life has to deliver monetarily, emotionally and Sacredly.**

**You live in a time that can be a time of Greatness, a time wherein so much wrong is conquered, right is elevated even higher than it is expected to be, but also, you have the chance to direct others in a moral, sensitive human way.**

**You live in a time that many times has been spoken out rather harshly because of what is allowed for individuals to practice. It is not just humanism. It is different, because it is against the purity of life and how it should be lived.**

**The world has been Blessed abundantly, and it is sad to see so many individuals ignoring this Fact,**

**this chance to absorb and to grow to a greater degree, not just socially, but spiritually, mentally, because the human mind has more facets to it than it is understood to be. The human mentality has ability to change important words, and yes, important issues that can change wrong into right, love in its proper way, manner, degree.**

**The list of Words is endless on what human lives can reach through the Words: a greater understanding, and a more privileged personal association with others like themselves. Gifts in this degree should be looked at for what They will give to the lives of those who practice Them, who share Them, because purity of the mind is a Blessing that radiates through not just wording, but actions, ideas, and yes, associations with other people.**

**Many of Us Here in the Heavens could speak hours just addressing one subject that would give more of the ability to understand Divine Will, Divine Plan, Divine Hope, Divine Tolerance, and Divine Love. So be it."**

MAY 4, 2005 AT 12:38 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**In My Divine Love for This Gift I have given through *one voice*, encouraging other voices to speak the Words, encouraging others who do not have the Words to learn more about What I am Capable of, Able to deliver Words, instructing thousands and thousands of human beings to more fully understand that I use human beings to speak My Words that give, and will give to others more about Who I Am, What I Am, and the Purpose for which human life was created, plus the Goals that human life is gifted with.**

**So much has been given, because there was no other way to do this, other than through My Personal Presentation of What I Willed others to learn about and to be able to follow because of the Soul that is a Portion of Who I Am, What I Am, that I want returned to Me at a time when the physical of an individual passes into another Realm of life, of living, of belonging.**

**I could speak hours on end about this Love I have for human life, because I created it for many Reasons, and I want All My Reasons to one day develop into a Greatness understandable, and of course, a way for the Souls to serve Me in the way They have been created to do.**

**Whenever I say, ‘I close My Words at this time,’ I want you to remember: I am never any distance from you; in fact, I am Part of you. I beseech you, remember this. My Love for this creation is Greater than It is seen to be, because within it, it has a Portion of Who I Am, What I Am, and it has a Goal that nothing else created has the privilege to receive.”**

MAY 4, 2005 AT 2:04 P.M.

**“Yes, We are present wherever this *little one* is seen and We are aware of it. We are assured by The Heavenly King that she will repeat Our Words to help others. This Blessing is beyond what It is understood to be. The Heavenly Father designed It this way, so It would attract attention for The Holy Trinity.**

**Children throughout the world learn so many things, and learn so much because they are exposed to different areas of life; some are good, some not as good as others, but it is important that the young be cared for, and in many ways given the time to speak so they can be corrected if it need be.**

**Children want to know so much. It is innate in them. They should not be denied the learning technique, because there are so many subjects that will give them strength when it is needed, hope when it helps them along the path of life, of living, and yes, speech, because in their ability to use**

**words that others will understand, it many times will give them the courage, the means, and the way to coordinate what is good for them, unless it is something not good for them. It is also capable of giving them aid.**

**Today as I speak, Many of Us want you to know that you have accepted a task greater than you understand it to be because, do not forget, each day in living the human way has responsibility, but it has a sharing factor that gives hope, understanding, and help when it is needed.**

**So much more is to be spoken on this subject, because in the human way so much can be accepted, but also conquered to give strength, hope, and a purpose beyond what anything else would be capable of doing.**

**I know My Words are different, but They are Words to hopefully be the Words that will help you one day be happy that you had the Words to use when They were needed in the human way.”**

**MAY 4, 2005 AT 2:36 P.M.**

**“All that is delivered, you must understand is not just a Gift of Divine Love, but It is to give you the ability and the way to protect your Soul from all that is impure, unjust, and has no part of The Heavenly Way.”**

MAY 5, 2005 AT 11:12 A.M.

## OUR HEAVENLY FATHER

**“The Gift of human living is far greater, more important than it is seen to be. Human life gives to those who live, the privilege to have within them an innate sensitivity that in being a human being, gives to them Something beyond what can be seen by the human eye, even by the sensitivity that is within them.**

**In My Creation of human life, I instilled in it many things: the senses, also the ability to accept what ordinarily would not even draw their attention. The senses of human life are many, because within them, by them, they are many times the means to live the human manner of life in a degree of more understanding the Importance of human life and the Reason for which it was created.**

**The human mentality is privileged with a degree of sensitivities, aiding this portion of life to be more knowledgeable, more realistic, and more understanding to human life, giving to the individual the innate logic**

**that there has to be a Divine Source in Existence, controlling, instilling, and sharing many things that would not be accidental for an individual to be able to perceive in a daily manner of living the human way.**

**Human life is a Blessing, but even more than this, it has a Purpose and a Goal. By being created a human being, gives access to the realization that there has to be a Soul.**

**The Soul, not seen by the human eye, but Its Presence is always present through the nature of human life, the knowledge of human life, the sensitivities in human life, and the logic that human life has a Purpose and a Goal for Some Portion of it that is to live on Forever.**

**I will close My Words at this time, but I assure you, I will return at the time I know is feasible for My Words to aid and to create in the human mentalities, the Importance of the Creation that has an Ultimate Goal.”**

MAY 5, 2005 AT 2:16 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**I speak today to thank those who are present with this *little one* that serves in so many ways.**

**The Father’s Love for human lives to be created, to be born a human being, has a method, a system, an order, but it must never be forgotten that human lives were created for several Purposes, not always understood in an open manner by other human beings.**

**Life was created to be the foundation for the Goal that was one day to be returned to from Where It came. The Goal is Far Greater than It is understood to be, and it is not until one is Blessed by It, with It, that It is understood to be.**

**So much is delivered, aiding human beings of all ages to recognize the Importance of being created, to be able to live as even The Son of The Creator once did. The Proof of this Gift has been put into script many times; but, This Time in the History of**

**human life, it was meant to give those who were yet to come, the Beauty of a Gift that was for the Salvation of human life, through the Soul.**

**So many may not understand the full meaning of What I have just spoken, but I want you to think about it, because there is a Goal for human life, and that is to return That Portion of it that is a Portion of The Creator. The Word for It is very beautiful and yet simple to remember, depicting It openly, calling It ‘a Soul’.**

**The Soul means so much. It is a Connecting Link. It is the Protection for the mentality and the body. The Soul, as a Portion of The Creator of All Things, instills into every human being created, a Gift of Divine Love.**

**As I close These Words at this time, I only close Them with My Love, because I am always available to hear what you have to say, and to help you when you ask for it any time, any day.”**

MAY 6, 2005 AT 1:00 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I hold *the little one* tightly. It is necessary because of the weight she bears for the progress to be accomplished according to My Will, My Desire, My Purpose.**

**All Things that pass through her are aimed to be Points that give strength to what They will achieve, due to the fact that in My Design, My Purpose, and My Will to perpetuate, plus instill into the mentalities that will be active regarding and for the purpose of logic in concept, and in agreement with the loyalty and the Goal that so much will be beneficial for, at a given time.**

**I use *a small body*, but one dedicated to My Will. When there is question regarding Its purpose, it sometimes causes a delay for It to be accomplished. This delay could be liable to the Souls involved, for which this additional manner was prescribed.**

**I have chosen *one* who I knew would understand My Purpose, that I Willed certain facets and subject matters for the future to be able to be upheld in what the purpose for It was designed. Though I have chosen *one* who others may not see as I see her to be, I assure you, she is well-trained by Me, and officially aggressive, beneficial, and *the right one* for the Project, or Idea, to result in What I Willed It, for It to be.**

**I close now, but I am always available, because what is suggested, or requested to be accomplished, has a purpose, and most likely a goal to some way affect the Souls of human beings, not always explicitly addressed, but logically spoken in a confirmation of choice at its best.**

**I will speak more on My Will for this to be accomplished. My Words today are meant to awaken this manner, or matter, or condition, to be able to achieve what it was designed to do for the good of many things; also, the benefit of what it was originally thought about, leading to the degree of accomplishment.”**

**MAY 7, 2005 AT 9:55 A.M.**

## **OUR HEAVENLY FATHER**

**“I come on this day to refresh your mentality and your love for Me.**

**It is important that This Gift of My Divine Love in which I speak so many things, is to aid, to instill, and to comfort human beings of all ages to more indepthly understand, and to believe that I am always present to them through That Portion of Me, of What I Am. It is called ‘the Soul’.**

**Many children are not being instructed on what a Wealth of My Love is within them. In My Creation of human life, I instilled so many things: one thing to give strength to another, and then to give strength to something else, and then to give strength to another portion of human life.**

**When I am aware of someone talking to Me through a prayer, I know it immediately. No prayer is not heard, or not given help the way I know it should be best for the individual, or circumstance I see.**

**I have given This Gift of so many of My Words, wanting Them to reach beyond where this *little one* is. That is why I have requested Them to be put into print for others to read, and to examine their conscience, their manner of living, and also how they feel about Me.**

**I could speak hours on end, but I smile at this Statement because in doing this, I might keep you from spreading the Words the way I requested you to remember for Me.”**

**MAY 7, 2005 AT 3:14 P.M.**

**OUR HEAVENLY FATHER  
SEVERAL SAINTS**

**“I am your Heavenly Father. There are Several present with Me for What I Will to be spoken in defense of, in protection of, and also necessary for clarity regarding This Gift of My Divine Love that appears so natural to some human beings, but It is Greater than this. It is a Gift of My Divine Love, and the Love of The Holy Trinity.**

**When the world was Blessed a long time ago by many who walked the earth and eventually were pronounced to be ‘Saints’, the work they were scheduled to do was not easy for them, because in a Blessing of This Divine Will, there is always much resistance to It, or diabolical excuse regarding It.**

**So Many of Us speak spontaneously in an informal way, but Our Words are important, because the Words define what a subject matter means.**

**When it is delivered by those who bear jealousy, resistance, and human hate, based on the enemy’s not wanting**

The Divine to show through individuals who walk the human role, hours could be spent on the explanation of a Gift of This Divine Love. It is sad that all who hear It or read the Words, do not understand the privilege of It.

We hold this *little one* tightly because of What We have to deliver through her, or choose to deliver through her is a Burden beyond what it is seen to be, because it sets her apart from those who walk in the world, feeling their superiority.

Thousands of Words could be delivered spontaneously, and with much more anger than is ever shown, but through this *little one*, it is important that the dignity, sensitivity, and obviously love for The Divine softens What could be spoken, because of the wrong that so many are practicing against what she has been chosen to Profess, to Deliver, and to Assign.

We could speak hours and never stop, but her small body would collapse from not just the weight of Our Presence, but from the Words that hurt her to have to repeat What is said.

**A Gift of This Divine Nature and Blessing, allowing so much to be openly spoken, openly delivered, to awaken the minds of millions of human beings to what a privilege it is to be born a human being; but never forget, there are enemies that are not seen, but they use each other in profanity, causing a distraction to where she is; also, they do not want Souls to return to from Where They came. They want Them to arrive in Hell, or other places where there is only ugliness and wrong acceptances, based on immorality, jealousy, and an open, direct hate, constantly struggling to destroy The Divine. It could never be, but what is sad is all that is ugly is tried to interfere, allowing so many human beings to ignore what it is, and accept what it is in their manner of thinking, or of sharing what they know would be dangerous to the Souls that become victims of them.**

**There are Several of Us present, and We are about ready to close the Message We just released, because it is time for It to be read by others, hoping that they will be helped by the Truth, and not by the ugliness of the devil.”**

MAY 8, 2005 AT 12:07 P.M. (MOTHER'S DAY)

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**So many things are of the greatest importance that We allow, or encourage this *little one* to do, to participate in, or to arrange, to organize.**

**So little attention is paid in This Gift, because it is difficult for many to believe, or want to believe, that I would choose *one* such as they for so many important Words.**

***The little one* has been a long time accepting and delivering what could possibly be of great importance if It could be seen for the value It is, or why they would even hear such Words.**

**I will close because of the time and the day it is, but there is more on this subject I will address at another time, but before I close, I must say, ‘All that has been and is being delivered is to awaken the mentalities of how close I am to them.’”**

**MAY 9, 2005 AT 11:59 A.M.**

**OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**I speak My Words that I desire you to understand and follow because of the Closeness I am to you and all of mankind.**

**As I have delivered so much, so many times, it is obviously My Love for you; else, why would I take this time to encourage you, to give you the strength, the hope, in encouraging you to more fully understand that as you were created as a human being, I took Part in this, but My Reasonability for it was to one day share Who I Am, and What I am able to give you when the human way no longer exists for you, and the time has come for your Soul to be the remaining Portion of all you practiced in the human way.**

**I give These Words with Love for you, to alert you, to remind you, to encourage you, and to share with you My Love for you in a manner and way difficult for some to understand or believe, but nonetheless, in This Communication I am also letting you**

**fully understand that your existence has a Goal in My Divine Plan.”**

MAY 9, 2005 AT 12:43 P.M.

**SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena.**

**The List gathered with Me here today is endless in number and Love for The Holy Trinity, but I must add also, Love for This Gift that They are able to use as a correspondence, aiding human beings of all ages to think of perhaps a different manner of importance to what they are reading, or what they hear about from others who have read important issues on important means, plus The Divine Will that oftentimes inserts Words, Ideas, Conditions, Situations, and Personal Ideas on what would make What We speak and put into writing, more advantageous to those who are the recipients of It.**

**We have All come to a crossroads in This Gift of Divine Love. The crossroads are important, because they are designed to attract individuals of all backgrounds, all interests, and all different abilities, to aid them into being more able to discern the meaning, plus the advantage of a Blessing of**

**This Degree, to be able to put into script Words not thought about in a natural form, but through the script, easily enlighten the mentalities to more indepthly understand there is so much more than just the daily life of living a human being.**

**There are responsibilities, and they are openly given the ability to not just accept, but to indepthly feel the responsibility, plus the capability to practice more indepthly, what would be not just socially greater, but through the learning state of closeness to The Divine, would give to the mentality and the Souls, a deeper sense of worth regarding The Father's Love in how He designed so much, plus giving to mankind the abilities to put a greater degree of understanding in how they decide it would be more feasible action toward What He has already selected for them to read regarding what has occurred, and what is so close to Divine Will in every thought, word, deed, action in What they heard, What they read, and What they realized was a Gift Greater than any other time in the History of human life, to be able to be seen from a Divine Point of View, aiding the Souls in many ways, and more fully understanding that to reach**

**the Heavenly Heights is a Gift of using What they have learned.**

**I could speak hours on this subject. The Father's Love for human life is above and beyond what any human mentality can perceive It to be. That is why This Gift has been given, to give that strength on morality, on justice, and on Divine Love that the Souls will benefit so much from.**

**The Souls are grateful for This Gift. It gives Them hope, but even more than that, it gives Them a closer, fuller, more thankful degree of The One They learn It from, within."**

MAY 10, 2005 AT 11:59 A.M.

## OUR HEAVENLY FATHER

**“We hold *the little one* tightly because of the importance of What We Will her to speak for others to understand more indepthly what a privilege it is to be a human being.**

**The world has been Blessed abundantly, and I am sorry to say, too little is being delivered for others to see, for others to learn about, and for others to more fully understand that I am present at all times, every moment of the day, awaiting the words to come My Way, sharing with Me even emotions or fears or lack of understanding, because by them speaking it, I am assured I am hearing them correctly, and I am aware of their presence being in an unhappy state.**

**I hear millions of words every moment of every day. This is how I am able to judge things that occur so that it will not be harmful in an ugly way.**

**The body is spent, but her love for Who I Am is always available for Me, but I will add one thing: My Love for all who walk with her and even**

**those she does not see, are given a Blessing of My Divine Charity.**

**I will close My Words at this time, but as I do, I assure you I am always present through That Portion of you that is a Portion of What I Am, your Soul.**

**Please, remember What I have spoken. It makes Us One at all times. You are never at any moment of the day without Me.”**

MAY 10, 2005 AT 1:00 P.M.

## MANY SAINTS

**“There are Many of Us present every day, because the privilege to be able to speak is important for the good of human beings of all ages, degrees of understanding and backgrounds, that in many ways stabilize how an individual accepts and uses What they hear, What they read.**

**If you were to take a poll within the next three hours and you were to ask questions regarding how an individual uses prayer, how an individual lives every day, how an individual earns money, how an individual takes the time to associate, accommodate, advocate everyone they meet, giving part of how they feel, asserting their opinion on what they feel is real, versus what is difficult for them to handle mentally, emotionally, psychologically, physically, even monetarily.**

**Now, let us stand above the whole world and be able to watch individuals live in the form they live, the circumstances they live under,**

and also, all the different people that they associate with mentally, morally, psychologically, also spiritually, to the depth in which the individual would have to not just give an opinion, but a sound reasonable description of their way of dealing with, or practicing, or participating in, where spirituality was the main core of all things.

There is much more I want to speak on, to ask questions about, but I will close this at this time, hopefully going to be able to hear what you have to say regarding these subjects, because I promise you, so much wrong is occurring throughout the world. It is not a tree causing the wrong, it is not the dirt causing it, it is not the sky or the stars or the moon or the sun; it is just human individuals using all their emotions, their sensitivities, their senses, their standards, based on what they feel are necessary for them.

I have never spoken to you like this before, and I assure you I could speak hours with you on these subjects, but I will appreciate your responses on just the few I have requested to be noted at this time, but with All that has been spoken, I want you, each one

**present, and everyone throughout the world.**

**Your birth as a human being is a Gift of Divine Love beyond anything ever created throughout the world.”**

MAY 11, 2005 AT 12:35 P.M.

MANY SAINTS

**“There are Many of Us present. We All smile at this *little one* who listens for Us continuously.**

**The world has been Blessed abundantly, and These Words have been spoken at another time, but They are not always understood in Their full dimension, because those hearing It are oftentimes bound mentally to remember only one incident that could be possibly the one thought about.**

**Today, Many of Us gather to help you more fully understand that to be created a human being is more than just a Plan. In the Design of what would be right, best, and more acceptable in what it was concerned about to be, human life has been a wonderful Gift to those chosen to walk the path. So many areas within it address hope, interest, challenge, and much to be able to think about regarding Who would be The Designer of so much, The Planner, and The One Who would give the privilege of human**

beings to one day become 'a Saint in Heaven'.

Some who read These Words are what is called 'old timers' in thinking about the Importance of human life. Throughout the world today, there are many just learning about the privilege of what human life is gifted with, the Goal designed for it, and The Divine Love that controls all things.

Granted, for some it is difficult to just imagine how things were put together, causing all things to have purpose, reasonability, closeness, and yes, a means to one day return to The Creator and be 'a Saint'.

So Many of Us Here in the Heavens try very hard to encourage individuals of all ages to understand that there is a Goal Greater than they can design, Greater than they can fathom for a Future, and that is to return to The Creator and be 'a Saint'.

There are Thousands and Thousands of Saints in the Heavens Who do not bear the Beauty of Their Name being announced, but They are aware of all the good that surrounds so many human beings, that They, too, oftentimes ask The Creator if They can

**help in some way to give strength or more endurance to what an individual must face.**

**To be a human being is much more than it is seen to be, thought to be, known to be. A human being is a Gift of Divine Love, wherein it carries so much of Divine Interest in its abilities, in its knowledge, in the manner in which it lives every day the human way.**

**Needless to say, All of Us Here in the Heavens could speak hours and hours on this subject, but thus far What is spoken because of Our Love for human beings to more fully understand there is a Goal for the Soul that you carry every moment since your conception as a human being. The Soul is a Portion of The Creator. What more can you ask?"**

MAY 11, 2005 AT 2:00 P.M.

## OUR HEAVENLY FATHER

**“Blessings come in many ways. I know this because I created Them to be My Personal Communication with human beings.**

**I love My Creation, because in so many ways it has brought Me happiness to be able to share What I Am, Who I Am, and all the things to give life hope, strength, and a deep knowledge that there is a Creator beyond what any one human could perceive in the full manner It serves The Holy Trinity and those created the human way, aiding them to become ‘Saints’, to one day return to Me with no time limit on it, only using the time for their Souls, that the Souls were designed for.**

**I could speak hours on each subject. I will at another time.**

**I love those who address Me with their love. It gives Me a happiness inconceivable to the human mentality.**

**Human life was designed for a Purpose, a Goal; also, within each**

**human life there is a Portion of Who I Am, What I Am. It is called ‘a Soul’.”**

MAY 12, 2005 AT 11:55 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**My Name is known throughout the world. I insisted this to be for all of human beings to understand I am everywhere at all times. I am available to everything you think, say and do. Remember this.**

**So many children are not being instructed regarding My Presence, My Love for them. It is a sadness to Me, because I created them so that one day their Soul that they lived with in the human way would be returned to Me after serving Me in a human way, a human being. The Soul I would accept because of My Love for the service the Soul will have experienced, could have practiced, and would have adjusted to, helping someone know right from wrong, good from evil, purity from impurity, justice from injustice.**

**Though My Words you have heard many times, I repeat Them to remind all of mankind I am always where you are, because in this creation of human life, a Gift of Divine Love greater than**

**it is seen to be, is to one day return to Me a Portion of it, the Soul that you walked with daily.**

**I could speak hours on end, because there is so much for Me to discuss, to instruct how much I care about human beings created with the abilities, the talents, the understanding, and the Goal that they have.**

**As I close I say: ‘Do not forget your prayers. I wait for them every day.’”**

MAY 13, 2005 AT 11:37 A.M.

**OUR HEAVENLY FATHER  
MANY SAINTS**

**“I am your Heavenly Father.**

**There are Many with Me on this day Who at one time walked the Path similar to this *little one's* way, or requested, I should say, to walk in support and obedience, using all that she is requested to use, to in some ways awaken the mentalities of many individuals who find it not necessary to pray.**

**Through This Gift I have given, and I have requested so much to be written, is a Gift based on Divine Love for the Souls of millions of human beings. Though the Revelations are not lengthy in the degree They could be, They have been put into script in a manner that is easy for others to understand, and to mentally and physically be alerted that They are always in their presence, bearing the responsibilities of human life by The Creator of All Things.**

**We deliver so many things, concerned about how easy it is to obey**

what basically is in favor of giving to daily living a sound, valuable manner of doing things that are basically natural to the human state in living each day. So much has been delivered verbally, and in the manner of putting It into a script, so It could not be cast aside by a thought, a word or a deed.

There are Thousands and Thousands of Souls Here in the Heavens Who consistently plead for help to be given to those yet in the living state, so they will be sure when the time comes for them to leave the earth, they will have the privilege, the honor, the dignity and the Planned Goal for their Soul that was designed a long time ago, to return to The Creator and have the privilege to be called 'a Saint'.

Needless to say, endless hours could be used every day on encouraging human beings of all ages to realize that living the human life is the stepping stone for the Soul to return to The Creator and be 'a Saint', named by the one in whom It was placed at a given time, at a given way. What Greater Gift for a human being to look forward to, than a Gift of Divine Love to return to The Creator as He Willed it to be,

through His Creation of human life that had a Purpose and a Goal, and then the time that would come and the Goal would be to be with Him Forever and ever and ever.

**As human beings in the living state want success, they work for it and they use many things that they are capable of, to be successful for their own personal gain. Even those who do not show this openly, it is innately a Gift of Divine Love. Does not then this say, the Goal designed for a given time that all logic points to, It too began as a Gift to be looked forward to, for the Soul that would one day be with The Creator Forever and ever and ever? What more could a human being strive to reach, yearn to reach, or use the effort in all that is possible in the human way, to one day reach the Goal that The Creator of All Things openly allowed to be known in a beautiful way?"**

## OUR HEAVENLY FATHER

**“Since the beginning of My Creation of human life, I based all things on what I knew would be Just, and would give to human life the foundation for living in a way and manner, a degree that was not conceivable at that time; each step in the advancement for human life to be extraordinary, exceptional, meaningful, and not just portraying, but living through the Gifts instilled into the Design of human life: the sight, the ability to use the senses for productivity to flourish physically, mentally, scientifically, and spiritually above all things.**

**I do not speak like this often, but I do to give strength for those who walk the human way. It also instills in the mentalities the various Gifts that are available, extend, expand, and to accommodate the senses in the human body; but also, the understanding that human life was created with a Portion of Who I Am, What I Am. That is why so many abilities were necessary to allow human life what would give to it**

**strength, reasonability, purpose, that one day they would be accountable for the Gift of Sainthood by using the benefits and the Divine Love that strengthens the Purpose for living the human way.**

**So many Gifts are rarely thought about. One of the main ones is My allowing human life to create more and more and more of it, and with each birth, I have the privilege to place within it a Portion of Myself, called 'the Soul'.**

**I could speak endlessly on this subject that is so important to Me. My Love for it is inconceivable to any mentality.**

**I close These Words at this time, but I have more to deliver when I know it is the proper time. I love this Creation of Mine, and every moment of every day I am aware of every thing, every one. My Divine Love helps Me."**

MAY 15, 2005 AT 10:45 A.M.

## OUR HEAVENLY FATHER

**“Human beings would not understand how sometimes I openly express My Divine Love for them in many ways. It is to ensure them of a Presence they cannot see.**

**My Love for this Creation of Mine is above and beyond what the human mentality would declare It to be. My Love for human life is different than the human lives have for each other, for Mine is to instill into the mentality more understanding that when I act, it is to show My Presence to them.**

**This *little one* I use so much, is in many ways what I use, because others with her, see her, accept in a deeper way, that I love My Gift of human life more than words can say.**

**Human beings of all ages try to dismiss how I would treat human lives, but I do it My Way because it is based on Divine Love, not human experience.**

**I could speak hours of My Love for this Creation of Mine, and in some**

ways I do; of course, in being Part of their living structure of life, also What I have instilled.

I smile as this *little one* says to Me, ‘It is different, my Lord, than what I expect it to be when You do things to me, with me, for others to see.’

In My Creation of human life, human beings, it was based on My Divine Love, because of the Future of the Souls that would return to Me, physically representing who They are, that They fulfill the living direction I Declare to be.

As I close My Words at this time, I want all human beings to know they are never without My Presence, because I am ever protective for their Souls.”

MAY 16, 2005 AT 11:33 A.M.

## OUR HEAVENLY FATHER

**“My Words through this *little one* are always of Great Importance, because it is the time I use to instill in her the positiveness how close I am to her, in her, for millions of human beings to learn What I Will them to know when I speak What I want them to understand and to follow.**

*The little one* feels sorry for everyone. I smile at My next Words. Even I she feels sorry for, even Me she feels sorry for, because We have to say so many things.

This Gift that has been for such a long time, was given to instill into human beings a closeness they are to The Divine. For some, it is and was difficult to perceive such a dramatic Statement.

The world has been Blessed in so many ways, so many times, because the world is where human beings are created, and they live on this world using all their senses, their abilities, their talents, their Gifts, giving them the ability to use their minds, their

eyes, their throats, their voice, and the ability to walk, and to use hands for many things. The list is endless regarding what a human being is a recipient of.

I could speak hours on this subject, and put many Words on every portion of human life: why it was put this way, why it was given this way, why it has an importance that an individual lives this way, but never forget, so is My Love for this Creation of Mine.”

MAY 16, 2005 AT 1:53 P.M.

**SAINT AGNES**

**“I am Saint Agnes. The Father requested I speak because of My background, since evidently He heard you speaking of certain important factors in human life, in human living, in human manners, in human desires.**

**In the Creation of human life, there were many things instilled to give to human life, human living, many advantages, many different paths to more fully, indepthly understand the advantages that were created, giving to human lives variations of how to live their life morally, mentally, psychologically, spiritually, but also academically and socially. The list is endless.**

**I have come to speak on this day, because there are so many things that should be thought about, considered, based on the Importance of being a human being and the Goal that your Soul wants to one day be considered for, this Gift of Divine Love, ‘to be a Saint’.**

**So much misinterpretation causes decisions that appear acceptable, but they are not all morally acceptable. Remember this.**

**Children should be instructed more indepthly on what is pleasing to God, for He created that child; also, so much subject matter is available that is not always beneficial to the morality in a human being, or to them psychologically or physically.**

**Some individuals feel that to learn about life in the human way, they should be involved in or associated with what is popular at that time, what sounds more feasible because others are active in it; thus, not looking at the whole picture, but looking at what the enemy would try to interest them in: impure thoughts, words, actions, associations, communications, and living factors.**

**I could speak hours on this, but I must add to it: Think before you act, and always remember, you are accountable to your Soul because your Soul is a Portion of the Most Important Gift of Divine Love in the whole world. You know Who It Is. Remember this.”**

MAY 18, 2005 AT 8:36 A.M.

## OUR HEAVENLY FATHER

**“Those who follow Me, but who also believe in Who I Am, What I Am, are very important to Me.**

**In so many places throughout the universe there are thousands of human beings who need to more fully understand that as I Am The Creator of All Things that can be considered special, exceptional, unusual, important, and should be seen for their worth, not just of the human side of living, but to That Entity of My Divine Love.**

**My Love is Deeper than It is seen to be, also Greater than It is understood to be.**

**I hold *the little one* tightly. She stares at where she feels I am present. I smile at this, because as I use her for many things, her immediate acceptance is one alone, and she really never questions Me.**

**Throughout the world there are so many human beings who use their daily manner of living on what they assume is all there is to live for and**

**with. Their Faith in Me, in Who I Am, does not enter what man calls 'the picture of truth'.**

**I have come on this day for an important reason, and that is for more Direction to be given openly regarding Who I Am, What I Am, and that as The Creator of All Things, there is more respect, more understanding of the Values human life is the recipient of, and the Goal that awaits each Soul that is a Portion of Who I Am, that I have placed in each human being to help them, to aid them to more fully understand that human life has a Goal for a Portion of it they cannot see, but they innately sense It is present every moment of every day, because It registers into their mentality what is right, what is wrong, what is truth, what is untruth, what is pure over what is impure, what is just over what is unjust, what is vile and contemptible to be any part of because it is based on the enemy, and that the Soul needs to respond only to Who I Am, What I Am. Remember this.**

**As I speak These Words, the Power I have used is beyond what the human body can hold up under, but I am holding her tightly, because her**

**love for Me shines above what others see.”**

MAY 19, 2005 AT 11:53 A.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**There is so much Happiness in the Heavens when We see how you work to use Our Words, and hopefully increase in others who read Them, the Deep Divine Love that We have for them.**

**There are millions of human beings who never hear These Words, even when Those of Us Here in the Heavens try to encourage them to think differently than they are thinking, to act more dignified when they are present, thus giving to others their manner of doing things.**

**Everyone Here in the Heavens sees all that goes on through the human facets, means, conditions, situations of those yet in the living state, in what example they are to those who see them, some who know them. Remember one thing: When you stand in front of another human being, you are seen in many ways according to the individual's understanding or ability to see within you**

**dignity, respect, and abilities that you automatically show them.**

**Many people of all ages will read These Words, but These Words are to help others understand, when you are created a human being you are not alone, because you are always the example that many others depend upon, or look for, or request Us to have you respond to Our Manner of doing things, whether it be conversation, or just appearance.**

**Messages such as These, This is, is unusual, but I promise you, in many ways It is to alert you to how important your presence is, in the human way.”**

MAY 19, 2005 AT 1:54 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**We All smile when this *little one* wants to be sure of Our Presence. Yes, I am present; I have been for some time.**

**You live in the world. You are part of the world. Remember this, because the world was created by The Divine. There was purpose for the world. The purpose was for human beings to have a place to live, to locate, so they could learn more than they would have been able to, had they just lived on water all the time. Water has its place, its reasonability, but the earth has its connection in many ways, to The Divine.**

**You live at a time when there are so many differences in how human beings refer to what a human life should be like, and what a human life is permitted to do morally, mentally, socially. It is a privilege to be a human being, and it is a God-given Gift of Divine Love that gives to human beings the privilege to choose in their**

actions, their thoughts, their words, what is correct morally in how they act, how they speak, and how they will others to remember them by.

**I know My Words are different, but it is a time for communication between Us, because when you speak to Me, I hear what you have to say, and when I speak to you, I very often put My Words in print so you will be able to remember Them.**

**There is so much to the privilege of human life. It is rarely spoken about, but never forget, you are the custodian of a Portion of The Creator of All Things. You have the responsibility to protect what you know That Portion of Who He Is, is all about. Without responsibility, living life daily would have no interest in it, for the Goal to one day become 'a Saint'. Remember this.**

**There is so much to be spoken, so much to be learned on what a Gift of Divine Love human life is. It has a beginning, but it has no end, because the Soul will remain Forever and ever and ever, and be returned to The Creator from Where It came, remember this; of course, in a manner and a**

**way not familiar to you, but I assure you, every moment of every day, every ability you possess has a reason and a purpose, giving you the strength to not forget, because the Gift of human life has a Goal Greater than what the human mentality knows.”**

MAY 20, 2005 AT 11:17 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I have given to the world, the whole world, My Love for human life. All the Words I speak are to enlighten the mentalities of all degrees of intellect, how close they are to Me.**

**My Love for human life of all ages is because they are a Portion of Who I Am, What I Am; My Purpose for instilling into human life sensitivities to be able to see with, speak with, hear with, also to be able to understand the meaning of human life, having a close Association of Who I Am, What I Am; also, the ability to communicate with others like themselves, thus helping them to understand what a Magnificent Gift they are the custodians of, in My Divine Plan.**

**I speak through *one small voice*, but I also instruct through this Word, the necessity to understand that This Gift of Divine Plan must be seen and practiced, and be used to accommodate all of the reasonabilities I Willed it to have.**

**A piece of paper is a piece of paper, used for different purposes, but the paper has no power within it to express My Will, My Intentions, My Purposes, My Love.**

**So much could be spoken, but the very essence of human living bespeaks what it was created for, by Me, thus allowing it to follow what I Will it to reach for That Portion within it, for That within it, called ‘the Soul’.**

**Needless to say, I love the Souls because within Them They are a Portion of What I Am, Who I Am, and I have instilled only My Divine Love in Them, for Them, to return to Me in a given time, happy to be reunited with Me Forever, Forever and Forever.”**

MAY 20, 2005 AT 12:32 P.M.

## MANY SAINTS

**“Many of Us are always present where this *little one* is, because in her training to listen, she is ever ready to write What We say, even when it is not requested to be done that way. When We say, ‘Not to be put in script this time,’ she immediately closes everything down.**

**I speak These Words just to allow those close to her to know: This Gift of Divine Love is more than It is seen to be, and Very Deep in Divine Love by The Holy Trinity.**

**Throughout the world at this moment, there are thousands, even millions of men, women and children wanting to be understood on how they think and how they will things to be. Many do not say a prayer along with this innate sensitivity they bear, but they are many times gifted with what is needed for them, by them.**

**Some will wonder why I speak this way. It is to help you more deeply understand We are never a distance away. By distance, We mean unable to**

hear you, unable to see you, unable to care for you, unable to love you.

**To be created a human being is a Gift far greater than it is seen to be. So much is taken for granted and so much indifference to the Importance of it when it appears as responsibility.**

**The world has been Blessed, and the Gift of human life is always Blessed. Much depends upon the individual, how she or he responds to the fact of life regarding the responsibilities, and of course, how their background would suffice.**

**It is true, men have different opinions, but there is always an instillment of logic in the mentality. This logic is dealt with as time goes on. Sometimes it is not always followed discreetly, but the same goes with the female line.**

**The Greatest Gift of Divine Love is to be created a human being, because it has a Goal for a Portion of it that The Creator wants returned to Him for all time.**

**I could speak endlessly on the privilege of being a human being. There are so many things that are**

**overlooked by the human mind. That is one of the reasons This Gift has been given to the world: to awaken, to instill, to instruct and to teach where it is needed, that a human body has a Portion within it unseen, but It is a Portion of The Creator of All Things.**

**Remember this, because you were created with Divine Love. That is why a child is instilled into this Gift of birth, to one day live with The Creator of All Things in a Permanent Way.”**

MAY 23, 2005 AT 12:47 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father. I am always present. It is important for you to understand this, because in My Creation of human life, it was accomplished through a Design of Divine Love.**

**Many individuals never think of offering a prayer to The Divine Entities of life. So much is not understood in the Relationship of The Divine with human life. It is important that each day, when you awaken to face the day, share it with Those of Us Who care and Who desire to give you the strength necessary to apply to your manner of living, so that each time you must face a new day, when it is fully possible to help you, We do.**

**When I say, ‘fully possible’, much is considered on your physical strength or your conditions that may need more rest or some help, but Our Presence you are never without, because to be created as a human being, you are created for many things; plus, the Goal to one day have the privilege to**

**be named ‘a Saint’, or if not openly named, Spiritually named as ‘a Saint’.**

**Today is a new day in some ways. The clock that you use to see time on, is a manner of showing you that time is evident and you have the privilege to use it as it is best to be used. Remember this.**

**So many things created have an important attachment to the human manner of living, the human way of understanding, and the human ability to accept rationally.**

**I know I speak differently, but I sincerely want those who read My Words to understand that as you live each moment of every day, you have a Portion within you that is a Part or a Portion of Who I Am. When you speak to Me, I hear the words or they are passed on to Me in a manner and way not understandable by you, but I assure you, Our Association has a continuity to it, not always understood because of Its different manner of Closeness We have.**

**As I close These Words I say, ‘Each moment of every day is to give you the opportunity to remember there is a Goal to human living, and there is a**

**Divine Love that created you, so with this in mind, it should help you walk each moment of every day, assured that you are with The Divine.’”**

**MAY 23, 2005 AT 1:27 P.M.**

**MANY SAINTS**

**“There are Many of Us present, All desiring to speak on some important issues that need some attention.**

**So many men, women and children find it easy to ignore that they have the privilege to say a prayer anytime during a day and it will be heard. I do not say, ‘Pray constantly,’ but I do desire you to understand that your association with The Divine is not just before you go to rest at night; your communication is whenever you choose it to be, because there are Many Here in the Heavens that await for you to speak.**

**This may sound to many who read the Words, not natural, not the way they know it to be, but I assure you there is no time in your day or night that there is not Someone to hear what you have to say and Who will, in every way possible, try to give you what is necessary for a need that you request, but sometimes the need is not what The Father knows you need,**

**so you receive something else. You can be assured of that.**

**Help comes in many ways, sometimes in a totally different degree or manner than you would suspect it to be, but I am here to say a very important Statement: No prayer is ever not heard, but remember, you are always aided, maybe not in how you request, but in a manner and way more helpful on an issue, a situation or a condition that perhaps you do not consider it at that time.**

**There are so many ways to request help, and you can be assured you are always heard. Never say, 'I did not get what I wanted,' because maybe it was not The Father's Will, due to the fact that it would not have sufficed for what was really needed by you."**

MAY 23, 2005 AT 2:03 P.M.

**“There are Three of Us where this *little one* is present.**

**Every human being possesses a Guardian Angel, but many do not take this as a Statement of Truth, only what they call ‘fiction’ or what History mentioned a long time ago.**

**To be created a human being is a Gift of Divine Love, thus giving to it many abilities that other things created do not have. First of all, the human mentality gives strength in many ways. It is in many ways a treasure to be able to have the Gift of memory, the Gift of speaking words that others do not know, other things cannot imitate. When I said ‘others do not know’, I meant those who do not have the mental capacity, due to some illness that they are the victims of, or living situations that robbed from them, learning.**

**We are showing this *little one* a corner on a street. There is no one there. She said, ‘Why do You have me looking?’ We smile at this, because**

she is always aware of something that should be different than it is shown to her when Our Words are spoken through her.

Suddenly, she is aware of many children running, jumping, and having what is called 'human fun'. This pleases her, because of her sensitivities in so many areas of life as a human being. We are showing her some men walking up to where the children are. She innately is concerned. This is her natural instincts. The men are going by. She is relieved.

The reason I have spoken thusly, is to bring to your minds, to alert you to be aware of more than you feel necessary. I do not say 'critical', just aware. You live in a time like many other times. More caution has to be followed morally, psychologically, physically. Morality is a word. It has a meaning, but it does not always have an open reminder to many individuals regarding its characteristics, or what it draws attention for, to and how.

There are Many of Us present, because to be created a human being is the Greatest Gift in the human way that can be received. Human

**mentality is essential. Human abilities are beneficial in many ways. Human endurance has within it a better source of timing in what and how to do specific things.**

**I know that I have never spoken like this before, but I assure you it is to guide those who read the Words because of so much that occurs that is not always obvious as wrong, just acceptable, but it is important that more logic should be used on what an individual chooses to be a part of, or to practice mentally, morally, psychologically, physically.**

**The Creation of human life was a Gift far greater than it is seen to be. It is taken for granted in so many ways, but it should be looked at with a deeper understanding of its Purpose and the privileges it gives to human life, human living, human ideas, human practices, human goals.**

**Needless to say, hours could be spent on this subject, because human life has so many privileges and so many talents, strengths, to be able to partake in so many things, giving to human life a deeper understanding and a more practical view of the Importance of**

**human life. It was created for many reasons. One main reason was to share with The Creator of All Things, the Gifts of sight, of speech, of learning, the Gift of breathing; the list is endless.**

**You have never heard Me talk like this before, but I assure you, it is to give you a fuller understanding of the Importance of being born a human being, and to remember that you have the privilege to accomplish many things that are unlike what you saw them as before. I could name them, but as each human being has differences in thinking, in sharing and in points of view, just remember: You were created a human being, and The Creator shares with you His Divine Existence in everything you think, say and do.”**

MAY 23, 2005 AT 3:33 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I smile as this *little one* describes My Actions. It is not really My Actions she sees, but Others Who surround Me that are speaking to Me.**

**Living the human way of life is a Gift far beyond what it is seen to be. It is basically a step to the Beauty and Wonders to one day be a Part of Where the Soul is requested to be. There are so many Words that could be delivered describing so much Beauty, so much Divine Love, and so much Productivity.**

**To be created a human being is a Gift greater than it is seen to be, because it is the main conception for the Gift of Divine Love to be returned to The Creator Forever and ever and ever. This, to so many, is difficult to comprehend or to understand, because the human mentality cannot perceive what their Soul is like in Its state of living. The Soul, as a Portion of The Creator, is gifted beyond what It is known to be.**

**Today as I speak and Others Here with Me, it is time that more is spoken on the Importance of the Gift of life.**

**In the creation of a child, a baby, the first sign that brings happiness is the breath that is heard the little one take. The beat of the heart says there is a living life inside this body, which immediately announces the life to live on and on, growing step by step to adulthood and all the other things that the aging of human life receives. The Blessing within the birth of a child is far greater than it is seen to be, because it is created for all the Gifts available for That Portion within it, the Soul, to return to The Creator as 'a Saint'.**

**So many things are not really thought about regarding the Importance of a birth of a human being, and even when time rolls on and the child grows in size and mentality, the real adventure of creating that child is oftentimes dismissed, thus ignoring the reasonability for the birth and the Soul of The Creator that is within it.**

**Hours could be spoken, millions of Words could be put into script, but the main understanding of what a**

**child is, occurs when It is created and It grows as the child grows, because the child has a Purpose for why it lives.**

**So many human beings try to ignore sharing the Gift of Life through a child born to them, to one day it becoming ‘a Saint’.**

**I could speak hours on this beautiful subject, this Beautiful Gift of Divine Love, but as you read the Words, I beseech you to remember: The Gift of human life is greater than it is seen or known to be, because it bears within it a Soul, That Portion of The Creator of All Living Matter and Things, in the human state of being born a human being.”**

MAY 24, 2005 AT 11:45 A.M.

## OUR HEAVENLY FATHER

**“Even though it is difficult for many so-called ‘Christians’ to believe in My Love for them and others like them, it is a sadness, because All that I have delivered for the purpose of the Souls that are never seen, rarely thought about, They are always present due to the fact, the Direction that was given a very long time ago.**

**In many ways the Soul was meant to be a Companion, because of the mentality that human beings were Blessed with: the importance of purity over impurity, justice over injustice, hope over despair. The list goes on and on. I have only used Words that would help certain ones understand.**

**You live in a world created by Me. You live amongst human beings created for a Goal, for That Portion of them, a Treasure called ‘a Soul’. I do not speak Words such as These very much. My Reasoning has a Purpose in It also, because some very pure-minded individuals find it difficult to understand how close I am to them,**

how much I care for them, and how every moment of every day I am with them.

I could speak hours on end on My Divine Love for human lives. That is why I have given to the world *one small voice*, and have directed so much to be put into script, because My Love is Greater than It is seen to be, understood to be.

I will speak more on this at a later time.”

MAY 24, 2005 AT 12:50 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I am once again giving what I feel is very important to know, to understand and to value.**

**In the Gift of human life, human living is a Gift unto itself, because in the abilities that are instilled, it gives to human living many things to see the beauty of, and to understand more about the value of learning how to be gentle, genteel, and able to cope with others who are not, but also the ability to make correct decisions regarding daily communications, daily practices, daily needs.**

**Conversation is a Gift beyond what it is thought to be, but always remember, the Gift of conversation or just speech has a value to it inconceivable to the human mentality, because through the Gift of sound, of communication, it allows the mentality to express many important issues, facts, conditions, situations and goals that are beyond what an ordinary manner of living is capable of.**

**H**ours could be spent on helping those who are present now and those who have been present before now. There is never a time that The Father does not use time for some purpose, some goal for the Soul, or the Souls Who are present; of course, much of His Action, His Willingness comes in a manner and way that is practical, understandable, reasonable. The list is endless.

**J**ust remember, you have been gifted in being born a human being, and you have been gifted with a Portion of Divine Love that is never seen, but you know It is present within you in the very, by the very fact that you know purity from impurity, justice from injustice, hope from despair. The list is endless.

**T**his Miracle has been given to the world, has requested so much to be put into print so thousands and thousands and thousands of human beings could see the importance of so many things that without it being shown to them, they would not think of such things.

**A**s I close My Words, I beseech you: remember every day that you

**are gifted with the Gift of Faith and you have the ability to practice it in a Divine Way.”**

MAY 25, 2005 AT 11:50 A.M.

## OUR HEAVENLY FATHER

**“I am happy to say, ‘What I have given to the world is a Gift of My Divine Love for the Souls to be aided, to be helped, to be cared for, to be understood in a manner and way Greater than anything else that is available at this time.’**

**I hold *the little one* deeply, because the Power I use is to deliver through her My Will, not hers. My Words are to increase understanding and love for The Divine.**

**You live at a time that can be called ‘Special’, because It is openly addressing important issues for all ages to perceive the Indepthness that is available for them to recognize as ‘The Holy Trinity’.**

**The Words I speak are to give strength, hope to those who are shy of this way of life, but it is also to serve those who are active, because then they, too, will see more indepthly My Love for them, My Love for life, and of course, the strength in how they live, in how they observe important things**

that without being alerted to them, they would not have the privilege to recognize as coming from Who I Am.

I close My Words with a Blessing, and I smile when I say, *'In Nomine Patris, et Filii, et Spiritus Sancti. Amen.'*”

MAY 25, 2005 AT 12:57 P.M.

**“There are Many of Us present wherever this *little one* is, because there is so much The Father Wills others to learn about through someone they know, someone they care about, someone they feel good with, but also, someone that will follow What The Father wants to give to those He loves: a Closeness in Words that will be understood to be Personal, not ordinary; to be Directive, not just something to say.**

**At this time, for so much to be delivered in a manner and way not ordinary to human beings, but Divine in Background, Wording and Love, every human being created must learn right from wrong, good from evil, truth from untruth, but also must learn responsibility, to capture and to adhere to what is obviously good for the Soul.**

**The Soul is a Gift of Divine Love, and sad to say, the Soul is a victim of human behavior. It is wonderful when the behavior is pure, kind, just and**

**caring, but it is very sadful when none of these things are apparent in what is spoken or what is put into print.**

**Every human being created has an opinion on what is right, what is wrong, what is good, what is not good for them. The list is so endless, because in the creation of human lives, there were so many things instilled, giving the strength to observe what would be moral over immoral, pure over impure, and again, just over unjust.**

**Children are not learning how to correlate how they do things, how they practice things. Children are looked at in a manner and way that needs help, because they do not have the protection of being told if something is impure or unjust. So much is oftentimes denied because of the conversational factor.**

**I could speak hours on this subject, but My desire today is to alert those who take the Words and those who will read Them: Please be aware of all you think, say and do, not just for the benefit of your Soul, but the Souls of others, because you see, the very look on your face, the motion of your body, and every word you**

**Speak could be part of what another individual observes and follows. You have much responsibility morally, psychologically. Do not forget this I beseech you, because your Soul that you are the custodian of loves you, but also loves All the Other Souls and those who are part of ways of life, of living.**

**I will close because I could speak hours on this subject, because one subject covers many various characteristics that are practical in human life, feasible, usable, and yes, interesting to be able to say the Words that draw attention to the context of What is meant.**

**I close and I say, ‘You can be assured, for every good act you perform, you are Blessed abundantly.’”**

**MAY 25, 2005 AT 1:59 P.M.**

**“You must remember one very important thing: Many of Us Saints were one day human beings. As we faced each day, we had certain tasks to perform. We enjoyed them because they were interesting to us in many ways, important to us because they were part of the daily way of living.**

**As you enjoy each day you live, always remember: You were created a human being, given many Gifts to give you the different types of understanding many things, because without the sensitivity of such an understanding as it would be, you would not understand all the things that surround you mentally and physically.**

**Human lives are always Blessed because of all the Gifts within them. Just remember, you know right from wrong, you know good from evil, you know purity from impurity. What more can you ask?**

**It is innate to understand that in the human mental of all human beings**

**there is the ability to choose what is best. Is that not so? I ask you this question out of My Love for you. You have been given the choice of what to do, how to act, and what to accept or reject. You have the mentality to follow through.”**

MAY 26, 2005 AT 12:36 P.M.

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**I beseech you to listen, All I will to say to aid those yet in the living state to more indepthly understand the Importance of being created ‘man’.**

**I will make a Statement that I know you have heard before. I only speak this to remind you regarding the time in which you live: You do live in a time worse than what Sodom and Gomorrah was shown to be.**

**I plead with you to remember ‘morality’ has many benefits. It gives strength where it is needed; it gives hope to the mentality and the physical, and many other areas of human life that depend upon the strength, the purpose, the need, and yes, the requirements certain things cause to the mentalities of all human beings.**

**Though I speak differently, I assure you My Love for human life is far greater than you can even suspect it to be, because there is so much Love from The Divine, wanting every**

**human being to one day return and say personally: *‘Thank You, God. I love You for remembering me.’***”

MAY 27, 2005 AT 12:33 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**It is with much happiness I speak on this day. I know that rarely am I thought about with a happiness in Me; only perhaps a very quiet, serious manner that men, women and children are used to thinking how I am, how I look, how I must be.**

**Happiness is a Gift of Divine Love. The show of happiness when one is happy shares with others this Touch of Divine Love. Though it doesn't say out loud, 'I am only happy because of The Divine,' but it shows through the human manner of living there has to be Something within it that gives joy, care, and the willingness to share something extraordinary, whether it be mentally, physically, emotionally, or just because it is a moment that gives to human life, human living, something different.**

**I know you have rarely heard Me speak like this, but I assure you in the Creation of human lives there is so much wanting each human life to**

live in happiness, in joy, in caring, and bearing the responsibilities, not in a negative way, but in a logical manner of acceptance while doing or saying all the things that give strength to the decisions, strength to the purpose, and yes, thus putting a Touch of Divine Love in the very presence.

I speak differently, but My Love for human life is beyond what It is seen or known to be. It was created to give happiness and to give to human life the balance of so many things.

As you say a prayer, do you not enjoy the communication? You must, or you would not say that prayer; also, when you bless yourself and you say, *'In the Name of The Father,'* and then you say, *'in the Name of The Son,'* and then you cross yourself and say, *'in the Name of The Holy Spirit,'* it brings you with The Holy Spirit closer and closer than you realize, because it is recognizing Who is Present. It is recognizing the closeness you have with The Divine.

I bless you and I say, *'In the Name of The Father, and of The Son, and of The Holy Spirit, All as One.'*"

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**This Gift of Divine Love that was given to aid many individuals to become more innately understanding of what a Treasure it is to be born a human being. So many times this Gift of life is not seen for the Greatness it is, for the privilege it is.**

**Many, many, many hundreds of years ago, when men, women and children did not have the facilities to work in or use, because the facilities were not put into a manner of more protection, and of course, more beauty in appearance, it was difficult in those days, because so much had to be used that would not be seen as extraordinary, as beautiful, as something of great worth.**

**You live in a time wherein there is, has been much improvement in design and in the practicality of usefulness regarding conditions, situations, appliances and theory, giving to individuals the privilege and the delight in all things having a brighter**

appearance, a more beautiful way of using them, making the individuals feel the improvement as a gift.

Needless to say, the Gift of human life is far greater than it is seen to be, but like all other things created, time allows improvement in the mind, in the body, to be reminded of what it was at another time, thus giving to human beings the important facts of progress in the human way of living.

My Words that I have just spoken may cause a little wonder in those who read Them, but They have a purpose, I assure you.

As all things, even in the human manner of learning, there is an adjustment period, a learning time to learn the best, the finest, and the most beautiful results. This comes from many subjects, a big factor of association and of commitment.

In the Creation of human life, things were not like this. There was so much the first ones had to learn by practicing, by using, by changes, and by their interest in improving.

What I have just spoken may feel endless to you in number and fact, but

**the Words were given to assure you that time changes all that, and that as you live each day, you learn new things, but also, you follow a path that is feasible for your Soul, for your mental, and for your way of life. Just remember, you live in a time of what is called 'progress', and in this progress, there is so much that has changed the lives of millions of human beings.**

**As each day approaches, human beings even learn more about how they were created, why they were created, and the Goal for the creation. The Goal for Creation of human life is Great, Greater than It is seen to be, because It is more than hope; it gives a finality due to the fact that It allows individuals to more fully understand that living, being created a human being and living the part for quite some time, has a Goal Greater than It is seen to be. It is a Goal for All Eternity.**

**As you close These Words at this time, I beseech you to remember: The Creation of human life was designed by Divine Will so that one day The Heavenly Father would be close to you in a Way and Manner inconceivable**

**right now, but the Goal is a Goal of Divine Love for you.”**

MAY 29, 2005 AT 9:47 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I have requested this time because there are so many things that are overlooked in everyday life, thus ignoring Who I Am and My Love for human life, because it was created for many things: first, for the privilege to work to help the Soul to be returned to Me, bearing the individual’s name.**

**The word ‘Soul’ to most human beings is an indescribable Entity of Divine Love. As you read These Words, ask yourself: ‘What gives to my life importance? What gives to my life abilities inconceivable for other living matters to partake in and be accountable for, based on Divine Love and Divine Goal?’**

**Though there are thousands of men, women and children who sense there is a Purpose for human life, they have a habit of not using human life in what will please The Creator of it, Who I Am, yet these very same individuals will use every bit of strength or mentality they have, because they want**

**to be important in the eyes of other human beings.**

**There are so many Gifts to every human being, being born, giving to their Soul a mentality and the experience of partaking in the human role. Without My Love, this could not be, but it was designed to give strength, purpose, and a sufficient degree of caring, of understanding, and of hope to return a Portion of it, the Soul, to Me.**

**I could speak endlessly on this subject, because each Soul is a Part of Me, of Who I Am. Please remember this.”**

MAY 31, 2005 AT 12:07 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**If you were asked to take a chance on some condition in your personal life, with the idea and the promise that if you succeeded according to what was requested, would you put your life in danger to win whatever the gift would be, even if it was beyond what would be humanly possible to ever possess, or ever to be able to use to become a Saint? What assurance would you have that the goal would be achieved if you did what you were requested to do?**

**Today, as I speak to you through *one small voice*, I am going to ask you a very important question: ‘Do you practice in many ways all the good things, the moral things, and the things that would please Me in your daily life, or do you accept your opinions, or suggestions to you, or the motivations of others in what they get you to do?’**

**What I have spoken may sound very trite, but I assure you it is of great importance, because if you think about what you are made of, what you**

**consist of, and there is a Goal for a Portion of you, you cannot see but you are promised It, It is present in your body, in your mentality, and that is the Goal that will help you to live on for All, All, All Eternity.**

**I know My Words are different, but I assure you They are to make you think of all the things that can happen while you are in the human state, that can cause your Soul to one day have to pay abundantly for all you accepted regarding an impure state, thus causing your Soul a sadness unbelievable, and also, causing you not to enter the Kingdom of Heaven for a very long time, as a Saint.”**

---

**“I want you to ask yourself: If you were requested by Me to offer your whole life to please Me, would you not ask Me what it would consist of: ‘Would I be happy with it, or would I have the privilege to say “No”?’**

**I sometimes hear remarks like this given to Me by those who do not understand, or sense, or value, or consider, or want to follow ‘a just manner’ of how they should live, or a**

**condition that would aid them to be a Higher Saint in Heaven.**

**I speak this way, because I feel it is only right to give you the Facts that will help you make decisions wherein how you think and act.”**

MAY 31, 2005 AT 1:11 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**We All smile when this *little one* is happy to receive Us in a Verbal Way, because she knows Our Presence is obviously close to her and all of you when We request a time to speak through her, Words The Father Wills to be known, to be able to give strength where it is needed, and hope when it is an aid to a condition or a situation that the individual is concerned about.**

**I come on this day because of an important situation that I am going to ask you to understand.**

**Children of all ages are not being instructed indepthly on the importance of what prayers they speak, and how sincerely they are when they repeat the words in a very proper manner. So much has been modernized; thus, sometimes or many times, eliminating it where it is needed.**

**We hear so many excuses about timing, and about how busy individuals are and find it difficult to pray. Then,**

there are those who in a disguise of purity, promise to pray on many things, helping someone think that they are going to pray for the importance of a condition, a situation, or even an evaluation of some deed, need or constant purpose.

When The Heavenly King beckons One of Us to be aware that someone is talking to Us from some place throughout the world, or it could be many places in different parts of the world, granted, We always make Ourselves available, and We do in many ways try to assist, to give strength, hope, and a more important indepthness to the Role We play, aiding those who are yet alive in the world at this time.

Children should be taught more regarding the communication that exists between themselves and All of Us. We enjoy their prayers, and just as We do to the older ones who request Our Attention, We listen to the little ones, and are often surprised at their deep sincerity, obvious concern regarding a situation that they are unhappy or frightened about.

**P**rayer is important. Never deny this. It is like when you communicate with someone you know, and in your communication you are discussing a condition that needs help. You oftentimes hope that the individual will pray for it to occur, to aid you.

**S**ometimes the one listening ignores the request coming to them, but the individual that makes the request should remember that they, as the one who needs the answers, should pray in a manner, degree and way, respectful and in honor of the One in Whom they are praying to.

**S**ometimes the prayer lacks sincerity, even sometimes it lacks hope, but no prayer is ever not heard by the One Who it is addressed to.

**A** prayer to be answered is a Gift of Divine Love, but always remember, a Saint Here in the Heavens, in hearing the request, expects the individual to be honorable and to take part in what they have requested to happen, but some just give the question and then walk away, ignoring the fact that they should be praying also, for the answer they will to occur.

**Human lives are gifted with so many Gifts, and there is No One Here in the Heavens that does not want to help when They are requested to do so, but always remember: Do not cast aside the part you play in this request to One of Us, that you must partake in all you can, to give the strength to the individual that requested the prayer to be made.”**

**MAY 31, 2005 AT 4:40 P.M.**

**OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**I have been with you for quite a long time, listening to your progress and your love for The Divine.**

**Your love for The Divine is a Blessing beyond what you understand it to be, but your innate sensitivity to how you pray, and how you request what you will to receive in certain ways is indeed a pleasure, because you see, your Soul, as you pray to Me, your Soul appreciates your love for Me because, do not forget, your Soul is a Portion of Who I Am, What I Am, and your Soul has been Blessed with many things.**

**I love those who think of Me in a personal way. I love you because, do not forget, you have a Portion of What I Am, Who I Am, with you every moment of every day.”**

MAY 31, 2005 AT 5:15 P.M.

## MANY SAINTS

**“There are Many of Us present due to the fact that *the little one* We All use to communicate Our Will, Our Ways, Our Words, her service to Us is beyond what she knows it to be, because It is and has been accepted by her in respect to The Holy Trinity.**

**A Gift of This Measure is not prominent or prevalent in daily living. It is a Rare Gift of Divine Love, but not always seen for the Worth It is, the Privilege It is, or the Divine Love It is.**

**Children who follow This Gift will find much support in It, much knowledge in It, and much Divine Love in It. There are thousands of individuals who want to partake in a Gift of This Measure, and when they develop their Faith in how it is practiced, it develops more Faith of The Divine within them, due to the sake of being so close in Communication such as This is.**

**So many times through the Words a Blessing is expressed, thus**

**giving hope and more physical, mental and moral thanksgiving, due to the Words spoken that under ordinary circumstances would never be heard or be able to be read.**

***The little one* that is used for so much Communication, is in many ways gifted with an innate desire to please The Heavenly Father, Heavenly Mother, and All The Saints, because a Spiritual Gift of This Divine Love is a rarity in the eyes of human beings, and also in their personal judgment of a Gift of This Nature being so Supreme.**

**Many of Us love to speak, thus encouraging, aiding, helping someone to be blessed in an unusual manner and way.**

**We will close, but We request you: try to remember that each time you have the privilege to participate with The Divine, you are Blessed abundantly.”**

**JUNE 1, 2005 AT 8:38 A.M.**

## **OUR HEAVENLY FATHER**

**“Throughout the world there are so many who do not see, feel, or understand how Those of Us in the Heavens want them to understand the importance of communication with The Divine, thus giving them strength to persevere in the normal practices of human life.**

**We speak so often, and she accepts it as a privilege, but a normal communication of her love for Us and Ours for all of mankind.**

**Many children of very young ages are not learning the importance of communication with Us. Even though there are some dedicated to preaching and teaching, they are omitting a personal example that is needed. So much at this time is based on personal opinions of how things should be treated, many times ignoring the respect for The Supernatural, and depending only on what they feel is practical to handle.**

**I will close My Words at this time, but it is important for These Words to reach certain people, if not all people.**

**Each time a human being of any age asks for assistance, We promptly do What We can that would be logical in each particular case.**

**I will close My Words, but I assure you I will return when the time is necessary, right, or feasible.”**

JUNE 1, 2005 AT 12:01 P.M.

## OUR HEAVENLY FATHER

**“This *little one* I use is always ready for the Words I Will others to be able to print for the benefit of the Souls of those who are not in this place, even the Souls Who are not part of the world in which you live. The Words are for the Souls of millions of human beings, all ages, also all backgrounds.**

**I have given to the world a Gift Greater than It is seen to be. It is a Gift of Association with The Holy Trinity. It is a Gift of Communication with Who I Am, What I Am, and Many Others Who walked the Path of Divine Love, Divine Rule, Divine Hope for The Holy Trinity.**

**So much has been given and put into print, so others could learn about what they have to look forward to at a given time, because you see, no human being is created without a Gift of Divine Love. It is called ‘the Soul’.**

**The Soul is the recipient of everything you think, say and do. The Soul is That Portion of you that will return to from Where It came, and**

will be addressed in the name that you gave It. This is how the difference can be seen, because of the importance of a name. Just as you know Those in the Holy State when you see Their Name put into print, the names of all the human beings will have the same amount of attention. I assure you of this.

As you were created a human being, you were given a manner of living, but even as a little one, you knew the day would come and your address would change. You were told this, but the Final Address is that Part of Heaven that you will one day be a Portion of, but also Part of, in many ways.

I love this Creation because it has a Cause, a Purpose, and in this Gift of Divine Love, never forget, there is a Divine Future.”

**JUNE 1, 2005 AT 12:40 P.M.**

**“I smile when I say My Words. It is a Gift of Divine Love that allows Us to speak to a group such as you are, because each day in the Way We live, it is a privilege to respond to those who await some important Words to help them, to aid them, to encourage them, and to give them the strength to follow Divine Will in a quiet, logical degree and manner.**

**There are so Many of Us Saints Who desire to speak through This Gift that The Heavenly Father has allowed to be, because the Responsibility of Everything spoken has credibility to It, and to some individuals It is truly a Godsend.**

**My Words are different than They usually are, but throughout the world there are so many Souls not getting the attention They need, the love They need from the one in whom They were placed at a special time, in a special way.**

**Every human being is gifted with a Touch of The Divine Love when the**

**Soul is placed within it, because the Soul is the recipient of every thought, word and deed. The Soul wants to return to from Where It came. This should not be a problem, because all of human life knows what is morally sound, morally corrupt, morally decent, morally indecent. If one knows right over wrong, then where is the confusion? There is no room for it.**

**Remember this I beseech you, and if you can, aid someone else in understanding how important it is to remember every human being is created by Divine Will, Divine Love and Divine Hope. It is a Gift beyond what any human being could create on his or her own.**

**I could speak hours. I would love to, but I know that The Father's Love for human life allows so Many of Us Here to give strength where it is needed, hope when it is needed, and Divine Love when He feels the time is necessary."**

JUNE 2, 2005 AT 11:55 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I smile, because when I addressed My Presence to this *little one*, she said, ‘All right’ to Me and she moved immediately.**

**The world has been Blessed abundantly. You have heard These Words before, but These Words are more than you see Them to be. They are a Heavenly Commitment from The Heavenly Father for your will and your physical to be able to walk a path, a road inconceivable to your manner of thinking, or how you go through each day in manner and way that you have adopted according to how you will things to be, how you feel capable of, and how you feel others agree.**

**There are so many things that I see in the human manner and way of doing things, but remember, I Created Life, I Created All Things, so that when the time came and I was to meet Face to face with men, women and children of all ages, they would have a response**

**to My Presence, feeling comfortable with It.**

**So many times I have spoken Words plain to understand, but My Love for human life is beyond My Words. It is for a time to come that We will face Each Other, and the timing is important, because then We will discuss the past, and now the present.**

**I love My Way in the Creation of human life. I love everyone born to it, in it, but I also love those who look to Me for the Truth, the Reasonability, and the Value that I have invested in, included in, what human life has: all the abilities to accomplish, and also, to be reminded that within, the Soul I placed within it at the moment of conception, It is a Portion of Who I Am, What I Am. I beseech you, remember this.”**

**JUNE 2, 2005 AT 12:59 P.M.**

## **OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**There are so many ways every human being can respond to My Presence. There are so many things I love to hear them say. There are so many areas of human life that need attending, leaving a time for others to see, for others to learn from, regarding The Holy Trinity.**

**Ask yourself:**

**Do you always say a prayer when you feel it might be necessary?**

**Do you call on a Saint and ask Them to aid you in what you feel you need to know, or do or say?**

**Do you feel superior to other people, or through your actions, do you act in a manner pleasing to them, and yes, good for them to see?**

**Do you speak to the little ones you know affectionately?**

**Do you leave a mark on strangers through your politeness, or your outward sign that you are a private human being but you still care about other human beings?**

**Do you think of your prayer as a necessity or a privilege?**

**Do you ever thank The Holy Trinity for the time that you are able to spend living a life dedicated to The Heavenly Father, The Heavenly Mother, for your Soul to one day return to Them and be called 'a Saint'?**

**At times like this, when I am requested to speak Words to those who will put Them into print, it is a privilege to Me, because in the verbal way of speaking it is important to say the right things, but when the Words are put into script, it is for others to see. I beseech you, remember this.**

**That is why This Gift is so Important that you partake in. The Father decided it would be time for many to learn that the Close Association with The Divine can be recorded each time you hear from It.”**

**JUNE 3, 2005 AT 12:09 P.M.**

**OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**I say These Words with much Love for the Creation of human life, because through human life, I am able to deliver so much Divine Love that would not be necessary or possible without human life to receive It, and to use It in a daily manner of living for the Goal that the Soul is, at some time, going to be credited with all It had partaken in for the one in whom It was placed at another time.**

**I know My Words are not ordinary, because human beings do not speak like this to each other, but I, your Heavenly Father, always like to assure you of My Presence in your way of life, and How I Respond, Why I Respond, letting you know that I know every act, every thought, every word, every deed you do with the mentality you have, with the knowledge you are aware of, and of course, with the Divine Love you are responsible to.**

**I say These Words to constantly make you aware of how close I am with**

**you, and that I am always available when you speak to Me from where you are, to Where I Am.”**

**JUNE 3, 2005 AT 1:03 P.M.**

**SAINT ALOYSIUS**

**“I am Saint Aloysius.**

**There are so Many of Us Saints Who are privileged to speak through This Gift of The Father’s Divine Love for human beings to learn more about What all occurs, above and beyond what those alive upon the earth ever think about in their full measure of productivity, and their love for The Divine.**

**Let us stand before The Creator where He is in a visible Sight, Condition, for us to fully understand Who He Is. I assure you, you would find What you are requested to write would be far different in how you feel; especially, capable of having the Sight of His Personality, His Human Way, and His Divine Love. It does not show when the Words are spoken for just your ears to retain. That is why it is so important for Souls to be seen, to be protected, and to be given the privilege to one day, in being called ‘a Saint’, They have the privilege to be with The One Who Created All Things.**

**This, to many, may seem impossible, indescribable, and really not have any capability in it happening.**

**Those of Us present Here All smile at this statement, because every time you think of The Saints, Any One of Them, Two or Three at one time, you are in the Presence of Their Love for you, and They treasure the time you spend, either thinking about Them or talking to Them, or repeating What They say to you, encouraging you to deliver Their Words to others, to be put into print; because, oftentimes, a day or a time arises and you purposely, or accidentally run across the Words you once took into print, and/or read Them with an intention of how you felt at that time, or how you willed to be part of All Their Direction.**

**The reason These Words are spoken is to give you the strength or the purpose or the love, or even the desire to know that one day you will have the privilege to be with The Saints, or whichever Saints you are chosen by The Father, to partake in some action, some purpose.**

**To be created a human being is a Gift far greater than it is seen to be or**

**thought to be. You are Loved for your participation and your willingness to share with others what you feel, in how you feel, regarding your association with so Many Saints, and of course, with The Divine. There is no higher Gift of Divine Love as you live in the human way, because The Father blesses you for your intentions, and for your willingness to encourage others to share your love for Him, with them.”**

JUNE 3, 2005 AT 2:05 P.M.

## SAINT CATHERINE OF SIENA

**“I am Saint Catherine of Siena.**

**We All smile at *the little one's* response when We tell her We will speak. She always sees Our time with her as a time of Divine Love, but her main worry is the Words We will deliver bear much Responsibility, and much of her ability to read What We speak so that others will understand It for What It is, not for what they propose It to be.**

**At a time, some time ago, The Father decided to give a Gift of This Measure to the aid of Souls. The human mentalities, even when they are brilliant in concept, in meaning and in fulfillment, the words are not in the same category as the Words spoken by The Saints, because Each Word spoken, delivered by a Saint, is to encourage, or to instill, or to demonstrate what a privilege it is to partake in service and in Divine Love for one's Soul or the Souls of many, many others.**

**The Soul to millions of human beings is oftentimes eliminated in**

how they act, how they display their personality, their nature, or their belief in being the possessor of a subject of greatness for the Blessing of the Soul that they were told they possessed, and It would remain when they no longer lived the human form.

So many children are not being alerted to, or given the proper information that they have within them a Gift of Divine Love that has been given to them, because they were created by The Divine to one day return a Portion of them to The Divine, Forever and ever and ever.

I know it may be difficult for many to understand how little, how few children are given the correct wording for this Gift from The Divine. Some parents or relatives or friends oftentimes think it is too soon to discuss a situation or condition of such great importance to the young mind, but I assure you, spoken in the proper manner with the proper words, it will leave a mark of importance on the individual child, and when it is brought up at another time, it will give more strength in understanding, because though a child is often dismissed at not being able to remember, I assure

**you, when something of interest is repetitive, it has its way of lingering, and also being remembered.**

**These Words I know may be difficult for some to understand, but I assure you, even children need to know the Love God has for them.”**

JUNE 4, 2005 AT 11:00 A.M.

## OUR HEAVENLY MOTHER

**She's smiling.**

**“I am your Heavenly Mother.**

**The Father, in His Love for human life, has given to the world so much in many ways, in many degrees, allowing the personality, the natures, the backgrounds of each human being to enjoy human life in a way and manner the individual chooses it to be.**

**When This Gift was announced, by Gift I mean *the one chosen* to speak Our Words so often, there was much Joy Here in the Heavens by Many Here Who find It a means to Personally give to those who would hear the Words or read the Words, a fuller understanding that Heaven has in many ways, a Close Association to those yet in the living state; plus, in the communication that it not always received, there are many times the sensitivity of the human being senses a Presence that is pleasing.**

**I know My Words will not be understood by many, but nonetheless, They are Truths.**

**In the human way of living there are so many things that are a pleasure to practice, to follow, and to do.**

**So Many of Us speak through *one voice* that was chosen to repeat Our Words. The reason for This Close Association was to aid those yet in the living state to more indepthly understand that life, or I should say, living in the human way does not end when certain things cease, but a Portion of the individual has the privilege to return to from Where It came; of course, all this is not seen by those yet living in that state of human life, but it is evident by what has been instructed, to be by the Soul of the individual, that in reality is a Living Part of The Creator of All Things.**

**To some These Words may be difficult to comprehend, but Truth has a way of eventually being understood for its purpose, its reasonability and its aid to the human being experiencing it.**

**Throughout the world there are millions of human beings, all degrees**

**of mentality, of personality, of interest, of productivity in how they live. The list is so long, thus giving to human lives many areas of interest, not just living life as what would be called ‘a clone’ with no purpose.**

**I speak These Words to give help to those who do not know these things, or sense these things because of an in-depth fear of so many things, but I assure you, the Gift of Divine Love is above and beyond the human ability to comprehend Divine Love.**

**Many will say, ‘Why were These Words given at this time?’ I assure you, it is not the first time in the History of human life that this has been done.”**

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**The Path I chose for this *little one* I use for many things began a long time ago, through her willingness to want to please Me.**

**There are so many times and things that cause individuals to be distracted and not see the Beauty in being a human being. In this Creation of Mine I instilled many Gifts, many abilities, and many means to accomplish the Goal I intended for the Soul of each human life created by Me.**

**Today as I speak, My Words are to enlighten, encourage, and develop a greater understanding of Who I Am, What I Am, and that the Gift of human life is a Gift greater than it is seen to be, due to the fact that there are so many Gifts to be practiced that give strength to an individual’s mentality, and an innate Goal to override at the place, condition or situation that bears a hope for the Future with Me in a Personal Manner, Way and Degree.**

**I** hear so many say, ‘I cannot see You, Father,’ but I want them to know that how they understand to be present, is in many ways a greater thing for them to feel My Presence and what I expect of them, instilling them in what they think of Me.

**T**here are millions of human lives created. Some are not yet in the physical state of life, but there is an awareness innately engrained in the human mentality that helps the mentality to understand there is a Goal, a Purpose, and a Divine Love where the human element can be felt, sometimes even seen.

**I** will close at this time, but as I do, I beseech those who read These Words to not ignore Them, but to remember Them, and that My Love for human life was and is based on a Gift I instilled into it, that caring and a sincere feeling, sometimes called ‘love’, is also and was also, My Foundation in My Creation of human life.”

**JUNE 5, 2005 AT 1:38 P.M.**

**OUR HEAVENLY FATHER  
MANY SAINTS**

**“I am your Heavenly Father.**

**To many who would hear Me speak These Words it would be difficult, or to accept if the Words were Truthful, due to the fact that human beings of all ages could not fathom or even understand that such an Occurrence could be like that, and yet men, women and children of all different ages say prayers, sometimes make requests, and other times just expect a Saint to be listening, no matter what time of day or night it is. This manner of living, of accepting and of partaking in, is really more logical than it is expected to show.**

**There are so many ways human beings of all ages can communicate with The Divine, thus giving strength to their communication, and their Faith in how close they are to The Father, The Son, and The Holy Mother, and of course, to The Other Saints Who are happy when Their Name is**

mentioned, and how sensitive They are to Divine Love.

So Many of Us oftentimes show Our Presence, but not in the manner and way individuals of all ages would like it to be; but nonetheless, Our Presence reflects in many ways through the individual who automatically is drawn Our Way. Just as this *little one* We All speak through, in speaking Our Words she is more with Us than with you, because the Close Communication of either speech or physical, has a strength in it inconceivable in many ways.

Children should be shown in a very dignified way, how close The Saints are to them, due to the fact that They, The Saints, used to live the human way, and as They now live in a different Atmosphere of Life, They are in constant communication with those on earth. This Communication is never obsolete.

*The little one* We All speak through, is constantly aware of the importance of how she was trained, or I should say, how mentally accepting in mental communication, accepting The Father's Will.

**T**here are thousands of men, women and children throughout the world who need to know, to learn how to communicate with The Divine. Basically, it is much easier than it is seen to be; in fact, because it can be done so silently due to the fact that Our Presence is not seen, but We are ever alert when We are called upon, requesting Us to submit to, or commute to, or to give strength to a human proposition, a human request that has reasonability and the purpose to aid in something good.

**W**e All smile when We speak through this *little one*, because in so many 'Preparations' she has been accustomed to, she finds Our Words different than The Divine's, and she knows before We speak, We receive permission to do this.

**M**any of Us are present because of so much that is accomplished by *one small body, one mind*, but the key to this is based on a Close Association with The Heavenly Father, and He gives permission for it to be accepted by her at the time.

**N**eedless to say, This Gift that Many partake in, is a Gift far greater

**than It is perceived to be, but do not forget, the Love of The Divine for human life can be considered the Generous Gift of Divine Love that permits so much to be thought about, and some to be based on aid when it is needed, hope when it is needed, sound fact when it is necessary, and of course, love for The Divine.”**

**JUNE 6, 2005 AT 11:53 A.M.**

## **OUR HEAVENLY FATHER**

**“There are Many of Us present. I am your Heavenly Father. I have requested Several Saints to appear with Me at this time, because there are so many of you that bear Their Names in some way, and I felt it would be a compliment to you, because of your service to Me in many ways.**

**In the Creation of human life, there were many decisions to be addressed. It was not thought of in a moment. I assure you of this. The Gift in Design of human life was to support the Beauty of The Divine, and let others similar to What We were, enjoy the Beauty that would surround them, but also, who would make use of the earth.**

**I know I speak differently; I always do, but I come on this day to assure you, to be created a human being is a Gift far greater than it is seen to be, but never forget, it has a Goal. The Goal is Special in every way, because the Goal returns you to from Where you came.”**

**JUNE 6, 2005 AT 12:41 P.M.**

**“Though it is difficult for many human beings of all ages to feel, to sense, to acknowledge, and/or to believe there is a Creator of All Things, there are also Many Saints Here in the Heavens Who partake in much service to The Creator when They are requested to follow through on an issue, a condition, or a situation that needs immediate care for the benefit or benefits of those who are involved in what the results might be.**

**In giving to the world a Blessing of This Structure through Words, according to service, or physical, or moral or immoral conditions, or the very facts in which human lives depend upon to be a part of daily, in the Creation of human life, in the beginning much had to be learned for the individuals to partake in what would be beneficial, feasible, or helpful in some form, some degree, some way, not always for the body, but for the mentality that was consistently or constantly aware of many things.**

**The Creation of human life was a Gift far beyond what it is seen to be. It is the stepping stone. It is the foundation for Another Life for every individual who becomes created in the human way. The Goal is to return from Where It came, That Portion of it that is physical, mental in many ways.**

**Ask yourself: If there were never any human beings created, what would the world be like? Would it be only animals, and what would their place be, reason be? It would not be to become Saints. That is why, in the Creation of human life, it was to share a Blessing that was inconceivable to the human mind, but it was Something to look forward to, and that is the Gift of Divine Love to return to from Where It came and be a Portion of The Divine.**

**Every human being created has the privilege to become 'a Saint', and do not forget, every human being created has the Gift of being able to know what is right over what is wrong, pure over impure, just over unjust, and yes, that there is a Supreme Power that knows All. It is This Power that will one day Judge the Soul.**

**There are so many Mysteries in Words like this, but They are Facts for you to remember that as you live each day and want it to be successful, remember, it is based on your innate knowledge that you have the privilege to live in Another Way at a later time, and serve The Creator in how it is designed to be.**

**Life, human life, is a Gift of Divine Love. Never avoid this in how you think, how you pray, and how you live each day.”**

JUNE 7, 2005 AT 1:48 P.M.

**OUR HEAVENLY FATHER  
MANY SAINTS**

**“There are Many of Us present many times, because The Father, in choosing *the individual* that is to repeat the Words from Here, The Father is in control of All that is to be included in What He Wills Himself to speak, and Others Here in the Heavens to speak.**

**As you say your prayers and you speak the words or think the words in the manner and way they are dictated to be, do you always find them comfortable for you, or do you feel you would rather talk personally to Me? I am available every moment of every day.**

**A long time ago, when men, women and children were being instructed to partake in the Company of The Divine, they used the time to speak what they wanted to be known. You, too, have this privilege and this Gift of communication, because there is no time in the day you will not be heard if you speak in Anyone’s**

**Direction that you know is in Heaven  
Here with Me.**

**The Soul is the receiver in many ways, and the Soul is Who responds, What responds to your requests or your pleas. So many times those who believe in Who I Am, forget to speak to Me and to Any Others Here with Me, because they are so used to speaking to those who are like them in the living state.**

**I say These Words to assure you, you are always heard no matter what situation occurs, because your Faith in The Divine is that close connection We have with you at all times.**

**Children should be instructed more personally on how close We are to them. Sometimes those in charge of children think the children will not know or care, but it is important, this change, because the children need to know We are always present. We see everything they say, think, practice and partake in, just as We do to the adults at all times. How do We know? That is why you were given a Guardian to aid you and to be that Communication when it is necessary to show.**

**I speak differently, I know, but to be created a human being is a privilege greater than it shows, because you hold within you a Gift of Divine Love called ‘the Soul’.**

**The Soul is ever conscious of everything you think, say and do, and never forget, the Soul is a Blessing of Divine Will for you, because without the Soul, you would be like other things created. A flower doesn’t have a Soul. An animal doesn’t have a Soul. The list is endless, but you, created in the human form, bear a Portion of Divine Love from the moment you are conceived, until the day you return as a human being.”**

JUNE 8, 2005 AT 12:23 P.M.

**OUR HEAVENLY MOTHER  
OUR HEAVENLY FATHER**

**“I am your Heavenly Mother.**

**I am your Heavenly Father.**

**There are Many of Us present every day, all times during the day, because This Gift of Divine Love is in many ways a Great Aid to the Souls of those who hear What is spoken and follow the Words in their manner of living each day.**

**Though the Words do not sound like orders, They are Words to instill into the mentalities more understanding of the personal communication that is available when one speaks words to One Who is Here in the Heavens.**

**Though We use only *one small voice, this voice* has been trained to accept What We Will to be released for others to learn from and about and in the Importance of human life, due to the fact that it is the beginning of Sainthood, giving to the Soul a basis for returning to from Where It came.**

**All the children throughout the world should be instructed to understand mentally, physically, that they, in becoming a human being, were Blessed abundantly because their Soul is a Gift of Divine Love that nothing else created has.**

**I could speak hours on this Advantage, this Gift, this Divine Love that every human being is the custodian of, but I know that those who take My Words will release Them for others to learn, those who are not present at times such as these, when so much is instructed to aid the Souls through the human body that the Soul is present in, every moment of every day since the moment of conception.**

**Always remember, there are more Blessings in human life than are understood to be, because the human mind only thinks of this when they hear the Words spoken directly.”**

**JUNE 9, 2005 AT 11:24 A.M.**

## **OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**In the Creation of human lives, there has always been a Deep Great Love for them based on the Goal that was designed to give hope to the human minds, plus giving them a Goal Greater than they would humanly understand It to be.**

**The Goal is available for the Soul to return to Me. So few individuals think about this or are driven to practice it in the degree and manner that, a long time ago, was designed by Me. The very logic of a Supreme Power should speak of the privilege awaiting every human being.**

**As you live in the world and you partake in successful events, or even the small issues that give you hope, remember I created hope for the Goal for every human being created, not just for the body, but to return to Me That Portion<sup>1</sup> that is placed in the**

**human body, that is Part of Who I Am, What I Am.**

**My Love is obvious, and I beseech you to remember: In My Creation of human life, I gave it a Goal for That Portion<sup>1</sup> of it to be returned to Me at a time when it was decided the time to be.**

**The Creation of human life is beyond what it is seen to be, because I placed within it so many Gifts that I knew would instill into it many ways for living the human life, to have happiness and still have a Goal beyond what it is gifted with.”**

**SAINT BARTHOLOMEW**

**He's smiling. He says:**

**“My Presence is rare in the Speaking Part, but I oftentimes visit you at other times.**

**The world has been Blessed abundantly, because there are so Many Here in the Heavens Who desire to partake in This Gift of The Father's Love for human life.**

**Children should be instructed on the importance of not just manners, but how they think, how they feel, and how they accept what is The Father's Will over their will, The Heavenly Mother's Will over their will.**

**I speak These Words because so few children are talked to about The Divine. If it is spoken, it is oftentimes rapidly done without full measure of interest in what the wording will mean to the little ones.**

**There are always so Many of Us present. I will surprise you perhaps when I say My next Words. Even those**

who do not walk like this *little one* walks that We speak through so much, but do not forget, the Souls of every living human being are Important to Us, because through the Soul The Heavenly Father shows Great Love, and wants the love returned in a respectful manner, but also a manner of belief, knowing indepthly in them that in the creation of human beings there are many Gifts that the human lives are endowed with, plus the mentality to be able to know many things, plus the eyes that give sight to so much, above and beyond sound; and also, the capability of human life, wherein an individual has the ability to use their arms, their hands, their legs, their feet, whenever they find it necessary for them.

Always remember, in your creation to become a living means of life, you were also given the ability, or I should say the abilities to sense, the ability to see, to smell, to taste, and of course, to hear, were greater than they are often understood to be; plus, for the rest of the body to have all the Gifts to give the strength to be a human being.

**The purpose for instructing so much to the human way of living, is to remind all human beings that they were Blessed with a Soul, a Portion of The Creator of All Things, plus the innate sensitivity to not only sense, but understand there is a Goal for the Soul that awaits every human being created in the way of human living.**

**I will close These Words, but as I do, I want to say: Remember, you were created based on Divine Love for human life, human living. Use it, so one day when you return this body to The Creator, you will be called ‘Saint’.**”

**JUNE 10, 2005 AT 12:06 P.M.**

## **OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**At a given time, a Son was given to the world to give Strength, Understanding, and many other things that had to be learned about so that human beings could exist in the proper manner, way, on the earth.**

**In the beginning of Creation, it was a time in which so much Divine Love was instilled into the mentalities that were available so that others could follow Divine Will.**

**I take you now to your time. Granted, it is a far distance from the time in the beginning of human life, but by stages, human beings have learned many important things, and have been given the strength to endure, to follow, and to excel in new things that would aid the human minds and bodies to progress in an advisable manner, way, and for a purpose that would give more to human life to live with, to live for, and to live by.**

**I speak differently, I know, but at times like these that I am able to speak Words to others who will put Them into script, so that others may see the Importance of the Connection between The Divine and human beings.**

**I will close My Words at this time, because there is so much to talk about and to help those now in the living state to appreciate all that has been accomplished for the Goal of the Souls of human beings.**

**I bless you and I say, ‘As you say your prayers and call on a Saint Here in the Heavens, you are heard, and the Saint, having lived the human way, knows how you feel and how much courage it took to say your words to One you cannot see but you know is there, and you know that your words will be passed on to Other Saints, letting Them know of what occurred.’”**

**JUNE 10, 2005 AT 1:05 P.M.**

**“There are Many of Us present. We All smile with happiness when We see and know how you feel about the Words that you read regarding what occurs after One is no longer in the earthly human state.**

**As there is so much human love in so many ways, when you read the Words of Someone Who has been taken at a given time, your words, believe it or not, are heard when you speak of the Saint.**

**There is so much that should be and could be delivered throughout the world regarding the important things that human lives are associated with, but never forget, What is put into script and able to be read for Its Worth, for Its Beauty of Communication, many individuals thrive on This Kind of reading, because It gives to them a Future that is different, but of Heavenly Worth.**

**I will not speak long, as Each of Us always want to speak through This Gift and tell those present and who**

**will read the Words, that to live a life of a human being is a Gift beyond what it is seen or known to be, but I assure you, as All of Us Saints do, there is a Goal to reach and the Goal is One so different than It is understood to be, but always bear in mind: There is a Heaven. There is a God, and there are Many Others Who in the Heavens bring happiness inconceivable through how They work to help the Souls Who are yet upon the earth.”**

**JUNE 10, 2005 AT 1:29 P.M.**

**“There are Many of Us present as usual, due to the fact that there are so many subjects We like to speak about to aid those who take the Words and who will read the Words, to fully understand the Beauty of human life in its living state, thus being given so much Direction to think about, and to instill in one’s own participation in how they live the daily life in the human way, always keeping in mind the Purpose for which they have a Soul, the Purpose for which they have a mentality, and the Beauty, of course, of the Goal they were created to one day be a Part of, and that is to return to The Creator as ‘a Saint’.**

**The privilege of human life is far beyond what it is understood to be. It is a Gift of Divine Love, thus using the Soul after the body is not present, but the Soul, in Its manner of use, is used by The Heavenly Father in many ways, because the Soul, when It becomes ‘a Saint’, has the privilege to participate in many ways, situations, conditions, and yes, the ability to one day be**

**known as ‘a Great Saint’ because of all It accomplished after It arrived in that Place in Heaven where so much can be learned and can be practiced, allowing many other things to occur.**

**These Words may not be understandable to some, but I assure you, it can be compared to being a human being; and then, at times, being promoted to a Higher State of Divine Love that in many ways is never thought about, but It does exist. Remember this.”**

**JUNE 10, 2005 AT 1:55 P.M.**

## **OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother.**

**I have come on this day to ask you some questions. This, of course, is a rare Act of My Divine Love, but The Father has accepted My Request to do this with you at this time.**

**One: Do you always tell the truth?**

**Two: Do you always feel that you have fulfilled a day creditable to your manner of living and your Spiritual understanding?**

**Three: Do you look forward to what you will practice in regard to how to become ‘a Saint’ when the time comes for The Father as He calls your name?**

**Do you look at each day as a Gift of Divine Love, and do you practice in it, all that is pure, correct, and makes you proud?**

**Do you give others strength in what you say? Do you give them hope in how to pray?**

**Do you act according to the fact that The Father is standing by you, listening to everything you have to say?**

**Are you proud of how you look at all things every day, thankful that you had the chance to use the day to help yourself and others, in a more successful Spiritual manner than the day before?**

**I have asked these questions because of My Divine Love for you. There are so many Souls Who at this time are sad, because those who They were placed in at the moment of his or her conception, have become the victims of many things that were not meant in the right way. Many were used to want to be popular in the human way, and many used the time carelessly.**

**I know I speak differently, but My Words I wish could be sent throughout the world, to awaken the mentalities of all human beings to the fact that every human being is an 'example' to countless other people every day, and many times what others see does not help them mentally or morally or spiritually.**

**I love you for taking These Words. I know it is different than I usually speak, but I am hoping that you will find Them in some way to give you the strength to always be ‘example’ in everything you think, you do, and you say.”**

**JUNE 10, 2005 AT 2:59 P.M.**

**OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother.**

**It is with much pleasure I speak to you today, because there is so much to be learned by thousands, and millions even, of people, to help them better understand and to more fully comprehend that being created a human being is gifted with the Promise that it can become a Portion of The Creator and be close to Him Forever.**

**Human life is oftentimes dismissed as being ‘Special’. So much is concentrated on timing instead of Goal.**

**In the Creation of human life, there was a Divine Purpose, openly stating, allowing human beings to know that life in the human way had a Goal for That Portion of it, that It would be seen as close to The Creator because of how the individual used human life, protecting the Soul and being able to practice many events, many activities, many interests, and many things that others did not know; of course, all to be done in purity of**

the mind and the body, thus giving to these two places, a logical reason for the Soul to be able to return to The Creator as It was Planned to be, as It was Designed to be, a very long time ago.

Too little is being thought about or spoken about or instructed, on how Important the Soul is to the human mind and the human body. One of the biggest errors in this is to speak about the fact that the body will not be with the Soul when the Soul is taken to a Higher Place, when the time comes for the Soul to be separated from the body and be addressed as ‘a Saint’.

There is so much to be thought about in concept, in content, and reasonability. That is why This Gift has been given to the world, bringing human beings up-to-date mentally, spiritually on what they consist of, and the privilege they have to be able to use a Portion of what they were presented with at the moment of their conception, called ‘the Soul’.

Everyone’s Soul has a Goal because It is a Portion of The Creator, and the Soul is to return to The Creator after being in service in a human

**being for a given time, a given way, a Gift beyond what the human mentality understands It to be.**

**I beseech you, remember, there is a Goal and you have the privilege to attain It on how you act, and how you use your human way.”**

JUNE 11, 2005 AT 4:00 P.M.

## SAINT JOSEPH, THE HOLY SPIRIT

**“I am Saint Joseph.**

**It is with Deep Love I have come on this day to use *one small voice, one small body*, to deliver to others of all ages, the Importance of being born a human being.**

**Since the beginning of human creation, the Gift of human life was a Gift beyond what it was understood to be, but as time passed and many years elapsed, the Gift of human creation surpassed what it was first seen as human.**

**There are so many stories I could speak of, speak on, describing the Divine Love that caused this Gift to be evident throughout the world. As you see it at this time, as it is known to be, every human life has a Purpose, a Goal, and is part of Bible History.**

**The birth of a child has so much Divine Love within it, because in each human life, there is a Portion of Me called ‘the Soul’. The Soul is What will remain when all other portions of**

**human life will not be evident in sight to other human beings.**

**When one human being looks at another human being in the state of life, there are many different things that each one learns about, because besides the appearance, there is a mentality that gives the individuals knowledge, hope, and a Purpose for being created a human being.**

**In the Gift of Divine Love there was a Greater Gift instilled, and It was promised to be a Gift Greater, yet not able to be seen. That is the Soul that is the Portion of human life I want returned to Me.**

**The Soul is a Blessing of Mine, thus allowing human beings to be able to more fully understand that they were created for a Goal that I wanted returned to Me, because of why It was created, how It was created, and what Its Purpose was: to live the life the human way, and the abilities entrusted to human life, thus giving It a special meaning.**

**I could speak hours based on My Divine Love for this Gift, because It is the One Gift created that has a Goal**

**Greater than it can be perceived to be.**

**I speak These Words because each day of the human manner of living, I give My Love to this creation by wanting them to commute through their mentality, by saying a prayer of thanksgiving for being created a human being by Me.”**

**JUNE 12, 2005 AT 4:25 P.M.**

**OUR HEAVENLY MOTHER  
SAINT MARGARET MARY ALACOQUE  
SAINT FRANCIS OF ASSISI**

**“I am Saint Margaret Mary Alacoque. I am Saint Francis of Assisi. I am your Heavenly Mother.**

**It is so important that We take this time of yours and use it to address important situations, conditions, that in each day of life they take time to be used beneficially, orderly, and without question.**

**In the Creation of human life, much was taken into consideration on the Purpose of it, the Value of it, the Need for it, and yes, the Love that would come from it, in communication.**

**Thousands of Words have been given to aid those in the living state to more indepthly understand that so many Gifts have been instilled into human living that are needed to follow the purpose of them, the need for them, giving to those involved in activities, and in many practices of useful conditions regarding help for**

**the mentality, aid for the body, and yes, hope for the Soul.**

**Human life is an active manner of living, because within it, it has many attributes, many conditions, and much purpose. Without the Gifts, it would be an empty state of living, thus not participating in all there is, in giving to human life responsibilities and a will to commit to what would be feasible for the good of living in the human manner, way: the purpose for sight, the purpose for hearing, the purpose for speech, the purpose for walking, the purpose for touch with the hands, the purpose for being able to remember. The list is endless. I add to this list: the ability to associate with other human beings in a degree of understanding and company to each other, thus giving to human life, human living, a manner and way to accomplish so many things.**

**I will speak more on this another time, but I am requesting that those who read These Words, see in Them the value They are in how you live, how you think, how you associate with others like yourself, and how important your example is to other human beings; plus, how pure you are in how you live**

**because of the Soul you are aware of, that resides in you from the moment of your conception until the day and the time your heart is told by The Creator of All Things, ‘Much must stop.’**

**I know What I have spoken may be difficult for some, but it is an Act of Divine Love because of the Importance of human life and why it was created the way it was. It started as a small seed, and then became greater than a seed could be considered, because of the Life that was drawn to a beginning of time in it, Purpose for it, and the Goal to be Heaven.”**

JUNE 13, 2005 AT 12:45 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**A Gift of This Measure, This Purpose, This Divine Love, should never be passed over in a weak manner of acceptance, because a Gift such as This is, is obviously from Me.**

**I speak so much and do not announce Myself to this *little one*, because each time I mention Who I Am, she feels a Strength and a Power, and yes, Responsibility above and beyond what other things of importance would mean to her.**

**In the Gift of loving The Creator, there are many Gifts, because it is important for individuals of all ages to understand that there is an Ultimate Source, Living Matter that has Control and definitely uses a Particular Power on those who are created so small, yet with the ability to be intellectual; also, the ability to serve The Divine at a time when it is conceivable to be.**

**Children should learn prayers, and it should be done in a way and a**

manner helping them to know and to more fully understand that Those they pray to, at one time lived on the land and were made Saints because of how they acted, how they thought, and the goodness that they displayed, helping others to learn the importance of moral decency and kindness in a pure state, where they dealt with everyone their age, or of another age.

So much is not spoken to the young, helping them to understand points that are important for the sake of their Souls, and of course, how they think in the human way, and for Divine Plan.

So much has been delivered through *one small voice*, out of an Act of Love for human beings, for all ages, for all abilities to think, to speak, and to address The Divine.

I could speak hours on this subject because it is important that all ages of human life not just learn, but understand that there is a Source of Divine Love they cannot see, but It created them a human being a long time ago.

Speaking like this and having It put into print is a pleasure for All

**of Us Here, because it is Our Manner of Communication that The Father is so happy to hear. It gives hope. It gives strength morally, mentally, psychologically and physically, but It gives to the Communication a Oneness that nothing else can.**

**As I close These Words, I do it rather resistantly, because I enjoy this time with you, communicating in the Value of what life is all about and the Goal that awaits it, and from that point on, is closely associated with The Holy Trinity.”**

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**It is such a delight, such a pleasure each time We deliver important Messages through this *little one* that is with you now.**

**Time is important to human lives, and how each human being treats time has an importance to it and in it that is oftentimes not understandable, or it is inexplicable in its purpose.**

**Today as I speak, I want you to know that I am oftentimes present when you speak of important things to aid others understand what a Beautiful Gift human life is to them, and that it has a Goal Greater than It is seen to be.**

**I oftentimes listen to messages of great concern for the Souls of human beings. The Soul is a Gift of Divine Love, giving to human lives a special notification that they must practice what is pure, and in many ways, acceptable to The Divine.**

**I will speak again at another time, but I say to you now: Though you do not hear My Words often, I am always where you are. It is important, because how you live, how you practice what is good for your Soul is important to The Heavenly Father, and that is why He requests Us to many times be with you, so you will feel a reason for doing what you should in a manner that would be acceptable if He were present with you.**

**I close These Words, but I want you to know, your work to help others understand the Importance of being created in a human manner and way, is Blessed beyond what you can perceive it to be. I promise you this, because your love for Divine Love is a beauty and a treasure to see.”**

**JUNE 14, 2005 AT 11:50 A.M.**

**OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**I have delivered to the world much of My Feelings, My Sensitivities, and My Will for those who are in the living state to be made stronger and have a deeper understanding of how close I am to every human living man, woman or child; that I am available to give strength when it is needed, and hope when it is to partake in sound results and a stronger notification of the Worth of What I speak, due to the fact that Souls, without This Communication of Mine, would not be able to understand how Important human life has been designed, thus giving strength morally, physically, spiritually, emotionally, due to the fact that the Soul must always be remembered for That Portion of Who I Am, and that All things the Soul is given to read has a Greater Divine Meaning than It is perceived by the human mentality of those who are confined to the sense of justice, of perseverance, and of Important Communication based only on Divine Direction, due to**

**the fact that so many Souls are in need of being a Part of What I Will others to be strengthened by, allowing Them to have more closeness to Who I Am, What I Am.**

**This is applicable in association with every human being created to one day, in how they act, think or speak, will be beneficial spiritually, and yet in a modern manner of What I Will all human beings to more indepthly understand, My Love, though Divine, is a Love beyond what anything else has.”**

JUNE 14, 2005 AT 12:25 P.M.

## OUR HEAVENLY FATHER

**“You are seeing *the little one* in a state deeper than you have ever experienced before. I did this to make you aware when I use someone such as she, who responds to Me immediately, I use them in a manner and way, though rare in number. *The little one* is constantly subject to My Will and My Love for all human beings.**

**She says to Me, ‘*Father, do not bless just one, but favor all people with Your Love.*’ I smile at this, because she has oftentimes shared What I speak, and in doing this, has proven many things: first, and I smile at this, she is not weak in how she stands so strongly in how she feels others should be treated by Me.**

**The world has been Blessed abundantly: first, by My Will to accomplish strengthening human beings in the purpose for morality, the need for morality, and what a Gift morality is when it is followed in a Spiritual order and acceptance through Me.**

**I will close because, needless to say, I could speak endlessly on All I would like to teach in a Personal Manner to thousands and thousands and thousands of human beings. My Love is beyond what love is known to be because, do not forget, I Am The Heavenly King.**

**There are so many Gifts available for those who follow What is delivered morally, mentally, spiritually, and with hope that the Words will give strength and deep love for All The Saints Here in the Heavens, and yes, thanksgiving for The Creator Who Created All Things.”**

**JUNE 14, 2005 AT 12:56 P.M.**

## **OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**Logic must be seen, understood and accepted, because without it, human life would not see or understand all that the Creation was attached to, when it came time for human beings to be created.**

**Before this Creation of human life, many things had to be set into place, but designed first for their purpose and other things that they would be part of, when the human race and other different designs of living matter or things would be part of what would occur upon the world, and other places.**

**Each thing created had a purpose that was to give to human life the ability to feel more than what the body would help them feel. So much could be explained on this, because it is rarely thought about in this Measure of Creativity, throughout the world.**

**I will speak more on this later, at a later time, but today I have come**

to help you more fully understand that when I felt the desire, the need, and what human life could project for the Future of Souls, I could not resist All that had to be created to partake in, to be part of, but also to be a very important asset in what could help human life mentally, physically, emotionally, and many other things that human life is exposed to, living the human way.

**I** speak today to help you understand that all these things were placed, were created, and were dealt with, for what they would do in aiding, in supporting, and in being part of what human beings would be able to use for different things.

**The Main Gift to human life was to place within it a Portion called 'the Soul', a Portion of The Divine. How it was done was a Major Act of Love for this new manner of life that eventually would be instilled with so many Gifts, allowing it, permitting it to be superior in so many ways, and to be what others would, and other things would more fully understand the purpose of, the reason for, and the need to have.**

**Let us take the human way. In the first Creation of it, it was somewhat different than it is today; but as things progressed and became more than a fact of nature but a Gift of Divine Love, it increased the Worth of a human being. Some of this, of course, was to place within it a Portion of The Creator of All Things, causing the Unification to have Purpose beyond what it was thought would be, and that was the living stage of flesh, of mentality, of design for how human lives would carry on the physical role, based on what it would exist like, in, for, living in a manner and way never seen like this before.**

**As there have been many stages in this Gift, it has reached a degree wherein so much is present in just being a human being, but the Greatest Gift to human living was when it came about, instilling into it sensitivities that at first were not seen as this, felt as this, but as you live today, there are so many Gifts innately born with the flesh of a human being.**

**Needless to say, I could speak hours on every step of progress that is important, are important, will always be important to human living, but**

**there is also a Gift of understanding in human beings, and that is to one day return to The Creator That Portion of human life, the Soul. As far as the body is concerned, there is another path for it, but always remember, the body had and has an important role in what the mentality was for.**

**Millions of Words could be spoken. The time is not at this time, but hopefully We will have times in which We can read or think more indepthly on the Wonder of being created a human being; thus, also being given the privilege of returning to The Creator, That Portion of The Creator, one's Soul."**

**JUNE 14, 2005 AT 2:08 P.M.**

**OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**There are so many times Many of The Saints Here Where I am, try to aid, help, or assure those yet upon the earth, because of a situation, a condition, a disappointment or a broken hope that would have meant much. Those who pray, those who in the living state should understand that they are not always given exactly what they request to be, because it may not be suitable or advantageous to the results they think is best at that time.**

**In the manner of human living, there are so many means to happiness, to joy, and to feel the Goal that gives to human lives the ability to understand that in the manner of human living, there are so many things that are able to be contributed to happiness, to progress, to joy, and to looking at conditions, situations, not as failures, but as the ability to conquer what could possibly be not ordinary.**

**My Words may not mean to some what They will mean to others, but the Gift of human life is a Gift far greater than it is seen to be. There are so many various means in which other things can be used to give one's sensitivities the ability to see them as sensitivities, and conquer them very easily.**

**I know I do not speak the way you would want Me to, but My Feeling, My Love for all who are created is to give when I am capable of giving it in an open manner, Hope, because Hope sometimes conquers disappointments faster than something the individual feels is the answer.**

**I could speak hours on this, but I hope you will read that one small Segment that gives logic. Always remember: Logic is the foundation many times, not just to be attracted with or by, but to give strength in decisions that are needed.**

**I speak differently, but I speak These Words knowing that perhaps if They are not needed at this moment, They might be needed another time, maybe even for another individual who needs to hear or to feel the Strength from The Divine.”**

**JUNE 14, 2005 AT 3:02 P.M.**

**“There are Many of Us present because of the necessity to help others know the importance of not taking things for granted. This means almost every subject of what you would think about physically, mentally, morally and with your conscience.**

**I know I speak differently, but I speak with deep concern, due to the fact that there is no protection for your Soul or your body or your mentality. There is so much casualness, indifference, and little purpose to how individuals consider dignity over indignity, fact over fiction, truth over untruth, dignity over a lack of dignity on every subject, on everything that is looked at physically, and everything that is spoken about mentally.**

**My Words may be very difficult for some to handle, or to agree with Me, but I do not speak in this manner unless I have the information necessary to cause Me to speak so bluntly.**

**Morality is not thought about in its full scope of understanding, in its**

full measure of what it means regarding subject matter on different areas wherein an individual can partake innocently when the conditions or situation looks so natural or trivial in what it contains.

Many human beings of many ages and much intelligence are falling into a trap of satanic abilities. Some will not believe this. Some will not accept These Words, but I assure you, you live in a time wherein so many things are not looked upon for the necessity to be morally correct, or refined, or suitable to how you think, how you live, and how you understand the importance of purity of the mind. The list is endless.

Sometimes when We see weakness, We try to put things in the vision of the one doing or speaking or acting out of context in how they usually reply to partaking in something that would not be suitable to how they sense dignity, how they practice refinement, not just of a mental nature, but according to how they feel it causes them to respond physically, openly.

I could speak hours on this subject, because you do live in a

**time where the enemy of God and man is gaining ground through the application of causing individuals to ignore what is obvious, and accept what is an excuse for what they are thinking, speaking, seeing or doing.**

**My Words could be endless on this subject, and it saddens Me to even speak What I have just spoken, but the enemy of The Heavenly Father is working to destroy Souls.”**

**JUNE 15, 2005 AT 8:39 A.M.**

## **OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**You live in a time wherein there is so much anger, jealousy, and self-righteousness based on personal opinion, thus being based on jealousy that weakens all things and communications.**

**I have given to the world a Blessing to enable all ages to walk a path to Me, giving of themselves, and giving help to others who need help, and who need to know about Me.**

**There are so many advantages I want all of human life to know about, and that is, of course, so they will one day return to Me, That Portion of What I Am. It is called ‘the Soul’.**

**In the Creation of human life much was considered, instilling many Gifts, aiding individuals to more fully understand that human life was created, thus sharing with it Divine Plan in a manner and way feasible for all human beings to understand.**

**I could speak hours on this subject, and in My Love for it and human lives, but I know time is necessary for other things.**

**Though it is difficult for many to understand why I would choose a *small voice* for This Divine Plan, I did it because I knew it would be best. Of course, there are other reasons, too many to speak upon at this time.**

**Let no day go by that you do not remember you have a Portion of Who I Am with you every moment of every day. I have Blessed you with It at the moment of your conception as a human being.”**

JUNE 15, 2005 AT 11:59 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I know it is difficult for many to understand that I would speak so much and so many times through a *voice* such as you all have, but I assure you, the reason I use *one voice* has an importance to it. In this way, there can be no others who would take the advantage of preparing themselves for the attention they will to have, by trying to speak What I Will others to learn.**

**My Words are usually very direct through *one voice*, because What I Will others to know has an importance in It that in many ways could be confusing if there was more than Words being repeated bearing My Name to several human beings.**

**Throughout the world, My Love for human life is obvious. Each portion of the world has been instructed in My Presence in many issues, thus partaking in Communication with those in the living state, What I Will them to more fully understand**

regarding the Importance of being a human being, and following what is consciously Moral Wording for understanding, to apply only to What I Will them to have.

Children of all ages should be aware that though My Presence is not visual, I am constantly present in My Manner of how I understand My Presence to be able to aid, to comfort, and to closely relate to what is being practiced in many places.

Some individuals want so much to be able to speak words of direction. That is why My Will supersedes My Interpretation before It reaches you.

I know I speak differently, but I speak in Truth and Protection for the Souls that are the victims, are the recipients of all you think, say, do and participate in.

To be created a human being is a Gift of My Divine Love, thus giving to human beings My Personal Association, able to communicate when it is needed, when it is feasible, and when it can be the turning point of decisions that might not be correct if I were not present during what was spoken or practiced.

**My Words at this time are different, but I assure you My Love for human beings of all backgrounds, is My Desire to be able to help them. One day when They are with Me in the Heavens, They will remember Our Communication, and it will draw Us closer in more abilities to practice, thus making what occurred helpful to progress morally, mentally, spiritually, in a degree understandable for Us to be 'One', not separated by the need for elaboration in discussing what was spoken to be understood as giving the privilege to work together for the sake of Souls, to not just be remembered, but to give Them the privilege of Sainthood. Remember these things. They are of great importance."**

JUNE 15, 2005 AT 12:38 P.M.

## OUR HEAVENLY FATHER

**“I yet hold this *little instrument* of Divine Love in a very tight, almost constricting ability to move, because her body has been put through numerous needs for strength to be given, expressed, and shown. She is willing to conquer whatever it takes, but her body is more fragile than she understands it to be.**

**With All that We have given to enlighten the mentalities to more readily understand that the chosen choice of daily living is many times far from Divine Plan, so when individuals are given the privilege, it oftentimes causes them to use more strength than they are used to. This is a natural point in which the body tries to rest.**

**So much has been delivered through This Gift, Greater than It is seen to be, even by those who print It, because in their manner of doing things to accomplish the end results, they sometimes ignore the physical that has been used so diligently, thus causing a certain degree of need for**

rest, or the need to more fully understand the Power that has to be used to reach the mentalities of those who partake in a Gift of Divine Plan.

**I speak These Words because of My Love for human lives, and for those who choose to want to return to Me.**

**The Gift of human life is a Generous Gift physically, mentally, socially, morally, and it must be treated with dignity, always remembering that what it is capable of doing, of becoming part of, and being able to aid others in gaining a strength different, and yet greater for the Souls that await an entrance of aid for something like This to occur because of the need for It, but also to aid the Soul to return to from Where It came, but yet bearing the name of the one in whom It was placed, and/or the one who helped It, not in just social grace, but physical strength.**

**Always remember, Communication such as It is every day and every night, the purpose for the individual is spoken in degrees and ways and manners, sometimes hinting, and sometimes addressing a condition, or sometimes just saying it plain outright.**

**I bless those who take These Words and All Other Words given through This Gift, but in My Caring and Love for you and your Souls, I ask you to remember All the Sound Directions you are placed with. In this way, you will find a happiness that human living has no full concept of.”**

**JUNE 15, 2005 AT 1:21 P.M.**

## **THE ANGELS**

**“There are Many of Us present. We are Angels. We do not speak often, but The Father has allowed Us to take this time to work, to speak, and to enjoy being with this *little one* that so Many Saints speak with, to and for.**

**It is important for human beings of all ages to understand the Beauty, the Pleasure, and the Divine Gift it is to be put amidst Those Who are in Heaven. The Saints enjoy being with Us as We do with Them.**

**Heaven is a Place, but I have not described It in Its full measure, but I assure you, if you remember the Importance that your Soul has awaiting It, and that is to one day reach the Epitome Point of Salvation. It is called ‘Heaven’.”**

**JUNE 15, 2005 AT 2:20 P.M.**

**SAINT MARGARET MARY ALACOQUE**

**“I am Saint Margaret Mary Alacoque.**

**There is so much to be spoken and so much to be cared for, and so many decisions to be appropriate, and so much honor and dignity to be upheld. In the human way of living, there are always many times when individuals are forced to submit their opinions, hoping faithfully to solve for a better solution, condition, situation, or productivity of what is being considered for a better place, or condition, or situation, to accomplish an ultimate amount that would be feasible and successful.**

**Throughout the world there are millions of human beings who do not have the privilege to choose how they will live, where they will live, or who they will be with, in the living portion of life.**

**Education has its place, communication has its place, but never forget, communication with The Saints is oftentimes more of an advantage**

than it is seen to be or expected to be, due to the fact that The Saints being spoken to are no longer in the living state.

**Ask yourself as you write These Words: Do you want justice, or do you want to submit to what is correct in appearance, but yet radiates some indelible portions that will cause problems, or rejections, or permanent mistakes?**

**Some who read These Words will immediately connect the meaning of Them to what is called ‘a Gift of Divine Love’ that is a Part, an Important Part of This Gift that allows All Saints to speak, and above all this, The Creator, The Heavenly Mother and The Saints Who know What is occurring, What is taking place, What They are Part of in this so-called ‘Project’ that is to enlighten the minds, give hope to the Souls of millions of human beings.**

**I beseech you, pray that what will be the results to accomplish more Souls being made ‘Saints’ than any other facet of human presents.”**

**JUNE 16, 2005 AT 11:55 A.M.**

**SAINT AGNES**

**“I am Saint Agnes.**

**I do not speak often through This Gift of The Father’s Love for human lives. It is a privilege that I have been given today, to speak what I was hoping to speak, and as I requested The Holy One, He said to Me, ‘Whatever You think will give aid, I accept Your request in My Way.’**

**My Words are to say to not just the young, but to make others also aware that there is a Divine Way of Living, of Life, of Hope, helping the Souls reach the Destination They were created for.**

**I know that My age is young, but I say to you now, ‘All ages that are Here in the Heavens are Blessed as Holy Ones.’”**

**JUNE 16, 2005 AT 12:43 P.M.**

## **OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother.**

**It is important that more be understood regarding what a close Association human beings have with Those of Us Who lived at another time, but are active in Communication with them in a manner and way not always understandable, but evident when you pray.**

**Today there are thousands and thousands and thousands of individuals who need to change their manner of thinking and what they practice amongst others, no matter what age, but they should remember they are accountable to a Higher Being for all they think, do and say.**

**You do live in a time of great sadness to The Divine, because there is so much insensitivity displayed.**

**All that is spoken is not done in the right manner, the right purpose, or does it leave a sense of strength on the other person. Oftentimes messages are just words spoken in a manner**

**accountable only for time, not for meaning, not for help, not in the right content, concept of how they should be.**

**You may be wondering why I would speak in this manner today. It is to help you, through your mentality, realize that all things should be looked at and for, not just their reasonability, but the purpose they are practiced when others are present.**

**As I speak, there is so much jealousy throughout the world at this time. It is not necessary to be, nor is it practical for association with anyone they choose to speak with, to act with, or to direct certain subjects that in some ways are vile in content, and foul in what they really mean.**

**Many of Us speak today at this time in which you live, hoping to cause all ages of human beings to be aware of how they do things, how they think and how they speak. Needless to say, children are not being instructed in the proper way. There is too much leniency regarding what they practice, what they do, how they think, and what they say.**

**I will close at this time, but I feel you should understand, as you are in the living state of human life, your Soul is always in contact with The Divine.”**

**JUNE 16, 2005 AT 1:10 P.M.**

**SAINT MARGARET MARY ALACOQUE**

**“I am Saint Margaret Mary Alacoque.**

**As We stand by so many times and watch what is occurring in different places throughout the world, We always try to ask The Creator to bless those who serve, and to help those who need help in how they think, act and speak words.**

**To be a human being is a privilege of Divine Love, but it is also a Gift greater than it is seen to be. To live as a human being allows a service to be active in helping The Divine give hope where it is needed, service when it is needed, and Divine Love to show through the human living manner of the one speaking, or using time with another human being to in some way be company that is needed.**

**Children are not being instructed in the in-depth degree that will help them feel more in tune with how they should act, how they should feel, and how they should pray to The Divine.**

**So much could be spoken on this subject, because human life would have nothing to look forward to if All was not as It is, in The Divine.**

**I will close These Words, even though I would like to speak endlessly on what a privilege is granted to those in the living state of life, because there is no end to Divine Love in any Facet of It.”**

JUNE 16, 2005 AT 1:38 P.M.

## OUR HOLY FATHER

**“I am your Holy Father.**

**I smile at this *little one* who in her association with Us, it is an enjoyable association, because in her love for The Divine, she acts very natural, and We enjoy the Presence that We feel with her.**

**It is good that things are put in a manner and way in this Degree of Communication, because Our Love for human beings is a Love understandable, and it is also a Love of The Divine.**

**As We speak through her, We find Our Words easier to speak because of her love for The Divine and her manner of association working with so Many Here, and for so many yet upon the earth.**

**So, as I leave you on this time, it is important for Me to say, ‘The Gift of Divine Love is a Time wherein We associate with all human lives, and in this association, your love for Us and Our Love for you is combined.’”**

JUNE 16, 2005 AT 1:50 P.M.

## SAINT PEREGRINE

**“I am Saint Peregrine.**

**There are Many of Us present and We All smile at this *little one* that The Father addresses for her ability to deliver What We would like others to know.**

**In the Creation of human life, there were many things considered in this manner of putting all things in the proper degree, the most essential degree, that would give to every individual living, help in many ways and in many things.**

**To many people, they do not understand that in the Creation of human life, there were many things taken into consideration, and much Serious Planning had to be accomplished. It has all proven very beautiful, proper, and yes, feasible, because it has given to so many human beings a deep understanding of the Goal for human life through the Soul that is within human life, human living, that there is a Place Divine that the Souls will All meet at a given time. Perhaps**

**the time seems long to some, but then, this has its reason also. The more Souls that will be able to partake will give hope to millions of human beings, and also much progress according to what occurs that is beneficial in many, many ways.**

**Now some who read These Words may not feel the full knowledge that They are in-depth with, but the Words will one day be seen, be understood, and thousands and thousands of human beings will be thankful for Them, because every step in the Creation of human living, human life, has a Purpose, always had, and always will have.**

**To be created a human being has the Greatest Purpose for the Soul that is instilled at the moment of creation, because the Soul is to return to from Where It came.**

**Do not forget These Words. They are to aid you in how you think, you live and you pray.”**

**JUNE 16, 2005 AT 2:38 P.M.**

## **SAINT JOSEPH, THE HOLY SPIRIT**

**“I am Saint Joseph. It is with deep thanks and Divine Love that I speak My Name openly to you, drawing your attention to Me.**

**In so many ways, as a group of human beings working together for all things to be understood in a firmer manner of learning, and in all things dedicated to address what is important in daily living, so many individuals, when they know or are assured of knowing so much about Facts that pertain to important conditions, situations, and so on, do not express enough words to describe the importance of what would be necessary for others to know, to learn about, and to be able to base much of how they act on what would be called ‘progress’ morally, spiritually.**

**In This Gift wherein so much is spoken by Many of Us Here in the Heavens, it is important that more attention be stressed on not just listening, but considering to pass on to others what you have the ability to**

understand that would be beneficial in many ways to others who are not present when you hear What would be good for others to know, to learn about, and to be able to use to support important subjects, aiding others to think more indepthly on their full measure of logic, and interpretation necessary at different times.

**C**hildren are not being instructed on the importance of values, morals, intentions, and associations with others their age, or perhaps some other ages that would be in some ways example to them and for them; also, children should be drawn away from those who speak in languages not pure in subject matter or in sound facts that express only sound information.

**N**eedless to say, hours and hours and hours could be spent instructing on so many important issues, mannerisms and communications that will give to others a more in-depth aid, giving them strength morally, physically.

**I** could speak thirty, forty, sixty or a hundred Words on just the basic meaning of so much aid, because there is so much time spent now on

**inequitable ramifications that do not sustain or obtain sound reasoning.**

**I will close My Words, because I speak in a manner I spoke, and it is important that when you speak, you remember what you have spoken, and the meaning that you intended to express. This is an important Statement for you to be conscious of at all times.**

**So much surrounds This Beautiful Gift of Divine Love that has been given to the world to aid, to clarify, and to instill Divine Love for every human being created; thus, wanting those who speak, to do it according to how they would do it if The Father Himself were standing by.”**

**JUNE 17, 2005 AT 10:55 A.M.**

**OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**I feel it is important that you understand that many, many human beings base their actions, their thoughts, their words, their deeds, due to their jealousies on many things. Most time jealousy is a condition driven by wrong thinking, wrong understanding, wrong interpretation. Jealousy usually reigns where someone is appointed a particular position, what others expect it should be, but the position is necessary to lead, to guide, to support, and to make knowledgeable facts, conditions, situations better than they had been seen to be, or practiced to be, or accepted to be.**

**Confusion of the mental version of a simple subject can make it appear wrong, instead of for the good that it is obvious in what is occurring.**

**I could speak endlessly on this subject, because it is a subject that is evident so much more than what is good for the intentions, the directions,**

**the satisfaction, and the purpose of many, many things.**

**I speak this way to aid, to give logic, to help conditions and situations that are unreliable. I beseech you, understand My Wording in how It is meant to be for the betterment of logical purpose, addressing logical conditions, situations and means, thus helping so much more pleasantry, so much more confidence, and so much more understanding of what is right over what is wrong, what is good over what is evil, what is truth over what is untruth, what is hope over what is despair.”**

JUNE 17, 2005 AT 11:55 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I have in many ways today spoken many important Facts, Instructions and Directions to and through this *little one* that I use for so much of My Will to be delivered to as many human beings that is feasible in number at this time, to more indepthly understand the importance of My Will to be accomplished under all circumstances because of the importance They stand for and They uphold in how I Want, how I Will the Souls of millions of human beings to be aided by These, and by those in whom They are present for a given time.**

**So little is spoken by clerical individuals, thus ignoring the Part I Play in each human living being because of the Importance in which human life was created, and that is to live and to be returned, not just in a casual degree of understanding, but an important evaluation of What is awaiting the Souls that nothing else can compare to.**

**I will close now because of All I have thus far given to this *little one* I use, but as My Words are addressed to encourage, to aid, and to instill in others the importance of following My Will, is a Gift beyond what It is understood to be; but My Time with you each time I spend It, I beseech you to see the importance of What I speak to you, and the Goal for which It is aimed for you to one day be with Me.”**

**JUNE 17, 2005 AT 12:48 P.M.**

**SAINT ANGELA MERICI**

**“I am Saint Angela Merici.**

**I hear your conversation and I appreciate your conversation, due to the fact that what you have spoken is comforting to All of Us because of your concern and your method of speaking, showing respect and sadness.**

**Throughout the world there are millions of human beings, all backgrounds, all with different degrees of intellects, and rarely are there two exactly alike mentally, spiritually, on what they speak about, what they think about, and how they show how they feel when things are not in what would be called ‘a healthy state’.**

**Children are not learning enough about their importance in praying for those who are ill, and sometimes for those who make mistakes that are serious, even to others.**

**You live in a time worse than Sodom and Gomorrah. These Words have been spoken many times through This Gift of Divine Love. There are**

so many subjects that should be considered wrong, and yet important to know how wrong they are. You do live in a time where Sodom and Gomorrah are mentioned, but not as often as it once was. You live in a time wherein modernization of how individuals think, act, speak, and in many ways it is a liberal manner of thinking things and considering things to a degree that do not call for prayers, but just conversation in a human manner, way.

The time should change in how human beings think. It should be more emphasized on the importance of morality over immorality, justice over hate, hope over despair, but above all things, it should be emphasized that prayer to The Heavenly Father and to All The Saints has credibility in degrees not conceivable, because it is not spoken in a verbal, loud manner.

Now let Us stop what I have just spoken and emphasize the conditions in which so many individuals of all degrees of intellect use their mentalities, use their sensitivities, and use their responsibilities.

If you were asked, would you be able to answer these in full measure

according to what you understand it to be being practiced; that is, in the time in which you live?

**N**ext: Ask yourself, would previous time be more suitable to how you think, or can you see the future able to give you a greater understanding, first of The Divine, and then of the human element that is active every day, perhaps around you, perhaps you are close to it?

**T**here are so many factors in human life that are oftentimes taken for granted, but I assure you, as a Saint Here in the Heavens, you must understand: Indifference is no help; casual manners, interests, are not always suitable to what is occurring, but an in-depth association in thought, in words, in deeds to The Heavenly King, The Creator of All Things, I promise you is more assuring, because in All that This Creator of Ours has accomplished and accomplishes every day, perhaps we do not recognize our way, but there is evidence that He hears and He is aware of the wrongs, the rights, the maybe's, the perhapses, and yes, the weaknesses that occur, or the confusion that distracts.

**Do not forget to practice speaking personally to Those Here in the Heavens at least twice a day. You are heard, and your concern or your happiness radiates in many ways.**

**As I close These Words, I say: The Father, The Creator of All Things, created you. Never forget this. Though you became a human being through the act of other human beings, you still have that close Connection to The Divine King Who thinks of you more than you think of Him, and never forget The Heavenly Mother. She walked the path of human ability, responsibility and love. She is always happy to hear a word or two, or more that you have to say. Do not forget, She is available every moment of every day.”**

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I come on this day with Words sad for Me to say, but I must say Them so that in this Communication you have with Me, it is Important how I see things, how they need to be. This *little one* walks a tightrope for My Will to be done through human beings.**

**So much could be spoken for All there is to know, but it would be too difficult for many to be able to understand or cope with such a figure that I use in Divine Plan.**

**The world is a Gift of Divine Love, and all those created in a human way are Blessed abundantly because of the Goal I Will them to reach one day.**

**So many excuses are evident, in not just to defy what is physically, morally, mentally, socially, but it is casting aside the Treasure of knowing the benefits of and in, how I address them.**

**Needless to say, I could speak hours in an endless way, just delivering My Love, My Hope, My Will for the Souls I created that I want returned to Me, representing the human body and mind in which I placed Them at the moment they were physically conceived.**

**There are so many things I want human beings to understand. They were not created a vegetable, an animal, a rock, or water. They were created with flesh, blood, abilities unlimited, and the mentality that would never let them down if they used it properly.**

**My Gift of Creation of human lives is a Gift beyond what it is seen to be, but this is because to walk the path, to live the way I designed it for, is just a weakness, not seeing how close I am to them. I instilled into human life the ability to understand there has to be a Creator, a Power Above and Beyond man.**

**I smile at this *little one* because of her love for Me, and if I were present I would wipe her tears, because as a little child she talked to Me and told Me she loved Me.”**

JUNE 18, 2005 AT 10:46 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father. I am oftentimes present openly when you are with this *little one* I use continuously.**

**I have given to the world a Gift, *a human life* just like all the others who lived the human way, but *this one* I use in a different manner and degree, and What I Will others to know and to learn about.**

**The world is a Gift of Divine Love; the Creation of human lives, a Gift of Divine Love. Human lives were created a long, long time ago. It was the way to present Souls to the human manner of living, because as the Soul is a Blessing to the human body and mind, the Soul is the recipient of Divine Guidance and Hope.**

**The Soul is not seen from a human eye, but the Soul is evident through how the one in whom It is partakes in what is logical, what is valuable, what is in tune with The Divine.**

**I** smile at this *little one* We All use. She speaks Our Words, not knowing What We intend to speak about, but her obedience is far beyond human recognition, because it is a Connecting Link to Who We Are. Since the birth that she one day came to the earth, those who possessed her in a family way were oftentimes heard to say, 'She's different, Mom,' 'She's different, Mother,' and the mother would repeat, 'I know, I see it,' and then she would smile and say, '*The little one* has been Blessed, but we even more, because we have the privilege to be with her, adding to our manner of living, more Divine Love than before.'

**I** speak slowly, I know, but We oftentimes shock *the little one* with Words she may not have as complete before.

**You** live in a time where there is so much Divine Love available to every human mind and Soul. I beseech you, don't omit or deny This Gift. It will aid you in many ways to return to from Where you were suggested to be born.

**So** much Divine Love scatters throughout the world. It is rarely looked upon as to Where It came from.

**All things are put in a practical mode, but at This Time, through *one small voice*, so much is being told.**

**Divine Love in the Creation of human life must be understood in its proper way, and that to be created a human being is a Blessing beyond what it is seen to be. It has Hope in it, Divine Love in it, and yes, a Beautiful Goal.”**

**JUNE 18, 2005 AT APPROXIMATELY 6:35 P.M.**

**OUR HEAVENLY FATHER  
OUR HEAVENLY MOTHER**

**“I am your Heavenly Father.**

**I am your Heavenly Mother.**

**There are so many things for Us to speak about regarding the Importance of what human life is gifted with but created for, and the Goal for which It is designed to be the recipient of. Every human being created is a Gift greater than it is understood to be, due to the fact that so much is taken for granted, but also ignored in the final History.**

**In the creation of one human life, there is always a Purpose for it that so many individuals do not take into consideration, but the time has come for all of human beings to be aware, to be conscious of, and to learn to strive for the Goal for the Soul they were gifted with at the moment of conception.**

**As each stage after the birth has important steps, each step that is necessary is a Gift beyond what it is seen to be, but eventually the Value of**

it deserves a *'Thank You'* to The Holy Trinity.

**The Gift of human life is beyond anything created, because within it, it has a Portion of The Creator that nothing else has, but it also has a Purpose and a Goal to be returned to The Creator Forever and ever.**

**So few individuals understand as they walk, they run, and they have the abilities to do so many things practical for how they live, and part of the human understanding of what each day, each week, each year is all about, giving their Soul time to more fully understand that one time on a certain date they will return to The Creator, representing all they accomplished, all they practiced, and of course, the results of their Soul in all they used It for, with, and how.**

**Being a human being is in many ways a Gift greater than it is ever seen to be, because it is that portion of human life that is Blessed by The Creator, and the Soul within it is a Gift beyond anything that could be designed to be Part of how an individual can walk, speak, sing, and speak many words of importance, thus**

**allowing communication between one another.**

**Hours could be spoken on this Gift of Divine Love that gives to a Soul the privilege to one day live with The Holy Father Forever and ever and ever.”**

**JUNE 19, 2005 AT 9:47 A.M.**

**OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**All through time I have used ‘delicate small bodies’ to serve what I want others to understand, that My Love is for all ages and degrees of size of human beings. There are no exceptions to how I feel about those who I created as human beings. My Love is different than It is known to be, because when the human lives were first introduced to the world it was a beauty to see, as many Gifts were seen through how I introduced them, protected them, and felt normal with them.**

**In this creation that has been given the Portion of What I Am, called ‘a Soul’, this creation is Blessed abundantly more than it knows. Each Soul that is handed to a living human being is happy to be Part of that human being, to give strength and help, because then the Soul will return to Me at a given time, in a given manner and way. Though the Soul cannot be seen in the physical way, the Soul is present to**

how the individual understands purity over impurity, justice over injustice, hope over despair, love over hate.

There are many Words I could speak, because in the Creation of My Love to share What I Am and Who I Am is joy more than it is known to be, thought to be, or understood to be. In this Creation of Divine Love, it had a beginning. In each step it had to progress, increase the understanding in a more beautiful manner and way.

I use this *little one* in many ways. Her love for Me is one alone.

Today as I speak, the world must understand I oftentimes am present to give aid and help all ages of human life, wanting My Existence close to them and for them, to give them strength to understand My Love for this creation of man is not just a Gift, but a Treasure of My Love for it, in it.

As I close My Words I must say, 'I love this *little one* I use, but I love many who walk a path to serve Me and many who address Me in prayerful ways.'"

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**There are Many present Here with Me because of the Importance of This Gift that I have given to the world through *one small body*.**

**It is important that All that is delivered through her be put into print and scattered throughout the world with the Announcement of how I use her. So much has been held in abeyance, resisting the responsibilities that many, in knowing What is available to them, for them, they are ignoring to announce It to the world.**

**Many men in the clerical area who have requested to walk My Way are resisting, rejecting and cast aside This Gift I speak through every day, and oftentimes I request My Words to be put into print for others who are not present to read and to accept What I Will them to know for the good of their Soul, their Association with Me. Ignoring This Gift aids no one. Resisting aids no one.**

**My Will is to instruct as I am doing, and to give What I feel is feasible for others to learn that My Presence is many times in their midst when they do not even think of Me.**

**I hear so many remarks. I would not call them statements, because they are not clearly stated in What is occurring for them, giving them help in the human way to become more knowledgeable regarding My Presence, and their necessity to use prayer in a more open manner of speaking to Me personally.**

**I hear everything that bears My Name, and of course, other things also, but when My Name is spoken, I respond immediately. No matter what great number use My Name at one time, I am aware of each one, so do not ever feel I am out of sight and out of the jurisdiction that you are in when you speak your words to Me.**

**So much has been delivered, put into script, and there are thousands more Words to be read, to learn from, and to give more understanding of every human being's Association with Me, with Who I Am.**

**As I close My Words at this time, I am never any distance away. Remember this as you face each day.”**

**JUNE 20, 2005 AT 12:35 P.M.**

## **OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**I have requested that Several Saints Here in the Heavens speak through This Gift of My Divine Love. One reason is so those who take the Words and those who will read Them will find different Names on many of the Words given to encourage, to enlighten, to direct, or to instill important conditions, situations, manners of doing things, and also, the Fact that there is close Association with The Divine.**

**So many times it is important that to hear the Words spoken is one thing, but then the Words are very often not fully understood at a later time. That is why I requested things to be put into script many times, so that those who take the Words and then those who will have Them in print at another time, will be the recipients of What I spoke, and more fully understand the reasonability in why I spoke the Words and had Them put into script for others to read.**

**If I stood at the head of a mountain and I spoke hours and hours and hours, ask yourself: Would you hear the Words? Would you not have to live very close to that mountain, and would you not have to take the day that you knew and find a place to have accommodations — a chair, or a couch, or whatever would be suitable?**

**Oh, My children, the way I have chosen to deliver What I Will thousands to know about and to learn from is truly a Gift of My Divine Love, because each Soul has a Goal, and each Soul is Important because the Soul is the recipient of Divine Love, Divine Hope, and also represents the one in whom It was placed at another time.**

**Needless to say, I have done many things to prove My Love for human life, and I will continue to do so because My Love for human life was in the Creation of it, the Reason for it, and the Goal I have awaiting it for That Portion of it that is a Portion of What I Am. It is called 'the Soul', but there are many other Words that could be applied to This, so I beseech you, do not tire of My Communication, because through It, you have the privilege to spread what I feel is important for**

**thousands and thousands to know, that they would not receive if it were not for you.**

**I bless you and I say, ‘My Love for those who serve is a Love Far Greater than It is seen to be.’ Remember this.”**

JUNE 21, 2005 AT 11:38 A.M.

## OUR HEAVENLY FATHER

**“This *little one* I use to deliver what I Will others to know, to learn about, and to be able to recognize the Importance of being created in the human way of living, speaking, thinking, understanding, and many abilities to more fully understand and realize to be created as a human being is a Blessing beyond what it is thought or known to be.**

**The Words I have just spoken are Words important to Me as well as to those who will read Them, the closeness, the relationship possible for Us to have, to be able to understand so much in an equal manner, for a purpose of unification between Us, of all degrees of what human life was created for.**

**I speak These Words to help those who will read Them to understand that the Gift of human living, human life, gives human beings a oneness with Me that nothing else has.**

**I hold *the little one* tightly because My Words feel so strong within**

her, and bear so much Responsibility in how she understands Them. I chose this *little one* a long time ago, because there was so much I Willed others to learn about and to know. Her time with Me is many times how I am going to communicate My Will for others to learn about what I expect of them, what I encourage them to understand, and what I Will them to practice to one day return to Me their Soul.

I have given to the world *one voice* for a long time, thus allowing so much to be seen and heard in a Personal Manner, Way, and Degree, but also through the written Words that verify What I feel, How I think, and What I Will human lives' association with Me to be.

I could speak hours on this subject each time I bring it to a point where I am speaking of it, but I use it only to the degree for those reading it, so it would not be more than they could handle mentally, or in their communication with Me.

Needless to say, I could speak hours and hours and hours and hours on how I feel regarding My Love, My Communication and My Will

for human lives of all degrees of intellect; but, I assure you that many times I instill the Thoughts and My Sensitivities regarding certain acts that I automatically address the time to encouraging silent communication called 'thinking'. This Gift to human life is a Blessing beyond what it is understood to be, because the privilege of thinking gives hope, understanding, and the ability to understand more indepthly when a subject has much credibility and will give hope when it is needed.

I smile at this *little one*, and I say, 'Thank you' to her for taking the time to listen to Me, because now others will know what I Willed them to know, and hopefully it will bring Us closer together when they know how I feel about them and My Closeness to them without them seeing Me in a physical form."

**JUNE 21, 2005 AT 1:00 P.M.**

**OUR HEAVENLY FATHER  
OUR HEAVENLY MOTHER**

**“I am your Heavenly Father.**

**I am your Heavenly Mother.**

**We smile at Each Other, but We are really smiling at you who are about ready to take the Words We Will others to know about and to read because of the Importance meant in Them, based on The Holy Trinity.**

**Even though it is oftentimes spoken, *‘In the Name of The Father and of The Son and of The Holy Spirit of The Creator’* All as One, so many times when this is put into a mode of movement and speaking the words, it is done too quickly, or it is done in a rough manner.**

**We speak today like this because, of late, the respect for prayers has almost been totally eliminated. Ask yourself: When you hear your name spoken, do you not like it done with dignity, and in a proper way and manner? It is a natural response because you are being talked about,**

or spoken to, or related about a condition or situation, or a mode of understanding. The list is endless.

So much has been eliminated from the simple practice of dignity and of respect. It has gone so far opposite to what these words mean. It is important that dignity and respect, sincere loyalty and hope returns to the subject matter that identifies it in the right degree of what it means.

We speak differently I know, at this time, but it is for a reason. Throughout the world there is very little respect morally, mentally, socially, physically. The list is endless. It is time that those who say prayers to The Heavenly Father, The Heavenly Mother, or Any Saint, the prayers should be spoken in a manner and way, addressing Them in dignity; but so many individuals at this time are using tactics or indifference, and feel that the words speak for themselves.

We have come to have It put into print by those present here now, that respect must get back into the procedure for how The Divine is approached in prayer, or requests of need, for need they desire to have; and

all others who feel they are praying, find the time to speak with dignity and not use their modes, their moods, their lack of respect.

What We are saying today is to awaken the mentalities that communication with The Divine is a Gift of Divine Love, allowable and encouraged for the sake of the individuals who use it for numerous purposes.

I know, and Those with Me, that you perhaps have never heard Our Words spoken as These have been spoken, but it is time to remember that how you act, how you think, how you prepare yourselves for not just prayer, but many other things, respect would gain more attention than other ways than it is being done, ignoring Who they are speaking to, praying to.

You have never heard These Words before in this manner, but it is important that They be brought to the attention, thus giving respect in the proper manner and way of speaking to The Divine.

As We close this at this time, We remind you: The Father's Love for human life was based on Divine Love.

**How can you abuse Divine Love at any time?”**

JUNE 21, 2005 AT 2:22 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**Many times when I use this *little one* for important issues, situations, commitments, it is because of her will to please Me in the right manner, and for the good and the justice of what is to be accomplished.**

**Sometimes I have Personally cast away, cast off, and stood between unjust jealousies that were pointed or directed her way. Jealousy is a weakness. Rarely is it beneficial to anyone, especially one doing Divine Will, or a good act for the benefit of one's self or others.**

**Today is a time that is like many other days wherein human beings of all ages tend to act in ways and measures and directions that they assume are what is expected in the year that this one is, or in the place they are associated with that they enjoy being.**

**So much is misunderstood when the subject matter is favorable morally, mentally, psychologically, physically,**

**emotionally, thus diminishing the great value of these things.**

**I could speak endlessly on this subject, but it is important that all human beings look to what is morally sound, compatible, useful, beneficial, not just helping them become important.**

**I close These Words, but I do it with a Promise. I will speak more on this when I know it is needed.”**

JUNE 22, 2005 AT 8:23 A.M.

**OUR HEAVENLY FATHER  
MANY SAINTS**

**“There are Many of Us present every day, especially when *an individual* has been chosen to recite Our Words for the purpose for which We say Them.**

**Throughout the world there are millions of human beings that need to better understand, more fully understand that the Gift of human living, human life, was not made to be a challenge, but given as a Gift of Divine Love that The Father designed and created for the Soul, all Souls, to be instilled in the human body to give strength morally, mentally, psychologically and physically, because the human being is above and beyond anything else created. It is sad to see abuse to it, injustice, unfairness, and sin.**

**Throughout the world there are millions of human beings that justify all that is visible to them, but many rarely think of That Portion of Who I Am is within them, representing the**

**Soul for the Goal at a time when it is Declared to be by Who I Am.**

**Though it is difficult for many to ever instruct others on the possibility of this Gift, it is sad for Me to say, 'It is many times the least thought about Gift that human beings could possibly have.'**

**I could speak hours on this subject, but it is important that it become more of a subject giving the awareness openly that there is a Supreme Power in Existence that was created long before human lives.**

**The Reason for the Souls was to give to human life a Goal, a Purpose, and an Outward Sign of Divine Love, over and above human ways.**

**As I close My Words, I add to what I have spoken: Never let one day go by that you do not remember you did not walk it alone. You had a Portion of Who I Am guiding you many times, aiding you many times, helping you many times, because of the Importance of your being a human body with a mind, instilled at another time."**
