## PREFACE

**These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.**

**On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.**

**In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these**

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

**Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.**

**One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.**

**There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.**

## PLEASE READ

In some early volumes of "Stories From Heaven", many Revelations describe edifices to be built on Saint Joseph's Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a "City Of God". Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God's Plan in a monetary way. Donations became less and less, because the men in the Church said, "Don't give." They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men's lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of "Stories From Heaven" continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

**All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.**

NOVEMBER 22, 2005 AT 1:06 P.M.

**“Yes, there are Many of Us present because of the Importance that this *little one* is entrusted with, for and to.**

**Throughout the world there are thousands, even millions of human beings who oftentimes forget or cast aside important issues in their lives. The first one, of course, is to take care of their health, their manner of living, and if they have responsibilities, to practice with dignity, the responsibilities necessary.**

**You live in a time where so many individuals ignore The Divine. They know It is there for them to understand more about, but they oftentimes feel that it is better to think of how they live than to think of the time coming that they will be Another Place in Another Way.**

**Ask yourself today, do you understand, or I should say, as you say it: ‘Do I understand the importance of living today? Basically, it is a privilege; secondly, it is giving to me something to be happy about and to**

**use my mentality in an active form, manner, degree and way, making life much more interesting, but also pleasing The Creator Who made me the way I am today.'**

**There is a beautiful part of human life not always seen in what it is, but it is important to think positive and to look for what is beneficial and what gives to life happiness, or I should say, worthwhile actions that not just improve life, but give to it purpose. The list is endless.**

**I could speak hours on end, but there are so Many Saints Here in the Heavens Who smile when I speak this way, because They, too, walked the road of human life and now They are in Heaven. It is not a Place you can describe as easily as you might think. It is a Place of Importance in service to The Creator of All Things."**

NOVEMBER 23, 2005 AT 8:34 A.M.

## SEVERAL SAINTS

**“There are Several of Us present and We All smile, because *the little one* waits for every step she knows We are apt to take to draw her attention to What We Will her to put into script for the Souls of all who will read the Words that We deliver and have put into print.**

**There are thousands, if not millions of needs for This Communication with The Divine, The Creator of All Things. It is not a natural thought, but We All hope It to be, because It gives much strength to the mentality, and to the understanding that there is a Divine King, a Divine Entity of Living, giving to all human beings the strength to survive in conditions inconceivable in ugliness, hate, jealousy and permissiveness.**

**We always are happy when We get *the little one* to put into print Words for others to read, and to more fully understand that as you live in the living state of human life, We can reach you in a personal manner,**

degree and way, not just encouraging you, but instilling in one's mentality, understanding how close each human being is to The Creator of All Things.

**We All smile because this *little one* We use is so particular on Every Word We speak.**

**Our Communication is One of Divine Love because of the millions of Souls that are not always treated properly, because They cannot be seen by the human eye of mankind.**

**It may be difficult for some to understand We would choose such as this *little one* for so many important Words, but it is a fact, and We All love her for it. Remember that.**

**We love those who read the Words and try to follow Them in and to the degree they understand Them to be important, because in the human way of living, the Importance of a Gift from The Divine helps everyone who hears It or reads It, that there is a Goal to life.**

**I bless those in the room now for partaking in an important subject, because it takes personal time and We**

**appreciate it, the love that is extended to Us.**

**I end My Words with, ‘God loves you, and We thank Him for this.’”**

NOVEMBER 23, 2005 AT 9:25 A.M.

**“There are several conditions and situations that need to be cleared up and recognized for all that must be accomplished spiritually for the sake of those who are not present with her in any ways, or just a few ways. She will be in constant attention in how We will permit, promote, and instill certain Facts and certain Evaluations, due to the fact that This Gift of such Great Meaning, Great Purpose, Great Need, has been given to enlighten many mentalities to the Goal that is necessary for them to learn about, and to learn from, for the sake of their Souls.**

**I will speak more on this, because This Gift that is taken so for granted, must be seen for what a Great Advantage It is to how human beings are being instructed, through so much delivered that has been dismissed and are ignored.**

**A Gift of This Measure was not just prepared and instilled. It had purpose, reason, concern, and**

yes, the ability to aid, to direct, and to enlighten the mentalities to see things in a Light of logic, more apt to give them more advantage, more background, more access to partaking in more advancement for the Souls they are the recipients of.

The Soul is always the ‘receiver’, and/or ‘victim’ of what an individual uses in daily activities, speech, and perception in how things are acted out, or decided to be in a format based on the one in charge.

Here in the Heavens, All Things are directed for the benefits of the Souls, because through the Souls so much can be accomplished, just as in the human living of human life. The Soul is many times never thought of, or never discussed as to what It partakes in, or is the recipient of.

It is time for human beings of all ages to value their Soul, because It is That Portion of them that will return to from Where It came. Do not forget, when It was released to partake where all is not formal, the Soul was well-knowledgeable, deeply understandable, and oftentimes tried to intercept through the mentality of

**the one in whom It was placed, due to the fact that the Soul is That Portion of human life that will remain when all other things are no longer in a living state.”**

## OUR HEAVENLY FATHER

**“Since the first Creation of human life, there has been so many changes in the Gifts that were instilled into human living so that each human life could walk in a state of understanding and purpose, due to the fact that in human life there would be instilled Gifts that nothing else was the receiver of.**

**In the first ones, they had to struggle to learn how to repeat what they knew was a worthwhile word, but then, as time passed and there was much being instructed from Heaven through those who could receive the different elements of speech, there was a beginning of a new type or a new generation of abilities, giving to human beings yet to come, more to understand in their daily manner of living.**

**What was taught in the beginning was structured on mostly what they could see physically, and then it came time to learn mentally that each fact and each condition and each situation**

pertained to something different, so each time there was a sound reasoning for a word that represented something present, it was the beginning of much interest, but also, much mental strength and in an innate value on things being named differently.

*The little one* I am speaking through finds it so justifiable, but I realize it is difficult for her to even repeat What I am saying, so I will continue more on this later; but it is so logical for her to say, 'I will go on, God,' and I smile at this because she is learning the Facts in a manner and degree inconceivable to how it is being done in such a background, or of knowing so many advanced things.

I bless those who take My Words, because I know that it is difficult to follow What I am presenting as perhaps 'a beginning', allowing those in the living state to realize that when certain degrees of speech had subjects to discuss, it was not easy for them, but they persevered, and now look what you have the ability to understand. It is a Gift of Divine Love to hear These Words, because someone had to begin the 'speech', and also

**the ‘understanding’ available at that time.”**

NOVEMBER 27, 2005 AT 10:42 A.M.

## OUR HEAVENLY FATHER

**“I use a *small voice*, yet one dedicated to Me for the benefit of Souls to more fully understand My Love for them and their love for Me.**

**In the Creation of human life, there were many preparations regarding to what degree the human body could handle the Power I Am, because of Who I Am, What I Am.**

**I smile at *the little one*, because she is ever conscious of My Manner of delivering through her, Words understandable for the necessity I Will Them to be.**

**So Many Here in the Heavens smile when I use her, because They know it is not always easy for her, especially in front of other people.**

**In the Design of human lives there was an immediate act to have a Purpose for human life and a Goal for it to reach. I have never allowed this Statement to be rejected, because It is Fact, and My Love for this creation called ‘human’. The very fact that**

**so much is instilled should tell every human being there is a Purpose for it, a reasonability in it, and a time that it will be seen.**

**I will close for now, but I am always present. Each time I hear My Name mentioned I am aware of it, and I do not ignore or reject it.”**

NOVEMBER 28, 2005 AT 12:10 P.M.

## OUR HEAVENLY FATHER

**“I hold *the little one* tightly because of the weight of the burden that she is responsible for. When you hear These Words, I know it is impossible for you to understand a burden that she carries for the world.**

**The world has been Blessed and has been given a Gift, but there had to be *someone* to carry the Gift to those who would grow in a greater moral manner of thinking, of understanding.**

**Morality is not the only reason for This Gift of My Divine Love. It is to help all ages more indepthly understand that in the Creation of human life, there was Divine Plan. Divine Plan is to give to every human being the privilege, the ability, that at a given time that they no longer walk the life they were given, there is a Place for them to go. It is called ‘Heaven’.**

**I close These Words with Deep Love, because *the little one* does not know What I am about to say when I call her and tell her I want her to**

**deliver what I Will others to hear. She is obedient in every way.**

**My Love for human life is Above and Beyond what It is seen or known to be, but do not forget, as you go through life, you were taught by Me to care for others like yourselves, and to be kind. The list is endless, but so is the List of Love from The Divine.”**

NOVEMBER 28, 2005 AT 12:40 P.M.

**“So Many of Us use this *little one* to repeat What We Will others to know. She was chosen by The Father a long, long time ago, so Everything that passes through her is of Importance, many times of the Soul.**

**Children are not learning the importance of thinking about everything they are about to do. They should be alerted to more understanding that there is good about some things, and other things are not beneficial mentally or physically, and they do not give hope when they are used.**

**Children should be spoken to gently, delivering to them logic in a simple form. They learn much more about you also, when you talk like this, and it gives them comfort for them to feel the kindness you show.**

**Now, when we pass the stage of childhood and We speak to friends or acquaintances that perhaps we just meet or met, it is important to speak honestly and make the words clearly**

**understood. Communication is a Gift of Divine Love and should be handled in an appropriate manner and way.**

**Some writing This might say, ‘I know these things.’ That is true, but do you handle them with care? That is why They were repeated today.**

**The Gift of speech, of knowledge, is very important. It can either draw people together in friendship, or separate them in a lack of understanding in how one or the other thinks.**

**You might say, ‘Why would a Saint talk like this?’ Well, in giving the Gift of life, there are many facets to it that can give you the Grace, the understanding, and the willingness to be companionable in all you meet, whether you know of them or you know them, and also, sometimes their age is important in how you speak.**

**Many might ask: ‘Why would a conversation like this come on this day to those of us who can talk? We learned that a long time ago, and we have been educated to perhaps a great degree.’ I smile at this, because in the human manner of living, sometimes it is good to remember, to renew, and not**

**resist change or an additional manner of doing things.**

**These Words are important, because These Words today are to show Divine Love for you in wanting what you think, say and do, to be important in every way you act, you think, you practice, you associate with others like yourself because, do not forget, to be a human being is very, very important. It stands for so many things, and it stands in a manner and way that says that you believe in The Creator, and you believe in Saints, and the respect you show, shows what you think. Remember this.”**

NOVEMBER 28, 2005 AT 1:43 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**Please, each time you take the Words that We request you to put into print and We mention Our Names or Our Name, always remember, We keep you in Our Prayers for the service you give to aid others to get to better know Us and how We now live.**

**To be created a human being is a Gift far greater than it is seen to be, because the Soul does not allow Itself to be seen, and the Love for The Heavenly Kingdom of The Creator is what gives life to someone created this way, in this manner, for this reason, for the Goal of the Soul to one day be returned to The Creator and be called ‘a Saint’.**

**I know that We speak differently than you do in your daily manner of communication, but when We speak on a Particular Soul of a particular individual, it takes much more emphasis on Facts and what is important to be remembered, thus it may mean things that those who read the Words would**

have no concept of, even if they are related to the individual in a very close manner, way.

**Some reading These Words may question why so much would be spoken on a condition or situation like this. Well, to put it this way: A human life is very important, and when The Creator takes the time to close that portion of the individual, there is always a Purpose and a Reason for the time, and there is always a realization that the Soul could be, at that moment, returned to The Divine, giving to It a Life Important that nothing in life could compare to.**

**You live in a time wherein so much is spoken, thus describing things in a more understandable format, way, to better understand that when one no longer lives the human way of life, there is always the chance that the Soul will be given a Place that will give Strength, Purpose, Responsibility and Happiness, even for how the individual's Soul can partake in The Father's Love, The Father's Will, working for the Goal of 'Saint'.**

**Today I will close, but as I do, I want those who take These Words to**

**know: Your belief and your innate love for This Gift that gives you the opportunity to help in many ways, to serve in many ways, the Beauty that goes along with being a human being, and that nature reflects in all that is spoken, the Importance of the Goal for the Soul that is placed where The Father Wills It to be Forever.**

**As I close My Words, I remind you, every moment you live is a treasure, because the time will come and you will understand more of why and how all the things occurred, because you will be in Heaven.”**

NOVEMBER 29, 2005 AT 9:10 A.M.

**“The Gift of Divine Love began a very long time ago. At this time in which you live, there are many men, women and children of all ages who cannot comprehend the beauty, the value of their understanding that they have a Great Entity of Divine Love to go to, to speak to, to pray to in a manner of communication. Even though it appears to be only one way, The Heavenly Father sees to it that no prayer goes unheard, and no love for what He stands for is not responded to, in a manner, a degree not conceivable to the individual, but it does show in different ways. The number on this list is too many to mention, but never feel a prayer is not heard by the One in Whom it is addressed.**

**The beauty of logic created by The Divine is the greatest Gift human beings can possibly use, accept, and be bound to in their communication with The Divine and their love for The Divine.**

**As you live in the human world and you communicate with those you care about, associate with, and/or speak with openly on subject matter, it is what you would call an ‘offshoot of communication’, and can be compared to the communication with The Creator of All Things.**

**All ages should understand that no prayer is not heard, and that every act in human life is recorded in a manner and way not conceivable to the human mentality, but through The Divine Love that is always present.**

**Needless to say, so much could be spoken on this relationship that human life has with The Divine, because it is beyond what the mentality can perceive such a relationship to be, but it is also obvious it exists.**

**More will be spoken on this at a later time, but always remember, you are always heard in what you speak when you call on Those in the Heavens to aid you, to comfort you. The list is endless.”**

NOVEMBER 29, 2005 AT 12:15 P.M.

## SAINT IGNATIUS LOYOLA

**He is smiling. He said:**

**“I am Saint Ignatius Loyola. There are so many times I Will My Words to speak to all of you, because in words there is much direction, or I should say, there can be much direction, because it is a communicative Gift of Divine Love, and in this association that human beings have been gifted with, it is far greater in its worth, its meaning, than it is seen to be.**

**When it was created a very long time ago, it came out word for word, because those listening would not have received what it was meant to speak on, for, with, how, and it would have omitted so many important statements like two people meeting each other, greeting each other, in recognizing human life from one individual to the next.**

**The world has been Blessed in so many ways. Today as I speak through *one small voice* to have Words put into print to alert, to enlighten and to**

**instill in the mentalities of those who will read These Words, what a Gift human life is, and the major things that can be accomplished through wording alone.**

**I say to you on this day, ‘Do not forget, you were given a Gift, that at the beginning of life on the earth there was nothing like this, except sounds coming from one human being to another.’**

**I smile when I say, ‘The Father’s Love was evident.’ Now make your love for Him evident by using how you speak, how you put things into script, and how you are identification of so much that is important for the mind, the body, and the Soul of other human beings.**

**I love you, and I say, ‘I bless you with My Love, but also The Love of The Holy Trinity on this day.’”**

NOVEMBER 29, 2005 AT 1:01 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**In the Creation of human life, when it was first begun, the Motive for it, the Desire for it, was to have it represent what The Saints would understand.**

**As each one was created in the human way, it was given much Wording, not always discernible to others in how it was meant in its full meaning, but it was understood by The Creator and Those Who were with Him.**

**You live in a time wherein so much criticism blinds Faith, blinds Truth, and also diminishes many things.**

**In the Creation of human life, it was stated: ‘You are created to one day return to from Where You came and be a Saint’; but as this grew in number alone, criticism from others in the human form became so prevalent, so obvious, so domineering, that oftentimes good was not seen in its full measure of worth.**

**What I have just spoken may be difficult for some to comprehend, or to be able to see it as it was then, but here is a case wherein judgment is demeaning many times. There is no justice when something is demeaned out of selfishness, jealousy, and other things such as these are.**

**When the time came for Sodom and Gomorrah to be activated in full measure, many just bent with it, because there seemed to be no way to act another way.**

**The human mind has the privilege to change. The human mind has the privilege to ignore what is wrong and accept only what is right, but sometimes there is a very thin line in how an individual accepts what they heard, what they saw, because their opinion is not up to the conditions that they were exposed to. By condition, I mean the full measure of what it was all about.**

**I know what I have just spoken may be difficult for some to understand, but as you live in the human way, and you know what is right for you, then this is what you plan; but criticism is devastating many times,**

**because often it assumes things that are not there.**

**I know I have spoken differently, but I also know that to be created a human being has much responsibilities, many that do not show, but always remember, The Heavenly Creator knows all facets of every move, every step, every word, and every statement that you make, and I would say at this time, ‘Thank Him for being The One Who will Judge you at another time.’”**

DECEMBER 1, 2005 AT 1:09 P.M.

**OUR HEAVENLY MOTHER  
SAINT ALPHONSUS LIGUORI  
MONSIGNOR PURCELL**

**“There are Three of Us. One is Our Heavenly Mother. I am Saint Alphonsus Liguori. I am known as Monsignor Purcell.**

*The little one* is not used to so Many of Us standing so close, attempting to speak to her regarding her problems, her concerns, and the weight that she bears for This Gift to be delivered to not hundreds of people, but thousands and thousands and thousands of all ages of human beings.

This Gift is Greater than It is thought to be, because It is delivering directly, firsthand, Love from The Divine.

To be created a human being is a Gift far greater than it is understood to be, because each human being created has the foundation to be able to live through the human way and become a Great Saint in the Heavenly Way. This is a Gift of Divine Love to

**living human beings, to more fully understand that they were created for Another Way, Another Place, Another World. The World, of course, could be called 'Heaven'.**

**So many men, women and children look for what they see as they live in the human way: happiness, joy, accomplishment, and a future to live, bearing many happinesses, much joy in how they live, and who they live with.**

**There are millions of words available to describe all the desires, the needs, the hopes that human beings have as they live each day, because it is natural to the human mentality to look further to seek more advancement, and to feel that they have gained progress in what they think, say, do, and in how they live.**

**What I have spoken is only to address that human life has so much to achieve and that this Gift is from Divine Love, thus giving to human life the way to higher and greater things.**

**To some These Words may seem not quite comfortable, but to others They are Words that will give strength and more understanding, because they**

**feel that to be created a human being is a Gift of Divine Love and it has a Goal.”**

DECEMBER 2, 2005 AT 12:08 P.M.

## OUR HEAVENLY FATHER

**“There are Several of Us with this *little one* because of the Importance of how she is used in so many ways above and beyond the manner of normal communication with others like herself.**

**In This Gift of Divine Love, it was to increase the understandings in thousands or millions of human beings that need or needed to know that there is a Goal to living a human life, and there is no Greater Gift of Divine Love than This shows, or will give Love Forever and ever and ever.**

**Though it is difficult for many, perhaps even thousands of human beings to understand that I, The Creator, would use *one small voice, one small body, one human mind* for a Task as Great as This is, but do not forget, when The Son walked the earth, His Example and His Willingness to suffer was Far Beyond what It was understood to be. His Mannerisms of Communication were acceptable, because They were of Truth, of Logic,**

of Understanding, and had a future to Them that would be reasonable for having been created 'a human being' for others to learn the importance of such a manner of instruction, even away back in the time when lives were different in many ways.

I smile when she is telling Me, as I am telling you My Words, she has mentioned to Me, 'I cannot speak this way; I do not have the privilege.' So, you must understand there were two conversations addressing This Gift of My Divine Love. Her insistence on Truth is invaluable, and her love for human lives impossible to describe, but the one thing We All know Here in the Heavens, she obeys What We tell her to, because she knows the results will create 'Saints' to one day be Here Where We are."

DECEMBER 2, 2005 AT 12:47 P.M.

## SAINT ALICIA

**“In the Gift so many accept as being able to teach others through an Order, called an ‘Order of being a Nun’, the Title alone says dignity, fact, logic, direction, truth, and many other things, because in choosing this vocation, it instilled into all who took part with the individual, a more classified manner of dignity, and a better understanding that she was working for The Creator. Her position was to serve, thus helping others who had not chosen this path, to think of serving when they could, and what they knew would be feasible for them to do.**

**I know I speak differently, but I am trying to awaken those who have practiced living the part of service with that Organization called ‘a Convent’, or as ‘a Nun’, because it is important that this position in life be seen for the sacrifice it was, for the dignity, and for the main purpose, was to be example in many, many ways.**

**I will not speak long. I could write pages on this Gift, because you see, I walked the path and I found in it something I could find no other place, and that was my desire to please The Heavenly Father and be responsible to be a woman dressed in a particular way, offering children and adults what I felt would help them spiritually, morally, mentally, and yes, humanly.”**

DECEMBER 2, 2005 AT 1:33 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I have come on this day to let you know that I appreciate how you handle important matters, conditions, when you know that there are Souls involved in how the individual is treated.**

**I do not speak often on conditions such as these, but there are so many things in the manner and way of human living, human life, that need to be corrected, need to be aided, and need to be in many ways changed, according to conditions more feasible in kindness, gentleness, truth and correct behavior.**

**I know I speak differently than you would expect Me to speak, but it is My Way of Communication that I oftentimes use to awaken the idea that I feel is necessary to give more understanding, and even more hope, in an individual’s manner of how they live the human way.**

**I smile as I speak through this *little one*, because she is constantly**

aware of My Presence and Others Here, and as We draw her attention, she waits for Us to speak if We care to, especially if there is something she feels might be important for others to hear.

**Y**ou live in a time that is of every importance you can muster up, but this has been since the beginning of Creation. Maybe the considerations, ideas or whatever you want to call them are not the same, but in the human mind, the human body, the human mentality is capable of addressing so many subjects on so many various ways, and the Soul is the receiver first, and those who hear the words or read the words are also the recipients in a different way, different degree.

**I**n the manner of human understanding, there are so many things that can be addressed for the sake of one's Soul, not just popularity with other people, because the Soul should be catered to, taken care of, and considered as the Most Important Thing to be remembered on everything an individual thinks, speaks, practices or does.

**To some My Words may be so different than they are used to hearing, but I promise you, when you read Words such as These are, They are directed by Divine Love, Divine Understanding, Divine Hope, and Divine Guidance, because of the Souls that are the recipients of everything that occurs through every human being created.**

**I will close the Words, but as I do, I want you to know, being created a human being is a Gift of Divine Love greater than anyone ever perceives it to be. It is the step to Sainthood, and to one day return to The Creator in a Beautiful, Loving Way.”**

DECEMBER 5, 2005 AT 12:28 P.M.

**MANY SAINTS**

**“There are Many of Us present, and We want you to know that the time you spend helping Us deliver Words that thousands of human beings should know, and they should have These Words to remind them at any time that We are always available to hear them, to help them. This Gift is a Gift greater than It can be perceived to be. It is designed by The Creator of All Things.**

**If there was not a Creator, would you be where you are now, or would you even be alive in this Gift of Divine Love? No, there would be no one that you could lean upon, and understand the Power of, because only The Power of The Divine has the Gift to create the human bodies, the human minds.**

**The Importance of children is always evident, because no matter what they are doing, their presence is seen, and how they speak is sometimes a Gift, connecting two human beings to the art of being able to speak words understandable to both of them.**

**I know I speak differently at this time, but I do it with Love from The Divine, because The Heavenly King wants millions of human beings to more indepthly understand that they were created in Divine Plan, and that in this Creation, there was a Goal for the Soul that every human being is gifted with at the moment of his or her conception. No Greater Gift could there be, and never forget, you have It, you had It for a very long time, and It is That Portion of you always Blessed, Loved, and remembered by The Divine.”**

DECEMBER 5, 2005 AT 1:07 P.M.

## MANY SAINTS

**“There are Many of Us present. It is a continuous thing for All of Us to gather through this *little one* that The Father uses for so many subject matters that give hope, strength, and a fuller understanding of a Gift of Divine Love that gives to human lives more strength, more understanding, more purpose.**

**You live in a time when so many individuals try to use what they feel is good, but many times they often use something that could be volatile to their whole situation.**

**The world has been Blessed abundantly through This Gift of Divine Love, through *one small voice*. Everything put into script should be read many times, because What It says speaks openly on the worth of human life, human living, human intentions, human evaluations and human love for The Divine.”**

DECEMBER 5, 2005 AT 1:30 P.M.

## MANY SAINTS

**“We All smile as you gather where this *little one* is, because We, too, gather to be where she is.**

**So much has been given to give strength, hope, and a deeper understanding of not just morality in the human life, but how it should be used because of the Soul, and all the other Gifts in which human life is endowed with because of that Soul that wants to return to from Where It came, at a given time.**

**Ask yourself: Do you know what a Soul is? How do you picture It? Do you have a Name for It, or do you just take It for granted that within you, you were given a Gift of Divine Love to protect you and to give you the strength to persevere, standing as a human being on the earth and be gifted with a Soul that one day is to return to The Creator in a Loving Manner and Way because of how you acted, and how you treated this Gift when It was within you and you were responsible for It in many ways?**

**Children are not learning about the Importance of being created a human being. They should learn step by step that it is a Gift of God's Love for them, and that they have a Goal to reach that will one day return them to God and they will be called 'a Saint'.**

**Needless to say, hours could be spoken on this beautiful subject that so few ever hear it put in this way, but I assure you, The Father has given to the world a Gift, a Blessing that speaks more now in a more Personal Way.**

**As you walk each day, remember, within you, you have a Portion of The Creator of All Things, the Soul. The Soul is evident in everything you think, say and do; also, your Soul loves you, because It is That Portion of Divine Love that was told what It was to do when It was placed within you some time ago."**

DECEMBER 5, 2005 AT 1:55 P.M.

## MANY SAINTS

**There are about Six of Them here.**

**“Yes, there are Several of Us present wherever this *little one* is. We are always ready to instill a subject that is to awaken others on the subject, giving them the chance to find a stable understanding or a more in-depth sensitivity to what the subject is said to be.**

**You live in a time of so-called ‘progress’ and it has many such things available in many ways. Progress is a word very often used, because it gives hope, strength, and a feeling of not just communication, but association with others that need some cooperation on the different situations that are available in an easy manner and way.**

**There are Several of Us present, and We All find it a pleasure to speak through this *little one*, because when she repeats Our Words and others with her take Them down, We know the Words will be seen for the worth They**

are, and it will be good for others to know the subject matter, whatever it is.

**You** do live in a time wherein so much progress is spoken about, even praised, but progress can be different in what it contains, what it represents, that some individuals do not realize that they should look for the wording in what it designates, not what they assume it means.

**Many of Us Who** choose to speak through this *little one*, feel confident that what We emphasize to be made a point of, there will be no question through her, in her, to not make it a point We suggest it to be.

**You** live in a time like many other times wherein confusion of ideals, ideas, circumstances and human misunderstandings are evident, but there are other things that We could make a list of and for, that are very necessary, beneficial, and extraordinary in aiding human lives regarding the mental, the physical, the moral, the Spiritual degrees of what human lives consist of, and how it is affected through ordinary matters, means and ways that are prevalent and available.

**Let us take a serious point. Every human being has a Soul. The Soul is not seen with one's eyes, but the Soul is present in the very fact that individual human beings automatically know purity from impurity, justice from injustice, hope from despair, and yes, love over hate. The list could be so long, because there are so many Gifts in human lives that are not always accounted for in a personal way, or a practical understanding of.**

**You may ask why I am speaking this way. It is because so many times when you are associated with different backgrounds of other people, different degrees of intellect, different degrees of moral values, the list is endless on this, it is important that you think more indepthly on how you feel about certain conditions or situations or evaluations that occur. Some are very good in what they demonstrate them to be, but never forget, you have the ability and the privilege to follow the way you feel is right for you, so you have the privilege to not accept anything that you feel is offensive or not morally sound physically for you. The list is endless. I repeat this again.**

**Some reading These or taking the Words, would wonder why Heaven would speak in a manner such as this is. I must say, ‘Heaven cares about every fact, factor, interest, move and expression of doubt, expression of safety.’ The list is endless, because in the human mentality, there are so many subjects to be looked into for how favorable they can be to your Soul, to your mind, to your body. Remember this.”**

DECEMBER 6, 2005 AT 12:05 P.M.

**“There are Many of Us present with this *little one*, and We smile when she says to you that she is counting how many you are in comparison to how Many We are.**

**Though it may be difficult for those who hear her speak or watch her movements, to believe that We would be so close to her and deliver What We Will you to hear, to help you more indepthly understand what a Precious Gift you have, living in the human way of man.**

**The genders are perfect. They were created this way, and the intentions in the mentalities of everyone to be slightly different in several ways, was designed to give more interest in how you would live, how you would think, how you would act, and how you would approach situations, conditions, advantages, and intentions in how you daily live.**

***The little one* says to Me, ‘I think I will leave now,’ and I smile at this. I**

ask her if she will say one more thing. She says, 'Yes.'

**Always remember that when you were created, it was a Gift of Divine Love; and when you were prepared to speak, it was a Gift of Divine Love; and when you approached an age higher than the one you were born with, this too was a Gift of Divine Love; and then, each step you took, hopefully guided by logic, reasonability, and an understanding that there would be more for you to understand, more for you to learn, because of the Importance for which you were created at the time you were born.**

**I speak differently, I know, but I do it with Love for your Soul and for you. The Words are to help you more indepthly understand that as you live in the human way, there was a Goal for you to reach, for a Portion of you, you cannot see but you are aware of, especially when It corrects you in how you think and how you will things to be.**

**As I close My Words, I do it with Love for The Holy Trinity, because those who do everything to aid all human lives, remember: When you say**

**a prayer you are heard, and when you do not want to make a mistake morally, mentally, psychologically or just as a human being, We All smile at this and thank you, because of the Soul that you are the custodian of that is to return to The Heavenly King at a time when it is chosen by The Divine.”**

DECEMBER 6, 2005 AT 12:49 P.M.

OUR HEAVENLY FATHER  
OUR HEAVENLY MOTHER  
MANY SAINTS

**“I am your Heavenly Father.**

**With Me, when I speak My Words today, Our Heavenly Mother is also Here, and there are Others Who, in Their Way, cherish This Gift that has been given to the world through *one voice*, because the Logic that is being spread, spoken in a very easy manner, way, is to help the mentalities to more fully understand that to be a human being has many ways to carry the brunt of the important things; but then, to enjoy the things that are to be enjoyable.**

**There are Many Saints standing Here with Me. I smile at this, and They say, ‘Holy Father, What can We add to What You Want others to know?’ I answer Them very quickly, because I say: ‘One of My Main Statements would be, “Never ignore your Soul.” The Soul is a Living Part that will remain. The Soul is a Portion of Who I Am. The Soul is to give you strength**

**in many ways, and the Soul is to give you the dignity that human life bears for your purity's sake.'**

**As I close These Words, I do it with much Love from The Divine, from Me, because you see, everything you think, say and do is important, not just because it represents you, but the value of words when you give them openly, others hear you and many times repeat what you think, say and do.**

**I love this creation, human life. It gives joy to All of Us Here in the Heavens because, do not forget, there are Many Saints present Who walked the human life just as you do."**

DECEMBER 6, 2005 AT 1:35 P.M.

**“There are always Many of Us present wherever this *little one* is. It has been many, many years that she has walked the Path she walks, and there were many, many tears because of her sensitivity that she was so conscious of regarding what was right, what was The Father’s Will, because of the importance of What was being delivered to save Souls, and also to encourage those in the living state to be constantly aware that to live the life of a human being was to be seen as an important status of everything that was to be done for the benefit of what was to be received by others also, and how they would learn to act by the ‘example’ they would be given.**

**I speak These Words, and They are in some and to some who hear Them, difficult, but I assure you, and All Others Here with Me assure you, that a Gift of This Divine Love for the purpose It was created to be, is far more important than the average mentality can perceive It to be.**

**T**here are so many learned, or so-called 'learned' individuals who feel so knowledgeable regarding a Gift such as This is, but there is also jealousy that is sad to see, because *the little one* that bears all the Responsibilities, does nothing to create jealousy. We assure you of this.

**E**very Saint in Heaven loves This Miracle, because in It, It has given so much attention to the Beauty of becoming 'a Saint', or the privilege to communicate in a continuous manner and way with Those Who walk the Role of being close to The Divine in every way.

**S**ainthood comes at another time. Sainthood is a result of a proven state of living. That is why it is so important, that when you see a Gift that in many ways uses so many things within you that are good, moral, decent, and done with dignity because of them being offered to The Creator of All Things.

**B**elieve it or not, it is difficult to speak how I am speaking, because there are so many Words to describe what a Gift of Divine Love you are partaking in, because you are putting The Kingdom of Heaven ahead of all

**things, and you are looking at All The Saints Who are spoken about, or Who speak. You hold Them in dignity, honor, and a high place of importance, for others to understand not just how you think, but the full results that were obtained by how They felt in the human way.**

**I could speak hours and be happy every moment of them, because We Here in the Heavens do not often have this privilege to openly instill into other human beings yet in the living state, how much We see that is important right there where they are, because of their Soul that feels happy when all good is obviously present, and all the other things are cast aside.**

**I must close. I could speak hours, but always remember, thank The Creator for giving you the ability and the chance to serve Him and to help Him in many ways where other human beings would not ordinarily have been helped. God loves you. Remember this.”**

DECEMBER 8, 2005 AT 12:24 P.M.

**OUR HEAVENLY FATHER  
TWENTY SAINTS**

**“We All smile at this *little one*. There are approximately Twenty of Us with her and with you at this time.**

**The Father, in His Love for human beings, is happy today to say He is pleased with All you send forth in print to hundreds if not thousands of other human beings.**

**So many men, women and children do not understand how close I am to man every moment of every day, because of the Importance of the Souls that I protect in many ways, and that I dearly love because They are a Portion of Who I Am.**

**I could speak on and on, but I want you to know, every moment of every day your Soul is available to All of Us, and your Soul is That Portion of you that one day will be thankful to you for everything you gave that was a Blessing to your Soul, whether it was in speech, in what others saw of you, or how you prayed.**

**I bless *the little one* also, because as she walks a Path more difficult than It is seen to be, her love for The Holy Trinity is what she uses to give her the strength to do what she has accepted to be.”**

DECEMBER 8, 2005 AT 1:10 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**I come on this day to let you know how pleased I am with so many things that you do to be kind to others and to give aid where it is needed, but also, to walk in a manner and way dignified in everything you think, say and do.**

**Some will ask why I would say these things. I smile at this, because though you do not see Me in a way that you understand others to be, I am always present, because, do not forget, My Love for you is based on The Father’s Love, because He wants you to return to Him ‘a Saint’.**

**To walk the line of the human way is not difficult, because it has so much Purpose to it and so much Divine Love in it, but also, it gives you the chance to please The Heavenly King in your own way; thus, always remembering that one day will come and you will be appointed a Place that you earned, when you walked at another time in the human way.**

**I love These Words I speak today, because They are Words of Love for The Divine and Love of The Divine, which helps your Soul in many ways.**

**I could speak hours on the joy that is felt Here in the Heavens when all ages of human beings want to show respect, and want to feel that they are loved.**

**As I close These Words, I am happy to say: ‘Never think you are not loved. You are, because you have a Portion of The Creator within you that innately, instinctively, logically, you know that you are responsible for that Entity of Life, that Gift of Divine Life that is placed within you for the benefit of your Soul, and other Gifts too numerous to mention.’**

**I would like to close My Words with a Blessing I think is Beautiful: *In Nomine Patris, et Filii, et Spiritus Sancti. Amen.* I am your Heavenly Mother, and I am always in reach to you.”**

DECEMBER 9, 2005 AT 12:00 NOON

**OUR HEAVENLY FATHER  
SEVERAL SAINTS**

**“I have Blessed many individuals when they speak My Way, because it is important to them, for them, to remember how close We All are to them when they pray.**

**Prayer is not a forgotten communication with The Divine. Prayer is a personal means of allowing words to be spoken that are important for what they mean, and how they close a relationship to a personal understanding, always connected to The Divine.**

**There are Several of Us present, there always are, because of the importance in This Communication that looks so simple, so humanistic in version, in practice, thus putting time as a means and a manner to allow certain things to be seen, or heard, or discussed, expressing openly a Divine Wish, or a wish for The Divine to see, to understand and to bless those making the wish personal to The Divine.**

**S**o many things occur that are not perceived or conceived as having an importance to them, because they appear natural or unexpected or different, according to what occurs.

**I** hold this *little one* tightly, because her small body is oftentimes used, bearing a quiet manner or mood of speaking that takes more strength than it shows.

**T**he world has been Blessed through the many Words that have been put into script to awaken the mentalities of so many in faraway places, aiding them to see the value in Words they read that were written to give them a deeper understanding that The Saints are in different places, and wanting to communicate What They want put into print to aid others to imitate for the good of the Soul they are the custodian of, for The Heavenly Father's sake.

**W**e smile at *the little one*. She says, 'I never know what You are going to say.' That is true, but the Words We pass through her are for others to hear so they, too, will learn that We are always available.

**We just told *the little one* We will talk more on this, but right now she is free until We gather with her in a shorter time than she might see it to be.”**

DECEMBER 9, 2005 AT 12:20 P.M.

OUR HEAVENLY FATHER  
SEVERAL SAINTS

**“We hold *the little one* tightly because of the strain that Our Presence is on her body. She is looking around to find Us, because she knows We are talking, and We told her to look at you. She says, ‘They’re not talking.’**

**There are Several of Us present and We All love this *little one*, because her obedience is beyond what the human mind understands obedience to be.**

**You live in a time wherein there is so much persuasion to imitate others who look like they are popular, and/or they are famous, and/or if they are entertaining in their manner of life.**

**We hold her in deeply and We All smile at this. Our reasoning is, she would not speak These Words if We were to release her the slightest bit. Her practice in life was always honor and dignity. That is the reason she was chosen, or one of the reasons, I should say, for This Task in life.**

**You live in a time wherein so many individuals know what is right, but are easily led into what is impure, unjust, indecent, and has no sense of peace for others in it.**

**You live in a time that is known to be advanced in so many subjects, thus making it sound so correct.**

**I have come to you on this day. *The little one* folds her hands in honor to Me, because in This Gift of Divine Love, What you put into script is to aid others to more fully understand that to be created a human being has a Purpose, a Goal different than anything else created, because human beings are gifted with a Soul, a Portion of What is different, and will one day be That Gift that will reign, bearing the name of the one in whom It was placed at a given time, unless something changes to make It different at another time, for a purpose more feasible, more logical, more advantageous, more practical.**

**There are Several of Us present, and We will close with a few Words for those who take the time to use What We speak for the good It will be to others who will read Them. I say,**

***‘In Nomine Patris, et Filii, et Spiritus Sancti. Amen.’”***

DECEMBER 10, 2005 AT 3:15 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**There are Many of Us present, too Many to mention by Name, but I, your Heavenly Mother, want you to understand how grateful We are for things you do, for the purpose beyond what the average human being understands, in service to The Heavenly King, The Father Who wants all things to be pure in understanding and delivery, because purity is the foundation for hope, and also gives strength where it is needed, and when.**

**It may be difficult for some to understand why there has to be so much aid, help and service on a Project or a Situation that has been created to one day be seen as, and to be treated as a Place of Divine Revelation, serving to The Creator, time and experience, and an innate desire to see progress for the benefit of Souls to be able to one day participate in a step that will be a great help spiritually, morally, mentally, psychologically, for thousands of human beings that will**

be able to participate, in participating in honor and love of The Holy Trinity, plus being able to more indepthly understand the privilege of Sainthood gained for many Souls Who walked the land and aided in service to The Divine Plan.

I know I speak differently, but I assure you, all that this *little one* is directed to do, to request, and to accept, is the Foundation for millions of Souls to one day be able to use and to be known as having participated in an 'open piece of land' that is guarded and guided for much to be taught, instructed, and learned regarding how important Spiritual advantages are the Foundation for many Souls to one day be remembered by name on 'this land'.

It is a beautiful way that so many have shown their love to aid in a Project that so much had to be done for and to and with, so that one day thousands or even millions could be reminded for the Importance for which It was accomplished, and that was and is to open the way for Souls to be remembered through the ones that aid a Project for Saints.”

DECEMBER 12, 2005 AT 11:41 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I speak many times through this *little one*, due to the fact that I know she will obey Me under all circumstances, all conditions, and all various indications of why I am interested or anxious or concerned, and I want to dictate to aid those present of certain conditions I feel one or more of them will be faced with.**

**I will return her slowly, because she finds it difficult to speak What I say. Her small body is used for Who I Am, What I Am, and her body is not strong; and no body, or it would be rare for a body to accept Who I Am, What I Am.**

**You live in a very serious time, but it is ‘a beautiful time’, because I am giving so much to aid human beings of all ages in ‘My Presence’ and how deeply and sincerely I care about them.**

**I use *one small voice* and have My Words put into print because the print**

**will help My Love for human lives to remain and to exist for a great length of time.**

**I will close now, but I will return. I used this time for what I Willed to say, for I feel It is, and was, and will be of Great Importance.**

**My Love for human life never ceases. I love human life. Do not forget, there was one time I used human life to spread the Words I Willed to spread. I walked as ‘a human being’. Today I speak from Heaven.”**

DECEMBER 12, 2005 AT 12:02 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**This *little one* is never without Me. That is why she hesitates sometimes, to think I am going to speak where you are. She asks Me, ‘What do You want to hear from me?’ and I smile at this, because she is very acquainted with The Holy Trinity and They love her for her desire to be correct on all issues that pass through her, so that others will understand more clearly the Importance of their Soul and how close It is to them and to Those of Us Here in the Heavens; even though It cannot be seen by the human side, the very fact that a human being knows right from wrong, good from evil, truth from untruth, hope from despair, sadness from happiness, and serious concern over what is mockery or hate or lies.**

**I will hold her more tightly because she is oftentimes disturbed by the Words I speak, because she does not like to say Them out loud.**

**You live in a very special time, because in this time so much is being revealed to enlighten the minds of those present and those who can read, regarding the importance of human beings using what they are, who they are, and all they know, all they can speak, for the benefit of Souls that need to have example, need to be helped, need to be addressed in a higher manner, higher degree of respect.**

**There have been many times in the History of human life that so much was wrong, impure, erratic, and always ignoring the Purpose for human life, because human life was and is created bearing a Portion of Who I Am; and My Will for human life, every one of them, is for them to return their Soul to Where I Am, Who I Am. The Soul represents the individual.**

**I could speak hours on this, and each time you say a prayer, you are heard in ways and manners and degrees you have no concept of; also, how you think morally, mentally, psychologically, it is recorded in your Soul, That Part of you, you do not see, but you feel It there because you know**

**when you are right or wrong, impure or unjust.**

**I say These Words because I love every human life created, and want it to return to from Where It came and be called ‘a Saint’.”**

DECEMBER 12, 2005 AT 12:51 P.M.

**“Because of the extreme need in many areas of the world, is the reason for This Gift that We Here in the Heavens deliver so much through *one small voice*, but request It to be put into print so that no one has the excuse they did not hear It.**

**All that is delivered through This Gift should be passed openly throughout the world, because Each Statement is based on Divine Love, Divine Will, Divine Hope for the Souls that are yet to come to the Place called ‘Heaven’.”**

DECEMBER 13, 2005 AT 12:05 P.M.

## OUR HEAVENLY MOTHER

**“I** have moved in suddenly on this *little one*, so it will take her a short time to adjust to where she is, because she is standing more with The Divine than where you are. She is looking to see Who The Saints are that she knows.

**I** am your Heavenly Mother. I hold this *little one*, because in so many ways she is more with Us than with others.

**You** have been Blessed many times by the Faith you show, by the care you express, and by the time that you take care of helping others learn more about Us, Who We Are, and What We share.

**There** is no Gift of This Measure any other place in the world, because so Many of Us Here want to be sure that there are Words to give to you that you will extend to others, so they will learn as time goes.

*The little one* says: ‘I want to move, God. I am standing still.’ I smile

at this, because her sincerity, her honesty, and her pattern of wanting to not be seen is prevalent in every moment, in every way, even when she is talking My Words to you and saying what I want you to think about, and to see as to how close We can be with Words that give strength, hope, and a degree of fuller belief in The Divine Way, The Divine Rule, The Divine Hope, The Divine Love that is evident to everyone in the world if they will just look at what they have been delivered in Words from so Many Here in the Heavens.

I speak differently, I know, but it is because of My Love for those who believe in the Existence of The Divine, and what human life has to look forward to, a Goal to one day be with Those Who became 'Saints' and be a Part of helping others learn the Way.

I bless you from the Heavens, but I also bless you for how close I am to you physically at this time. If I was not close, My Voice would be a lot louder. Remember this, because when you speak to One of Us, you do not have to shout, do you, even though you know that Heaven could be far away; but when you say your prayer, whenever

**that time is, We know that you are praying, and We hear every word. Never forget this close Association We have with Each Other.**

**As I close My Words, I bless you with a Love perhaps difficult for you to understand, but is a Gift of Divine Love, because you were created a human being with a logic in your mind, abilities unlimited, and a natural understanding that there is a Goal for a Portion of you, you cannot see, but That Portion loves you. Remember this.”**

DECEMBER 13, 2005 AT 2:25 P.M.

**OUR HEAVENLY FATHER  
OUR HEAVENLY MOTHER**

**“I am your Heavenly Father. And I am your Heavenly Mother. We have been with you today for a very long time, because of the importance of this time in your life that you use as a special time honoring Many of Us in the Heavens, but also, being very kind to those you love, and those you are associated with in a personal degree, way, or understanding.**

**We come at this time because of the Importance of This Gift through this *little one* in which so much is delivered, helping all ages to more indepthly understand what a Gift human life is, and the Goal for which it has been assigned, according to what is important for it, to it, in it, with it.**

**The Soul, to the average person, is just a word, but the Soul is That Portion of human life that is a Part, a Portion of Who I Am, What I Am.**

**I could speak hours on end explaining All I have just spoken, because the Words I have delivered**

are not as thorough in descriptive measures as I would like Them to be.

**W**e are always where you are in some way, some degree, because this Gift is to be cared for and about, due to the fact that the Soul of everyone associated with, connected to, or part of this Gift, all things should be based on the importance of one's thoughts, deeds, words, actions and participations with other individuals, because the Soul is the recipient in more ways than it is seen to be.

**S**ome might say, why would I speak in this way at this time? It is because, whether you know it or not, the moment you were conceived as a human being, Divine Love took over in many ways and many degrees, and no matter what your age is now, you are still a part of a Gift you cannot feel, but It is Part of you, because of your Soul being so Important, due to The Heavenly Father's Love and Purpose for It.

**S**everal of Us have spoken Words to you today, so We are All happy to see that you have permitted Us to give you the last Words to be remembered and that are in print.

**Never forget, you were created a human being. No Greater Gift could there be, because your Soul has the privilege of returning to The Creator and being ‘a Saint’ at the time it is decided to be, because The Father loves you, and The Heavenly Mother loves you. What more could you ask?”**

## TWELVE SAINTS

**“There are Twelve of Us present because of the importance of this time in which you live. Though each time, each day has an importance to it, for it, in it, the time of Celebration makes this time more interesting and closer to how you live your manner of human life.**

**We speak through *one small voice, a little one*, dedicated a long, long, long time ago, because of her love for The Divine and her love for everyone who cares about The Divine, because she innately understands that each human life created is a Portion of Divine Plan, Divine Love, and Divine Willingness to aid each Soul to be returned to The Creator as ‘a Saint’.**

**Believe it or not, your Soul was a Saint when It entered your body, and It was pleased to become a Part of human manner of living, because this manner of living is subject to Divine Love, and uses Divine Love and Love of The Divine to act, to think, to speak, and to obey certain Rules that are Rules**

**based on the Souls that are recipients of all you think, say and do.**

**I want to speak hours, because What This Gift has given to you and to others in print, will help the mentalities of all degrees of intellect more deeply feel close to The Father's Love for them.**

**We want to go on and speak endlessly, but We are requested to do it another time, because when so many important Words are delivered, They must be remembered for what They are meant to instill in you: a deeper understanding regarding the privilege it is to be the custodian of a Soul, a Heart, and a Goal that nothing else created has in the same degree and manner you do.”**

DECEMBER 14, 2005 AT 1:44 P.M.

## MANY SAINTS

**“There are Many of Us present. This Gift of Divine Love is a drawing card to Many of Us Saints, because We find in It memories of when We were in the human way and how We thought, how We prayed, and how We spoke on subject matter natural, normal, feasible and fun, enjoyable in every word We would say.**

**This Gift is truly a Gift of Divine Love, because It is the Foundation and the Basis for understanding each other and learning so much about the continuation that human life is capable of reaching via the Soul that it bore in the human way. A Blessing of This Magnitude is not always understandable to those yet in the living state, but the more one thinks about it, it becomes a happy note and a subject matter to look at as a Gift of Divine Love.**

**When you smile at another human being, do you do it because you hate the human being? No. You do it because you recognize an association**

**of communication that is enjoyable or interesting or gives strength to what you are all about.**

**Being a human being is much more than it is seen on the surface, because the human being, created through time, has been gifted in so many various degrees, ways, subjects and manner that give to it a feeling of progress, enjoyment, challenge and assurance, plus many other things according to an individual's personality, nature, background, and innate sensitivities to certain things.**

**All of Us could speak hours on what a Gift human life has, just being a human being with the Goal of Sainthood awaiting it, and the individual preparing for the time to return to The Creator with the Title he or she was created with and for. Remember this.**

**No Greater Love can a human being perceive a Love to be, than the one being created a human being, with the Goal that one day will help them return to The Creator for All Eternity.”**

DECEMBER 14, 2005 AT 2:33 P.M.

## MANY SAINTS

**“There are so Many of Us present wherever this *little one* is, because of the importance of the Mission for the sake of Souls of all ages of human living.**

**You live in a time where progress has in many ways overstepped what it was intended to do, but the eagerness that occurred in human minds was an anxiousness to make things more prominently available and open for the use of other human beings.**

**These Words may sound different to different individuals, because in the mental understanding of human beings, sometimes the same words mean different things to different ones, according to how they remember things, how they were taught to think certain ways, and what they felt was important to them: points of interest, of caring, of usage, and of time needed to accomplish what they felt would improve a condition, a desire, or the manner of putting forth something that others would appreciate to the**

point where it would be used by perhaps thousands of people because of how practical it was seen to be.

**All of Us Saints look at This Time and This Gift of Divine Love, and are so grateful for What It is accomplishing to instill more understanding of the True Presence of the Souls that every human being is gifted with.**

**There was a short period of time that the word 'Soul' being a Gift to a human being, was saddened, because it could not be understood in what a Treasure It was, because the Soul, not being able to be seen, automatically cast out the Fact that It existed, or the reasonability that It could exist if It could never be seen.**

**You live in a time wherein so much progress has been allowed to be open and available, because every human being is gifted with a Soul at the moment of his or her conception. The Soul is That Portion of human life that is a Portion of The Creator, thus giving to human life a Strength that nothing else created has, because as a Portion of it, is capable of greater things than it is seen to have or to be, or to follow or to accomplish. The**

**Soul is an Entity of Divine Love, Its existence profound, and the reality of It logical, because It instills into human life That Portion of The Creator of All Things.**

**No one is born without a Soul. Remember this. It is from the moment of conception that the Soul is instilled in a manner and way not humanly understood, but It is as close to the heart. The heart is there and the heart moves, does it not? The heart helps the living portion of life to exist; so, the Soul is Another Portion, the Divine Gift that is similar to what the heart is for: the benefit of the individual in whom these Two Things exist.**

**Some who read These Words may not understand Them, or may resent Them, or resist Them, or deny Them, or feel rash judgment has been spoken, only because they do not have the Faith in The Divine, or the Faith in how human life is so specially gifted, that this Addition to human life has a Purpose, a Goal, but a Strength necessary to support what was needed to accomplish something nothing else could.**

**Some will read These Words. They will not fully comprehend what a beautiful way that so much has been put into print regarding the Gifts of human life, the Purposes for human life, and the Willingness to fulfill all these things so that human living would be able to one day return to The Creator in the condition, in the manner giving to That Part, 'That Gift', What The Heavenly Father designed for the Souls of millions of human beings: to be able to one day be able to fulfill What Divine Will was used for, and that is to become 'a Saint'."**

DECEMBER 15, 2005 AT 12:34 P.M.

## SEVERAL SAINTS

**“There are Several of Us present as We are always ready to recite, to deliver and to instill Words to give strength, help, perseverance and hope to the many things that appear in and with and for human beings to make serious decisions on, for, and with. Sometimes Words spoken seem so natural, so clearly stated, bearing a meaningful gesture or consideration or an evaluation on what would be proper to aid certain conditions for whatever the subject matter is.**

**We speak through *a little one*. We call her that, because in comparison to so many she deals with, she is one against many, and many against one in size and in mentality that must be revealed, helping important measures of not just educational means, but subject matter that gives strength where it is needed, and hope to give strength where it will suffice for a closer union with Divine Love, Divine Grace, and Divine Intercession.**

**We smile when We speak so much through this *little one*, because as, and each time she speaks, she waits for Our intercession, sensing it to be of great importance, beneficial to the mentality and the Spiritual understanding, plus the physical abilities to follow what it would result in, more than it could if it were just left alone and on its own dimension of communication.**

**We speak slowly, because what We desire would be correct for you to understand may take a certain degree of concentration on the value of the subject matter to aid you, and for you to help others evaluate the importance of what Communication was revealed to/for the reasons that occurs through It: beneficial and/or addressing the subject matter as aiding or helping or being used as a Foundation of what would give strength to what would be properly, morally, sensually, and humanly fair in every facet of It.**

**As Each One of Us speaks what We feel is beneficial, The Heavenly Father is always aware of Our intercession, Our caring, Our interests, and definitely Our wanting all things to be productively pleasing, and spiritually applicable to Divine Will.**

**All who take the Words are Blessed in a manner and degree and a way to give them the strength to persevere so they will be strong when anything occurs that might appear obstinate to what they have learned. Blessings are Gifts of Divine Love, and within Them, They use what They speak to give those who take the Words the strength to persevere morally, mentally, psychologically, and hopefully according to Divine Will.**

**I smile when I bless you with My Hand in the air. It is My Will for your privilege, but also for your care to abide by Divine Love and Will, because of the importance These Things are to your Souls.”**

DECEMBER 15, 2005 AT 2:55 P.M.

**SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena.**

**I am so pleased to be able to speak through The Gift of Love to a group of individuals who are not just willing to participate, but thankful for the privilege to speak for a Saint, allowing others to understand the Words, the meaning of the Words, and the privilege of being able to speak like They can.**

**You live in a time wherein intellect has an important value to it. It always has, but at this time, many more individuals are finding it giving them a closer union on many subjects that ordinarily they would not have.**

**You live in a time called ‘progress’, ‘advancement’, and ‘a deeper understanding’ of so many subjects that ordinarily were not included in how an individual could speak about, and/or intentionally instruct on the value of so many more things that others not just needed to know, but desired to learn about.**

**We All smile at These Words because We, in How We live, in the Manner We live, find so much happiness in the progress that has developed for so many thousands of human beings to broaden their scope of not just values, but to learn more indepthly how The Creator has allowed so much progress that at one time was rare.**

**There are Many of Us present, and We are so happy to be able to share with you the happiness We feel in What We just described, because you are part of it, and you have the capability of participation in how you apply your time to the progress you are surrounded with and by.**

**We ask The Father, ‘How much more, Heavenly Father, is there going to be?’ And He smiles at Us and says, ‘I will show You when the time is right.’”**

DECEMBER 16, 2005 AT 12:03 P.M.

## GOD THE FATHER

**“Each time I feel it necessary to put this *little one* in a way closer to Me, I know it is difficult for her, because she walks a Path that she knows I will speak. She worries for the Words she will have to repeat because of the importance that others must understand to be a Gift of My Divine Love from The Holy Trinity. I say ‘Holy Trinity’, because Where I Am, Others are present with Me, and They, too, cherish it when those yet upon the earth put Words into script that I speak, to give them a reminder of the Importance of being a human being, and what a Treasure it is to know that within you, you have a Soul, a Gift of Divine Love from The Holy, Holy Trinity.**

**Always remember that to be created a human being is above and beyond what you are capable of making on your own. There are always conditions from The Divine when the Gift is meant so indepthly for the Soul that is to be Part of who you are, how you live, what you practice, and what**

**you help others to be, in their manner of living.**

*The little one* I use is always available to Me, and as I speak My Words through her, she oftentimes questions who I mean, because she wants it right, due to the fact that My being able to speak through her is important to the lives of those who hear the Words and hopefully put Them into print so the Words will be remembered for What They mean.

I smile as I release her slowly, because it is important for the Words I have just delivered to let others see.

I bless those who practice purity of the mind and the body, because each time I speak to the Souls, there are Souls that thank Me for the Words I encouraged to be heard, to be put into print for others to remember how close the Souls are to Me.”

DECEMBER 16, 2005 AT 1:07 P.M.

## SEVERAL SAINTS

**“There are Several of Us present and We are All smiling at Each Other, because We have just presented to this *little one* a question. She says, ‘I know it is a question, but I don’t know how to answer it.’ We smile. We ask her if on the day she was born, was that the day she was created? She says, ‘No, I had to wait awhile before God let me out.’ We All smile at this. The logic in this *little one* is always above and beyond what is expected her to be reminded of, or to be aware of, or to reason out logically and firmly.**

**You live in a world of so many different personalities, natures, intellects, and I add, or I should say, We add the meaning of a sense of humor.**

**There are so many beautiful Gifts for the human being created that can give hope, understanding, patience and intellect on many subjects; plus, the ability to use the Gifts that were given to the human part of life: to be able to think, to be able to speak, to be able to see, and yet be aware of all the**

**organs of the body that need attention at different times for different important reasonings.**

**The next time you look in the mirror, you won't see all this, but you will be more aware of it now, because so much is taken for granted in every human life. Even a baby, when it cries, it instinctively knows that something will come from it. It is to get attention sometimes.**

**The list for human lives is endless in all the attributes, all the Gifts, all the important built-in reasons that a human being would not have known enough to invent, or be able to invent, for their safety or for their natural conditions in the human way.**

**Many reading This might say, 'Why would all those questions be asked in such a personal degree or way?' It is because in the human mentality so little is recognized as being a Gift of Divine Love that animals don't have in the same measure, same degree, or same purpose mainly.**

**I will close My Words at this time, but They have been delivered to awaken the minds of those who will read Them, of, in the designing the**

**human body, so much was given to give strength, purpose, aid and hope, to be able to use the human body to its fullest measure, and never forget knowing what is pure over impure, justice over injustice, hope over despair, kindness over hate, because hate is ugly, and you know this.**

**Some might say, ‘Why would this be spoken in this thoroughness?’ It is to remind all who read It that they have much to be thankful for, because everything created, first of all the body, the mind, the heart, and all that a human body contains, has an importance to it; but never forget, the ability to hear and to understand, and to return what others can say, is an endless Measure of Divine Love and there is even more that I will speak on later.”**

DECEMBER 19, 2005 AT 12:27 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**My Love for human lives is Far Greater than It is understood to be by the very lives that I created, and gave them a Soul to return to Me.**

**I know it is difficult for numerous human beings, the number too much to mention, but it is important that they understand that My Love for human life was to put *someone* who would speak My Words to them at a time when they would least suspect *a voice* to be, but also, giving them the privilege to put into script What I Will them to know, personally.**

**It is always sad when I hear any age of human life not trust how I feel about them, or not understand that in the creation of them, I, too, was there, happy to see them, because I knew that the day would come that their Soul would be chosen for a Place Greater than the human mind could perceive It to be. It is called ‘Heaven’.**

**I chose *one small voice*. There were different ones through time, but I speak at the time that you live now, because *the one* I chose is in your midst many times, thus giving to you the privilege to speak My Words in a written form for others to read and to learn from, how I feel about them.**

**I will close, but as I do, I must tell you something: I wish that every moment of every day I could be Physically with you and I could speak like I do now in a Personal way, but I must add to this: it could be sometimes in your life that you do not see Me, but I am always there.”**

**DECEMBER 19, 2005 AT 1:10 P.M.**

**“There are so Many of Us Souls that desire to speak through This Gift that is such a Blessing to those yet in the living state.**

**It is important that more human beings, of all ages, should learn about All the Writings that have taken place with Words to aid them, to awaken them, and to give them a deeper understanding of and in, how close they are to The Divine.**

**The Heavenly Father, in His Love for human life, allows so much to be communicated when an individual feels prayer is necessary, and/or the ability to speak openly on a subject matter that the individual needs some direction, some care, or a deeper understanding of the subject that in some ways can give strength if it is understood in a more discernible manner.**

**So Many of Us Saints Here in the Heavens love This Gift The Father has allowed to be, and has supported It because of human necessity, oftentimes**

to allow someone to be alerted or awakened or instructed. The list is endless on the Attributes of This Gift that seems so common to some to understand.

I could speak on and on, but All of Us Saints Here in the Heavens, and I speak for a Lot of Saints, are always happy when Messages such as this can be spoken verbally and put into print, because, believe it or not, It gives strength, hope, and a deeper understanding regarding having a communication with The Divine that nothing else created is gifted with.

As I close, I say Words you've heard before: "To walk the human path is a Blessing beyond what it is seen to be, and it is important that all facets you know of give you the ability to understand how lucky you are to have a Divine Friend."

DECEMBER 19, 2005 AT 2:14 P.M.

## SAINT ANDREW

**“I am Saint Andrew.**

**It is with much happiness that I will speak through this *little one*, because so Many Here enjoy the time They are requested to put into print What They feel is occurring to aid human beings of all ages on the importance of their living habits and how they, in so many ways, have the privilege to use prayer, giving them the strength and the strength to help others, thus giving the Saint credibility for answering the prayers.**

**There are Thousands of Saints Here in the Heavens, not All known for Their Title or Their Name, but many times They will request permission from The Heavenly Father to give aid where it is needed. Sometimes it is due to illness, sometimes it is due to personal problems or dissension in ways that allow so much unhappiness; also, how important it can be to children who feel alone in the world, uncared for, and always denied what**

**they feel they would like to do, or have, or be a part of.**

**A very long time ago, when prayer was first realized as a communication direct, it became a habit with most individuals who felt the strength that the prayer could give them, no matter what the subject was about. At this time in which thousands of human beings of all backgrounds are beginning to more indepthly understand Spiritual facts are important, and give them strength, hope, even courage when they practice them; also, the knowledge of purity over impurity, justice over injustice, hope over despair, has in many ways helped more human beings than words in print could judge perfectly.**

**Today as I speak, and Others Here with Me, it is important that prayer never be stopped, never be set aside, because it is a communication that is never denied.**

**The One or Several receiving the prayers, sees the value of them, the purpose for them, and the Faith in them, thus allowing Those hearing them to want to help, and They usually succeed, but it could be in another facet that The Heavenly Father decided**

was more important at that particular time for the health, or the mentality, or the physical aid for the individual that wanted the prayers said.

**I** know My Words are different than I usually speak, but I assure you, whenever a request is heard, it is immediately checked into for what help would be best, what would be exceptionally necessary, but also the condition of whoever is asking the favor to be. Do they need help in some form, some manner, some degree?

**P**rayer is not just a word or words. Prayer is a communication to The Sacred Divine, no matter What Saint you call upon, and the prayer is thought about for the best that it can use or do or fulfill, or allow to be as the one praying wants it to be.

**H**uman beings are Loved deeply, and every prayer is heard.

**T**here are so many ways to say My next Words. The Heavenly Father, The Creator of All Things, never questions unjustly what you request to be, and only the Will of The Holy Trinity helps where They know it is best to be.

**Remember this, because it is Truth, and you are Loved in a human way that to Everyone in the Heavens, when a human being requests help, it is heard and help does come when it is possible; and there is always the impossibility, could be something in arrogance, misjudgment, hate, or despair from a source inconceivable there.”**

DECEMBER 20, 2005 AT 12:08 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**Time is one of the most important Gifts given to human life, and many, many other factors, conditions, situations, and Gifts in other manners, ways, degrees, for purposes not all understandable, but many times more than practical, that save lives.**

**I know I speak differently, but I do this many times to alert, to awaken, and to give Words that may be important to some, for some particular reason, or promises made to someone else.**

**I am your Heavenly Father. I speak with Deep Love for human life, because in the Creation it was so important to instill logic, sensitivity, understanding, hope, and abilities beyond these, to use human life for various ways, perhaps even to save one's own life some day.**

**I know I speak differently, but it is to awaken individuals to how many Gifts human life is capable of**

**having, and not to just look at human life as a drag, daily made. It is a Gift of communication, and a Gift of understanding the different Gifts that human life is capable of being used for, with.**

**I want to speak hours on this and I will speak more at a later time, but I bless you from the Heavens and I say, ‘As I stand Where I Am, and I Am Who I Am, I bless you and am grateful for your creation, because within your creation, you have the privilege, the ability to return to Me and be called “a Saint”.’”**

DECEMBER 20, 2005 AT 12:36 P.M.

## MANY SAINTS

**“It brings much happiness to so Many of Us Here in the Heavens when We see those who join their time together in Honor of The Saints, and of course, The Heavenly Father and The Heavenly Queen.**

**You may not always think about this, but it is a Fact: We are always present with you, but We are happy to hear your joy when you celebrate time together, to share notes, ideas, considerations, and love for The Divine.**

**We will close It short, for We see you have much to do, but as We do, We All want to say in a unison way: *‘In Nomine Patris, et Filii, et Spiritus Sancti. Thank You, God, for all those who are here today.’*”**

DECEMBER 20, 2005 AT 1:05 P.M.

**“There are sometimes Twenty of Us present where This Gift is so important for the Souls of not just thousands of people, but We would say hundreds of thousands, not limiting what the final figure could be.**

**What This Gift of Divine Love stands for, is far greater when It is spoken in Its proper manner, way, purpose and goal, but also, how It is to everyone every day, when Something is spoken through It to awaken the mentalities present, giving them more moral strength and more Spiritual understanding than reading ten books could do.**

**When The Heavenly Father walked the earth, He did not carry a book. He spoke to those who surrounded Him or the ones who met with Him almost by accident, because in just appearing face to face, heart to heart, mind to mind, has the ability to adjust, and to feel the warmth, the understanding and the sensitivity of closeness on different items or same items, or same conditions**

**in how the physical responds to a situation like this.**

**Always remember, you know the Names of hundreds of individual People that are in the Heavens. This alone should tell you that you have a close Association that you base different things on, and The Saints are always happy when you communicate from the earth to Them Above. It gives Them joy and it gives Them hope, because it is natural to want to have someone who agrees with you, or who you learn things from, or who you can teach some things that others did not know just by your presence alone, in how you look, how you feel, how you act, and how you may say a few words of great importance.**

**I could speak hours on this subject, because it is a subject of truth, fact, and something to think about, whether you are with people or you are alone; because, do not forget, when you walk up to The Blessed Sacrament and you want to receive What is available for you, He does not come out and say 'Hello' with your name. He waits for you to meet Him alone, and when you feel that Wafer get into your mouth,**

**there is a lot more that goes on than you will ever know.**

**I bless you from the Heavens, but I bless you with God's Love, because in your Faith and in your hope and in your willingness to do what is right for your Soul, you will be blessed abundantly. I promise you, I know."**

DECEMBER 20, 2005 AT 2:00 P.M.

## SAINT JOSEPH, THE HOLY SPIRIT

**“I am Saint Joseph.**

**I do not speak often, but when I do, I do it braced with Divine Love and hopeful that What I speak will be heard in the manner and degree I Will it to be.**

**There are so Many Beautiful Saints Who walk the earth in manners and ways not as you know walking to be, but They travel according to how The Father Decrees They appear and They speak.**

**You live in a time when enough is not spoken on The Divine, because so much is financial, or according to how individuals live, how they feel, and how much they depend upon material things over and above Spiritual aid, communication, and the Presence of Saints they see in statuary form in places they go, such as Chapels, or Churches, or even on grounds outside of everything else, that is dedicated to the statuary present there.**

**I** come on this day because it is an important time, due to the fact that it openly suggests through statuary, through prayers, and through gifts, the Importance of different Ones that, in Their past, did great things for the benefit of human beings, all ages.

**N**eedless to say, there are millions of Words to describe Bible History in its full measure of meaning, and how important it is for the Souls of millions of human beings.

**T**he average human being has no concept of what their Soul looks like, or Its task within them while they are in the life or the lively state of being a human being. This goes for both male and female, also children of all ages, but also for millions of human beings who do not practice a religion. They just live the human manner of life doing what they feel they are available to do, or it is available for them to use.

**T**here are so many ways human beings of all ages do not fully comprehend that at the moment they are created a human being, they are gifted with a Soul by The Creator of All human lives. The Soul is not evident,

**but Its Presence felt. When they hold the child, there is more than a body in what they feel.**

**Some reading These Words will wonder why They were spoken. The reason is and was of great importance, because too little time, or too little logic is spent on the in-depth gratitude of the Creation of human lives, because it was created, or they were created to one day return to The Creator and be 'Saints in Heaven'.**

**The whole story is never spoken. The whole meaning is never truly understood, but I promise you, the Gift of human life is a Gift with a Goal for the Portion of it that is a Portion of The Creator, and there is a Future for every human being created, and it isn't until the time is chosen, does that individual know what a Gift of Divine Love human life was, because now the Soul is in Heaven with The One Who created It a long time ago, or a short time ago, but It is still the result of a Gift of Divine Love, Greater than the human mentality can perceive It to be, and the human understanding that The Heavenly Father's Love for human life is Above and Beyond what It can be seen, felt, or understood, because**

**it has a Future to return to at a time  
that only The Creator knows this.”**

DECEMBER 20, 2005 AT 2:57 P.M.

**“*The little one* We use for so many important issues is well aware of Our Presence at all times. We All smile when We say These Words because when she is approached, sometimes We are made aware of her possibly needing Our help to put into script what might be spoken.**

**Many of Us Saints Here appreciate This Gift more than shows, because It gives to human beings an advantage, and that is to more fully understand how close one is to The Divine, and able to speak to The Divine in words understandable. The Divine speaks back in ways, sometimes formal, but many times in gestures that suddenly you see as not being from an ordinary manner, but because they are different, and you recognize it is not coming from a living human being.**

**So many would try to cast out what I have just spoken, but that would be foolish, because from the moment of conception, truth is the greatest**

**Gift a human being can have, because truth gives logic, understanding, strength mentally, physically, socially, and any way that is possible for the body to respond in the proper way, and the mind to respond as quickly as the mind can to the meaning of what is being prepared, or being practiced.**

**Those who take These Words are fortunate because there are thousands, or millions of human beings throughout the world who need What is delivered through This Gift of Divine Love for Souls to be returned to from Where They came.”**

DECEMBER 20, 2005 AT 3:09 P.M.

**“There are Six of Us standing by. This occurs oftentimes because We All are ready to aid this *little one* in a difficult situation that might occur.**

**You live in a time where human beings, when human beings called the worst time in the History, ‘Sodom and Gomorrah’. Yes, the ugliness of that time was a sadness greater than it is spoken to be. Granted, you live in a time wherein all is not perfect morally, psychologically, physically or emotionally, or scientifically brilliant in all aspects that it could be, if there was not so much egotism or self-righteousness or possession of being important from the use of one’s name in public.**

**In the Creation of human life, the Gifts are boundless, not just because of the progress that is so beneficial, but due to the fact that people are more conscientious, more sensitive, and more willing to do what is right mentally, medically, morally and**

**psychologically. There is more of this recognized than it is seen by most.**

**One of the greatest things a human being can do is to be ‘good example’ in every possible factor of what it would consist of, even though medical charts have grown greater, also that wealth in the human manner of financial means had developed immensely, also that so many individuals are interested in what is morally sound for their families and for their friends and for themselves, but this one sometimes lacks continuity in reminiscing how to handle it in the proper order and way.**

**To be created a human being is a Blessing far beyond what it is recognized to be, because the physical and the mental appear as the most important factors, thus ignoring the moral advantages for the Soul that is ‘the victim’ of immorality and it is not necessary for this to be, because immorality is based on so many impure actions, thoughts, participations and other things unmentionable at this time.**

**Say to yourself: ‘*Thank You, God, for creating me a human being, and please help me to see it as my way to return to You for All Eternity,*’ and**

**remember when you say this, there are things you must abstain from, and there are things you must use in a more delicate or an official manner morally, sensually, and with your instincts being aware constantly of how it can be done for the benefit of your Soul.**

**It does not take more time. It just takes a desire to reach for ‘Sainthood’ when the time comes and The Father decides He wants you to be with Him and The Heavenly Mother Forever and ever and ever.”**

## OUR HEAVENLY FATHER

**“I smile when I say, ‘Yes, I have appointed “this place” to aid and to fulfill My Desire to allow many to more fully understand, to encourage many to know how close I am to them.’**

**In this Love of Mine, it is a happiness for Me each time I am called upon to do what I love to do, and that is to be with those who sincerely feel, and always try to understand I am available when they call My Name, because at the time I created human lives, in the beginning of this Gift of Divine Love that was prepared for millions of human beings, it is still yet a joy when one or small numbers look to Me just for My Attention and My Small Gifts that give to them strength, but also a means to remember Me.**

**I, so many times, speak differently through this *little one* because of her closeness to Me. She is always ready to serve, even great numbers of individuals at one time.**

**You live in a time special, not that each time is not special, but times**

**such as this is, when you receive What you just did, it always makes Me happy to know that your love for Me draws you close to Me and I to you.**

**I will close My Words at this time, but know that I am always present because of the Importance of Souls that need many times to be aware of Where I Am and Who I Am. It is a privilege for Who I Am.”**

DECEMBER 22, 2005 AT 12:03 P.M.

SAINT CATHERINE OF SIENA

**“I am Saint Catherine of Siena.**

**There are Several Here with Me at this time because of the Importance of the lives that are throughout the world in need of a Gift such as This One is, wherein so Many of Us speak Words of comfort, understanding, direction, hope, and of the necessity to be respectful to The Divine.**

**We say so many things through this *little one*, not always using the Words expected to be, because in Our Love for human lives, We want all human lives to fully understand what a great Gift human life is, and it has a Goal, or I should say many goals, because it walks a path of participation in more ways, on more ideas, and for the protection of many, many parts of what life is exposed to, sometimes daily.**

**So Many of Us are smiling at this *little one's* concern and happiness over how We dictate through her Wording that We want others to see, to learn from, and to value the degree of Each**

**Word for the benefit of their Soul, and the Souls of others who will read the Words and find that many of the Words astonish their mentality and their memory.**

**We speak so differently so many times, but We do it with Love of The Divine, because in the Creation of human life, human living, there is so much to be learned by every individual, because there are so many facets of human life that use an individual's mentality or desire or emotions or intellect, or the value of being a human being with the responsibilities that they were not in tune with at an earlier time.**

**We smile at this *little one*, because she repeats Our Words with more than a sincerity, because she is always surprised at how many things We are capable of speaking about that would not be thought of by the human mind; and I say as I leave you on this day, *'In Nomine Patris, et Filii, et Spiritus Sancti. Amen.'*"**

DECEMBER 22, 2005 AT 1:36 P.M.

SAINT ALPHONSUS LIGUORI  
PADRE PIO  
SAINT STANISLAUS

**“I am Saint Alphonsus Liguori. I am Padre Pio. I am Saint Stanislaus.**

**So Many of Us enjoy Our time when We can deliver through this *little one*, Words to aid others in looking deeper into the privileges afforded through The Father’s Love for the sake of the Souls, but also to give strength to the Foundation of understanding.**

**Today there are Several of Us present. We All like to speak through this *little one*, because as she repeats Our Words, They are said with a deep love for Us; and also, in understanding that Our Presence is important to not just her, but others who accompany her at different times, she says to Me, ‘Should You not have said “They are company to me”?’ instead of the way We said it to her.**

**We do this to her many times, because she wants all things to be perfect because of the Souls that will be the ‘recipients’ of What We request**

to be put into print to aid Them personally, but also to aid those who will pray to Them or speak to Them in a normal manner of conversation.

We must add to this: It is a joy to Us to be able to partake, through this *little one*, Words to others that will help them as they read the Words, to more indepthly understand that a time will come that they might be the deliverer of aiding so many to become 'Saints'. By this, I mean those who will read the Words and find Them a Treasure, and then begin a life of wanting to serve where it would aid their Soul in a greater manner and way than they once thought possible for them.

Our time with all who take the Words is a time greater to Us than We are able to say. We walked the earth. We lived a human way, and at that time We did not know What you know today, because much of it was guesswork or taking the word of someone who stood in authority in a Spiritual manner, degree and way.

It is a privilege to communicate with you on this day as there is so much accomplished, because hopefully We leave you with the knowledge and

**the hope that when the time comes and you are taken to Another Place, you will find a Great Joy in service to aid others to accomplish what you accomplished another time, another way, another day.”**

DECEMBER 23, 2005 AT 12:00 NOON

## OUR HEAVENLY MOTHER

**It is our Heavenly Mother.**

**“It is important that All that is spoken by Many of Us Here in the Heavens to be spread in ways, places that many will find It the first time for them.**

**You live in a Time of The Father’s Love. It is always His Love that makes things occur, so that many will be more apt to understand how close He is to them, and the reality of His Love for them.**

**All of Us Here in the Heavens could speak hours on things that those in the living state should know, or would like to know, but when We speak to The Heavenly One, He says, ‘I will address that at another time, but I thank You for reminding Me that You understand My Love for human life.’**

**Today as I speak through this *little one*, I want all to know that as I bless those who put My Words into print, I also bless those who will read Them and accept My Way of doing**

**things, My Will for them, and My Divine Love to be active in how they live the human way that they were designed to follow and be a part of.”**

DECEMBER 23, 2005 AT 1:24 P.M.

## TWENTY SAINTS

**“There are at least Twenty of Us present. *The little one* is shocked at so Many at one time, but We All smile at her and know that she will fulfill the purpose, the reasoning, the understanding, the value, the truth and the Divine Love that exists when We appear in this manner and way, because of how this *little one* uses every day, many times in the day, to appeal to The Creator of All Things, or to respond to What He says to her on subject matter that would not be available in an open way.**

**Someday, All that has been delivered, and the purpose for which All This has occurred, will be known for the privilege It is and was, and for the Delivered Act of Divine Love that designed It and used It, mostly on *one little body*, for It to be passed on to thousands and thousands and thousands of human beings, giving them the privilege to more indepthly understand that the Gift of human life had a Purpose beyond the mentality of man.**

**When individuals hear that there are many goals for life that are the Goals for That Portion of life, the Living Portion, for It to be returned to a Place and be able to live in a manner different than before, but It will be in service to The Creator and Other Saints that were used in different and/or difficult conditions, situations, or on subject matter that could be controversial and/or just necessary for Facts to be able to be seen for the worth They were and are.**

**We could speak hours through this *little one* in a continuous way, but Our Love for her is to make it later on, because We have spoken a great deal at this time, and it is of great importance for It to be seen for the worth It is, Designed by The Holy Trinity.”**

**DECEMBER 27, 2005 AT 12:18 P.M.**

**“There are Several of Us present because of the Importance of the Souls that are involved in all of those present here, but also throughout the world.**

**To a man, woman or child, a Soul is a word that speaks of Something, but it does not always elaborate on the Importance of Who the Soul is or What the Soul is, and many other things that the Soul is Important for and to, and about and in.**

**I know that I have spoken many times regarding the Importance of being created a human being, but I also know that each day that is lived by a human being, the individual has a memory of something that occurred, or some reason, or some things that were needed to partake in, whether it was personal, or physical, or monetary, or social, or casual.**

**The Soul is ‘a Living Matter’ of Divine Love that was and is created for the benefits of the Gift of human living, human life, human understanding,**

**human abilities, human intentions and human results.**

**I will close These Words at this time, but I assure you, They were given with Love from The Divine, and a desire to have all who read Them, to understand that they are the custodian of an Important Part of Divine Plan.”**

DECEMBER 27, 2005 AT 1:05 P.M.

**OUR HEAVENLY FATHER  
MANY SAINTS**

**“I am your Heavenly Father.**

**Every moment of every day, I am with you. You cannot see Me, but you are aware of the possibility of My being close to you, concerned over everything you think, say and do.**

**Why am I like this? Because every creation of human life is gifted with Divine Love. No matter how it was conceived, how it was created in its full degree is a Matter of Divine Love. The human body that bears This, bears a privilege greater than it sees or understands, because in the human body, I am in a Manner and Way inconceivable to the human mentality, because in the Creation of human life, there was a Goal that Everyone Here in the Heavens wanted It to reach, and still do, because the Soul of a human being is a Gift of Divine Love, thus being created to one day return to from Where It came and be There for All Eternity, to remain in the Place It was created from, and in, and for.**

**So many human beings, of all ages, do not understand a Gift of this Measure, this Divine Love, because in the human mind there are limitations based on what an individual goes through mentally, psychologically, physically and spiritually, and each step has a purpose, a reasonability, and each human being, through their developed personality in how they think, how they act, and how they determine decisions to be made in all facets of human living, it leaves within each individual the promise that when the time comes, that Gift of the Soul they received, wants to return to from Where It came, because It is called 'Heaven'.**

**All of Us Saints could speak hours, hoping to encourage those yet in the living state to not feel that all is ended when one cannot breathe, but sometimes it is that first step that causes so much to occur, and so much Divine Love to be available.**

**Some reading These Words may be unhappy with Them, and We All understand that, Here in the Heavens, but please be aware that to be created a human being has a Goal Far Greater than it can be perceived to be.**

**The Father's Love is never-ending. Divine Hope is always present, and yes, All The Saints in Heaven can verify These Statements."**

DECEMBER 27, 2005 AT 2:15 P.M.

**TWELVE SAINTS**

**“There are Twelve of Us present. Some hearing this will find it difficult to believe or to handle or to understand or to accept.**

**When We are given the privilege to speak when The Father requests Us to do it, Our Happiness is beyond what the human mind can perceive it to be, because at one time, We walked the human path, living the human way, and participating in many things that We were familiar with and/or were entertainment to Us in certain ways.**

**The Father has given Us permission to speak on this day because as We at one time walked the human way, We are happy to be with many of you who have the same privilege day by day.**

**Your responsibilities are many, but so were Ours, and the manner in which you approach certain facts, figures, questions and concerned motions in what to request help from, or aid, or to encourage others not involved as yet, to see the beauty in what**

**you are accustomed to by being able to read and write, dictate and associate with the subject matter in a manner and way inconceivable to certain minds and certain understandings that could give happiness, joy, encouragement and hope on other things to practice, to aid other human beings, helping them understand what a privilege it is to be created a human being, but also, to be able to one day, at a given time by The Creator, become ‘a Saint’, and be with Him for All Eternity.**

**Needless to say, What has been spoken here is not the same as Our Communication at other times, but This Gift that is so Beautiful in so many ways, is a Treasure for Every Saint Here in the Heavens to be Part of a Gift of This Dimension, This Service to other human beings, giving them the opportunity to learn more about becoming ‘a Saint’, and to be able to more fully understand that the privilege of being a human being could only have been Divine Plan.**

**The Father smiles as These Words are spoken, because in Our Love for Him and All The Saints Here in the Heavens, We cherish Our time with you when We can speak as We just have.”**

DECEMBER 28, 2005 AT 11:53 A.M.

## GOD THE FATHER

**“If I did not hold this *little one* so tightly, she would walk away, because it is sometimes difficult for her to realize that My Love for human lives, I sometimes use *a little one* such as she to transmit, transfer, introduce, or just speak Words of how I feel and how I want things to be regarding the lives, the surroundings, the health, the occupations, and yes, how human beings act is important to Me.**

**In the Creation when it first began, those who were created had to learn to understand, to respond to what they felt, they saw, they heard, but also, to use certain things in regard to their association with others like themselves. All these things came to pass at a time much longer ago than the time in which you live.**

**I hold *the little one* tightly because her concentration in What I speak is all new to her, so when she repeats What I Will others to know, she hesitates in fear she does not hear clearly. My Intention is for the**

**Souls, because within you, there is a Portion of Who I Am, not seen with the physical eye, but innately understood to be, because of your ability to know what is pure over what is impure, just over what is unjust, right over what is wrong, good over evil, and many other Words that you know, because some of Them were spoken to you at another time, or even not long ago.**

**I have given to the world *one small body, one small voice*, not as others would expect My Choice to be. My Choice, to many, would be a very robust human being with a voice that could be heard miles, all speaking My Words that I use in The Holy Trinity.**

**And now as I return to Words that I want you to understand, because in your understanding you will live it and show it openly to others you meet, you know, or you will become acquainted with another time, another place, another way.**

**In the Design of human life, so much was instilled, and now again, I come to the world to renew a lot of It, because you see, every human being is created with a Portion of Who I Am, What I Am. It is called 'the Soul'. The**

**Soul is Who I will see, What I will see, in a different way than you, because the Soul is to return to from Where It was made to be.**

**I know I have spoken much. I hope you will understand My Love for human life is Greater than what a human being can have for another human being, because My Love is to one day have you return to Me.**

**I know this may be difficult for some to understand, but there is no Greater Goal for the life of mankind than to return the Soul in The Divine.**

**I will release *the little one* slowly, because as These Words poured through her, it took more strength than anyone could see, understand or feel, but I want you to know I have given This to the world because the need was so great for human beings to more fully, indepthly understand how close I am to them, and yet they cannot see What I Am, Who I Am, but the time will come and it will be as I Planned it for the Souls of not just millions of human beings, but billions and billions and billions of human lives, because the Creation of human life, in many ways, is gifted in How I Am.**

**I will speak no more at this time, but I assure you, I am with you all the time.”**

DECEMBER 28, 2005 AT 12:54 P.M.

## MANY SAINTS

**“There are Many, Many of Us present. Now you might say, ‘Is Your body here?’ We would say, ‘Not in the same understanding you know a body to be, but Our Souls are standing Here with The Holy Trinity.’**

**The world has been Blessed so many times, in so many ways, giving to those in the living state time to more fully understand that human life is a Gift of Divine Plan that has a Purpose, many Purposes, not always seen or thought about in what they are, how they are.**

**The human mind is based on what an individual perceives understanding to be, or ideas to be, or different facets of life, of living, of hope, of dreams, and also, how well it can receive over and above what it is used to physically, mentally, morally, psychologically.**

**I speak this way, We All do, All of Us that are standing here with you, because you have accepted the responsibilities to obey Divine Will,**

to partake in It mentally, physically, emotionally and characteristically. You have offered your time, but you have also grown spiritually in ways you may not understand presently, but I promise you, the time will come and your understanding of how much you have grown mentally, morally, spiritually, and with the idea that there is a Great Goal for you, at a time when you may least expect it.

**You can be sure of one thing: Each time you practice caring, according to Divine Love, Divine Will, Divine Hope, Divine Prestige in the Spiritual World, you are gaining Grace unseen, but the time will come and you will be happy to know that as all things are recorded, you will be happy to see how well you have been recorded morally, mentally, spiritually, by The Holy Trinity.**

**We know, as We say These Words, that They are not Terms or Words that fit your pattern of life as you live it, but We Here in the Heavens promise you, time is most important when you deal with how you think, how you feel, how you act, and how much you place, to please The Creator of All Things.**

**Remember one thing:** When you were created at another time and you were born a child, All of the Heavens were happy to see you in the state of human living, because this meant that your Soul would one day return to from Where It came and be called ‘a Saint’.

**Hours could be spoken on every facet of every subject that you live with every day, because to become a human being is a Gift of Divine Love, and All the things that I have just spoken will one day cause you to be grateful for What you followed while you were in the living state.**

**I know as We speak at this time it is different than you are used to, but remember one Statement I am going to make: It is never impossible for you or extremely difficult for you to one day be ‘a Saint’.”**

DECEMBER 29, 2005 AT 10:15 A.M.

**“There are always Many of Us present where this *little one* is, because We have appointed her ‘*a chain link*’ between others who do not have the power to hear What We say, so We use her for the sake of their Souls.**

**Today is important, but all days are; but when We use a certain day to alert other human beings of Special Times based on Divine Love and Souls, We call it ‘Special’ because The Father makes those days understandable in special ways.**

**Every day in the life of a human being is a Gift of Divine Love, because it allows the individual to more fully understand that there is a Future, a Goal that nothing else has. This alone is a Gift greater than is understood to be, but the time comes and the Soul brings to the mind of the one It is in, certain facts, certain occurrences, and certain needs, for reminding their thoughts to think of The Creator, in ways and times, sometimes inconceivable to the human mind.**

**The Gift of human life is greater than it is seen to be, but somehow or other, every individual at some times is drawn to think about, or read about, or to wonder about what they cannot see with the human eye they are gifted with.**

**As Heaven is a Gift, a Mystery because It cannot be seen as It is, but the Promise of one day being There was a Gift of Divine Love by not keeping It a secret. The reason It is held in such esteem and rarely, if ever, allowed to be seen in many ways, makes It more important to the human mind of human beings, because there is a Gift in It that is unreasonable to the human mentality.**

**I could speak hours on this subject, not just to explain What I have just said, but the Happiness in the Beauty in This Gift of Divine Love, in what It means to the Souls, is far beyond what the human mind can perceive It to be.”**

DECEMBER 29, 2005 AT 11:56 A.M.

**OUR HEAVENLY FATHER  
MANY SAINTS**

**“I am your Heavenly Father.**

*The little one* was concerned that I would speak today, because she is, in many ways, worn out from just the human manner of having to live a human being’s life.

**We All smile at this, but as We do, We also say, ‘Speak when We ask you to speak, walk when We ask you to walk, and give Us what you want Us to know so We can help you serve where it is needed, when it is needed, how it is needed, for the Souls of others who walk the human way, who were born human beings and yet were not trained in the full standard, stature, how to accept following requests, problems, conditions, situations and commitments that were necessary to be spoken in a manner, degree and way, feasible to aid others who needed help in some way, some degree, for something sometimes very important.’**

**I speak differently on this day, because there are so many ways and**

things that need attention that are ignored when individuals walk away.

**I** am showing *the little one* a path. It is not real wide, but it has a purpose to it. It is the path to Heaven, based on an individual's manner of life, of living, of accepting and of persevering in values, conditions.

**T**he list is endless, but there is no human being created who cannot become 'a Saint' if they follow what is logical, what has purpose to it, and what needs to be seen as a closeness to Divine Will that in Its true full essence, gives to each human life purpose, strength, logic, and confirmation that It exists and is available for them, because it is innate in human life to reach for goals, to reach for progress, to reach for success, and to accept hope as the means to fulfill one's Goal.

**I** will close at this point in time, but I am always available. Never forget, as you communicate with those yet in the living state, We, too, are always available, because We are Saints.

**I** know there is much more to speak on this subject, but I feel what I have given is sufficient for now,

**because My Love for you and all of human lives abounds Greater than the human mentality can perceive It to be, and when you pray, I hear you. Remember this.”**

DECEMBER 29, 2005 AT 1:55 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**You live in a time wherein it is so important for every age group of human life to understand that to be a human being is a Gift of Divine Plan. No Greater Gift, no Greater Task, no Greater Love could be received, because in This Love that each human being is gifted with, It has many facets to It, many areas in It that give to the mind the ability to learn, to sense, to feel, and to grow in these ways to a degree that so much can be achieved mentally, physically, morally, giving to every day the chance, the privilege to grow more aware of how important it is to be a human being, learning more in what to expect when the time comes and The Father requests your company.**

**When We see so many individuals of all ages desiring to learn more about so many things, giving to them knowledge that possibly they would not need to become ‘a Saint’, but sometimes it is instinctive in the**

**human mentality to desire to learn more about things that one may be able to learn how to make, giving them a sense of power, or of importance for others to see.**

**I could speak hours on this, because Love for human lives is not always seen in the indepthness It is, and there are so many other things that allow the individuals to partake in, to give them the privilege to be able to account for things they practiced, helping their mentalities, helping their physical, and using them to guide others in how to learn things they would not have without the example.**

**As I close These Words, I do it with much Love, and I can guarantee you that as you walk the path you walk, and you have the desire to please in all you think, say and do, your name is already listed in that Compartment where it says, "To be a Saint."**

DECEMBER 30, 2005 AT 10:58 A.M.

## SEVERAL ANGELS

**“There are Several Angels present, All of Us happy to be here because, to Us, this is a formal acceptance for Love of The Divine, based on sincerity, hope and thanksgiving.**

**It is so important that others learn the Benefits of This Gift based on Divine Love for the Souls that are present in the human body, human mentalities, thus understanding what This Gift will mean to him or her in a given time.**

**The tears of *the little one* are behind her eyes, because each time We are present formally, she wants only to see Us and reassure Us her love for The Divine is more than she shows it physically to others.**

**You live in a time wherein human beings of all backgrounds, of all characteristics, base so much on humanism, and sometimes, not many, take a little time in communicating on The Divine.**

**I smile when I leave your presence in such an open way, but I am always available when you pray, even when you just think of Me in some way.”**

DECEMBER 30, 2005 AT 12:07 P.M.

## OUR HEAVENLY FATHER

**“I hold *the little one* in a way that I have chosen for Others to use when They offer Their Thoughts, Their Wills, Their Love for Me.**

Some think that This was designed to take place by Those Who walked the world at one time as The Holy Trinity. There were many things put forward for others to see: like respect, like concern, like sharing, and also by teaching some subject matter that would give strength, hope, and more ability to be able to use Words that meant important subjects.

The list is endless on the Gifts that human beings were entrusted with, but first instructed to see, to accept, to understand the purpose for it, in it, of it, regarding how it would pertain to being a human being, active in the land where other human beings would respond and would also conduct in a mannerable way, whether it be physically, mentally, psychologically. The list is endless.

**I** have chosen this *little one* for a very, very long time, for someone to be able to stand in a genteel way and yet in service to Divine Plan, entrusting to others What would be beneficially good for them mentally, morally, socially, physically, and many other Words could be added to this.

**T**o be created a human being is a Gift far greater than it is seen to be, because it has steps in its growth, in its advancement, and in its meaningfulness in why it was created, the Goal for which it was created, because the Purpose for this creation had more meanings to it than it was ever openly perceived.

**I** say These Words on this day because I love you, and because I want you to understand My Love for human lives is a Love beyond what It is understood to be. It is a Love with many abilities, a Love with knowing right from wrong, good from evil, hate from being kind, understanding, and willing to see the value of Communication that would give strength, hope, and an energy to practice all that would be feasible for the body, for the mind, and for the Association.

**I smile when I say My next Words. Whenever I use this *little one* to speak for Me, she has no concept of what I am going to say through her, but her obedience to My Will is what I depend upon, also her innocence in her love for Me.**

**I bless you from the Heavens, but I am also where you are, because as I have just spoken, isn't it logical I could not be real far away from where you are? But I use *the little one's* voice, because you know her, and you can hear her in a manner and way that is logical to your physical, your mental, your Spiritual. There is no doubt that you receive What I Will you to know, to understand and to perceive."**

JANUARY 1, 2006 AT 10:12 A.M.

## OUR HEAVENLY FATHER

**“Yes, I have given this *little one* a Major Task to perform amidst thousands and thousands, millions of human beings. It is not recognized as such because the human mind cannot perceive such a Major Association with Me, with Who I Am, and How I do things.**

**The world has been Blessed. Some hearing this will say, ‘If You mean this, is it not so, that You have placed It in one small place?’**

**It is difficult for this *little one* to hear My Words so slowly because of the importance of how she senses My Presence, and how I speak to be put into print for others to learn from, learn about, and recognize Me in My Association with them so Personally.**

**I speak These Words to allow My Point of Interest in human association, realization and communication that is in many ways never thought about, never anticipated, because it is unrealistic to the average human mind that such a Communication of This Magnitude**

would be treated so Personally, so Lovingly. The list is endless on why I do this.

**I have one thing to say that I feel is of great importance. Does not My Willingness to put into script what I want human lives to know What I do for them? I could speak hours on end on My Divine Love for human beings, because within them they have a Portion Greater than they know. It is that Connecting Link called ‘the Soul’ that is the recipient of all that each human being lives with, or uses, or acts upon, in the formal manner of life with other human beings, and also when they are alone.**

**I want so much for My Closeness for human beings to be understood how much I care, and how close I am to them because of That Portion of them, their Soul, to be returned to Me and be called ‘a Saint’.**

**Some might say, ‘Heavenly Father, why do You not put Your Words on tape?’ I do, but I also want Them understood to be a Communication of Importance that I have with them directly.”**

**JANUARY 3, 2006 AT 1:23 P.M.**

**SAINT TERESA OF AVILA**

**“I am Saint Teresa of Avila. I pronounce the word in a way I enjoy hearing it.**

**I begin My time with you, letting you know that All of Us Saints Here in the Heavens enjoy certain things when We see them or We hear about them, or We are The Deliverers of.**

**You live in a world of human beings, but what is not understood in its fullest degree, is that as you are human, you have a Goal to reach that nothing else with you is the recipient of.**

**So many Blessings are requested by those who have heard that to say prayers, requesting an individual Saint to aid you in acquiring a goal, or something personal that you feel you need to help you live in a way, a manner and degree of support, when you requested prayers from The Holy Trinity, or from an individual Saint that you feel you are close to mentally.**

**I**n the beginning of the Creation of human life, much had to be put before this could be: the world, and many things pertaining to the world. The list is endless in every step of advancement or realization, to support the human living that would take place when human beings would live on the earth, representing a Special Gift of Divine Love that, unto Itself, had a Goal, but also had a Purpose that was to give Hope and a Future to human lives, to be successful in the continued delivery of human lives, and all the things that would be accountable, aiding this Gift of Divine Love to be able to do, to understand, to practice, and to be able to be supported by many of the Gifts that would give to them a continuation of What they were created with at one time.

**I** smile at *the little one*, because My Words were difficult for her to speak, even though she understood what I was meaning to be understood so It could be followed in a reasonable, understandable mental acceptance.

**I** have much more to speak on. I will, but I feel that What I have just delivered will lay the Groundwork for What will be revealed in certain areas

when it is practical to be put into script.

**I must add These next Words: You were chosen to accept this task of putting into print so much Wording, helping to explain to others who will read the Words, Facts that will give more understanding as They are received, step by step, One at a time, eventually arriving to receive Facts that are inconceivable at this time.**

**A Gift of Divine Love is in All the Words you receive, even when It is just introducing you to a manner, a way, an understanding, helping you to more fully comprehend that to be created a human being is a Gift far greater than it is seen to be.”**

**JANUARY 3, 2006 AT 2:28 P.M.**

**SEVERAL SAINTS**

**“There are Several of Us present.**

**There are so many things We request The Father to allow Us to speak about, because of the importance of what the content means, but also for the sake of Souls that could be helped by what they could learn through the Words that deliberately encourage all ages of human life to act in a manner and way pleasing to The Holy Trinity, but not necessarily making it all a religious response; thus, giving to it the Facts how a human being faces all trials, all conditions, all communications, and all questionable situations that could have two or three responses that would sound feasible to the average human being.**

**I come on this day for more than I have just spoken. My reason was to say what I am going to say, thus adding to what I have just spoken.**

**The very young are not always instructed in a manner or way that permits dignity, truth, sincerity and hope, thus making certain conditions**

or situations or explanations difficult for the young to be able to interpret how he or she can use the definitions or suggestions in a manner and way feasible to how they speak personally, socially, or just in a repetitive manner of speaking words that could give to them a respect, because the words are not common to the average manner of association.

What I have just spoken may be difficult for some to fathom the value, and/or the indifference they might observe, but I assure you, there are so many various ways to encourage the young to value the description of something, the purpose of something, and/or what it means for them to be able to use language that they are not socially oriented to, but they hear others speak it, and they assume there is only one way to use particular wording.

I know what I have just said may be difficult for some to feel the Message is necessary, but I sincerely feel that children should be instructed on how to reveal subject matter that gives to them what We would call a 'social immunity' or 'understanding' or 'ability' to be able to speak in a way

**that shows they have been trained to understand certain facets of wording that they feel only a higher age of learning could use it in a casual way.**

**I know to some My Words I have just spoken may not be what they would like to read, but there is something about that personal condition or understanding for a younger human being that gives more dignity or more assurance or more security than there is thought that could be.”**

## OUR HEAVENLY FATHER

**“*The little one* I use is in constant communication because of the importance she knows certain things in human life should be accommodated, some restored, and some given the time necessary to aid the Soul of the one in whom It is present. I use this *little one* in a manner and way inconceivable in or how I would perceive to speak through her the way I do, how often I do.**

**Today to most human beings is just another day of living, acting, participating, and interest in what is occurring regarding their time, and what they will end up doing with time they are presented with in a natural form, manner, degree, and way.**

**Throughout the world there are millions of human beings, all ages, all backgrounds, and all degrees of understanding regarding The Holy Trinity.**

**One of the reasons that this *little one* was chosen to speak What We Will others to know, was because We knew**

she would carry It through, despite the obstacles or rejections or indifference that would show. She says: 'God, I am not important. I just want to do what I know is right.' We understand how she means this, because she feels, she knows, she understands, that every human life in the living state has a Goal, has a Purpose, and was created for a Reason beyond what it knew it would have to follow or be example of.

You live in a time wherein a Blessing of This Degree that openly speaks Words of Value, giving you the ability to share with others who do not see or know or think in a Spiritual, understandable value on their own. So many depend upon those who have studied the History of spirituality that others openly spoke about, participated in, and delivered what they were gifted with at another time, and many times another way.

There are thousands of Words We would like to speak each time We address a subject through this *little one*, because she understands Our Presence is one of sharing the Importance of Divine Love, Divine

## **Hope, Divine Acceptance and Divine Intercession.**

**I will close at this time, but I assure you it is important to be blessed in The Heavenly Father's Ways, because He does Exist, and He does answer prayers, sometimes in a way different than you expect it to be, but He never ignores one thing. He many times uses it in a more fruitful manner that is not obvious, but it is felt in different ways.**

**As I leave you, I say, 'You are Loved for how you think, how you believe in the Importance of being a human being, and that it is a Treasure of Divine Love that will one day be more understandable Where you are and What you will see.'**"

**JANUARY 4, 2006 AT 1:42 P.M.**

**OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**I have given to the world an ‘obvious place’ for much to be heard from, through, and out of, due to the fact that in feeling a Blessing of This Dimension bears a Strength to more fully understand the Importance of being a human being, and also being aware of conditions, situations, benefits, and different means of how to plan, how to accept, and how to be not just formal or just normal, but to see this close Association as a Gift of Divine Love, based on moral ethics, moral values, moral conditions, and definitely moral inclinations that come easy to some individuals.**

**Children are in great need of being able to understand what is right over what is wrong, what is pure over what is impure, what is just over what is unjust; but also, a very important fact is that to be created a human life with all the Gifts that are instilled into it, one must learn how to treat each fact in its rightful manner, also in**

**dignity and respect definitely, because the sins against one of the Main Rules is sadness, but also has a responsibility that one day must be given the way, the means, and the time to retract, thus giving to the Soul a Blessing It did not have for awhile.**

**I know some individuals find All the Words I deliver to give them something to think about, giving strength to their mental opinions, decisions, and even their character in how they live and how they act.**

**If every human being created would take each day and see it for what occurred, and how they practiced during the day what was morally sound over what would possibly be morally obscene, would it not be necessary for them to ask for help, for aid, for strength, and for the ability to erase what occurred?**

**The Gift of human living is a Gift far beyond what it is seen to be, but never forget, the Gift of one day arriving in Heaven, there is nothing on earth that compares to This Gift of Divine Love from The Holy Trinity.”**

JANUARY 4, 2006 AT 2:30 P.M.

## SEVERAL SAINTS

**“We All smile. There are Several of Us present wherever this *little one* is, because We also work in other areas for her Tasks to be accomplished, that in many ways are very serious Tasks, due to the fact that they are instructive in ways, degrees that are necessary for the Words to be read properly and for the Words to complete the Messages that They are being created for.**

**You live in a time wherein so much of it is advantageous to what you use time for. Granted, the necessities, or I should say, the so-called ‘necessities in life’ are necessary, but the necessity to use your time for a Very Exacting Gift of Divine Love, for you to be able to spread Words amongst hundreds or even thousands of human beings, all ages now, giving them the opportunity to learn through What you put into script, logic in some factors of life, benefits in some factors of life, and definitely things that give strength, motives, understanding various opinions on many subjects that give more than knowledge.**

**To those who read the Words, It can give hope, perseverance, a deeper understanding, but also the incentive to use the Words beneficially, productively, so that what you say will be passed out, or on, or in, or for the Words to be beneficial to those who read Them, or perhaps follow Them, or perhaps use Them for important benefits.**

**We All smile when We speak These Words, because We, too, enjoy being a Service to you, thus giving to Our Way of Life and Our Promises, perhaps that We made on certain issues, We have the privilege to not just initiate, but to fulfill the subject matter in a way pleasing to you and to those with whom you are associated.**

**I know We speak differently sometimes on subjects, and on Our Love for the subjects, but We can All say that each time you take the time to write What We have to say, it is a pleasure beyond what words can mean at a time when We are saying, 'Thank you for using what We know will be beneficial in a manner, a way, a degree and a purpose that perhaps nothing else on another subject could do.'**

**We are going to add something to this. We know that at this time, and other times too, your desire was to please The Heavenly Father. We know what that means, because We, too, want to please Him, and All The Saints, in Our Way of helping to spread What is feasible, What is good, and What will, in many ways, be helpful in some degree to aid you.”**

JANUARY 5, 2006 AT 11:22 A.M.

## OUR HEAVENLY FATHER

**“What We are about to say may be difficult for some individuals to believe, but it is a Fact of truth and We enjoy speaking about it because it is based on a Gift of Divine Love for the benefit of Souls of human beings who ordinarily would not hear what We have to say, because it is not available to be able to put sound the way it is expected to be. When We speak through *one voice*, it is capable for Us to put a certain degree of sound to the Wording, thus making it a particular form We are allowed, or The Heavenly Father allows to be heard verbally through *the one* He has gifted for many things to be transmitted in the manner and way that He finds feasible for the conditions available, and of course, there is other reasoning involved in This Communication.**

**I hold *the little one* tightly because of her conscientious desire for reasonability to be delivered, so that all things spoken will be distinguishable and caring. I hold her so tightly at this time because**

her small body goes through periods, what others would call 'exhaustion' or 'extreme tiredness'.

I could speak hours on this subject, but I am sure those who read These Words will understand the meaning within Them, because it is based on Divine Understanding and Plan.

Through This Gift of so many years, much more has been accomplished than is seen or understood to have been, but I assure you, many Souls have been helped, aided, and given the strength to be thankful for what time helped them with, and Love of The Divine embedded in them: the purpose for living in a time such as this is.

*The little one* says, 'I do not speak like this, my God.' I tell her, 'I know this, but in My Desire to aid those who may not understand, My Communication is not always the same, but I do it according to the manner and way I feel it will instill in them what I Will them to know because of My Love for them.'

I could speak hours on This Gift of Communication, but I know

**It is helping others in a degree, in a way, and for a purpose and goal that strengthens them in a personal way. I love human life, because in each one there is a Portion of Who I Am, What I Am. It is called 'the Soul'."**

**JANUARY 5, 2006 AT 12:55 P.M.**

**“I am going to ask you questions that I feel are of great importance to you, for you, in you.**

**When you accept a task, do you rationalize the full value of it, and then proceed on your own to accept what will help you more fully understand that as you accept what you are about to do, it places within you, on you, for you, a responsibility to fulfill what you accept to do?**

**Now let us take the Creation of human lives. Granted, at the moment of conception, there are no promises made by the one who was just conceived. And then time comes through the learning stage, and each human being must take a step at a time, a learning at a time, and the ability at a time to use the mind in the proper manner, way, and then the physical to adjust properly, according to what it is needed to do.**

**How many human beings realize how much they must commit to, submit to, and permit, to partake in**

and to accomplish what the result is important for, because the result is what eventually is called ‘the result of’, and hopefully this is something that is usable in many ways, or the way it was designed to be?

Now let us take the birth of a child. Logically, the conception takes first, is that not so? But suddenly, the child is in a manner of living that the child can be released from the womb. When this occurs, there is much to look ahead for, because it is only the beginning of a body, a mind; plus, the Soul that was instilled at the moment of conception, is now faced with the responsibilities based on what the body, the mind, and all the assets of that portion of life, will have to take into a necessary understanding of.

I ask you now, ‘When it was announced that you were conceived, did you know all these things would take step by step?’ No, but you, as a living beginning of what a human being would be like, each step of how you grew, you grow, has a step to it in the learning stage, to be available for you at another time to use.

**H**ours could be spoken on this part of human life that you had no control over, but logically you learned a lot from so you would be capable of taking hold and using what existed. Is that not so?

**N**ow we are in time, one step at a time, the learning stage of many things, not just how to say 'Yes' and 'No', but the stage of putting things together, your communication with those with whom you live, also the ability to learn about life and the personal habits you are possessed with, sometimes the victim of. You learn to speak because others speak, and you imitate them.

**I**t is a Beautiful Design up to this point, because in many ways, you are not liable for any wrong you might do, any mistake you might make, but the days will come and you will be faced with what is called 'responsibilities'.

**N**ow let us take a time when you have learned the alphabet, and you have learned the habits of a human life, the way of speaking, certain times to cry, but also the manner of learning how to walk and do other things that are personal to the body and the mind.

**Now draw a line at this point, and you are on a higher stage, a higher point, a higher desire, a higher mood, and a much smarter mind. You were told about the Beauty of how you were born, and that for you there is a Goal, Designed by The Creator of all human life, but even more, This Creator has a Place awaiting you, a Place wherein there will be Happiness and Joy and Service to The Divine, giving to you, in so many ways, a deeper understanding that you have a Goal, you have a Future, because within you, you carry a Gift of Divine Love called 'a Soul', but this Gift is from The Creator of All Things, called 'GOD'.**

**Now let us take a year or two, and you have progressed abundantly, according to the understanding of those who are older than you; and now you are growing more and more, and now you have reached a time that you have the ability to say many things of importance. You have the chance to make decisions regarding what you think, what you speak, what you do.**

**Thousands of Words could be spoken now and All would be familiar to you, because you have passed through that time, and are now at a time when**

you are able to judge importance in many various ways it occurs, and also, to judge responsibilities in how they come automatically because of the nature, because of the mind, and because of the time in which you live is an accumulation of all you understand things to be, and what you felt the Goal for human life would be, awaiting you at a particular time.

*The little one* I speak through has tears you cannot see, because the Importance of becoming 'a human being' is totally a Gift from The Divine, a Treasure in so many ways, because it has a Goal for you to reach, Greater than anything you partook in, or will partake in at this time. It is a Goal to return to The One Who created you and be called 'a Saint'.

I could speak hours on this subject, and hopefully I will at a later time, because it is important, every step of human life, every move you make, every thought you have, and everything you reach for, to practice what you enjoy doing. The list is endless.

I will close, but as I do, I say, 'Always remember that as each day

**comes, and as each step that you want to take to improve what you know, and many other things, of course, you have the time.'**

**Never forget, in the Creation of human life, it was a Gift of The Divine, not just of a human being, but far greater than that; but to be created a human being gives you that Goal to reach, in the time it is best for you."**

JANUARY 6, 2006 AT 12:07 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**Each time I use this *little one* when she least expects it to occur, I smile at her acceptance of My Every Word. Though she walks in the land in a normal way and her speech is natural to allow her to speak Words of a Particular Way, she looks at Me now, and says: ‘Father, where are You? I see You, but I cannot distinguish what You wear.’**

**I smile at this, because you see, no one that knows her, fully understands how in-depth her mind can be. When I draw her attention to speak to Me, she is radiant with acceptance but does not show it to those who are with her, because she does not want them to feel that she is more important than they, because she says and knows it would not be a kind gesture.**

**Her little body shakes from the Power that I Am. I will release her slowly, because she has had several hours of thinking, doing, speaking in a way that did not show the power it**

took from her, through her, by her, to acknowledge certain things.

**I chose her a long time ago. I have used her many, many times because of the Importance of the Role she was to be the giver of, the receiver of, the promoter of, and *the one* who would look at every individual in a manner and way of peace, of personal concern, and of and in a manner as a human being.**

**I bless you with My Love today, and I remind you to know, that as you were created and given all the Gifts you use, My Love for you is Far Greater than you suspect It to be, because in the human mind and way, I am always evident in what you do and say, and I am also evident when you choose to pray. Remember this.**

**My Love for you is more than you know love to be: Deeper, Greater, and More Personal than you can perceive It to be. I love you because of your sincerity and your eagerness to please, but I also bless you with My Love for how you feel about The Holy Trinity.”**

JANUARY 6, 2006 AT 12:40 P.M.

## SEVERAL SAINTS

**“There are Several of Us present and We decided to speak. We always smile at this *little one*, because when she is made aware of Our Presence, some of her questions are, in girls’ terms, ‘adorable’.**

**You have been given a Gift, not always understood in how important it is to remember Every Word. That is why We ask you to put It into script.**

**Numerous Blessings are accountable for, through This Gift of Divine Love, in which so Many Saints request to speak on subjects They enjoy, but also on subjects They want others to learn about, to be able to learn from, due to the fact that so many times We are asked to speak through This Gift to alert maybe one individual about a subject matter that is important for them to know, and to be able to use it in how it is meant to be used.**

**If I were to count at this time now, How Many Saints are standing**

by Us, smiling, and wishing Us well on What We are about to tell.

**Y**ou live in a time wherein so much wrong is accepted. Wrong can be many things. It can be from human need for attention, or it can be self-love that wants attention, or it can be jealousy regarding someone, or more than one other like one's self.

**N**eedless to say, there are so many facets, indications and purposes for an individual to want to speak on one subject and then have it put into script so it can be looked at, or felt, or learned, or used to give strength more indepthly.

**B**efore I close, or I should say We close because there are Several of Us Here, as you walk in legions to This Gift of Divine Love, never forget: You walk with responsibility that under other conditions they are not always present, but as you walk today, and you are interested in getting closer to the Spiritual Understanding, and so many things you want to improve upon, always remember, you have the privilege to improve in degrees and ways that are available to you, because as you respond in such a personal way,

**you would be shocked to see How Many Saints Here in the Heavens desire to help you and to give you the strength to persevere, especially when it will give your Soul Something It would not have.**

**So many individuals totally ignore their Soul; they say, ‘because they cannot see It’, but logic should tell them they sense It in Its presence and in Its responsibility to Heaven.**

**Many of Us come to where you are, and We like to talk on subjects that will not just interest you, but help you more fully understand that responsibilities are prevalent, even in Heaven.”**

JANUARY 6, 2006 AT 1:30 P.M.

## MANY SAINTS

**“There are so Many of Us Saints that surround this *little one* every day, and different times during the day, because she was granted a long time ago, a Favor from The Father, and that was to help Him when He felt something should be released verbally for others to learn from, learn about, to give them the understanding and the ability to hold in sound logic, Facts that perhaps no one present would have the understanding about.**

**You live in a time of great progress in many ways, and you live in a time where egotism sometimes supersedes logic on important words, ideas, values, intentions. The list is endless.**

**Today, as so Many of Us find time, Our time and your time, to speak Words to you to enlighten your mentality regarding facts, purposes, conditions, situations and human preferences, thus giving to you and your mentality, your understanding and your willingness to follow, if things**

**are correct or right, or satisfactory or useful, or can destroy certain ways that you think, you sense, or you want to be part of.**

**I know I speak differently, but it is something to think about, because if one thinks only on just what is feasible or factual, it does not always mean it is practical or suitable to your way of life, the important things in your life, based on how you adapt to what is morally sound, correct, and that your Soul is accountable for.**

**I could speak hours, because so Many of Us Here in the Heavens want human beings, of all ages, to look at and to more fully understand how important it is to identify what is best for the Soul that within you lives, and one day That Soul will represent you in a Very Important Way, an Important Place.**

**I could speak hours on how important everything you do, think, say, practice, follow, perceive or use, is for you.**

**These Messages are All put into script because of an innate caring for you as a human being, but also for**

**your Soul that is Divine and is Part of  
The Creator of All Things.”**

JANUARY 6, 2006 AT 2:11 P.M.

**OUR HEAVENLY FATHER  
MANY SAINTS**

**“There are Many of Us present. We add to this: We are always present where this *little one* is.**

**We come on this day to help you, to encourage you. Now, when We say ‘help’, this has a definite meaning to it.**

**So many times when an individual is requested of a very important Statement, in other words, like you were requested to do, to put into print what you felt should be covered by others like you, covered for what it meant, the reason for it, the concern about it, and then the way to do it, many times it is a joy to Many of The Saints. When We ask you to partake in something, or The Heavenly Father asks you, or The Heavenly Mother asks you, it is always a Happiness Here in the Heavens.**

**As you stand where you stand, and you partake in a Great Gift of Divine Plan, and you take the time each day to gather with others that**

**you know, and you share What has been delivered to you and/or to them on a particular issue, consideration or a motive that gives to the human way of living, safety or progress, and it shows it is in many ways an Act of Love your way, just to share a topic of importance.**

**If you were to assign a time that you remember coming to where you are, accepting What occurs, and how much you will be able to do to allow This to grow, enabling others to find in 'this place' where you are, a greater feeling of strength, joy, and the ability to more deeply understand the Gate of Heaven, and the reasonability to think more on how you feel morally, mentally, psychologically, regarding what will help you gain the strength to reach the Goal for your Soul that bears your name even now.**

**The Soul is an Important Factor, because the Soul is That Portion of Who I Am. The Soul is in many ways a Strength, because It enables the one in whom It is, to more indepthly understand, more intimately sense, that just being a human being is Part of a Greater Plan, a Plan to rise**

**and shine, accepted as ‘a Saint in Heaven’.**

**I could speak hours on My Love for human beings, because it is really the first step to one day be ‘a Saint in Heaven.’”**

**JANUARY 9, 2006 AT 11:10 A.M.**

**OUR HEAVENLY FATHER  
OUR HEAVENLY MOTHER**

**“I am your Heavenly Father. And I am your Heavenly Mother.**

**Sometimes certain things occur that cause problems, conditions, and changes. No one is really not possibly in one of these areas of living.**

**Each time you say a prayer, always remember, you are communicating with Those of Us Here in Heaven.**

**When you speak in the human way and others like yourself are present, your subject is naturally directed to them, and they heard what you speak or they read what you speak, and they follow sometimes your manner of doing things.**

**When This Gift of Divine Love entered your presence, It was a Gift far beyond what you suspect It to be, but it was and is innate in you, in hearing the Words or reading the Words, that you have been treated in Divine Love based on The Holy Trinity.**

**E**ach day you live, each word you speak, each time you talk, believe it or not, you have responsibility; but then, there is the time when you are silent and you casually see someone you know. Just saying 'Hello' and a few words can change what both of you have on your minds, because it is natural to human beings to be blessed with many Gifts, using human life in the way it was Decreed to be: to be able to hear, to be able to speak, to be able to walk, and yes, be able to understand beyond what your mood may be.

**N**eedless to say, your way of doing things is unlimited, and what you take upon yourself to follow for some reason or other, you accept the responsibility that automatically enters your personality, nature, character, and how you act, but also how you speak your words, and what it does to others.

**I** know What I speak is quite different than usual, but basically, I speak These Words to remind you that you have a Portion of you that does not speak openly, but It responds to everything you think, say and do, because It is your Soul that was

**given to you at the moment of your conception.**

**It is a Gift far beyond understanding the human way, but always be reminded: When you see this occur, It is a Gift of Divine Love, giving you the strength in many ways, because just to hear things is one way, but to address them verbally is another way, and never forget, when you say ‘Thank you’ to someone else, you leave a mark, a memory that is never really forgotten.**

**So, as I say that to you today, I smile, because you see, I, your Heavenly Father, love you and I know you love Me.”**

**JANUARY 9, 2006 AT 12:31 P.M.**

**SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena. There are Several of Us present, Each of Us desiring to speak Words to enable those in the living state to more indepthly understand what a True Treasure it is to be created, to be born as planned.**

**There are so many Words to be spoken, and Each One teaches, instructs, encourages and bears a sense of order, giving to human life respect, honor, and the ability to proceed in so many ways, because in the human manner of living there are numerous things to be done, to be used, and to live by, and each of these things is a treasure.**

**Some might say, ‘Does not this have to have a specific title or product?’ We smile at this, because sometimes it is so difficult to plan a successful time in one’s life. Oh, the desire is there, but many times it is cast aside out of boredom or not enough sensitivity to what good it could or would do.**

**As I speak in this way, it is because those who will read These Words, even though I do not know you, I love you, because you, as I understand it to be, care deeply about The Holy Trinity.**

**Each time you say ‘Hello’ to another individual, it is an act of respect or caring, and each time you sit down to eat, it is sometimes to rest, but most times to give you a little more strength to go on in your daily path.**

**The list of what makes an individual do so many things that are practical or necessary or they are responsible for, giving to life in the living state, sound intentions on almost everything you do, but also giving to human life the respect, the responsibility of following through, and living each day knowing at nighttime that you have accomplished many things practical, some impractical maybe, but the day was spent living the life of a human being.**

**Many who read These Words will find Them odd or not necessary, but there are Several of Us present, and We thought it would be interesting to point out subjects that would be meaningful and yet have purpose, and**

of course, We realized the list could be endless, especially because there are so many ways to live life. The basics are: you talk, you sleep, you have a physical to take care of, and you have responsibilities multiple in number many times.

The list is endless in how being a human being has so much to offer and so much to enjoy, because you are Blessed with all these things, giving to living a human way nothing dull but progress, and being able to do so many things to give to your life happiness, but also a more in-depth understanding of the Goal for your Soul that, granted, is not always thought about in this degree, but when you think of a goal in other portions of human living, there is No Goal Greater than to use what you are, so the day will come and your Soul will be blessed by The Holy Trinity and It will be called 'a Saint'.

You may not hear it, you may not see it, but I promise you, when you realize how you used life in the human way, you will find happiness in your Soul, through your Soul, Divine Way.”

JANUARY 9, 2006 AT 2:08 P.M.

**OUR HEAVENLY FATHER  
SEVERAL SAINTS**

**“There are Several of Us present. We have asked *the little one* to speak what We Will to be said. She says, ‘All right.’ We smile at this, because she adds another statement to it: ‘What are You going to talk about?’**

**We could speak hours on the Importance of every Soul in existence. Though the Soul is not seen, It is present in a manner and way inconceivable to the mental mentality of human beings.**

**As you were created with a body and a mind, you are also gifted with a Soul from The Divine, thus giving to you in an important way, the ability to more fully understand the logic of the world, but also, the reasonability of Sainthood as the Goal to reach when the time came.**

**The Soul is a Gift of Divine Love, thus giving to human beings a Gift that would remain for them to be able to understand the progress they received in becoming ‘a Saint’ and using that**

**Way, that Manner of Existence to be with The Creator Personally.**

**To some human beings, it is difficult to comprehend or to think that they have the privilege to possess a Portion of Who I Am, What I Am. These Words I know may be difficult, for some to almost want to walk away, because they cannot value a Gift of This Dimension, because they have not seen It, nor have they seen It on display in Its Manner that shows a Gift of This Value to a human being.**

**So Many of Us Saints could speak hours on end and want to repeat the Words, because it is such a happiness to be Part of. It is not just progress, but it is reaching a Goal for the Soul that, up to that particular time, was never seen by the one in whom the Soul was gifted at the moment of conception time.**

**There are thousands of Words that could be spoken and put into print to remind millions of human beings there is a Reason for why you were created to live, and why, within you, you have such a sensitivity to wanting things to be right, and wanting success for your life.**

**We hear some say: ‘Even if I have a Soul, I am supposed to die. What will my Soul be like?’ The Soul is the remaining Factor that is much more than It is seen or known to be. Just as you cannot see Heaven in how It really is until one day you have the privilege to arrive There, so it is where your Soul is concerned. The privilege waits for the time It was designed to be associated Personally with The Divine.”**

**JANUARY 10, 2006 AT 11:11 A.M.**

**OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**Always remember that being created a human being gives to each life created this way, not just responsibilities, but the privilege, the understanding of the values that human living consists of. To be created in this state of life, it promises many things. Just as in the daily way of living, human beings strive to reach goals, reach success, and also encourage others to do the same, thus reminding human beings that there is a Goal to life Greater than they understand It to be, because it means they will return to Who I Am and live with Me for All Eternity.**

**The Gift is Great and it is Divine Love that created It, because of the Reason for which human life was designed, instilled with so much, and given the privilege to have a Goal, thus saying to those living human lives, ‘You have a Gift of Divine Love for your Soul that is a Portion of Who**

**I Am, What I Am, and there is No Greater Gift known.'**

**I close These Words with a Blessing for each of you, because to remind you of What I have just done is happiness, because it will give you, in many ways, the strength to overcome any doubt or anything that occurs that is not spiritually reasonable. I love you and I am happy to share with you My Love for you."**

**JANUARY 10, 2006 AT 12:06 P.M.**

**OUR HEAVENLY FATHER**

**“It is important that My Words be spread in faraway places, because of My Love for human life and all of the responsibilities it is responsible for. In many ways, responsibilities are a Gift of Divine Love, because they keep the mentality active, interested, and through it, so much is designed to be more readily understood by human minds.**

**My Love for human life is Special, because there is no human being I do not want to hear from. I want all creation to be aware of My Communication with them in a personal way, due to the fact that even though they do not hear My Sound, My Voice, they somehow instinctively know I am present, or if something is occurring that is not feasible or admissible, or based on purity in some form, way, degree.**

**Every human being is connected to Who I Am in more ways than is conceivable to the human mind. If it were not this way, it would not have**

**worked out this well for such a long time.**

**Though it may be difficult for some to understand that Our Closeness from The Divine to mankind is greater than anyone could ever perceive It to be, but It has joined Us mentally, morally, psychologically and physically.**

**I will close These Words, but as I do, I must say, ‘Never feel you are not loved by The Holy Trinity, because The Holy Trinity, in Its Understanding of human living, always wants to be remembered in how you think, and many times how you speak, even momentarily.’”**

JANUARY 10, 2006 AT 12:34 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**I am so happy to be able to speak to you and have It put into print regarding What I say.**

**The world has been Blessed by All the Words that have passed through *one small voice*. It is important that All that has been put into script be scattered for others to read, even though they do not or will not think it should be this way.**

**In the script, there are many things spoken that will benefit different individual men, women and children according to how they think, how they speak, and how each one needs to know how close We are to them, thus helping them to not ignore the fact that when they speak to Us, We hear them; it is not like a blank time, all based on just their presence.**

**What I say is important, because there are so many individuals who ignore how close they are to The Divine, just because they cannot visibly**

**see the One Who they are praying to, or praying to encourage some help somewhere for them.**

**I would like to speak more indepthly on this, but I will close for now, because I feel that My Words I have just spoken will gain attention to a degree that will give strength to My next Wording on this matter.”**

**JANUARY 10, 2006 AT 12:53 P.M.**

**“We All smile when We look for this *little one* to repeat Our Words that We desire to be put into print because of the need, the necessity, and the purpose These Words will give to others who do not hear These Words often, or in the right manner wherein they can perceive more importance on what They mean.**

**So many individuals openly say they are incapable of following a Gift of This Dimension, This Intention, This Perception, This Basic Knowledge that speaks in Words and with Words that are different than the usual chatter they are used to when they are with others they know.**

**It is sad to hear individual men and/or women make excuses that are basically intolerable, because what is being delivered is for the good of their Soul, but they do not justify or distinguish good advice, or good help on Words that could give them strength mentally, morally, psychologically, to**

**the point where the physical could feel a greater joy.**

**I know My Words to some will not mean the full measure of what I speak, only because they have not been exposed to subject matter like We give, from Where We are, for Our reasonability.**

**When the announcement comes that a child is born, to most individuals it is a happy thought, a happy statement, because of the Importance of what a human life stands for, not just one thing, not just two, but several avenues of living awaiting this child to do so many things, to learn so many things, and to produce evidence of great value.**

**Perhaps some of you have never heard Me talk like this before, but it is important that human lives look at the value of being a human being, the necessity of it, the purpose of it, and what it does in so many ways, giving to human lives' mentality, energy, understanding, perseverance, and availability to be productive morally, along with the mental.**

**I will close, because I could speak hours on this subject, due to the**

**fact it is of great importance for all ages to understand how various, how complete, how interesting, and how much purpose in life could be served if one would think, and make a point of looking into the real definition of what is available for them to practice, to be part of, or to instill into others, the value.**

**Please forgive Me, but so Many of Us want at this time for those who have the mentality, to distribute Words, Thoughts, and sound reasonabilities to help others see the value of being a human being, and see the value of understanding there is a Higher Entity of Living, constantly helping where it is needed, when it is needed.**

**Some may wonder why I would speak this way, but Many of Us Here in the Heavens try very hard to awaken the idea to persevere in progress in so many ways, especially spirituality.”**

**JANUARY 12, 2006 AT 8:36 A.M.**

## **OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother.**

**It is a happiness to see, and to be requested to receive a Gift that bears in It strength, hope, perseverance, and Divine Love, such as The One you just received.**

**It is a communicative manner of doing things and it is accepted by The Divine with much happiness, because it helps the one receiving It in more ways than it is seen to be. First, it is an ‘act of belief’ that gives to the situation, the condition, the purpose, and the manner of doing it, a closeness in understanding in the Value and The Divine Love that is received.**

**Just as in your daily way you greet those you care about, the reception of Holy Communion can be considered to be an ‘act of love’ with Divine Way, Divine Will, and that of being a human being.**

**I close These Words, but as I do, I smile, because in This Communication, it gives strength, perseverance, and a**

**deep sense of relationship that gives to what occurs, the Importance of being a human being, and believing in The Presence of The Divine being so close.**

**Thousands of Words could be put into script on the Importance of This Act of Divine Love connected to the innate sense of human love, as It always is.”**

**JANUARY 12, 2006 AT 12:00 NOON**

**“What is difficult for so many human beings to understand is based on their indifference to so many things they are accustomed to, or are learning about, because the human mind associates acceptance only on what is feasible to what the human mind has been exposed to.**

**There are Many of Us Saints Here in the Heavens that could speak consistently, constantly, without any stops, regarding the importance of the human mind, body, that carries within it a Portion of Divine Creation, the Soul.**

**As you awaken to each day, there is more awaiting you than you realize, than you ordinarily look about for, or to. The Soul you have is a Greater Gift than It is seen to be, because the Soul is a Gift of Divine Love from The Holy Trinity.**

**In the first creations of human lives, much more was explained than in the time in which you live now. Now all things are taken for granted.**

**This is many times a sadness to see because the mentality that speaks logic, says: ‘In the beginning of the creation of human lives, much was delivered explaining each step that a human being would be active in, active for, and/or be the deliverer of, for others to learn from because of the Magnitude that human life was to more fully understand, and that was, and is at this time, that there is a Creator, and Many Other Important Ways, Means, Characteristics, Beings that are Part of aiding human beings to more fully understand that in the human way of living, it is not the end. It is the beginning of a Future Gift of Divine Plan.’**

**I could speak hours on this subject, but I will close for now, but I promise you, when I know the time is to be, I will come forward to you and give you what I know will help you more fully understand, that the Gift of human life, human living, human abilities, human talents, human participations, is a Gift of greatness, and yet is part, unto itself, in many ways active, and a participant in Divine Love for the Souls that are in each human life created. Amen.”**

JANUARY 12, 2006 AT 12:23 P.M.

**“There is an Army of Saints Who walk where this *little one* is. They are always ready to help her in what she must prepare others to hear.**

**The world has been Blessed abundantly because of the Importance of the Souls that without a Blessing of This Nature, This Greatness, at this time the Souls would be neglected, because those in whom They were placed would not have the reasonability, the logic to more indepthly understand what a Treasure it is to be human, and given the intellect to understand Messages delivering, instructing, also declaring important Facts that otherwise no one would ever hear about, or be able to realize that they are not alone in this world. They are supported by Divine Love, Divine Will, Divine Plan.**

**I spoke These Words to help those who have difficulty in understanding why a little one, such as *the little one* who speaks here, has the ability to repeat important Messages to give to others a deeper understanding of**

**Divine Love, Divine Faith in human lives, and Divine Goals for the Souls that oftentimes plead with The Divine in a personal way, to be aided, to be cared for, to be saved.**

**As I close My Words, I have wiped the tears from *the little one* in My Way for her, because what you experience each time she is requested to release important Words, it takes a toll on her body in ways not understood.”**

JANUARY 12, 2006 AT 12:45 P.M.

**“You live in a time wherein so many men, women and children of all ages find conversation a chance to speak words that are not always pleasant to hear, or are they applicable to the situation in which they are released.**

**Throughout the world human beings of all dimensions of mentality oftentimes choose wrong places, manners, ideas, considerations and means of how they should carry through, carry on, carry with, carry for, what is occurring. Is it moral or immoral? Is it lust? Is it anger? Is it hate? Is it jealousy? Is it revenge, or is it egotism?**

**The list, of course, is much greater than I have just spoken, because you live in a time as many other times in the History of human life were like, but in the present one, there should be more understanding regarding the basis for morality, for justice, for dignity, and for the Goal for which human life is created. Logic**

should be more evident. Faith should be obvious to all degrees of intellect.

**Excuses are an abomination to The Will of The Divine, when that is all They hear to cover up what is immoral, unjust, impure, and based on demonic understanding, only to appease one's self, due to the weakness or sinfulness they feel supersedes what is morally correct, proper, decent and right.**

**Some individuals reading These Words may find Them difficult. I would suggest to them to take a deeper look at how they are living, what they are doing, and what they accept, because the Soul of every human being is 'the victim' of what the individual terms 'feasible'. I beseech you, remember this.**

**As you were gifted with a Gift such as the Soul, you were Blessed abundantly by The Creator, and the Soul is to return to from Where It came and be called 'a Saint', and be remembered for this Goal to be What The Father Willed, What I Willed.**

**It is important; I promise you, all things are seen, all things are heard, and all things are recorded in several ways, because every Soul is Important to The Creator of All Things."**

JANUARY 13, 2006 AT 11:58 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**It is important that All that is delivered through this *little one* is recorded for the benefit of Souls too numerous to mention in number, but They exist now and there are many more to come to the world wherein All I deliver must be seen by those in faraway places, because it is important for them to understand I am just not in the Wording or the Writing about Me, but I am in Person for the benefit of Souls to be aided, to be given the strength to return to Me and be called ‘Saints’.**

**Only a few times have I appeared to the world under these circumstances, because for the most part, it is difficult for human beings to understand or even comprehend how close I am in My Love for this creation of human life, human living, human purpose.**

**Sometimes it is so easy for people to talk about Heaven, Hell and Purgatory. They do not always see it as**

it is, but they have been told different things about it, and these things they try to put into place, to understand what it would be like.

I come through this *little one* to give Words to enlighten your thinking on the facts that surround you in many ways. You were created a human being. That is a privilege, because within you I placed a Gift of Divine Love. I do to all human beings created this way, but It is not felt as Part of the body. It is the mind that this seems to draw more attention to, and I say, 'It is important for the mind to understand that in this creation of human lives, there was a Goal for the Soul of every human being created.'

My Love for human life is not seen, but I speak about It often through one such as this *little one* you know, but I beseech you to be aware that you can be 'the example' for others like yourself, even when you do not know them. It is your manner of doing things, choosing things, acting out, and yes, what you speak is far more important than you understand it to be.

**I will bless you with My Love, because when I speak to you from Above, I do it for a purpose, a Goal that I want you to remember for your Soul, but also for you to spread what others do not know. There is a Goal for human life. Remember this.”**

JANUARY 16, 2006 AT 12:14 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**What I am about to speak on may be difficult for some to understand that I would place a burden of so much weight on one such as little as *this one* is, that I use for many things, many reasons, many ways, because as she delivers, as she accepts, and as she follows with What I Will to be done, It is a Blessing far greater than It is seen to be, because I am at The Head of It, and I Will It to be done so that not just progress will be accomplished, but the result necessary for the results to be a profitable manner morally, mentally, psychologically, physically.**

**I smile when I say, ‘Did I say monetarily also?’ If not, I mean it that degree of association that some human beings find not capable of success in. What you all have experienced up to this point has had every touch of what I just spoke about, in many ways, many times, because as I Willed things to be accomplished, it occurred at that time.**

**My Words are not like you expect Them to be, but My Love for human lives is never seen for the Greatness I feel about this Gift that in so many ways is Blessed in many ways, thus giving it the strength to accomplish things that nothing else created could be successful at, in, for, in this way.**

**My Words are different, but My Love I would say is Greater, because I have requested so much openly for the success to be accomplished regarding conditions, situations that otherwise would not have been seen.**

**I close These Words because I care, and I know you care for what is accomplished for the Souls of millions of human beings.”**

JANUARY 16, 2006 AT 1:00 P.M.

**“*The little one* I use struggles with Me, because she is concerned that some of the things that are spoken through her, she wants to be sure They are delivered in the full concept of what They claim things to have, to fulfill, to honor, and to be able to use when needed for different situations, conditions, and/or for the mentalities listening or seeing It in script, will be able to improve, rather than not find something important in It, in Them.**

**We speak so many times, even when *the little one* does not announce it, but her desire and her motive is to say only what will be feasible, or grant Information that will be able to support or instill or confirm a definite sound for the meaning to be exact in Its point of direction.**

**We smile at the exactness this *little one* demands, not just confirms, because if she does not understand a Word, she questions Us. We smile at this and then We confirm what is best**

for her to understand, and to be able to use according to Divine Plan.

**You** live in a time wherein there is a tremendous value to so many things you are exposed to. I smile when I say **My next Words:** the weather, the water, the food, and your abilities to do so many things mentally, physically, that others through time were not given the advantage of, or the privilege of.

**As** We deliver Words such as These are, it is a privilege for Us to be able to join in this generation of human lives, to be able to be a Participant in what they learn, what they feel, and how they think, regarding so many subject matters and subjects that give to being a human being, a fulfillment, and yes, a greater understanding of The Divine.

**I** could speak hours on this subject because it is rarely thought about in this concept, but I assure you there is no stopping what can be learned and more fulfilling to the mentality of human life, because The Father, in His Love for this Creation of His, promises no stops, no slow-downs, no rejections, only His Love based on His Love for you, and what you can do, and how you

**will pass on to generations what they would not have if it was not for you at this time that you live the human way.**

**Never forget, God loves you, and you, in your way, love Him in return. We hear you say it in different ways.”**

**JANUARY 17, 2006 AT 1:00 P.M.**

**“There are Many of Us Saints present, as I am sure you feel a certain degree, because whenever The Saints arrive in number, the atmosphere can change, but so can those who live and breathe.**

**Today as I speak, My Words will be different because of the importance of why you were created and the importance of how you live. To be told you have a Portion of Life within you that is a Living Part of The Creator of All Things, does not this Statement make you think that to be created a human being was no mistake, because in its very essence, it endowed you with a Future Greater than you know life to be.**

**The Soul is a Blessing not seen but felt, because in your mentality, you automatically know what is purity over impurity, justice over injustice, hate, revenge, and all the things in life that are ugly, and yet make life happier when they are not any part of a day, a week, or a month of your life.**

**There are so Many Saints present each time We talk through this *little one*, because Our Words are for you mainly, to give you a point of interest Our Way, thus reminding you and encouraging you to one day be ‘a Saint’. No Greater Love could ever be created than the Love you gain when you are given the birth to be a human being.**

**I could speak hours, and I would, but I know The Father will allow Me to do more of It with you. Love from The Father is beyond what you know love to be, and Each of Us Here in the Heavens cherishes Our ability to be able to speak to you, guide you in a way for All Eternity.”**

JANUARY 17, 2006 AT 1:41 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**So Many of Us enjoy speaking through this *little one*, because when We do, We reach many of you that We would not have reached in a different time or way if you were not present; and when We see you, We oftentimes make it a point to speak for you to remember Our True Existence and how close We are to you.**

**We talk differently when you take These Notes, because it is like We are in the same room with you. We are that close to you, but also because We know you in a personal way, and We feel that We are close enough to give you the Words We want you to say, or to pass on to others your way, especially when you know the other people and you know what would please them, or help them, or give them the strength to persevere in Holiness and Divine Way.**

**I know I have spoken differently, but I did it to let you know Our**

**Presence is always available, even when  
Our Bodies do not show.”**

JANUARY 17, 2006 AT 2:24 P.M.

## OUR HEAVENLY MOTHER

**“Yes, I am your Heavenly Mother.**

**There are so many things that occur that should not occur, because in many ways they are detrimental to the body, or the life of an individual or more.**

**There are so many things to be thankful for as you live in the way called ‘human’. You live in a time wherein so much is delivered to you and through you, from The Divine. There is no time in your life that you are not paid attention to because, do not forget, within you, you have a Portion of The Creator, and perhaps maybe more than One, maybe Two or Three.**

**We smile when We say These Words to you, because in the human way it is beautiful to see and to hear how quickly you respond to hurt or tragedy. Believe it or not, it is a Gift of Divine Love, because All of Us Here in the Heavens are concerned when something happens to a human life. That is why it is so important that**

**prayers be said personally and in a manner and way caringly.**

**Today was a day to give you the strength to more fully understand that We Here in the Heavens are with you every moment in every way.**

**As These Words are closed, it is to remind you that every time you pray, it is a Blessing of your love for The Divine, and Divine's Love in response to you in some ways, many more than you realize, because your kindness is never overlooked or cast aside. Remember this. Also, as you pray, God responds in a Beautiful Way."**

JANUARY 18, 2006 AT 12:28 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**There is always Someone present where This Gift of Divine Love is so evident and so important for the Souls of millions of human beings. The word ‘millions’ might not be understood, because it sounds so big to some people; thus, they are wondering how What is spoken here through her, would be taken so continuously, so readily and in depthly.**

**You live in a time worse in some ways than Sodom and Gomorrah, because in some ways, there are so many individuals justifying their intentions and what they feel would give to others more interest, more understandability to the purpose for certain things being made known to others, such as accepting something that is not officially acceptable by those in charge of the Writings that are put into script from The Saints.**

**I know I speak differently, but it is important that those of you who work daily and so readily to fulfill The**

**Father's Will for the sake of Souls, you must be aware of what you think, you say, you do, you practice openly, because you are sometimes listened to, and others want to know exactly how you sense something to be, and if it is properly practiced according to The Holy Trinity.**

**I would like to speak a full measure on this topic, because in your way, by being here and participating in what things are all about here, you have accepted mentally, physically, morally and spiritually, that you can, in your way, deliver aid where it is needed.**

**I beseech you to remember your responsibility. It is obvious and important, and has and will have the privilege to support what is good for the Souls Who will be the Ones Who will profit by your actions, what you think, and what you speak. Remember though, The Father is depending on you, because of the importance of what your responsibilities will do.”**

**JANUARY 18, 2006 AT 1:17 P.M.**

**“We All smile at *the little one’s* reference to Our Presence at this time. There are so many times that The Heavenly Father permits Us to be present in a manner and way conceivable to Our background and Who We are.**

**So many times We listen to what is spoken and feel that so much good is occurring in certain places in this world of such greatness, that The Father created in a manner and way to be able to enjoy different weathers and different degrees of artistic measures. What more can We say?**

**As you have the privilege to say prayers His Way and to The Saints Who associate with Him every day, it is Our privilege to partake in certain things, so you see, We, too, are Gifts of The Holy King.”**

**JANUARY 18, 2006 AT 1:39 P.M.**

**SAINT ROBERT BELLARMINE**

**“I am Saint Robert Bellarmine.**

**It is indeed a privilege to be with you on this day and to be able to speak Words I know will help other human beings pray, because so often when it is not brought to one’s attention, they forget to honor The Heavenly Father and All The Saints in Heaven. That is why it is so important in human life to think in an open way, manner, about different things, different Saints, and different ways to communicate with The Divine in Heaven.**

**My Words are to help hopefully thousands of people who read Them, to more fully understand that a prayer is important for the Soul of the one who says it, and of course, for The Ones Who hear it, but never forget, when you communicate in your own way with The Divine, you will find happiness. You will feel closer to The One Who created you at another time.**

**For a human being to understand the value of prayer is a Gift far greater than it is seen or understood to**

**be, because in your daily life and you associate with others that are human beings, does it not give to your way of living what you would call ‘interesting’ things?**

**Always remember, when you pray to The Saints, you please Them in so many ways, because your communication helps Them, gives Them a happiness to know that They can help you in many ways.**

**Do not forget My Words today. I speak Them with a Divine Love that shares with Me the Beauty, the Hope and the Strength when I refer to the Importance of The Holy Trinity.**

**There are many things I could talk about. I will continue at another time, but always remember: Every day you live is a Gift of Divine Love for you from The Holy Trinity.”**

JANUARY 19, 2006 AT 11:40 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

*The little one* did not want to talk today, and All of Us Here in the Heavens smiled at this, because We knew she would weaken when We insisted on her using the time to relate to those she loved, Words from The Divine.

So Many Here in the Heavens cherish what you all do, because in your way, you are spreading Heavenly Love, Heavenly Directions for the sake of Souls. Your Blessings will come at the time Willed to be, but I smile at you today and I say, *‘The little one* thanks Me for making her do what I Willed her to do for the sake of the Words to be a Memory, but also a Gift that will give to others Words to think about, to live by, and to cherish in a manner and way inconceivable to them.’”

**JANUARY 19, 2006 AT 12:39 P.M.**

**SAINT MICHAEL THE ARCHANGEL**

**“Some will find it difficult to understand or even believe that I, Saint Michael the Archangel, would speak in This Gift of Divine Love. The Father has given Me permission, because of My Love for human life, but also, for My Desire for all human beings to one day return to The Father as ‘a Saint’. It is very possible to be, and there is no reason why it should not occur.**

**I will not talk long at this time, but I assure you, every step you take, every promise you make, and everything you do, you say you will do, is Blessed by Many of Us Here, but mainly by The Creator and The Saints.”**

**JANUARY 21, 2006 AT 11:25 A.M.**

**“This *little one* walks a tightrope for the sake of honesty and purity of minds to be better able to understand the Facts and the Love of The Divine. So many times injustice appears and We Saints Here in the Heavens close it out from her eyes and ears, because her Tasks are so important and numerous in number because of the Souls that are the recipients of what is heard, what is followed, and what is assumed to be logical.**

**The world bears so many human beings, a number indescribable to the human eyes and ears, because of the Importance of the Souls that can become the victims of what is wrong morally, mentally, psychologically, even just humanly speaking, thus giving to the Soul an unkind, unfair, unjust wording.**

**I know I speak differently, but there is so much to be spoken that it would be difficult for the thousands or millions of human beings that need to hear, need to see, need to know the**

**importance of This Gift for the good of their Souls.**

**I will close, only because *the little one* worries about what I speak so formally, yet so open. I bless you in a way you cannot see, but I bless you with *'The Sign of The Holy Trinity.'*"**

JANUARY 23, 2006 AT 11:03 A.M.

## OUR HEAVENLY FATHER

**“**Many times *the little one* uses Me to hear what she wills Me to be concerned about. I smile at this. I am your Heavenly Father.

You live in a very important time. I know you say all times are important. That is true, but there are certain times that human beings, of all ages, change their pattern of prayer, of their personal lives, and of their intentions.

I have given to the world *one small voice*. That is why I dictate things through her that have a Certain Motive of Mine for others to understand My Messages to them, through her.

There are so many things that should be understood regarding what a human being was created for. First of all, it is a Gift that speaks for itself through the physical attributes and the mental acumen of behavior, based on a human being's intentions or understandings or beliefs. There are so many things that human beings are gifted with that are placed there for

**the sake of their Souls, but also, how they can adjust to the facts of life as a human being.**

**When you think of all the Gifts that are instilled into human living, it is remarkable, the Generosity in which human life was Blessed abundantly.**

**I will close My Words, but as you know, I will return to speak how I Will it to be because of the importance and responsibilities that are necessary to fully understand, the responsibilities are to help human lives become ‘Saints’.”**

JANUARY 23, 2006 AT 11:53 A.M.

## OUR HEAVENLY FATHER

**“I** have requested this *little one* to speak some Words of Mine to you because I feel the importance of Them, and hopefully They will aid you and encourage you to follow what is morally sound, morally acceptable, and morally My Basic Love for you.

**As** you greet each day as another day to go forward and to enjoy and to fulfill things you feel are important for you, or perhaps for someone else, you approach the day with a certain degree of My Love in you.

*The little one* I use to speak These Words has an important Task, because it is not easy to tell to other human beings what Someone like Who I Am, requests.

**You** live in a time wherein there is much opportunity to follow what is morally sound, morally good, because it can be based on The Rules I left a long time ago, and the New Wording, in which so much is spoken requiring you to think of the important facts you are exposed to, perhaps daily.

**Children are not being helped in so many ways, because those who are with them ignore the differences in age, the different feasibilities that they can be exposed to, even from those you may think would be good people to be with.**

**As I speak These Words, I sincerely wish that when I meet with you, I could speak only Words of interest, encouragement, hope, and goals that give strength, happiness and a future, but I beseech you, remember, the human design, the human body, the human mind sometimes needs prayers to give them the strength mentally to support all that is morally sound and beneficial to not only themselves, but others they are acquainted with, or close to.**

**I will close, but as I do, I promise you I love you for the time you take to work with Me. Just taking the Words, I feel will give strength where it is needed, hope where it is needed, and yes, a Gift from The Holy Trinity.”**

**JANUARY 23, 2006 AT 12:44 P.M.**

**OUR HEAVENLY FATHER  
MANY SAINTS**

**“There are so many things and times that We like to speak openly through This Gift of Divine Love.**

**The Heavenly Father, Who I Am, is and I am always ready to speak with you, to you, for you, but you cannot see Me, nor can you hear My Voice, but I want you to know, each human life created has a Special Goal to reach, no matter what the background is, or what the intellect is, in the human life.**

**The Creation of human life, human living, had a Purpose, and in the Design of the Purpose, there was also a Design for each human life to be able to accept and also commit, but also to apply living according to The Will of The Creator. This, of course, may be difficult for some to understand.**

**In the Creation of human life, it was designed to look in a particular way, putting human life above and beyond all the other things that were**

**created, and would be created another way, another day.**

**I know sometimes Those of Us Who speak in the Way I Am speaking is difficult for those putting the Words in print, or/and even just thinking.**

**As communication is important to you, it is important to All of Us, because it gives to human living strength, hope, abilities; also, the chance to associate with Others Who understand, and Others Who can give strength when it is needed, hope when it is needed, justice when it is needed. The list is endless.**

**I know it may be difficult for some to comprehend what The Father designed for Communication Lines from Those of Us Who are not human, with those of you who are human.**

**I could speak hours on the Beauty of this Association and this Plan, because with your mentalities bearing so much learned information, and how much you are capable of practicing in the human way, We enjoy what you are gifted with, and We appreciate what We are gifted with. It is Special in every way.**

**Some may read My Words and may not understand Them, but I assure you, that in the Design of Our being able to communicate with those who are trained to communicate with Us, they are trained by The Divine.**

**It is important that you see the Beauty, the Divine Love, the Generosity is beyond what It is ever understood to be.**

**The Heavenly Father designs all things to give hope, understanding, and the ability to surmount what could be critical, what could be domineering, what could be false. The list is endless because of The Divine Love that is the Foundation for all things.”**

JANUARY 23, 2006 AT 1:55 P.M.

SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori.**

**There are so many times that I Will to write you a note, because I understand that where you are, there is much kindness, generosity in how you think, how you act, for the sake of others who do not have the capacity physically to be with you.**

**As I speak These Words, I speak Them with much gratitude and thanksgiving, because I have always been aware of so many individuals who have sadness within them, because no one communicates with them in any way.**

**I know it is difficult for you to understand, or even believe that I would request Words to be spoken on My behalf, such as These.**

**As We speak through this *little one*, there are always Many of Us present, because We are fully aware of the importance in all that is being practiced to give strength morally, physically, to give hope mentally,**

**psychologically because of the importance of communication that so few individuals are familiar with, or care about.**

**Words such as These are a privilege for Me to speak, because when a human being, a human life, no matter what age, there is always some type, some form of communication that gives strength and enlightens the value of so many things that to most others are ordinary, because they receive so many times, Blessings they say are all from The Divine.**

**I assure you, there are many Souls, when They are given a Blessing of any kind, They thank The Creator for what occurred, because it is important to be remembered. Remember this, I beseech you.”**

JANUARY 24, 2006 AT 9:54 A.M.

**GOD THE FATHER  
OUR LORD**

**“We are present, Both of Us, because We love this *little one* and because she supports what is good for the Souls of all human life.**

**It is so nice when We hear her encourage someone to receive The Holy Eucharist because of the Importance of It and the Divine Love in It, and the Reason for which It was created to be not just a Gift, but an Aid to give strength morally, psychologically, mentally, physically, for the benefit of the Soul that is so happy when the one in whom It is, has with them The Holy Trinity to share in a physical way, the Honor This Gift is, but also the Importance of the strength physically, spiritually that is within.**

**I will close, because *the little one* is always surprised when We speak, as she says, ‘so beautifully’, thus letting those present know The Gift that is being taken by each one is a Gift beyond what it is able to be told.”**

**JANUARY 24, 2006 AT 12:37 P.M.**

**“Here in the Heavens We are All aware of the different circumstances that human beings are subjected to many times, when it is importance that should be looked upon, looked at thoroughly, at what an individual is partaking in, or is available quickly to a situation or condition that makes the individual think of subjects that ordinarily would not even be available.**

**I speak differently because of the importance of how a human being lives and is entitled to many things that are not cast in stone for them to fully understand the purpose of, or the reasonability that could give strength, hope, and an inner understanding of what would be morally a Godsend to their Soul.**

**There are so many Words that All of Us Here in the Heavens would like to put into print and be read, to be followed, for others to read, to understand, and to see the value of, for their Soul.**

**So many times things are cast aside when an individual feels pride or indifference or ego, or a need for what they see or hear to be more what they already know.**

**In the Creation of human life, there were so many Blessings that were thought about because of the importance of this manner of living in a human way. So many requests to The Holy Spirit of The Creator were spoken about, and requested to give in-depth help to make every move, every word, every step, every time, supportive of the Soul that was the victim of, the receiver of, or Blessed by.**

**I could speak hours on this subject. All of Us Saints want every human being to return to The Creator and live happily, because a Blessing of This Nature, This Greatness is inconceivable to the human mind. So that is why perhaps certain individuals do not follow through on looking into the more rational circumstances helping them to one day become ‘a Saint’.”**

**JANUARY 25, 2006 AT 12:03 P.M.**

**OUR HEAVENLY FATHER  
OUR HEAVENLY MOTHER  
THE SACRED HEART**

**“I am your Heavenly Father.**

**I am your Heavenly Mother.**

**And it is a privilege for Me to say, ‘I am The Sacred Heart.’**

**We All appreciate your love for The Divine, your respect for The Divine, your interest in The Divine and how you help others feel the closeness you have to The Divine.**

***The little one* We use has no concept of what We will speak when We tell her We will speak. She is obedient to what We have requested her to do, to participate in for the good of Souls, not just where you live, but hopefully throughout the world.**

**Information on This Gift must spread to every state, every union of human life, so It will be known that I use *one voice, one body, one commitment* to My Will, for the sake of Souls of all degrees of intellect, all backgrounds,**

**all areas in which they live. There is not just one spot for My Love to be spread, because each human being is a Gift of My Divine Love, and I Will it to know this so it will be taken care of in My Name, for My Purpose. Remember this.**

**I love those who believe in This Gift and who accept It as a means to their becoming ‘a Saint’. It is, you know, because as you work for Me, I record it in your Soul.”**

JANUARY 25, 2006 AT 12:35 P.M.

## SEVERAL SAINTS

**“There are Several of Us present. We All smile, because this *little one* We use is being firm with Us on how We speak what We want her to know. It is a beautiful sight and a privilege for All of Us, because just by her looks, you would not know how her mind is so firm and she is strong where the Words are concerned, where We are concerned, and of course, that you receive what We Will you to know.**

**The Father smiles at this *little one's* strength. That is why He chose her a long time ago. She is upset with Me now because she repeated These Words for you to understand Them because you are close to her; but her silence is oftentimes abused, thus her ability to speak how We deliver It to be, she wants all things correct immediately.**

**Now that I have spoken These Words, I say to those close to her: ‘This Gift of Divine Love is a Gift beyond what It is seen or known to be, and *the little one* We use is always firm, even**

**with Us, because she wants truth and absolute necessities only, because of the Importance of The Holy Trinity.’”**

JANUARY 25, 2006 AT 1:33 P.M.

SAINT CATHERINE OF SIENA

**“I am Saint Catherine of Siena.**

**I smile at this *little one's* response to Our Presence, because so Many of Us want to speak Words of Truth, Direction, Hope and Divine Love. Regarding Divine Love, It has many Facets to It. One is very important; that is to be reminded that there are Saints created and living in a State of Heavenly Grace. These Saints should be constantly thought about when things are necessary to be concerned about.**

**So much Truth and Love of The Divine is not seen, not accepted, not realized, or not accountable to, because of the human mentality that thinks for the one in whom It is placed.**

**My Words I know may be difficult, but They are factual in concept.**

**As you face each day, you have the ability to think, to speak, to participate in certain areas of life, sometimes with others like yourselves, but always remember, each day is a**

**day given to you by The Heavenly King, and all the things that you are capable of doing He is familiar with; but always remember, you have a Soul, a Portion of The Creator within you, that The Creator wants to become ‘a Saint’.**

**Happiness can cause much happiness Here, because it is important that every human being understand there is a Future to life. The Future was designed by Divine Plan so that everyone created in the human way would one day have the chance to stay.”**

**JANUARY 25, 2006 AT 2:20 P.M.**

**SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena.**

**We are so happy to be Part, or a Portion, or a Small Gift to This Gift of Divine Love, that in so many ways will help thousands, if not millions of human beings, more fully understand the Purpose and the Love of The Divine when It is associated with what is called ‘Revelations’. These are Teachings to those yet in the living state, to be helped to more fully comprehend how important it is to follow Divine Will for the sake of Divine Love, always at hand.**

**I know I speak differently, but as I do, I feel that those who take the Words understand the privilege it is for Us to be with them, to help others they know to find the Words to speak about Those Who lived a time ago.**

**So now, as I close, I want to say again: Never think your time is wasted, because as you allow Us to partake, it is for the good of many, many Souls.”**

JANUARY 26, 2006 AT 12:20 P.M.

## MANY SAINTS

**“It is a privilege and a pleasure to be chosen to speak Words that basically mean so much, because it is a Communication to those yet in the living state and The Divine.**

**Sometimes it is difficult for some to comprehend or understand a Gift of This Greatness from The Divine, using The Divine to communicate personally on subject matter that ordinarily would not be part of a daily manner, way of living, but through *one chosen human being*, so much has been, and is being revealed by Us Who stand in a different Realm, Who live in a different Realm of Life.**

**Some hearing These Words may find it difficult to comprehend such a close Association that is between a human being and Those in the Heaven State, but I assure you, Faith will reveal eventually the Importance of both stages of Life, because each one has an Important Factor to it. Remember this.**

**So Many Saints Here in the Heavens want to participate because of the Greatness of This Gift, the Importance of This Gift, and the happiness This Gift gives to more individual people than anything else could give, because as the Words are dictated and you put Them into print, They are to travel and become known as having occurred at a time when nothing like This was ever so close to The Divine.**

**There are thousands of Words We would like to speak, but it would be too much at this time; but as you take the Words, those of you who are here, and who deliver These Words to others you know, what you are doing is giving to others a Lesson of Divine Love from Us to you.”**

JANUARY 26, 2006 AT 2:40 P.M.

**“We requested *the little one* to stop and listen to What We wanted to discuss with everyone present here.**

**You live in a time wherein there is so much to know about, to understand about, to sense about, and to be productive in. You live in a time wherein progress is not benign, but available for everyone who knows about it.**

**We speak through this *little one* many, many times but do not always ask for It to be put into print, because it would be too much for many to hear, to see, to read, due to the fact that Our Thinking is based on Spiritual Understanding, Spiritual Progress, Spiritual Needs, Spiritual Hope and Spiritual in Its Manner of Divine Love.**

**Today as We speak, there are Several Who want to let you know that though you walk a path, a road with many advantages, never forget, you have a Soul. The Soul is your Support, and the Soul is Who speaks**

to Us regarding many things, because the Soul in every human being is That Portion of it that is More Important than It is ever thought to be.

If I repeat My Words, I do it with much Love, because there are so many human beings, of all ages, who have no concept of what a privilege it is to be created a human being. It has advantages unlimited, hope is unlimited, and Love of The Divine inconceivable all the time, until the time comes and the human life is Face to face with The Divine.

I would like to speak hours, but I know it is inconceivable to do at this time, but I beseech you to remember: To be created a human being was a Blessing beyond what you understand it to be, but I beseech you also to never forget, you are subject to The Holy Trinity; and when the time comes for Words to be spoken about you, more will be recorded than you will understand it to be, because each human life has a Divine Purpose and All The Saints Here in the Heavens are happy about this.

The Father loves you, and Many Saints are drawn to you individually.

**Sometimes you may wonder Who the Presence is, only because you feel secure in some form or other, and it gives you the strength you need to continue what you are doing, especially when it is for the benefit of others.**

**The Father loves you. Remember this. Just as you feel love for someone else or others you know, the Love of The Divine is a Love that never, never grows old.”**

JANUARY 27, 2006 AT 11:25 A.M.

**“*The little one* that We have used for such a long time, instructing her on what We Willed others to know, to follow, to be aware of, also to practice, recognizing the worth of It, the importance of It, the value of It; plus, what basically was to give them moral strength, Spiritual understanding for the sake of their Soul.**

**We hear so many ask: ‘What is a Soul? I cannot see It, a Soul. I don’t know what to look for.’ There are answers to this question, more than it is known to be. The Soul can be considered one’s conscience, one’s understanding, one’s logic, one’s ability to realize and to understand the logic in there being a Supreme Power to talk to, to learn about and to, in some ways, innately feel a Presence that only The Heavenly Father would be able to create; and why would this not be for the Soul’s sake?**

**We speak so many Words through this *little one* because she has accepted Our Presence, Our concerns**

and Our willingness to give to many human beings, all ages, instructing on what they have to look forward to, and what they have available to them for the benefit of their Soul, also their mental strength, to persevere in what is important to them in ways inconceivable for many years.

**We All use her, or I should say Most of Us, because of her obedience and her willingness to comply with what We tell her is of Divine Will.**

**I will close now, but you can be assured I, or One of the Others Here with Me, will return when We know it is the time to either repeat what We have spoken, or to use what is or has been recently available for you to know.”**

**JANUARY 27, 2006 AT 12:25 P.M.**

**OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother. She is smiling.**

**There are so many things I would like to discuss today, but I know that I will only discuss a few of them.**

**A mother’s understanding is far deeper than it is seen to be, because We see the importance of personal conditions, needs, and it is what makes Us open the door to many conversations, many subjects that ordinarily would not be necessary to see, to hear, or to think about.**

**Each human being is Blessed with Gifts, giving to their life necessities: the power of speech, the beauty of knowing different subjects that give to life more information, more balance, and more abilities than if it were not so.**

**You live in a time where there is much confusion in the world by all degrees of human understanding.**

**I hold *the little one* tightly. She listens to My Words. She questioned one Word and I smile at this, because she does not want to make a mistake on what I Will you to think about.**

**You live in a time where there is much jealousy, and even contempt, but you also live in a time where progress is evident, progress in many things, many subjects, many ways, many purposes, and all ages of human life partake.**

**I know how I speak today is different, but I am just bringing to mind the different things you have to face as you live in the daily way.**

**I could speak hours on end on subjects, but it would take so much time; so as I close, I want you to know that as I Am Who I Am, I bless you from The Divine.”**

JANUARY 27, 2006 AT 2:38 P.M.

## FIVE SAINTS

**“There are Five of Us present because of the importance of what We will have to say, want to say, to aid those who walk, work, participate and partake in the responsibilities where you are now.**

*The little one* chosen for This Task knows indepthly how important It is for the sake of Souls that are the innocent victims of what human beings do that is immoral, indecent, impure, unjust, to the point of being ridiculous in logic.

**We hold her tightly as she concentrates on what We Will her to repeat for others present to understand more about the importance of the responsibilities they have accepted without understanding the full brunt of how much time it will take and how much good will it will have to show, to be able to have others understand what Faith in The Creator and how He Wills things to be done, will show.**

**She hesitates because she fears any Word if it is not correct. It will**

not just discourage others of the importance of What is spoken, but there will be wrong understood.

**We hold her tightly, because This Task of Association, Participation and Obedience she has accepted, is far more Important than It is seen to be. The Responsibility is humongous, because the Souls of hundreds or even thousands of people could be touched by What is distributed through her, for the right to be practiced, the good to be followed, and the correct, in the correct manner of doing things.**

**We hold her tightly. Her small body carries a large weight, bears it in a manner and way not spoken about, but it does take a toll in the human aspect of ability.**

**We hold her tightly as she asks Us, ‘Have You not spoken enough?’ We say, ‘Yes, We have,’ and We will release her in a degree and way, not just practical but lovingly, because her obedience is beyond what the human minds of others can perceive it to be.”**

**JANUARY 28, 2006 AT 11:40 A.M.**

**“In the Creation of human life, many things were considered. To be right was the important thing, because of the Souls that would be involved in communication and involvement physically, mentally, morally with the human bodies, minds.**

**We speak differently We know, but it is to emphasize the Importance of being a human being, and the Soul that is a Gift of Divine Love placed in every human being created to serve The Heavenly King, but also to aid the mental, moral, psychological and physical aspects of the human way of life in several areas that it is open to, responsible for, and gifted with.**

**My Words I know are not what you would expect of Me to speak, but They are Words that cover important facts, areas of human living, human life, human abilities, human concerns, and human goals.**

**I will close at this time and not deliver more Words, but I assure you, each time you request help, you are**

**aided to have it and Blessed with it. I  
promise you.”**

JANUARY 28, 2006 AT 4:30 P.M.

**SAINT MARGARET MARY ALACOQUE**

**“I am Saint Margaret Mary Alacoque.**

**It is with much happiness that We are able to speak so often through this *little one* because of the importance of what We would like others to know about and to hear from Us.**

**The human mind is definitely a Gift of Divine Love, because it allows so much communication of importance or just leisure, to be identifiable in concept, in content, or instruction on what the subject matter is referring to, or allowing to be heard about.**

**You live in a time that has been Blessed with This Gift of Identification, thus allowing so many things to be more fully understood, or more readily put into script on valuable Information that might mean much more than if It was spoken verbally.**

**I could speak hours on this subject because there are so many facets in human living, human life, that are not just more acceptable now,**

**but more important now, because they can be identified so quickly.**

**Communication is very important, and in many ways is accountable for many important subjects or conditions or understandings. This list is endless.**

**I appreciate this time, because it allows Me to speak Words that without Them having to be able to be put into script, My Words spoken would not have the privilege to be identifiable or to be learned about in any way.”**

JANUARY 30, 2006 AT 12:20 P.M.

**“There are Several of Us present, and We want you to know We have made this time with you because of the importance We want you to more fully understand regarding how you live and how you associate with mankind that you know, and yet those you do not know in a personal way, are kind to.**

**You would not expect Me to speak like this. Is this not so? We use this *little one* many times to speak to others, to aid them in fully understanding the importance of communication that they can be subject to, but also the importance of communication verbally, mentally, that each human being can have with Those in the Sainthood Who walk a Path, a Road, a Way, Blessed by The Heavenly Creator of All Things.**

**As I speak to you today, there are Many Here with Me. It is important that you take the Words and read Them when you feel you need to be aware of Them at another time, another day.**

**There are Thousands, if not Millions of Saints available to what you pray, you will Them to know. Much more is a Line of Communication than it is observed to know. When you open the door to a house or any place where there are two sides, do you not feel the importance of opening the door to reach what you willed to see or know? Each time you feel you want to speak to One of Us Here in the Heavens, all you have to do is open your mind, your will, and Someone will respond physically. I know it is not One you will see, but you will innately sense the closeness that We allow to be.**

**No Words are ever spoken like I have just spoken, but I have done it to allow you to understand how close you are to The Holy Spirit of The Creator and All of Us Here with Him, every moment of every day.”**
