PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.

JULY 12, 2006 AT 11:30 A.M.

OUR HEAVENLY FATHER

“We All smile at this *little one* and those with her, because of her innate desire to bring happiness to others, but also, to give them the privilege to receive Who I Am. I smile at These Words, because each time I treat this *little one* to a Feast of My Love, I tell her that the more she accommodates Me, I will show her My Response, My Thanks from The Holy Trinity.

Throughout the world there are thousands, there are millions of human beings. It is so important for them all, for them to learn how close I am to them and how much I want from them, because of how I created them, being a Portion of Who I Am, called ‘the Soul’.

There are other things I would like to discuss on this Communication and/or how I love to hear them when they pray to Me, and do it in the tone, the manner of how they love Me.

As I close These Words, I do it with a feeling of gratitude, because each time Words are put into script that

I reveal, it oftentimes helps the Souls through the individuals who make a point of what I speak. Remember this. I love you.”

JULY 12, 2006 AT 11:54 A.M.

OUR HEAVENLY FATHER

“This *little one* I use and have for a very long time, to give to others My Love from The Divine, it is to help others to understand how close I am to them and all other mankind.

My Love for human life is Above and Beyond what the human mentality can perceive It to be, but I speak like this on this day to alert you I am always present, even when you cannot see Me.

I have given to the world a Blessing through *one small voice*, and so much has been delivered that I want others to see, to understand, and to remember because of Who I Am, What I Am, and the importance of what I have given to the world. I have given the world everything it has.

So, as I speak to you maybe momentarily, it is to give you the strength and the in-depth understanding to know I Exist, and I am with you every moment of every day, every hour, even though it does not show in what I say.

I bless you from the Heavens and I say to you now, ‘Walk with this *little one*, because she walks with Me and We do not like to be alone.’ I smile at this because she says, ‘God, if You want to be alone.’ ‘No, you know I do not.’”

JULY 12, 2006 AT 12:46 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have come on this day to speak on situations, conditions I feel are of great importance. Some may say, ‘I don’t feel I need prayers for everything I think, do and say.’ I did not say I would speak prayers. I am here today to aid, and also to confer, and also to request what I feel all Souls need to be strengthened by, because of the Importance of the Souls that were instilled at the moment of your conception.

A Soul hears everything you think, say and do. The Soul is the recipient of every thought, word, action you take in a normal, average human manner of living.

In My Creation of human life, I did it because it was the Greatest Thing that could happen to the human being of all backgrounds, because of the Generosity, the Love, the Hope and the in-depth method of how a human being can receive what human life is all about, and that it has a Purpose, a

Reason, and a Goal to return to from Where It came, Forever and ever and ever.

The Soul is a Gift, Greater than It is seen to be or understood to be. The mentality is a Gift that is not limited to one role of thinking, but major things and so many different subjects that give to a human being the leverage, but also the ability to expand in knowledge in many ways, to learn more in what goes on that should be stopped, a lot of it, but then, also some that should be placed where it does the most good.

Always remember, as you were created a human being, the first step was a privilege, and then this privilege was to give you the abilities that it would take to one day return to Me as a Saint.

I have given you Words I have rarely spoken before in this manner and way, but as I leave you at this time, I want you to know I am never a great distance away; but as I leave you, I bless you with My Manner of showing My Love for you, and that is to bless you with *'The Sign of The Cross'* that allows all the things that you think,

say and do, to be blessed in a manner and way no one, or nothing else could do.”

JULY 13, 2006 AT 11:50 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Everything created has a purpose, a reasonability, and of course, an Act of Divine Love either designs it, creates it, or uses it many more times than it is seen or known to be. Without the creation of so many different items, different facts, different conclusions, different matters, different means for things to appear, perhaps at the notion of some human beings, or the logic of some human beings, or the talents of some human beings, every creation has a purpose.

My Words could be endless on this subject, because it is so evident in all that it is part of, or directed by, according to what it includes in its concept, content, understanding, and mode of association with all things.

I know I have given this *little one* major subject matter to dictate to those who have the privilege to put into script what is spoken through *one small voice*.

You must remember These Words, and you must understand that to be created a human being had many Blessings in it, in how it was going to be used for several different conditions, modes of living, manner of understanding, and also the abilities that would be prevalent to produce, and to instill, and to direct, and to design things that ordinarily would not be thought about, because only The Divine Will has the privilege to discuss everything that is in the world, because so much of it is not always seen by the average human being.

I say these things with a Blessing, and I say them to help you because of your earnestness in how you want to do My Will.”

JULY 13, 2006 AT 12:50 P.M.

SEVERAL SAINTS

“There are Several of Us Who have been with this *little one* for a very long time, due to the fact that when she was chosen to walk a thin line but a Very Important Line for the sake of Souls of millions of human beings, so much could be written about All that has occurred thus far, but some would find it difficult to read, because it is oftentimes natural for some individuals to not want to hear good that passed through someone else, especially when It was Divine.

You live in a time wherein there is so much confusion, only because of the inability of so many to formally or fully or logically understand that being created in the human form, way, was a Gift greater than it can be perceived to be, because The Divine is not easily understandable to the average human being.

***The little one* We use We have used many times to transmit to others, Words from The Divine. Her conscience is clear and her Words definitely based**

on Divine Origin, Divine Worth, Divine Love, Divine Hope.

To many who read These Words, it may be difficult to understand how close *a chosen Soul* is, very often based on Divine Plan. Granted, This Blessing does not always show in Its full measure, because there are some mentalities that innately address something they hear according to how they can handle what it is described as, thus giving a different interpretation than what is realistic.

We use this *little one* sometimes continuously. We know it is a tiring time, but We also know what We know to be truth, and in many ways aid or comfort or help, or a willingness to give strength. We repeat what We are requested to say. To many, Our Manner of Life is difficult to understand, but nonetheless, It is Fact and It aids in many ways those who want to know Facts.

As We close, and there are Several of Us Here, We will close because We care, and We will return when We know the time is right, and those of you will understand.”

JULY 13, 2006 AT 1:32 P.M.

“*The little one* does not want to repeat All the Names she noticed were present. We All smile at this because she is consistently and constantly conscious of what must be correctly followed, adhered to, and spoken of in the correct manner, due to the fact that very often the very description of something speaks louder than any imagination could be compared to.

My Words are not usual, but I enjoyed speaking Them, because this *little one* wants all things to be properly stated, properly coordinated, properly delivered, and properly used for what It was designed for. Many of Us smile because of her consistency in wanting things to be understandable to all minds.

Some may wonder why I would even speak These Words, because They are not covering a very important situation, or condition, only one that is a pleasure to see, or a pleasure to know about.

Today I will speak on something very important, because I know it is what you enjoy most.

You live in a time wherein intellect is of the greatest importance to most human beings, but intellect many times will stand firm on not just what is important, but what is pleasing, thus allowing some change in the subject matter. Is that not so?

You live in a time where there is much mental ability on many subjects, but I have come today to speak on a subject of great importance, and that is, that when you pray, please do it in a dignified way, in an honorable manner of concern for the words you use, the subject matter that is important, and that the Characters of Those you expect to listen to you, will find the wording a compliment to Them, but also a necessity for Them to handle properly.

I know it is rare to speak this way and ask you to put It into print, but it is so important to communicate with each other, not just on strange things, but things that we use every day that give to our lives the foundation for

purpose, reasonability, conscience, and the desire to be logical.

Of course, some might wonder why I would speak this way today. Basically, it is because We Here in the Heavens feel so strongly on the fact that all things should be done properly, with dignity and concern for the results of what the words can not just give out or give in, but for the words to say what is important for the subject matter to be seen, heard, learned, because of its importance to the mind and the body perhaps, and of course, to the Soul; but also, to how an individual stands in regard to what they would like their Soul to be able to capture, and that is, to live with The Divine in Holiness for the rest of time.

I appreciate being able to speak, because Many of Us Here in the Heavens feel that We can sometimes instill Facts that perhaps you have not thought about, and yet the Facts seem to give strength to the purpose of what you are doing, feeling, and living for.

There is no question that The Heavenly Father loves every human being created, and wants each one to

**return to Them and be called ‘a Saint’.
You have the opportunity. Always
remember this Statement as your Goal
to be a Saint.”**

JULY 14, 2006 AT 11:43 A.M.

“I have requested this *little one* to be with you, so I could deliver to you Love from The Divine that is not ordinary because of the Importance of It, and the Gift of Divine Love that shares It with you.

Today is a day for many to remember that it was chosen to allow human life to share and to care about the Gifts that have more meaning than they are known to have, and of course, more Divine Love within them than is possible for the human mentality to perceive it to be.

So Many of Us Saints Here in the Heavens have used this *little one* We speak through so many times, thus giving to others the logic, the beauty, the purpose, and the hope in The Divine for trust to be instilled, guiding individuals to more fully understand that when they were created the human way, it was a Gift beyond what words can truly say. A Blessing is a Gift, but the foundation of this Gift is

greater than it is ever seen or known to be.

I asked this *little one* today to take Me to your presence, because I wanted you to know that when you practice an act of love for The Divine, it shows, but also, in many ways the Blessing is returned to you, to give you the strength to persevere against odds that so many times are only excuses. Remember this.

I come on this day because of My Love for you, but because of My Love for That Portion of you, called ‘the Soul’. The Soul will live on Forever. It is a privilege for you to understand this and to see it as it is, because the Soul is a Portion beyond what the human mentality can perceive It to be. It is a Gift of The Divine and will follow you for All Eternity.”

JULY 14, 2006 AT 12:25 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

I come on this day to speak to you about a point of great importance.

There are so many things that are presented to those in the living state that are packed with beautiful ideas and wonderful things to produce, and many things to follow to give to human life a greater manner of living, a greater goal for living. I could speak endlessly on this subject.

The Father, in His Love for human life, instilled into so many individuals, Gifts that would give hope, understanding, logic, and different methods of doing things, plus the beautiful act of being able to design things that would be acceptable to use in so many ways.

As I speak These Words, I say Them with so much happiness, because the average human being does not realize all the Gifts of Divine Love that give to human living so much

character, so much enjoyment, so much hope, and so much to learn from.

Thousands of words could be spoken on these subjects, because in Divine Love's Love for human living, so much has been given, and is yet being given.

Remember this, because in so many ways it will help those who do not understand it as being something that was so great in its measure of communication and its ability to give to life so much, so many degrees of learning, of practice and of unification. The list is endless.

I want to speak Every Word, but I will at another time."

JULY 14, 2006 AT 1:13 P.M.

“The basics in human understanding are far more in number than they are seen by others. You live in a time wherein it is important for every human being created to more indepthly understand what the creation of them was for. Basically, it should be told it was Divine Plan, based on Divine Love for the Creation of human life.

Every human being created has a Purpose, but also has many talents in what life consists of for them, and why life is created in the way it is, thus using what human life consists of, for those others to fully understand every facet of human life has purpose, reasonability, and is based on the knowledge of Divine Plan.

Though I speak differently, My Words are necessary for those who read Them to see human life as a Major Gift of Divine Love, allowing to it knowledge, plus abilities that animals don't have, trees don't have, and anything else created does not have.

You live in a time when more understanding, more respect should be emphasized on what Divine Life was created for and with, because of the Importance It plays in many facets of whoever It is in. An animal does not have this privilege to be the custodian of a Gift such as human life has. Remember this.

We could speak hours on facets of Information that would awaken, or should awaken the mentalities of human beings, but so many times, when someone hears something extraordinary, they wipe it out, because it interferes with their routine they are used to doing, practicing, and handling in the human way.

Some who write These Words may wonder why I speak this way. I speak this way, because so little is acceptable in a dignified manner when it comes to the responsibilities that human life is, always has been, and always will be, because of the safety measures that are necessary for it to be taken care of properly.

I could speak endlessly on this subject, but I will add one thing: It is sadness to Those of Us Here in

the Heavens when things of great importance are not seen for the greatness they are, that it is; in fact, it is diminished many times, because an individual or many individuals are indifferent, or too lazy to look at the full brunt of what they are learning about.

I could speak hours on this portion of what I have just spoken.”

JULY 17, 2006 AT 11:56 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I requested this *little one* to speak for Me, because I Will you to know how deeply I care about you all, and I respect you for all you are trying to accomplish physically for your Souls. Your Souls are ever available to Me. They are always present when I request it to be.

Some who read These Words will not understand Them, but the important thing is that you who are present here with Me now, know Who I Am, What I Am, and how much you are associated with Me when no one else is around.

Today, as I face you with what I have just spoken, I also want you to know that every moment as you live each day, I use you, because in your manner of living, sometimes you automatically do something that encourages someone else to think of Me or even pray.

This may sound difficult for some to understand, but I assure you, there is more understanding of a matter like this than it is ever understood to be, because when I say, ‘My Presence is here,’ I mean it, not that It is not present at other times, but when I speak the Words, it is to let you know I care in a Personal way and in a very thankful way, that you show what you think of Me, how you think of Me.

Remember this, because there are so many people out there throughout the world who have no concept how often I am with them, and how much I care for them and their Souls; but as I close My Words today, or I should say at this time, please remember your love for The Divine is a Blessing, not always spoken about, but always remembered by Those of Us Here in the Heavens Who hear what you have to say.”

JULY 17, 2006 AT 12:52 P.M.

SEVERAL SAINTS

“There are Several of Us present.

Many of Us are always where this *little one* is because of how she understands so many things that We Will others to follow, to know, and to be observant of, for the sake of their Souls.

You live in a time wherein some individuals, or I should say, many individuals desire to find happiness or contentment in how they see The Divine, whether it is through stories or through prayers or just momentary times when they feel the Presence of Something other than themselves, and It is called ‘The Divine’.

So Many of Us Here in the Heavens want so much for every human being to understand that to be aware of the Sacredness, the Importance, and the Magnitude of Divine Love that we are all available to and It is always available to us. The sign of the clock, no matter what time, does not say there is No One around. It is our thinking, our requests, and the time we take

that we are heard, we are seen and/or we are accompanied by Someone in a Higher State of Divine Love than we are at that time.

Throughout the world, there is such a need for all ages of human life and all means of how an individual lives, for the sake of the Soul they are the custodian of, they should look to, remember that they are able to pray at any time of day or night, and they are heard by The Ones to Whom they are praying, without question. Remember this.

Some may say, ‘But what if fifty thousand people say at the same time that they want a Particular Saint to hear them, is there any proof that this exists?’ The proof is in many times the actions of the one who says the prayers. It is sad when We hear questionable things regarding what could be, what could not be. The list is endless, so We Here in the Heavens say: ‘When you feel like praying, pray. When you feel like calling on a Particular One, do it, because you have no idea how your Angel is beckoning maybe the One you are calling upon, or perhaps someone else’s Guardian Angel is helping you, too.’

There are many ways to be successful in the line of prayer, in the beauty of it, and the means that it is to communicate, at all times, with Whomever you request It to be.

The Father loves you. The Heavenly Mother loves you. There is No One in Heaven that does not love you. Remember this.”

JULY 17, 2006 AT 1:47 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

I come to be with you today because of the importance you are responsible to and for, because you have been created a human being by The Heavenly One, and given the opportunity to follow Divine Will for the sake of your Soul, and of course, for the protection of the body that you are gifted with.

So many times when The Heavenly Father responds to Our wonder if He is ready to speak, it is always a pleasure when He either speaks Himself, or directs The Heavenly Parents to take over and communicate with those who are ready to take the Dictation, learn from It, and be able to teach others with It for their Souls' sake, but also, helping their will and their physical find something important to use.

I know I am speaking rapidly, but I will slow down.

You live in a time wherein there are so many beautiful things for you

to partake in and to be accustomed to for the sake of your Soul that was given to you at the moment you were conceived; perhaps It did not show in size at that time, but eventually it came about to be reminding you that It was within you, helping you to live a life that was capable of giving you so much happiness, so much pleasure, and so many talents to work with, plus helping you in association with others like yourself on many things that before this you would not have the privilege of.

There are millions of human beings throughout the world who need a Gift of This Measure, because Each Word instills into the mentality a communicative manner of thinking, speaking with others, not always one's own age, but ones who can understand the language and what it means.

I will close, but I want to return at a later time because of the Importance of Divine Love that you must never walk away from, but always use It where and when you can, because your Soul loves This Gift because of what It gives to the Soul that is not always understandable to you.”

JULY 18, 2006 AT 11:55 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Each time a human being is confronted with justice and/or judgment, it should be understood that much must depend upon the wording in how one speaks, acts, or uses the time to follow, whether it is a private meeting or a time to be with other human beings, whether it be social, financial, or personal.

I speak this way through this *little one* and My Words are difficult for her, because They are not Words she would want to make decisions on.

You live in a time wherein there are so many unreasonable indications of individuals not using time in the form of justice or happiness or friendliness, but in other categories of how they feel, or the mood they are in, or things that would not ordinarily even be considered.

I know the Words I have just spoken are not what you would expect Me to say on this day, but I have been

requested to make Them a point for some reason that may be practiced at a later date.

I bless you from the Heavens and I say to each one here, ‘Never forget, when you were created a human being, it was a Gift of Divine Love that you became a human being through and from.’

I want to say more, but it is important that you remember what I have just spoken about you.”

JULY 18, 2006 AT 12:40 P.M.

**OUR HEAVENLY MOTHER
SEVERAL SAINTS**

“I am your Heavenly Mother.

Several of Us have come to speak because of the importance in how you have accepted the moral issues that give to human life, human living, so much to be thankful for, and be able to be example of, for others to see, to follow, and to accept for the sake of being seen physically, but also as a Gift to their Soul, because the Soul is the recipient of everything an individual thinks, speaks, practices, and uses life for.

The world has been Blessed abundantly by *one small voice* because of the Importance of human beings, and it was necessary for all human life, not just to realize but to practice what would be feasible, honorable, moral and pleasing to The Creator of All Things.

So Many of Us Here in the Heavens have for many years spoken through this *one small voice*. It has always been a pleasure and a privilege,

because Our Words were spoken with dignity, honor, and justice in what They were meant to be seen for, heard by, followed by.

What most individuals do not understand about in their being created a human being, is that they ignore the abilities: their sight, their speech, and how they speak to others in terms not just pleasing, but identifiable for the dignity in the words.

Needless to say, hours could be spent on this one subject, but We have come today to let you know, what you are doing is not just to strengthen others, but to encourage them to follow The Divine Will in everything they think, speak, do.

It is a privilege and a pleasure for Us to join you when We know that your sensitivity to spreading what We request you to put into print, or speak openly with, We love you for.”

JULY 18, 2006 AT 12:59 P.M.

“Oftentimes We listen to those who are in conversation speak on what they are in the mood for at a given time. Sometimes the conversation is on each one’s speaking how they have grown accustomed to certain individuals who they feel have a certain degree of knowledge on certain subjects, but sometimes when they repeat these sentences, We find them having a different opinion.

You live in a time wherein so much is not dealt with in the manner of intellectual understanding, only according to how an individual senses or describes the meaning to be sufficient for them to just listen to, ‘but’, and We say this word very strongly, criticism, injustice and superior attitudes oftentimes create a volume of wrong understanding and a definite misconception of the value of the words spoken.

I know I speak differently at this time, but These Words We felt should be spoken in a manner and way to alert

those who read Them, to be careful in how they accept so much that occurs when they are present, thus not really hearing the full understanding or meaning of the terminology used.

We are speaking very strongly through this *little one*, because the Words We have just delivered were rather difficult to speak to you with.”

JULY 18, 2006 AT 2:21 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

There are Several of Us present because of the importance of, and the need for, and the purpose that so much can be helped, so many individuals can be helped when they hear of what they have going to help them, and that is, of course, the Love The Creator has for human life.

So little of this is understood and it is sad for Us to say, because it is logic that The Divine would be feasible and closely associated with every human being created, due to the fact of the Purpose for which human life was created, and the Love The Divine has for human life.

Remember this the next time you pray. Ask for help for those who feel that they are not capable of keeping up with what they would like to be, and that is to be innocent, but also to be service to The Holy Trinity.”

JULY 19, 2006 AT 11:45 A.M.

GOD THE FATHER

“When the time came that I had chosen for the Greatest Step that I was looking forward to, I repeat today with much Honor and much Divine Love.

When the time came for lives to be instilled into genders of human living, it was a Great Time, because it was going to give to the world a Love from The Divine that was Greater than It was understood to be.

In the creation of a human being, it is not fully understood to other human beings, but it should be learned about regarding the importance of the design and what it is instilled with, based on the Importance of It one day returning to The Divine as ‘a Saint’.

I could speak hours on this subject, because there are so many facets to it, steps in it, and variations of what it consists of. The mentality alone is a Gift far greater than it is seen to be. The physical, of course, is the foundation, and the mentality is a Gift, giving to a living manner of

things, the privilege to communicate in a way understandable that so many areas nothing else has, or did it have at that time.

I know My Words are different, but I speak Them today because more understanding should be on what I have just spoken.

Creating a human being is a Major Gift of Divine Love, but instilling into it a communicable means for it to be used in so many ways, for so many things, is a greater Gift than the human mentality understands it to be.

I could speak hours through this *little one*, because there is so much I want to share with other human beings, due to the fact that one day when the Soul enters the Place Where I Am, I will recognize It as to Who It is, and I will bless It with Divine Love.

I could speak longer, but I will do it another time, because I know My Words are strong, and perhaps unusual to hear, but please, I believe you know that My Love for you and all those created, occurs because of Divine Love based on The Holy Trinity's Way of doing things."

JULY 19, 2006 AT 12:24 P.M.

SEVERAL SAINTS

“There are Several of Us present. We are always so happy when this *little one* joins with you and listens for Us to speak Words that will aid and will encourage, and in many ways give hope where it is needed.

You live in a time wherein so many individuals work so hard to reach the epitome of scholarship. We love that in them, but We also want them to understand that to reach for the goal can be much more difficult than they had planned, because they are looking for a point that someone else says, ‘It is top drawer.’

Let us go back now to a time, some time ago. There were three speaking to this *little one* We use. She tried very hard to make them understand that to reach the goal was not right at that particular time, because the goal was a form of greed that would cause great harm in some ways, because it was over money that they were using the words they wanted to be successful.

Many of Us Here in the Heavens smile. We try very hard to get those present to see that it is correct to try to reach the goal, but is there any question of what the goal might mean to your Soul, because of the greed you show, or what you must do to gain what you are headed to gain?

I know These Words may be difficult for some, but They are Words just to explain to you that We Here in the Heavens love those of you who think Our Way, and who walk a tightrope, because sometimes when you feel something is so important, never forget to say a prayer so The Heavenly Father will help you and direct you without error.”

JULY 19, 2006 AT 1:15 P.M.

“Yes, there are Several of Us present.

Each time We feel We would like to discuss a subject matter, We choose this *little one*, because We know she will follow through when she says what We have spoken about, or shown her, will be nice for others to see, to have and/or to know about.

You live in a time wherein there are so many things available to decorate or to offer some form of happiness in what it is all about. Many times it is just a picture of something, or sometimes it is just a word that refers to something. The Gifts such as these are, are Gifts far greater than they are seen or known to be, because in the creation of what would help the human mind, there were thousands of things designed and spoken about, and yes, shown at different times. Up to this time in which you live, there are yet many things being shown that a long, long, long time ago, were spoken

about in a different manner and way than you know.

I speak These Words because of the importance that every human being has the Gift of, and that is to be thankful for a Creator that so often just gets the privilege of accepting having created human life, but in reality, what We call ‘a Gift of Divine Love’. There are thousands and thousands and thousands plus, regarding the Gifts that The Divine delivers in ways and means understandable, because they give to life certain facets of improvements or interests and/or help.

I would like to speak hours on this subject, but Several of Us Here in the Heavens felt it would be a good subject to give to all of you, so perhaps it would take the time, but it would also give you more time to enjoy ‘arts’ as they are known to be, for the mind.”

JULY 20, 2006 AT 8:30 A.M.

“We often use this *little one* to put into print what We want others to see, to think about, and feel that the Words coming from Who We Are automatically reveal Our Presence is obvious, and what We speak is to leave Words to be remembered.

Throughout the world there are millions of human beings who need what This Gift, at ‘this place’, has the desire and privilege to release. More emphasis should be put on the importance of ‘this particular station’ We use, thus to help others also understand the Beauty and the Love of The Divine for mankind.

Though We use *one small voice*, *one small body*, We use it with a firmness that We have not just requested her to accept, but to be *the deliverer* of what We speak through her for others to more indepthly understand how close We are to them.

We could speak hours on how Important being a human being is, because of the Gifts of Divine Love

it is endowed with from the moment of conception until the day that the human awakening ends. More could be spoken on this. I assure you, it will be at a time that is best for it to be understood.”

JULY 20, 2006 AT 11:34 A.M.

“There are Many of Us Saints present, and what We have to talk about is of great importance for the Souls of millions of human beings.

Some might wonder why We would choose *a little one* such as she is, to speak on such a Major Project, but We must say, ‘What We have chosen to do through This Gift is to save the Souls of millions of human beings that otherwise could be lost, due to the fact that they would be consistently and constantly engrossed in the activities of ordinary, lackadaisical issues, conditions, situations and people.’

We smile because she says, ‘I want to cry.’ We tell her, ‘Not now, because We have other things We wish to deliver to those with you, and it is important for them to understand the necessities that go hand in hand with obligations for the benefit of Souls of millions of human beings.’

Each day you live in the human way, there are more human beings created than you realize to be, and

each one of these individuals We want returned to from Where It came, and We want It to be 'a Saint' because of Its time in the world that It used the human role to live, to act in, be obedient to, and learn to walk the path of Divine Rule, Divine Way, Divine Love, and Divine Example for the world.

We hold *the little one* tightly because she is always astounded at how much We have to say. If every human being throughout the world was presented what this *little one* was: to suffer and to follow the Will of The Creator at all costs because of the importance of everything that is requested or spoken or delivered. Believe it or not, Our Hearts ache for this *little one* because of the Responsibilities she endures as one alone in the reception of important issues, benefits, rules, circumstances, and things that must be coordinated to make them important for the lives, for the Souls of millions of human beings.

Whenever We tell her We want her to listen just for Us, she has no concept of what We are going to speak or request, or force her to announce what We see as important in many ways

for the sake of Souls of millions of human beings that you may never see in your lifetime, but they are available for what is delivered for them to more fully understand that We Here in the Heavens, many times have to give Direction through one such as this *little one*, for the benefit of Souls that have no concept of the importance of their manner of living, or their Goals to one day return to Where I am and be called 'a Saint'.

I will release this *little one* slowly, because My Words were heavy on her small body. The strength it takes to deliver what We Here in the Heavens speak is far greater than is seen or understood or known by anyone else close to you, or amongst you, or even many places throughout the world.

As I leave, I say, 'Never forget, you are Blessed by All you hear, and it is important that you understand that a Blessing of This Greatness is to aid The Heavenly Father in Divine Plan.'

JULY 20, 2006 AT 12:38 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. There are Several with Me at this time because of what I have to say.

In every human being’s lifetime, there are many things to learn about and from and for and to, because within the mentality there are always times when an individual seeks to understand what is being spoken, the reason for it, and how much they, as an individual, feel it associates or connects to their manner of living.

Living, to a human being, covers many stages of life, many degrees of abilities that are not always put into print. When a child is created, the child is seen for every little thing it can act upon, or appear as. The list is endless.

So many times human lives are put to waste because they do not consider the Graces they receive in being created a human being, because so many of them have no concept of what this word ‘Grace’ means for them, to them, about them.

Now let us take a very important subject based totally on what Holiness is, after It is given to an individual who in many ways has walked a tightrope of life. First of all, the mentality has to learn a lot about what is correct, what is morally sound, and definitely what is pleasing to The Creator of All Things, The One Who created the Beauty of what religion was based and is based on. This Gift of Divine Love is not always seen in the exactness or in the importance of it. It is many times taken casually as part of life.

As I speak, I speak Words clearly, but Words I want you to think about, because so often the full meaning, or the full concept of definition on a word or more than one, is not seen for the magnitude it expresses, or it portrays, or it accommodates what some people feel very strongly about.

Now, what I have spoken may be difficult for some to even wonder why I would bring the subject up, but it is something to think about, because within the human mind, there are many ways that definitions give more importance to what the words speak, and sometimes it is in such greatness that the individual is stymied by all

that they have the ability to understand about.

I could speak hours on this subject because it is of such great importance to every age, every background of human life. So much is spoken on personalities, natures. The list is endless, but remember, when you were created a human being, you had to be able to live each day learning how to do every little thing that was associated with your body, and those who were associated with you. This may sound foolish to some, but it is important to think about.

Also, there are so many things that I want to discuss with all of you present, because they are not usually associated with your communications with The Divine, and that will be Our next step in line, because every word you speak, every thought you have that is with The Divine, it can be the greatest Gift of Divine Love that you have no idea of how great it is, and that will be My next step with you, because The Heavenly Father wants it to be seen for what that gives to you, your mentality, your actions, and all the things you are associated with. It is never out of one of them.

**I love you, and I have spoken
These Words because of the importance
of how you live and how you act, and
the Importance of your Soul that is to
return to The Creator as ‘a Saint’.”**

JULY 21, 2006 AT 11:29 A.M.

OUR HEAVENLY FATHER

“In the Creation of human lives, there has been and always will be many things instilled that cannot be seen and/or felt in an obvious manner, because within each human life, it was Blessed with a Gift Far Greater than it sees the Gift to be. The Gift is That Portion of Who I Am. It is called ‘the Soul’.

Without this Gift, it would not be as Special as it is, because the Gift, in so many ways, is a Portion of Who I Am, and the reason for which I instill this Gift is because of what It gives to human beings: Something Far Greater, and That Is My Presence Of My Divine Love, Always Available To Every Human Being Created.

I would like to speak hours on this subject, but I will perhaps at another time.

I bless those who follow My Will and My Way, because in doing this, they respect Who I Am, and My Purpose For Their Being Made ‘A Saint’ To Be Remembered In A Special Way.”

JULY 21, 2006 AT 12:47 P.M.

“We are so happy on this day, because We care about those who care about Us, and the Fact that We do speak in many ways, openly describing what We are all about.

To some individuals that cannot understand that We, in a silent manner of communication, would reveal to ‘a single person’, things We feel are of great importance for them, and sometimes even for the whole world, Communication of This Magnitude is not always accepted, thinking of course that they are making it up, but We always let the one We choose know in a direct manner and way, that what We are about to speak will be Blessed by Heaven in every way.

Now that I have spoken These Words in a descriptive tone and way, I want to discuss one more subject, because it is of great importance to the Soul that you are the custodian of, and to your mentality that is used for so many good things, and for progress in how you speak, how you think, how

you act, and many times in aiding others to not just listen, but to utilize what he or she is understanding, and caring about subjects that many others do not have.

I want to speak so long, but I feel I have just introduced Myself in how I feel, so I will say, ‘I love you for how you think, and I know you love The Creator because of how you accept all things.’

Thank you for being with Me and Others like Me today. I will return when The Father permits it another time, and maybe another way.”

JULY 24, 2006 AT 11:49 A.M.

“All the major Gifts of human life are not seen for what they instill or direct or emphasize the importance of how they are used and/or how precious they are for the Souls of millions of human beings. Every human being created is gifted with an innate ability to follow a path greater than they can perceive it to be, but there is much sadness when an individual either rejects or ignores or defies what they know. The words they should speak are based on Divine Love, not necessarily their understanding as a human being.

I hold *the little one* tightly, and as I do this, I want you to know I will erase It from her as I speak It. She walks a tightrope of Love for The Divine that no other human being can perceive It to be mentally, or any other way.

You are oftentimes delivered Words that no human beings would be the custodians of, but They are delivered to a few close to her, because

the Words are Words of Fact and Divine Love. We speak through her according to what We feel others may need, or would help others in some subject form that otherwise they would never hear or read or see.

***The little one* is close to collapse from the Power We have used to encourage her to meet here with you and speak the Words only We Will you to know, not she.**

We bless you, All of Us present, and We say, ‘Never forget, as you walk the tightrope of human living, you bear the privilege of one day becoming a Great Saint.’”

JULY 24, 2006 AT 12:27 P.M.

“This *little one* walks a tightrope because of the importance in All she is requested to deliver so that others will be able to distinguish the proper method of doing things, over and above just accomplishing what they think they have heard or seen.

Every moment of every day has a purpose for it, a reason in it, and a Goal for It to one day reach, so It will be in Heaven with The Divine King and The Heavenly Mother, and All The Saints Who are able to succeed in practicing in the human way, the Importance of being a human being.

So much can be spoken giving strength, purpose, hope, and beautiful logic in what so many things can speak of, in regarding a Mission on earth that will aid, through the very printing in All It does, Souls that possibly could not have made it without a Gift of This Measure, This Degree of Divine Love.

I would like to speak hours, because it is necessary for all ages of human beings, not just to fathom but

to understand what a privilege it is to be created a human being that one day is to reach the Goal of Sainthood, to be with The Creator in All Ways, All Means, All Times.

Every day, Those of Us Who are aware of this Generous Gift, this Important Fact, We always ask help for those who live in the human way, but We are also reminded at this time that the individual is responsible for all they think, do and say, and there is justice galore, without question, in The Heavenly Spirit of Love for the human way.

These Words are spoken with much concern, but also, much hope that all Souls will be able to return to The Creator and be ‘Saints’.”

JULY 24, 2006 AT 12:40 P.M.

“How many Churches are consistently concerned, in an open way, regarding the behavior of those present, thus accepting degrading human behavior? Ask yourself, ‘Do they consistently and constantly speak of sin in the full manner that makes sin so detrimental to the human body and mind?’

Every time, in the History of human life, certain degrees were mentioned regarding this, but it is important for it to be put into strong wording now, because of the laxness in morality that is acceptable in all generations, in all backgrounds, and even so-called ‘religions’; thus, justifying the need, or the reality, or the acceptance, or the logic they prescribe as necessary, or just acceptable, because of ‘the sign of the times’.”

JULY 24, 2006 AT 2:04 P.M.

“There are Several of Us present because of the importance of how you live, and how you walk to one day becoming ‘a Saint’.

The world has been Blessed abundantly, because there are so Many of Us Saints Who want so much to encourage and/or to enlighten and/or to instill Words that will, when spoken, encourage others to put more emphasis on the importance of how they live, how they think, and to remember their Soul.

The Words I have just spoken are Words familiar to those who take the Words, but there are so many things that should be thought about, and that is, every moment of every day, every human being alive has the privilege to serve in a degree of dignity, many individuals who are human in nature and living; but then, there are The Saints Here in the Heavens Who when They are paid attention to, it is in many ways personal with the One in

Whom is giving Words of counsel, or consoling means, or requests.

I know These Words are different, but it is a direct Communication that has a purpose, sometimes just a view of what can be occurring, even though there are no spoken words between Us.

You live in a time wherein there are so many advantages morally, mentally, and all other means of how life communicates.

Before Those of Us Here close Our Words with you today, We All want you to know that every prayer you say is heard, and All The Saints that are aware of you, sincerely want your will and your Soul to one day be in that Special Place called ‘Heaven’.”

JULY 24, 2006 AT 2:45 P.M.

SEVERAL SAINTS

“We All smile when We hear this *little one* say Words that she is aware of that in many ways she is also very conscious to be cautious of.

You live in a time wherein there is and have been so many indications of in-depth, corrupt adversity to the funds of particular people, thus causing a cover-up for what the average person would see it as, or to be.

We speak differently at this time because of the great amount that is being practiced in so many areas, ways, and unusual circumstances.

We are speaking These Words because of how We feel there is a necessity to be aware of, regarding personal commitments, associations, practices and values.

We All smile at this *little one* when she repeats Our Words so emphatically, because she imitates how We speak to her.

Time oftentimes has a way of repeating itself. Always be aware of all the facts, indications and situations that should be looked into regarding whatever the subject matter consists of.

Our Words are put in the way and manner that We feel will support any act that you feel necessary that will support how you feel, how you live, how you think, and how you professionally practice your associations with others.”

JULY 24, 2006 AT 3:16 P.M.

MANY SAINTS

“It is with much happiness and with much joy that We request to have some Words put into script, because We sincerely feel that what We have to point out to and to get others to think about, have meaning in Them to give strength, understanding, and abilities to more deeply accept The Holy Trinity.

You live in a time wherein so much humanism, and so much so-called ‘rational understanding’ is evident on many different subjects. The time in which you live has been gifted in understanding values: moral, Spiritual, financially, and yes, in the manner of communication with those you are close to.

So many individuals do not fully understand that every Gift in human living has a purpose, a reason, and most times, a goal, because communication is not to one alone, but it uses more than one mentality in every facet of it, thus giving more of a communicative value than many words spoken in

a friendly manner, for a friendly purpose.

What I have just spoken may not seem important at this time, but each day you pass through, doing the things that you find necessary or comfortable, you will find a deeper understanding of the value of things if you see them in a view in more than one way. That is why We oftentimes bring to your attention, a Fact that gives you the ability to broaden your views and to think more indepthly on the value that you have now, to be able to more indepthly see the value of being a human being that has been gifted with more understanding that nothing else would give you in This Form, This Manner, This Degree, This Way.

I hope you will understand My Words, because I come to you on this day and other days, too, but because I care about you, and your caring about The Divine is something All of Us Here in the Heavens are happy about, because We knowingly know, It strengthens your morals, your values, and your way of living, especially when We know God thanks you, and We say, *‘God bless you.’*”

JULY 25, 2006 AT 11:49 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

In the Creation of human lives, much was taken into consideration. First of all, human life was to be created with many Gifts and the ability to learn through The Father’s Love, what Heaven would expect of the human beings.

In the first creations of human life, there had to be much concentration on what a human being must learn, and also learn to face, because of the importance of the things that would pass through them mentally, psychologically, morally, physically, spiritually.

I use *one small voice* because of the importance in what I am speaking, due to the fact that even though after a child is given birth, and then the child proceeds to learn one step at a time in how to live the human way, there are many sessions wherein the steps have to be practiced so that more logic could be received from them, and I am sure you are understandable to this,

because you are human by nature and by virtue of the Gift of Divine Love.

In this time that We are now using to give you more Information than We used to, it is because times, because of human natures, change, and some try very hard to walk and be looked upon as strikingly important in what they speak, how they act, what they do.

When you were a child, you learned how to take one step at a time, one thing to learn at a time, so you would be well-equipped to follow the new leadership and the new reality that a human being could be created with many values, many talents, many initiatives, and much ability to live amongst others like themselves.

I know We speak differently on this day through this *little one*, but it is to help you understand that to be created a human being is based on the Importance of what it was created for, and this came from The Higher Source, The Divine.

We hold *the little one* tightly, because All We speak through her is not from her mentality, only passes through from Us so We can get Our Point across to you in what We Will you

to know, Will you to understand, and Will you to be able to handle when you are faced with different conditions than you ordinarily have.

I will speak more on this later, but I wanted to introduce you to Facts, because without Facts, you could become the victims of what others may think We are all about. We work for The Creator. We commit all things to what He Wills Us to speak, even to think. Remember this.

I will leave you now, but I assure you that sometime I will be back.”

JULY 25, 2006 AT 12:46 P.M.

“In the Creation of human life, much was considered, basically on the importance of how individuals could relate to each other physically, mentally, psychologically.

You live in a time wherein there are so many different ideas or terms or evaluations or indifferent attitudes regarding what language is all about, and how important it is to the lives of those who not just are inclined to use it, but use it in many ways, giving to the language precedence over some other ways of communication.

Communication is a Gift designed to allow the human mentalities to be able to grow in a broader scope of understanding, and many other ways and things and purposes I will talk about later at another time; but always remember, in the creation of what you experienced as a baby, and those who surrounded you spoke in the manner they were instructed to, or learned all about at another time, they were so happy to see you a human being

with a future, indefinable at this time because of all the progress that has logically been elevated beyond what just the mentality is used to, but to other factors in life, of the meaning of certain things that give not just hope, but advantage to how a person progresses.

Needless to say, All of Us want to speak more on encouraging those in the living state to look at all the values and the importance of what you have been given to use, to practice, and to learn from and about, but also, the Importance of your Soul that is the recipient of everything you think, say and do; plus, the Soul is That Portion of you that will one day return to The Creator.

You have a Beautiful Future. Never forget this, and always remember that to be created a human being had for its Goal, the Gift to return to The Creator and one day be 'a Saint' in a very big way, so that others could pray to you, and also, in your close association with This, you could help others become 'Great Saints'."

JULY 26, 2006 AT 11:56 A.M.

“We use this *little one* because of the importance of how much individuals are instructed to lean upon The Creator, and yes, many times along with All of The Saints.

You live in a time wherein so many times there is little thought of prayer. It is sad for Us to see this, because in many ways, we lean upon prayer to communicate with The Divine, because this gives us a chance to gain the help we need, and also the advice that is often given directly.

I bless you with My Words, but I also say that every time We use this *little one* to address a prayer and let others or have others pray with her, it is a Blessing beyond what It is understood to be, because you see, when you share a prayer, it is a Blessing, and when you give to others the advantage of being Blessed, It is a Gift of Divine Love that thanks you. *In the Name of The Father, and of The Son, and of The Holy Ghost. Amen.*”

JULY 26, 2006 AT 1:33 P.M.

SAINT ANGELA MERICI

“I am Saint Angela Merici.

For a long time, Many of Us Here in the Heavens have used this *little one* to deliver Words of great meaning, important meaning to this *little one*, because We wanted those close to her, and hopefully even those not close to her but could read print, because All that is delivered to her is because of the importance of the subject matter.

It is important many times, when a situation or a condition is spoken, and it is based on a condition or a motive, or a way to say, ‘Be cautious,’ this Statement then proves an importance in It, and should be looked upon, looked at, and perhaps even researched on what It fully means.

This may sound difficult to some who take the Words, or even unreasonable, but We say these things to aid those present on the possibility that some Words have a way of making a Statement look simple, but it has an important logic, or fact, or discretion,

of what is to happen where it is concerned.

Today We are with you in many ways, because in Our Presence, We want so much to be able to address subjects or subject matter that will give you, at another time, something to be conscious of, be careful of, or consider as having a specific meaning to what it describes.

Each time We address a subject and We request it to be put into print, We are concerned with the reaction, but We do this to aid, to support, or to get an obvious response to what is put into script.

We will close at this time because this type of Conversation is not always pleasant to receive, but when We get permission from The Divine, We act immediately.”

JULY 27, 2006 AT 11:10 A.M.

THE HOLY TRINITY

“We have requested this *little one* to speak on an issue of importance because of what you all understand to be, because of the time you have spent working on Words that give hope, strength, consideration, and worthwhile motivations to walk the human role in the manner and way it was designed to accomplish many Souls to return to The Creator of All Things.

We hold *the little one* tightly, because the Words We instill in her and ask you to put into print for her, are very important because of what They speak and how They cover issues, conditions and necessary possibilities that are not always evident in the daily manner of living.

What you stand for on this day is more than you think, because as you have accepted the dignity, the responsibilities, and the importance of certain Facts that are based on Who I Am, because I Am The Holy Trinity.

I walk each day observing what is important for the Souls of those who are present and those who will walk in the midst of others, hopefully giving good example, and registering to others with a desire to help them know that in the Creation of human life, in the Design of it and for it, called 'the Soul', but there is a beat of the heart for what is important spiritually, morally, mentally, physically, even scientifically, because of what it stands for, but also, what it endures because of the Importance of the Soul.

Every human being is the custodian of a Soul. The Soul is not seen, but It is obvious through what an individual understands to be. Without the Soul, human life would be like all other things created: no exact purpose, no Divine Purpose, except for perhaps a different condition, situation, motivation or intention.

I want to talk longer because I care for everyone in the world, because of the Souls that are oftentimes not cared for, and this is a sadness to see, a sadness to watch, because the Soul is a Portion of The One Who Created All Things.

I want to talk longer, but I have just been told that what I have spoken on this day will help many who read These Words, and there will be many more given later.”

JULY 27, 2006 AT 12:27 P.M.

“There are Several of Us present. We gather on this day because there are some things We would like to speak about so you will have more concern over the importance of it.

You live in a time wherein there are Blessings that occur that are obvious in many ways. It is important that as you see What is occurring, you thank The Divine for allowing It to be, and for giving you the understanding that It is occurring as you are living the human way, which should say to every human being: No one is ever left without The Heavenly Father’s Attention, the Heavenly Mother’s Love for them, by allowing Themselves to become open in Conversation, and many times just delivering Words that have much accountability in Them.

We use this *little one* and have for a long time, because Our Love for human life is far more in-depth than It is understood to be. Just because We do not speak openly with sound, it does not mean We are not present; but,

if you talk to Us, We use your sound in many ways, trying very hard to allow you to know We not only accept what you think, do and say, but it is a pleasure of Divine Will that you do it in a manner and way that you are aware of has much worth to it, and We hear the sound, and some pray when they make the sound to Us their way.

The sound of words is a beautiful way. When you speak, do you not speak with sound in your voice? When you pray, do you not use the words that you want to pass on to The Divine in a loving way? The Gift of speech, the Gift of sound, the Gift of understanding The Divine, is a Gift with three different things in it, but in the combination of them, All of Heaven understands who you are, what you say, how you think, and yes, how you pray.

I bless you from the Heavens, and I want you to know: Every time you offer a prayer, a Soul, yours, is Blessed in a way you cannot see, but it brings happiness to your Soul in a loving way.”

JULY 27, 2006 AT 2:08 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

It is a privilege, a pleasure, a delight, and truly a Gift of Divine Love when We are able to listen to those of you who are yet in the working state of living in life like you do. There are so many things to be happy about. Life, in itself, is a Gift of Divine Love, because as each day passes through, The Heavenly Father and All The Saints listen to hear what Souls have to say to Them morning, noon and night. So many times as you walk the living path, you do not remember to think of how to make it right, but you take on the scourges of indifference and of heartsickness and of sadness. Remember this.

You live in a time wherein The Heavenly Father sends you Messages through What you call ‘The Sacred Heart’, but also, through the time you go to church, listen to the prayers, and say them too, but there is hope in everything. Remember this.

So many times all ages of human living ignore the facts, the advantages, and the willingness to share what truly exists in the manner of living everywhere.

I know I speak quickly, but I do it because there is so much I want to deliver from Above, and as I do it, I want you to know you are Loved more than you understand love to be, because the Love is from Heaven Above.”

JULY 27, 2006 AT 2:35 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

It is a pleasure, a privilege, and a delight that I know you are going to put My Words into print for others to read, to think about, and hopefully to follow the path that They will point out, because of the importance of the path and the innate need to follow it to the Letter of the Law in every way.

The path I chose for you to do is a path attached to The Sacred Heart, because if you follow as you desire to do, and I sincerely hope you do, you will follow a Heart Greater than you understand a heart to be, because This Heart is a Heart Designed by The Holy Trinity, instilled in the Heavenly Way, and always available to be able to do, to practice, and to put into Words what you, in your human ways, decided is important for others to follow and others to use in a living state of ways.

I want to speak hours, because of the importance of what I have to say.

In the Creation of human life, so much was necessary to be created because of the Importance of what Creation of human life stood for, also to live by, and to follow to the Letter of Divine Law.

When I say These Words I smile, but I am sincere, because every individual created is a Gift of Divine Love, and it is desired to one day be returned in a Form, a Figure, a Way, a Purpose that might be difficult to think of, but it will be a continuous way to Exist With The Holy Trinity.

The Gift of Divine Love is not always seen for how Precious it is, how Important it is, and what a Gift of Divine Love it is; but please, I beseech you, as you live each day, offer your manner of everything you do to be blessed, so that one day when the time comes, and you are requested to stand before The Holy Trinity, you will be requested to take your Place according to Divine Will, for the time in which you will spend in consistently being with what you are requested to practice, to serve, and to aid all Souls Who will be ready to live Where you are, with All The Saints that will be

happy for what They have been made to do.”

JULY 28, 2006 AT 11:26 A.M.

**THE THIRTY-NINTH ANNIVERSARY OF
THE MIRACLE OF SAINT JOSEPH**

“There are always Several of Us wherever this *little one* is, because she was chosen a long time ago to be what she is, how she is.

The world was designed as a Gift, to give to human beings the necessities that would be needed to help all human beings understand the privilege, the purpose, the need and the Gift that life gives, and also the thousands of human beings that would be created to one day be in Heaven.

Some might say, ‘How could people all be in Heaven, because of the size of the bodies or the different personalities or the different backgrounds or the different psychological beliefs?’

In the Design and in the Preparedness that would be necessary, there had to be a background and also an important decision made on the necessity that should be followed regarding what a human being is physically, mentally, morally; what the stars would have to be, to be able to be seen for what they were created

for. The list is endless on this subject alone.

Each time We make a point of a particular condition, situation, or physical measure of something, it takes a lot of moral, psychological and intense understanding to put all things in the proper order and the logical placing of how it will exist in the human measure of things. The subject is difficult because there are so many facets of how each portion must be put in a manner and way feasible, understanding and logical, because of the importance that is almost indefinable in all the facets of usefulness that each one is introduced to.

I could speak hours. I will one day. I have just opened the gate to a mere suggestion of what is necessary for certain things to become common in usefulness and possession in the human way.”

JULY 28, 2006 AT 11:50 A.M.

**THE THIRTY-NINTH ANNIVERSARY OF
THE MIRACLE OF SAINT JOSEPH**

THE HOLY TRINITY

“In the first Creations designed for human beings, human bodies, human men and women, We thought of all the decisions that would be necessary to fulfill a Gift of this Magnitude that would eventually be assigned talents and many decisions on how to think and how to practice the needs of the human life, because the human life would be based on certain facts that would not be understood at first, what they were created to be.

We hold *the little one* tightly, and We know that those who are with her have no concept of what she endures to repeat what We request of her. Even the most learned individuals throughout the world would be incapable unless they are trained by Us to follow, to understand, and to reveal what We Will others to know.

There are no secrets in this Field of Communication, because what We try to instruct you with, They

are not secrets. They are actually Gifts to aid you and to give you the strength to follow physically, mentally, psychologically, socially, actions, sounds that are taken for ordinary means in the world you live in today.

We do not like to put this *little one* through what she endures to hear Us so explicitly, because the body is very, very small, weak, and not used to being used for things other than the natural manner of living.

Each day We speak to you, We try to introduce you to the importance of many things, because communication with others like yourselves is truly a Gift of Divine Love. Also, how you act and others follow, you must understand that what others see you do should be personal and dignified; and actually, the manner you do it in should be how you would want others to treat you.

I am using a Power in this *little one*, because I want so much for you to fully understand that in the Creation of human beings, it is created to give to a portion of it, a Soul. The Soul is Part of The Divine, not always understood in this Measure, this Greatness,

this Grandness, but nonetheless, true. Human beings are created to one day return a Portion of them to The Ones Who created them.

I will close now, but as I do, I remind you: Every creation of human life is a Gift far greater than it is accepted to be, because the mentality of human beings is many times only capable of discerning what they sense, or what little they have learned regarding how they think, how they hear, how they see, and yes, the Goal for which one day they will be directed to, by The Holy Trinity.”

JULY 28, 2006 AT 12:43 P.M.

**THE THIRTY-NINTH ANNIVERSARY OF
THE MIRACLE OF SAINT JOSEPH**

“There are Several of Us present, and it is a privilege for Us to be here with this *little one*, and of course, all of you, because of how this *little one* has accepted a Gift of Great Measure, not just for her Soul, but for the Souls of millions of human beings.

To endure a Task of This Greatness, This Purpose, is a Gift greater than the average human being perceives It to be. Sacrifice is immediate, obligation seems to never end. There are so many things that could be spoken verbally about This Miracle that is far greater than It is seen to be, because It is a Gift of Divine Love from The Holy Trinity, and in portraying It as a Gift, It gave to all who listened, the reasonability of Who would be chosen to be on the centerfold of This Gift.

The Beloved Saint Joseph is a Bright Saint, has always been, and He cares about celebrating everything that pertains to accepting what The Holy Family is ready to give. In

everyday life, it is not understood in a complete manner and way that the privilege to know The Holy Family is a Gift greater than anyone can say.

I know I do not speak as you may expect Me to, but I assure you We are All celebrating this day with you, because this *little one* has sacrificed so much, so This Time would be remembered.

So as I close, I say with Divine Love, ‘I bless you from the Heavens, and I want you to remember that you were created to one day be a Saint.’”

JULY 28, 2006 AT 1:54 P.M.

**THE THIRTY-NINTH ANNIVERSARY OF
THE MIRACLE OF SAINT JOSEPH**

PADRE PIO

“I am Padre Pio. There are Several Here with Me because of the importance of the time in which you live. Those of Us do not walk the life you walk in the temperature of your day and way, but We, in a definite pattern of being used, it is a privilege to say that each time We are requested to help an individual, We thank The Heavenly Father for allowing Us to be in service to Him.

You live in a world wherein so much has been designed and delivered to make all the living individuals find happiness, and many things to draw them to learning more about many subjects of human life that would not be available to them if they were not standing where they are. This may sound difficult to understand, but it is factual and it is Divine Plan.

So many times when you think you are alone, you hear no sound, but you might feel a touch of something

being drawn to you, or you drawn to it. It may be the beginning of something you will be called upon to do, or to partake in, or just to realize. Is that not so? Because each day you live the human way is different in some portion of it, or perhaps all portions of it, because in the Creation of human life, so much was considered: the mental, the physical and the Spiritual, but the mental and the physical cover many spaces, many areas, many items, or diversifications of placements of where you might be.

Though My Words are different, They are Words worth looking at and thinking about, because every human being should understand one very important thing: the Beautiful Purpose of human life was to return That Gift to The Creator. Because of the Importance of this Gift, one must use living the human way of life in a logical manner, way, understanding, and view.

I could speak hours. I know some will find My Words difficult to understand, but look around you and think of the Words, and see how much of It will give you a deeper understanding of being human, and being

amongst all the things that were created and/or just made by others like yourself. My Words may sound very difficult, but if They are looked at in the proper way, They will be of interest to you some day.”

JULY 28, 2006 AT 2:17 P.M.

**THE THIRTY-NINTH ANNIVERSARY OF
THE MIRACLE OF SAINT JOSEPH**

“There are so Many of Us willing, even anxious to speak through This Gift, what We call ‘Divine Love’, because when We are given the permission to speak on subjects that will help Us in some way, We are All so anxious to immediately accept the request, or ‘the Generous Gift’, you might say.

Today is a precious day for many people throughout the world, because it is a day to remind them of things they would not think of without the day being seen for what it represents.

To be created a human being is a Blessing far beyond what it is ever conceived or understood or recognized or appreciated to be, because in the Gift of living, in the Gift of being able to present words that have meaning to them, purpose, and a communicative measure with other human beings, is a Blessing beyond what it is ever seen. So much is taken for granted. So much is just accepted. Rarely is a ‘*Thank You*’ spoken when something

is received to aid, to help, to instruct or strengthen or to give hope when it is needed.

So Many of Us Here in the Heavens enjoy being with those of you who are yet upon the earth because it gives Us the privilege to support you when We can, and to aid you in some way when We can, and also, to share your time in going through what you go through, putting things into print, or remembering things you must remember for certain reasons or certain events.

In the Creation of human life, it is a Gift far greater than it is ever seen or recognized to be, because there are so many assets to it, for it, in it, that make living human life a Treasure. That is why it is so important to remember to thank The Heavenly Father for giving time such as this is. It adds so much to the time when you walk into the Place and are called ‘a Saint’. You have memories of many things, and it gives to living that time more to be happy about, thankful for, encouraged by; thus, giving to the individual’s Soul the ability to help others that, at one time, they didn’t even know.”

JULY 28, 2006 AT 3:38 P.M.

**THE THIRTY-NINTH ANNIVERSARY OF
THE MIRACLE OF SAINT JOSEPH**

“There are Many of Us present. It is important that you know this, because it will give you a stronger view, understanding that We use Our Presence to help you and to give you the time to perhaps request prayers from The Divine through Us, from Us. Never question the time, because all time to The Divine is available.

We often use *this voice*, but do not always say Who We are Who are talking through her. We find it important to not address a Title or a Name, only the Words should ring forth so others can decide what the Words mean, rather than what the Name would impress them with.

You live in a time wherein there is so much good to be seen, to be practiced, to be followed, and to share with others like yourselves. Sharing is sometimes greater than just wishing for it, or thinking about it.

You live in a time wherein many individuals of both genders of life want so much to be helped and are

too bashful or sensitive or concerned about their asking someone they do not know to help them, just because the Name is easy for them to remember.

Right as We speak to you on this day, there are millions of human beings throughout the world, plus the universe, that should be praying, communicating with The Divine, instead of just walking around or thinking sad or being unhappy because they are walking in sorrow or fear or great concern.

I know those who are writing what I speak, may not have the time or the way to put Our Words into print, but just remember one thing: A Saint spoke to you today, and the Saint remembers, believe it or not, who you are and where you were when you heard the Saint speak; but as I leave, I say: ‘Prayer is your communication and We hear it, even when We do not make a sound after you speak. Divine Love is available twenty-four hours a day.’ Remember this.”

JULY 28, 2006 AT 3:55 P.M.

**THE THIRTY-NINTH ANNIVERSARY OF
THE MIRACLE OF SAINT JOSEPH**

SEVERAL SAINTS

“There are Several of Us standing by, because We care so much about the importance of how you all gather because of the Importance of your Souls, but also, because you have the desire to be mindful of The Saints you know.

Today as We speak to you, it is Our Act of Caring for you, because it is important that you continue on your way of doing things to support The Father’s Love for all of human life through what He delivers by Word of mouth, requesting the printing of the Words to be put in a way that They will help others understand more indepthly, the Facts that are important for their Souls, because in understanding this more, human beings of all ages will treasure the closeness they have to being with Divine Will under all circumstances, and especially when they feel that by being close, there is a communication that in many ways serves many things,

and gives a stronger understanding of association physically, mentally, morally, psychologically.

These Words may not be exactly what you would like to hear, but They are Words to console you and to let you know, in a personal way, that each day you live the way you do, the way you are, you have certain Individuals close to you that you cannot see and you cannot hear, but Their Love for you is a Blessing beyond what you can understand it to be.

When you say a prayer, you want to be heard. When a Saint blesses someone and asks The Heavenly Father to join in the prayer, or to aid you in some way because you care, imagine what a Gift of Divine Love This is for you.”

JULY 31, 2006 AT 11:40 A.M.

“I have been active very much on this day because of the Importance of the millions of Souls that need to know the Logic, the Practicality, the Sincerity, and The Love of The Divine that in every way wants the Souls to be returned to Heaven from Where They came.

I speak These Words differently I know, but it is because through this *little one* I speak, so much has been thus far delivered, many times more difficult to put into Words than it is seen to be, because as I use her voice, her mentality, and her way of speaking to you, it takes a strength unbelievable to those who do not have to practice it, face it, or do it.

I come on this day to bless you for your practice in how you desire things to be coordinated, and justifiably acted out and in, for the benefit of what the Words speak, how They deliver Direction, and how, in Their Way, They are Gifts of Divine Love that are not always seen as such, but it is Fact.

I could speak hours, but I will close right now because I know when I speak so rapidly, it is difficult to take My Words down.”

JULY 31, 2006 AT 2:21 P.M.

“There are Several of Us present. We come on this day to assist you in what you are speaking of and about.

You live in a time that has been mentioned more times before this day, and the Wording was: ‘You live in a time worse than Sodom and Gomorrah.’ These Words, though spoken by Some, were Words of great importance to the mentalities of many human beings, because in the historical times of human living, it often awakened certain individuals to practice what they wanted to act in, with, about and for, mentally and physically, that is.

It is sad for Me to say the next Words. The weaknesses in human living have many divisions in them. Some are just by what occurred in different circumstances in previous years, drawing individuals into personal communication of their bodies and their minds.

It is time to correct all wrongs, but These Words have been mentioned many times to those who ignore what

the Statement means, and they go on doing what they feel comfortable about, in, and with. The human mentality has a way of stressing what the individual emotionally or sensually wants to feel is present for them to use, to follow, and to see as all right for them to practice, because they have the mentality that they live with, and they have no concern for what others criticize them for.

These Words may be difficult for some, but We Here in the Heavens assure you, They are Words that need careful understanding, but also in some ways draw what is feasible for the mentality, the body and the Soul, plus the logic in human understanding to be pointed at and searched thoroughly through, for all things to be morally correct in what they were created for.

Hours could be spent, millions of dollars could be spent, but I assure you logic is the greatest thing you could follow. Remember this.”

JULY 31, 2006 AT 3:16 P.M.

SEVERAL SAINTS

“Yes, there are Several of Us available many times because of the importance in what you have been chosen to work for regarding the Souls of individuals you do not know, and perhaps will not know them in a personal way.

You live in a time wherein there is so much to be accomplished for the sake of Souls. The Souls are the victims, or can be the victims very easily when things occur that They have no control over, but because They are chosen to be in a certain area of life, of someone living, the Soul is the victim that It should not be.

That is why it is so important that in your learning These Facts, hopefully It will help you become more understanding of everything you think, you do, you speak and you practice, openly or personally, logically or illogically, because in being created a human being, you are instilled with so many talents, abilities, understandings

and values of many different items, conditions of human living.

Also, your mentality is a Gift far greater than you understand it to be, because your mentality is what you use in many ways for many reasons, and many times you do not realize that you are disobedient to what you are expected to do morally, physically, psychologically, respectfully, and yes, because you walk with the Greatest Gift anything could ever speak about; that is your Soul, and your Guardian Angel that walks with you constantly, also never leaves your manner of life until the time comes and The Heavenly Father decides to take It and return It to Where He feels It earned, through you, Something of Great Importance.”

AUGUST 1, 2006 AT 11:50 A.M.

SEVERAL SAINTS

“Yes, We told *the little one* that you would be waiting to see her and to hear what We have to say. We smile at this. It is a happiness for Us to be with you any day.

There are so many things that human beings should know. The first one, of course, is that The Creator of All Things is consistently and constantly aware of everything every human being speaks, does, or shows in some way or another in how they think, how they feel, and what they are apt to do to try and get what they feel is important for others to know.

We speak through this *little one* so many times every day. Some would say, ‘She should be used to it,’ but We feel We should tell you a secret: Every time she suspects that We are close to her, she prays to The Heavenly One so He will be present to know what she is supposed to say.

These Words are not usual that We deliver to you, but We felt We should let you know there is no time in

the living way that people of all ages should not think of what they did or what they say, because We are always close to all of you, and We care about how you walk your daily way or speak in your human way, and also how you pray.

I will close, because there are Several of Us present and We are so happy to be with you any time, any day, because The Heavenly Father, do not forget, allowed you to be created His Way. Amen.”

AUGUST 1, 2006 AT 12:32 P.M.

SEVERAL SAINTS

“There are Several of Us present. We have come on this day to thank you, but also to request something of you.

Each time We see and/or hear how you accommodate rules, regulations, conditions and situations, it is indeed a pleasure to Us and for Us, because so many times, when We hear other organizations delivering how they use what they are all about, We see nothing but greed. We are so happy when someone wants prayers or finances or generous attitudes, commitments, sensitivities, and feelings.

You live in a time wherein human beings have the ability to be extremely sensitive and honorable in how they handle things. Many times in the past, when We would have the privilege to be able to hear what some organizations were practicing, it was always sad to hear what We call ‘roughhousing’ or ‘cold intentions’ regarding how some would be pleased or displeased or not cared about.

You live in a time wherein Spiritual understanding is a Blessing, because it strengthens one's will, one's mannerisms, and one's intentions to be morally sound, correct, and yes, understandable on many issues that would ordinarily be vulgar, corrupt, indecent, or cast aside all that is good, beneficial, helpful and decent.

These Words may not agree with what you were thinking, but whenever We hear this *little one* motion that she is going to speak, it is because We have encouraged her, or We have alerted her to Our Presence.

When you gather, as you all often gather in a group, as a group, it is always happiness when We hear goodness, politeness, kindness, generosity, and above all things, hope. Some might question why I would even say these things in such an open manner, but I assure you it is because We care for things to be spoken in a manner and way that gives hope, gives strength, gives purpose, and yes, pleases The Heavenly Father.

As We close, We have one thing to say: 'Thank you for the privilege, the honor that what you do and how

**you act, helps Us seek a compliment
for other human beings.’”**

AUGUST 1, 2006 AT 12:52 P.M.

SEVERAL SAINTS

“There are Several of Us present.

We have worked with this *little one* for many years, even long before she was formally announced what her Tasks would be, and the timing on Them that would be necessary to be put into a ‘clock’ while We spoke to her, so the timing on many things We would say, others would be alerted to because of the importance of what speech is to human lives.

We come on this day to say what We have spoken, because The Heavenly Father has requested Us to help you more fully understand the importance of what words do to the mentality, the will, the sight, and the throat of everyone who is bound to wording of great lengths.

We know We speak differently at this time, but the Words are to awaken those present because of the importance in All that is delivered through this *little one* that is used in so many ways, so many areas, and many different subjects that are not

even spoken about in titles, only in speech.

Some might ask why We would speak like this when she has been with Us so long. It is because the Words could possibly be made heavier. This word 'heavier' has more reasons for it than I will go into at this time, but one of the reasons is that certain individuals, in hearing Words spoken or put into script, do not follow Them in the full measure of weight that They are associated with, and too much laxness occurs on the definitions.

We thought We would draw your attention to this fact. Thank you for answering Us in the manner you have just done, because sometimes the written Words give more facts, logic and/or reasons, and for purpose to be accomplished. Thank you."

AUGUST 1, 2006 AT 1:14 P.M.

“There are Several of Us present. We enjoy sharing with all of you what We feel are Blessings from The Creator when We are allowed or requested to be able to speak Words We are directed to speak, especially when They, in so many ways, speak of important actions, ideas, considerations, and so much is based on the written Words describing each thing.

Each time We are requested to put into print what We have been given to talk about, it is an enjoyment beyond what We can describe physically, mentally, morally, psychologically, or even inwards; because, in just being spoken, that We will be hearing and partaking in a Gift that will perhaps educate a lot of human beings on a subject that they would otherwise not have the privilege of, We become so happy and excited about it, and it gives Our time with The Creator, a time of Total Communication, putting into Words We would not have thought about in the manner They are delivered for Us to repeat.

To serve is a Gift of Divine Love, but it is a Gift with such Beauty, and yes, Divine Love, that when We feel We have ended a particular One, We are still anxious to go on to the next One, and hope it is soon to be for Us.

Thank you for listening to Me, because there are Several here with Me, and it is an Act that many thousands of people have no idea of, that occurs to Us and within Us, for The Heavenly Father to spread His Will with so much Divine Love.”

AUGUST 2, 2006 AT 11:50 A.M.

“There are Several of Us present, because of the importance of how much We care about those who live in the human way, and one day are to return to The Creator and be called ‘Saints’.

To some this may not sound logical. To some it may sound like it is more than they can handle, but there are those who know by what is right over what is wrong, what is good over what is evil, that there has to be a Goal for the Future Time when one no longer walks the human role. This is logical, not just possible.

I will close, but as I do, I say to those who take My Words so you will be able to remember what I have spoken: ‘To live, to be created a human being is a Gift far greater than it is seen to be, because it is the stepping stone to All Eternity.’”

AUGUST 2, 2006 AT 1:11 P.M.

OUR HEAVENLY MOTHER

“I have just announced to this *little one* that I am present and I would like to speak a few Words on My Own Behalf, but also for Those Who walk as I walk, in the world and in the Heavens.

It is important that when you pray, you do it in dignity, respect, showing honor to Whomever you are going to pray to, because when They were chosen and put in the Heavens, They accepted a lot of responsibility just to be chosen to walk a Path aiding and securing and giving to the Souls of many who have been through the human way; and then, at the point of death, their Souls were left to honor them, and to give them a remembrance to all who would remember them because of the importance in how they walked, and how they took what they were responsible for, as responsibility.

I will close, but as I do, I smile when I say My next Words. As a human being, you have the privilege to look at things according to what The

Father Wills, and not just the human side, which is many times mistaken on what the value of what is being spoken about, is not what it should be.

I do not say this to make you wonder if you are on the right road. I just do it to remind you that to reach the Goal in Heaven is a Goal Greater than It is seen to be, because in Heaven, do not forget, You are always available with and to The Holy Trinity.”

AUGUST 2, 2006 AT 2:05 P.M.

SAINT ANNA MARIA GORETTI

**“I am Saint Anna Maria Goretti.
(She’s smiling.)**

I have come on this day because of the sadness Many of Us feel where there is so much not being cared about by those who are supposedly in charge of direction, and also those who are supposedly capable of instructing verbally on many important facts to help the Souls, because of how the Souls are taken care of after the fact, showing the necessity for responsibilities.

What I have spoken may be difficult for some to fully understand, but times like this become often, especially when the subject is so important and it deals with the Souls of one or more human beings. The condition of the Souls is oftentimes a sadness, because the Soul is the recipient of so many adverse, unkind, selfish motives, ideas, or even classifications in how They stand in The Divine Will and Way.

Many of Us Saints Here in the Heavens want so much for more logical, beneficial, important Facts be delivered for all generations of human beings to find more advantage to learning about Divine Will, Divine Way, Divine Presence, Divine Love, because it is so important for the mentalities of human beings to stress the importance of being close to The Divine, and willing to share with The Divine what is important for the Soul of themselves or for those with whom they are active mentally, socially, in many ways.

All of Us Saints Here in the Heavens could talk hours on what We would like to discuss with those in the living state, because there is so much not being recognized as being of great importance for the Souls that are yet to come to Where We are, and become 'Great Saints'.

There is so much to discuss, but there are so few individuals who find what We want to say of an importance that they can handle, they can guide and they can use, because many times they find themselves wanting to walk away because of their lack of understanding of what a close association

human lives have with The Saints Here in the Heavens.

I know I speak differently, but what I speak is as close to the Wording that I can meet, because there are so many different versions of how something can be spoken, because there are so many different so-called ‘backgrounds, nationalities, understanding’, that cannot always sound like it is the exact Wording that could be met for the disposition, the understanding of what the Words mean at a given time.

I want to apologize, because there is so much We Saints Here in the Heavens would like to discuss, because of the Importance of the Souls that are yet upon the earth and need the protection necessary, so when the time comes and The Heavenly Father states a time they will no longer be in the living state, that all they stood for, all they acted upon, all they walked in would be sufficient to help them be named ‘Saints’.

I will close, and All Others Here with Me say, ‘Please remember, as you pray, offer a prayer that We Here in Where We are, will one day be able to

be Saints for others upon the earth to know about Us, and to be able to pray to Us, and with Us, and for Us.'

Thank you for this time of your day."

AUGUST 2, 2006 AT 3:38 P.M.

SEVERAL SAINTS

“There are Several of Us present. We are often where this *little one* is, because there are so many things that have been delivered through her that have great importance in Them and a purpose for Them in many areas of human lives.

Each time We are requested to speak through her, it is a privilege, because she responds immediately with concern, and also, happy to have Us so close to her. Each time Someone from the Heavens delivers Words of decision, or Words of conclusion, or Words of the possibility will be needed to help others who perhaps may not be present at this time, but the time is always something that is held in abeyance until it is accepted for what it was requested to be.

There are so many human beings who walk a tightrope unnecessarily, because the tightrope is only a means to be able to say ‘Yes’ or ‘No’ or ‘Let it be according to whatever is being

chosen to speak about, speak on, speak for, speak in.'

I know These Words are not as you would like Them to be, but there are so many things that *this one* in whom We speak is automatically directed to be *the one chosen* for the Words to be spoken, so They will be available to many, many people.

You live in a time wherein there is much persuasion necessary for some individuals to fully understand that to be successful in life, it is oftentimes passed over; without the persuasion it dies down to nothing.

As We speak to you at this time, We know of some incidences or concerns that are based on, 'Should we listen, God, or should we pass It by?'

Individuals who want to discuss particular matters of great concern, oftentimes try to insert what they feel are the Words meant to be. That is not really necessary or wise. I have spoken These Words, because there is a time for certain Words to be put into print so They will be able to be seen for what They represent.

We will close. Perhaps some who take These Words will not feel They were necessary, but They might be at another time, another way, for the world to better understand the importance of conversations that repeat what They say.”

AUGUST 3, 2006 AT 11:46 A.M.

“There are Several of Us Who are with this *little one*, because it is important that those close to her understand that when The Gift of Divine Love was first handed to this so-called organization of human life, it was of great importance that We were to become Part of It, so that those who were in the formal state of organization, would have direct communication with The Divine, due to the fact that to walk the path of a human being has many responsibilities, but also many goals, also many favors based on Divine Love, Divine Hope, Divine Certainty, because of the importance of Gifts such as This One is. It is to not just refresh minds, but to instill into the minds important means of Communication, thus giving stability a place to be able to spread Direction, Communications and Valuable Information always associated with The Divine.

Logic should remind those who understand the Importance of human life, that there are responsibilities that The Divine requests to hold What is

occurring in the proper manner for It to be practiced, to be delivered, and to become a very important factor in the lives of many, many human beings.

We know at this time that Our Words are not what you expect Them to be, but the Foundation for a Treasure of This Magnitude takes more time than it would be natural to see; but as I close These Words on this time with you, those who have been chosen to put the Words into print for others to one day learn from, learn more about Our time with you, because you walk a manner of living that, in it, bears much Divine Love from The Holy Trinity. Never overlook this Fact, because it is the Standard, the Strength, the Hope and the Gift that will help you one day become ‘a Saint’.”

AUGUST 3, 2006 AT 12:31 P.M.

OUR HEAVENLY FATHER

“There are Several of Us present many times when you gather and We know you are available.

There are so many beautiful things that human beings can accomplish, not just in how things look, but how they are, in their basic description of what they look like and what they are for, plus the amount of individuals who favor them and enjoy them, thus making them even more beautiful than when they first saw them.

Many might say, why would I speak this way; also, ask Me why a gift or a fact like this should impress Me so much? I do have an answer. It is because when one brings happiness to one or more other human beings, it is Blessed by The Creator of All Things, and one’s instincts, or logic, or conscience tells her or him what a pleasure it was and is to be kind and to give something that has pleasure in it, basically because it is a gift and then what it is for.

I know sometimes We speak differently, but it is Our Privilege to make a point of what We hear that is so pleasing, but also so beneficial in its worth.

Kindness is a Blessing. Hope is a Blessing. Generosity is a Blessing, and an innate desire to help someone is a Blessing, and each time one of these appear in the background of a human being, I, your Heavenly Father, thank you, because to be created a human being has a Goal in it for That Portion of it, the Soul. The Soul rings with happiness when kindness appears.

I say these things to those present because you all walk a road together. It is a road of saving Souls, your own, and to aid others to save their Soul for the time to come that is evident, because when the time comes for a Soul to be Judged, it is Important in every facet of It, every degree of It, every thought of It, because the Soul is Special, and also looks forward to that time when It will be with The Divine permanently.

I know My Words are different, but I assure you They are sincere, but also have a background to Them, in

Them, for Them, that is always obvious when someone looks for It to be there.

Thank you for the time you spend in putting into script certain degrees, certain amounts, certain kinds of Words that maybe are not very emphatic, but They are Words that can be stated to cause comfort or happiness, or give to an individual a Spirit of Hope.

I beseech you, remember this. It is an important Statement based on Divine Love, Divine Understanding, because in The Divine Ability it is obvious there is always Hope.”

AUGUST 3, 2006 AT 1:03 P.M.

“There are Twelve of Us present. We are All smiling. We have done this for a very important reason.

As you gather in groups in a fairly large number, We thought We, too, would gather in a group large enough to tell you about what We are doing. We All smile at These Words because it is so important for all of human life to realize that there are so many things to be thankful for, so many beautiful things to be grateful for, but also, to participate to help one’s self grow mentally, morally, psychologically, spiritually.

You live in a time when progress is evident, even many times overly stated because of what it gives to the mind and the body and the Soul. Progress is a beautiful way to grow in how one thinks and how one appreciates the importance of certain facts, issues, conditions and associations.

So Many of Us Saints are so happy to see those who speak the way you all speak and deliver All the Beautiful

Things you deliver to help the Souls of many people who read words, thus now able to give these people a definition of what is pleasing, acceptable, but also, advantageous for one's Soul.

So many of Us listen many times to those who talk amidst each other, and We want so much to have their love for The Creator more indepthly understood that He is available twenty-four hours every day, giving time and talent and Love all the time He is present in every day.

We could speak hours on this subject, but now We will close because We have so much more to speak on, but We would like to leave with you what We just discussed and feel the worth of it for the benefit of Souls.”

AUGUST 3, 2006 AT 1:38 P.M.

SEVERAL SAINTS

“There are Several of Us present at all times because of the importance that human beings have and are capable of doing for the betterment of things to be accomplished.

So many of you present have been with Us for a very long time, and believe it or not, We care about you because We are aware that your judgment, your interest, are closely connected to The Divine, thus giving you a standard higher than most others like you.

There are so many things that can be accomplished. It is so important for them to have this occur, because in progress of the mind and the body, the will and the hope in the human life is and has been gifted by Divine Rule, Divine Love, Divine Intercession.

So many times an idea occurs, but many times it is backed off due to something or some condition that human beings do not understand is present at all times. One can be water, one can be heat, one can be food,

but also, one can be the logic that is definitely obvious, because it deals with the physical understanding, the mental abilities to build on things that not all individuals are capable of seeing the full measure of, the full description for, or the full purpose that it will give to either the minds or the bodies or the Souls, of themselves or others like themselves.

I know We speak differently than many things you hear, but think about this: In the Creation of human life and in the Creation of all other things, was it not The Supreme Power of Divine Entities of Communication, and even to the point where humanism was associated with the results that could be obtained by certain facets, features, and other close associations?

I know We speak differently, but it is important to bear in mind, in being created a human being there were many things thought about: the mentality, the physical wealth in how an individual survived not feeling well, but also, the list is so endless, I will repeat it at another time; the Gift of speech, the Gift of learning.

Remember these that I have just quoted. It is because We care, and We know how much you would want to fulfill the Will that will give others like yourselves not just hope, but progress mentally, physically, emotionally.”

AUGUST 4, 2006 AT 11:45 A.M.

GOD THE FATHER

“I have requested this *little one* to meet with you, because I care very much about you. My Will for all of human life, human lives, is made up of My Understanding for why they were created and the Goal that is intended for them to one day meet openly, lovingly, willingly, spiritually.

You live in a time where it can be sometimes difficult to understand My Presence, because there are so many things being practiced that are said to be ‘life’.

I have used this *little one* so much throughout her life that she knows what I mean when I say: ‘I love you. I created you. I allowed you to become a human being. I also instilled into you the difference between Divine and normal, Divine and sensitivity to what you are capable of.’

As I speak through this *little one*, I personally know there are thousands of human beings who need My Words, My Will, My Love, but I cannot send this *little one* to every spot in the

world. You may say, ‘Can You not use someone else?’ That is possible, but when I choose ‘an individual’ to spread how I Think and how I Will them to be, I want all things My Way because of the importance of what They say.

I will close My Words with you now, but I, in My Way, hope you will read Them often and remember what I did say, because I do not go throughout the world like I am many times with you. Remember this, and when you pray, you can be assured that you are heard every time, every way.”

AUGUST 4, 2006 AT 12:06 P.M.

OUR HEAVENLY FATHER

“This *little one* that I have chosen for so much of My Will to be given to those who live the human way of living. I address this subject because of My Interest, My Concern, My Participation and how I have, in many ways, caused It to succeed to where It is today.

As I walk across the lands in My Way of doing, I always check on things I see that I want to be for the morality, for the logic, for the purity of the mind and the body and the Soul to enjoy. I do not like to even see one iota of sin, because it is an act against Who I Am, What I Am. Think of it this way: If you are in charge of an important issue, situation or thing, do you not want to take care of it correctly because you are responsible for it to a Higher Being?

I will close at this time, but as I do, always remember, all of you, I am always where you are, no matter where it is. I made it this way, because as you have within you a Soul, a Gift of Divine Love based on Facts, Truths

and Willingness, I remind you, ‘You are never without your will.’

I will close, but as I do I will take *the little one’s* hand and I will move it down and around Where I am. I have Blessed you. Never forget this.”

AUGUST 4, 2006 AT 12:37 P.M.

“There are so Many of Us present, because We do enjoy speaking to and through this *little one* that repeats Our Words in such a loving manner, that We enjoy being with her, but also all of you because We know that you are dedicated to help others learn more about Sanctification of their Soul.

Today, as Many of Us Here present speak, it is to invite you to the Sessions We use through this *little one*, but also what you see as important in how you read the Messages that are called ‘Important Words’. Sometimes the Words have such full meaning in Them, it is necessary for many human beings to understand so they do not make mistakes when they are with other people, because the association of one human being with another is of the greatest importance. It was based on Divine Plan, Idea for it.

Communication is important because it draws together the minds, the wills, the ways, and yes, many times

much learning process that would not occur if it was not this way.

There are Several Here with Me, and We All smile when We speak through this *little one* because of her conscience and conscientious nature, and that is to please The Heavenly Father and to please you, and then to please Us.

Thank you for taking the time, and never forget, God does love you.”

AUGUST 4, 2006 AT 12:50 P.M.

“We have come to remind you that each time you pray you are heard, and most often by The Saints or Saint you are requesting to talk to.

It is so beautiful Here in the Heavens when We see so much occurring that gives hope, understanding and the sensitivity of Communion, Communion with The Sacred Heart of Jesus, The One Who, in the design of It, did It for all of mankind.

Today is another special day, as all days are, because, remember one thing: Each day is a Gift of Divine Love, and you have the chance, the privilege to do in that day or for that day, what you feel will please The Heavenly Father. He looks forward to this, just as you look forward to the day, because when you communicate verbally, physically, emotionally or kindly, you are heard in a way you could not understand totally, but always remember, communication with The Divine is truly something you should remember for another

time, because it does communicate and it does remain where you want it to, because once you request a Saint to be mindful of your presence, you are never forgotten in any way. God, too, is This Way. Remember, because your Soul is the recipient of all you think, you practice, you do, you say.”

AUGUST 5, 2006 AT 11:12 A.M.

“Each time We find it possible to give a Gift Greater than It is realized to be, We give It to those present because It is from The Holy Trinity.

So many human beings find despair so readily. This is sadness to Us, because despair is usually made out of one’s own indifference or insecurity.

I say These Words to awaken those who will read Them, that in each Gift of Divine Love there is a Major Factor, and that is in allowing a human being to be the receiver of a Gift from The Holy Trinity.

I could speak hours on this subject because of the Greatness and Importance It is. Perhaps I will at another time. Thank you for being present.”

AUGUST 7, 2006 AT 11:47 A.M.

OUR HEAVENLY FATHER

“I smile at what I see, because I understand it to be your welcome of Me, of Who I Am.

I use this *little one* at times that I know you will be present, because I am assured then of what I will speak, you will take firsthand, and in doing this you will have Words for others to see, even sometimes to learn about Me, Who I Am.

Throughout the world there are millions and millions and millions of human beings, all backgrounds, all ages, and yes, all personalities. I speak this way through this *little one*, because it is to tell you how deeply I understand the world of human life that you are a part of, and that you walk a path of, to one day become ‘a Saint’. Each human being that is created, I want This for. I want The Saints to be returned to Me in a number that will define how many human beings once lived and are now in The Divine.

I speak this way because I want you to know how close I am to you,

also how much I care about how you are, because you see, in the Creation of human life there is always a Goal, and the Goal is to return That Portion of it to The Creator that awaits It at a Place, a Time and a Will.”

AUGUST 7, 2006 AT 12:15 P.M.

“We are sorry to interrupt your time, but there are Several of Us present because of Our deep concern and caring for all of you.

You live in a time that throughout the world there are many places that suffer from no understanding of the Importance of human life, thus many people do not follow The Rules of Heaven.

Today as I speak These Words, it is to alert you, because there are so many situations, conditions, personalities and backgrounds that do not necessarily understand that to walk the life in the human way is based on Divine Plan, and in this Plan, there is much Divine Love that is associated with what They are trying to instill.

Every human being has the right to think certain things, but hopefully only when the subject matter is moral, decent, kind and just, because to be a human being, there is so much based on how an individual associates with others like themselves and/or is

strength to others, giving them hope, energy, and a feeling of certainty in the human way of life.

I would want to speak hours on this subject because of the importance of it, but I will try step-by-step to deliver what I feel is essential for how you live, how you walk, how you think, how you act, and how you associate your time with Divine Love every moment of every day.

I will close now, but as I do, I say, ‘Never forget, every human being is created by Divine Love and Hope, because in every human being, as there is a Portion of Divine Love, there is also a Goal for every human being to reach, and that is Heaven.’”

AUGUST 7, 2006 AT 12:45 P.M.

SAINT ANGELA MERICI

“I am Saint Angela Merici.

There are so Many of Us present wherever this *little one* is, because We know that wherever she is, Other Saints Here in the Heavens are available to her, and for her to speak what They Will others to hear.

This occurred some time ago, and it has bewildered a lot of individuals, but It has also delivered much, many Words to help better understand so much more about Divine Plan, Divine Will, Divine Love, Divine Hope in the human way of life, thus helping so many now to understand that they are being watched and being shown how important their walk is, their way is, and what they speak is because of the importance of why they speak, and whose name is entitled to the credibility of it.

I will close, because My Words are available indepthly when I feel They will be put into script and allowed to be seen by many different ages of human beings, thus giving Hope and

Love, but also the privilege of service to The Creator Who is Above.”

AUGUST 9, 2006 AT 11:49 A.M.

SAINT ANDREW

“There are Three of Us present. I am Saint Andrew. I will speak for what I Will others to understand because of the Importance it is to be created a human being, and it be registered under a beautiful caption called, ‘Divine Plan’.

So Many of Us talk directly through this *little one* who speaks to you in a very natural form, way, degree, on subjects that are what you would see, understand, and have participation in.

I smile at These Words, because whenever I come to the world in the manner I do, I sincerely want you to understand it is because of Divine Will that the Words will give you Something that nothing else could.

Each day of life is a Gift, each hour is a Gift, each ability to do something worthwhile is a Gift, and every time that you can counsel someone correctly or deal with them if they are sad, that is a Gift of Divine

Love; not always seen as that, but it is Fact.

I know I speak much through this *little one*, but I always have, even when she was a very, very young little girl, but she knew it was I Who was speaking and that I would come back if she did not receive Every Word I delivered, because I want My Words to make something logical, feasible, reasonable and important.

I will close, but as I do, I bless you all with a Gift that says, ‘As I was given a Blessing some time ago Here from the Heavens, I call upon you when I want to speak Words I feel will help you and help others like you, in the human role.’”

AUGUST 9, 2006 AT 12:54 P.M.

SAINT ALPHONSUS LIGUORI

“There are Many of Us Here and Each of Us is totally enjoyed and happy and privileged to be present when this *little one* reveals what she is hearing by a Supreme Power, from a Supreme Power, that is beyond human understanding. It is Our Heavenly Father, and He says He smiles because it is the first time in a long time He was able to speak when We were with Him. He usually waited.

You live in a time wherein there is so much wrong thinking, wrong attitudes, and wrong understandings. It must change, because all things should be based on what is logically capable of suiting a situation with honor, dignity and caring.

I speak These Words in a more open manner, because of the importance of Them, the need for Them, and the help They can give where it is needed, when it is needed, how it is needed.

I will close, but as I do, I say: ‘Never forget, you were created a human being. This is a Gift of Divine

Love from The Holy Trinity. Take this Blessing that you are to the world, and do what you will with it, but make sure that as you do, each move, each thought, each practice you partake in, you do it with the sensitivity that it will one day open the Doors of Heaven.'

You are Loved much, but it is up to you to serve well, to appreciate what Gifts you receive by just being a human being, and being obviously not just practical but sincere and good in everything you think, speak and do.

I close with Love, but I also close with a feeling of: You will be happier if you practice what you know is correct for you, your Soul, and yes, pleasing to The Holy Trinity."

AUGUST 10, 2006 AT 11:27 A.M.

“There are Several of Us present with this *little one*.

It is so good to be with you all again. Your Faith in what you feel is very nice to see, because there are at this moment, millions of human beings who have the privilege to receive strength and a Blessing beyond what comes natural to the mentality of a human being.

So much can be talked about, spoken about, learned about, and of course, described in an Ultimate Manner of Speech, of Enlightenment, of Truth, and of course, of Divine Love.

Throughout the world, there is not enough emphasis stated on the Fact that The Creator of All Things is present and listening to everything that is spoken, everything that is ready to receive a Sacrament of Divine Love from The Holy Trinity.

We hold *the little one* tightly because of the Power We use to be able

to speak to all of you with Words We choose and with a Message based on the Love of The Divine for you, so you can be ready to fully understand that you are gifted with a Portion of Divine Plan.

Just to know the Existence exists, just to know you have the privilege to think and to pray and to speak personally with the Divine Way, says to you and all who hear about this: ‘It is important that as you live in the human way, as a human life that will one day return to from Where It came, the Soul that was delivered Personally, because of what It would mean to the body. Though prayer is important, the Soul is beyond what human life can compare the Soul to be. It is a Gift of Divine Love, based on the Love of The Holy Trinity.’”

AUGUST 11, 2006 AT 11:25 A.M.

SEVERAL SAINTS

“There are Several of Us present because of the importance of what is delivered must be heard by a lot of individuals, or better still, able to read the Words in print because of the importance of what the Words describe to be.

In the Creation of human life, it was more than the physical that was cared about, because the mental was to be in many ways the driving force to understand a Gift of this measure. This Divine Plan was Exceptional to human beings, thus giving to the human mentality, and the human Goal for the Soul of a human being. Words had to be enlightening, to make them aware of ‘their pattern of living’ was designed to return to The Creator and be ‘a Saint’.

Every human being has this privilege that awaits their Soul. It is wise to understand These Words, because the Truth in Them bears the strength to be able to follow Them for the good of the Soul.”

AUGUST 11, 2006 AT 11:40 A.M.

GOD THE FATHER

“I feel I should explain to you the condition you see this *little one* in is due to the Power I Am, because of the importance of All that is delivered through her is above and beyond what the human mind or body would want to endure.

It is so important that I speak the Words I am going to speak, because in the Creation of human beings, a Greater Gift was received, and is being received to everyone created a human being. First of all, all the benefits of how to think, how to speak, how to walk, how to use your hands, how to use your feet, and of course, the rest of the body is significant in what it was created to be, giving to the human way of life strength, purpose, hope and many other things.

I know it is rare for you to hear These Words, but I say Them today to remind you: When you were given the Gift of Divine Life, you were accepted into a Tremendous Gift of Divine Love.

I come on this day because I feel it is important that you, as a human being, understand the Importance of human life, and also the Goal for it is and always has been in Divine Plan. Nothing else created has this Gift, this Purpose. Always remember this as you walk through life as a human being, because it is the greatest way of living, because it has a Goal for you that nothing else created has, not in the same measure, not in the same detail, not in the same perspective, not in the same Act of Divine Love.

I will close, but I want you to know, *the little one* does not want Me to say what I was going to say. I said, ‘All right, *little one*, I’ll wait.’”

AUGUST 11, 2006 AT 12:15 P.M.

THE HOLY TRINITY

“Everything created has a purpose, also many, much of it has need. The list is endless in the Facts, the Reasoning, in why and how I directed so many things that were not in existence. That is why it took so long to give to human life many things.

In My Love for human life, I practiced daily in what would please human beings, helping them to see, to respect, and to honor the privilege of being a human being. I see the list endless, because in My Design of it, and of all things, My Love for human life is evident in many ways.

I speak like this on this day to help those present and those who will read the Words, how I respect human life in every facet of it, because it was created for many things, many purposes, many Gifts, and many things that would give to human life respect, honor, dignity and hope. The very Gift of speech with the sound, said: ‘I love you. Speak to Me.’ Everything

has a purpose, every Gift that instills the importance of what is right over what is wrong, what is good over what is evil, what is just over what is unjust, and what is safe over what is dangerous.

I know I speak heavily, but it is to help you understand My Communication is long-lived with you, because I did all things I was told by The Creator to do, thus helping where it was needed, in addressing situations and conditions that obviously needed support in different ways.

Each day when I look at human lives, it brings tears to My Eyes, because I was fortunate enough to have the privilege to help in giving human life the advantages that would give to the human mentality, Support, and to the human senses, Understanding that was for every facet of human living.

I will close, but as I do, I want you to know and I want you to remember: ‘Every time you think, every time you speak, every move you make, I am responsible for.’”

AUGUST 11, 2006 AT 12:47 P.M.

“There are Several of Us available to hear what you have to say, but also, to hear how you want right to be there, and wrong to stay away.

Throughout the world there are so many individuals who find it difficult to practice order, logic and caring about how they address conditions, situations, or associations that oftentimes are not good for them morally, sensually, or financially.

In the Creation of human life, there were and there are many Gifts that give to the human mentality the abilities to understand what is logically correct, or illogical to their manner of living or their way of thinking, or what they want to address important subjects in.

I want to speak hours on this, but I will close at this point, hoping that just the few Words that I have allowed to be put into script, will be seen and understood for the value of Them, alerting certain individuals to look into the facts in a more discriminative

manner and way than they would otherwise look at it today.”

AUGUST 11, 2006 AT 1:24 P.M.

“We know that you do not see Us nor do you hear Us, but We are ever present because of the importance of what This Gift of The Father’s Love is for: the Souls of hopefully thousands to millions of Souls in the world you live in.

There are so many Beautiful Gifts The Father permits to be available, because the Soul of every human being is the recipient of the Gift when it is practiced properly, thus giving to the Soul a Blessing not seen, but understood to be.

I know I talk differently, but it is with much happiness that so much is revealed in an orderly manner, but in a loving way to those who will take the time to put It into script and then take a copy of It to where they live, so they will remember what was spoken as a Gift of Divine Love for them.”

AUGUST 11, 2006 AT 1:41 P.M.

“There are Several of Us present. We requested The Heavenly Father to give Us permission to speak openly on subjects that We ordinarily would just use Where We are. We were granted permission and We are so happy to tell you about this.

Your days are different than Ours, but they are as important as Ours are, because you, too, serve The Heavenly Father in your manner of living and how you think, and the Words you like to hear revealed that in many ways mention the Soul and the importance of human living.

You may ask how We know about this. It is a beautiful thing to talk about, because in The Heavenly Father’s Love, He lets Us know where good is being used in the correct manner and way, thus giving to Us assurance of how We live and how We pray.

You live in a world wherein there are so many human beings that sometimes only think of sin, so it is

important that as you live each day, you remember to say a prayer, asking The Heavenly One to give those who should know, the Information that prayer does suit its way. It accomplishes much more than the human mind can say, because prayer is a Gift, but also a request in many ways.

I bless you from the Heavens and I say, ‘Remember each day you live is a Gift of Divine Love, and you have the privilege to live it in a very beautiful way.’”

AUGUST 13, 2006 AT 6:33 P.M.

“Yes, We are present due to the fact that this *little one* is encircled by Many Who are so anxious to give to many other people the knowledge, the understanding, and the purpose for a Gift of This Measure and This Love of The Divine to aid, to support, to instruct others to follow in the importance of their way of life, through their Soul that is a Portion of The Creator of All Things.

No human life exists without the capacity or the ability or the privilege to be able to strengthen their understanding regarding the Value and Truth of Divine Love, Divine Hope, Divine Judgment and Divine Direction.

Challenges do not affect a Miracle of This Degree because the challenges are often just acts of greed that are totally cast aside by the Power of Divine Will that this *little one* is never without.

We have spoken These Words, due to the fact that it is sometimes necessary to release this type of

Information because of the in-depth sensitivity that must be strong in many ways, especially at times such as these.

I will close, but as I do, I feel I should say, ‘As you walk the human way every day, this privilege is beyond what you know it to be, but always remember, you are never out of sight of The Holy Trinity.’”

AUGUST 14, 2006 AT 11:10 A.M.

“Time is a precious Gift of Divine Love because it is through time that so much can be put in an orderly manner, way, condition. The spacing of timing is designed for more things to be accomplished than it is understood to be, because every human being has the privilege to use timing to give to their lives an orderly understanding of all different facets of living as a human being.

I know These Words are different, but All of Us Saints in the Heavens are aware of time, and the word ‘timing’ is important to Us also, because Here in the Heavens, the time We live in This Way has a difference in It than the full timing in the human manner of life.

We All smile at this, but it is always a joy to communicate Words that put a different view of what They mean, and yet They always are effective in more ways than They are expected to be.

I will close, but Many Saints Here in the Heavens are so pleased

with What is occurring where you are, because It is strengthening the Faith in ways inconceivable to the human mentality and way.”

AUGUST 14, 2006 AT 11:45 A.M.

OUR HEAVENLY FATHER

“I have sent this *little one* to speak a few Words to you from Me. I am your Heavenly Father.

I speak through her voice that I chose a long time ago, to repeat Words I Willed others to learn about because of the importance of what I Willed them to know for the good of their Soul that I want returned to Me and I can say, ‘I welcome You Home, My Saint.’ These Words may sound different to you, but They are factual in how I deliver Them.

I come on this day to say a few Words about what a privilege it is to be created a human being. Other things that are alive do not have the privilege that the human life has, and that is to one day be Here with Me, known as ‘a Saint’. It is Beautiful to see Those Who are now present in This Manner and Way, but then time will tell in a loving way, manner and degree, that Those Who will enter This Place Where We are, it will not just be Happiness They feel, but a Love from The Divine Who,

for a very long time, were in Heaven from the moment They arrived to the world.

I speak differently, but I speak with Truth. Remember this because, as I am with you, it is My Task in Heaven to assure you of the Gift of Divine Love that you are expected to share at a time that is chosen for you.”

AUGUST 14, 2006 AT 2:03 P.M.

SEVERAL SAINTS

“There are Several of Us present. We are always so pleased, even grateful that those of you who take Our Words do it with the happiness We see in you, but also in the Wording that comes so natural to you.

There are millions of human beings throughout the world who would love to be part of what you are doing, because service in a manner this way has its way of giving to the mind security through communication with Those of Us Who accompany this *little one* every moment of every day, due to the fact that she was chosen for a Task that she would be accountable for because of the Communication that We would speak, she would hear, because We also wanted others to be able to read what We had to say.

Our sincere interest, Our sincere Love is evident, because so many times We have wanted to speak Words that were ordinary in one way, but in another way, would be enlightening to

a subject matter that was important to be spoken about.

Today as We deliver These Words, We thank you for your communication with Us and your allowing Our Communication with those not present because, as you know, the spoken Word can be a very important Word for the sake of many things to occur, or to be promoted through occurrence. Thank you for the time, the days, and the way.”

AUGUST 14, 2006 AT 2:30 P.M.

“There are Several of Us present, Each of Us ready to direct this *little one* to speak what We Will others to think about because of the Importance of what it means to be a human being, and to live one’s life to one day become ‘a Saint’ in Divine Will, Divine Love. Remember this.

In so many ways a Blessing will be accomplished, and it will aid others in the manner of Spiritual growth, because sometimes it takes changes in one’s life to accommodate the Spiritual in a degree and way that gives to Sainthood the privilege to be closer in a way that had to be chosen for it.

Though I speak differently, I smile at My Words because All of The Saints Here in the Heavens are fully aware of what situations, conditions, and important purposes have the privilege to give strength to individuals who see the importance of the situations, and work hard to fulfill obligations.

As I close, I bless those who take the Words and I say, ‘As you walk the life that you were chosen to walk, and you respect the prayers you were given to say, you can be assured that the Love of The Divine will one day be a Very Important Part of your way, because Love such as This has a definite purpose, and ends up having a Divine Claim.’”

AUGUST 14, 2006 AT 3:13 P.M.

“Yes, there are Three of Us, and We are always interested in what this *little one* is involved in, because you see, there are so many wonderful things at this time in which you live that can be very entertaining, very interesting, but also very providential for future things to be accomplished.

We All say this with a smile, because this last Statement is Fact. So many individuals have the privilege, the ability, and yes, the capability to try new ventures into many ways to celebrate what they are learning and what they feel like doing as exercise or as using their intelligence to project things that would be happy for others to be able to become part of.

This subject may be very entertaining to a lot of people, and We use it sometimes to let others know how interested We are in what they practice that, to Us, is something they have learned in a more intelligent manner than most others could learn it.

All These Words may not mean much to you, but They do to Us because, do not forget, We have been allowed to listen to the Spirit of how people enjoy many things, and in this Gift that We have received, it has been so beneficial to Us, because it gives to Us the importance and the interest and the purpose to live in a way that expresses more understanding than anything else. Thank you for the time you spend with Us. We love you for it.”

AUGUST 15, 2006 AT 11:40 A.M.

“There are Many of Us present wherever and when this *little one* is, because when We speak through her We know It will be heard by others because of the importance of what We say.

You live in a time wherein there is so much necessity for a fuller understanding of the Gifts of human living, human life, due to the fact that every human being has a Soul, and the Soul is That Portion of it that will remain after all other things of the body are no longer visible.

Today as I speak, I speak It with Love for The Divine, and for the privilege it is to be gifted with being a human being, bearing all the assets of it, the purposes for it, and the Goal that it will have at a given time.

Each day that occurs is important because the human mentality then has the ability to speak openly in a manner pleasing to The Divine; thus, in many ways expressing love for The Divine,

but also, gathering more understanding of the Goal of Sainthood.

I close These Words for now, but it is important that what I speak never be erased, because It is to be remembered for what It speaks, thus giving to the one in whom It is, the knowledge and the assurance of what human life will be gifted with, in a manner and way beyond what anything else is created with.

The Soul welcomes all Gifts that an individual implants in It, instills in It, because the Soul knows the importance of What It was one day to be with, and that is to return to Heaven from Where It came.”

AUGUST 15, 2006 AT 12:05 P.M.

“I smile at this *little one’s* response, but I also am grateful that her love for The Divine is what it is.

You live in a time wherein there is much confusion. It is not based on disinterest, but just an inability to fully understand what a Gift they have been delivered firsthand, by what is available to them morally, spiritually, in every Facet of Divine Plan.

I hold *the little one* tightly, because My Words are heavy in the manner I speak, because each time I use her to speak where there are others, she fears she will not speak the Words clearly enough for them to be heard in the manner They were delivered.

You live in a time when and where there is much to be accomplished in many ways: morally, mentally, psychologically, even physically. Never forget this Statement, because it is available to you and everyone else living. There can be no ifs, ands or buts

about it. It is available. Remember this.

I know I speak differently at this time, but it is important for all ages to be aware that to become a human being is gifted from the moment of conception until the time it no longer lives. How many individuals almost refuse to accept that, because they cannot see It or understand in their terminology how great It is, how just It is, how close It is, and how possible It is.

I will close, but as I do, I promise you: Each time I return to be with you is a time The Father allows Me to speak of Him, so you will better understand how close He is every moment of every day, and in several ways.

Never forget, The Father, in the Creation of human life, made a Positive Statement of His Love for this creation that lives.”

AUGUST 15, 2006 AT 1:05 P.M.

“There are Several of Us present. We are always happy to meet with you, because We are aware of the Major Project you have accepted to walk for, for others like yourselves to one day go to Heaven and become ‘a Saint’.

There are so many things to speak about, and so many ways to speak each thing, because oftentimes when One of Us Here in the Heavens wants to describe something that We want you to understand in Its full measure, We hesitate to even begin, because We know the importance of what We are instructed to say will affect the Souls, perhaps of many, many human beings, but also, the minds of these individuals hearing what you tell Us to repeat for them to understand, to follow, and to use It in a daily plan.

So many times when We are available, We always look for this *little one*, because We know that with her past history of so much accomplishment and so much caring, she is very likely to have the Words

that will help Us deliver Them to others, and give strength where it is needed, dignity where it is needed, hope physically where it is needed, and yes, that Beautiful Gift of Divine Love that helps an individual learn more about how important it is to one day become 'a Saint'.

The world has been Blessed abundantly. We saw to that, but so did All The Saints, because it is sad to hear certain individuals not think of The Saints doing great things, but also, the very fact that some individuals want to surpass everyone in what they think, what they know, and this is a sadness, because it is important that truth float out of everyone's mind, energy, speaking and delivery of the Words that are so helpful for the Souls of many, many, many human beings. Even when this happens, and there are no relatives of the individuals present, it is important that what is delivered remains within their mentality that they can pick the Word, subject up, even at a later time and give help then.

I will close, because there are Several of Us present, and We are always grateful for your taking what We feel is important, because never

forget, the Most Important Part of human life is the Soul that every human being is Blessed with, and It is given with such Gratitude, Help, Hope and Divine Love.”

AUGUST 15, 2006 AT 2:05 P.M.

“Many of Us are present.

We are so happy because of the importance in what you have accepted, to share in a task and a manner of delivering that will aid many human beings in more indepthly understanding regarding certain facets of life, certain conditions in life, and also, many different manners of delivering Words of great concern, great importance, great benefits, and Many also are helpful for an individual to learn more indepthly how to use Wording that will suffice and make conditions or situations more legible.

I have just spoken differently, but I have done it because I am grateful to every one of you for having participated so many times in helping Words of importance get to others like yourselves, thus helping knowledge to pass on and to be part of, part of life that gives the ability to speak in a more in-depth manner of Wording.

I thank you, and I say, ‘*May God bless you.*’”

AUGUST 15, 2006 AT 2:45 P.M.

“There are Many of Us present, and Several of Us have spent time with this *little one*, but under different circumstances than she is obliged to follow at this time.

A Blessing of This Nature, This Degree, These Benefits, is far greater than It is seen or understood to be, because the important thing is, that the Giver of so much is The Second Person of The Blessed Trinity, Sacred in Every Facet, agreeable in All that is good, and definitely The Deliverer of so much that is to be understood for the Souls of millions of human beings.

So few individuals think every day of the importance of everything they think, do and say, because they say, ‘It is all natural; it is all what everyone has, and I do not hear the Words spoken my way.’

We All smile at this, because so many Gifts are given to everyone created, and one of the main Gifts is the mentality in the human mind. It is a Gift far greater than it is seen or

understood to be, because this Gift gets its learning from what an individual, she or he, can see all things openly produced in front of them, because much of them is learned through the mentality they live with every moment of every day, but the other things learned are in front of them, and they learn how others oftentimes deliver what is present to learn about.

I could speak hours on this subject because of its importance first, but then because, just to know what the subject contains, gives hope, strength and assurance.

So Many of Us Here in the Heavens desire to speak hours on end every day, but Our understanding of the human mentality was not designed to hear Everything We say every day. It was designed for a more private source, a personal source, and of course, there is a list according to sound understanding, and practice and reading and learning in certain ways.

Many of Us could speak hours on this subject, and believe it or not We would like to, but We have been told how to do certain things for the

benefit of those who We are directed to.

So much could be spoken because there is so much concern for so many things to be learned. Every human being has the privilege to be a human being, and All of Us Here in the Heavens have the privilege to support and to aid, but also, We must obey The Commander of All Things, The Creator, because He knows what is correct for the conditions, what is feasible for the wills and for the individuals who sometimes need just a certain something to give them the purpose or the love or the caring at that time.

Hours could be spent on this subject, because of its beauty and its worth, but always remember, to be created a human being has a Goal Greater than It is seen to be. Follow that Goal. Never let It stray in your mentality, your way or your will, because that Goal is to lead you to the Right Place. It is a Gift beyond what It is thought to be, and truly what It is understood to be, because you see, it would be impossible to fully understand Sainthood as you live in the human way, but the day will come and

you will have the privilege to walk the Path, the Road, the Way, and be an identifiable Saint in Divine Way in Heaven.”

AUGUST 15, 2006 AT 3:24 P.M.

“We smile because of what the *little one* has spoken.

It is so important that so much be helped in helping others live their way of life in a manner and way that gives strength, perseverance, and a sincere understanding of what a Beautiful Gift life is to a human being.

What I have just spoken may be different than you expected It to be, but it is because in the Design of human life there are many wonderful assets to it, Gifts in it, and yes, Purpose for it, because it is the beginning of a Higher Way of Life. It is the beginning of hope in a very normal, moral way, but it is also a Blessing because, do not forget, the birth of life is performed by human beings. So when human beings have the Gift of such a great Gift, does it not openly say, ‘It is a Gift of Great Blessing from The Holy Trinity’?

The Gift of life is so Important because it gives to the world a Goal, but the Goal is in the Soul of every human being created, and this Soul

is a Gift of Divine Love. Never forget that what makes human life so Special, so Important, it has a Goal to reach for That Portion of it that can live on Forever in Heaven. It is called 'the Soul'.

I have spoken These Words to help those who may not feel secure, but every human being has the privilege to return to Heaven and experience All that is special and worthwhile for the way human lives lived, and for the manner in which human life was created. Do not forget, everyone given the act, the Gift of human life, has the privilege of one day being 'a Saint in Heaven'."

AUGUST 16, 2006 AT 11:13 A.M.

“We are always happy when We are aware where *the little one* is, because We depend upon her routine, her habits that desire for all things to be evident and practiced that pertain to a Spiritual Love for The Divine. We All smile, because she never knows what We are going to use as a subject, especially when she requests it be put into print.

The Gift of human life has an Importance in it, for it, with it, that nothing else created has in the same manner, way, and/or purpose.

Throughout the world there is oftentimes slight misunderstanding regarding The Beloved Sacred Host, for what It just does not represent, but is definitely a Gift Blessed by Divine Will, Divine Intercession, and Divine Love.

Today as I speak to you in an open manner, I assure you that it is important each time that you receive the Gift that you just received, The Holy Eucharist. It was not just designed

but it was promised, that in It there would be Grace and Happiness when It was received for the purpose for strengthening and instilling into the human body, a Personal Communication that would give to the body Something that nothing else could give, and that was and is, the reception of Divine Love from The Holy Trinity, thus causing the one in whom It is, to be Blessed in a very close manner of acceptance, that in many ways is Blessed to be more understandable to the Communication that is always available for the Purpose, for the Design It was created.

Divine Love was The Designer of This Important Need and/or Acceptance of a Personal Association at different times in the life of a human being.”

AUGUST 16, 2006 AT 12:35 P.M.

“There are Several of Us present.

It is a pleasure and a privilege to be able to speak the way We want to speak with Words We want others to know, because without conditions like This, We could not allow what We are at according to communication, speak openly; but, in otherwise, We need someone who will listen and put into print what We know is exceptional in what It exposes, interests, or clarifies certain conditions that youngsters are often put into, a manner and way that they do not understand fully what they are using at the wording of someone they do not know.

Children should be watched in a more close manner by those close to the children, because the children can become victimized by a lack of understanding sometimes, or an act of persuasion that the child does not understand until it is too late. So many parents and/or relatives trust those who they think or they feel look

honorable, but this is not always a fact. It is mostly a hope.

You live in a time and in a way that there is much loose and/or lax understanding regarding close association, not just with children, but adults with adults, and children with children, but adults with children. This is difficult to even say, but it is important for it to be understood that it has not dwindled away. In some cases, it has exaggerated what and how many things permit wrong association that is deliberately mind-boggling to some who become victims of it. Please remember what I have just spoken. It is fact, but it is done in both genders of living.

Thank you for taking My Words.”

AUGUST 17, 2006 AT 8:40 A.M.

OUR HEAVENLY FATHER

“The Gift and the knowledge of prayer was dictated for several reasons. As human life was instructed in the importance of communication with each other, logic would say that human beings of all ages would be gifted with the ability, the logic, the understanding and the reasonability in how and why to communicate with The Creator of All Things.

When one prays in an open manner with sound, it is heard. When one prays in a quiet, soundless area, but yet delivers words of importance, it is found in the most beautiful manner and way, because there is nothing in the communication of human life with The Divine that does not work properly, clearly, spiritually. Remember this, because of the importance of just thinking on a situation, a condition, a question, or even just a sensitivity of communication, it is always heard by The Divine.

Nothing is to be concerned about because of the close association every

human being is gifted with, because human life was created to be what it is Blessed by. Remember this.”

AUGUST 17, 2006 AT 11:50 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

We smile at this *little one* We use for important Words to be put into writing for others to read, to follow, and to more readily understand how close We are to them on a world created because of Divine Love for human lives.

Ask yourself: Why else would a major thing like this even be thought about, unless it had a great importance regarding the lives of human beings that would be walking the earth in a very normal human way, and yet full of energy, delight, because they were walking for an Entity of Life Far Greater than their human life could identify personally, or even in a group of them, because of the purpose, the reason, and why they would be able to see and understand that What they were to follow was Higher than the Gift of ‘man’?

Some will say, ‘I do not understand These Words.’ Well, I assure you, time will give those who speak this

way, the strength, the knowledge and the realism that These Words stand for in truth, in logic, in value, also in description.

I close My Words now, but as I do, I leave a Gift for you. Truth is always a valued Gift, because it has reason for it, strength in it, purpose, and is accountable for so much created, because truth, logic, hope, make things worthwhile, and yes, truth was designed by The Creator of All Things, The Heavenly Father. Remember, you love Him, and He loves you in a manner and way different than you understand love to be.”

AUGUST 17, 2006 AT 1:00 P.M.

“There are Several of Us present. We often do this to this *little one*, because it seems to Us that the More there are of Us, the more interest she shows in repeating what We want to talk about. We All smile at this, knowing her reaction will not be a happy one, but one she will continue on with, according to what she has accepted to accept. (They are smiling.)

There are always so many things to be passed on to others that give hope many times, aid many times, satisfaction many times, security many times. The list is endless, because communication between human beings is one of the greatest Gifts they could be endowed with, because communication allows the mentality and the usability to work in a manner and degree that does not hold to one figure, but allows a subject matter to be carried on through, to as far as feasible is necessary to accomplish the full meaning of what an individual is talking about.

We All smile at this *little one* whenever she repeats Our Words for others to put into script, or even just to hear what We have to say. Her honesty and her understanding is a joy to Many of Us, because so often when someone hears something, they take it but they leave it where it is; thus, not allowing something of nature, of happiness, of direction or description could have an important statement in it, an item referring to an important lesson or story.

I know I am talking differently than you expect Me to speak, but We find it oftentimes important for the Words to continue on, beyond what the individual expects Them to be, because They have more clarity in Them, more understandability for the one reading Them.

Many of Us Here could speak hours on the importance of so many conditions, situations, temptations, and yes, desires to be able to speak to The Heavenly Father regarding Our Love for Him, and that We are looking forward to one day being with Him. I will talk later on this.”

AUGUST 17, 2006 AT 2:48 P.M.

“There are Several of Us present.

When We heard the call We were so happy to become Part of what We knew you were like, and that your time together is of such great importance that what you speak of has so much interest in it, and really, purpose for it.

The world has been Blessed abundantly by All the Gifts of Divine Love, the Gifts of how an individual can use talents, abilities, sensitivities, and yes, logic to live each day in a manner and way that not only gives strength, but it circulates into a monumental degree of interest, psychology and hope in various ways. The average person does not think of it in the true greatness it is. So much is taken for granted, but We speak These Words to help you enjoy what you have, what you are, and what you can use in your association with other people, passing each day with something interesting, or the ability to address conditions, situations, circumstances, and yes, the

abilities each one has the privilege to have.

We speak so much through this *little one* and We enjoy every moment of it, because when We hear her Words, We are assured it is based on her service to The Creator, and yes, her human love for Us.

As I close this at this time, I say, ‘Always remember, to be created a human being is a Blessing beyond what it is oftentimes understood to be, but I assure you, the Soul is always evident in everything you think, you say or you have done.’”

AUGUST 18, 2006 AT 11:45 A.M.

THE HOLY TRINITY

“I smile at this *little one* who in so many ways participates in many diversions, interests, calculations and understandings. She says, ‘Heaven, please tell them I did not say Those Words.’ We All smile because she is always ready to protect what she feels will be either a lack of understanding, or uninteresting understanding, or too much to understand.

We know that it would be difficult for some, like you people here in this room, to understand how much We use *a little one* like this for, in, how and why.

She says, ‘Why do You say All These Words?’ We All smile and say, ‘How else could others know that Our Presence is here, and that you are the giver of what We would like others to hear?’

So much is given to This Gift that, in so many ways, has been Blessed abundantly by More than you could perceive to be, because even sometimes the Souls of human beings

that are high in Grace, the Soul wants to speak when We speak, because the Soul wants others to feel the Presence of Who They are, What They are, and the fact that They have the ability to make sounds like other people.

I know I speak differently. We All do at this time, but I assure you, the love you have for The Divine is greater than you know, and is accepted more in pleasure than you could possibly perceive it to be, so before I bless you from The Holy Trinity, I say with much Love, ‘You are gifted with a Gift far greater than you know It to be.’”

AUGUST 18, 2006 AT 12:45 P.M.

“Wherever this *little one* is, there are always Several of Us present, because We are aware of how many things that are not important to many people, are important to her. This is always interesting to Us because of how she will promote or conduct or insist or base something, whether it be a title or a suggestion, or even a phase of something to complete in some place that will draw attention to what is feasible, interesting, or advantageous to one’s vocabulary.

You live in a time wherein intellects have had the privilege to grow in a larger degree than most used to, but it is important also, that whatever subject matter is made evident by individuals who speak, think, and like to practice attention for how they can do these things, sometimes those listening do not fully understand the purpose, the need, or that what is being spoken is not what they expect it to be.

I am talking differently. There are so many things I would like to cover, because of the beautiful association We see you, in your place, having with each other. It is a privilege that We are allowed to be able to listen sometimes, to agree at some times, and even participate through you for the benefit of Souls that, through you, might frighten some, or question who We mean when We say These Words. I assure you, it is all legally correct and professionally equal in all things to the same degree.

Thank you for reading what I have just spoken. It is a privilege to be Part of what you are part of at this time.”

AUGUST 18, 2006 AT 2:14 P.M.

**OUR HEAVENLY FATHER
SAINT JOSAPHAT**

“I am Saint Josaphat.

There have been Several of Us listening to the Words spoken. It is important that all divisions of human life concentrate more on the privileges of human living, and of course, Who Created life in the first place, for the betterment of human beings to be able to one day return to The Creator and be ‘Saints’.

The world has been corrupted by so much so-called ‘theory’, so-called ‘understanding’, so-called ‘belief’ in how things should change, should return to a more generous attitude or feeling.

Today as I speak to you, I assure you it is important for the human mentality of all human beings, more fully understand that when human life was created, it was gifted with a Goal that was to help them in every facet of life, of living, but also for the benefit of each one’s Soul.

I could speak hours on this subject, but sometimes fewer Words leave a greater in-depth Mark, because in the fewer Words, there is less to be looked at, but more time to be used for what is important to think about, to act on, and be aware of.

I could speak hours on this subject, but I assure you, I would have to repeat and repeat and repeat the Words I have just spoken, because in many ways, They are the foundation that can be seen for what They consist of, and yes, do not forget, The Heavenly Father, Who I Am, wants you to remember: The Goal of Sainthood has never been taken away from you. It has always enlarged to give you the strength, the hope, the understanding, and the purpose for reaching It. Remember this.”

AUGUST 21, 2006 AT 11:48 A.M.

OUR HEAVENLY FATHER

“There is no time of any day that I am not available to hear, to understand, and to be ready to listen to a prayer you might have, a wish you might have, or just words you want to discuss, because in the Creation of so much Here in the Heavens, it was designed for many things, even though you understand Heaven to be a great distance away; but never forget, when you say a prayer to yourself, the words are recorded in your Soul, and the Soul is always evident because of the Importance of what the Soul represents, and that is you.

I will close, but as I do, I want you to be assured, in the Creation of human life, all things were decided to be in awareness of how you thought, you lived, you worked, or you see things mentally, morally, physically, psychologically, spiritually.

I know I have spoken much, but I assure you, in every time you request help, you are heard. The decision of just how much to aid you with,

is evident by what the situation is involved in, for, how, and why.

In your creation as an individual, you were Blessed abundantly, for this Gift of being a human being had many, many goals to it, many purposes for it, and much of Divine Love in it. Remember, a Blessing such as This is, never leaves you. It is always available to you.”

AUGUST 21, 2006 AT 1:08 P.M.

**OUR HEAVENLY MOTHER
SAINT JOSEPH, THE HOLY SPIRIT
SAINT AUGUSTINE
SEVERAL SAINTS**

“There are Several of Us present, due to the fact that We know those of you who are present are eager to more fully understand how Many Saints will be present when you are together, and hopefully hear a Saint speak.

I will give you a list of Those Who are present. I am Saint Joseph. Our Heavenly Mother is here. Saint Augustine is here. Saint... ‘I am smiling,’ He says, ‘because I have to say Other Things through her.’

You live in a time where there is so much that you can learn about even though many of you have learned much in your early years, but never forget, to learn gives strength, hope, a deeper understanding, and a more valued approach to your association in a Beloved Saint. No matter Who the Saint is, the Saint is pleased that you recognize Her or Him in your daily

way of living. It does not take much to greet a Saint. All you say is:

‘Heavenly Mother, or Heavenly Father, please bless me on this day. Please give me the strength to endure things that I do not understand. Please help me to pray in ways You know will benefit me, and of course, my Soul.

Please, Dear Heavenly Mother, don’t cast me aside, but always remember, I love You, and I look to You for Your Help of me, so when the time comes and The Father beckons my way openly, I will be able to walk it in a pure way.’

I know I speak differently and I know I am responding differently, but it is such a pleasure to be able to speak out loud and talk to you while others are present. It gives courage, hope, and it gives strength, more strength to share Communication that is so often private, but when I do it, and I can say openly Words that others will hear, it is such a good feeling. Thank you for giving to Me this Gift of Love. Please

**say ‘Thank You’ to The Holy Trinity
for Me.”**

AUGUST 22, 2006 AT 11:20 A.M.

OUR HEAVENLY FATHER

“Even though This Gift of My Divine Love is not always seen or understood for My Love to be put to so many individuals by receiving a Small Gift of My Divine Love to aid the individual into a stronger understanding of the importance of The Commandments that were given a long time ago; plus, all the different manners and means in Spiritual Order that can be delivered to individuals who feel they want to be closer to The Divine. There are several I could list here, but of course it would take much more time because there are so many, but I will address a point to hopefully give those who desire to receive the Sacrament of Love more times than they would if they had to go some place away from here¹ to receive It.

The Blessed Sacrament has much more reason for It, about It, in It and from It, than it can mentally

1 Refers to the Chapel for the workers in The City of God, Saint Joseph’s Hill of Hope.

or psychologically be understood, because in this Gift that is so small in the size, but positively Grandiose in the Meaning of It, the Divine Love in It, and the Full Purpose for It.

As I close These Words, I bless those who find the Sacrament of Divine Love a Gift they do not want to be without.”

AUGUST 22, 2006 AT 12:35 P.M.

“Sometimes Many of Us Saints are present where you are, because We often feel that you will be happy to hear what We have to say.

There are so many things that living human beings have the privilege of understanding. It is important that all ages learn more, because of the help that words can oftentimes administer to someone who is not feeling well, but does not understand what is really wrong.

Let us take time and ask ourselves: ‘Are we happy with how we live the human life? Do we find happiness in how we have made our routine daily? Are we associated with people who interest us, or we feel we interest them to a degree that gives to life more interest, more understanding, more deliberate feasibility in giving to every day not just challenge, but interest in how we live our human way?’

I requested to speak lengthy on this subject because Several of Us

Here feel the importance of it is to first recognize what it does to us as an individual, and how we are restricted in it, in certain ways that can be cast aside and made different.

You rarely hear Words like this, but maybe it is time to put one's self into a happier manner of living, more enjoyable to the mind and to the body, because when a human being is created as a baby, it takes time for this lineage, this area of living to one day reach points wherein the mind has the strength, hopefully the knowledge, to put into human living what is feasible for an individual, such as seeing the worth of being a human being, and using time in a manner and way interesting, and yes, having a goal for different things in life, in living as a human being.

Some who take These Words and/or just read Them may not see the value of reading something like this, hopefully awakening the dull sides of some individuals, because life has so much potentiality available to it in several facets of how to think, how to live, how to act, and how to remember what is enjoyable, what gives hope, what gives happiness to daily living.

I know to some reading These Words, they will say, ‘I wish the subject was different,’ but maybe just looking at These Words will give hope, maybe changes in one’s manner of living each day because, do not forget, the Gift of human life has a Purpose, a reasonability, and is very proficient at using what is available; naturally, I chose, or you would choose morality.”

AUGUST 22, 2006 AT 1:17 P.M.

“Yes, there are Several of Us present. We are wherever this *little one* is because of What she has been given by The Father is a Blessing beyond what It is seen or understood to be.

Communication with human beings is always important, even when the subject matter does not have wording in it that is extraordinary in its meaning. You live in a time wherein social living is of great importance to many human beings. They say it offers to their manner of living, not just entertainment but communication that allows more wording to be understood, to be enjoyed and/or to be learned, because subject matter has within it an innate understanding that pleases, that assures, and yes, even entertains.

You may ask why I would speak this way. Basically, it is to draw to individuals something in life that could give them a different motive, attitude, understanding, interest, or

even a social acquaintance that would make life more advantageous.

I know I speak differently, but it is always meant to be worthwhile, because the human mind is not just a Gift. It gives to human beings a personal association, a personal manner of being able to learn more than the human mind could on its own.

I will close, but as I do, I must say to you: ‘You have accepted a place wherein so much is being opened through Words, thus instilling into your mentalities the importance of what Words mean, what friendships mean, what activities mean, and what your learning other things about, help you be more broadminded, more understanding, and yes, more interested in being a human being.’

As I close These Words, I do it only because I feel too much at one time does not help understanding like We want understanding to be.

I smile when I say, ‘Thank you,’ but more importantly, *‘God bless you for the time you use learning more about being a human being.’*”

AUGUST 22, 2006 AT 2:10 P.M.

OUR HEAVENLY FATHER
MANY SAINTS

“Yes, there are Seven of Us, but I smile when I make that Statement, because basically there are Many More than Seven, but when *the little one* said ‘Seven’, We All took that as the Number she would see or want to be here.

You live in a time that is much the same as other times wherever you have human beings, because in the Creation of human life, each body is instilled with a certain degree of many things, a certain degree of understanding, a certain degree of remembering, a certain degree of ability for knowledge.

We could go on and on and on, but always remember, the foundation of most things in life have to be chosen, have to be on a subject or situation or a condition that has purpose to it. That is why, as you are a human being, you depend upon how your body, your mind has the abilities to give you the strength to persevere in the attributes

of what you have been given to be, or to do.

Heaven has an open Door and you can be heard through this Door any time of day or night, because behind that Door, there is more aid, more help, more Divine Love than you could ever understand it to be. It isn't a Gift. It is part of what you were created with. Just as you have a body, you have a head, logic would tell you that you would be instilled with the capabilities of so many other things. The list is endless.

When We hear individuals say, 'I am all alone in the world,' they forget that the world is a pretty large place, but they were created a human being, the highest form practically of the means of living, so they have the ability to understand of what they are capable of doing. First of all, the first thing is probably thinking, responding, reacting, or being able to see physically, mentally, morally, psychologically, what advantages are available immediately.

I know I speak differently, but the Love that is extended every moment of every day to human beings of all

background, is available and should have attention paid to It, because of the Importance It stands for, It is capable of, and for Its Divine Meaning.

I could speak hours and I would, but I say to you now: *The little one* I use to transmit My Wording says, ‘*I love You*’ to Me, but she also says to you, ‘I love you, and I will accept all responsibility to help you become a Saint.’”

AUGUST 23, 2006 AT 9:58 A.M.

**OUR HEAVENLY MOTHER
SEVERAL SAINTS**

“There are Several of Us present, only a Few will speak.

I am your Heavenly Mother. I know it is difficult to fully understand and/or fully capable of understanding the reality of when We announce Who We are, because you only see Us physically in a statue or picture. Our Love for human life is a Love difficult to describe, because We live in a Place different, yet We can be present where you are.

It is important that statues can be placed in certain areas where you live, also where you celebrate Holy Mass.

A Communication that helps you is a happiness to Us, because if you pray to Us, We hear what you have to say. It was planned this way, to be available so that Our Relationship with you, no matter where you live, We have the privilege to either hear you or see you. Remember this.

I smile when I say These next Words. Just as you communicate with human beings you are close to, even if you are one place and one at the other is in another place, because communication has been given guide lines, or lines that can speak to each other.

Always remember, you were created out of Divine Love. No Greater Power exists. Also, in your creation, many things took place because of the importance of how you would live with the Goal of Sainthood; automatically, one day become a Part of This.

I could speak hours, but the few Words I have just released is a confirmation of how close We are in thoughts, words and association, in ways to understand how you think, and We receive what you think. God's Love for human life is and always has been, a Gift Greater than the human mentality fully realizes what a close union you have."

AUGUST 23, 2006 AT 11:47 A.M.

OUR HEAVENLY MOTHER
MANY SAINTS

“I smile when I say My next Words. I requested *the little one* to stop where you are, where I knew she could find you. The Saints with Me are smiling because They know she would not disappoint Me in any way, and would follow My Request as she always has in every way.

We are telling *the little one* what We feel she should say. She says, ‘I don’t remember thinking that.’ We always smile because of her desire for only truth to be handled between Us and her, with everyone she meets, speaks to, cares about, or is about ready to meet.

I am your Heavenly Mother. We use this *little one* many times and in many ways. She was prepared a long, long, long time ago for what she now is the deliverer of, and that is the importance of particular Words that instruct, instill, encourage, and fully expose when a subject is proper or improper in any degree.

There are so Many of Us Here in the Heavens Who spend much time where she is because We know it is not just obedience that she accepts, but truth, facts, concern, and yes, the will to do The Father's Will whenever she can.

Whenever We speak through her like this, she is never aware of One Word. We always find it a pleasure, because We try very hard to share with those in the living state, a Gift that they will cherish for the rest of their lives because We instill the Importance of being a human being, and what a privilege, an honor that it is to be created and be able to live on in service to The Divine Creator in ways inconceivable, at another time.

We know that Our Words with you right now are not what you are used to hearing Us speak, but We speak Them to let you know We cover many, many areas verbally, spiritually, wanting in many ways to give strength, courage, and even humility. So as We close at this time, the Greatest Gift We can leave with you is '*a Sign of The Crucifix, a Sign of The Cross*', to give you the strength to persevere in every way you can."

AUGUST 23, 2006 AT 12:58 P.M.

“There are Several of Us present due to the fact that you are always in several numbers of assistance. We find this pleasant, encouraging, and that it gives happiness and comradeship to how you walk, how you live, how you think. We know it is not Our way of speaking ordinarily, but there are so many different situations and conditions that We see and We hear that you not only participate in, but design them for the pleasure that you receive from them.

You live in a time wherein modernization is evident, but what you lived in before this occurred, was the beauty of being a human being in a time when there was so much advancement in so many areas mentally, morally, psychologically, spiritually, and physically.

As you oftentimes feel the need to look more indepthly in certain things that you become consciously aware of, especially paper when there is so much put into script for you to

read and to learn perhaps many things, making daily living have perhaps more challenge, more interest, and more sensitivity to what it is all about; thus, showing what it does for your emotions, your interests, and/or your participation in just living a way that certain things are given to that change so much of how you think, how you will others to be with you, and the enjoyment you share with not just challenging, but learning about new subject matter.

I know My Words are not natural to you in fully in-depth Wording, but I am speaking Them hopefully in a very clear source, force, manner and degree, because when We come to visit you and We speak openly, it is caused by an innate desire to hear what you have to say in comparison to how We were trained another day, another way.

To some, These Words may not sound true, but the final in believing will have to be up to you, because We do care when We know that your time is enjoyable to you, and you are fulfilling the Will of The Creator when He allows you to look at a different scope of reading or subject matter, or a deeper

understanding on a new method of introducing topics that give to life a different type of conversation.

Thank you for sharing with Me and Others Here with Me, this time. I would like to say one more thing: *May God bless you for how you feel in what you are doing, for the Gift and the Goal of others' minds.*"

AUGUST 24, 2006 AT 8:43 A.M.

“It is always a pleasure to see men, women and children want to accept a Gift of The Father’s Love for them. Though It is a Gift understood to be Very Special, It is a Gift of Divine Love for the Souls and for the people. It is always happiness for Us to see a desire for, and an act of receiving The Holy Trinity.¹

God bless you on this day, and I assure you We are always aware of situations and occurrences like this, because it tells Us We share love for The Divine, and in many ways hope at one time We will be together.”

1 Refers to The Holy Eucharist.

AUGUST 24, 2006 AT 11:49 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I know it is not ordinary for you to see a time such as This, or These are, especially when I send this *little one* direct to you, because I have requested her to speak for Me to you on a subject I feel will give you more knowledge, more background, more sensitivity to daily living, and how to expect certain things that might occur that ordinarily do not.

My Time with you is scheduled according to somewhat of your time, to be able to be where I can reach you. I speak many times through this *little one*, and she is aware that what she is thinking is not her decision or her sensitivity to a particular subject, because when I enter her in the degree I do, she usually then waits for Me to speak, and I smile at the words, ‘for her’.

I hold her deeper because I have a few things to speak about, not necessarily well-versed on, but to help you more indepthly understand

certain facts, certain necessities that have occurred, and/or will occur.

Every human being created should try to understand what a Beautiful Gift of Divine Love caused This to be, because It gives to a human being a status of dignity, of reliability, of hope, and yes, a Future Goal for the Soul that is definitely a Portion of you.

Each time I want to deliver something important, I request this *little one* to do certain things. Her obedience to My Will is what allows Me to be able to speak direct to you, because it is important that you hear It direct, so you will be able to foster It, to deal with It, and to see It for what It is worth in the importance of It for the benefit of Souls.

When I decided to come to the earth to give strength, background, and more understanding to those already here, I did it because of the Importance of what human life was created for, and that is to one day return to Heaven and be called 'a Saint'. No Greater Gift could any human being ask for. No Greater Love could be more than This is, because

to be created a human being, there is a Goal for the Soul to return to and become known as 'a Saint'.

I want to speak longer and this *little one* would for Me, but the Words I have just given are so definite, and so important for you to understand the meaning of, the purpose for, and the Divine Love in It.

You are Blessed more than you realize, and you are Loved in ways you cannot see, but always remember that as you live the human way, you are never without Blessing from The Holy Trinity.”

AUGUST 24, 2006 AT 12:51 P.M.

“We All smile at this *little one* because when she feels Our Presence, she immediately makes herself available to what We might want to speak.

A Gift of This Measure that she represents, is far more important and more advantageous for the Souls if credibility is shown openly, logically, sincerely, because in a time of prayer, or of Spiritual dedication or Spiritual concern, so much can be practiced or given credit to for the importance of It and the Spiritual behind It that wants all Souls to be able to return to from Where They came. To be created a human being is more than a Blessing. It is a Gift of Divine Love for The Spirit of God.

I could speak hours because of the sensitivity that I sense so much of through the hearts of several individuals, and through their minds, their mentalities and their innate desire to be obvious in what they think, how they think, what they desire to

see and/or practice that will give them more Spiritual strength, hope, and give to them the full desire to become 'a Saint'.

I could speak hours because of there being so much to learn about, so much to understand, and so much to be associated with, based on Divine Plan. No greater Gift could be addressed than This One can.

I will close, but as I do and when I do, I do not want to be alone, so I say to The Heavenly Father and The Heavenly Mother:

***'Please, I beseech You,
give Me the strength
that will help Me
become a Great Saint.'***

AUGUST 25, 2006 AT 12:35 P.M.

OUR HEAVENLY FATHER

“In the many, many years that I, your Heavenly Father, was consulted by ‘certain individuals’ that would be known to follow to the letter What My Will Decreed it should be, it was begun this way so that all descriptions of what was to be practiced according to Divine Will, with no interceptions of personal opinions, became for Me a task greater than the human mentalities could perceive it to be.

You live in a time that much is not considered as it should be, because so many human beings of all ages, find interpretation by them more conceivable to how to speak spiritually, religiously, personally.

I hold *the little one* tightly, as I have oftentimes done, because the burden of what she must accept mentally and deliver physically, is not what one would call ‘fun’, because so much depends upon how It is intercepted by other mentalities that are not always understanding regarding the importance of Words

in subject manner that fulfill much meaning for not only the Souls of human beings, but the mentalities of all ages of human life.

I have one Remark to make: Not one of you present here now would want what this *little one* endures so much of, and so much meant to be taken seriously for the good of the Souls, but also for the good of the living practices of human lives.

All of Us Here in the Heavens love this *little one* because of her obedience to Divine Will that never falters or never disagrees or never accepts remiss of important Words.

I hold her tightly, but her small body is spent on the Strength of My Power each time I show Myself to her for the benefit of helping thousands of other human beings to read or to hear what is important for their Souls, and even their bodies and their minds. So be it for this time.”

AUGUST 25, 2006 AT 1:22 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I come on this day because of the importance of so many things. You must understand that there is a Goal for your manner of doing things, for your happiness to be excelled in so many ways, because you have the privilege to one day be called ‘a Saint’.

I know I sound harshly, but I do not mean it in this degree of manner, but it is such an Important Time for all of human lives to be aware that they were created for a Goal that is obviously There, but they were also given the abilities to live a life in the human way that had privileges, but also talents, also abilities, also Gifts of being able to share the talents of drawing, the talents of making things, and the talents of being able to see progress in its full dimension of not just activity, not just productivity, but of the ability to have within it Gifts that animals do not have, the trees do not have, the dirt does not have.

I know I speak differently, but I am doing it this way to encourage those in the living state to see what they are capable of, living in a happy manner for a Wonderful Purpose, and that is to one day return to Me and be called ‘a Saint’.

I will close. I know I sound firmly, but it is because I care about every human being created, and I also know that with just the slightest help, slightest encouragement, it can one day be called ‘a Saint’. Remember this.

I want you to return in a manner and way that will not only give you prestige, but in everyone you are associated with, your actions, your understandings, your abilities, will be shared for the Dignity of Heaven.”

AUGUST 28, 2006 AT 11:27 A.M.

OUR HEAVENLY FATHER

“In the beginning of the Creation of human lives, much had to be considered because of the various conditions and/or situations that would be obvious in many ways and would need to be dealt on, regarding the purpose of them.

There are always so many things to be considered when one is dealing with other human beings. It is important, of course, that safety measures are used to aid any consideration someone might need because of the almost natural logic that has to be considered.

We could speak hours on a subject such as this, but We oftentimes just speak of a possible condition because We sincerely care about every inch of what things will be accounted for.

Love of The Divine is always present when there is any consideration for aiding men, women and children, thus supporting a necessity for some good reason.”

AUGUST 28, 2006 AT 11:50 A.M.

THE HOLY TRINITY

“The Gift of human life is a Gift beyond what it is understood to be, because the Gift of life has a Future. The Future is Forever and ever to be with Me. The Heavenly Father speaks this way, because of the Importance of a creation of such worth as a human life always shows to be.

Throughout the world there are millions of human beings who have no concept of what they, in walking as a human being, have the privilege to speak about, and to show refinement, goodness, and love for The Divine because of how they walk based on service to The Divine. All the Words I could speak could never fully say how important every day is to human life, because every facet of human life has been gifted.

Let Us take a little by chance, one at a time. First of all, the eyes, the nose, but it is through the mouth that so much is delivered to give strength to the rest of the body through foods, and through things that help when

needed if there is some sort of illness that must be taken care of. The hands are necessities for so many things to partake in human life, too numerous to mention at this time; and there are always the feet. The feet say many things, but the feet cause the ability to stand strong, stand straight, no matter what one's weight is. Do not all these things say that to be created a human being is a Blessing of Divine Love far beyond many times what it is seen to be?

The little one We speak through is surprised We talk like this, but it is because We care and We want you to understand that at the moment of your birth, you did not have a choice, but you had a Gift to instill into you a Various Touch of Divine Love that nothing else really is the recipient of.

We hold *the little one* tightly because her body, in many ways, is weakened by Our Power that is far different than what she carries with her every day, but it is through Our Power that We are able to reach you in many ways. A Blessing of This Nature is beyond human comprehension, but We plead with you to always be aware that you have been given a Gift Greater

than you know It to be. It is called 'the Soul', and the Soul is That Part of you that is expected to be returned to from Where It came and be called 'Saint'. Remember this.

We hold *the little one* tightly, but We will try to let her go slowly, because Each Word We speak has a Power in It beyond human understanding."

AUGUST 28, 2006 AT 12:19 P.M.

“*The little one* is more with Us than with you. We smile at her repeating Our Words because of the innocence in Them, but the fact of truth also.

There are so many Blessings that a Gift of This Type allows to be scattered because of the importance of It, but also the logic in It, but also of how It is delivered, always obviously seen as Something far stronger than it is thought to be.

You live in a time wherein the sacrifice of one’s time used to deliver Words We request to be delivered, is far more important than it is realized to be. It is so often taken for granted, which is a sadness to Us Here in the Heavens.

Time, to the human mind and body, is one of the greatest Gifts that could be received. Even to an animal, time is important. Every animal that is created works on time through the gift of time, but in the human sector of life, time has much more in responsibilities based on the basic facts of creation of

human life, but also, how important all facts are to human lives that are sometimes not even seen or guessed to be present. This is a sadness when We see animals respond very quickly and they do not have the senses that human life has.

This *little one* We All use always worries about the Facts being truthful. We constantly convince her that It is truth, It is binding, but It is also able to give strength where It is passed on to, through, for and how.

We love this *little one* and she will cry when she says it, but there is so much that We can deliver through her, that if it were waited to do at different times, with different individuals, it would not be done because of the manner of living that most individuals have facing them every moment of every day.

We smile at *the little one*. She says, 'I think they are tired,' but We smile because We know that Our Appearance alone is a weight beyond what she understands weight to be. God loves you all. Never forget this, and He is always pleased when you take the time to respond to hearing

the Words that He sends Many Here in the Heavens to deliver to you.”

AUGUST 28, 2006 AT 1:14 P.M.

“There are Many of Us with you every time you are with this *little one* We speak through, because We are always satisfied in what she makes a subject to be.

You live in a time wherein there is so much, so many human beings who do not fully understand the privilege they have in what they can say, what they can teach, what they can describe, and what they can decide has an important effect on others’ lives. Sometimes the chatter is just chatter. Sometimes it is personal in many ways, but the times it is made to be, to bring to light subjects that will and could be distasteful to others, or helpful to others, or very active in others’ lives is what We like them to speak about, to be concerned about, and to follow to degrees of fulfilling the full measure of meaning.

Many who hear this might wonder why We, Here in the Heavens, would speak this way. It is because you live in a world, on a world, that

needs so much help. It may not look this way to you, but We assure you, it needs help to see things accomplished that are not negative, or repulsive, or crude, or uninteresting, but to see things that have logic in them, also refinement in them, but also delivering Words that can be used in many areas of living that give hope and a broader scope of understanding conditions, advantages, service, and a unification of personal abilities and interesting words, drawing attention to many things that ordinarily would not even be spoken about.

You may say, ‘Why would I put all these different things into a concept of it being great, terrific?’ It would be and it is, because it enlightens some mentalities to think more correctly, but it also gives strength many times when it is needed, but it also encourages the minds of other people to look at subjects more personally, attaching the meaning to maybe one’s own considerations or concerns.

Now, I know I speak differently, but so many times people who have good minds, good ideas, self-control, and yet have the ability to help

others think of things they would not ordinarily think about, or of, or for.

I will talk more on this later. My intention here is only to alert those present that there is a way to help others in the human manner of living.”

AUGUST 29, 2006 AT 11:27 A.M.

OUR HEAVENLY FATHER

“Each time We are present when you receive the Loving Gift of Divine Love, We All smile with happiness because of your innate love for this Gift that is a Gift far beyond what It is understood to be.

When We hear about different people wanting to have this Gift, because they have never had It, it is always a delight and a happiness, especially when they can receive information regarding It, about What It contains, What It represents, and how fortunate they are to learn more about It.

What I am going to say may surprise you very much, but there are yet some individuals who do not consider this Gift as important as It is. This may shock some people to hear it, to read it, but putting it into script like this might awaken some to understand more indepthly what this Gift was designed for, created for, and Its purpose that is to give to individuals more Spiritual understanding and

acceptance that nothing else might have.

Today as I speak These Words I smile at *the little one*, because she is shocked at what I have just spoken. We love her, and remember, your Faith and how you use how you believe, is a Blessing beyond what you understand it to be, and I, your Heavenly Father, smile when I add These Words: Each time you practice receiving Who I Am, others are helped in ways you cannot understand.”

AUGUST 29, 2006 AT 11:50 A.M.

“This *little one*, a long time ago, made a commitment to Many of Us Here in the Heavens that she would deliver to the world Love for The Divine so It would be more readily understood because of Its Greatness for the Souls of millions of human beings. We All smiled at this statement she made, and We smile when We say ‘We hold her to it.’ She said, ‘I never would have changed,’ and We said: ‘We know it. That is why We have stood by with you many times, many ways, for the reason of Souls to be able to one day return to from Where They came, Heaven.’

There are thousands of Words We would like to speak through her, but her small body could not handle the Power, the Pressure, and the consistent Wording that would be necessary for All she would love to say, and of course, All We would encourage her to say, because We, too, love her in a way and manner inconceivable, but yet We tell you so because it is truth.

You live in a time wherein there are more individuals, of all ages, that should be seeing the value of being created a human being and having all the different considerations to be able to one day return to Heaven, and be ‘a Saint’.

So many times when We speak through this *little one*, she asks Us if We know who We are talking to. We say, ‘Yes,’ and she then approves of Our time with you. Her seriousness is far greater than it is seen or recognized to be, because even as a child she would talk to The Heavenly One seriously; but, today as We use her to transmit Words of serious nature, and make others aware that there is a Goal to life, Greater than they could possibly understand It to be. It is a Goal to return to The One Who created you and Me, but always remember, the Gift of life is always heard, always seen, and always helped whenever it is needed, because the Gift of life is What will represent individuals when the time comes and they go to Heaven.

We All smile and We are happy to be with all of you, because if Our Words help you understand more indepthly how close you are to the chance of

one day being called ‘a Saint’, that is what We are here for, because It is an Important Goal for the body, the mind and the Soul to look forward to, and to one day be present with All The Saints.”

AUGUST 29, 2006 AT 12:43 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

It is with much happiness today that I greet you, because there are so many individuals that must understand the Importance of being a human being, and how close it is to the Facets, the Gifts, the Rules and the Role of Divine Plan.

The reason I speak These Words is to awaken, or alert those who do not understand the Importance of such a Gift as this can be, because every human being walks the land, speaks, and knows that there are things that have to be accomplished, to be practiced, and to be compared to other things that are available on a different scale of understanding, but it is so important that more individuals learn that every day in human life is a day that much can be accomplished, much can be delivered of how one feels morally, mentally, psychologically, socially.

The value of association is above and beyond what it is understood

fully to be, because association very often unites individuals socially, mentally, morally, psychologically and physically.

I will close at this time, but I have spoken These Words because it is so important to be created a human being, because there is a Goal for it and the Goal is a Precious Goal, due to the fact that the Goal is a Gift of Divine Love for the individual who is created the human way.”

AUGUST 30, 2006 AT 11:55 A.M.

OUR HEAVENLY FATHER

“I come with this *little one* today to address a subject I hold dear to Me. I am your Heavenly Father.

The subject is that in the first Creation of human life, human living, so much was looked forward to because of the Importance of the Souls that would eventually be the beneficiaries of what an individual would partake in, act for, act upon, act with, not truly and fully understanding that it was created for a Purpose, a Reasonability, and of course, a Hope.

In the Creation of human life, the first ones created were not like they are today, because time was so powerful and helpful and concerned; so those living at this state in life have the privilege to be able to more easily understand that every thought they have, every word they speak, is looked upon and seen for the worth it is, the logic it is, the practicality it is, and definitely what it pertains to regarding the Soul of the one speaking, or the ones hearing the words.

I know I speak rapidly, but there is so much more I want to say. Granted, each day I speak through this *little one*. She says, ‘Father, I do not understand Everything You say; I cannot hear It All,’ and I always tell her this: ‘I know, *little one*, but at a time when it is needed, I am sure you will find what I have said, using your mentality to speak the Words again.’

I love you from the Heavens and I want you to know: ‘My Presence is far more times than you can ever see It to be. I love you, for I created you. I want you to know this.’”

AUGUST 30, 2006 AT 1:05 P.M.

“*The little one* We All use to transfer Messages of Our Divine Love to others in a living state is oftentimes not understood in Its full measure of importance, of generosity, of hope, and of sound reasonability.

So many times words are put into script because an individual feels that the words will help, but We must come on this day and say, ‘It is not always a fact that occurs with words, only when the words mean special purposes, reasons, moods, and even to a conscience of a human being.’

You may ask why I would speak like this. It is because what I understand you are participating in, is to instruct in a very quiet manner, others who read the Words, to think about the worth of the Words and the reasonability for what They express for others to follow, thus giving to a way of life, more time and an advantage to aid what is good, what is practical, and what helps others feel a more exacting Fact for them to reveal

to others, helping in many ways that nothing else does.

Now, I know some might read These Words, but not see the full worth in Them that I just delivered is possible, but I assure you, whenever you use Words that spread practicality, logic, concern, even hope, you will find These Words used in an abundant manner of progress.

I will close, but as I do, I will make one Remark. Never forget, 'For every good thing you do, you are Blessed by The Holy Trinity.'"

AUGUST 30, 2006 AT 2:20 P.M.

SEVERAL SAINTS

“Yes, there are Three of Us. We decided to gather because of what We were listening being spoken about. It is such a pleasure to be able to hear nice things, good things about someone We love to be with. We call her ‘*the little one*’.

It is sad when We hear lies or jealousies or open commitments to cause an individual to be stymied by the untruth that some speak about because of the jealousy they feel. Jealousy is a sickness, a sadness, and in many ways pleases only the evil one, the enemy of human life.

Today as We listen to all that was being spoken, We did it because We care and We, in Our caring, want all things to be right, satisfactory and based on truth.

You live in a time wherein logic is of a very important status in reputation, in personality, and in who one associates with in a personal, orderly way.

Always remember that as you were created a human being, it was to give you the opportunity to become ‘a Great Saint’, and one day then, live as this Saint for only The Heavenly Father knows how many thousands or millions of years, because no one knows the full length of such time, the time that follows what time you are living in now, and if you look at a figure, it was a long time ago. Is that not so?

Each One of Us that has the opportunity to speak through this *little one* regarding Words that prove a point, or request a point, or follow a point, because We know that there are so many facets of human life that there is not just one purpose for speaking, for thinking, for questioning, or for delivering Words that mean something at a particular time.

There are Several of Us present, and We do enjoy speaking through this *little one* because of her sincerity, her interest, and her desire for all things to be practical, but also pleasing to The Divine.

We will not speak longer at this time, but We thank you for sharing

with Us, in print, what We spoke about with you, because We sincerely care about you also, and We want all things to be beneficial, sincere, honest, and yes, caring for this *little one*. Thank you.”

AUGUST 31, 2006 AT 2:05 P.M.

SEVERAL SAINTS

“There are Several of Us present and We are happy to be here because We understand the importance of time, the worth it is to how human beings use it and live to accomplish so many things, due to the fact that time gives time to allow things to be done that nothing else created would have the privilege to do, because time is a Gift of Divine Love from The Creator of All Things.

Some may not understand These Words, but I assure you They are Words of exactness in means, purpose and reason. First of all, when a human being is born it takes time to develop as a human being to the point that it can be born. Is that not so? And then, when it is allowed to be in an open manner, way, it takes time for it to be able to speak, to walk and to learn many things.

Time is much longer than it appears to be, but I promise you, the time will come and you will face The Creator of All Things. Do not forget

that the time that you live before you talk to The Creator in a human way, you will have the ability, in the time, to be able to say that everything you did during that time was good, was moral, and was hopefully setting the pace for the time you would live another way, in another time of living, of life, but perhaps, when time must end, there is always the Beautiful Goal that awaits the Soul. Remember.”

AUGUST 31, 2006 AT 2:51 P.M.

“There are Several of Us present wherever this *little one* is, due to the fact that the burden she carries is far greater than it is understood to be, when one is given Responsibility that covers many areas of Truths, of personal values that give specific Information to those who need to learn, to participate, and to dwell on what is important psychologically, spiritually, morally, physically.

These Words may be difficult for some to understand, but in many ways They are used many hours of one day, because within These Words there is a consistent or constant communication on subject matter, on differences in how one discerns things to be, or also based on personal opinions of what is best for those who will be associated with what the Words declare to be.

Hours could be spoken because of the importance of what is necessary to be able to handle conditions, values and situations for the benefit of the Souls and the mentalities of human

beings that oftentimes base what they receive on the human acceptance for the benefit of the Souls of who they are, and who others are that are associated with them.

My Words perhaps are different, but certain individuals will understand Them in a manner and way, because they have the background of subjects, thus being able to discern the full meaning that in many ways, makes situations and/or conditions more feasible.”
