PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

**All Revelations are delivered
spontaneously and continuously
as witnessed by all those present
at the time.**

OUR HEAVENLY FATHER
MANY SAINTS

“What I am about to speak you might smile at. *The little one* asked Me not to talk because of how she feels in regards to her communication and My Communication with Each Other.

So much is available to human beings of all ages regarding important issues, conditions, values, purposes, and the importance of understanding the Wording that can give strength, logic, and in many ways save the Souls of those who use the Words in a very purposeful manner.

Many of Us are present many times with this *little one*, because We are aware of everything she thinks, she speaks, she does, whether she is alone or with others at different times.

When a human being is created, there are so many steps to learning, to following, and to being able to understand more in-depth language regarding subjects, sometimes new in number to the individual hearing what the subjects are requested to fulfill

morally, mentally, psychologically, scientifically even.

As We talk through this *little one* and We know Our Words will be taken and put into script, it is a joy to Us, but We All know what it is to her, because she would rather We spoke directly to you and not use her for the transition of Words to be heard.

You live in a time where there is much progress in many, many areas of many things. Conversation has progressed, literature has progressed, sensitivity has progressed, and children have progressed in how they learn and how they want to commit to certain areas of human life, and then when they see those who are older than they, it gives them more purpose, more strength, more advantage, and more desire.

Some may say, ‘Why do I speak the way I am speaking?’ It is because there are so many facets of living the life of a human being. There is not just one road to walk, one path to take, certain words only committed to a few. There are avenues, and there are offices, and are paths inconceivable in number, and that is why it is difficult

to follow sometimes a new path, a new idea, a new road, but always ask for Divine Aid when you reach this point. Ask and you shall receive. We promise you that.

Some may wonder why Words would be like They have been since I walked into this room. It is because there is so much going on throughout the world, and those who are of the state of understandability, they have more things to follow, to understand more innately for the sake, first of all, their position in life, but do not forget, it is also for the sake of their Souls.

We will close now, but as We do, We say, ‘For everything that you promise to serve in the right way, you will be blessed, because that is The Father’s Rule.’”

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

We are All always so happy when you deliberately speak Our Names, and certain facts about Us when you are with other people. It is so nice to hear good reports and a sense of close association that you speak of, as being close to Us, available to Us, even happy to be with Us.

In the History of human living, human life had so many beautiful things occur, thus including what human life would have the advantage of understanding many more things that they would be capable of being part of, such as certain grounds that people live on, walk on, plant certain things on, even run on for exercise.

Every portion of human life on this beautiful world everyone lives on, is a Gift far greater than it is talked about to be, because so much is taken for granted, but We Here in the Heavens smile when certain individuals find what they are capable of using and what they are doing in other areas

wherein so much is available that gives happiness, security, and fulfills the mood of wanting to do other things, too numerous to mention now, but We will later.

Our enjoyment of being present when so much is being accomplished is a pleasure far beyond what We could describe it to be, because with so much available, it gives Us the interest, the caring, and also the desire to do all We can to support, to aid, to share every facet We can with human lives that We are close to just in a physical way.

I could speak hours, All of Us could, but We wanted to let you know you have given Us happiness in so many ways by just sharing with Us, day or night, whichever you choose.”

SEPTEMBER 5, 2006 AT 12:24 P.M.

SEVERAL SAINTS

“There are Several of Us present, but there always is where this *little one* is. In so many ways, she has been given an unlimited amount of terminology so that when certain times are available to those with her, she is able to discern what she is to speak in their midst.

When We see any kind of dissension toward her, We stop all things, because she does not deserve any ugliness or insincerity or lack of understanding. My Words bother her, but They are Words that We have attached to her for the benefits she is capable of not just discerning, but allowing to be put into print.

Throughout the world there is such a great need for a Gift of This Measure, This Intention, and This Concept of what is proper, what is decent, what gives to human living, understanding and hope and perseverance, and of course, all based on the love for The Divine.

We will speak more, but We called upon this time with you today,

because there is so much that human beings of all ages should see the value of and the necessity for, but so many try to think of it in terms suitable to them, ignoring the importance of them. We All beseech you to remember this Statement, because it is based on Divine Love.”

SEPTEMBER 5, 2006 AT 12:42 P.M.

“There are more than Seven of Us present, because We are All so pleased with the way This Gift of The Father’s Love is in so many ways taken care of respectfully and caringly.

You live in a time wherein there are thousands of human beings who, though they believe in the Spiritual Portion of so much that is delivered, they still sometimes question, ‘Why?’

Each day from now on, you will find that it is important to instill in some you know that there are things within the Spiritual Source that they would be welcome in.

So much has diminished in communication, not just between human beings, but the Church and human beings, even though it looks different than this Statement speaks.

I will close, but as I do, it is to alert you to the fact that one of the greatest Gifts a human being can see for its worth, is to be created a human being and know that there are Rules to

live by, but The Rules are to help the Souls be returned to The Creator of All Things, and to live on in a Manner and Way, Where Spiritual Love of The Divine is evident and in many ways, a Blessing beyond what a Blessing can be discerned about, with, for, or in.”

SEPTEMBER 5, 2006 AT 1:19 P.M.

SEVERAL SAINTS

“There are Several of Us present because of the importance of what We would like you to participate in the help of.

It is so important that individuals, when they become ill, ask friends or neighbors or even strangers to say certain prayers, because oftentimes it is so difficult to comprehend how serious a condition is when you are the victim of it, and know no reason for it that you can associate with.

Throughout the world this happens thousands of times every day, and sometimes there is very little sentiment or concern or availability to help, at least some help when it is serious in particular ways.

You may ask why I would speak this way. It sounds so dreadful, and as though it is of desperate terms. Yes, it can be this way, because oftentimes when something happens to the body, any portion of it, it is such a shock and there is inability to understand why it happened, or the need to help

it get cured or straightened or aided in some way.

As I speak These Words, I also think of other things that might help those who are approached with sudden fears, such as the ones mentioned.

Always remember, you have the availability to request help to Many Saints in the Heavens, and the first thing you should do is to relax in every way you can, so you can be able to put the words in the right concept, the right order, and yes, with the background of how you speak in a manner of respect, but sincerity to the minutest detail.

Today as I say These Words, *the little one* I use happens to know about more than one communication she had with Me on this day regarding people she knew that needed aid, needed help, needed someone in a different degree of purpose than I speak of now, but it has to be done in a mindful order, always asking The Heavenly Ones to please help order come where it is needed, and the degree it is going to be helpful. So many individuals daily need the help of prayer, need the help

of hope, and yes, the help to wipe out despair.

You may wonder why I would speak this way in such a formal manner, but Many of Us Here in the Heavens see so much of this occurring, and it is sad for Us to say, ‘We cannot help everyone who needs help, but prayer is a definite force, source, means, way to communicate with The Saints, because The Saints are always there.’

Remember, to be the way we were created is a Blessing unto itself, and to remember to honor Saints helps us in many ways, because it reminds The Saints that we depend upon Them to give us the aid that we need, and we assure Them of the love we have for Them.”

SEPTEMBER 6, 2006 AT 11:46 A.M.

“There are Several of Us present. We are always so happy when We know this *little one* is available to listening to Us so We can speak Words, not to accommodate but to enjoy the relationship We have with those who read what We speak about. This is a Blessing unbelievable to some, but it is Fact.

Children, in learning how to put print into a script is a wonderful thing to occur, because it gives them that option at a time when it aids their manner of thinking, or telling what is available to be spoken that is necessary for others to know about, or to hear.

I know I speak differently at this time, but I do it because I want you who take My Words to understand that when subject matter is delivered through Divine Love, Divine Will, Divine Intercession, it is not like when you speak it personally.

So as I leave you now, I say, ‘Thank you for being a part of Our

Communication with you, because it gives Us happiness, hope, understanding, and a degree of Love for The Divine.’”

SEPTEMBER 6, 2006 AT 12:33 P.M.

SEVERAL SAINTS

“There are Several of Us present, because We are sincerely interested and caring about those who dedicate much attention to The Divine.

Throughout the world there are so many people, of all ages, who do not really understand the full measure of importance that it is for human beings to deal regarding using Spiritual words in what they are hoping to accomplish, hoping to dwell on and hoping to be part of.

All of Us Here in the Heavens want so much for all human lives to realize they are not alone in the world. There are Many of Us always present, ready to aid, to be concerned and to care, because We know that in the human manner of living, all things are not easy to adjust to, but many, many of them have a purpose different than would ordinarily be thought about.

Do not forget, in the creation of what The Saints are, human life has an advantage, but human life also has the ability to lean upon, and to learn

from and about The Saints, because The Saints, in Their Manner of Life, are accustomed to obedience to Divine Will, Divine Love, Divine Hope; and never forget, Divine Perseverance is strengthening to the Soul of those who depend upon this Gift for courage, and for purpose.

As Several of Us close These Words, We say: ‘Never omit the fact that We are always available to you. You cannot hear Us, but We definitely can hear you.’”

SEPTEMBER 6, 2006 AT 1:11 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

I come at this time because I understand your distress regarding those human lives that you care about, that you feel close to and responsible for to a degree that gives to your association a commitment of understanding, and a commitment of wanting to serve when it is needed.

As I speak to you on this day, I speak to you because of the importance in how you walk in the human way, and the responsibilities you are aware of because you are a human being, but also because of the time, your future time that you have until the time comes and you return to Heaven and be called ‘a Saint’.

There are so many beautiful things in the Gift of human life, not always seen or understood as they are, but eventually they are recognized with a love, human by nature, but Divine by what occurs to them, in them, for them.

The Gift of human life is a Gift of greatness, because it has a Goal for That Portion of human life, the Soul, but the Soul is more than It is thought to be. The Soul is That Portion of life that so much indelibly is placed in It by The Holy Trinity.

Always remember, just to be created a human being is a Gift of Divine Love from The Holy Trinity, but also from a Source Greater than you know It to be.

You are Blessed abundantly, and be thankful for this, because in this Gift, there is strength to endure, strength to understand and strength to be able to comply with Divine Will that is Holy.”

SEPTEMBER 6, 2006 AT 1:47 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have come because this *little one* has been very accommodating to so Many Here in the Heavens, and Everyone appreciates her time with Them, because it is something that she bases so much interest on, and that is to be honest, truthful, sincere, and able to speak Words that are happy for her to say and for others to hear.

You live in a time wherein so much is being experienced by all ages of human life. This does not mean that everyone has the right understanding, the right interest, or the right mentality that makes them all positively even, correct, and available for the same words.

So many times in one day, human beings have the chance to speak to others on logical matters, means, conditions and values. Ask yourself, ‘Do you always think this way, or do you respond by a relaxed motivation in how you feel you are expected to be?’

I know These Words are not like you are used to hearing, but they are conditions you live with and you are much a part of, with others like yourself.

You may wonder why I would speak on this subject. It is because so many times there is time for a wonderful communication to be used, but sometimes individuals ignore this fact and become very reluctant to use their mentalities to express important things that would please someone else.

I know to some this is not an important Statement, but I assure you, it is basically important to understand that conversation is sometimes the link between good friends, or others who do not have the intellect or interest to be understood in what they think, speak and do.”

SEPTEMBER 7, 2006 AT 11:40 A.M.

MANY SAINTS

“There are Many of Us present with this *little one* because of the importance in what We would like to talk to you about.

It is a privilege to be created a human being, because in this Gift of Divine Love, everyone created in this manner has the chance, the ability, the right, and the Gift to one day return to a Place called ‘Heaven’. It is not exactly like you would expect It to be, but one of the things that is such a delight is that everyone who enters the Kingdom is so pleased, so thankful, so gracious, that words are not enough to describe the Love of The Divine that is transmitted to everyone who walks that beautiful line.

***The little one* We use to speak These Words is many times a victim of the Power We must use to transmit to others, Words that they would never receive if it was not for her.**

Some may say, ‘Why not someone else?’ We say: ‘Because We approached her a long time ago, and she accepted

the Responsibility without one word of greed, without one word of concern, only hopeful that she could understand All the Gifts that The Holy Trinity would want submitted, committed, bestowed, and yes, seen, heard, followed, for the Love that was within This Gift that is not fully comprehended by the human mentality.'

We hold her rather tightly, because her small body needs the strength to endure perseverance in the field of submission to Divine Will. Always know that when We talk through her, it is to enlighten everyone present to more fully understand the privilege of Communication they are gifted with because of the presence of their Soul, or I should say, Souls that await a Gift such as This is, because the Souls are helped in ways never told.

I will ask two people present to help this *little one* bend her body so she may sit in a chair close by and hear the Words We pass through her for the sake of Souls."

SEPTEMBER 7, 2006 AT 1:47 P.M.

SAINT TERESA OF AVILA
MANY SAINTS

“I am Saint Teresa of Avila.

I smile when I speak through this *little one*, because All of Us Here in the Heavens respond when We know she is forced to face concern for conditions, situations, or financial blows.

In the Heavens Here, We hear of so many things, and are aware of so many more things that We do not hear about, because Our Love for human nature, human lives, is greater than It is understood to be. Do not forget, We, too, walked the path that so many today are walking, concerned for The Heavenly Father, love for The Holy Trinity, and wanting to serve the proper way on everyone that is accountable in these places. Some say, ‘You should have said “are accountable”.’ We smile at this, because We oftentimes use a Word to draw attention.

Each day that you walk the hill, or We should say the hills where you are, We see you, and sometimes We direct you to one that you did not

think of walking on or for, and We All enjoy Our time with you, because your time is of such great importance, due to the fact that Souls could be saved through those who love what you are doing, and their Souls are so grateful for being able to be part of a Situation of This Major Love for The Divine, and also love for the Souls of others that they do not even know.

As We close, All of Us smile and say, ‘Never forget, We are always available every moment of every day.’”

SEPTEMBER 7, 2006 AT 2:39 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

It is with so much Divine Love that We address this *little one's* speaking with you, because as you communicate with each other, it draws Our attention to what you speak about and the conditions that help you enjoy what it is to be human and what it is to have friends in the same way of life you are.

You live in a time when there is so much confusion, also because so many men, women and children try very hard to test certain ways of doing things, but do not always find the path or the reasonability or the value of things they did not practice before, and they are trying now.

To be created a human being is a Gift far greater than it is understood to be, because so much an individual is accountable for that is new to them, and sometimes not yet reasonable. It is so important that each one who is able to become aware of things that are enjoyable, and of course, things

that are important, but also who they are dealing with, why and how, because the human mentality has the ability to be able to not just confront, but participate in methods, degrees of speech, and of association with others who enjoy communication in a formal way, or in a way that allows all sides to be able to speak on subjects interesting and comfortable.

I know very often when what We deliver in the form We are delivering so much in, it is not always the subject matter that is anticipated, but We do it in a way to help those who listen to more fully understand the Precious Gift of Love of The Divine that helps a human being think, and use what they find suitable to the situation or generation or association.

I will close, because there is so much to be spoken on a subject of this measure, this association, this communication.”

SEPTEMBER 8, 2006 AT 12:54 P.M.

SEVERAL SAINTS

“There are Several of Us present because the Importance of this *particular little one* that so Many of Us listen to, even in her personal life, because she addresses the subjects and the matters and the deals and the considerations and the motives on so many areas wherein so much of important information can be looked upon, looked into, looked for, and addressed in the proper manner of not just communication, but aiding all the Words to be fulfilled in the proper time necessary.

We know We speak differently, and sometimes rapidly, but it is the way, the condition of This Type of Communication had to be set up for, because of the listening to what one cannot hear, and the speaking from Those Who have the Information of importance.

As I close, I say, ‘*God bless you* for your participation in This Gift that covers so many things, not always recognized as important, but

definitely a complete coverage of All that is covered, has a service in It unbelievable.'

Thank you for taking Our Words."

SEPTEMBER 8, 2006 AT 1:38 P.M.

SEVERAL SAINTS

“There are Several of Us present wherever this *little one* is because of the importance of the Tasks she has been handed to give and to help correct.

We are speaking this way because of what We hear you say, or you have said in the last half hour or so.

Each day of human life is a Gift greater than anything could be, because it is a step closer to one day living in The Divine and surrounded by The Holy Trinity. It is so difficult sometimes for some individuals to comprehend a Gift of This Measure by Divine Plan.

Today, as We have heard you speak, it is a sadness to All of Us, because even if We were in the human form, human living way, We would not do something that We felt was not what The Heavenly Father would want Us to do, to think or say, because there is a system, there is a manner of coordination that dwells on what

is spiritually correct, spiritually safe. Remember this.

Never allow yourself to be cast aside or drawn from or used wrongly. Always remember that as you live each day you have a time to look forward to, and that is to return to Heaven and be called ‘a Saint’. Never stop thinking that, because it is a Fact. That is how It was designed to be. I beseech you from the Heavens, remember that.”

SEPTEMBER 8, 2006 AT 2:05 P.M.

SEVERAL SAINTS

“There are Several of Us present because of how We feel about this communication you have with *one* like yourselves, but there is always something to be thought about that is important for perhaps the Soul, or for some condition or situation that would be important in many ways.

We All enjoy This Gift that you have accepted in such a personal way, because It gives Us the opportunity to associate with you in Our Way, and how We have been assigned to speak on conditions or situations or other things.

It is a pleasure to know all of you, and We thank The Heavenly Father for giving Us the ability, and also the direction to use what you have accepted from Us, because it helps Us speak on certain things that We enjoy telling you about.

Thank you from the bottom of Our Hearts and thank you for your time that you spend with Us.”

SEPTEMBER 8, 2006 AT 2:31 P.M.

SEVERAL SAINTS

“There are Several of Us present. We are always happy to be where this *little one* is, because there are always times that We see things occurring around her that are so beneficial to many things, especially to what human beings are interested in, caring for, and feasible to be a great part of.

The reason I have requested to put These into print, what We see and what We know, it is to help those that are with her so much of the time to better understand that sometimes her silence speaks. Sometimes, in many ways, she will request time to be alone. These are always telling Us Here in the Heavens that she is in communication with some individuals that she does not want to remark about their names or what positions they play in The Divine Way.”

SEPTEMBER 8, 2006 AT 3:00 P.M.

SEVERAL SAINTS

“We All smile at this *little one*, because she is very conscientious when it comes to whether We will finish what We have started to speak to her about, and/or will It be put into print for many, many others to read about?

Time is one of the greatest Gifts given to human life, because time allows so much to be accomplished, but also to be learned about, also the privilege to use time for the benefits it was designed for, and that is to one day become ‘a Saint’.

Never forget that every day one lives, and every day an individual is in many ways challenged for what is right over wrong, good over evil, practical over impractical, just over unjust, this happens more times than it is perceived to be, because the average mentality does not see how many times this condition or situation arises, due to the fact that they in many ways feel at home when they are being spoken to by Divine Will, Divine Love.

Today is a beautiful day, because there were many things We were able to give to those present. Today We thank them for their communication with Us, because it gives Us the time to thank them personally.

So as We close, We say to all others who may read These Words, 'Always remember, to be created a human being is a Gift far greater than the human mind understands it to be, because in the human birth, there are many things that the child must learn; but then, as the child learns, there are many practical things awaiting the child to be able to produce progress and many good events, facts, and personal communications.'

Thank you for taking My Words. It is a pleasure for Me to be able to put Them into print."

SEPTEMBER 11, 2006 AT 11:22 A.M.

“There are Several of Us present because We truly enjoy partaking in a request of this nature and this love for The Creator of All Things. Many years ago it was announced regarding the Importance of this Gift that hands to a human being a Small Wafer, but this Wafer is different than you know a piece of bread to be. It is Blessed by The Holy Trinity because of What It represents that gives to each human being receiving It a Gift of Divine Love, sharing with a human being the respect, the knowledge, and the unification of understanding that takes place at a time like this.

The sign of belief and the sign of love for The Divine always radiate when a Host of This Measure, This Kind, is Blessed for the purpose It was created, and that the one in whom It is placed is granted a Gift of Love of The Divine for sharing with Them not just a suggestion, but an obvious Fact, because of how It is surrounded in Its preparation, Its meaning and Its purpose.

I will close at this time, but as I do I am privileged to be with you, because of The Gift that is so important for your physical and for your Soul. Remember this.”

SEPTEMBER 11, 2006 AT 11:46 A.M.

OUR HEAVENLY FATHER

“I smile as I enter where you are, because this *little one* I use for so many things, and in so many ways, did not feel she was going to speak to you as soon as she walked in.

There are so many things I would like to speak out loud upon because of the importance of them, and there are so many things that I would like to discuss with you because of the importance they are to the Soul that you are the bearer of, the custodian of.

You live in a time wherein there are so many advantages to the human side of life, whereby and wherein so much is recommended by those in the world to help you enjoy more, or to use more things, or to find a different manner, degree, way of life, living the human way more openly, spreading it in more directions and using it in ways and degrees you have not before.

I know I speak differently through this *little one*, but times cause this, the days in different ways cause

this, encourage it, and make it logical, noticeable, and give to the individuals hearing It, some new ideas on how they will face certain conditions or situations that could be happier for them to follow, or opposite of this, less happy, and then direction could be changed.

I know My speaking like I do may seem difficult to you, but it is My Love for you that tries to awaken the value of being a human being, and the advantages or possibly disadvantages you are accountable for, in what you follow in your manner of living.

Never forget, though, you are Loved more than you understand love to be, because as you walk in the human way, you are never without The Holy Trinity, you are never without a Blessing from The Creator of All Things.”

SEPTEMBER 11, 2006 AT 12:06 P.M.

“As you are politely requested to speak Words I want others to know, it is important that All things I deliver be recorded because of the necessity for others to understand the value of learning things from Those of Us Here with you, because it leaves within them the logic, and also the truth that is important in every human being in how they speak, how they act, and how they entrust their way of life, thus acting in ways that others could follow them, imitate them, and learn a lot from them.

I will close because there are so many things that We Here in the Heavens want you to be aware of, because of the Importance of what human life was created for, and also, That Portion of you called ‘the Soul’. The Soul pleads with Us many times to introduce something that will appeal and give them more of a manner or way of doing things that they feel they have or had.

God bless all who take My Words, because My Words are to give hope, but also to wipe out despair. Remember this: God loves you.”

SEPTEMBER 11, 2006 AT 12:42 P.M.

“In the first Creations of human life, so much had to be studied and much concern had to be used, because of the importance of so many areas wherein danger could be more evident to the human being, the human way of life. That is why so much had to be valued in different measures and forms of consideration in how to be accomplished.

I speak differently, I know. There are so many human beings capable of doing so much, and yet their personalities and their natures and their considerations are cast aside, thus ignoring any values they could use that would be identified as Gifts greater than individuals could ever see before this time.

We hold *the little one* tightly, because as she was drawn to Our Words, she went indepthly in the viewing of what We were putting before her. She is ever conscious of all the facets that are needed to be able to correct something, or to help something live a

longer life, someone perhaps that no one would expect to live.

We hold her up, because she was actually bending down to one **We** put before her who is very ill. She cannot bear to not help physically, mentally, morally, psychologically, humanly, when she sees someone in need of anything she sees feasible to be taken care of.

There are many human beings that never respond like this. They use excuses that are fraudulent in so many ways, only because they do not want to take on the responsibility of service in any way, any degree, for any purpose, any time.

The little one **We** use is available twenty-four hours a day, always has been, and **We** are pretty sure always will be, as long as she has the strength or the reasonability or the logic or the means. She is a little upset with **Those of Us** present, because she does not like her name used. **We** said, 'All right, **We** will stop it.' She says, 'But **You** are late, and I do not like it.'

We love her because of her sincerity, but her innate desire to please everyone. She is showing **Us** by her mentality something she saw in

the last night. She said, ‘Why did this occur?’ It was a small child and it was put on what is called ‘a respirator’, and she had to watch it for a long time.

Now that We have told you about her, We smile when We say Our next Words. We love her and We would not want to be without her, because of her love for many things that are never even concerned. We are holding her tightly, because the weight of Our Presence is very hard on her. It is difficult for her to hold her head up, her body straight.

So, as We close We will say: ‘Never forget, you were created for a High Goal to return to The Creator and become “a Saint”. Don’t ever walk away from that Beautiful Gift that you were chosen for, and always remember, God and The Heavenly Mother love you.’”

SEPTEMBER 11, 2006 AT 1:19 P.M.

“There are Three of Us.

The little one said, ‘Are there Three of You?’ and We All smiled and said, ‘Yes.’ That pleased her, because she was trying to count how Many We were in front of her.

A Gift of This Measure, for All of Us, is a Treasure because Communication such as This is, is not logical to the ears and the mentalities of people, but It is used sometimes in such different ways. It is used to allow the Communication resolve some important questions, but also to encourage communication as a means of learning more about things that occur, unseen but evidently present by certain situations, conditions and sensitivities that are natural to the human body.

So many human beings want so much to find conditions such as these are, because of the unique insight that is many times apparent just through one’s senses but is never really finalized in any way.

Some who hear These Words may feel or think this is not good conversation for the mind, but remember one thing: It is sometimes a great aid to the Soul, because the Soul shows evidence in certain ways in life that when the Soul is pleased with something, It radiates in the mentality in the one in whom the Soul is present, and always remember, God is always present no matter where you are or who you are.”

SEPTEMBER 11, 2006 AT 1:50 P.M.

“We are always with this *little one* because of the values she has made known for a very long time.

You live in a time wherein there is much confusion based on indecisions and erratic understandings of what is feasible over what is unfeasible, what is just over what is unjust, and what is truth over what is untruth. You have heard These Words before, but it is good sometimes to remember Them and openly speak Them to remind your mentality that each time you speak, you want things to be of the utmost importance, or very informative on issues that are not really good for the Souls of human beings.

I know I speak differently, but it is being done, I am sure, to awaken some mentalities to the importance of Words.

I will close, but I assure you I am many times very close, because it is important for Many of Us Saints Here in the Heavens to be aware of decisions that are important, facts

that are necessary and important, and truths that in many ways affect Souls.

God loves you and We All love you, because the Souls that We are within to speak the Words to be passed through, are Souls that were given High Standards of Divine Love from The Holy Trinity.”

SEPTEMBER 11, 2006 AT 2:20 P.M.

They said there are Six present.

“We are always happy when the time comes and We are included in what you recognize as a subject matter that is not just efficient, but could be welcomed to many, many people to read and to see the importance of what It is structured to talk about.

There are always so many important subjects that human beings have the abilities to see as being conducive to aiding or correcting or fulfilling or submitting a Message to be seen for the worth It is, the value It is, and what a great Gift it would be if It was given in the right way to one or more human beings.

You may ask why I would speak this way. My answer to this would be: There are always times when clarification of a subject is not just needed but necessary, because the subject could be something very important or protective, or on a meaning that could aid someone just

in the hearing of it, and not one of a group that usually are together.

Today as I speak These Words, I feel They are very important, because human beings have so many advantages that they do not always recognize at the time that they should be, but it is a privilege, an honor, and truly there should be a thanksgiving for what the mentality has the capacity to be successful in.

I am going to say, ‘Thank you for taking My Words, because I feel that what I have just spoken has many more abilities to help some people than they would even think about.’”

SEPTEMBER 12, 2006 AT 11:53 A.M.

OUR HEAVENLY FATHER

“I send this *little one* to speak My Words, though They may be difficult for some to understand or even believe, but sometimes when I use one such as she, I say more than I would if the Words just walked away freely.

When children are created, it is a Gift of Divine Love, because Here in the Heavens it is important because every human being is the custodian of what is called ‘a Soul’. The Soul is Blessed abundantly, because the Soul is That Portion of human life that gives to human life many talents, and yes, much information on the Purpose for which human life was created, the Reason for it, the Love in it, and definitely the Hope that will one day be obvious, and be seen for how close It is to Something Higher than the human form, human way.

I hold *the little one* tightly because she never knows what I am going to say or even consider saying. She waits for Me and I smile at this, because a long time ago she offered

her life to Me not knowing I would use it as I saw it necessary, or helpful, or strengthening, or important for the Souls of other human beings to learn from.

She does not know what I am doing to her because, if she did, she would fear it in a bigger way than you could ever think it to be. She says to Me, ‘Stop!’ I tell her I will, but I do this to remind all of you: Every circle you make in life is important, and your strength in it can be the greatest guideline for the Importance of your Soul that is the recipient of all you think, say and do.

My Words are Important, because you see, every human life created is Important to The Holy Trinity.”

SEPTEMBER 12, 2006 AT 12:41 P.M.

“There are Several of Us present because of the importance that is far different than It is discerned to be by those who surround It and those who hear of It and those who desire to be part of It.

There are many things in life that are based on importance. Very often these things can be abused more than things that are less important, because when one is called ‘important’, it draws more attention that is not always logical, sensible, or fully approved by major sources.

I know My Words are different, because there are so many more to be able to speak, describing what importance in the way of merchandise, financial means or conditions of one’s personality, nature, or how they speak to others regarding financial conditions.

I could speak hours on what the word ‘importance’ can apply to, because it is a word that can be very much lax in what the individuals are

referring to. The reason I say These Words is because so many times there is much disappointment after one thrives on feeling a condition or a situation or a fact or an initiative or anything that is attractive, because the word 'importance' does not always register in high regard personally.

The word does not tell itself anything. The word is something that the human mentality looks for, looks to, looks upon, and very often desires. The word 'importance' covers many, or I should say, various parts of human life, every word that is spoken; but the list is endless, I assure you.

I am going to close because the word 'importance' sometimes is so stifling, and yet it draws some individuals to not think logically. Please remember what I have spoken."

SEPTEMBER 12, 2006 AT 1:03 P.M.

MANY SAINTS

“There are so Many of Us Here in the Heavens and We are always happy to communicate with those upon the earth who feel close to Us and definitely aware of Our Patience and Where We are.

There are so many things to look forward to when a human being is created, because to be created is a Gift beyond what is the natural Gift of Divine Love to be.

So many times when a child asks for a new mommy or a new daddy or a new aunt or a new uncle, it is great sadness to Us because We know the conditions, and We Will so much to be happiness, not always negativism or asking for something more than they really could handle. These Words may not sound simple, but We are very acquainted with Them in many ways.

To be a human being is definitely a Gift of Divine Love; also, all the Gifts of this way of living, when looked at, it is logical to see The Creator was very generous in this Gift that covers

so many things for an individual to be part of, to practice doing, that gives to human living many happinesses, many joys and many associations with other human beings.

I know We speak differently at this time, but We are always aware of those who are yet in the living state, and We want you to know that We do care and We are working in Our Way to follow only the Will of The Creator, because of the necessity that human life is involved in and thankful for.

Everything is different I know. You didn't expect Us to speak like this but thank you for listening, and We thank The Lord for being present when you speak your words at a given time, a given way."

SEPTEMBER 12, 2006 AT 1:55 P.M.

SEVERAL SAINTS

“There are Several of Us wherever this *little one* is, because a long time ago, We assigned her to several Tasks. She is not aware of all of them, because they are difficult ones that We use her for and she is aware at that point it was different.

I know how I speak may not sound feasible to those present, but I assure you, We are always on this *little one's* side for anything to be accepted, because We know how she thinks, acts, works, and delivers what is obviously correct to be known.

You live in a world, or I should say, on the world in which so much envy, and also thousands of different opinions that are not always compatible to what is occurring. Some individuals are very impractical or indifferent, or many times jealous when someone like this *little one* is issued a time and a place to be that is called ‘important’.

There are so Many of Us Saints that stand by continuously because of the importance of Words that can mean

many things. Words to the human mentality and all ages of human beings is a great Gift of Divine Love, but it also is important in how it is used on subjects of different degrees, different points of view, different commitments morally, mentally, psychologically, physically.

Some who take These Words may wonder why We would talk this way. It is because in the living world, there are so many subjects or conditions or facts or gatherings of different types of human beings, that it is important to be aware of numerous things that could be occurring, could be being allowed to offset conditions for some reason or other.

Many of Us Here in the Heavens want so much for those who believe in The Holy Trinity and those who are dedicated to the importance of being in a life state that has many responsibilities. We want you to know We love you and We care, and We are present many times, but always remember, when you are in doubt, say a prayer and ask The Heavenly Father to bless you. He will without question. You can be assured of that.”

SEPTEMBER 13, 2006 AT 11:22 A.M.

“There are always Many of Us present wherever this *little one* is, because she is Our Link because of many ages that We want to be known that We exist. It is Our Love of The Divine that gives Us the strength to use time in service to The Creator any time.

So much occurs in one moment when the Gift of Divine Love is placed where It was designed to be, into the mouth, and be able to be put into the whole system, thus giving to the one who received It, a reasonable time to remember where this Gift is placed, and is worthy of, from The Holy Trinity.

I could speak hours on the Importance of an Act of This Measure, because of the Importance that It exists for, in, and how.

Thank you for the privilege of being Part of a Gift of This Way, because it stresses even more, the Importance of Divine Love.”

SEPTEMBER 13, 2006 AT 11:50 A.M.

“There are so many reasons and so many purposes for the Will of The Creator, due to the fact that the importance of everything suggested, performed, dictated, or even realized, is of Divine Will for the Souls of millions of human beings.

We speak through *one small voice* with Words, unreasonable to some because of the importance of Them, the purpose for Them, the value in Them, and the courage it takes to speak Them for the benefit of Souls of many other people.

You live in a time wherein there is so much and so many indications of invalid understandability, invalid truths that give to some individuals an excuse for everything they do, or I should say, everything they want to do.

We use this *little one* to repeat Words of deep importance because of the Importance of Souls that need This Help, and need the one in whom They are to more better understand, more

fully understand, the full measure of what is meant, the reason for it.

The list is endless, because in the Creation of human life, so much had to be considered for the sake of those being created. So much came slowly, but it came firmly, and with dignity, knowledge, hope, and love for The Divine, because in this Creation, Divine Love was present all the time, and still is present all the time but it is not seen by the human eye, but this should not make individuals not understand that a Gift of This Greatness has to be of Divine Plan.

We will close now, because it is important that this *little one* be let down easily for what We forced her to speak on that is not easily thought of in one's own mind, because It is too important in reality, and in what It wants human beings to understand."

SEPTEMBER 13, 2006 AT 12:19 P.M.

“There are Several of Us present, and We All smile when We say this *little one* The Father has chosen is always insistent on the fact We pray We should do what The Father Wills Us to do. We are always so happy to hear her say it, because of the sincerity in it and the indifference she has to certain things that are so logical to be in, considerate of.

My Words are not always clear to those of you who write Them, because Our manner of speaking is somewhat different than yours, but We come on this day to thank you for how this *little one* accepts what We enjoy her to do. The Father enjoys every time she speaks and so do We, but her wanting to be not seen is evident in more ways than it is understood to be.

We say All These Words to help you, those who are close to her in a physical way, but always remember, The Heavenly Father is The Giver of benefits that nothing else like This is.

Thank you.”

SEPTEMBER 13, 2006 AT 1:00 P.M.

“It is with much happiness We greet you today. There are so many things We would like to discuss in a personal way.

You live in a time wherein there are so many individuals of all ages that need to know just what they should practice for the good of their Soul.

To some who hear These Words, they would be surprised, but We All assure you that Information of this dimension, for this purpose, is welcomed a thousandfold. All ages of human beings should always be aware of what their bodies need: help or repair.

Today is such a nice day to be able to deliver These Words of importance, because so many times individuals of all ages do not always think of the importance in how they live.

When a child is born to the world, it takes those in the living state to take care of this little one. The protection is very necessary, but then protection

is always necessary because of how you live, how you work, and how you associate with others like yourself.

These Words may be odd for some to understand, but They are important Words just because They open up other words to make individuals remember that there is always a time to take care.”

SEPTEMBER 14, 2006 AT 8:38 A.M.

OUR HEAVENLY FATHER

“I am always happy when I am able to assist those here where you are, on this very Special Gift of Divine Love and that is to give to you, those who are present, not just a sign, but the Physical Portion of This Gift that is Blessed by The Divine.

Throughout the world there are millions of human beings that need the aid, the help of What you receive, but so many are not spoken to about This Gift that gives strength, hope, and a Communication of Divine Love from The Holy Trinity, based on What The Holy Trinity is all about.

We speak through *one small voice* and she is always amazed at what We say, but she is Our Communication that is verbal and We love her for it, and We dearly love all those who participate.”

SEPTEMBER 14, 2006 AT 11:33 A.M.

“This *little one* is often available for any Communication that is shown by Who she is more with, than those present. Many of Us find it so important to communicate through her, with her, from her, when the Information has a purpose in It that is, and/or will be helpful to anyone who reads It or hears It spoken.

There are so many advantages available to those who trust in The Holy Trinity because of the readiness that is consistent and constant; spiritually available for those who just think lightly on a subject that would be available for those present to learn from and/or about, thus helping one or more present to learn some in-depth Direction or Wording that will give strength to the Spiritual concern, method, or communication regarding Divine Attention.”

SEPTEMBER 14, 2006 AT 1:14 P.M.

“Yes, there are Several of Us present. We All smile at this *little one* who, each time We decide to be with her, and of course, you also, she always wonders how Many of Us there are. We always do not tell her the exact Amount, because it staggers her imagination to think that there are that Many available to watch over or to protect or to guide or to instill, or also to adopt a situation that is above and beyond what the normal human being understands the Wording to be, because We use Wording similar to who those present speak.

This Gift, that has been passed on through this *little one*, is far more in-depth, far more important, and deals with sincere love for The Holy Trinity.

Always remember, each day of one’s life is a Gift of Divine Love because it allows the human side of living to utilize every Gift that has been instilled from Above.

I will close, but as I do, I think you should know: There are Several always present because of This Gift that allows many others to know Our Presence is available, Our Presence is evident, and We sincerely love all of you.”

SEPTEMBER 14, 2006 AT 1:42 P.M.

SEVERAL SAINTS

“We are always so happy when We request this *little one* if We can be given the time to use so that We may say a few Words that We feel will be beneficial in some way, but also, help certain conditions or situations that will alter any wrongs or misgivings or other things that could be a disadvantage to the burden you all carry in walking the path you have been requested to walk.

We find Our time with all of you pleasant in every way, and it is wonderful to know that We have the privilege to put into script things you all say. Our Responsibilities are important, because They have the honor, the privilege, and the dignity to support what is correct, what is feasible, what is justifiable, and what will, at some time, support Truth to Its fullest, in Its fullest measure.

We come at this time to thank all of you for helping Us in Our Work that will one day prove to be important in ways even We were not sure of,

because there are so many reasons for Our participation in aiding what is beneficial for the Souls of millions of human beings.”

SEPTEMBER 14, 2006 AT 2:18 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

I have requested this time with you today because I feel it essential that certain things be discussed, or at least mentioned openly.

You live in a time wherein there is so much dissension and a lot of curiosity, believe it or not. Curiosity is oftentimes the means that people use to hear wrong conditions, situations, or even considerations regarding a subject that, by sound use, would not mean what they want it to mean.

My Words are sometimes angry Words, only because Those of Us Here do not like to hear the reasons for the words, because they are crude, rude, unjustifiable, and oftentimes are mean, and from jealous thinking.

Why would I speak this way? First of all, wrong thinking, wrong participation and wrong results never leave happiness, or never see the productivity that can be accomplished if all things thought about are correct,

decent, and very worthwhile in what they mean and how they are used.

You may say, ‘Why would You talk like this?’ It is because you do live in a time wherein there is not all discord, or sincere understanding, because so many individuals find themselves wanting to be a point of attention and to get credit for things that are not really necessary to be even noticed.

I could speak hours, but I also want to add something: Never give up your sensitivity to truth, to honesty, to hope, because these things are the foundation, not just for happiness, but for sound reasonability to be what is acceptable, honest, and allows things to be valuable to the mind and the senses, beyond what most things are.

I will close, but I do want you to know: Many of Us Saints Here in the Heavens love all of you, and We want so much to have all you feel good about to develop more like yourselves, people who will find or search for the beautiful values that a human being can stand for, stand in, stand with, and use for the benefit of the Souls that are always available every moment of every day.”

SEPTEMBER 15, 2006 AT 12:05 P.M.

SEVERAL SAINTS

“There are Several of Us present. *The little one* did not expect so Many of Us to be with her.

As We speak today, We speak with a sincere hope and a sincere attitude and sincere Facts, that as you were created a human being, you were given Blessings unbelievable to the human mind, because to be created a human being is far beyond what it is ever understood to be. Even some of the most intellectual human beings have no concept of what a Miracle of This Dimension is capable of, able to do in a short time, and that is to enlighten the one in whom It speaks to more fully understand the Value of Divine Love.

So many times when We want to speak to those who are present, We are forced to use *one* who has been trained in Particular Wording, but also who will speak what We want spoken and not hear a sound from Us.

Many might ask, ‘Why would I speak this way, when it is so alarming

to her?’ There are times when We are told by The Divine to let What is occurring to be understood how It is occurring, and the Importance of It from The Divine.

We hold *the little one* tightly because she, too, is alarmed at what We just spoke, but you walk in a world that needs This Help, and there are thousands of human beings that need to know about This Gift and how they can earn more Grace by service to The Creator, in perhaps a different way than they are expecting what they do at the present time, because there is no human being that should never, or not at least think more often than they think other things to be, but should always think of how Blessed they are, by being so much a Part of The Holy Trinity.

I will close, because what I have spoken may be difficult for some to fully understand, but I assure you that *the little one* We speak through will lend you a hand.”

SEPTEMBER 15, 2006 AT 1:00 P.M.

SEVERAL SAINTS

“There are Several of Us present. It is always a joy to be where this *little one* is. Sometimes We feel as the time goes on that The Son glows more and is happier to be with Us when she is around.

Today as We speak through This Gift, We say it in this way because it is truth, and is always how We feel It to be, a Gift of Divine Love Backed and Blessed by The Holy Trinity.

Some who hear These Words may not like to hear Them in this way, but the best way in the world to speak words is when they are honest, truthful, and happy to hear, also to say.

The world has been Blessed abundantly, because so much has been delivered to aid the understanding of all degrees of human ability to discern the Wording that is oftentimes delivered in a multiple Source, Way, addressing Words that ordinarily would not be said in the human speech. Words like This can be Blessings that

remain forever, but also These Words are to give strength, hope, and a fuller understanding.

It is sad when We see someone or hear someone jealous of this *little one*. Envy such as this is, is a weakness and not in Divine Plan, but as We close at this time, We are happy to say, ‘In a Blessing of This Measure, and to have so much delivered that is not from a human mentality, but from Divine Will, Love and Interest, it is a Blessing to be a part of, because of The Gifts of The Holy Trinity.’”

SEPTEMBER 15, 2006 AT 1:16 P.M.

SEVERAL SAINTS

“There are Several of Us present, because We feel that it is necessary for so much to be accomplished for the sake of other human beings that are not present where you are today.

So many times justice, truth and sound logic are not worked into, or directed by, or considered about when it comes to financial needs, circumstances and/or purposes.

You may wonder why I would speak this subject at this time. It is because there are many of you involved, maybe indirectly, but it is important that you be aware of the values, the intentions, and yes, the motivations; plus, what circumstances are you dealing with when you deal with proof of conditions, or the value attached to what is involved in the conditions?

We do not speak like this ordinarily, but today We do it because you walk in a time and you work in a time when there is much justice, but

there is also the skills of knowing how to deal.

Remember what We have spoken. It is Our Love for those who have the privilege, the responsibility and the discernment to use what is correct and cast off what is incorrect.”

SEPTEMBER 15, 2006 AT 2:14 P.M.

SEVERAL SAINTS

“There are Several of Us present. We have always enjoyed being with this *little one* We have used so many times, because of her understanding in many ways that aids those who are with her, or she is with, and also Those of Us Who are called upon to give aid, hope, service and Our Love for particular situations, conditions and needs.

You live in a time wherein so many human beings of all ages have the opportunity to do so many beautiful things: some are physical, some are mental, some are moral, and some are just satisfying to the human needs of aiding others in helping them, giving suggestions on color and material things.

We speak often through this *little one* and no one hears, but she is aware of Our Presence because We show her Our Decision in what We feel she would be good with, at, for, on, and yes, to give to others certain new ideas that will give them happiness and joy amongst their friends.

The world has been Blessed abundantly in many ways, but so little is often thought about when it comes to someone, someone else knows. Remember this, because These Words are sincere, logical, and have strength in Them to open a door perhaps that will give hope, happiness and results never before had.

You may wonder why I would speak this way to all of you, but it is and has many reasons in it, for it, by it, with it, on it. Sometimes when an individual learns some new item, or about another individual who has the privilege, the dignity, the honor and the talent to do something that is unusual, it is important for Us to say these things to alert certain ones and to help them to avoid wrong areas.

We could speak hours on end, but We will cut this short and say to all of you who might be interested in such a plan, ‘Be aware of the importance of what you are doing, why you are doing it, and when it will prove itself feasible, practical, logical and hopeful.’

Always remember, God loves you and We, too, do love you, because We share with you things that will help you

not just learn more about things, but to use things that give more pleasure and view.”

SEPTEMBER 15, 2006 AT 3:01 P.M.

SEVERAL SAINTS

“There are Several of Us present. We always enjoy just visiting and seeing the conditions you are living in, because We do care very much for all of you.

Service to God, to The Creator, is a Blessing unto itself, and it is always one that Many of Us Here in the Heavens care very much about being close to, because of not just sacrifice, but the love that is contained in the willingness to accept What has occurred by Divine Will, Divine Love, and of course, Divine Hope.

The Holy Trinity blesses all of you, because The Holy Trinity understands such hardships and such disappointment, but be assured that as you walk each day and you share in so many things to help others learn more about how to pray and what to think about regarding their will, their way, their habits, and how they live certain decisions in life, accompanied by One Who is a Saint.

Today as We close These Words, We want you to remember that your love Our Way is appreciated more than you will ever know or ever be able to say, because your love has given Us strength, hope, understanding, and love for The Divine, greater than We have ever shown.”

SEPTEMBER 15, 2006 AT 3:23 P.M.

SEVERAL SAINTS

“There are Several of Us present. We smile when this *little one* We use speaks so clearly, yet so lovingly. We are well aware of her personality, nature, temperament, habits and how she associates with other human beings. We know her so well that We get her to do things that We know are feasible, yes, even fashionable in certain ways.

You may wonder why I would speak These Words now, but We do it to let you know how close We are to you, and of course, how close We are to her.

Never forget, The Father, in His Love for human life, never omits blessing it, because in the Blessings that are so helpful to the mind and the Soul and the will and the hope and the way a human being walks in the world, there is much Divine Love addressing it or using it to do what is best, what is feasible, and what would be most likeable.

**God loves you. Never forget
this.”**

SEPTEMBER 16, 2006 AT 11:00 A.M.

“There are Several of Us present.

Each time We are available to deliver a Gift such as this One you just received, it has much happiness for Our privilege, because a Gift of This Measure is far greater than It is seen or truly understood to be, because It is a Gift that gives strength, also a deeper understanding of the importance communication has with Divine Love, Hope and Value in what It gives to the body, aiding the body to serve The Holy Trinity.

Throughout the world there are millions of human beings. Not all are aware of many things that are able and/or capable to give to their mentalities, their way of life, a Gift of Hope such as The Holy Eucharist can give day or night.

I could spend hours because of not just the knowledge I feel I have, but My understanding of what a Gift of this value is all about. Never forget, when this Gift was given a long time ago, It was designed to be able to one

day remind human beings that they could be close to The Divine physically, by their Faith in What they could have that would be Blessed, thus giving to them a Gift of Divine Love to them.

I will close, but My Words are based on truth, logic, and yes, happiness for you because of your Faith in The Holy Trinity.”

SEPTEMBER 18, 2006 AT 11:30 A.M.

“*The little one* We use for so much, so many intercessions to alert others like herself to see more indepthly, not just the values of human life, human living, but the responsibilities that are available to more fully understand what a Treasure it is to be a human being and live a life that is, in some ways, supportive of all that occurs, but also innately logical in the Value and Purpose of what the Soul stands for, the body stands for, and the Gift to live stands for.

I know to some These Words may be difficult and questionable, but nonetheless, These Words are to help many human beings have an awareness to the facts, the conditions, the nature of human living, of being a human being walking a path that has importance in it, dignity in it, hope in it and definitely Divine Love that never ceases.”

SEPTEMBER 18, 2006 AT 11:46 A.M.

“We ask *the little one* to stop where you are, because We wanted to say a few Words to you on behalf of the responsibilities that you have accepted for quite a long time. Your acceptance of these responsibilities is a happiness to Us, because of the importance in what you are able to pass on to others that ordinarily they would not receive so personally, so logically, and so befittingly to the manner in which they walk for The Holy Trinity.

We hold *the little one* tightly, because when We enter her presence as deeply as We can, sometimes it is very difficult on her strength in her body, so We will release It slightly because We want to speak a few more Words to you.

Always remember that to be in service to The Holy Trinity is more than just a Gift of responsibility, it is a Gift Blessed by Divine Love for the Souls of those who practice giving to other individuals notice of the Presence We Are, and that We speak

Words not just to encourage, but to ensure or assure, or to give strength to what a human being understands as Divine over what is human.

I will not speak more on this, but I feel These Words will help some individuals strengthen their belief in a Gift of This Measure that they just received.”

SEPTEMBER 18, 2006 AT 12:55 P.M.

SEVERAL SAINTS

“There is no time that Many of Us are not available to hear what you would like to say, whether it be something you desire or a prayer to Someone Here in the Heavens that you would like to talk to, or to pass on some concerns you might have. It was designed like this so you would never be alone, but do not forget, your Gift of This Divine Love is consistent for every day you live, in every day you live, but We also desire you to speak in a manner and way, telling Us that your concern for certain things may need help.

We give This Message at this time to assure you that Where We are is always available to your communication, because it is important that you understand that to the final acts of living as a human being, you too can one day have the privilege to be Where We are and to assist in many things.

This Message is to let you know and be assured that the Gift of human

life is a Gift far greater than it is ever seen, or ever heard. A Blessing of this manner is a Gift that you have the moment you are conceived in the human role, the human way, and you are gifted with a Gift of Divine Love that basically never strays.”

SEPTEMBER 18, 2006 AT 1:12 P.M.

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine.

There are so many times Many of Us Here in the Heavens would like to speak openly so We would be heard regarding how We care for every human being created. It is so important to understand that when you were created a human being, it was Divine Plan, thus giving to you the important Facts that one day your Soul would return to from Where It came, but in a different State of Living, a different Manner that gave to you dignity, humanism, and yes, a role of certain things to perform in that would be in service to someone, or something that was necessary to have been for you.

So many things I could speak about because of the Importance of being a human being, but I will close because in My eagerness to support This Great Gift of Divine Love, I also want to allow Others to have the privilege to share in This Gift, whatever way is designed for Them to be a Part of The Heavenly Father’s Love.”

SEPTEMBER 19, 2006 AT 11:22 A.M.

“Throughout the world there are so many differences of opinions on important responsibilities of human life, human living. In so many ways it is ridiculous and is only a waste of time, due to the fact that sound logic bears responsibility inconceivable when important points are seen for what they are meant to be, especially when they are obviously pertaining to The Holy Trinity.

Throughout the world there are millions of human beings that have the responsibilities of being a human being morally, mentally, psychologically, physically, emotionally, and of course, based on Spiritual understanding that is so beautiful in its manner of what it stands for, what it is able to do, and how it affects the human mentalities and the Souls of the human living is Important from the moment on that It is created and placed in a human way of living.

I could speak hours on the importance of love for this Generous

Gift that was given to live with a human body, a human mentality for many, many years. Logic should say The King of All, The Heavenly Father, would not give to this manner of living something that was not perfect in purpose, in reasonability or in habit form; thus, openly saying how important it would be to the body, to the mind, and of course, to the Soul of a human being.

I leave These Words with you, but hopefully They will spread throughout the world because of the importance of Them and how the human mentalities need Them, because there is so much carelessness being acted out that is wrong for the Soul. I beseech you, remember this.”

SEPTEMBER 19, 2006 AT 11:45 A.M.

OUR HEAVENLY FATHER

“There are Several of Us present with this *little one* due to the fact that when We speak to several at one time, it is always because of Our Personal Interest in each human being, no matter what age they are, no matter what background they have, and of course, a lot depends upon them in a personal way, because it will be their love that will register in what they think, do and say.

I chose this *little one* a long time ago to walk a Road all alone, because of the importance of what she would say that would be My Will for the Souls Who would be present that day.

So many things are important in human life because, first of all, the Gift of it is Special due to the fact that each human being is the bearer of a Soul that cannot be seen, but It is obviously felt by the mentality, through the mentality of a human being. Logic registers, kindness registers, hope registers. All the good things in life are obviously felt, because they are

the things that will help an individual one day stand before The Creator of All Things and say,

‘Heavenly Father, thank You for the past Lessons that You gave to me another day, because now I have reached the point of being so close to You, it is a Treasure beyond what the human mentality knows a treasure to be.’

One of the reasons prayers were delivered so freely, is to make the human mentality more conscious of the Association each human being has with The Holy Trinity and with All The Saints Here Above, because you see, as you are created a human being you are gifted with a Soul. The Soul is a Gift Greater than you, in a human form, can perceive It to be, because It is a Treasure of Divine Love from The Holy Trinity.

I could speak hours with this *little one* because of her obedience to My Will in many ways, but I promise you, as I speak My Words to you, I know you will pass Them on to others in some way.

My Love for human lives is different than It can be perceived to be. My Love for Those Here in the Heavens Who walk continuously, work continuously, aid Me continuously, follow My Will continuously, is a Treasure to Me.

I know what I speak through this *little one* is different, but I do it because I care, and I want you to know that to be created a human being is a Gift of My Divine Love, so one day We will walk together, We will talk, and We will share what is necessary for your Souls to remain Here Where I Am.

I bless you from the Heavens and I say, ‘Though you may not realize now what a Gift I have given you, it is because of your love for The Holy Trinity that I deliver what I want you to have, to know, to feel. Remember this.’”

SEPTEMBER 19, 2006 AT 12:58 P.M.

“There are Several of Us present because of the importance in how all of you understand the Gift you have been given that is a Gift that you will remember the rest of your life. A Gift of This Measure, wherein The Divine takes part and uses the time to instill into you and your heart how Important the Presence is that you feel, or you have heard to be there, because you know and are instilled with the Importance of a Gift of Divine Love that does not always reveal, but It does take part sometimes in everything you think, you do, you speak, and you show to others visibly.

You may ask why I would speak this way. Basically, it is to remind you how close you are to The Divine. There is no great distance separating you; thus, you know the Blessing that you receive is truly of Divine Love, based on the Gift of The Holy Trinity.

So many Words could be spoken, so many that would take time, but sometimes just a few Words

make a Major Statement of your communication with The Divine.”

SEPTEMBER 20, 2006 AT 11:20 A.M.

“In the Creation of Time, it was a beautiful time, because there were so many reasons for it to be seen and/or shown as being special in the lives of human beings. Time has a greatness in it, and a deliberate purpose for it, and sound reasoning for it to be handled with dignity, honor, and in many ways, beneficial to some particular reasoning that gives to human lives purposes, responsibilities, and logical balance to how one lives a daily way of life.

Many of Us use this *little one* and have for a very long time. She is willing to do what We request to be done, because Our Will, Our Love for The Divine is to deliver to human lives purpose, and a unified manner of following what is good for what human life was created for, always based on the Importance of one’s Soul that is That Creation of Divine Love that every human being is gifted with.

We will talk more on this because of its importance to the lives, but also to the Souls of every human being.”

SEPTEMBER 20, 2006 AT 11:50 A.M.

**OUR HEAVENLY MOTHER
SEVERAL SAINTS**

“I am your Heavenly Mother.

I have requested this *little one* to stop and speak to you because My Love for you is Greater than you know It to be.

It is important that you understand the responsibilities you have accepted are important responsibilities, because They aid others mentally, psychologically, physically, morally, and in this Communication that you have, you are able to encourage a deeper understanding of what is morally sound, morally correct, morally valuable, and morally according to The Creator’s Will for all human life to understand.

We speak rapidly through this *little one* because Our time is sometimes very busy. It is according to where We go, Who We are with and what The Father Wills others to hear or to understand.

Take each day as a Blessing from The Divine. Remember it as it being

this way, and in doing this, you will find a numerous amount of strength coming your way. You are Loved more than you know love to be, and there is No Saint Here in the Heavens does not appreciate your communication with Them, because each time you communicate, you help Them understand more indepthly the fact that your closeness to Them makes Them feel The Father loves this way, this means, this close understanding, because it is different than some would expect it to be.

Speaking hours would be easy on this day, but as We close, and there are Several of Us, We say, ‘Never forget, you are Loved by The Holy Trinity, and Every Saint in Heaven appreciates your service, rendering to others Words that They want to fulfill their manner of living with. God loves you for it.’”

SEPTEMBER 20, 2006 AT 12:30 P.M.

MANY SAINTS

“There are so Many of Us present because of the Love for This Gift that The Heavenly Father has chosen to be delivered through *the one* He has chosen for This Task.

You live in a world in which there is much confusion, also much indiscretions according to what is proper, what is improper, what is just, what is unjust, what is truth, what is untruth. The list, of course, goes on and on.

The human mentality has the logic to see what is valuable in concept because of how human beings are created; and then, when the time comes, it is offered from different directions, aid, help, and many things in words that give to an individual human being a foundation of understandability.

There are Several of Us present Who oftentimes speak through this *little one* We are using at this time, though it is difficult for some to not understand why The Creator of All Things would give permission in This

Manner to communicate with those in the living state, Words of aid, help, concern, and also an in-depth understanding of what to expect from other people, of other people, for other people. This list is also endless.

When this *little one* was chosen a long time ago for the Tasks she is responsible for, Many Saints Here in the Heavens use her, because They know she will deliver what They reveal to her at a given time.

Just as those in the living state consider timing and what they speak as important things, they are important, because in many ways they address individuals or circumstances or times when others like themselves are not thinking in the full manner of description, but just the full manner of association.

Those who take These Words may wonder why They are spoken like They are. The answer is easy, because Those of Us Who are in the Heavens, We understand more than We are thought to understand when We communicate with an earthly individual who does not hear what We speak. We instill the Wording, making it sound as though

It is coming from he or she. This is important, because it allows a certain type of Communication that oftentimes makes a point of an important issue that nothing else would have done.

The reason for These Words at this time are to associate those present with the Love of The Divine, because It is a Gift of Divine Love to be able to understand more indepthly, circumstances or conditions or values or timing on subjects that give to the subjects and whatever else is necessary to think of, a deeper evaluation of what it means, what it says, and what it could eventually turn into.

We will close at this time, but sometimes just learning about a condition or situation gives support on Words put into script, or even Those spoken in a speaking manner. Thank you for your time with this.”

SEPTEMBER 20, 2006 AT 1:56 P.M.

SEVERAL SAINTS

“There are Several of Us present, Each of Us from a different manner of living. We felt it would be nice to speak to you at a time such as this is, because Each of Us used different areas to work for The Heavenly Father to a degree that would be pleasing, beneficial, interesting, and give in a more direct way, the importance of living the life as a human being in service to The Creator of All Things.

Time to the human way of life is sometimes exciting, interesting, hopeful, and yes, gives strength to the moods and the interests that financial gain can come from; plus, there are many more interests that We will talk about at another time.

To be created a human being is a Gift unto itself, because it is the lead-in to many things that can occur and can give to human living, joy, happiness, progress, and many logical interesting memories to think about when one is alone, or one is concerned over progress in their own way with

their own willingness to accomplish it.

I know that These Words may sound differently, but They are Words to help all who think this way to see the value of progress, because this value is very often in many ways, and thus giving to living human life more than interest but progress, giving not just a style, but a benefit to everything that it is surrounded by.

I will close, but as I do, do not forget: To be created a human being is a Gift far greater than it is seen to be, because as it starts off in the human form, there are so many things to give to that individual form, a mind beyond what would be possible to do, unless it had the Blessing that it is being given when it is raised to a higher level of thinking.

So much more is able to be done with the body and the enjoyment that comes from using one's means: mental, psychological, physical, Spiritual, to adapt to subject matter that otherwise they would never see."

SEPTEMBER 21, 2006 AT 12:59 P.M.

SEVERAL SAINTS

There are Thirty-five of Them here.

“There are Several of Us present because of the importance of how you all think and how you act, and how you are accountable for things that others would deny or cast aside.

To accept responsibilities in the manner you do and in the respect you practice is truly a sign of devotion to The Divine. It pleases so Many of Us Here in the Heavens. The value of what is correct morally, psychologically, spiritually, physically, is beyond what you might understand it to be, because at this time that you live, it is like many other times through History that there was so much inconsiderateness morally, mentally, psychologically, physically, and spirituality was perhaps the lowest on the list.

You may wonder why I speak These Words. It is to make you aware that in your creation of human life, you were given the ability to understand

justice from injustice, hope from despair, but there were many other things in how behavior should be, and the list goes beyond what some people care.

I will close My Words now, because it is important that when Those of Us Who are not yet in the walking or living state of life, We want to let you know that We care. You are aware of The Father's Love; so are We. You are aware of how you think, do and say things. This is important because of how you care.

As We close on the subject We are speaking, We know that Our meanings will be remembered when the time comes because of your seriousness in how you think, do and speak according to Divine Love."

SEPTEMBER 21, 2006 AT 1:32 P.M.

“There are Several of Us present, because *the little one* We use and have for so many years, is always available to Us, day or night.

The world has been Blessed in more ways than it is known publicly to be, because the human mentality does not always associate the closeness that Divine Love has with almost everything. When I say ‘almost’, it is to allow you the privilege to not understand the full measure of what Communication from The Divine is to man.

In so many ways, human beings of all ages do not see the full measure of not just talents, but logic, understanding of their mentality and/or their abilities to learn about many things. Some feel they know everything. This is not so. Some want to learn everything, but would be incapable of how to control how they would use, if they knew everything.

I know I speak differently than I usually do, but All of Us Here in the

Heavens want those who take Our Words, to take the Words in the degree understandable to them in a logical format, and be able to use Them as factual, truthful, honest. The list is endless.

Let us look at the next time you speak to a stranger on the street. What will you begin the conversation with? Most would accept the first words to be: 'I am sorry to bother you,' or there would be an excuse of some sort to make the connection have results, or not look in the wrong manner to the other human being. Is this not so?

So it is in everyday life when you are with those you know. You are comfortable, because you feel the association blends your motives with what they would accept from you. Is this not so?

Now let us take the time that you are new to the place you are, but you need aid in communication. Even though the words are clearly spoken, you probably would have a feeling of incomplete association. Is this not so?

You may ask why I am speaking this way. It is because as you walk in

the way you walk, and you are sensitive to the fact that you have a Spiritual understanding that gives strength to your knowledge, to your habits, and how you think your association with spirituality is intact, you may wonder why a subject like this would even come into sight. It is important, I promise you, that each time you say a prayer, always remember, the Soul is wanting the communication to be fair and to be understood by the One that the Soul knows is either standing there, or if it is through mail, the Soul wants to be sure that the One reading the message will be happy with what is said.

The reason for what I am speaking now, is to help those who write These Words and those who will read These Words to always be aware, it isn't just conscience, it is an innate understanding that human lives are created with justice, fairness, sincerity and caring, are Facts you should never, ever forget."

SEPTEMBER 22, 2006 AT 11:22 A.M.

“We are always present whenever the Sacrament¹ delivers a Gift of Divine Love, because it is so important to receive this Gift each time it is capable of being received. Believe it or not, the Soul of a human being treasures this time beyond what the human mind can understand it to be. A Gift of This Measure that is based on Faith, Hope, and Love of The Holy Trinity, It is always recognized immediately.

I will close for now, but I wanted to assure all of you of the importance of These Gifts that are so generously delivered because of what They were told to be, and the importance of the Gifts They are, of The Holy Trinity.”

¹ Refers to The Sacrament of The Holy Eucharist.

SEPTEMBER 22, 2006 AT 11:45 A.M.

“We have requested *the little one* to stop where you are located because of some very important questions or situations or evaluations or motives could be questioned to the point where they need to know facts.

We hold *the little one* tightly, because she did not know what **We** were going to ask all of you.

Ask yourselves one question: When you first heard about What was occurring here, did you understand It completely, and did you request any further information on It? **We** know the answers that you would submit to these questions, but perhaps sometime, **We** would like to know how you think now about these questions.

We use this *little one* continuously, but **We** have been requested by a Higher Authority to explain something to you regarding her that she will be surprised about.

A long time ago **We** were present where she was and Several Saints

came in speaking her name, and how she responded to many things. To her, she knew it was important, but she said, 'It is common logic if I am to speak to someone I do not know.' We heard that day what was being spoken, and We asked The Heavenly Father if We could take advantage of this *little one*. He said, 'If You do it in respect and honor, justice and hope, but much sincerity must be bound in it.'

So, for many years We have been close to this *little one*. She was aware of Us, but she took it for granted and asked for aid from Us. We knew the time was coming that there would be more necessity for her cooperation in many ways, and yes, with many degrees. *The little one* is upset, because she does not want to displease Any of Us. The degrees were important, because every moment in the human life that you live and that every other human being lives, is important for the Soul that you are the custodian of, that you are responsible for, and that is why this *little one* was chosen to keep tabs on what was being processed for others to read, others to hear about, others to know, thus helping the importance of so much to be put into script that

otherwise would never have been thought about.

We could speak hours on this subject and not one moment could We, would We have to stop, because there is so much that surrounds this *little one*, and that as you live the way you live, and you are in constant touch with situations, conditions, and the list is endless, because there is so much more that is never discussed openly, but it is evident in what is occurring personally, physically, psychologically.

I have spoken this way today because it is time for human beings of your ages, some younger and many older, that should look at human life, human living, as a Gift far greater than they can perceive it to be, the Importance of it, the Goal for it, the necessity that it takes to follow it with dignity, with honor. Never forget, to be created a human being, you have responsibilities beyond what you understand responsibility to be, but I assure you, it would not be wise just to ignore it. The wisdom would be, the intelligence would be in your seeing human life as a Gift of Divine Love, not human caring.

I speak so strongly through this *little one*. I will slow down now. She is shocked at the Power I used, but before I close My Words with you, I assure you, you could be no better place than where you are; and What you are learning or sharing or part of, is far more important than you understand It to be, because if the full brunt was allowed to be seen in full measure by you, it would be frightening to some. We know this, because when you stand for Truth and you stand for The Divine, it is serious, it is important, and it has a purpose to It beyond what you understand purpose to be.

I bless you from the Heavens and I say with much Love, *'In Nomine Patris, et Filii, et Spiritus Sancti. Amen.'*"

SEPTEMBER 22, 2006 AT 12:43 P.M.

“There are Many of Us present wherever this *little one* is, because she was chosen a long time ago to be the recipient of important Words that would mean much to many people throughout the world.

This Statement may be difficult for you to understand, because automatically some human beings would say, ‘Why her, why not me and who I am?’ This is a ridiculous statement to make, because the one speaking it should know that they do not stand where this *little one* stands and they do not serve as she serves. They do not take the risks she does spontaneously, and most, I promise you, would not want to be responsible for the Responsibility.

There is much more that goes on wherever she is, but it is not seen for the indepthness It is toward the Soul and toward the Future of a human being.

I want to speak more on this subject. I will, but it will take a little

time for you because I speak so rapidly, but then, do not forget, All of Us Saints Here in the Heavens have Communication unlimited.

Thank you for taking My Words.”

SEPTEMBER 22, 2006 AT 2:36 P.M.

SEVERAL SAINTS

“There are Several of Us present. We are so happy to be with you all, because when you speak, you speak what We know to be not just enjoyable, but history.

The world has been Blessed abundantly by people of all ages, because in the Creation of human life, it was always important that many ages be seen, be used, and be a part of the history of what each day meant to the human mind, body, Soul.

We speak this way at this time, because We feel it is important that you be reminded that what you have done gave hope, gave strength, and yes, it was always important, because it showed human beings in the human way at that human time of living.

As We close, We smile at this *little one* who in many ways has many stories to speak, but today We are just speaking what We feel will address more the subject you were released to, not by mail, but by person of One alone.”

SEPTEMBER 25, 2006 AT 11:35 A.M.

“Every moment is important because of the Gift of being a human being that has within it many different responsibilities: some are physical, some are mental, some deal with how an individual considers what they are accustomed to doing, to seeing, and who they associate with in communication with others like themselves.

We find Our time with those who take These Words is happy for Us, because We have such a desire to alert those in the living state that We communicate with, due to the fact there are so many considerations, values and human undertakings that are very much a part of every human life.

We speak differently today, but it is because of Our sincere desire, concern and willingness to communicate to aid others on important issues because of the Soul that each one is the custodian of, and responsible for and to.

I will close, and I thank you for taking These Notes because They are

delivered to alert other human beings in what the human life is capable of doing.”

SEPTEMBER 25, 2006 AT 12:19 P.M.

SAINT ANTHONY MARY CLARET

“We are happy to say, ‘We know it is a Gift you have accepted, and that is to take Our Words, put Them into print, letting others know that We oftentimes speak openly regarding the importance of what We are about to speak about, or the subject matter that We find is essential to perhaps certain circumstances that you are associated with.’

We have used this *little one* a very long time, and she is very close to All of Us. We are so happy to be able to treat her as a friend, as an associate, and one who will aid Us when We feel an important Message should be delivered to those she lives with, works with, is associated with, and yes, in many ways able to converse in several languages.

So many times a subject, when it is mentioned, does not seem important because of the Wording that is so obviously available, but today is an important day, like many others, but it is important that those

who walk the path of learning how to accommodate and partake in a Miracle of This Dimension, must have a beautiful reason for it, because It is of Great Importance in many ways to the world.

I could speak hours on this subject and would like to, but I will return at a later date. Please remember this.”

SEPTEMBER 25, 2006 AT 12:37 P.M.

“We do not like to interfere with certain things you probably could be doing. It is so important that when We get the opportunity to speak to you openly on a subject or a condition or an evaluation or a prediction, We find it very important to do so.

The times that many individuals live now are really not quite like they used to be. Many human beings have a different outlook on what is important, what is sufficient, what is independent and what is pleasing to their personalities. To address these subjects takes much time because the subjects are so personal to individuals who accept them, who follow them, and use them to entertain or to be noticed or to be considered in a certain way.

I know I speak differently, but sometimes these subjects are of great importance to a conversation that might lead to several things or personal dedications or professions or conditions in many subjects, many ways.

I know some who take These Words will not find Them as important as We feel Their coming to you is, because as you walk a path that is dedicated to Divine Will, Divine Way and Divine Love, it is important that many things be covered, not just in a casual way, but some in a very sophisticated, logical manner of Words.

To some, My speaking this way may be difficult, but I beseech you: as you face each day, look at it and follow through in it for the benefit of what you stand for, what you are, and the position you have taken to be known for certain things you follow, you practice, you are part of. The list is endless.

Thank you for listening to Me on this day.”

SEPTEMBER 25, 2006 AT 1:00 P.M.

“There are Several of Us present.

This Gift The Heavenly Father has allowed to be accepted is a Gift far greater than It is seen or understood to be, because It is a Gift of Personal Communication with The Creator of All Things, and those who are created to submit, commit, and one day become ‘Saints’ Where He is.

These Words are spoken with much Love and Thanksgiving, because it is so important that human beings of all ages begin to understand more indepthly the Importance of Those Who created All there is, and yes, The Divine Love that They are capable of because of what They have achieved that allows so many human beings to more fully understand that the Creation, when it was first begun, continued on and still does. Never forget this.

Human beings are Loved immediately, and human beings have the privilege to serve immediately, thus

giving to the Gift of life the privilege it is; and never forget to say:

‘I love You, God. Thank You for giving me my life, so one day I can return to You as a Saint.’”

SEPTEMBER 25, 2006 AT 1:26 P.M.

SEVERAL SAINTS

“There are Several of Us present, because We want so much to be where you¹ are when We know you are delivering Words of not just comfort but understanding, and Words that will give hope or strength where They are needed.

The list is endless in what communication is involved with when it is productive in any way, because it gives to those who perhaps would not have the chance to help themselves stand firm, stand strong, or commit to what is correct over what is incorrect.

Words are important to the world of human life, because words speak what the sound may not show when the words are spoken openly. Keep in mind that is why We, in so many ways, request you to take and put into print what We say with you, for you, or consider Our Gift to you, to aid you in certain situations or manner of living.

¹ Heaven is addressing Mother Frances.

These Words, granted, are not big important Words, but They are Words between you and Us, because it is Our Act, Actions, Feelings and Hope between Us that help Us deliver to others the strength to more fully understand the close association gives to the life of human life, as man.”

OUR LORD

“We are always happy when We see your response to the Gift of My Divine Love, because then it is also to Me.

The Importance of human life, human living, is far greater than it is understood to be. It is the time before the Soul looks forward to, and that is to once again to return to be Part of The Holy Trinity.

My Words to some who might read this, may not be seen for the importance of what I said, because their Faith in the Logic is oftentimes misread, misled, misused, or misinterpreted.

To be able to speak after this *little one*’s reception of Me is a pleasure and a treasure because of Our Association with The Holy Trinity.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There are so Many of Us Saints Who speak through this *little one*, and We All care how many times she requests to give to others like yourselves, what We say to her.

The act of prayer is used thousands or even millions of ways, even when individuals do not speak words they feel necessary to speak, or words that do not represent what they think.

I come on this day to address this subject, because it is so normal, so natural, so evident that the individual is addressing to the One they speak of, a natural response, a natural reaction, a natural need, and it is wonderful to see and to hear.

I know as I speak differently and you are not used to Me doing this, I do it to assure some who take the Words, I am listening to what is being delivered, and I am conscious of the Love that is in It, the meaning that It represents,

and the hope in the Souls that want It spoken just like that.

I know We speak rapidly through this *little one*. It is partly because when We dictate Words, she has to repeat Words that make no sound to her, only Our Presence lets her know what Words are next.

I bless you from the Heavens and I bless you with Divine Love, because your acceptance of Words from Heaven are Blessings in Divine Love that sometimes you do not expect.”

SEPTEMBER 26, 2006 AT 1:28 P.M.

SEVERAL SAINTS

“There are Several of Us present. We have been requested to use Our Wills, Our Ways, and Our Knowledge to take and put into print all important issues, and Wording that to many individuals can be seen as instructive, beneficial and encouraging.

This Statement may sound difficult for some to understand, but the Words are Factual and Divine Planned.

So many times when We want to address important matters, subjects, interests and concerns, We do it with caution, but We also want what is revealed to be read and to be heard is done with dignity, and no stress.

As We close what We are requested to speak, We beseech those who will read These Words to use the Words with dignity, honor, and the understanding that Their worth is an impression mentally, psychologically in Words that will show only the importance of Them, for what They are directed to accomplish.”

SEPTEMBER 26, 2006 AT 2:08 P.M.

SEVERAL SAINTS

“There are always Several of Us present where this *little one* is, because a long time ago, We found that she was willing to take Our Words and put Them into print for others to read what We felt was important for them to know. A beginning of this nature is always welcomed, because it promises to speak Wording that will have a relationship in It to subject matter that can be of great need, or encouragement, or interest.

That is why it is so important that those who can put into script Words that they can write themselves, have a definite advantage to so many things, because it gives them the opportunity to write and request answers that are not just satisfactory but outstanding in value, facts, truth, and dignity.

The reason We speak this way is to make you aware of the importance of Everything you put into script, because It has the opportunity to be spread in ways you never heard of, or you do not know locations of, but

also, who is there to appreciate what the script has in Statements, in Facts, in Truths, and in Motivation to excel different subjects, different writing conditions, and different modes of interest.

We are so happy to be able to release through this *little one*, Our feelings, Our manner of wanting to do things for the benefits of others.

We thank you for the time you take to respond to Our need, because It will serve abundantly in some form, some subject, some way that those who read the Words will say: *‘God bless the One Who dictated This. It was and is a Beautiful Gift of Divine Love.’*”

SEPTEMBER 27, 2006 AT 11:40 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Even I enjoy watching those who participate in receiving to their body a Gift of This Measure, This Divine Love, because within It, It serves a purpose beyond what is fully understood to be.¹

I will close My Words because as I speak through this *little one*, she is always astounded by what I say, and I always feel that this is a Gift to her from The Holy Trinity.

So many individuals take it for granted that she is aware of many things. She is, but it is My Gift to be able to tell you, ‘Awareness is one thing; gluttony would be another thing, but love for What is a Gift of Divine Love is a Gift of Supernatural Association with The Divine.’ Remember this.”

SEVERAL SAINTS

“There are always Several of Us present because of the necessity for others outside here to learn on certain conditions, situations, values, that if they communicate with One of Us, they will receive immediate attention.

You live in a time wherein so many human beings, of all ages, do not fathom the necessity for communication that is so necessary in many ways. A letter to be written is sometimes acted out as such a hardship. A telephone message or call is oftentimes passed into the future time instead of the present time, because the individual or individuals do not want to take the time. When you think about it, time is one of the greatest things that human beings depend upon for what they think, what they speak, what they follow, what they want to do.

Some will not like what I have just spoken but it is fact, and We All sincerely want you to look at it in a logical frame of mind. It is important that you exercise all the usable time

you have to complete things that are valuable to your way of living, also your association with others like yourself.

We are saying These Words because We sincerely care about you, and as We care about you, We want you to put in your thinking the importance of what We see is natural for the human way of life.

Thank you for listening to the Words that We feel are Our Words of Care in a degree and way showing how We feel about life in its manner of doing things.”

SEPTEMBER 27, 2006 AT 1:50 P.M.

SEVERAL SAINTS

“There are Several of Us present, because what you walk in, walk for, and use your mentality to practice and to deliver to others, is a Gift far greater than you realize It to be. It is a Gift that gives to others a fuller understanding of Divine Way, Divine Love, Divine Responsibilities, and how The Divine can instruct, use and/or be very active about, and that is Wording that gives strength to others, Hope that gives strength to others, and a fuller understanding of what The Divine is capable of mentally, morally, spiritually, and for the physical of so many who live in the time that It is available for them.

We speak so much through this *little one* so many times that she does not expect Us to be in her presence, but it is a Beautiful Gift that she has accepted from The Holy Trinity.

We will bless you as We stop talking, but always remember, prayer is one of the greatest Gifts a human being is gifted with, because prayer

keeps you in touch with all that is morally sound, practical, logical and good, and God always blesses you with the strength to carry on for the benefit of yourself and for others. Remember this.”

SEPTEMBER 28, 2006 AT 8:35 A.M.

“We are always close to where This Gift is available, because Many of Us Here in the Heavens were human beings and We fully understand the amount of energy it takes, of logic it takes, of consideration it takes, and yes, sincere desire to please.

There are so many Words that could be put into print addressing a Gift such as This is, but time always allows Words to speak facts that allow those present to understand in a manner and way mentally, psychologically, to the physical point of association with them.

This *little one* We All use is constantly aware of what she must do. It is not always a pleasant, encouraging commitment, but it is because of the necessity for the purpose for which each thing gives something needed.

Many of Us Saints Here in the Heavens want those who are yet upon the earth to understand, without question, what a Gift it is to be born

man, the foundation for a time to come to be used as a Saint in Heaven.”

SEPTEMBER 28, 2006 AT 12:05 P.M.

OUR HEAVENLY MOTHER

“There are Several of Us present. I am your Heavenly Mother. The Heavenly Father stands close to Me because of the importance in what Both of Us Will you to know, to understand, to follow and to be proud of as you walk the path, living a life that has a responsibility in it, for it, to it, and a Goal that is beyond what the human mentality fully recognizes It to be, and that is to one day return to Where I am in Heaven and be ‘a Saint’ like All The Others are that are in Here with Me.

I would like to speak hours on the Importance of why human life was created to be the way it is, to follow where it does or should do, and to be a Part of The Holy Trinity and share with those upon the earth newly born, the Purpose for human life, the Greatness that it is, and the Goal for which it was created to return in a different manner and way, at a given time, to Heaven.

We speak so often through this *little one*. We have for a very long

time. What We say comes from Us, but We logically had to use a voice, a body, a means, a way to be able to carry on what We wanted human lives to know, to understand and to be appreciative of, because of the Importance of human life to human man.

Remember My Words and remember the Gift, and when you say *'Thank You,'* it is a treasure to Us, because each time someone responds to something We do, We turn to The Father and say, *'Thank You, Heavenly One, for letting someone remember Us, and the Gifts that You planted within Us to share with them.'*

Never forget, Love from The Divine is always evident."

SEPTEMBER 28, 2006 AT 12:45 P.M.

“There are Several of Us present. We are always so happy to see this *little one* We speak through, because in her translation of what We speak, she always looks for what she feels is exactly what We say. We All smile at this.

Today is a very important day for many, many people throughout the world, because today is a day marked by memories and hope, but also regarding the children that are in families that have certain things they want to speak about. You might say, ‘Well, does this not make every day important?’ That is true, it does, but there are certain days that certain people celebrate in a deeper mode of love, understanding and association.

I began what I want to say with Words that perhaps they do not associate with what I want to say, but They were meant to alert those who take the Words that Those of Us Who speak through This Gift of Divine Love, are not always one-sided or one-

subject conscious on how We speak, how We think, how We act, how We associate time with others.

Today, in many ways, was a very important day, because We handed to this *little one* a Major Task, a Task that most individuals would not dare to accept. We cannot say what it was or what it is, but time will show in some form, some degree, what We are saying today.

The reason I have spoken These Words is to give you a touch of what occurs behind the scenes of how you live and how you work.

Many of Us are guided and guarded and given certain things to enlighten others with and for, but also to strengthen others on particular subjects that in many ways gives hope, strength, and backup for important conditions.

I will close, but as I do, I say, 'Never think you are alone in any way.' How can you be alone when you have Someone to watch over you, a Guardian Angel, and then you have the Spirits of The Saints that are available all day, all night; but then, you have Those of Us Who really want to be with you

because of what you are working with, for and at, to help others more fully understand the Importance of being a human being and having the Goal to be with God firsthand.”

SEPTEMBER 28, 2006 AT 1:12 P.M.

“There are Several of Us present because of the importance in how you deliver what We wish others to know to aid them in helping others from Them, to see the Importance of being a human being and the role it plays in Divine Love for others to be thankful for, due to the fact that to be part of what human lives are created for, is a Gift beyond what it is understood to be.

When you hear that The Heavenly Father, in such a beautiful manner and way, looks at a child just born, and He handles the reasonability, the purpose and the Divine Love that that child stands for, would it not be wise to use what you learn from that state of living alone, how important it is for human lives to be created so they have the privilege to one day be called ‘Saints’?

Remember what I have said. It was spoken with reasonability, with logic, with knowledge, with purpose and with love for The Divine.”

SEPTEMBER 29, 2006 AT 12:12 P.M.

“It is so often that We use this *little one* to speak for Us to you and to hundreds, perhaps thousands of other human beings who understand what she speaks is not of her dimension of Divine Love, but a Greater Drive of Force than she would be capable of.

Her patience with all things is far greater than it is ever seen or understood to be, because a very long time ago, she was encouraged by Us to show patience to many things, but obviously were not practical for those present.

You might ask why I would speak like this at this time. It is because We feel it is important that you know more about her than she projects, but We are taking one step at a time, so have patience with Us because of the importance of This Communication that We care so much about, due to the fact that when We communicate, We offer definite Words for your deed, for your need, for your obligation, for your interest, and for your manner

of willingness to share with others a Gift far greater that is or would be understood without her intercession at certain times. We have, in so many ways, used this *little one* more times than it is understood to be, because she was aware and is aware of Our Presence immediately.

You live in a time wherein there is so much dissatisfaction with what some feel is their behavior, and they would like it differently, acceptable.

We will close now, but We will talk more on this because Our Association with all human lives is a lot closer than it is accepted, expected or felt, but it is prevalent in many ways, many times, and for many reasons. Remember this.

When you say a prayer, you are heard. When you make '*The Sign of The Cross*', you are seen because, do not forget, you have a Very Special Gift within you, your Soul. Remember, the Soul is a Gift of Divine Love from the moment of your conception."

SEPTEMBER 29, 2006 AT 12:51 P.M.

“It is important to understand that every infant created was created for a Goal of their Soul, because the Soul is That Portion of Divine Will that is to one day return to The Creator and be called ‘a Saint’.

There are so many individuals who do not find logic in so many important Statements that are based on Divine Faith, Divine Facts, and Divine Intercession.

You live in a time wherein egotism sometimes takes a top role only because of their own insecurity and their own inability to understand Divine Logic is evident in all portions of human life, also in all that has been created in what is called the ‘globe’, and on the globe there are many places called ‘islands’. These islands were created for the safety of human life, human use, for the Importance of what humans stood for.

I want to speak, I want to shout, I want to let others all know that each day you live, you live in a world of

Divine Love, Divine Intercession, and it must be seen as this, because of the close Association human beings have with The Divine.

Remember what I have spoken. It is Truth, it is Fact, it is Logic.”

SEPTEMBER 29, 2006 AT 1:50 P.M.

OUR HEAVENLY FATHER

“You live in a time that will be remembered as a very important time in the History of human life. You may not hear about it as soon as you would like to, but in many ways, it is averaging out to have much more in it than it was expected to be.

Time is a very important time in life for the living, because time allows so much to be accomplished, so much to be learned, and so much to be acted upon, due to the fact that time is very often the means for individuals to use what they feel they are capable of, understandable for, in, with, and how.

Time is a greater word in meaning than the average person understands it to be, because time says so much, and in so many ways addresses more events in the History of human life than anything else could do, speak, say, or accept.

I know My Words are different than you are used to, but there is much information in the word, ‘what time can do’ in every facet of human

living, every practice of human life, I promise you.

Thank you for permission.”

It is our Heavenly Father.

“My Power was so Great, It was more than she is used to. I will release her slowly. I love her for the time she has spent in service, first to The Holy Trinity, and then to so Many of Us Who have the opportunity and the ability to speak on subjects that are of great importance for others to understand more than they would if things were done differently.”

SEPTEMBER 29, 2006 AT 2:28 P.M.

“We are always happy when human beings of all ages gather where We are, wanting Us to say Words to them to aid them, comfort them, help them, and instruct them in manners, degrees, on subjects they are interested in. It is wonderful to see, to hear, to watch gatherings such as these, because it says hope for a Future, hope for a Blessing and a desire to be what God Wills them to be, because the greatest request a human being can speak for, on, by, with, is a request for attention on what they are doing, practicing, regarding their Soul that will one day return from Where It came and be called ‘a Saint’.

These Words may be difficult for some, but in reality, They are Words with a purpose and definitely with the Love of The Divine, just allowing them to know that The Divine is available at a given time when they are ready to walk into the Promised Land of Divine Love, Divine Hope, Where The Heavenly Father is always present There.”

OCTOBER 2, 2006 AT 11:55 A.M.

“There are Many of Us with this *little one* as she enters where you are many times present.

Many of Us Saints Here in the Heavens appreciate any time We are directed to be with you and speak Words that could direct you, or give you the strength to more fully understand the value of how you live, the Importance in just being a human being is, because then you have the background to understand important concepts of being a human being, and the Goal for which it was created when it first began.

We hold *the little one* tightly, because Our Power is far beyond what It is ever presumed to be, or assumed, or thought or regarded as, or what It represents that is of Great Importance to the lives, in the lives of human beings.

This *little one* We use is always ready to do what We request her to do, because it gives to others the reasonability of certain facets of

understanding, of motivation, of clarification, and of the closeness it allows to be to important values that are necessary at the present time.

One of the Greatest Gifts of Divine Love was to be created a human being, and Blessed with the Goal that a day would come and the Soul would return to from Where It came and be called 'a Saint'.

There are Several of Us here, too numerous to mention, but We are always happy to be able to communicate with those in the living state, because We innately know it will give a strong understanding of what human living is available to, understandable by and with, and it has a Goal Greater because the Soul is within each human being, and the Soul is That Portion that will remain Forever.

I will close but as I do, I say: 'As you request a Blessing that you feel will give you the strength to understand and/or endure with Our small times with you, remember, the responsibility is yours, because The Heavenly Father loves those who take on the Gift of life and use it in a manner and way pleasing, understandable and

exceptional, because there is a Portion of it that is Very, Very Important. It is called “the Soul”.’”

OCTOBER 2, 2006 AT 1:00 P.M.

“Much can be augmented when it is done for what is morally sound, morally good, morally feasible, morally acceptable. A word oftentimes changes an individual’s method of speaking. That is why it is always wise to be sure of what each word represents, signifies, and/or is liable for.

When you¹ accepted speaking for The Saints, you did not spell everything in the ordinary written way, did you? No, because you repeated the Words you heard Them say. That is why it is so important you remember the Words, so They could be translated properly and with dignity.

The reason We speak This at this time, is to remind you that every time you take a pen or a pencil and you put into script wording that you feel you know, but sometimes you are not sure of, We Here in the Heavens want you to look the word up in the formal manner it is presented, so that

¹ Heaven is addressing Mother Frances.

no word will ever display or show or mean something wrong in the words that you apply to a very important statement.”

OCTOBER 5, 2006 AT 11:57 A.M.

“One of the greatest Gifts that human life was instilled with is not always appreciated in the purpose for which it was instilled, and that is to be able to put into print important messages that give to one’s way of living so many reasonable, logical purpose, helping them to be able to practice what is helpful to their mentality and their memory and their association with important facts.

The little one I speak through is always astounded by what I associate different things to be important about.

You live in a way that is important for how you act, how you think, and how you use your time in the eyes of other human beings. Every human being is gifted with necessities that give to their manner of living, a more logical value than it would be if there was no background to be practiced so purposely.

We speak differently through this *little one* and it is many times

difficult for her to understand why We would speak certain Words, but I assure you she accepts It with love for The Divine, and yes, understanding Its worth.

I will close at this time, but as I do, I say to all who take the Words, who hear the Words, and who practice repetitiveness in These Words: ‘Every moment of every day is a Gift of Divine Love because of the importance of the Gifts of human life, what they are meant for, and the good that is returned by them through the mentality of the one in whom they are.’”

OCTOBER 5, 2006 AT 2:18 P.M.

MANY ANGELS

“There are Many Angels Who are so happy to be with you, especially when you are in the writing scope of addressing things you enjoy, things you have heard about, and things that are important to you, for you, with you, in you, even by you.

So many human beings miss the time when there is enjoyment in what they can do, what they can feel and what they can associate with.

Today as Many of Us visit with you, it is because We request The Heavenly Father for this trip to be with you. He always says ‘Yes,’ because He knows how important Our time is when We can use the time to surprise you or even to silently visit with you in conditions, on situations that are important for the work you do.

As you face each day and you have several things to clarify, to identify and/or to use, it is important that you understand there are always Several of Us praying for you and asking The Heavenly Father to aid you

to be successful and to be happy with what you accomplish, but as We close the Words at this time, We want you to know that though We are in a different Place than you, and though We are of a different structure of Living Matter than you, it is a privilege for Us to be Part of anything you use Us for, and We can do.

Thank you. Remember this. We do care about you.”

OCTOBER 6, 2006 AT 11:43 A.M.

“There are so Many of Us available to aid those who are in the living state because of the Importance of what human life was designed for, created to fulfill many areas of human living that ordinarily would not have been accomplished, if it had been let go without the important facts that it was designed to have.

You live in a time wherein so much more should be seen and/or accepted and/or practiced regarding Spiritual understanding for the Souls that in many ways are not considered to the degree or in the way They are chosen in every human life, and that is to supply the life with the means of one day returning to The Creator and be ‘a Saint’.

We are Several here at this time, and as We hold *the little one* so she will be able to speak what We Will you to be able to understand, it is important that all with whom she is associated with spread the Words that We speak of her with Us, because

of the Importance of why We would be requested by Heaven to follow through and deliver the Wording that will help hundreds or thousands of all ages of human beings to more fully understand that to be created a human being was and is totally of Divine Will, Divine Love, Divine Nature, Divine Hope, and Divine Existence for this Task for the Souls that are always available, even though They are not seen with the naked eye.

I beseech you, remember this.”

OCTOBER 6, 2006 AT APPROXIMATELY 2:00 P.M.

SEVERAL SAINTS

“There are Several of Us present. This is very much how We do Our time with this *little one* because of Our Love for her and Our desire to serve others with her and for her.

You live in a time wherein there is much and many changes in how individuals think, speak or consider. You live in a time wherein so much is discussed, but it is always necessary that the subject matter be realistic and full of logic; also, it is sometimes necessary for it to be of a personal nature when it includes the necessity for privacy.

We All speak through this *little one*; We have for a very, very long time, because when We instill in her what We Will others to know, or to have for their ability to synchronize what they believe in, with what We Here in the Heavens show what We feel is necessary for the lives of those in the living state.

The Gift of human life is a Gift far beyond what it is ascertained or

imagined or felt to be. It is a Gift far greater than it is seen or understood about, because the act of speech and the subject matter is always of great importance, because it can be associated with enormously great in-depth meanings that give to those present a greater understanding of what is expected of them.

I know Those of Us Who are speaking with you at this time may sound far-fetched, but We assure you, every time We speak through this *little one*, it is to enlighten or to encourage or to give strength to those who take the Words, because the Words are capable many times of meanings far beyond what the human mentality perceives it to be.

I know Our Words are different, but They are Words that We feel are necessary to put into script because They may be necessary at a later date that will give strength, hope, and much importance on what the subject matter will be.”

OCTOBER 9, 2006 AT 12:17 P.M.

“We hold *the little one* tightly because of the weight, the burden that she must endure for Our Words to be spoken in a manner that would be discernible because of the importance of what They mean, what They suggest, what They want others to learn about.

Though this definition may be difficult for some to understand, it is Fact, because We have used this *little one* for major conditions, situations, occurrences for a very long time, always trying to ease what these things will cost to her mentally, physically, thus using her strength to force Words she would be unable to think of pertaining to herself.

Those present here where We have just entered must understand, must realize, and must use the Facts, the intentions, the purpose and the reasonability for Words that you learn, because They are given to you to make evidence for what is to be followed, to be spoken, and to be adhered to, for the sake of the mental, the physical

and the Spiritual needs that are not always evident to any denomination of human life.

Our Words are very deep on this *little one* because They are Words she would not think of speaking on her own manner of concentration or subject.

There are Three of Us present, because each time We use this *little one* to be with you and We are going to speak Words, perhaps inconceivable to some, but the Words are meant to either instill or to help some form of Information to be known that it will be important when It is available to be used.

We smile at this *little one*, because she questions what We have said.

Always remember, the importance of Words is far greater than it is seen to be in a mental way, even a physical way, but definitely a moral way, but also for the importance of what is taking place or what should take place or what is reasonable for you to understand for the sake of your Soul, for the sake of your friendships, for the sake of your duties, and for the sake of what you know is beneficial to

a particular suggestion of associating the mentality to progress.”

OCTOBER 9, 2006 AT 1:21 P.M.

“Changes in the human element of life, of living, have and always have been detrimental to important facts, situations, conditions, and means of association, means of delivery, and means of calculations on different subjects.

The world has been very often exposed to jealousies of human minds or decisions of human minds that like to change things to suit their own benefits.

We could speak hours on these subjects and the hours would run into more hours, because each subject has more than a definition, it has a very large amount of descriptive wrongs attached to much of it.

Let us take two people arguing. Would they look promising? Would they look tactful? Would they look dignified? Would they look happy, or would they look stressful and perhaps very unattentive because they want only themselves to be heard?

This list could be endless in words, because the human mentality very often tries to extend or expand or to be capable of using terminology that is basically unsuitable to the full definition of the subject matter.

You may wonder why I would discuss a subject such as this. I do it only because so many human beings try very hard to draw attention, and oftentimes misuse the words they feel are the most advantageous to the subject they want to reveal.

I will stop for now, but there is more that I would like to discuss because of the necessity for it.”

OCTOBER 9, 2006 AT 2:37 P.M.

“There are Several of Us present because of the importance of how you walk, and in your abilities that you can communicate verbally, physically, mentally, even spiritually with others like yourselves.

What I have just spoken may seem unusual, but it is to encourage you all that you have a specific Gift, and that is being able to communicate with other human beings irregardless of what gender they are, because the human mentality has the ability to know many different subject matters that give to them the understanding in a more way of being able to associate personally with others they barely know.

In the Creation of human life as human beings, it was extraordinary sometimes to see the surprise on some of their faces or in their voices, because in the Creation of human life, at the first sign of it, some things are not designated as important. It is all taken for granted that it is being done

properly, acceptable, and according to Divine Will.

We want so much sometimes to be openly aggressive with some individuals who do not understand what the Gift of Spiritual behavior is. Please remember this, because it is so important to value what the male would act like, and what the female would respond to and act like, and putting both together, the tremendous amount of talents, abilities and communications that the opposite in this fact of living, fact of life, can help those in it to succeed extremely much.

I will stop talking, because I know My Words may be difficult for some, but Those of Us present here now, wanted to make a point of what you are the custodians of, in how you will dismiss what is spoken through Many of Us, and how you will instruct those who will be learning from you, the important facts of how to live in a manner each one was created to follow.”

OCTOBER 9, 2006 AT 3:20 P.M.

SEVEN CHILDREN SAINTS

“There are Seven of Us present. We are happy because We like being where *this lady* is that talks so much to a lot of people We know, and if We talk like she talks, then other people will hear Our voices and will tell Us that We are nice people, We are nice children.

Today We were allowed to talk and We are happy for it, with it, in it, on it and to it.

Thank you for listening, because We really wanted to say that We love her and We love, of course, God and Everyone Here in the Heavens. Thank you for listening.”

OCTOBER 9, 2006 AT 3:41 P.M.

“We are always happy when this *little one* finds the time to speak to Us in her own way, addressing the importance it is to her to be with Us because of her love for The Divine.

The world has been Blessed abundantly by so much being allowed to be understood regarding The Holy Trinity, and the Importance of Those Who walked the earth at another time; but even now, We often say, ‘*Heavenly Father, bless those who walk based on their communication with You, because We sincerely feel that their love for You will help others like Us more fully understand the privilege it is to walk in the human way, living like a human being, and yet be a very large part of Divine Plan.*’”

OCTOBER 10, 2006 AT 12:11 P.M.

“We are holding *the little one* tightly. There are Several of Us present.

We have come to tell you about an occurrence *the little one* was requested to walk: a tightrope. The rope was far greater in what it was designed to be, than it was thought to be. As **We** put her on the tightrope, she was requested to make one step at a time. Many of Us present pleaded that her time on the strip of line would be over quickly, but it was not, because she had made a statement that for every step she took, it was to secure or release or give strength to someone who was about to finish their means and be in Heaven.

We All smiled at this because this *little one* oftentimes offers her time, her energy and her love to aid those who are ordinarily requested to walk to release themselves from many sinful tasks.

Thank you for writing what you have. There is so much **We** like to

release, because it is important for others to know that this *little one* does not just walk the easy road.”

OCTOBER 10, 2006 AT 12:30 P.M.

“There are always Many of Us where this *little one* is. We use her in more ways than she has ever talked about.

It is time for others to more fully understand that to be created a human being is a Beautiful Gift of Divine Plan. It gives to the individual strength, purpose, and types of logic, helping any need that could be beneficial. The list is endless, but We are always happy to participate in others; also, even when their birthday is not at this time, because the very idea that a human being was created is a Gift of Divine Love superseding any other good act for it, about it, in it, because just the very fact of the creation of life gives so many, more understanding of what life is created for, by, with, and it gives to human life something that no other time in life gives — the Goal for the Soul.

The Soul is happy when It is given the privilege to be created within an individual at any time, because the

Soul is the recipient of everything that occurs, and of course, the result of the Gift of life at a given time.

I could speak hours on this subject, because It is a Gift of Divine Love. It is also a Gift that gives to the life courage and many times, many ways, of showing Great Worth.

I will close, but as I do, I say to all present here, ‘Always remember, Blessings come in many ways,’ and as I leave you on this day, I say, ‘*In Nomine Patris, et Filii, et Spiritus Sancti. Amen.*’”

OCTOBER 10, 2006 AT 12:45 P.M.

SEVERAL SAINTS

“Yes, there are Several of Us present. It is because We enjoy being with this *little one* that is so capable of speaking what We want spoken and delivering It in a dignified, loving manner and way.

Throughout the world there are thousands, even millions of human beings who in speaking about a condition or situation, sometimes offer it in a different manner and way; thus, it not being pleasing to those who could use what there was to say. Remember this when you speak to others about things you want them to know, things you want them to remember, and things that you want to show representing you.

I know We speak differently sometimes, but We have been given a Blessing that allows Us to participate in things that We feel are good, They are helpful, and many times They deliver to others Information that others would not have, and the Information is complimentary and has a lot of

worth in It to show the good points, the happiness, or the satisfaction that another human being is capable of allowing to be seen.

Remember this, because it is an Act of Love on Our Part to want to speak These Words, thus spreading to others the importance of association physically, mentally, morally, psychologically, thus using time, but also, the art of speech.

Please remember this, that We say these things to help you remember that They are things that are beneficial, not just ordinary.”

OCTOBER 10, 2006 AT 12:56 P.M.

SEVERAL SAINTS

“There are Several of Us present. Part of Our Tasks is to help so many people to read what We know Others have delivered.

It is important that We pass on to others important Words that will give them strength, purpose, and more understanding of a subject that perhaps one day might help them become ‘a Saint’.

Remember this, and you should remember that everything you partake in, in what you are doing now, could be a Great Gift of The Father’s Love to be passed on to others in how you think, how you speak, and how you deliver Messages that will aid people that you do not even talk to, but they will hear what you have to say, and it will help them in a very loving way.”

OCTOBER 10, 2006 AT 1:38 P.M.

“There are More than Three of Us present due to the fact that this *little one* We use for so many things, and have for a very long time used her, she is well-alert to Our Presence, Our attitude, and the manner in which We use her to give Us aid when We feel it necessary for an important subject, important object, important situation, or an emergency.

So many times human beings of all ages, when faced with major projects, major conditions, major situations, major facts and major questioning, they do not know how to make claim to what they feel is justifiable. So many times situations or conditions that need extra care, also a deeper understanding of what is valuable to it, to them, for it, for them, or in the end result being beneficial to what it was prepared for, We are finding that so many individuals do not see all the characteristics that are necessary to remember what is going to be valuable.

What I have just spoken may be difficult for many to value or to understand, but as time goes on, and more important things have to be faced, it is important that those who are responsible for the correct decisions, sometimes have to stand firm and dismiss what others think should be there, because due to the fact that there are various methods, means and/or backgrounds that have the ability to synchronize and/or evaluate the necessity in a closer form of communication.

Some will say, ‘I do not understand,’ but with a firm look on Each Word, there is a necessity for the individual to look at things realistically, logically, and with understanding Its worth.”

OCTOBER 10, 2006 AT 2:45 P.M.

“Yes, there are Two of Us, but there are even More than Two that *the little one* has not yet seen in Our Company, because Many stand back so she does not get frightened or concerned at the amount sometimes present when she is requested to speak some Words.

Many times in the History of human beings, there were many decisions to be made regarding certain important facts, conditions, situations, problems, and ideas for progress. Yes, many were evident to be able to keep active, different backgrounds that could easily have submitted their tactics, their knowledge, and made many places much more advantageous, interesting and enjoyable.

We speak often through this *little one*, sometimes just on personal issues, because she is always available to what We feel is her natural politeness to Those of Us Who she feels are sincere on how We act, talk, or think regarding what you put into script for some use.

Throughout the world there are millions of people that, if knowing about All that occurs here was allowed to be released openly, many would want to be able to understand the productivity and what it was suitable for, to, with and how. Logically though, as you are the ones to make decisions regarding what should be, what will be, what can be, We are All ready to give you the aid necessary. We promise you that, because God's Love for you is Greater than We ever mention It to be, but We can assure you, It is evident in many ways and many times because of the respect you have for Him in how you act.

I will close, but We will return when We feel the time is right and necessary."

OCTOBER 10, 2006 AT 3:25 P.M.

SEVERAL SAINTS

“Yes, there are Several of Us present, and We are All happy to listen to what you are speaking about and confirming how you feel about the individuals that you were given to protect and to help, and to identify with, for, in ways not always discernible, but logical.

So much could be spoken about, all based on sincerity and sincere Love for the association to be a connecting link to serve The Creator of All Things.

Thousands of Words can be written, but We will stop here because of the importance of just a few that We have mentioned that will always be sincere and in thanksgiving for what They practiced at a time that was dear.”

OCTOBER 11, 2006 AT 11:16 A.M.

“This *little one* bears many Responsibilities inconceivable in the minds of others. Though it is difficult on her, with her, for her, We are obligated to continue them because of the necessity for them in the lives of other people.

You live in a time wherein there is much need for understanding in regard to the reality that every human being must follow in a proper order of thinking, of action, and of associations with others like themselves.

Some reading this might question this last Statement, but it is important for It to be understood, due to the fact that certain customs should be looked upon for the worth they are, not just an opinion of what they speak of. Like all speech, there is meaning in it, reason for it, and understanding to it that is oftentimes beneficial for a long time after it occurs.

In the human way of life, there are many assets to it, and basically it is gifted with much logic.

I could speak hours on the importance of what every human being should not just accept in the Gifts they receive mentally, physically and spiritually, but be grateful for the Association of Divine Love.”

OCTOBER 11, 2006 AT 11:50 A.M.

“In the Creation of human life, in the very beginning of Its willingness that Many of Us encouraged, It was a Gift that was given with Love for The Divine so that human beings at that time would fully understand what a close Association they were capable of having and using because of the Importance of It and the Divine Love It was designed for and about, for them.

Each day that you greet with an open mind, it is a day that oftentimes will prove it was worth what you felt, because each day is meant to give strength, hope, understanding, courage, and yes, an innate sensitivity to Divine Love for the Communication that did not have to take place, it came automatically at time, in time, for the Importance of the Soul that you are the custodian of, and the Soul that will one day return to from Where It came, called ‘Heaven Above’.”

OCTOBER 11, 2006 AT 12:33 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

It is with Great Love I speak on this day, because in so many ways you have adopted a means, a condition and a manner of doing things that is so pleasing to All of Us Here in the Heavens.

Kindness is one of your best acts, because in kindness others respond, and then when you desire to help someone, this act is always one that We enjoy seeing, because in a friendship there is one way, but in an act of help, concern, consideration or love for The Divine, it is and bespeaks much devotion to What is in Heaven, to Who is in Heaven, but the Purpose for Heaven also.

I could speak hours on what I feel on this day, not just what I sense, or what I know, because All of Us Saints want so much to understand what you think, you do, and you say. Do not forget, there was one day when We were upon the earth in the human way, and We understand totally the

privileges of being a human being; but We gather today to thank you for all you think, you speak, you practice and you help others with, because it pleases The Heavenly Creator to the top of the limit.

Thank you for being so kind, so generous. It helps Those of Us Here to work even harder for you.”

OCTOBER 11, 2006 AT 1:05 P.M.

“There are Several of Us present because of the importance of how We feel regarding human versions of what is correct, what is incorrect, what is promising over what is disappointing, what is cruel over what is, in some ways, evident in everything a person thinks, speaks, does, practices, and partakes in continuously.

You may ask why I would speak this way on this day. It is because We Saints Here in the Heavens innately want all things to have pleasure in them, to have joy, and to be handled properly, morally, mentally, physically, psychologically, because in the Creation of human life so much was entered into, thus trying to make all things feasible, practical, but also have pleasure in them for whatever they were instructed to do, to be like, or to look like for those who would be part of what they were all about.

Several of Us are present now. We are All aware of the tasks you have responded to and accepted for your

way of life at this time. It is indeed a pleasure to work with you, because We want so much to have your work show in a way, in a manner and a degree that you have the capabilities to do many things, but you also have the capabilities to be in earnest about what you feel you are capable of doing.

I know what has just been spoken is not what you receive to see or read very often, but I beseech you, do not forget, ‘A Creator of All Things created you, and He, in His Love for this Gift, would appreciate everything you do.’”

OCTOBER 11, 2006 AT 2:15 P.M.

SEVERAL SAINTS

“There are Several of Us present. We always are wherever this *little one* is.

We caught Ourselves today describing to her something We oftentimes see. It is Our Heavenly Father, Part of The Holy Trinity. He oftentimes makes His Appearance available because of something He has to show Us, or to speak about, or for Us to possibly use: an idea, or a condition that would help many other individuals over a difficult time, and help them perhaps find a reasonability to do something practical that otherwise they would not have even thought about.

To be a human being is definitely a Gift of Divine Love. We All smile when I say the next Words. When people of all ages at this time look into certain books with pictures of men, women and even some children dressed according to the style that was available a long, long time ago, it expresses History, it expresses how different life was at

that time, perhaps even in language, or in actions or in moods, or in also how they dressed their bodies to be considered very nice. Much was always looked into so that conditions or situations would always be not just practical, but have a refinement in them so as to not embarrass anyone.

All These Words have meaning to Them, and the next Words will too.

When a human being decides to make a new start morally, mentally, psychologically, physically, spiritually, it sometimes causes others to get too involved with it because of their curiosity or their natures or their desire to be comparable to what the situations are.

All these things I have just spoken are in the History of human living, human way of doing things.

Now let us take the time that an individual is in what is called 'soundless' to them, because they are no longer in the living state. This time is a very important time, because choices are no longer part of what they are. Everything from this point on, is either judged by someone else, either

friendship, family, or just someone that is in charge of taking care of them.

The reason for how We speak this way, why We speak this way, is important. As you walk through life daily, wouldn't it be wise to think of the future and have it planned your way so that others would not use it the wrong way for you?

These Words may not sound good to some and may upset some, but We assure you, All of Us present here today, whatever is practical your way, We are sure you announced in some way, somehow, somewhere. It will be remembered because of the association that you were associated with, and do not forget, God, in His Love for you, will help the results be more what you would appreciate.

We could speak hours on subjects that hopefully would please you, but today We know you have had a full day, and the Words up to this far, put into script, will suffice until the next time We hear you pray to Us, and We All smile at this because you did not expect Us to say that."

OCTOBER 12, 2006 AT 8:35 A.M.

“We smile when We see how well you know Us to be. It is always a joy to see those in the living state remember Those of Us Who walk in a different Light, but for a purpose suitable for human needs, human assistance, human association, due to the fact that We are capable of assisting when it is right.

We hold *the little one* tightly and We use her very often, many times in ordinary ways, mannerisms and discussions.

She says to Me as I speak These Words: ‘I know You are really present. You would not have known what I was thinking.’ We All smile at this because she is constantly aware of many things.

This Gift is based on Divine Love and the desire for Divine Intervention to assist and to be able to aid when a situation or mood or some value of some kind is necessary to provide or to discuss or to dismiss.

**Thank you for taking My Words
because when We deliver Them, it is
Our Way of letting you know We care.”**

OCTOBER 12, 2006 AT 12:35 P.M.

SEVERAL SAINTS

“There are Several of Us present. We do this many times through this *little one* because of the Importance in how she walks for The Divine, and because The Divine has requested so much to be spoken about, learned by, and given respect for What It stands for.

You live in a time where much can be learned, where much can be talked about, much can be interested in, and much can be given the respect of being What They are, Who They represent, and They have been able to walk into Heaven and be called ‘a Saint’.

We say These Words just to help you remember that as you live each day, you have an opportunity for a Goal that will help you become ‘a Saint’.”

OCTOBER 12, 2006 AT 12:40 P.M.

SEVERAL SAINTS

“There are Several of Us present. We come at this time at the request of The Heavenly Father because He wants so much to be understood, and for human beings of all ages to feel the necessity for making certain things a practice because certain things can be evidenced in how they live, how they speak, how they walk, and yes, definitely for the purpose of what they want to do and what success they want to have doing it.

Human life is a learning state. Human life has the privilege to one day become ‘a Saint’. Human life is given so much, because every human being knows right from wrong, what is good over what is evil, what is just over what is unjust, what is hope over despair, and what is kindness over many other words that are available, thus making it opposite of what it is suggested to be.

So Many of Us Saints truly believe in what We are helping you with, aiding you in, and caring you for

**your time to one day be with Us Here
Where We are.**

**Thank you for listening, and
thank you if you took Notes on what
We spoke. Never forget, God loves so
much to be thought about, because
in the thinking you are bound to find
Truth.”**

OCTOBER 12, 2006 AT 12:43 P.M.

“So many times We want to speak openly to several of you at one time because of how important We feel the Words can lead you into a more emphatic understanding of what you are expected to be like, or expected to do, to follow, and to act like in the human way because of the Importance of being created a human being, and that you are expected to be all the things that are decent in the Eyes of The Creator of All Things.

We will speak more on this because there are so many facets of it that need to be learned more indepthly, because in the human manner of thinking, so many times things are excluded, or dismissed as not being important, also the definition is many times not understood in what It fully means as a direct responsibility, either against what the Words signifies, or what the act it represents signifies.

Always remember you are Loved more than you know you are. You are given so much to help you become

‘a Saint’, because that is one of the reasons you were created, and that was to return to from Where you were begun; and that is, to be returned to Heaven to live in the manner and way it is designed for the human Purpose that gives dignity to its existence, and a Spiritual manner for everything you think or will think, say or will say. Remember this.”

OCTOBER 12, 2006 AT 1:21 P.M.

“We All smile because We do so very much love to be with this *little one* that uses tricks to get her way, and oftentimes distracts Us with conditions or situations or ideas that she knows We will be attracted to, thus giving her a chance to do things she might want to do.

Blessings come in many ways, good luck comes in many ways, and The Saints are very often present, but you cannot see Them, hear Them or even feel Them.

In the Creation of human life so much was considered, giving to human life benefits that would be happy to have, because it would give to life more means, more chances to do things that the mentality perhaps would not even think of, but the body would respond, does respond, and is willing to respond each time it is in the area of some things it would be happy to be part of: a store, a vault, a streetcar, a bus, or a place that would show many

things that the individual would enjoy buying, having or using.

We smile at These Words, because They are Words just to hint at what We would like you to remember about what human life is capable of.”

OCTOBER 13, 2006 AT 11:45 A.M.

“So many times, Many of Us Saints Here in the Heavens would like to communicate with those of you who are yet in the living state and are active in the world.

Basically, how you live is a Gift of Divine Love that gives to you abilities in ways that can help others more fully understand what a privilege it is to be a human being and have the Blessings that go with it spiritually, mentally, morally, psychologically, and in one’s own concept of how Important human life is, because it is a Gift of Divine Love based on Divine Will, Divine Design, and Divine Hope that it will one day return to Heaven as a Beautiful Gifted Saint.

Each Word I have just spoken is a Gift greater than perhaps it is understood to be, because it is not ordinary to the human manner of hearing or seeing or feeling, but always remember, when The Creator draws attention, He does it with much Divine Love from The Holy Trinity.”

OCTOBER 13, 2006 AT 12:07 P.M.

**OUR HEAVENLY FATHER
OUR HEAVENLY MOTHER**

“I am your Heavenly Father.

I am your Heavenly Mother.

There are Several Saints present Here Where We are, because They want it understood in the right way that this *little one* We All use to communicate personally, verbally, with what We want others to know. We stay close to her, due to the fact that Our Desire to accomplish what We come to the earth to do is of a Great Importance morally, mentally, psychologically, physically.

Today was a very special day because of Our Love for *the little one* who walks a tightrope for Our Words to be heard as We Decree Them to be. It would be more difficult for most to understand what a Task This is and what a Responsibility It bears, because It is always meant to help Souls of individuals present, or some who are just not quite present, but nearby.

You live in a time wherein so little is understood about the real

communication human beings have with Divine Will.

I will close, but as I do, I feel I should let you know: To have what you receive every time this *little one* is close to you is a Gift far greater than you understand It to be, because We use her in many ways, many times, and in many parts of the day.”

OCTOBER 13, 2006 AT 1:04 P.M.

SEVERAL SAINTS

“There are Several of Us present because of the importance of what this *little one* is subjected to every moment of every day, due to the fact she was chosen at a very young age to be aware of what was important for Spiritual understanding, Spiritual participation, and Spiritual knowledge.

You live in a time wherein there is so much controversy regarding what is proper, what is improper, what is just over what is unjust, what is truth over what is untruth. The list, of course, goes on and on and on; but as We speak today, We want you to understand that Everything We pass through this *little one* is of Top Measure and Spiritual Understanding, but also from The Divine, for the Words to be seen so that those reading Them and those having to understand Them are for the correct Ones to use for their mentality, for their will, for a long time.

We will close, but as We do, We say, ‘Sorry We spoke so quickly, but it was important for the necessity for the

**Words to be spoken in the way We knew
They would be addressed properly.”**

OCTOBER 14, 2006 AT 10:08 A.M.

SEVERAL SAINTS

“There are always so Many present where this *little one* is; not just those who work with her or visit her, but Those of Us Who have served with her for a very long time.

It is so important for the Words that I am going to say, for Them to be spread amongst others, in some ways awakening them to how close We are every day.

The Gift of what is called ‘Holy Communion’ has more Strength in It, Love in It, Hope in It, than It is understood to have.

So many times when different ages of human life request help, either mental or physical or Spiritual, Many of Us Saints are present and do all We can to support a degree of strength, understanding and logic for the one praying to have. Prayer is a greater Gift than it is seen to be by many, because prayer is a communication of strength, of purpose, based on Divine Love for The Holy Trinity.

We will close now at this time, but We are always happy to speak Our Words to give strength, purpose, hope and a Light of Divine Love because of the Communication that has so much in it, so much caring. Remember this.”

OCTOBER 16, 2006 AT 11:55 A.M.

“There are Several of Us present with this *little one* because of the importance in how she sees so many things that can be helpful, can be dangerous, can be serious and/or can be very beneficial to the average person.

So many times that We have spoken through her, to her, We have used Words to help others more fully understand what a Precious Gift human life can be to the one in whom It is placed, giving strength and a deeper understanding of the motives for being a human being, the luck in being a human being, and the Divine Love that is automatically associated with it to give That Portion of Divine Will, Divine Love, aiding the individual to more deeply understand how important it is to be created what is called ‘man’.

We hold *the little one* tightly because of the pressure We use, the Power We use in what We reveal through her so that others will be

able to more fully understand what a Beautiful Gift human life is to man.

We have spoken These Words to help you more deeply be concerned for everything you think, you speak, you do, because of your close Association with The Divine that you cannot see, you oftentimes cannot feel It, but It is evident through This Communication with you. Remember this. It is a Gift of Divine Love that most human beings never hear about being so close to them.”

OCTOBER 16, 2006 AT 12:26 P.M.

“Even the time that The Holy Family became evident openly to the world, it was a time greater than it is fully understood to be. An Act of This Greatness, This Deliberateness, This Obvious Love, gave to human lives an important Fact: that human life was created to abide by the Laws of The Creator and to follow in a very important way, the Gift they were given as human lives, thus having It available for others to see the Importance of what human life was to mean because of the Goal that it was to reach, and that was to return to Heaven as ‘a Saint’.

A multiple amount of Stories could be discussed on this Wording alone, giving to Divine Love the credibility of giving to human lives the privilege, the worth, the Goal, the meaning that human lives stood for, without saying a word.

So much could be spoken on this Gesture of Divine Love, because it was a Great Lesson, and it was also said

in a manner and way, suggesting that the birth of a child was important and that the child's life had a Purpose.

We could speak hours on this subject and the privilege it was and is, but also the Beauty of how It was delivered in such a manner and way, giving to human beings not just the right, but the Divine Love that was reached, would be reached at the birth of a child, or children.”

OCTOBER 16, 2006 AT 1:26 P.M.

“The statement just made amuses All of Us because, yes, there are Several Here Where We are.

You live in a way, at a time when so many human beings are trying very much to make life what they will it to be, in the order they will it to be. What many individuals try to ignore, and that is that they were created a very small individual, not able to speak, not able to do a lot of things, but time helped them along the way and each day gave them a little step, a little way. And now let us take this time to a higher time in living. We can go ten, fifteen, twenty, twenty-five, thirty, thirty-five, forty. Now, many would just use that as for the age, but We are doing it for the weight. We smile at this.

Every human being is created with the Gifts of human living: the eyes, the ears, the sinuses, the arms, the legs, and the intestinal areas if you want to be complete on all things of importance. There are other things

also, that We could talk about within the body that gives to the one living life, prestige, dignity, honor, and a feeling of being of sound cause, sound meaning, sound reality, understanding many things.

Now let us go back a thousand years. Thousands of human beings were created in quite a similar way because of the nature of how human life was to live, and was to be able to use that life in several ways. Why would I speak this way? Why would I take your time if it was not important?

First of all, human life has the privilege to be created, and to live in the beginning of creation on things that would support it physically, mentally.

Now let us go further in life when the individual was learning about many things: how to walk, and now how to think, how to express one's feelings with others like himself or herself.

The Beauty of the Creation of human life was and is far greater than it is fully seen to be, because in this Gift of life, it was designed for many things, but it was designed mainly to

one day return a Portion of it called 'the Soul', to a Place called 'Heaven' and be able to handle this change, This Way of Living in a manner and way different than expected to be.

I can sincerely say, 'I want so to speak thousands of Words on what a human life is all about.' Maybe if I get permission, I will be able to do this another time.

Thank you for listening to Me now."

OCTOBER 16, 2006 AT 2:42 P.M.

MANY SAINTS

“We are always happy when this *little one* wants to speak what We would like spoken. She says she enjoys Our Communication with Each Other. In so many ways this *little one* has walked a tightrope for many Responsibilities not yet related to the Importance of, in Our Manner of speaking through her, supposedly by her. It is always a pleasure to fill in the Words that give her the acceptance of what We want her to remember, or We want others to hear about.

You live in a time wherein there is so much immorality, indiscretions and, in many ways, just a vile contempt against what is good, what is moral, what is supposed to be pure in every facet of it.

You might say, ‘Why would I ask or talk or speak like I just did?’ It is because I want you to understand that you have the privilege to walk in a very beautiful way, always able to speak to Those in Very High Places. This is important. That is why We

speak on other issues once in awhile to allow you to remember that there is not all good available to you. It is just to remind you that you have the privilege to do what is correct, what is properly right and pure in many ways, that others would easily find wrong acceptance, wrong intuitions, wrong and unstable wording, hoping it would draw attention.

As We close These Words, it is important for Us to say, ‘Where there is honesty, sincerity and hope that is based on the willingness to follow Divine Will, We are always so happy to join in what you say.’”

OCTOBER 18, 2006 AT 11:34 A.M.

“We are so pleased that someone like you is here recognizing that this *little one* is engaged in a Communication other than what would look normal. We oftentimes use her through Messages We feel are of great importance, due to the fact that she has been trained to pass on Wording that others are not aware of Its existence. The Wording oftentimes promotes or denotes Words that have indepthness in Them.

I know We speak oddly, but We do use this *little one* to transmit what others would say is subject matter. Thank you for taking Our Words, and your time, because what We use this *little one* for is far more important than it is recognized or understood to be.”

OCTOBER 18, 2006 AT 11:52 A.M.

“There are Several of Us present at this time, because We All cherish Our time with this *little one* that delivers Words that are not ordinary to hear, but are delivered because of the importance of how you are felt for what you do in your daily way of living.

Throughout the world there are millions of human beings who oftentimes ignore precious things that they could be not just accepting, but participating in for the benefit of their Souls that are with them all the time and will be That Portion of them that will remain when the human part of living no longer exists.

We speak through this *little one* Words that We call ‘spontaneously given’ because the Words are from Us to you, to help you more fully understand what a Precious Gift human life has when it has the Goal of Heaven.

We will close, but as We do, We have put *the little one’s* hand in a way to bless you from Us, because

sometimes when We say it, you do not feel We did it, so when her small hand moves from the top down and across, you know We are present, and you must always remember that The Creator of All Human Life and All Things must love you to share with you what you oftentimes receive through the Gift of understanding the Gift of Divine Love to you.”

OCTOBER 18, 2006 AT 12:34 P.M.

“There are Several of Us present. We All feel the importance and your generosity to put Our Words into print, perhaps helping many others to more fully understand how close We are at times that are important for things to be spoken about, and important Words to extend beyond what They would ordinarily do.

In the manner of living, human beings have the Gift of speaking openly and with sound. Many times though, when the sound cannot be heard, the value of the message does not exist. That is why in This Creation of how We transfer Words, it was a Blessing beyond what It is seen or known to be, because when We are instructed to speak through someone We know will put into script for others to see, We are happy beyond what words could speak or show. Like today, when We approached where We know We could be heard, it was indeed a Gift of Divine Love because of the Message We wanted to release, perhaps to help some, maybe not all, but to speak the

Words that We were told would help in some way, somewhere, somehow.

You may be asking what the Words are. The Words are simple. Human life was created to one day return to The Creator and be ‘a Saint’. Very simple to do. All you have to know is the Facts, are the Facts, but use Them.

The foundation for becoming ‘a Saint’ is so simple. It is what a child would call, ‘No trouble, Mommy, I know what to do.’ When you awaken in the morning you know the day is Blessed because you awake, and in this open sign that you will be able to speak, to act, to learn, and to use the time in a remarkable way if you decide, is this not a Gift of Divine Love?

Just remember These Words, because Many of Us Who walk in the Path We do, it is always a pleasure to hear good words from you, and all the others who use the time to speak words that they feel will help The Divine know that they are present, and if The Divine is questioned or questionable, they know that We will speak Words that will give them what they need.

Always remember, The Heavenly Father's Graciousness and His Divine Love for everyone created has many places, many reasons, many ways, and much Divine Love to accomplish His Will."

OCTOBER 18, 2006 AT 12:59 P.M.

“I have come today with a very important Message.

At one time in My life, I decided to become a nun. I had never felt so enthusiastic or interested or happy about a decision of this manner, way.

At the time I was learning how to pray in a more important way, I was instructed to think of the words that I would say, and remember that the words had a meaning in them, for them, that would give to Those listening, what I wanted Them to hear from me. So the subject became a very important message to me, because when I said, *‘Hail Mary, full of Grace,’* it gave to me a feeling that I was in communication not just verbally, but physically. Of course, every prayer I spoke expressed to me a very important thought or commitment or value, or a communicative link in how We Both felt, or how I wanted to feel that what I was saying had a close relationship with Everyone Whose Name I mentioned.

Now all this may sound trivial to some who read it, but in reality it gives strength to one's background, one's nationality, one's interest in what prayer really says, what it speaks in words that mean something, or have a purpose beyond what you ordinarily felt about them.

Some reading These Words would question why I would put Them into print for others to read. At one time I remember hearing a Beautiful Saint in Heaven discuss this subject with Me, and it was delivered in such a way that I felt the brunt of importance in what I was saying, and I was not as well-informed as She was.

I have come on this day because every human being has within them a Portion of The Creator of All Things, This being an Important Factor in how we should live, how we should speak, how we should act, and how accountable we are for everything we think, say and do, because a human life is not just flesh and blood and other things such as these are, but every human being created has a Goal for a Portion of it that perhaps they never see. It is called 'a Soul'. The Soul is Special, because the Soul

represents more things that a human being thinks, speaks and does, than the human being understands, shows.

I am here today because of the importance those who are present where I am must understand, that though you were created a baby in the beginning of living the human way, you automatically were given every moment up to today and through today, so everything you think, speak and do, it has a background to it, a reason for it, and many other things that perhaps will help you one day stand before The Creator of All Things and say:

‘Heavenly Father, thank You for the opportunity to learn so much, because it gave me the strength to want to serve You ultimately, and it helped me understand to reach for the Goal I was created for, and that was to return to Where I am, a Saint.’”

OCTOBER 18, 2006 AT 2:00 P.M.

“You live in a time wherein there are many degrees of individuals who are of different backgrounds. Some speak one language, and others may speak other types of language. That is why it is so important when a notice of some kind is released, it has within its print, logical understanding for a source of human structure that can be understood by many, not just a few.

What I am saying is of great importance, because the written word, the printed word, has a great amount of definition seekers that like to read thoroughly what they have to perceive in structure, in meaning, and in language that is very important for their mentalities.

I will let you, at this time, read what I have just spoken so it can be established in a manner and way feasible to several languages, or several human beings who have the structure of the written Words more definable.”

OCTOBER 18, 2006 AT 2:15 P.M.

“There are Several of Us present because of the importance of what is delivered for the benefit of Souls of millions of human beings.

One of the most beautiful things to think about is that truth has its way of instilling valuable information that nothing else has the capability to do.

In the Creation of human life, there were many stages that had to be walked through, allowing different ages to understand more indepthly the Reason for human living, human life, and yes, what it consisted of for the mentality of those living at that time.

Let us take today for instance. Even though there are many situations, conditions and values of understanding when a Message is given that bears what is unusual to hear, or to learn about, it is not always seen for the greatness it is, because there are some individuals unable to discern the value of certain Words, but also, they do not have the understanding regarding why

the Words are even being spoken in the way They are.

This is sadness to Many of Us Here in the Heavens, because it is so important to follow a language or even a descriptive, orderly manner of association that gives to a congregation or just a small group of human beings, insight into what is meant by what is spoken, what is delivered mentally, psychologically, even physically by how an individual moves their hands or turns their body. This may sound difficult to understand, but it is fact because there are not always languages that are suitable to other open actions.

There are Several of Us here, and We would care very much if We could explain explicitly everything that would not just encourage, but to develop mentally in some individuals, the value of understanding indepthly how The Creator of All Things can instill important Wording based on aid for one's Soul.

The Soul is not seen very often as the One gifted to the degrees that aids the mentality and all the features of human living, like when the Soul is

understanding certain facts, certain practices, certain things that bring to it more understanding of Spiritual Aid, Spiritual Existence, and Spiritual Love for the human way.”

OCTOBER 20, 2006 AT 11:24 A.M.

OUR HEAVENLY FATHER

“In the Creation of human life, much was considered to be necessary because of what human life was created for; thus, openly speaking about the Importance of human life and what it was liable for in being given special care, plus the importance of what it was designed to handle morally, mentally, spiritually, psychologically and physically. It is and always has been a Gift greater than it is recognized by many human beings of different degrees of understanding a Blessing of this Importance.

I want to speak hours, because it is so important that every facet of what a human being is created to one day receive the privilege of, and that is to walk in the Heavens as a Saint.

I will close now, because it is important that These Words that I have just spoken be recognized as the Foundation of Divine Love for the human element of service in the human design of life.”

OCTOBER 20, 2006 AT 11:55 A.M.

THE HOLY TRINITY

“There are so Many Who have requested Us to allow Them to be with this *little one* today. She has no concept of how Many reach Us and request this, what They call, ‘Treasure to more readily, more fully understand how Important human life is, and how it is Blessed in so many ways by Divine Plan’.

As every human life faces a new day, they do not always see it as a Gift of Divine Love, but they look at it in a human acceptance of what it will be used for physically, mentally. It is much happiness to Us when We hear them request help spiritually for the sake of their Souls, because That is basically the Most Important Part, the Most Important Living Part of human way.

Each time We speak Words through this *little one*, We do it in thanksgiving to The Creator of All Things, because it is His Divine Love that shares with you and thousands of other people, millions of other

people, a Goal that will one day return the Souls to Where He is because of the Magnitude of Divine Love that is always present for every Soul created the human way.

Never forget These Words. They are Words beyond what the human mentality wants Them to be or feels They are because, basically, it is based on a Gift far greater than the human mentality understands it to be.

To be created a human being is a Gift of Divine Love, Divine Hope, and yes, when the time comes and the Soul returns to from Where It came, All of Heaven shows a Joy that nothing else created can.”

OCTOBER 20, 2006 AT 2:03 P.M.

SEVERAL SAINTS

“Yes, there are Several of Us present. We have oftentimes been with this *little one* more than she even does not know about, because in the manner and the way of becoming a human being and then facing life as a human being with the attributes, the Gifts, the talents and the various sensitivities in the mentality, give to a human life stability in a manner and way not always seen in how well many things are being instilled to guide, to guard, and to instruct the one in whom they are, where there is important things to be not just delivered but accomplished.

There are always Many of Us wherever this *little one* is, because it is true in what she has spoken to you about. Her manner of extending important issues, considerations and/or what occurs, is many times more than you realize it to be, because It has a means, a method, a way that It delivers more than you will put into print, due to the fact that some of It

will or would or could overpower your mental remembrance of It.

This *little one* oftentimes walks a tightrope, not one that you would think it to be, but remember one thing: As every human being, when they are created and have instilled in them the talents, and also the reasonability to understand so many things, it is important that many facets of life are recognized as important measures to deal other things upon, with, or in the same manner of right over wrong, good over evil, truth over untruth, facts over wrong or illegitimate understanding.

I know there are Several of Us here and We are All smiling, because when We talk to you and We know you are putting It into print, We want it to be satisfactory to give you the aid you might possibly need at a very important point of understandability.

Thank you for being with Us at this time, because as We are capable of, able to give you Words of Communication regarding Our Presence, We appreciate your taking things and putting Them into print, thus making Us feel more secure and

**more reliable in what might happen
that you must hear about quickly.”**

OCTOBER 23, 2006 AT 11:52 A.M.

THE HOLY TRINITY

“There is no day and there is no time that We do not ask this *little one* to communicate for The Divine. This may sound wrong to some who hear the Words, but she has been in service for a very, very, very long time. Her response is always in conjunction with what is physically, psychologically, intellectually satisfactory to every fact concerned.

We hold her tightly at this moment because of the Power We Are, and how strong It is in her body to be able to repeat what We Will others to know.

For a very long time this *little one* has walked a very tight tightrope, only because how she has been trained to respond to circumstances or individual people is far more important to her, but also very difficult in some cases, because those listening, those watching, do not have the background to understand and/or support the manner in which she lives, the manner in which she handles

serious considerations, plans and understanding.

You may say, ‘Why would I talk to you like this?’ It is to help you more fully understand that in living the life of a human way, every human being has the privilege to do it right over wrong, and accept what The Father Wills over what they feel it should be.

We will talk more on this at a later time, but We assure you that where this *little one* is, We are. So be it.”

OCTOBER 24, 2006 AT 11:50 A.M.

GOD THE FATHER

“There are Three with Me. We arrived at a later time today, due to the fact that this *little one* We use had several situations, conditions, that had to be considered not just private, but accomplished.

As We speak to you today, it is because We care indepthly about how you associate your daily manner of living with Divine Love, Divine Desire, Divine Presence that is always available, and you do not see It, you do not hear It, and most times, you do not even feel It. It was designed to be this way, so that your mentalities could always remember that the Presence was evident because of the necessity of your Soul that depended upon this Association to help It in every way It would have to live at a given time.

My Words are not as usual, I know this, but They are Words to give you an understanding that perhaps was never spoken in this manner or way, but always remember, as you were created a human being, you were instilled

with the advantages that this Gift was capable of in everything you thought, you did, you requested, because every human being is gifted with the Sign of Association in a personal way with The Divine. Never forget this. It was a Gift based on Divine Love for the Soul that you are the custodian of.”

OCTOBER 24, 2006 AT 12:48 P.M.

“We have asked *the little one* for prayers, because a child is being born at this time, and it is important that Heaven knows how much this child will mean to many human beings at a time unseen now, but understood to be able to conquer many wrongs and fulfill the Will where it is needed.

We pass many things through this *little one* because of the importance of what they mean. She is always reluctant to speak about them, but today We are using her to tell you what is occurring.

We will close, but as We do, We want you to always remember Our availability is continuously present, and We like it when We see and know that you, as a human being, desire to ask for help for yourself or for others who need them.

Thank you for listening to Me, because the human communication We are always available in, to, for. Remember this.”

OCTOBER 24, 2006 AT 1:15 P.M.

“There are Several of Us with this *little one* today.

It is important each time that you have the time to pray, and to see the beauty in the celebration of a Saint’s Name, showing the Saint as having achieved a lot of things that helped in many ways.

I know I am going to speak differently, but it is always a privilege to speak where this *little one* is. Each time We are told to draw her attention for something to be spoken, delivered and/or shown, it is of great happiness to All of Us Here in the Heavens, because We know it will represent what it is set out to do, but it will also draw attention to what it is, and why it is being allowed to be seen or to be spoken about or to be understood in a deeper sense of reality.

Most of Us Here in the Heavens could speak hours and hours and hours on different subjects, important, because they describe so many beautiful occurrences, situations, and

times in which Saints excelled in what They saw as so beautiful, so fair, and so memorable.

We All smile as We close, because there are often Many of Us present where this *little one* is, but We will return, We promise you, because The Heavenly Father Wills it to be for Us to do.”

OCTOBER 25, 2006 AT 11:26 A.M.

OUR HEAVENLY FATHER

“I have come to say ‘Thank you’ for participating in helping this *little one* fulfill her Task of service to The Holy Trinity.

In so many ways so much is accomplished aiding others to more fully understand a close association with Divine Plan has much and many merits to it, in it, for it.

We oftentimes use this *little one* to draw others’ attentions to Our Presence because it is, in so many ways, important for all ages of human life to more fully understand how important it is to be in communication with Divine Will, Divine Presence, Divine Love, because of the Souls that need this attention because of the importance in how they live, how they serve, and how they accept who they are, what they are.

It is difficult to close Wording such as this is because We are always happy to communicate, thus aiding those present to understand Our Presence and Our Reason for it.

We close. Those of Us present say: ‘Thank you, and God will bless you for your time. He promises this.’”

OCTOBER 25, 2006 AT 11:45 A.M.

“We are happy to be a Part of This Gift of Divine Love because It is to aid not just those present, but those who will read a Gift greater than It is understood to be.

Each human life has the time and the ability to seek all the important facts that are available to them, for them to more indelibly to realize how close human living is to the Divine Way of Life.

We could speak hours and hours and hours in how much We love this *little one* who is always available and ready to speak for others to be more advanced in how close they are to Divine Will, Divine Love, Divine Intercession, Divine Hope and Divine Presence.”

OCTOBER 27, 2006 AT 11:29 A.M.

“We use this *little one* many times, not always necessary to be put into script because there are so many things that can be spoken and just remembered.

As you receive a Gift denoting that you believe in What This Gift stands for is always precious to see. Faith in Divine Hope, Love, Security, is gifted in many ways, perhaps too many to discuss or point out in their full measure, but a few help others to know what you believe and what you decree your relationship with The Divine to be.

Many of Us are present always where this *little one* is, because it is important for many human beings of all ages have a subject addressed that will give them a fuller understanding on many things that are personal to them and/or that give the desire to receive what the Blessing stands for.

It is so important that there be Communication of This Measure, because so many individuals are

not instructed on their Association with Divine Love, Divine Will, Divine Practices, Divine Intentions. Remember this.”

OCTOBER 27, 2006 AT 11:50 A.M.

“There are Several of Us with you on this day because, in Our Communication with you, It is to aid many individuals on certain subjects that are needed to more fully understand what a Precious Gift human life is to mankind.

Granted, thousands of years have passed by and much has been instructed to those who would be living in the living state at different times; but, as time has progressed in certain ways, that is why We, or I should say, I have come to deliver Words in a manner and way that cautions you, or give you a different understanding on certain matters that you could be faced with as the years go by in how human beings live: sometimes very forward, sometimes indifferent, sometimes not considering the importance of what they must do to be morally sound for the sake of their Souls.

I will not speak longer at this time, but Our Love for human beings is definitely Divine Love for the Souls

that are to return to from Where They came at another time.”

OCTOBER 29, 2006 AT 11:46 A.M.

“We enjoy this time with you because it gives Us the opportunity to express how We feel mentally according to what We know to be so factual, so serious and so communicative between Us.

Time, to every human being, is far more important than it is shown to be. This sometimes is a sadness, because time gives to every human life the ability to use time guiding, guarding and/or fulfilling what time is important for, and that is the Soul that is in so many ways that close Association with Divine Will in every human creation born.

We are showing this *little one* the importance of what communication can give to the mentalities, to the motions physically, and to what is important for the Soul to be shown as, because the Soul is a Gift of Divine Love that should never be cast aside. Remember this.

We will release *the little one* slowly because Our Power is more

in-depth than It is understood to be, and her small body is forced to withstand the pressure We are when We want to speak Words to you through this *little one*.

Always remember, the Gift of human life is a Gift beyond what it is seen to be.”

OCTOBER 30, 2006 AT 11:25 A.M.

“We are always happy to watch how you take care of each other regarding such an important Gift of Divine Love.

Today is a day to follow in a manner and degree not just feasible, but perhaps interesting because of your communication with Divine Will, Divine Love, and the practice of Divine Intercession that you are accustomed to.

The Beautiful Communication that you are close to, even associated with when you receive the Gift that in many ways is far more important than it is fully understood to be. It is more than it is understood, because when you receive this Gift, it is to give you the strength morally, mentally, psychologically, physically, thus allowing you to be able to fulfill important tasks that are considered mentally important, physically justifiable, and will aid others to more deeply understand more indepthly, the change that can occur through the

Blessing, the Purpose, and the Will of The Divine to support a Gift of Divine Love based on the Will of The Holy Trinity.”

OCTOBER 30, 2006 AT 11:50 A.M.

MANY SAINTS

“We have requested *the little one* to speak to you with Our Words, Our consideration and Our sincere interest in your Souls that you must be aware of at all times, due to the fact that a Soul in the human life is a Gift of Divine Love, protecting the body and the mind to one day become ‘a Great Saint’.

So little is understood by so many human beings when it comes to what is morally sound, morally beneficial, morally logical, because every human being is created with a Soul, a Portion of The Creator, a Gift of Divine Love that nothing else created is gifted with to such a great measure of hope, interest, concern, consideration, and yes, protection.

The little one We use is more with Us than with you because We are so close to her, because she was chosen to do what she is, a long time ago.

Responsibilities are numerous. Much caring is always evident, but her love for The Divine beyond what would

be logical to assume it to be. (They are smiling at me.) There are Many of Us present, and We love her very much because of her desire to please Our Will, Our Way, Our Love that exists continuously.

As These Words are closed at this time, All of Us Here in the Heavens want those yet upon the earth to realize what a Precious Gift being created a human being has given to the Soul and to the mind of everyone created because of the importance of this Communication that must be understood as a Gift far greater than it is seen and/or expected to be. Divine Love is a Love beyond human understanding. Please remember this.

We are holding *the little one* tightly. She does not like to move. We are doing it because We love her and We appreciate how she delivers Our Words for the Souls of millions of human beings.”

OCTOBER 30, 2006 AT 12:13 P.M.

“We are so happy to be in your midst because it is so important for your Souls to remember a time like this, and to share at more times to come that will offer you the Presence of the Beautiful Divine Ones.

There are so many things We like to speak about to share what We are capable of being Part of. Please, when you say a ‘*Hail Mary*’ and an ‘*Our Father*’ or an ‘*Act of Contrition*’, never forget These are communicative measures to allow Those Here in the Heavens to remember, you remember Them in a very personal way.

Thank you for listening to what I just spoke. Maybe We can do it again.”

OCTOBER 31, 2006 AT 11:28 A.M.

GOD THE FATHER

“This *little one* walks a Path of Great Importance due to the fact that It emphasizes the Soul and what the Soul is to the Importance of being a human being, because the Soul is That Portion of Who I Am, The Creator of Life to all of human lives, thus using living as a condition and/or a situation that is a Gift greater than it is seen to be or understood to be.

There are so many times We want to speak through this *little one*, alerting those present that We use her in many important ways, thus delivering to others what We want them to know because of the Importance of their Soul.

We would like to speak hours every day on all the Spiritual Facts that make being a human being special, important, and an exceptional Gift beyond what it is oftentimes to be seen as, seen for, seen to be: the recipient of Divine Love.”

OCTOBER 31, 2006 AT 1:27 P.M.

“There are approximately Twelve of Us present. This is not Our usual number when We requested you to hear what We have to say, and what We request you will put into print for others who are human in every way, to be able to more fully understand that time sometimes causes changes, delays, or impersonations that can be dangerous to moral and mental manners of doing what is normally practical.

I know speaking These Words is not what you would like to hear but, nonetheless, sometimes facts serve a greater purpose for how you will think, how you will act, or how you will present to others your intentions that are moral or the opposite of that.

So many times Many of Us want to speak openly, not to exaggerate Our Importance, but to aid those in the living state to more fully understand that time, though it is wonderful to have, many times addresses a change of what is going on regarding morals

or human intentions or personality changes that could in some ways draw from what is good, and make it something that is not morally sound, morally feasible or morally acceptable.

So Many of Us Saints, when We speak through this *little one*, We want so much for what We speak to be an additive to what you feel is good, personal, and gives to you a feeling of justice, hope, and what to look for in the future.

I could speak hours, All of Us could, but as I close These Words at this time, I say, ‘Never forget, The Heavenly Father, The Heavenly Mother and All The Saints want so much to gather more Saints because of the Importance of this Station of Life and all the things that It is in charge of, helping the Souls of millions of human beings to more fully understand what a beautiful Gift human life is to man.’

None of Us want to leave but We were beckoned to say, ‘There will be another time that We will speak on the subject We just did.’”

OCTOBER 31, 2006 AT 2:39 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

It is such a joy to see what just occurred, because Those of Us Here in the Heavens Who know and Who experience how much help can be given when something like this occurs, it is always a delight, it is a treasure because All of Us Here in the Heavens want only happiness for those yet upon the earth and We want their Souls capable of and able to, to walk a path of Divine Love.

Divine Love has a way of being so upright, so emphatic and so clearly stating what is to be, what They Will to be, and the importance of what is spoken verbally.

I will close, but as I do, I say to all present and those who serve where this *little one* is, ‘Thank you for your patience, your interest and your caring, because so many times, whether you know it or not, We use you to certain facts, certain conditions and certain necessities, but they are always in good taste and sincere in what they

are used for; but, never forget, your love for The Divine is never away from Us, because so often circumstances, situations and other things are Blessed when your kindness is the means for success.’’

NOVEMBER 1, 2006 AT 11:24 A.M.

“In so many places throughout the world, We try very hard to indoctrinate minds to more fully understand that through the physical part of human life, it is a beautiful Gift with so many Gifts within it for the purpose of the one who bears it, to be able to use human life in a multiple of human ways.

Some might ask why I would speak These Words. It is because many human beings look to and at each day, not fully recognizing the full measure of Gifts that to their living life’s special Gifts such as mentality, sight, speech and all the physical assets that use every fraction of human life, allowing the one they are in to be able to live as a human being in a manner and way obviously capable of so many Gifts.

Today as I close These Words, it is because you will see that others will be given hints to how lucky they are, how gifted they are, and what a Treasure human life is. Animals don’t

have these Gifts. Trees don't have these Gifts.

Remember, to be created a human being is just the beginning of what human life is capable of having. Divine Love is evident in every facet of human life because of the Importance of it, and the Goal for which it was created to one day be able to cope with All the Gifts it was created for.”

NOVEMBER 1, 2006 AT 11:52 A.M.

“Some might question why I would be so slow in getting here. I smile at this, because this *little one* I use for so many times, I try very hard to be nice to her. She enjoyed what I said.

I come on this day because I care. I come on this day because I feel that My background and the Way I live, in the Way I live, is far different than the way you live, but it is a manner and privilege beyond what it is seen to be, or heard about to be, because I walk in obedience to The Holy Trinity.

Throughout the world at this moment, there are individuals who are thinking about saying a prayer. Some feel it is a manner and way to make them comfortable for the rest of the day. There are some who say the prayer to get attention from The Divine. This is good because, do not forget, Everyone Who has reached Sainthood has the ability beyond what you understand ability to be, and that is to aid you, to comfort you and to console you, to guide you and to give

you strength to persevere in what you know you should be doing, because life in the human way is important. It has Gifts not always used, but it does have Gifts available to it. A Gift of this measure is somewhat like what The Heavenly Ones do when We ask for help. Is that not so?

Some who hear Me speak These Words may wonder why I speak Them the way I am. It is because I want you to know that I lived a human life your way a long time ago, and when I was told the time had come that I would have to live it differently, I know now so much more, and I know now that there is a Goal for human life. Never forget this. It is a Gift of Divine Love from The Holy Trinity. It is a Gift far greater than it is seen or understood to be, because to continue on closely associated with what is so wonderful, and a Blessing beyond what it is understood to be.

I will close My Words at this time, because I could speak hours on what it means to be a human being and have the Blessings that We can reach and accept as a Gift of Divine Love in every measure of it, and just being with you, being able to speak like I

am speaking, is a Blessing far beyond what it is understood to be by those who think of a situation like This, a condition like It.

I say These Words because I do care, and I want you to better understand and to more fully use what you know is beneficial to your Soul, to your mentality, and to the Goal you were created for, called 'Sainthood'."
