## PREFACE

**These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.**

**On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.**

**In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these**

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

**Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.**

**One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.**

**There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.**

## PLEASE READ

In some early volumes of "Stories From Heaven", many Revelations describe edifices to be built on Saint Joseph's Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a "City Of God". Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God's Plan in a monetary way. Donations became less and less, because the men in the Church said, "Don't give." They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men's lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of "Stories From Heaven" continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

**All Revelations are delivered  
spontaneously and continuously  
as witnessed by all those present  
at the time.**

## SEVERAL SAINTS

**“There are always Several of Us present because of the importance of what We want to deliver, due to the fact that when Words are the deliverers of the Information, one will always find the Words in order and of the finest degree of meaning in Them, by Them, with Them.**

**We oftentimes pass where You are, All of You, because We are aware of the importance in how You use time to be able to more indepthly deliver Words that are totally inclined to be beneficial to those present. There are Several of Us available to hear These Words and many times to request Them to be put into script.**

**One of the most important Gifts of human living, human life, was the fact that human beings could speak in a clear statement of facts, of logic, of truths, and of important directions regarding just about every subject available to the human mentality. On the other hand, when We see things put into print for others to read, it**

**is always a concern that the subject matter will be morally sound, morally correct, and leave with the ones who read it, a subject matter or a style of talking or a mode of reading that would be dignified and carry with it, respect.**

**We will close now, but We leave These Words because of the importance of Them in all ages of human life, also male or female. Remember this.”**

NOVEMBER 1, 2006 AT 1:08 P.M.

**“The Gift of human life is a Gift far beyond what it is seen or accepted to be, because every facet of it is Part of The Holy Trinity. For some, this may sound difficult to believe; but, do not forget, by Divine Will, Divine Love, there can always be called ‘a Gift of credibility’.**

**Throughout the world, there are millions of human beings, many different ages, many different abilities in how to speak, and yes, many different intellects in what an individual can cover mentally, morally, psychologically, physically.**

**There are so many times We want to discuss with those present the Importance of what human life was created for, but also, what human life fully consists of in all the facets that are connected to what human life is capable of doing openly, and with much logic psychologically.**

**So many times when We hear a request for aid, it is a sadness, because aid sometimes is not sufficient or not**

**what would be needed as an applicable source for things to be made correct.**

**There are Several of Us present. We will speak more on what this subject is, because it is important for all mentalities to be aware of certain facts that sometimes are necessary needs for one or more human beings to be able to do what is necessary with them, by them, or for them.**

**I will speak later on this.”**

NOVEMBER 1, 2006 AT 1:44 P.M.

**“Yes, I am present. I have walked many miles with this *little one*, because it was requested of Me regarding her safety, and also the security that I would make just being near her, even though others could not see Me.**

**You live in a world wherein there are many unseen efforts to be unkind about important issues, conditions, situations, values, and personal communication that is important because of what it was meant to speak, to act, and to be a part of.**

**We use this *little one* often, because We were acquainted with her nature sometime back, and We were assured and are assured that what We Will or Desire to be heard or put into script, will be as We request it to be. That is a fact.**

**Some taking These Words or just hearing These Words might wonder Who I am and why I would speak so openly. Many, too numerous to mention, have been with this *little one* off and on for sometimes for a very**

long time because of the truth she speaks and of the value that she will not let go of, because it is not weakness but strength, it is not lies but truth, it is not ego but consideration. It is not fear. It is dependence on what is morally sound, correct.

I could speak hours and I would like to, but you live in a world, or I should say, on the world wherein so many different types of individuals consistently and constantly promote what they feel is updating to how they live. This is not always factual, but it is important that understanding of truth is available, due to the fact that it is more strengthening than some people think.

We love this *little one* and We care about you, because We are aware of the time you use, you spend and you practice putting truth on paper to guide, to guard what is right to others who may not have what you have.

Remember one thing: As you stand for what is right, it pleases All of the Heavens. It also strengthens what you are like, because truth has a habit of doing this.

**I will close These Words now. There were Several of Us present because We know that within your life, your heart, you want what is correct morally, psychologically, physically, spiritually, to be with you constantly. God loves you for this. Remember that.”**

## THE HOLY TRINITY

**“In My Creation of human life, in many ways it was a privilege because of Who requested it to be accomplished. That One is still evident to the whole world because of What He Is, Who He Is, a Supreme Power Greater than the human mentality can perceive It to be.**

**There have been so many creations of human lives that the number is insurmountable in every facet of it, every person involved in it; and every degree of what was accomplished from the beginning of it was beyond and is yet beyond what the human mentality can fully receive and/or accept the Greatness of, the Importance of, the reality of course, of, and the importance of all it does daily, hourly, momentarily in so many ways, but for all good to be accomplished by it, from it, through it, in it, and because of it.**

**You who take My Words cannot fully comprehend All that is being delivered through you and yet to you,**

because the human mentality is, in many ways, one of a creations that was to give so much to the world.

I speak differently I know, but to explain what I am speaking about would take an insurmountable amount of Wording to give it the honor it deserves and the Divine Love that is in it throughout the whole world, but the world is much larger than anyone living understands it to be. This is impossible for anyone to see. That is why I have made it a point to deliver some Words I feel will help you to understand: you do not just live on a land, you are part of the Creation of human life, and all human lives that came many, many, many years ago and are still being created in the same form, but the intellect is being helped to know more, to understand more, and to be able to be more thankful for What it is part of.

Today is a day, tomorrow will be a day, but if every human being could remember every day since the moment they were created, they could not remember everything that occurred: every act, every thought, every word, every move.

**I speak this way today, because it is important for those in the living state to know what a privilege they have been given, and that it has a Goal Greater than anything they can perceive It to be; and also, the Importance of the Blessing that was granted to every conception and still is to this day, and will always be this way through any time that lives live, lives are created, lives are given different degrees of mentalities. Every day should be thanked to The Creator of All Things.”**

NOVEMBER 3, 2006 AT 12:03 P.M.

**“We requested this *little one* to stop where you are because We are assured you will hear what she has been told.**

**Throughout the world there are millions of human beings, all given the Gift of life for a Purpose, a Goal beyond what the mind can perceive It to be, but the Goal is a Place in Heaven Above for all Souls to be returned to, because It is basically Where They came from at a given time.**

**You live in a world that has many things in it that gives to many human beings a chance to learn more about Heaven, the importance of It, the reason for It, and the privilege It is, because It is a Place Where just humans don't live, but It is a Place Where The Saints are given the privilege to walk the Path of Divine Love, Divine Hope, Divine Justice, and definitely Divine Significance in how They live.**

**The Words We have just spoken are Words rarely spoken, but They are Words to remind those in the living**

**state that there is an Ultimate Place for the Souls of human beings, and the time comes for the Souls to be returned to from Where They came from, and every human being bears One of These Souls that is to return to Heaven.”**

NOVEMBER 3, 2006 AT 12:53 P.M.

**“There are Seven of Us present. We are always happy to be where We see this *little one* present.**

**Needless to say, to those who are taking These Words, We know you are familiar with Us and what We say. It is always so enjoyable when We see this *little one* stop to pray, because We know then she has requested her will and her Soul to be present regarding and if important Words are spoken and/or delivered to aid those present in a fuller understanding and worth of what can be delivered, giving strength, hope, and an innate desire to do all that is correct, that is feasible, and that will aid others than themselves.**

**We could speak hours to this *little one*, because for a very long time she has delivered Our Words. Some might say, ‘Why cannot we hear what You say?’ It is more than a hearing. It is an instilling, but it is also an understanding of what to look for, stand for, and be available to use a**

**method that reveals what is spoken for the good of Souls.**

**Thousands of human beings are present throughout the world, and when We see them understanding what they will others to know, We innately study the facts and/or how they send their words to where they can be heard, because sometimes individuals become so involved in what they hear, they do not have the capacity to be able to repeat clearly, firmly, and without question, some words.**

**We always enjoy speaking to all of you, because We understand that your efforts are to reveal what is good, what is feasible, and what will give others either strength, or more knowledge on certain Facts that are heard.**

**So as We close at this time, We smile when We say, ‘Many times We are available when We are in your presence another way.’”**

NOVEMBER 3, 2006 AT 1:38 P.M.

**“There are Several always present where this *little one* is, due to the fact that We know that she has been given the opportunity, the respect, but also the responsibility of accomplishing more, and in more ways than is necessary to the human mentality.**

**You live in a time wherein there are many Blessings bestowed upon individuals of all different ages based on how they submit to what is morally sound; also, all the Gifts that a human mind should understand.**

**We hold *the little one* tightly, because in many ways We use her so much that We sometimes smile at her and say, ‘We know the body is spent, but We know your will is available to Us because of how We live, how We walk, how We think, and how We talk.’**

**We are holding her very tightly, because there are so many things We feel you should be aware of. Granted, too many to mention now, but it is important for you to understand that this generation of human living,**

**human lives, so many important issues, conditions have been made to not just use you, but to give you the strength to follow what will give more value to what is important to the human role, human life, human understanding, human beliefs, and human respect for all that is available for others to see the importance of it, in it, for it, with it. Remember this.**

**To be created a human being was a Gift far greater than you knew it to be, but We are helping you all We can to help you persevere in learning, in following, and being example that human life should be credited with and to, because of all that it stands for, stands in, and is willing to do. More will be spoken on this.”**

NOVEMBER 6, 2006 AT 11:50 A.M.

**“We have requested this *little one* to be with you for a time for you to be able to more fully understand Our Communication with you is based on Divine Plan, not human understanding or human favor.**

**We oftentimes speak so much through this *little one* because We want what We speak to aid, to direct, and sometimes to comfort those who are serious and/or anxious to follow the Will of Divine Love, Divine Way, Divine Hope, Divine Understanding, Divine Interest.**

**In the human manner of living, all human beings are created to learn certain measures of understanding; also, of what they should accept as a format or as an ability or as a means to walk in dignity, strength, hope and obedience to Divine Plan.**

**We speak so many times through this *little one*. It is not always announced Who We are. It is a natural move, so that others who are not understandable to what this *little***

**one** is used for, they do not see they have a problem, or they do not feel they cannot represent how they feel through her Words.

**I**n the Creation of human life, so many Gifts were instilled because of the Importance for which human life was created, and that was to one day fulfill the Will and become ‘a Saint’.

**W**e will close now, because We use this *little one* so many times that even she does not understand Our Presence is doing what The Heavenly Father Wills to be done. We love her for this, and sometimes We reveal little secrets to help others more fully understand what a Gift This is of Divine Plan.”

NOVEMBER 6, 2006 AT 12:47 P.M.

## **GOD THE FATHER**

**“In the Creation of human life, so much was taken into consideration because of what human life would stand for and be able to be example of, to perhaps thousands or even millions of human beings. Granted, it was a very big important Statement connected to this Gift of Divine Love, but it was also necessary to speak Words that others would understand that would bring out the facts, the logic, the importance and the purpose for this Gift that otherwise could have been just seen as something that happened and be questioned to ‘what degree’ and ‘for what’.**

**I know I speak differently, but it is important to recognize the importance of what you think, what you are requested to do, and what you have the privilege to be part of as a human being.**

**I could speak hours on This One Gift alone, but there are so many things yet to be covered, not concealed but covered for the benefits that they were**

**created for; so I will talk at another time, and hopefully Those Who walk in the Divine Will, Divine Way, will aid Me.”**

NOVEMBER 7, 2006 AT 12:00 NOON

## SEVERAL SAINTS

**“There are Several of Us present with this *little one* because of the importance in what you are participating in when you walk the way you are walking for the privilege of Sainthood.**

**Throughout the world there are millions of human beings who have no concept of the Importance of human life and the way it is to be lived. At the present time there are fewer people basing their manner of doing things on what is important mentally, morally, physically, psychologically, spiritually. So little attention is drawn to what is indecent, immoral and the sin for the Souls that should not be.**

**The Soul is the recipient of all an individual thinks, speaks, practices and is involved in. The Soul is That Portion of a human life that is to return to The Creator and be called ‘a Saint’.**

**Today, like so many other days of late, prayer is not an important issue like it should be. It is cast aside as**

if it will be remembered when time is ready to have it be available to use it.

**When We speak through this *little one*, it is with Our deep concern. That is why We try to alert you, to awaken you to what We see is evident for your Soul.**

**We are showing *the little one* a corridor. She says, 'It is empty,' and We say, 'Yes, but it wasn't some time ago.' The corridor is a place for the Souls to be able to speak to Each Other in Their Own Manner of Communication. We will talk more on this at a later time because it is an important subject based on Divine Will, Hope, Understanding and Goal. Remember this."**

NOVEMBER 7, 2006 AT 12:37 P.M.

**MANY SAINTS**

**“There are Many of Us present because of the importance of what the world is challenging now, or I should say, the people throughout the world challenging what is right morally, mentally, psychologically, and if I forgot spiritually, please make a point of this.**

**Throughout the world there are millions of human beings, all ages of human life, but many of them are not looking at what is occurring in the correct manner, the correct way or the correct moral value that is so important for the Souls to honor and to remember as coming from The Divine.**

**We come on this day because there are several of you present, different backgrounds and different degrees of the logic that is so necessary for correct to be followed in every facet of human life.**

**There are so many things We want to talk about and We want to address, so It can be made a factor,**

**an open Statement, giving credence to It regarding morals, Spiritual and personal communication with Divine Love. What I have spoken may sound different or difficult, but the subjects are very important.**

**Those of Us Who walk the Path of Sainthood recommend that more understanding be on what one is practicing psychologically, physically, spiritually, morally.**

**I will close because I could speak hours on this subject, but do not forget, for every move you make, for every thought you have, for every word you speak, all these things are credited by The Saints Who want everyone living to become ‘a Saint’.”**

**NOVEMBER 7, 2006 AT 12:44 P.M.**

**“We are always so happy when We see you united in service for the sake of the Souls of those you know and those you associate with in many ways.**

**We have come on this day to make you aware of Our Presence because many times We are present just to be sure that what you are happy with is best for you, good for you, and helps you be entitled to help from The Divine.**

**Thank you for what you have done. It is always a Gift of Divine Love that you accept in such a loving way.”**

NOVEMBER 7, 2006 AT 1:02 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**There are Several of Us present in the room you are. This may sound difficult to be a fact, but I assure you, We are truly present.**

**This *little one* We use was given a Blessing beyond what It is understood to be by the human mind, but It is a Blessing of devotion, dedication, obedience and sincere desire to follow what is spoken so that others will benefit mentally, psychologically, morally, physically, also with a big improvement in how one discerns what is valuable for the Soul and the mentality, and how one associates with others in the human way.**

**We speak differently many times through this *little one*, but it is always to aid or to guide or to submit some Information that will be beneficial for the Souls that will be the recipients of what those present will be partaking in, because many individuals must learn first how to handle what is expected of them when it comes to, where it**

comes to, regarding Communication that involves Words, Directions and many Facts that are very strong in what They mean and the purpose for Them that only This Type of Delivery could be handled properly regarding Them.

There are Several of Us here, and We are All willing to help, to aid, to clarify and to give strength, because you live in a time wherein so much is needed to help all ages, all degrees of intellect, and all backgrounds. When We say 'help', We mean in whatever you see that they are not just negligent of, but void of knowing the full measure for what is good, and what could be received, not in an emotional manner but in a loving, sincere, sentimental way.

Needless to say I could speak hours, All of Us can, because We care for the Importance of the Souls that are out there in the human bodies and many of Them do not have protection like They should.

We could talk hours to you and not stop, but We will return when We know it is feasible, and We thank you

**for waiting this long for the Words We wanted so much to be heard by you.”**

NOVEMBER 7, 2006 AT 2:51 P.M.

PADRE PIO

**“I am Padre Pio, and there are Several More with Me at this time. We are always happy to be where this *little one* is, because so Many of Us have associated Our time with her and care about what she says, what she does, and how We respond to her.**

**She is upset with My talking, but I have been waiting for some time to say My few Words, thus allowing others to know that I do care about her in more ways than it shows. So Many Here in the Heavens feel the same way. They respect her manner of doing things and how she applies what is good over what is evil, what is dignified over what could be called ‘crude’, ‘undignified’.**

**You live in a time wherein so many human beings want to live a busy life and yet they are never sure of how they think, how they act, and how they respond; but as I speak today, I would like to assure them that nowhere she is at and they respond in a manner and way suitable to**

**her close understanding of what is morally sound, correct, feasible and acceptable, as We also do this in every way.**

**Thank you for taking Our Words. We are so happy to be Part of what you are doing in many ways.”**

NOVEMBER 8, 2006 AT 11:14 A.M.

**“We are always present wherever this *little one* is, because she has been given a Responsibility beyond what a responsibility is seen to be.**

**Many Here in the Heavens constantly look for her, wondering if she is accomplishing what she was requested to follow.**

**Today as We join with you in This Gift of Divine Love, We do it not just out of respect, but thanksgiving to receive The Heavenly Father that gives Us strength in more ways than We think.**

**Thank you for allowing Me to speak. It is always a happiness to Those of Us Who are not physically present that you can see.”**

NOVEMBER 8, 2006 AT 11:40 A.M.

**“It is with much happiness I greet you on this day through this *little one* that We oftentimes request to pray.**

**You live in a time wherein there is much to be thought about, much to be considered, and much to be recognized as important to your human way. So many individuals put more emphasis on their mood, how they feel, how they think and what they desire should be important to them the physical way, but let Me say one word that all of you know well, ‘materialism’ is a Gift, but ‘Sainthood’ is above all other things you could ever think about or ever wish.**

**The reason I speak this way on this day is to remind you, in a very loving way, that as you walk the path each day from one room to the next, you have the innate understanding, and that is to be created as a human being you have several Gifts. The Gifts are strong, the Gifts are not weak, but the Gifts are to give to you the Goal that you know you are created to meet.**

**The Goal is Sainthood, is that not so? Just remember this once in awhile for the good of your Soul.**

**I would like to speak hours on this subject because it is of such great importance, because the subject is the Future of your life. It is the Goal for which you were created. Remember this.**

**As We All use this *little one* to speak Words she would not think of speaking, We smile at this, because her Gift to The Creator is to obey His Will and never criticize It. She follows a Path different than anyone knows, but it is a Path designed for her will and her way, and it is a Path based on Divine Love today.”**

NOVEMBER 9, 2006 AT 11:40 A.M.

## OUR HEAVENLY FATHER

**“We are happy to see you, because when We are with this *little one*, We always expect Many Saints to enter the picture with Us.**

**It is so important that human lives indepthly understand how important it is to be created a human being. First of all, the Gift of human life is not always understood for the greatness it is, the wonderment it is, and what a Beautiful Gift it is designed for, in, because in the design of this Gift much had to be Blessed to be accepted for the Purpose for which it would be created, giving to human lives a strength they would not have without this Gift; also, the Importance of this Gift is the consistent, constant Association with Divine Love, Divine Concern.**

**I want to speak so long, because when something is of This Great Importance, it is difficult to stop using It or addressing It so others can learn from It, by It, and for the Beauty It has been given to the world.**

**I want to speak so long, but I will come back again and again and again, because a Gift of This Measure is beyond what the average human being can perceive It to be or even understand Its Full Measure: The Holy Trinity.”**

NOVEMBER 9, 2006 AT 12:39 P.M.

## SAINT ANGELA MERICI

**“I am Saint Angela Merici.**

**Many of Us are happy to be with this *little one* and all of you, because it always gives hope, strength, understanding and a feeling of joy because there are so many things that are talked about and seen as to be enjoyable. Granted, We also are deeply concerned and happy when it is addressed to The Divine in any way, because without The Divine, it would be a very lonesome world to live in. There could be little happiness because, do not forget, when The Heavenly Ones enter the picture and you know that They are addressed properly, being addressed in the word ‘Divine’, says that those present are in the Company of Those Who can be Good Example to them, for them, and within them, many times just knowing Who They are and just having read about Them, and how They lived, how They live now, and how They walked the path of sharing with others like Themselves, time with The Heavenly Father, time with The Heavenly Mother, and time to be addressed as necessary**

**for all of us to learn more about Them and to follow things They do, so that others all around will see the benefits of sharing what is morally sound, good example, and gives strength to the mentality and all that one does in living the life as a human being.**

**Thank you for this time. We say it to those present, but We also say it to The Divine Who listen to Us at certain times.”**

NOVEMBER 9, 2006 AT 1:23 P.M.

**“There are Seven of Us present. We are often with this *little one* because there are so many things she is capable of doing, or of handling, or of associating with, or getting others to do what they would enjoy doing.**

**You live in a time wherein there is so much progress mentally, morally, psychologically and physically. The world has learned a lot of late, because it has opened the doors to several different modes of communication that many human beings are involved in, and are using to promote or to permit or to include and/or to celebrate with, because of what it speaks of, speaks for, and sometimes speaks just to be heard.**

**The world has been Blessed abundantly. We oftentimes speak this way, because let us take the human mind: The human mentality is more aware of what is factual, what is truthful, what is necessary and/or what is detrimental in how an individual will practice it, use it, or try very hard**

to deliver it to be held in the same form to others that people are aware of, or become very familiar with.

**These Words are not as you usually speak, but Their meaning has much to think about. It is also evident that the human mentality has a deliberate understanding of what is properly correct, or wrong in some concept of what would make it not feasible to partake in, or to address as being evident.**

**I want to speak hours, but what I have just spoken could be very troubling to some who will read Them. I will talk at another time. Thank you for this time you took with Me.”**

NOVEMBER 10, 2006 AT 11:30 A.M.

**“*The little one* sheds tears because she is so happy when Our Presence gives to her an Act of Our Love for her and those who are with her, Blessed by a Supreme Power of Divine Love. So many times when this Gift gives strength mentally, psychologically, physically, It is honored because of the importance It is to those who receive It so lovingly, so willingly. Throughout the world this Gift is available, but not oftentimes seen or expected to be exceptional in Its Own because of an individual’s love for The Holy Trinity.**

**We use this *little one* in so many ways for so many things to be accomplished that otherwise would not have been considered. Believe it or not, there are times when she is close to collapse when she is waiting for Us to be received by her, because in Our Love for her and in her love for Us, there is a strength available that is not seen by the human eye.**

**There are so many things We would like to discuss openly because of**

**the responsibilities that are available to be handled in a manner and way with dignity, honor, and love for The Divine. In many ways, her love for The Holy Trinity is always obvious, and that is why We try so hard to accommodate her will to receive the important Gift based on Divine Love and The Holy Trinity. We also include those who feel this way, because It is a Gift far greater than It is seen to be. Be aware always of what a Precious Gift you are entitled to, and you receive.**

**We will take her back with Us because there are many things We want her to be assured of.”**

NOVEMBER 10, 2006 AT 11:54 A.M.

**“We smile when We take this *little one* to be where you are, because she was assured that everything had been taken into consideration regarding your time with Me.**

**I am holding her very tightly because of the Power that I use when I speak Words openly is different than when I speak to her privately.**

**I am always happy to meet with those who feel the importance of the reception of a Gift that is not really ordinary to the average human being, but It is a Gift of Divine Love from The Holy Trinity. Each time you receive this Gift and you desire to do it because you feel the Love in It, the Power in It, the Background in It, the Hope in It, it is always a joy to All of Us Who know you and who always look forward to being with you in a Personal way, Personal practice of sharing a Gift beyond what It is fully understood to be.**

**I will close, but as I do, I want you to know your time that is well-**

**spent is based on your willingness. That is important to Us, because when We do things that are important, We too want a Blessing from The Creator of All Things. This makes Us equal, does it not, in understanding what a Precious Gift human life is, especially because it is Blessed by Divine Will all the way to Heaven.”**

NOVEMBER 10, 2006 AT 12:23 P.M.

## THE HOLY TRINITY

**“There are Several of Us present. We designed it this way because of *the little one* We All like to be with, due to the fact that her honesty and her sincerity are Gifts that We enjoy receiving, due to the fact that so many times sincere words are not always truthful words, as We know hers to be.**

**The world has been Blessed abundantly. By this, We mean the whole world does not receive what she speaks, but it can be transmitted through written Words, helping those far away to learn and to appreciate Facts that give hope, initiative, sincerity and justice in what They speak and how They present hope beyond what it is oftentimes seen as.**

**I know These Words may be different or difficult for some, but We speak These Words to allow Truth to be understood and the importance of Words to be seen for the value They are to every human being.**

**As We close, We All say together: ‘Never dismiss Heavenly Love, because**

**It has many ways of sharing, always giving what is best to those who They know will be blessed.”**

NOVEMBER 10, 2006 AT 12:58 P.M.

**“There are Several of Us present. We are always happy to be heard on subjects We feel will address some evidence of the importance of how people think, how they speak and how they live, because it is so important to understand the values and the reasons and the purpose for additional things to be present in one’s mind or in one’s way of handling things, but also the importance of how one expresses to others facts that give strength, understanding, even hope.**

**You may want to know why I speak this way today, and My Words are sincere in My answer this way: When human beings are created, they all come from a different background, or most of them do, to the point where they are oftentimes alone in many ways. When a human being reaches the first steps of being capable of not just hearing, but also of listening, thus learning how to speak, every Gift of human life has a reason and/or a purpose. Both are usually available to be used to give the one they are in the**

**advantage of learning, because in the manner of life there are so many facets to it, and so much to be learned to take part in or to deliver to aid others in a way to give strength or progress or hope.**

**I want to speak so much on this subject, because it helps many individuals accept more of how they live, how they are, how they use being a human being.**

**The world has been Blessed abundantly, and so many human beings have been Blessed personally by those who have the ability or the privilege or the know-how or the incentive to partake in a Gift of This Measure.**

**I want to talk so much more on this subject, because it will give not only hope but the purpose for knowledge, and also the goal that every human being is created for, to learn mentally, physically, psychologically and perhaps small ways that are not wordy ways, but ways that give strength where it is needed.**

**The Love of Divine Will is a Love beyond what It is understood to be, because It begins at the moment that**

**a child in the womb begins to live as a human being.**

**I want so much to talk more on this, because It is to be recognized as a Gift of Divine Love, designed by The Holy Trinity.”**

NOVEMBER 11, 2006 AT 10:53 A.M.

## OUR HEAVENLY FATHER

**“As you accept My Love for you, I accept all the things you do for Me, because it is important to share acts of love, giving to human beings participation in how they remember to use a kind act, a kind work, a kind motive, for the benefit of their Soul.**

**It is important that the Soul be recognized and remembered and be talked about because of the Importance of It and the Beautiful Gift It is for the human mind, body and Goal. Granted, you can not see It in the way you would like to, but always remember, It can be cared for in many ways.**

**I could speak hours on this subject because it is important for every human being to recognize what a Blessing it is to be gifted with a Soul, an Important Possession of Divine Love, not just something ordinary in concept, in purpose, or in reality of It being Important.**

**I will close, because when We speak this way and request It be put into print, We are always concerned**

**that those who read It will fully understand the Gift in Its full degree of Importance. Remember this.”**

**NOVEMBER 12, 2006 AT 12:45 P.M.**

## **OUR HEAVENLY FATHER**

**“My Gift that shows My Love is a Gift that gives strength, hope, purpose to communication with Me, because in the Design of this Gift, it was to show how close I want to be.**

**There is always a time that I am available for all ages of human life to be in contact with Me, either mentally or spiritually or physically, because My Gift to human beings is to instill in them the importance of not just communication, but communication that speaks personally.**

**I am always happy when I feel that someone is going to take part in My Way with them, thus giving strength to human way, human living, human understanding. So many times a Gift of Hope is associated with Holy Communion.”**

NOVEMBER 13, 2006 AT 10:36 A.M.

**“In the Creation of human life, much was considered necessary because of the Importance of the Gift that was based on a Background of Divine Love, Divine Intercession, Divine Interest, Divine Hope.**

**So many times a Gift of This Degree is not seen for what It covers spiritually. A Gift is something human life becomes interested in, and rarely is It cast aside because It is Something that will give to the one who receives It an opportunity to be Blessed by The Holy Trinity.**

**Some would say, why would I speak this way? I do it because of the importance of what I have to say that is rarely spoken in such an important fact, meaning or reasonability.**

**I will close, but as I do, I want to remind you, you are given the privilege to accept or reject a Gift of Divine Love from The Holy Trinity.”**

NOVEMBER 13, 2006 AT 11:36 A.M.

## OUR HEAVENLY FATHER

**“In the creation of human lives, it is always important for each mentality to be included in many aspects of what the human mind is capable of being used for, because of the importance that the human body is created to follow physically, mentally, morally, psychologically.**

**These Words to some who read Them may seem difficult, but it is important that in each life of human lives there is an important factor involved, and that is to use the human mentality for all denominations of belief in what it consists of, and also the purpose for which it was created to be used, many times extensively in logic and basic values for which it was created, thus giving to the one in whom it was placed, a stronger and more valuable understanding of the advantages that human living is capable of.”**

NOVEMBER 13, 2006 AT 1:45 P.M.

## SAINT PATRICK

**“I am Saint Patrick.**

**I come on this day because of My past association with this *little one* that is and has always been used by so Many Individuals to accomplish worthwhile benefits, understandings, knowledge, and the will for productivity that is always based on a Gift of Divine Love for what it displays, it discussed and/or in many ways points to conditions that are necessary because of the Power or the Means that They were created to work on, with, for, by, in, for the results to be extraordinary.**

**We use this *little one* with joy, because We know she will repeat Our Words in a manner, the way, and for the reason she knows We are working to help others more fully understand what a Gift communication is, especially when it is based on Divine Plan.**

**I do not want to close, but I will because there are so many things that All of Us Here enjoy participating in with you, or for you, or for others to**

**be able to learn more instinctly, more indepthly, a purpose for change, a purpose for aiding others to more fully understand what a Gift human life is to the mentality, to the physical and to the life of man.”**

NOVEMBER 13, 2006 AT 2:24 P.M.

## MANY SAINTS

**“It is with great pleasure and sincere caring that We have requested this *little one* to speak for Us to you, those of you present that We enjoy being with more than you know Us to care, because We follow those who seek Our Way of Discernment and also Consideration, but also Communication with you.**

**A Gift of This Measure is a Gift far beyond what It is understood to fulfill and to be evident when it is important for Words to be read and understood for the value They are, the content in which They can give to those who hear the Words, important Messages on particular subjects.**

**We do not speak often this way, but because of all the times that We remember being used to put into print subject matter that was necessary to be available for some people of all ages, to put into script the Messages that would have an effect in different areas, and perhaps regarding different human beings. We call It ‘a Blessing**

of Divine Will', because to share in something like This is far beyond what is natural to human communication, due to the fact that so much more time can be spent on lengthening the Words or just the measure to be able to communicate so personally, so privately.

When some individuals read These Words they might wonder why We would speak this way. It is because of it being important for the Words We understand to be exceptional, or of great aid to circumstances that We enjoy assisting in Our Way, what to say to give strength or hope or a valuable Wording that We are used to using, thus able to put it in a manner and way that gives purpose or strength for whatever is necessary that day, that time.

There are so many times We would like to talk so openly, but We understand what you have to use time for is very necessary, so We will close now, but We also want you to know We will return when *the little one* says so."

NOVEMBER 14, 2006 AT 10:40 A.M.

**“There are Several of Us present. It is always happiness to All of Us because of how many times The Heavenly Father and The Heavenly Mother have alerted Us to the attention of this *little one* that so much is revealed to, to aid Souls to be present and to follow what We request to be done.**

**Some individuals cannot fathom Our Manner of doing things but, nonetheless, it is Our Way of using *one small body* to deliver to others the necessity to pray and to be alert on the significance of what prayer was created for, and by Whom it was delivered first, thus giving to those at the present time a strong lineage of the importance connected to words that have meaning in them and goals for them.**

**Thank you for participating in This Great Gift that is a Treasure greater than It is seen to be or understood to be.”**

NOVEMBER 14, 2006 AT 12:06 P.M.

## SEVERAL SAINTS

**“There are Several of Us present also, and We are happy to be with you again, especially because We are concerned about so much that must be practiced orderly for the sake of human beings to more fully understand that life in the human way is special, and in many ways is gifted with so many ways to partake in human life and use so many things that have been already practiced by those in the living state.**

**We hold *the little one* tightly, because Our Presence to her is always evident when We desire to speak to others regarding important Messages, or conditions or situations or projects or ideas, or also regarding the purpose for these things to be understood logically, and many times to give strength where they are concerned.**

**We are showing *the little one* a big board on which many lines of print are in existence to constantly make those who look at it aware of what they are to expect morally, mentally, psychologically, spiritually, due to**

the fact that there are so many ways to express one's love for The Creator; but then there is that other love that is for human beings like themselves.

Each time We speak through this *little one*, We try to cover subjects that are part of how those present think and what they are motivated to find more interesting, but also things that help their mentality work to aid and to be deeply concerned about because of what It says so openly.

We know We speak differently each time We speak, but Our manner of delivering Words is that We are not present physically with you, but We are present through her as It was designed to be a long time ago by The Heavenly Father and The Heavenly Mother and Several Saints.

When you accepted what you are doing now, it is in many ways beautiful to see and to understand your means, your purpose and your sensitivity to It, but also your eagerness to follow in It, what would be beneficial for how you walk the path you walk with others like yourself that do the same thing.

We speak differently many times, but it is always to alert you or to give

**you an understanding of what others may be aware of, that you participate in also.**

**We smile at *the little one* each time We speak through her because she worries for you, and then she worries for Us, and We say: ‘It is okay, *little one*. Just say what you know you have been requested to say. The Heavenly Father is aware of it also.’ That gives her strength to go on.**

**We will close Our time with you now, but We are always happy to be able to communicate with you in a way understandable to Both of Us.”**

NOVEMBER 14, 2006 AT 1:01 P.M.

## SEVERAL SAINTS

**“We do not usually associate openly when We use the time to encourage individuals to more fully understand the Presence of The Divine and/or what Those in The Divine would like Wording to be used on different subjects, different conditions, different circumstances, and different locations.**

**We speak differently at this time, because We are well-aware of those present in how they so-call ‘operate’ to use a Gift of Divine Measure, thus helping someone or several people of different ages, strength to persevere and/or to pursue giving aid where and when it is obviously needed. It is not always recognized per se, but it is felt in a very normal human way, thus giving to an individual or more, the strength to practice what is correct for the situation or condition; thus, in many ways avoiding unhappiness or a wrong decision to be displayed.**

**I know speaking like this is not natural, but it is Our Love from The Divine that gives hope sometimes to**

**those who innately desire things to be morally compatible, morally sound, morally reasonable and/or morally satisfactory.**

**Thank you for helping Us, because We sincerely care more than it is known to be, because We are not seen in the open manner some would expect Us to be.**

**Thank you, and We are sure of one thing: God will bless you for what you have just accepted to do, because it will aid someone or several. Time will show what it will accomplish, We are sure.”**

NOVEMBER 14, 2006 AT 1:35 P.M.

## SEVERAL SAINTS

**“There are Several of Us present because of the importance that Each of Us feels regarding what is coming to pass. Happiness in celebrations is always a joy for Us to see and to hear about, because in the design of human life, it is so and was so important for human beings to be treated with kindness, gentleness, understanding, and always the Gift of hope for happiness to be evident.**

**As We speak through *one small voice*, it is to encourage and/or aid and/or supply others to understand more indepthly the privilege of being a human being, bearing the attributes of what makes life better or happier or more spiritually active.**

**Some people may read These Words and not see Them as We see Them, because so often when Words are used to describe what others may seem happy about, or agreeable with, or interested in, there are always some who read the Words and do not find the Words compatible to how they**

would supply words to describe what they feel, how they feel, or they know others respond to.

So often We think of so many things We would like to have put into print so others could enjoy or understand or feel confident in what they practice so openly that others would be interested in.

As We use *one small voice* to transmit, transfer and/or supply Wording We feel sometimes gives more understanding, and a deeper view on what would be acceptable for certain conditions or situations or times. Needless to say, We love speaking through this *little one*, because We know the Words will be delivered to help others think this way, or question the way that they would not have even thought of doing without the Words being open to them this way.

Thank you for participating, because in many ways, it gives a Communication that leaves a Mark different than most communications have the ability to do.”

NOVEMBER 15, 2006 AT 11:45 A.M.

## OUR HEAVENLY FATHER

**“I have come on this day because of My Concern of so many conditions that are being practiced outside this place.**

**You live in a time wherein it is so important to base practicing, using, working, just living on the Importance of why you were created and what a Beautiful Gift your creation is, because it gives you the opportunity to one day return to Where I am, and you would be called ‘a Saint’.**

**Sainthood is talked about in many ways, but rarely understood in Its full measure of what It means for the Soul and for the continuation of service to The Creator of All Things.**

**I want to speak hours on this with you, because in doing that, We could join and make others more fully understand that human life was not just put together; it was created for a Purpose, a Reason, a Goal to one day return a Portion of it called ‘a Living Portion’, ‘the Soul’, and be in the Heavenly Way that is more Beautiful**

**than anyone could ever speak about or say, and do not forget, you were created because you were given the Gift of life to live Forever.**

**It takes time, yes, but do not forget, the Goal was set because of your Soul that must be returned to from Where It came. I could speak hours on this subject.**

**Please, I beseech you to understand that every word you speak, every thought you have, every move you make prepares you to be ‘a Saint’.”**

NOVEMBER 15, 2006 AT 12:50 P.M.

**“There are Several of Us present due to the fact that in so many ways, We are concerned that people in the living state who are active in how they think and/or they promote their presence to aid where it is needed, We feel that you will understand Our concern at this time and perhaps help Us activate or motivate or instill the necessary Signs or Words to give power, leadership, hope, strength and purpose to the Words We are the Custodians of.**

**When the Words say, ‘You live in a time worse than some other place,’ it makes one think: ‘Do I know the other place? Could I help in the other place if I gave what I feel would be necessary to handle it in a manner and way that would be prudent, or justifiable, or one that would solve all the wrong happenings that occur there?’**

**Let us look at life. We are created in a normal, natural format, and we learn to understand so many things: the value of how we eat, the value of how we walk, the value of how we are**

**associated with others like ourselves, but all different ages, all different backgrounds, all different interests, and all different understandings.**

**You may ask, ‘Why would all this be put into script and thought about?’ It is very important to look at daily living as a progress meant to be for the Soul, for the mind, and for the future. It has an importance in it because there are so many acts of importance that a human being is gifted with: sight, speech, sickness; but learning how to cope with not just ideas, but what the words mean when they are spoken regarding a condition, a situation, a benefit, an interest, a collaboration and/or a meaning that will help, in many ways, all the different backgrounds that will be reading about it, looking forward to it, and caring to want it to be beneficial for what they need it for.**

**I know These Words are difficult. I also know They are present in many lives and it is important that They be thought about to be able to have some foresight into what it could mean to have to think on important issues, characteristics, motivations, and/or results that often occur.**

**Thank you for listening to Me, and I know it is not going to be easy because Words such as These are common and yet not always enjoyable. Thank you for listening to Me.”**

NOVEMBER 15, 2006 AT 1:38 P.M.

**“Many times there are Several of Us present when you gather to put into script Facts, interests, and what you understand to be dictated for sound reasoning and also Lessons that were specifically dictated because of the importance of Them and the Direction They were capable of instilling for more knowledge to be understood, and more understanding to be able to aid many others, other than yourself.**

**As I speak this way, it is with deep interest and sincere concern, because it is so important when Words are put into script that are so meaningful in being able to be transmitted into language that gives purpose to a conversation or a condition, and/or gives strength to someone who is in need of the Words for their intellect they are the custodian of.**

**Thank you for your interest in My having These Words at this time.”**

NOVEMBER 15, 2006 AT 2:09 P.M.

**“There are Many of Us present wherever this *little one* is, because We are fully aware of the Importance that she has been made the custodian of for different divisions she is involved in. It is so important for all human beings to understand more about what is available to them physically, mentally, that will aid them in being more able to partake in conditions and situations they ordinarily would not think of being part of.**

**You live in a time wherein logic has many benefits, but intellect supersedes these benefits in more ways than is conceivable to follow and/or to distribute in how you live, how you expose your mentality to discussing informative Information that in many ways is far more beneficial in some ways to those who hear what you have to say.**

**I will close, but as I do, I say: ‘Always remember, if you have the ability, that does not mean others will understand it fully. It is up to you to**

**use what you have, what you are, in a manner and way that you are forced to be polite and understanding.'**

**Thank you for listening for My Words."**

NOVEMBER 15, 2006 AT 2:29 P.M.

**“We are present. There are Several of Us. We have moved in and out several times, due to the fact that what We had to speak upon and about, was and is of great importance.**

**Every day is an important time for every human being who walks the earth in what is called ‘a live way’, because the human being has the ability to follow what it was created to follow, and to speak on subjects it was created to understand as subjects.**

**There are many Statements that could be spoken openly regarding each division of human living, because in this Gift of Divine Love, much was instilled along with it to give it credence, to give it a position of authority when needed, or a position of understandability on subjects that are oftentimes available in many places.**

**We speak this way because it is important for those in the living state to understand that in their manner of living, each division of how it is created has a portion of input,**

of participation, also of what they are capable of handling in certain degrees where they would be exposed to many situations that would be of great importance morally, mentally, psychologically, physically, and of course, more than this even, because to be created in a degree of abilities has many parts to it, many reasons that it is capable of, so please bear with Me.

**E**ach human life has a Beautiful Gift within it, even when it is known to be in a position of perhaps weakness, or a physical problem. There are other things also, but wherever the mentality is capable of participating in words, in suggestions, and in logical definitions of character and motivations, it is important that those in this state realize that what they present to others should be of sound, natural understanding.

**S**o much can be spoken openly and it is very often welcomed, so remember this.

**I** could speak hours on so many things available, but I will do it at another time.

**Thank you for listening to My Words, because I feel that They will be very important at another time.”**

NOVEMBER 16, 2006 AT 11:17 A.M.

## OUR HEAVENLY FATHER

**“We are always available where this *little one* is, because We have been with her a very long time and We are accustomed to her manner of using Our Love for her and what she wills others to have who are with her.**

**In so many ways it is sad when We see all ages of human beings resist receiving a Gift that gives strength in many ways. The Goal is evident, and yet all human beings do not find the time to make a point to receive My Love for them.”**

NOVEMBER 16, 2006 AT 11:45 A.M.

## MANY SAINTS

**“There are Three Groups of Us visiting with you on this day because of the service you are entitled to for the amount of willingness and love you do, you practice, and you participate in at this time, and several ways.**

**I hold *the little one* tightly, because she is always concerned in what I am wanting to say to all of you. She cares about you in what We would call ‘a sisterly way’.**

**Each time We use her to deliver Words that are made to create, to offer, to instill, and to serve The Holy Trinity’s Manner of Living, How They live and How They serve in the human ways for the benefit of Souls each day.**

**We are holding *the little one* so tightly, because We are also showing her a group of individuals that are requesting Us to pray with them, to understand them in a more prayerful way.**

**We are moving *the little one’s* body to help her because the Power We**

**stand in is sometimes difficult for her, due to the fact that she has served The Holy Trinity numerous ways.**

**Speaking the Words for you to understand at this time is not easy for Us to do, because her presence is of such great importance to Us, due to the fact that We have served her so many years, so many times, due to the fact that she was instilled, also directed, also requested, and also made to serve in ways not always understandable to those she knows, or who know her.**

**Our Words today are different, We know this, but perhaps it will help in some ways.”**

NOVEMBER 16, 2006 AT 12:13 P.M.

**“We are so happy to be able to see all of you in a personal way, because when We read what you have to say, it helps Us more deeply understand your manner of doing things, and your love for The Divine shows in a very beautiful way.**

**All of Us Here Where I am, are happy to know you in a personal way and understand more about how you think of things that are so special, because they are based on Divine Will, Divine Love, Divine Intercession, and Divine Hope; thus, giving to those with whom they are associated, a more in-depth understanding of the importance of how Communication gives strength morally, mentally, spiritually.**

**I want to talk more on this Statement, because It has much promise to It to be passed on to others and have It in print for them to learn what you sometimes put forth, when We are about to be received by *the little one.***

**We will return. We are happy to do it, because your service is of great importance for Souls you do not know personally.”**

NOVEMBER 16, 2006 AT 12:23 P.M.

## SEVERAL SAINTS

**“Many of Us stand by every day with the hope that important Words will be spoken, signifying the importance and the Divine Love that has intercepted what this *little one* is all about.**

**It is important each time We hear the Words because she repeats only the Words of Those Who request the Words to be spoken out loud. Think of it this way: Every day is a new day, but it has responsibilities in it for certain different facets of how an individual lives.**

**It is always a joy to Us Here in the Heavens to know certain ones who are present where this *little one* is, because We know then that they will increase in how they feel spiritually, mentally, even morally, because the Words associate with an in-depth love for The Divine.**

**We could speak hours on this subject but We try to do it in shorter terms so you will be sure to have the Print at your command.”**

NOVEMBER 16, 2006 AT 1:08 P.M.

**“When We made Our Presence available, it was a little difficult for *the one* We use because the Wording seemed different, due to the fact that it was regarding humans that others knew but she did not.**

**You live in a time wherein the human aspect of communication is far different than you would expect it to be because of the differences in how certain individuals live or practice their way of life, or the indifference so many have of what is either sinful or they are careless in how they act.**

**We are speaking different than We used to speak, only because conditions sometimes change, so it gives Our manner of restitution, or delivery of Words capable of explaining what occurred.**

**We hold *the little one* tightly because she is watching Us, wanting to see how We are responding, because We are supposed to know so much regarding the personal lives of those**

close to Us, or those We learn a lot about.

She is questioning why We are not saying more in-depth understanding. We smile at this, because by her nature she wants perfection in All that is available for Direction to be explicit regarding Facts that are of the greatest importance, because They deal with situations, conditions that are not always taken care of in the right manner.

What We have spoken at this time is different because of certain things that are occurring that We cannot discuss openly at this time, but as We close, We say, 'Everyone who put so much time into a human manner of living is Blessed by The Creator of All Things.' Remember this. He is always pleased with you, all of you, when your sincerity and your innate desire is to have things be properly noted for them to remember it by."

NOVEMBER 16, 2006 AT 1:41 P.M.

**“We ask *the little one* to repeat what We would like to say.**

**Your acceptance of how things of importance are being carried out in such a personal manner, way, including each one present to be part of what We request to be put into script for all here and all who will read Them, to understand how close We can be when a situation or a condition is thought to be necessary.**

**You live in a time wherein there is much mental understanding regarding many subjects that are not put into script but are spoken about, or spoken in ways that are called ‘personal’ in many ways.**

**Some who read These Words may question certain things, but it is important to fully understand the value it is to be able to speak words that are understood mentally, psychologically, morally. The list is endless, because the most beautiful communication that human life has after the basic things are practiced, and that is to**

**discern what the written word is able or capable or willing to entrust to the mentalities on important, significant educational or Spiritual facts.**

**The list goes on and on and on; first of all, based on the fact that human life has the facility to be able to be used for very important facts that human life is gifted with.**

**Thank you for putting These Words into script, because when We do something like this, it is to aid, to instruct, to comfort, and to instill what otherwise an individual would not have access to.”**

NOVEMBER 16, 2006 AT 2:28 P.M.

**“We have come on this day to assure *the little one* and all of you that We are present because of the importance in how you transmit, transfer, and utilize Communicative Information to aid others to learn about and to understand in a personal way, if they desire to use It themselves.**

**So many times so much is made available to those who are not present with you. This is always a joy for Us to see and to hear about, because one of the greatest things in human life, human living, is communicative measures that allow individuals of all ages to be friendly and/or to just communicate verbally on subjects that both are interested in. Sometimes this occurs with three or four or five people present.**

**Maybe you are wondering why I would speak this way. It is because personal communication can give to those present a new lease on thinking, on understanding, or on the ability to communicate and learn things that**

would not be learned otherwise. In some languages We call it ‘friendship’, ‘interest’, and ‘the ability to use speech in a friendly way’, sometimes learning more than it was ever thought to be, would be.

**Thank you for listening to Me today. I am a Saint, and I appreciate your participation this way.”**

NOVEMBER 19, 2006 AT 9:35 A.M.

**“We are happy to be with you on this day because wherever this *little one* is, We try to be because of her Responsibilities, but also her love for Who created All Things.**

**Sometimes when you have the privilege to receive a Gift based on Divine Love by The Holy Trinity, It is a Gift far greater than It is understood to be, because it is difficult for those in the living state now, to perceive the Magnitude and the full Measure of Divine Love that exists within this Gift to aid those who receive It to more fully understand and to comprehend that a Gift of This Measure has the privilege to instill a Blessing when It is accountable for many things, especially delivering a Gift of The Holy Trinity.**

**I will close, because this *little one* I use so much is constantly aware of My Presence and how I entrust to her Love of The Divine for herself and many others who accompany her many times.”**

NOVEMBER 20, 2006 AT 11:53 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**Each day that I have created a human being is a Gift of My Divine Love, due to the fact that each human being is the recipient of being the protector of a Portion Greater than It is known to be. The Portion is a Portion of Me, of Who I Am.**

**I speak through this *little one*. I use her much. A very long time ago she accepted My Presence, and I have used it with My Love for all human beings that I could contact through her, for the sake of their Souls, because the Soul is That Portion of The Divine that gives to every human being logic, hope, sincerity, understanding, and an innate logic to why they were created, and that was for a Higher Goal to partake in at a given time.**

**I could speak hours on this, but what I have just spoken will fulfill your understanding, because to put it in a greater plane of Wording would take hours, and yet would not mean more in the final meaning than what**

**I have just spoken so deliberately, so caringly, so lovingly.**

**A Gift from Divine Love is a Gift never fully understood, but many times, down through the line, It is felt in ways all good.”**

NOVEMBER 20, 2006 AT 12:10 P.M.

**“It is with much happiness that We see those with this *little one* respect Our way with her, Our time with her, in how they treat her. In so many ways, all present here and those who know this *little one* have been Blessed in many ways because of their belief in Who We Are with her, and that We are always present in her, because it is important for the minds of all human beings to be aware of Important Acts such as This is, to prove to those in the living state that there is a Supreme Power available and willing to be known about because of the importance of what prayer means to every living human being, and that is to honor The Divine in ways comfortable, understandable, obvious and sincere.**

**I close with These Words, because you should be aware that What is occurring in your time and in a manner you can understand is a Blessing of Divine Love, showing you all, all you, everyone of you, that What is Sacred in Divine Way is a Blessing beyond what It is thought about in many ways.”**

NOVEMBER 20, 2006 AT 12:46 P.M.

**“Yes, there are Several of Us present, but this is a many-times occurrence where We All desire to be where this *little one* is because of the logic she is not just clever on, but very aware of when it occurs, and she often signals Us to point it out to Us because she does not like certain things to be put into print that are wrong, and to deliver messages that are not just indiscreet but diabolical in certain ways, certain degrees.**

**You might ask Me why I am speaking this way today. First of all, because many times this *little one* is the victim of what certain individuals try to have her think or say. We always intervene because of her privacy but also because of her logic, and her abilities exceed what those who try to do wrong things never see what is occurring right in front of them.**

**She is shocked at what I am speaking, and in another way, she says, ‘How do You know all these things?’ Because We are always with her and**

**We, in many ways, honor her intellect and her lack of selfishness, but also her dignity in how she wants things to be spoken or delivered or recognized, or put into script in a manner and way that aids those who she is present with, but also those who receive in print, what was spoken regarding her, or from her, or because of her.**

**These Words are far different than you are used to seeing Them or hearing Them, but it is fact. Remember, truth sometimes has more understanding in it than what the words say about it.**

**Thank you for putting this into script.”**

**NOVEMBER 20, 2006 AT 1:50 P.M.**

**“We are ever so happy to be with all of you on this day because, to Us, it is an important day.**

**You live in a time wherein there is much Love from The Divine, because in Their eagerness to share with you and thousands of other people, It also enlightens the mentalities of Ones that share with giving a broader scope of Importance on the affiliation of Supernatural Conduct and Personal Love for The Divine.**

**So Many of Us Here in the Heavens share what We feel, especially when We are able to communicate with those yet upon the earth. Of course, the Communication is many times not seen for Its full gesture of Love, but We Here in the Heavens assure you, to at one time to live as a human being and then have the time come when one could not live like the human way, many things occurred, allowing Us to remember certain things and be grateful for the time We had with those of you who We were possibly**

**with, in certain ways, degrees, reasons, purposes and desire.**

**So much can be spoken because in the Creation of human living so much was instilled, instilling in human life the privileges, the benefits, and different manners in which a human being has the mentality to think, to speak, to follow, and yes, to do many other things.**

**Thank you for listening to Me on this day, because it gives joy Here in the Heavens when We know We can communicate, even though it isn't always what one would call 'so superficial, so wonderful', because Our Words are usually very natural and very happy. Thank you for this day."**

NOVEMBER 21, 2006 AT 10:10 A.M.

MANY SAINTS

**“Many of Us are present.**

**When We know that We will be in service to The Holy Trinity by giving to those that walk the human role, We, in watching this occur, We partake in Our Love for The Holy Trinity and many times the thanksgiving We receive from Him, letting Us know that He is pleased.**

**So much passes through this *little one* that is used more than even she knows.**

**We want so much to have all generations of life to fully understand the Gift of Divine Love is represented in a Small Piece of what is called ‘Holy Communion’.**

**Thank you for sharing this Gift and seeing to it that others respond to It, for the sake of their Soul that is so happy it is occurring to Them.”**

NOVEMBER 21, 2006 AT 11:50 A.M.

## THE SACRED HEART

**“I** have requested this *little one* to meet with you on My behalf, because I care so much about what you are capable of doing and also your sense of opinion on how much you care for your Soul that was a Gift to you a long time ago.

**I** am telling *the little one* what I want you to know. She is not very aggressive, and We smile at this because she is ever ready to listen rather than speak.

**You** live in a time wherein there is much aggressiveness and yet much weakness. You live in a time when human beings of all ages try very hard to be liked, to be considered, and to be justifiable in how they act, what they do when they are with other people.

**I** send this *little one* at this time, or I should say, I came with her, for the simple reason you at one time in your life were given the privilege to be a child, and in this child many Gifts were delivered. There was a mind and there was a body, and above all, there

**was a Soul. The Soul, to this day, is a Major Part of how you live and how you pray. Do not forget this. It is a Gift of Divine Love, not your imagination. It is a Gift far greater than you can perceive It to be, because It is a Gift based on Divine Love that your Soul and you will follow The Holy Trinity.**

**I bless you from the Heavens and I say with much Love through *one small voice*, ‘I have delivered to you Words for you to be mindful of in everything you think, do and say, because These Words will be the Ones that will give you the strength to follow Divine Will, Divine Love, and Divine Way.’”**

**NOVEMBER 21, 2006 AT 12:00 NOON**

**THE SACRED HEART**

**“They do not expect Me to look this way or speak this way, but time will give them the courage to believe and to participate.”**

NOVEMBER 21, 2006 AT 2:09 P.M.

## SEVERAL SAINTS

**“Yes, there are Several of Us present. We have been listening to your conversation and have been enjoying it tremendously. Your last statement was of great importance to Us Here because there are so many things We are aware of that this *little one* has partaken in and used for the benefits it was selected for, created for, and also used for, for the betterment of other things to be understood and not allowed just guesswork to be what they would depend upon.**

**We love this *little one*, because in many ways she is more than one person. We would say, ‘Several would be what We would describe her to be accountable for, accountable in.’**

**Throughout the world there are millions of human beings that could not, or would not dare to walk the Path she has accepted from The Holy Trinity.**

**We will close now, but as We do, We say, ‘Thank you for remembering this *little one*, and all that she has**

**been, or at least most that she has accepted from The Holy Trinity.’”**

**NOVEMBER 21, 2006 AT 3:29 P.M.**

**SEVERAL SAINTS**

**“Yes, We are All so happy to be a Part of This Gift of Divine Love that in so many ways bears a direct compliment, a ‘Thank you’, and an Act of Love that We feel when We are close to Wording such as has been revealed.**

**We thank you, because in some form, some way, It will be put into print and it will be happiness to see Our close association with others who walk the path of yearning to do Divine Will, Divine Way, for the privilege of Souls that will be aided or helped or just included in what We say.”**

**NOVEMBER 22, 2006 AT 9:50 A.M.**

## **OUR HEAVENLY FATHER**

**“It is with great pleasure that I see kindness register and especially where I am included in a Personal Gift of My Love for human life. It is not always seen as Special because too little emphasis is put on My Gift, My Communication, My Love, wanting to share Something that bespeaks My Name, My Love to an individual.**

**Thank you, because it is important, because I want others to see and understand that I am always ready to partake in My Closeness to those I create. Thank you.”**

NOVEMBER 28, 2006 AT 11:21 A.M.

**“We are happy to be able to speak Words We feel should be understood by those who are close to this *little one*.**

**In so many ways it is important that human beings of all ages learn about what began all these Tremendous Gifts that are receivable to help them better understand that the Gifts of Divine Love are available and very important to the Souls of those who are given the Sign of Divine Love to them.**

**We have shown *the little one* what We have just spoken because of her loyalty to Us and her consistent service that she does not like to hear Us speak about.**

**How many human beings throughout the world fully understand what a Major Gift of Divine Love they are the recipient of? Not as many as you suppose it to be. That is why it is so important for All that We deliver in print be passed in many places where others would not have the privilege to see or to hear about, or to learn from**

or to be able to associate mentally with Us.

**There are thousands of Words We would like to speak because of the Importance of the Soul that every human being is gifted with. The Soul is a Gift beyond what any mentality can perceive It to be, because the Soul is created for so many important things.**

**We bless you as We close These Words and We want you to remember Our time with you is a Gift of Divine Love beyond what It is seen to be.**

**We raise *the little one* slowly because her obedience far exceeds what is natural to the human mentalities.”**

NOVEMBER 28, 2006 AT 11:58 A.M.

## OUR HEAVENLY FATHER

**“The Heavenly Father said to tell you, ‘Time is one of the most important and greatest Gifts that The Heavenly Father instilled into the human mentality and the human way of life, and the human understanding of what time would give to their way of life in their normal attitude and consideration and how they performed physically, mentally, socially.’**

**The Gift of time is far greater than the average human being can possibly perceive it in its full measure. Every Gift a human being is given, it has a purpose, a reason, a value, and yes, is in many ways the greatest Gift a human being can have, because it many times instructs the mentality of the one in whom it is, to be better able to accept or project or to be a part of what is important for the mental, the physical, and of course, the Soul that is consistently present in every human being’s life.**

**I am showing *the little one* a Vision of the Soul standing outside**

of the body. This is just to show her what a shock it would be, what a disappointment it would be if the Soul were to be this way all the time. We smile at her because it is difficult for her to fathom the Soul in this way.

The reason We do these things sometimes to her is to show her the importance of the Words that you are delivered, because the Words bespeak what We Will you to know, to understand, and many times to follow because of the Souls that are involved in Divine Plan.

We are showing her a child. The child is seven or eight years old. The child wants attention. She is ready to let the child go, but We know that the child needs the protection of the elder ones with the child.

If you were present where she is, what choice would you make for the child? Is this not similar to everything you must partake in your daily way of life? Is it right or could it be wrong? Is it feasible or opposite of feasible? Is it just or unjust?

I could speak hours on this subject, because the human mentality has been gifted with the logic of

**wording, the logic of gesture, and the logic of communication that is not always satisfactory.**

**I will talk more on this later. Thank you for sharing this portion with Me now.”**

NOVEMBER 28, 2006 AT 1:02 P.M.

**“There are Several of Us present. We oftentimes join together like this because there are so Many of Us Here in the Heavens Who enjoy being with this *little one*, and her thinking is so much like Ours when it comes to what is correct, what is right, what is feasible, what is logical, what is moral. The list is endless.**

**You live in a time, and We work in this time wherein so many men, women and children do not find The Commandments as they thought they would, or that they feel in some ways are somewhat different than they learned Them in the first place.**

**In the human way of living, there are so many attributes to follow and to see the importance that they project or they represent or they follow, because throughout the world there are so many things to be learned about with the sight, with the mind, and with the instincts it takes to live in this kind of world with all these different means**

**that have a specific way of causing human beings to respond.**

**What was just spoken may be difficult for some to understand, but We have released It this way to show you, to explain to you, that so often there is a time set aside for things to be different than they were originally started to be. Remember, I did not say ‘created to be’, but ‘started to be’, because so many times it takes just a formal wording to open the door to a new manner of communication or of explanation or of expressing what one feels because of the timing that seems to project a different mode of living.**

**Some may not like These Words, but We sincerely feel They are Words to emphasize, or to remind, or to instruct on this time in the History of human living.”**

NOVEMBER 28, 2006 AT 1:39 P.M.

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori. I have come on this day because of the importance of what I want to say.**

**If you were to take a number of how many human beings are created every day — now I did not give you a limited place, remember this — how many would you say you would guess would be born in one day? Would you not judge by those you know? Would you be able to cover the world in what you speak and say and show in number? Would you feel that you were part of what was going on because you were interested in the number of them, one by one?**

**The birth of a human being is a Gift greater than it is ever seen, because the birth very often has very few present who know who it is, but the very fact that the birth is to be able to do many things, that birth still has to go through the routine of learning how to live as a human being. Is this not so?**

**Ask yourself: When you were created at first, do you remember the day? And when it came time for you to have your first food, do you remember that day? Now, let us go on through time, and now you are close to one year old. Will you remember everything that occurred in that first year you lived in the world? I smile when I say: ‘God knows. How come you don’t know?’ Remember this.”**

NOVEMBER 28, 2006 AT 1:56 P.M.

## SEVEN SAINTS

**“There are Seven of Us present.**

**We were All with this *little one* when she was requested to follow in what would be dictated to her by Many of Us Here in the Heavens. She accepted willingly and sincerely. We immediately started to implant in her possible things We would ask of her to do. She accepted without question, because she knew that We would have a purpose for what We would request and that possibly it would be of great importance in certain ways.**

**Today, as We speak through her, We are still happy to do so because of her considerations and her response to Us, even when We do not start the request with a prayer, letting her know that We truly care.**

**We speak differently through her now because of how long We have known her, which in reality is a very, very long time, many years ago.**

**As she greets each day expecting Us to be there, it is always a pleasure**

because of Our communication with Each Other. We share what is to be addressed as important or that it needs to be handled by Others that We know. It has always been a beautiful communication because of the trust We have for her, and her response to Us is always immediate and her caring shows.

Some who take These Words and put Them into print may not understand why We requested them to hear, but it is important, because for a Task as big as the One is in Which you all work in, Which you have all given your time to work, to serve, there are many things that must be handled with much respect, much sincerity, and much willingness to follow through for the good of the human role, and also, what the Souls of several might need help for, in, why and how.

Thank you for taking These Words, because it gives Us the chance to communicate on important issues that are frequent and in many ways give to certain lives, perhaps many lives, not just the willingness to follow, but the desire to do it with Divine Love because of Who We are using Our time for, with, is truly a Blessing greater

**than it shows, or greater than Many of Us know.**

**There is so much We could speak on that We truly want others to know; perhaps time will give Us the chance, because We, in Our Way, want to share what pleases Those in charge of This Great Miracle of Divine Love.”**

NOVEMBER 28, 2006 AT 2:15 P.M.

MANY SAINTS

**“There are Many of Them here. We are only here because We care about all of you. It is important that you understand that to be ‘a living Portion’ of The Creator of All Things is a Gift beyond what It is fully understood to be, and It is a Gift far greater than anyone could create, because It is a Gift based on Divine Love, Divine Hope, Divine Purposes, Divine Will, Divine Guidance by The Holy Trinity.**

**To live what would be service, it would take time, but it would also take perseverance mentally, psychologically, physically, thus supporting what The Divine tries to do for the benefit of Souls of not just you, but of thousands of people, many they do not even see, but their support of what They deliver can give strength, hope, and the ability to persevere in what one knows is based on Divine Love, not just human love.**

**We could speak hours through this *little one* because of the Faith she has delivered for years; but as We**

addressed a subject to you on this day, you know that We are happy to be with you, and We enjoy it when you pray and when you remember that as you walk in the human way, you are in service to The Creator, and the results will show at another time, another way.

Service is an important word, but it has much merit to it and much Divine Love in it, especially when you pray.

We will close Our Words with this *little one* at this time. We know her well, and for a long time.

Always remember, your Soul is a Gift of Divine Love that is to return to from Where It came another time.

Do not forget to pray. Prayer is an important part of communication, thus giving to the Soul strength, purpose, and a fuller understanding of Divine Love to support the Soul, Divine Way.”

NOVEMBER 28, 2006 AT 2:51 P.M.

SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori.**

**We are All happy to be able to use this *little one* to deliver Words that We know are Words to give strength, hope, understanding, and the ability to instruct others on the Importance of being a human being.**

**Some might say, ‘Words are words.’ Not so! Every word that is created is Blessed by The Holy Trinity, whether people believe this or not, because each word, whether it is spoken or put into script has a purpose to it, a reason for it, and definitely a place to be put into a format of some sort to allow that word to be seen as a Gift, allowed by The Divine, to be able to fulfill some wording, in some place, at some time.**

**How I speak These Words may sound difficult for some to understand, but I beseech you, always look for the reason and the purpose, but also the value of why words are so important to help the human mind use them to deliver words that mean something,**

**that aid a conversation or a letter, or anything that gives some definition that could be very, very important.**

**I speak differently, I know, but I sincerely love those who use words to describe, to give hope to others, but also the words that keep track of what is feasible to know, to remember, and to use.**

**Thank you for listening to Me at this time.”**

NOVEMBER 28, 2006 AT 3:14 P.M.

**“One of the most important communications that human beings have is when they can put into script words that would be clearly spoken, clearly written, and easy to be understood by those who read them, because words in script many times leave a memory that is special to the mind, and it is important that this be remembered, due to the fact that so many times when a conversation appears or just a small talk, many of the words are important and able to be remembered if they are seen in a concept they were first spoken at another time.**

**Believe it or not, the Gift that Divine Love instilled into human life was the Gift of being able to speak. Being able to speak gave strength, hope, foundation, and many other Gifts that to many are inconceivable, but they could not stand to live a life without having these Gifts to support how they see things, how they want things, or how they need things. When**

**I say ‘things’, this list could be endless in subject matter.**

**Thank you for taking These Notes, because They are important, believe it or not.”**

NOVEMBER 28, 2006 AT 3:41 P.M.

## SEVERAL SAINTS

**“There are Three of Us and We have been concerned about whether We should talk, because We do want to be able to say things in front of all of you so you will understand Our sincere meaning to what We want you to know in regards to things We are concerned about.**

**First of all, We are fully aware that the place in which you live is important in many ways, and We are so happy when We can offer a small amount of Words to help you think about something We feel will give you the feeling of wanting to address it, or color it, or put it in a format that will improve what you are thinking about.**

**So many times when We speak openly, We are very concerned over whether or not We sound insulting. That is not Our way of doing things.**

**Throughout the world there are thousands of people of all ages who want so much to express to others like themselves, how much we enjoy beautiful dinners, lunches, breakfasts,**

but also, how we feel about what type of furnishings we have to use to make the room or rooms more entertaining in how they look, and the distinct manner of color that is so important.

You may ask why I would speak this way through this *little one*, but We have been where she is many times, and We have seen this act of concern, conversation, and desire to make things not just suitable, but somewhat extraordinary for others to be happy about.

You may ask why We would talk like this at this time. We do it because We know this *little one*, We know her background, and We also feel that there is a talent that can be used by many individuals who want to decorate a condition or situation and be happy about it.

Thank you for listening to Us, and We appreciate everything that makes Us happy listening to you.”

NOVEMBER 29, 2006 AT 10:43 A.M.

**“This *little one* We All use is known for her easy temperament, even on important issues. You may wonder why I would even mention this. It is because so Many of Us Saints use Our time with her to produce what would be called ‘kindness’, or even ‘Spiritual understanding’ by what We have learned from her, through her, to aid others that need attention.**

**So Many Saints Here in the Heavens love to be able to partake in aiding or instructing, or even using time or periods of knowledge that We are accustomed to, and able to aid their progress in certain projects or how They Will other things to be successfully handled.**

**There are so many beautiful ways to not just aid, but to partake in what gives others knowledge or Spiritual Faith, or just the time used to give them what they need mentally, psychologically, spiritually, even academically.**

**Thank you for taking the time for These Words to be put into script because It is logical. There are many in the world, active in the world, who need the support to supply help in some way for the mind or the body, or even for the Soul. Thank you for letting Me participate.”**

NOVEMBER 30, 2006 AT 11:45 A.M.

MANY SAINTS

**“*The little one* is trying to count how Many are present, because before she left where she lives, We told her We were Seven. (There’s Nine here, or Ten.)**

**A Gift of This Measure that depends upon one such as this *little one* is, is a Gift of Divine Love because of the importance in what she has been presented to protect, to speak on and for in such a personal way, that it is clearly stated when she says the Words We deliver through her for others to hear, to understand and to know, regarding the responsibilities that they must follow for the good of Souls.**

**Many of Us Saints Here in the Heavens innately feel and want to be able to describe to people who do not know Us, that We are capable of delivering to them Words to help them understand the Importance of what human life was created for, and that is to one day return the Soul to a Place called ‘Heaven’.**

**Some hearing These Words may not be able to value the Words, but the Words are based on Divine Love for the Souls of all human beings who live and who understand that human life was created for a Goal of a Portion of it, called ‘the Soul’.**

**We hold *the little one* tightly, because Our Words to her are Treasures, and she cares so much about Them because They speak in a manner and way that includes what is called ‘Heaven’.**

**We hold her tightly, because the Words We pass through her are of such great importance, due to the fact that she always feels that just hearing These Words will help whoever hears Them, to one day want to live in Heaven.**

**As We close the Words, We smile at her and say, ‘Thank you, *little one*, for your time helping Us to deliver Words of such great importance to say to others like you, “God’s Will, God’s Love, God’s Hope, God’s Presence is always available when you want to speak, when you want to think.” Remember this, because The God Who allowed you to be created is happy when you communicate with Him.”**

NOVEMBER 30, 2006 AT 12:19 P.M.

## GOD THE FATHER

**“We have asked *the little one* to put into script what We Will others to know.**

**Each time We accept to speak openly, We are always watchful for who is present because, sad to say, there are many individuals who claim to be close to a Gift of Divine Love, but they do not have the full comprehension of what the Gift consists of.**

***The little one* We All use to transmit, transfer what We want to either receive from her, or deliver through her for others to understand, We find it a wonderful way of being able to communicate more rapidly, more understandably, and more that pleases The Divine when We do it this way.**

**The human mentality for a long, long time, has been given much to remember, much to handle morally, psychologically, physically, spiritually. To be created a human being is a Gift far greater than it is seen to be.**

**Sometimes it is a worry to Those of Us Who know what a written Word or a spoken Word can achieve. The reason We put these things in Wording at this time is hopefully to alert those here that every step you take, every move you make, every word you speak can give life to how you live and give service to The Holy Trinity.**

**Thank you for hearing Me speak These Words, because They are important for not only the strong individuals, but even the weak.”**

NOVEMBER 30, 2006 AT 12:41 P.M.

**“Yes, We are surrounding *the little one* because We are All aware of how efficient, sufficient, and concerned she is on all things being correct.**

**Many of Us at one time lived upon the earth in service areas, some in dramatic areas; each area satisfactory to how we thought, how we worked in our intentions for why we were there.**

**Being present upon the earth is different than being present in the silent way We live now, but Many of Us, when We not only have the Will to communicate with those in a living state, but We have the request to repeat things from different Individuals that are of great importance sometimes to the lives of other human beings. This may sound odd or different, or even difficult, but We assure you it is Fact.**

**In the Creation of human beings, it was a Gift far greater than it was first seen to be, but as it grew in progress mentally, psychologically, morally, physically, it became not just**

**an art, but a necessity, and a great one at that.**

**When you partake in a task or a position wherein you are the sole authority, or even when you are saying your prayers to The Heavenly Ones, innately you must feel that this way of communication is special, and it must be only human beings that are gifted with this Gift.**

**So much could be spoken about what a Treasure it is to be created a human being, and then be taken away at a given time and be in Heaven. The Gift of Divine Life is a Gift Far Greater than It is seen to be. It is a Gift that is Blessed by The Holy Trinity, not always understood to be that way, but We have come today to assure you, when you were created, and all the Gifts that you were endowed with, gave to your way of living a Treasure that, really, an animal doesn't have, nor does a tree, or a lot of other things that are said to be in the living state.**

**Always remember that to be created a human being has a Goal, Divine by Design, and yes, a Treasure in acquiring It at the time you are to**

**face The Creator and Many Others  
Here in the Heavens.**

**Thank you for putting These  
Words into print.”**

NOVEMBER 30, 2006 AT 1:04 P.M.

**“We are so happy to be able to speak in a manner and way that others will put into print, and hopefully use the right way. The right way is to deliver the important Messages that give to others sometimes strength to speak more on the importance of subjects that aid in many ways.**

**We hear so many times human beings wanting so much to speak on subjects that they feel will give strength, purpose to others they know, but they are reticent in speaking this because of unkind things that will be spoken to them about it; basically, for no reason at all.**

**You live in a time wherein there is so much good going on in the world, so much logical progress and so many ways in learning what is morally sound, correct, beneficial and easy to follow. It is sad when We hear some individuals belittling what is available and introducing something that is vile or contemptible.**

**You may ask why I would even dictate These Words. We know it is important to follow what is morally sound, or something that is feasible to aid others in how to think differently, how to address subjects in a manner and way feasible to aid, to comfort, to encourage, even to help them more indepthly understand the value of certain things that nothing could harm, could twist, and not give the message of what is right, what is good, what is beneficial to the mind and how they act.**

**So many Words could be spoken on giving to all ages of human beings what We would call ‘lifting’ their motives, their concerns, their attitudes, their benefits, and/or their intentions.**

**I know what I have just spoken will not be understood by some, but I hope it will be understood to the degree it will give moral strength, mental strength, and a full measure of happiness in being able to spread what is favorable and feasible to many, many, many other people.”**

DECEMBER 2, 2006 AT 10:35 A.M.

**“We are very often available in the presence of this *little one*, due to the fact that What she has been chosen to use to aid what is necessary in many ways, it is called ‘the Soul’.**

**The Soul in a human life is gifted with an innate understanding, a realization that in participating in the human way, it is based on Divinity, Divine Love of The Holy Spirit, Which is above and beyond what a human being understands such a Gift of Divine Love, because the Importance of which human life was created for, nothing else created has: the Gift of returning to The Creator in a manner and way suitable to how it was created to achieve this Goal.**

**Logic should tell those who hear what We say that the Words are definitely in Divine Way, because the human mentality would not dare to repeat Words that were not chosen for the purpose or the plan or the way that the Gift of human life gets credit for, and is the recipient of, for far more**

**than it is shown to be, or seen to be, or understood to be.**

**So Many of Us could speak hours on this Gift because We want those in the living state to understand what a privilege they were gifted with, are gifted with, since they were created a human being.**

**When Divine Love speaks openly, the Power in It, the Grace in It, the Love in It is beyond what the human mind can understand it to be because, do not forget, to be created a human being is a Gift of Divine Love from The Holy Trinity.”**

DECEMBER 4, 2006 AT 11:52 A.M.

## GOD THE FATHER

**It is God The Father.**

**“*The little one* knows that I wanted to talk to you today. I have come on a Mission because of My Love for human life, because when it was created, it was special, due to the fact that it was to represent important things. One, of course, was to be a creator, and make others understand the value of this Gift, the living matter of human life that would be responsible for many things, and it would be responsible for its own way of living, due to the fact that every human being is created with a Portion of Divine Love within it.**

**Divine Love is what gives to a life, a human life, not just the intellect but the understanding that it did not just happen upon the earth. It was created to be one day returned to a Place called ‘Heaven’, because in Heaven there is unification of understanding, also of what is important to be done for the Souls of human beings who never see the Soul, not really; but the Soul is evident to Me, and I**

want the Soul returned because it is necessary for the Soul to remain with The Creator, because The Creator is more than It is ever thought or seen to be.

**I** am holding *the little one* tightly, because the Power I have used is not a Power you know or could understand, because This Power is Divine in every aspect of It because of Who This Power represents.

**We** are showing *the little one* a very large place. She, in her little human way, says to Me: ‘It’s empty, God. There’s no one here.’ We All smile at this, because her innocence is always logical, her prestige always available, but her love for The Divine within her at all times.

**We** are showing her a basket. She says, ‘Is it Easter?’ and We smile at this. Then she says, ‘Is it Christmas?’ We smile, because her innocence is a treasure to watch. We hold her tighter now, because We have something to say to those present on this day.

**As** you know, you were created in the human way of life. You also have the responsibilities for your Soul that has a beautiful role to help

**you in life. Life was given to human beings because the Soul is Important, and the Soul is a Gift of Divine Love Greater than It is seen to be, but the Soul is That Portion of you that will one day stand as a Saint in Heaven. You would not want your legs to be There, you would not want your eyes to be There, you would not want your lips to be There, you would not want your shoulders to be There, because it would be just the human sight, but the One designed to you that will copy your name and things you were all about, will be more Special than you know It to be.**

**We are going to release *the little one* slowly, because the Power that We instill, We subject her to, is Greater than the normal human being could understand It to be. The body takes a blow. The mentality is the strength that only shows a little bit, because We try so hard to make It feel less powerful to her, because her little body is not real strong, but her love for The Divine supersedes every fact, every inch of her mind.**

**I will bless you as I leave, and I want you to know that as you serve, giving others the Words that are**

**delivered by so Many, helping them more fully understand to be sure and earn Heaven.”**

DECEMBER 4, 2006 AT 12:46 P.M.

**“There are Several of Us present and We are so happy to be with all of you, because Our time with *the little one* that We All use in Our Work, We find it most enjoyable to speak Our Words regarding her with you.**

**Throughout the world there are millions of human beings, many of them wanting happiness, joy and the commitment to doing certain things that they feel will give them happiness, or the ability to associate with what they feel they have, with others like themselves, thus enjoying the human way in a multiple source and way.**

**What I have just spoken may not feel comfortable to some who take It, but it is the only way I could have delivered the Words the way I know Them to be.**

**You live in a time in which there is so much to be thought about, so much enjoyment to be understood, and so many things to see progress in that will give your living time a happier**

**way of life, of living, and of having learned so many things.**

**I want to talk so long, but I will close now, for what I have just spoken is what I would call ‘My opening’ to what I will speak about later.**

**Thank you for taking My Words and putting Them into print.”**

DECEMBER 4, 2006 AT 1:07 P.M.

**“In the Importance of creating human lives to work for a purpose, a goal, that the goal will be basically working for the Souls, not just the flesh and blood of a human life.**

**So many human beings do not understand that when they were created in the human way, there was a far greater Gift awaiting them to learn about, to follow, and to use It in special ways, important ways, for a Purpose they would learn about that would serve in a Greater Time, for a Greater Goal than they could understand It, at this time, to be.**

**Today, as These Words pour forth, They are Words that are spoken with much Love, because basically They are reminders of the Importance of human life, and that it was created for a Special Time to exist in a Special Way, based on Divine Love, Divine Hope, and Divine Prestige; thus, giving to that human body, that human mind, the means to become ‘a Greater Saint’**

than It would, if It had not had this advantage.

Today I will close, but I and Many Here with Me, love to give you the Words We know will help you understand what a privilege it was for you to be created a human being, and then follow Divine Plan.

Thank you for taking These Words, because hopefully They will help some more fully understand the privilege life is, and the time it extends to addressing the Motive for which it was designed and created, was far greater than it was seen to be by man.”

DECEMBER 4, 2006 AT 1:23 P.M.

**“*The little one* We use is hearing what We are discussing openly in front of her.**

**It is so important for all ages of human life, all backgrounds of human life to understand, being created a human being is a far greater Gift than it is understood to be, because the Gift of life has a Future, and the Future is Far Greater than It is known to be, because the Future gives to the Soul a time in which the Soul is treated in a Manner and Way more than a human life would be, because the Soul is That Portion of Divine Way that now exists in an open manner, open degree, bearing in It the Dignity of what Spiritual Understanding can see, but also act upon in ways more than They have ever done before.**

**We speak through this *little one*, because We want others to understand and to recognize that when Something is done, It is chosen to be exceptional in what It is representing; then it is important that all ages of human**

**life see It, hear about It, and are able to respond, thus giving to It the respect that allows others to see the importance of It and guides them to follow in a deeper manner, way, for a purpose that one would say would be 'Holy' for that time, that way.**

**Thank you for taking My Words, because there are so many things We would like delivered for others to learn about, but it is not always available to Us."**

DECEMBER 4, 2006 AT 2:15 P.M.

**“There are Several of Us present due to the fact that this *little one*, along with many of you present, have to stand firm on what you believe in, believe for, believe about, because in so many ways, and in so many times, misconception of what words mean turns out to be a drastic situation with some individuals who do not understand the full meaning of different words, and the importance in how they are used, especially when they are describing or discussing or discerning what is correct, over what is possibly, and yet not firmly correct.**

**I will close, but as I do, I beseech those who take the Words to not overlook what is possible or probable, but to look at what is logically feasible and suitable for the conversation to be properly handled and/or respected for what it means regarding the subject that it is being designated for, or in, or about.”**

**DECEMBER 4, 2006 AT 2:34 P.M.**

**“We are always so pleased to be with all of you because of the interest, the care; and the attitude everyone shows makes Those of Us Who are listening or just aware of all that is occurring, gives Us happiness We do not always have for Our sensitivity to be encouraged, to follow, or to see the importance of.**

**Our Words are different, but Our Presence of Our Wills is always available. This may sound difficult to some, but sometimes the Spirit of wanting to live, wanting to be part of something enjoyable, often has more reasonability in it than it is seen to be.**

**I speak in a manner, way, that some will not be able to cope with, but I assure you it is truth, and I am speaking the Words so that others will more fully understand that We are available more times than the sound of Our Voice shares.”**

DECEMBER 4, 2006 AT 2:47 P.M.

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**I have requested to be able to speak Words to those present because I feel the importance of how you think, how you act, and how you use time in such a likeable attitude.**

**So many times I am requested to speak on subjects that I feel are important, and should be seen for the importance they are adaptable to: an ordinary meaning, or discovery in the lives of those present each time I hear a discussion on what would be nice to have, in a verbal way, or in what I would call ‘example’ for others to read, to think about, and to use to display, or conditions or situations that would give hope to those who would be able to partake in them.**

**Hope is a special word in most divisions of human life, because hope gives strength, perseverance, logic, and it also gives happiness when it is acted upon in a suitable manner, thus allowing those who read the Words, to more fully understand the condition**

**or a situation that can improve others' understanding of what is feasible to use in ways not ordinary, and yet in ways that will display or be able to discover even, facets of motivation, interest, consultation, and a happier way to serve what is somewhat unusual for others to partake in.**

**Thank you for These Words. There are so many more I would like to speak at another time."**

**DECEMBER 5, 2006 AT 10:16 A.M.**

**“We All smile when this *little one* requests of Us to do something that will help someone else. Her attendance to this is always evident because she speaks it to be heard for what it is.**

**We All thank you for participating in a Gift that says, ‘I believe in You; I love You.’ So many people of all ages do not always understand the privilege of receiving a Gift of Divine Love by hand.”**

DECEMBER 5, 2006 AT 11:24 A.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**Each time this *little one* requests time with wanting to have within her a Gift she has always adored and has always been thankful for, because of the closeness she feels to Divine Will, Way and Love.**

**Throughout the world there are millions of human beings that recognize the Gift of Holy Communion and of what is called, ‘A Sacrament of Divine Love’ based on a Wafer easy to take into one’s body.**

**We hold *the little one* tightly, because for so long a time she has adored the Importance of the Gift of Divine Love that gives openly a Small Particle to be put into the body, and yet be seen, also understood as a Portion of The Creator of Spiritual Needs because in His Gift of Service to Divine Will, He is ever ready to share a Small Wafer of Communication for the Soul that awaits It, and is so happy to be able to say that he or she received**

**a Gift Greater than It is thought or known or seen to be.**

**Just as human beings in the human way of living find association with one like themselves a comforting, happy way to live, the Gift that compares to this, or is Greater, is a Small Wafer designed by The Creator of All Things, thus sharing time with those in the living state of human way, human living.**

**There are so many things We would like to speak about because of the importance of what Faith gives to an individual, assuring the individual to a Strength, a Purpose, a Hope, a Need, and a United Gift of Love for The Holy Trinity.**

**As We close at this time, it must be understood that a time like this is based on All that is helpful to the Soul of those who partake in It.”**

DECEMBER 5, 2006 AT 11:51 A.M.

## GOD THE FATHER

**“I have requested *the little one* to be with you, because I have a few things I would like you to know and maybe understand in a manner and way that could help you then follow Divine Plan.**

**Each day as I look at the world of human life, human lives, human understanding, human participation, human development and human abilities, I am sometimes very sad because I know I see within them they are not seeing human life as they should. They are not seeing it as a starting point to one day being able to follow Divine Will a full measure in every facet of human living.**

**Each day that you are living in the human way is a day of Divine Love beyond what you understand it to be, because My Love is to give you responsibility, but also the will to follow what you know is correct morally, psychologically, physically, mentally, emotionally, because your**

**Soul is the recipient of every moment of every day.**

**This may sound difficult for some to understand, but it was a way to give you, so that one day when you return to Where I Am, you will feel the Greatness in It, the Beauty of It and the Purpose, but also that the Goal was important, and you will be happy that you struggled to make that Goal.**

**I could speak hours to you because of My Love for you, My Desire for you to follow your manner of living to reach the Goal of Supreme Divine Love, because it is worth every moment you give it, and every time you give it. Remember this.”**

DECEMBER 5, 2006 AT 12:17 P.M.

## SEVERAL SAINTS

**“There are Several of Us with this *little one* as there so often is, but We are making a point of it today because of all she has endured up to this time.**

**You live in a time wherein it is of great importance that many people understand that the Gift of human living is a Gift far greater than it is often understood to be. So much is taken for granted and even passed over, not seeing or not realizing the value of what life was created to be, to have, to follow and to one day be known for.**

**There is so much We want to talk about through this *little one* because she is Our method, Our means, and Our Love to be able to speak through her and have her repeat what We Will others to hear, or to see, or to acknowledge, or to learn about.**

**Thank you for taking My Notes, because They were meant to not awaken you, but alert you to the Importance of Those of Us Who surround this *little***

***one more times, more ways, than it is ever understood to be.”***

**DECEMBER 5, 2006 AT 12:43 P.M.**

**SEVERAL SAINTS**

**“There are Several of Us Saints present because of the importance in how you have accepted a Beautiful Gift of Divine Love in a manner and way that will give strength to those who hear about It, those who read It, those who partake in the subject matter, and those who feel they have gained morally, psychologically, from just hearing what was spoken in such a beautiful manner and way, logically, to make a Statement on the importance that human life can attain and become known for.”**

DECEMBER 5, 2006 AT 12:50 P.M.

### SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori. There are Others with Me today, because in Our discussion of how those in the living state accommodate how they live and how they feel about communicative measures so others will know how they think, and how they will others to partake in their manner of communication. A Blessing of This Dimension, This Concern, This Ability in some individuals, is a Gift far greater than It is recognized or accepted in private circles.**

**You live in a time wherein so much has been delivered verbally so that It could be put into print for others to read, to follow, to understand and to practice because of the importance in how It was stated to be.**

**Please understand My Words, because They are meant to give service to you, and to aid your manner of doing special things which can be so important to other human beings who do not have the Spirit of suggestion, or of study within them.**

**Thank you and *God bless you.***

DECEMBER 5, 2006 AT 1:04 P.M.

## SEVERAL SAINTS

**“There are Several of Us present because when We get this *little one’s* attention, each time We do this, We find that many Words, differently stated, can be found to be important in Messages that the human mind has the ability to use and still end up with the discussion being very meaningful, very suitable, very likable, interesting and thankful for.**

**In the world that you live on, or I should say on the world that you reside, so much is capable of being seen for many, many different ways of living the human way, because there are so many Gifts that can be comfortable with, suitable for, interesting in, and positively grateful for what it can fill one’s life about and with.**

**Some would say, why would I speak in These Words? I do it because there are so many Gifts in Divine Life that are capable of instilling into the mentalities available in different places, a much greater degree of being able to cope with things that are not**

**always set for one or two people, but give the average large group of individuals the chance to associate with, realize about, and be enjoyable in using them.**

**I know These Words are not ordinary to you in how We speak, but it is because We care about what can help in seeing more than one condition, problem or situation to incidences that come automatically.”**

**DECEMBER 5, 2006 AT 1:25 P.M.**

**SAINT JOSEPH, THE HOLY SPIRIT**

**“I am Saint Joseph.**

**I am so happy to be with you on this day because of the importance in how you have been accepting in so many ways, aid, help, and deep concern for those outside where We are, have the privilege to learn from, learn about, and to be able to use what they are learning for the betterment of their Souls in a very loving way.**

**Thank you from My Heart to you today.”**

DECEMBER 5, 2006 AT 2:05 P.M.

SAINT AGNES  
SAINT MARGARET MARY  
SAINT FELICIA

**“Yes, there are Three of Us present. I am Saint Agnes. I am Saint Margaret Mary. I am Saint Felicia.**

**It is with much Love and pleasure that We speak to you on this day, because We have the privilege sometimes of hearing what your conversations consist of, or are liable to speak openly.**

**Today is a beautiful day in many ways, and We are grateful that We have been notified that certain things are occurring that need help because of this *little one's* association at another time.**

**Throughout the world it is sad, but there is not one hundred or one thousand days that could be spoken of as pure in every way. Human nature, human habits, human weaknesses and human dilemma oftentimes abuses what is right, what is good, what is feasible, what is justifiable, what is morally sound.**

**We hold *the little one* tightly, because All she is saying is a surprise to her also, because of her innocence in how she lived, and in many ways. We smile when We say These Words. She is aware and only wants good, wanting purity of the mind, the body and the Soul of not just herself, but others she knows.**

**You live in a time wherein so much wrong, illogical behavior was prevalent, is prevalent in some areas. Never let it sidetrack you, or give you such a fear or a rejection of it that you cannot handle being what you are in every way possible.**

**It is important to love The Heavenly Father, The Heavenly Mother and All The Saints, and as you walk each day, you have the privilege to follow your way, because We know it is a way that will please Them because of how you feel and want things to be pure morally, mentally, psychologically, physically.**

**We will speak more on this at another time, but We appreciate your allowing Us to take your time to speak what We have. It has helped Us more than We can say.”**

DECEMBER 6, 2006 AT 12:05 P.M.

## GOD THE FATHER

**“I smile as I see this *little one* concerned about My Communication with her, so that others will be able to learn how intimately Divine Will is with all human lives.**

**In the Creation of human beings, it was all made to understand that to be created a human being was a Gift of Divine Love, and it would include male and female benefactors when it was put into practice, beyond what the human mentality would understand it to be in its full measure.**

**I smile at this *little one* I use to deliver Words in My Name, because her obedience is far greater than even she knows it to be.**

**As I speak Words that are not just opinions but Facts, I say to those who take the Words, ‘It is important that when you put something into print, reasonability in it, logic in it, and it is obviously Blessed by Divine Will.’**

**Thank you for your time with Me. I appreciate that.”**

DECEMBER 6, 2006 AT 12:36 P.M.

**“We many times talk to this *little one* even when she is with others, because it is important that We verify what We might be asking her to either correct or dismiss or accept Words We are speaking about her, or Words that designate certain important events, conditions or circumstances, or human beings.**

**She is always alert at response to Us, and We are very grateful for it to be this way. We are different in how We cope with certain degrees of communication, but We try very hard to adapt in a perfect manner because of the importance in how she always speaks.**

**Thank you for being patient with Me, or I should say, Several of Us, because We like to clarify particular concerns and other things.”**

DECEMBER 6, 2006 AT 1:37 P.M.

**“We have been speaking to this *little one* for some time on the Importance of being a human being and the Goal for which it was designed, and that is to return to from Where It came at another time, but also representing What would be Holy, What would be Divine, and What would be truly a Gift beyond what the human mentality could ever perceive It to be.**

**Let us take now what the human mind can serve to the body that is seen, and not only serve in a manner understood, but serve in a manner of mental practice in using the mentality to think in ways that give strength to the mentality, hope to the mentality, and much more worth than just speaking words.**

**Through the mentality, conscience is a very important fact, and being able to think what is morally sound, but also understanding that everything that a human being uses is recorded, but also shown openly the individual who records these things for the sake**

of memory, for the sake of caring, for the sake of hope in them, and for the sake of acquiring greater goals.

**Y**ou live in a time, even though it is what is called 'intellectual', I must add to this: being actual does not always mean being safe or caring or understandable. The list is endless. It would take so much time to deliver every Fact thoroughly included in this Line.

**I** want to speak more, but hopefully I have left Words that will be found impeccable, also necessary, also great help to the human mind that is the custodian of all an individual does physically, socially, mentally.

**I** cannot gather All the Words at this time, but it is important for thousands of human beings to look at what I have just spoken, and when they do, I think it would be wise to stop worrying about what other people think, say or do. Don't have an opinion on what you think, but sound reasonability will fulfill the necessities necessary for safety to be evident, logic to be evident, hope to be evident, and of course, prayer at the right time.

**I want to speak more, I could speak more, but sometimes Many of Us Saints Here in the Heavens find that people are often critical. They have no right to be critical, because their mentality does not have what We have. Mentality only limits what it suggests to the individual.**

**I will close, but as I do, I say: ‘Don’t try to twist These Words. Don’t try to correct Them. If you do, it will be a waste of your time, because These Words are not just practical, not just logical, but based on Divine Will always.’”**

DECEMBER 7, 2006 AT 11:57 A.M.

**“We have requested *the little one* to make this time with you all because We have things We want to discuss, or I should say, speak openly on the importance of being able to live knowingly, what the Goal can be for you as a human being. When I say, ‘can be’, you must understand it is a Positive Statement, and the Word is for you because of when you were created, you were created in a beautiful manner, way, Purpose, Reason and Goal.**

**Being created a human being has not just the chance, but the Goal automatically stated, that within you, your Soul wants to be one day returned to from Where It came at another time, and the whole time the Soul is within your body, the Soul is Part of everything you think, do, speak and use in the human way. The Soul is the recipient, but also the Guide to aid you because of the importance in how you think, how you perform in every facet of your living way.**

**T**o be created a human being is a privilege greater than it is understood, because it gives a knowledge, an understanding, and the advantage of knowing that you have a Soul, a Portion within you that is of Divine Manner, Way and Love; but also, in the physical part of how you live, that body is important, your mentality is important, and how you use all things, thus understanding that honoring The Divine has a reason in it. That is why you have learned so much about the Importance of the Soul.

**I** could speak hours and I would like to, but I realize how I feel is so strong because of the importance in how all of you, and thousands and millions more like you, have the privilege to return to The Creator Who made All Things, and you have the privilege to become 'a Saint', walking with Them, speaking to Them, using many things that give your life as a Saint happiness, joy, and I am going to say something: a Close Association constantly with Divine Will, Divine Love, Divine Intercession and Divine Life.

**I** beseech you, do not dismiss These Words in how you think, how you

**know Truth is a Gift of Divine Love to you and in you, for the rest of time.”**

DECEMBER 7, 2006 AT 12:42 P.M.

**“There are always Several of Us present wherever this *little one* is, because We are in full accord with how she has been directed to think, to feel, to understand, and to practice for the benefits that are rare, but yet so full with Divine Love.**

**Today as I speak, there are Several with Me. We are always happy to respond when We are allowed to respond, because even though there are hundreds of human beings that offer prayer to The Saints, it is always a pleasure to Us when We can join in on This Type of What you are participating in, because of the Saint you are honoring, and how you do it with care, with sincerity, and with love for The Divine that gives to the time with you, a strength and a happiness, due to the fact that you are openly accepting Something you cannot see, you cannot really hear, but you are aware of.**

**Thank you for being who you are, what you are, and do not forget,**

**Our Desire to please you is more than you will understand it to be, because you cannot see Us and you cannot hear every Thought that passes through, asking The Heavenly Father and Several Saints to give Us the strength to persevere; also, that God truly loves you.”**

DECEMBER 7, 2006 AT 1:10 P.M.

**“The Creation of human life was said to be a varied Gift that only Divine Love could conceive, because Divine Love, in Its Strength and in Its Love for human life, would many times counsel, control, console, identify the need that might be evident because of the Importance of human life and the Purpose for which it was to be held in much love; thus, being able to identify the Importance of it, the Reason for it, the Love in it, but the Greatness in the Manner that it was a Gift greater than it is understood to be. It is a Gift based on many things, even Humility.**

**I am speaking so differently, because there are so many things to be spoken about regarding the Gift that was designed by Divine Love, by The Holy Trinity. Not much is learned about this Gift, especially the background for it to be a Gift of living life in the prescribed manner of dignity, purpose, Goal for the Soul that it would bear, and also, the importance of the Gift it was for the Souls that would be used by it.**

***The little one*** is looking at Me as I speak These Words. We smile at this, because she is very conscientious when it comes to detail, and also security of what is to be handled in a dignified manner and way; thus, in some way blessing it so nothing would go astray.

**Just imagine:** if the world was created, the sun was created in the sky, the moon was created, the stars were created, and all things such as they are, but there were no human beings to enjoy this place, would it not be sad, and would it not be a mistake, because the sky would not enjoy what it could not see or do or be part of, nor could anything else created; but the living state of human beings gives to whatever it is selected to be part of. It gives hope for a future, it gives hope for a Part of it to be returned to the Heavens and be with The Holy Trinity, to serve with The Holy Trinity, and to be Part of what the living state has so much of: love for The Divine, love for the Souls, love, just being alive.

**I** know I sound emotional just speaking These Words, but there is so much to be spoken about, because just being able to have what we have, each thing is a Gift of Divine Love, giving

**to it happiness, joy, reasonability, purpose, hope. The list is endless.**

**I will return at another time, because as I speak on this day, I cannot describe how My Love for all that is to be and is present now, is beyond what the mind or the body can fully perceive.”**

**DECEMBER 7, 2006 AT 2:50 P.M.**

**“Many times We hear individuals begin their time with Us by saying, ‘Time is of the essence.’ Yes, perhaps it is, but time also records everything a human being thinks, says and does.**

**There are so many facts that could be written about every time in life, wherein some are born from one end of the year to the other end of the year, but they represent what they practiced. They represent what they allowed life to be like to them, for them, in them, by them, irregardless of all the things that could be spoken by others who are born at the same time.**

**This Statement may sound different or not quite right to some, but it is so important to understand how different individuals use the daily way of life at the age they become, whether it be young teenage or later on in life. The Gift of life is Important, because it allows an individual to practice living as a human being, irregardless of what year, what month, and/or whether it is male or female.**

**Time speaks many times, often, through individuals who have the same day of celebration, but are in many ways different than each other mentally, physically, emotionally. The list is endless.**

**You may ask why I would speak so much on this subject. I do, because it is a time that is of great importance to most people, and it is a time of beginning and a time of understanding, and a time of using daily life in a manner and way that some use differently than others; much depends upon background or intentions or mental attitude and/or disguises.**

**Thank you for allowing Me to put this into print, because it gives a sense of logic, but also entertainment on the importance of all that occurs in the beginning of lifetime. Thank you for what you have put into print.”**

DECEMBER 7, 2006 AT 3:12 P.M.

**“False identification is prevalent. You may ask, ‘Why?’ Many times We ask the question but receive no logical answers. It seems that many individuals feel the need for changes that are not actually suitable to how they associate their time with things that are out of line with how they used to use them.**

**Throughout the world there are many changes in description of what facts are available and in how individuals associate their manner of living with what is supposed to be practical in actions, words, practice, and understanding, but also devotion to The Ones being used as The Ones being prayed to.**

**So much is occurring that is not feasible, yet to many individuals feels satisfactory.**

**I beseech you, as I have walked the religious walk so long and so many times, I beseech you to look at things in what I would call ‘a practical identification’, using what I was**

**trained to do, for what I want My Life to follow.**

**Thank you for reading These Words, because it is something that should be looked upon as important for individuals to at least learn what is occurring that perhaps is changed in many sources, many divisions, many areas, on many Spiritual gains.”**

DECEMBER 8, 2006 AT 10:47 A.M.

**“We always appreciate and are happy when We see or hear about the Precious Gift of Divine Love put into the mouth of a human being, so the Blessing of this Gift will give Strength to where We know the Strength is needed.**

**We hold *the little one* tightly, because We showed her how the Strength operates when It is in the mouth, the throat. The Gift of Holy Communion is Far More Important than It is understood to be, because it is not just a Communication of Love for The Holy Trinity, but it is respect for the manner in which It was created to be.**

**We speak so many things through this *little one* that others have not realized to be. We hold her tightly because her small body is what We use for many things, not always seen, but always felt by her who walks the tightrope based on Divine Love for The Holy Trinity. Any criticism regarding this Gift is an abomination, vile to The**

**Holy Trinity. Even though hundreds, even thousands of individuals accept this Gift readily, they do not always understand the full brunt of the Importance of It, and this is sad.**

**Some may wonder why We would speak this way, especially when they are present at a time like this, but it is important for some things to be known about, because it enlightens the mentalities who have no concept of the importance of accepting a Small Token that is created to be a Gift of Divine Love. It is important for the Soul of the one who accepts the Gift, because the Soul pleads with aid, for aid, because the Soul blesses what is necessary to be blessed when It enters the body. Remember this.**

**We will release *the little one* slowly. We love her and thank her for this.”**

DECEMBER 8, 2006 AT 12:05 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**In the Creation designed to have so many remarkable features, factors, interests, abilities, understandings and hope, it is and was a Gift designed to give to every human life created, a strength to persevere when things were necessary to persevere. The list, of course, is in so many ways applicable to what human life was created for, and that is to live in the human way, and then a time comes and the Soul is left to be the Important Factor in what an individual consists of, but this Factor is That Portion that will return that individual to from Where It came, a Place called ‘Heaven’.**

**Our Words are oftentimes rapidly put, because We are so happy to be able to speak about the Gifts that a human being is created with, for, how, why, and also to encourage the individual to be thankful for all that it is responsible for, because one day the Soul will be that Lone Receiver, and the Soul will want to thank the Soul**

**of the one in whom It worked, walked, thought, saw, and even welcomed. The list is endless.**

**Thank you for taking These Words, because They are Words of Love for The Divine, Love for The Gift of human life, and Love for those who walk the path for the Soul that they were created with, for the Soul to return to Heaven from Where It came.”**

DECEMBER 8, 2006 AT 12:40 P.M.

**“Time is basically a legitimate Gift of Divine Love, because time allows an individual to accomplish whatever they are interested in morally, psychologically, even physically.**

**Time is a Gift that is not always seen in the greatness it is, the value it is, or the purpose it is for the mentality of a human life, human living, human understanding, and/or human actions in many ways.**

**Think about time, what it gives to you in just allowing you to do many things. Time gives you time to sleep. Time gives you time to eat. Time gives you the ability to sort many things, but time also gives you what you enjoy using morally, mentally, psychologically, physically, because time is time that looks forward to being used on an individual’s hope, despair, caring, or their abilities that benefit what they are conscious of being able to cope with, to consider, and to practice in a manner and way**

**that gives them thanks for ‘the time I could use in that way’.**

**Logic should tell those who take These Words that without time, the Words could not be put into script. Is this not so? So, would it not be wise to think of time as a God-given Gift of His Love for every facet, every act, every move of human living?”**

DECEMBER 8, 2006 AT 2:19 P.M.

### SAINT ANGELA MERICI

**“I** am Saint Angela Merici. I am very acquainted with this *little one* that so Many use to address conditions, situations, and also discuss many terms that need help in some ways. I have known *the little one* quite a long time, so I am aware of things she would be involved in to aid, to help, to assist, and to be conscious of the importance of situations, values, conditions, and also things that need some aid to cause them to be reasonably set to be able to be applied to assistance in certain areas of life.

**M**any of Us Here in the Heavens have known this *little one* for quite some time, and We address her as ‘*the little one*’, because she tries very hard to diminish what she is in charge of, or concerned about, or requested to be helpful in when it is in somewhat of a difficult situation or condition.

**Y**ou live in a time wherein so many human beings do not understand the importance of what they can do for others, or to aid others in a manner of

addressing communication that gives strength to those who need it. This Statement may be difficult for some to comprehend or understand, but there is so much need sometimes for consolation, for continuation of aiding someone on a segment or a purpose or a valuable condition that needs a soft manner of speaking for the other person to feel comfortable with.

I know I have said many things here, perhaps different than you expected of Me, but I am with several people at this time that know this *little one* who is speaking to Us, and We care about what she has to be confronted with because of the sensitivity she bears for more things than she ever discusses.

She is upset with Me for bringing her into this, but We love her and We want her to know this.

Those who take and put These Words into print, it is a generous act you perform in, because without your participation, you would not be able to discuss all the facts or conditions or needs to assist so many individuals at this time, at this date, especially those

**involved in the understanding of what  
The Saints mean to them.**

**Thank you for listening to Me  
today. I appreciate your time and your  
willingness to put It into script.”**

DECEMBER 11, 2006 AT 11:28 A.M.

**“So many times We would like to speak Words for this *little one* to be able to repeat Our intentions, Our caring, and Our sincere Love for the human minds, based on the purpose for which much could be accomplished physically, mentally, spiritually.**

**We use this *little one* for many things: first of all, the Presence that she shows Our Communication with her, that assures others that she walks a tightrope based on Divine Love, Divine Security and Divine Hope, instructing those who read the Words and/or hear the Words We deliver through her small voice, and her obedience to Divine Will.**

**God’s Love for human life never ceases, because the Souls are that Living Point of Communication, of Association, and of Divine Will for the Soul to be returned to The Creator, a Saint.**

**Thank you for putting These Words in print. It is important that**

**They be read with what We have just delivered.”**

DECEMBER 11, 2006 AT 11:54 A.M.

## SEVERAL SAINTS

**“We hold *the little one* Our Way because of the tremendous Responsibilities We have given her to do for Us, and help others along the way. Her small body is oftentimes used to partake in conditions and situations unlike how she is aware of physically, based on mental alertness, plus logic, plus importance in the Words she is delivered to speak for those present to learn what is important for them to know.**

**She was given this Task a long time ago because of her natural obedience to Divine Will, Divine Role, Divine Intercession, Divine Love for the Creation of human life.**

**We dictate These Words to support what she obeys. We also use These Words to awaken those who hear Them, to more fully understand that Many in Heaven follow what is dictated for the benefit of Souls.**

**We could speak hours on this subject because it is not really known for its full measure, for submission**

**for Divine Will that addresses so much for the Souls in the bodies of human beings that are never seen, never really felt, and yet are always available to support the human body that They are in, because of the Soul. It is to return to Heaven from Where It came, sometimes a long time ago.”**

DECEMBER 11, 2006 AT 12:33 P.M.

**“There are Several of Us present with you on this day because We are so happy to be where this *little one* is, because We know her background, her manner of living, and her caring so indepthly in many ways, many subjects. The list is endless.**

**To have the privilege to speak to you today is greater than We can speak it to be, because sometimes when We are in the presence of those that are in the living state, they do not know when We speak where We received Our logic from, Our sensitivity and/or Our delight in being with them.**

**You live in a time that has so many special material ideas, facts, interests, and coordination within the timing. This is beautiful to see and a pleasure to understand it, because it broadens the scope of human living, giving to it not just ideas but facts that give strength to the human life, purpose, and so many beautiful talents, helping the human mentality to sense,**

**feel, and be concerned over time and its worth.**

**What I have just spoken is because of how We see the importance of it, and how We feel you have been gifted with things that are not always available in the degree that We see them now. There is so much We would like to talk about, but then by a Higher Degree of Communication, We are told that there will be times that We will be requested to participate more emphatically, more personally, and be able to tell those who are present how happy We are to be a Part of the time that they are in, because Heaven decides these things and Heaven is the Goal We All seek.”**

DECEMBER 11, 2006 AT 1:26 P.M.

**“Yes, there are Seven of Us present because We are All happy to be with this *little one* who has requested Our Presence two days before this.**

**We smile when We say the time has come to allow Those of Us Who are dedicated to Divine Love, to use this time now to help others find happiness in what they are thinking, more than what they are receiving in the form of a Gift.**

**A prayer, when spoken, is a two-way communication, because the one speaking the prayer automatically knows that Someone of a Higher Station in Life, in Living, is receiving the prayer automatically, because Those Who walk the Path of Divine Love and are always available for prayers to be spoken, are many times present when no one even suspects Their Presence to be.**

**Never forget that when you speak words of communication and sometimes when you request in this communication, aid, concern, even**

**help in some form, you are always heard, because the mentality seeks the Saint out and the Saint is ever present listening to different individuals who They know will pray, or what would be called ‘communicate openly’.**

**I know what I have spoken is not common to your ears, but it is a fact of understanding, and of course, of communication with The Divine, because I promise you, there is always Someone listening to be called to partake in what an individual wants Them to do. You are never alone consistently, constantly, because there are always Saints that know Who the Saint is that you are named after, or that you are constantly saying prayers to. The list could go on and on.**

**Do not forget this: You are always close to Divine Will, Divine Understanding, and Divine Love for The Holy Trinity. Bear in mind, the moment you learned your first prayer, there was happiness, a great deal of Love in Heaven.”**

DECEMBER 11, 2006 AT 2:00 P.M.

## SEVERAL SAINTS

**“There are Several of Us present. It is so beautiful to see and to be requested to be a Part of because of the concern, but the dedication, helping Souls to use strength to persevere when needed, and concern when it is logical for whatever the concern is referenced to.**

**Sometimes We speak very big Words through this *little one* because of how sensitive she is when she thinks. She was chosen a very long time ago to be the recipient of so much Communication to aid others in learning how to believe in the Existence of Divine Love, Divine Will, Divine Hope, Divine Ecstasy, proving that the State of Ecstasy has the ability to respond spiritually, but also mentally.**

**This *little one* has put so much effort in what she has been requested to perpetuate in; and that is to communicate, but also to accept what she is requested to understand not just verbally, but physically, mentally,**

**and more. Though the burden is far greater than it is seen or understood about, or to be, her acceptance is final to Us and Blessed by The Holy Trinity.**

**We oftentimes vouch for her manner of doing things. We smile at this word. She does not appreciate the word, and yet We use it in association with her. There is so much We would like to speak, but perhaps at a later time, because there is much more occurring that needs to be watched by The Divine.**

**Thank you for being present at this time, because Our Love for her, because of her love for The Divine.**

**She bows to Us. We smile at this. She is always ready to pay Honor to and for Those she knows are gifted with a Close Association of Divine Will, Divine Assistance, like now.”**

DECEMBER 12, 2006 AT 11:58 A.M.

## SEVERAL SAINTS

**“There are Several of Us present with *the little one* today, because in many ways We have worked to help her help others to never stray away from their ability to pray, and also to partake in prayer with others like themselves who find prayer gives to them a strength, a perseverance, a companionship and hope; also, the fact that Whoever they are praying to will aid them to learn more, to sense more, to practice more, and to follow Divine Will with a sincerity and a hope and a love beyond what they really understand it to be.**

**We hold *the little one* tightly, because her Tasks are far greater than they are seen to be. Responsibility has a weight to it, a reason for it, and yet the Responsibility has a definite sound good to it, but all these things are based on the fact that they are used to fulfill the Love for the Souls that await for things to occur to help Them have the strength, and to help Them know that They are not forgotten,**

**because They, in many ways, walk the tightrope of Souls.”**

DECEMBER 12, 2006 AT 12:50 P.M.

**“We are always present wherever this *little one* is, even when it is not a time that We are available to put into script what others want Us to do for them.**

**We are always happy to be where this *little one* is because of her understanding of Our Presence, of Our abilities and of Our interest in what she, as well as others, are interested in producing or delivering to others who will appreciate what they have to do, to serve with, or to talk about.**

**We have been with this *little one* for a very long time, and We are always interested in what she chooses to speak about, or to point to others what is an interesting piece of work, or in literature, or in what is occurring because of the time it is.**

**We have released These Words to you, because We are always where this *little one* could possibly partake in something that would help Us also, in different facets of circumstances.**

**Thank you for listening to Me. I  
hope We will meet soon.”**

DECEMBER 12, 2006 AT 1:02 P.M.

## SEVERAL SAINTS

**“Yes, there are always Several of Us present whenever this *little one* is available to speak or just to understand what is occurring.**

**You live in a time wherein men, women and children feel they understand explicitly all the meanings of what is being spoken by others.**

**Today We are talking this way to alert you that when you repeat Words that have purpose to Them, regard that is either Spiritual or necessary, it is a Gift from The Heavenly Father, not just from Those of Us Who speak, but the Message has to reach you in some form, some way; so, many times We are contacted to tell Us, to request of Us, and to instill in Us the Words They want spoken openly.**

**Thank you for listening to what I have said. It has purpose to it, reasonability in it, and yes, human love for you.”**

DECEMBER 12, 2006 AT 1:50 P.M.

**“There are Seven of Us present. We are always happy to work with this *little one*, because the purpose is always a good one, an interesting one, and many times a very delightful one.**

**To be able to think in a manner and way that opens doors to a fuller understanding of issues, conditions, situations, and the result of productivity, much knowledge must be that point of direction, because the knowledge will make things not just presentable, not just acceptable, but productive to the fullest measure and degree.**

**Some may wonder why I would speak this way. It is because the task, or I should say the tasks that you have accepted physically, mentally, verbally, are tasks that need all the attention you can possibly use, because it is necessary for things to be first class and be given the chance to allow others to see the purpose of them, the reason for them and the beauty in them, for others to be in a mood or**

**a mode of looking at what you think, say and do as an invitation that will give happiness to one's way of living, one's way of working, one's way of addressing what is happiness to accept in the daily mode of participation.**

**So much could be spoken on the interest and the realism that a human being can use and partake in, not in an adventure, but a manner of living that leaves one's psychological happiness in a very grateful mode of understanding.**

**Thank you for taking These Words. They are of great importance to more people than you understand the number to be."**

DECEMBER 12, 2006 AT 2:53 P.M.

## MANY SAINTS

**“Many of Us Who put Words into print that We receive from You, and Others like You<sup>1</sup>, it is truly a Gift of Divine Love, and We always thank The Holy Trinity for it, because it doesn’t just add to what We feel or We think are important Words for Us to more fully understand what a beautiful time it is, to be able to live when there is so much celebration and so much kindness and so much remembrance and so much planning.**

**To experience this with those you love, it has to remain a remembrance of the joy it took, the joy it gave, and what it did to how you feel regarding sharing a time like this.**

**Some may wonder why My Words, or I should say Our Words are so distinct in what They mean to say. It is because a time of year such as this is, is always thought of as special because of what it declares to be: a time wherein**

---

<sup>1</sup> The Speakers are talking here to Other Saints in Heaven.

**so much was put in an open manner for others to appreciate spirituality, and also the Gift of giving, the Gift of serving, and the Gift of appreciation that, at other times, sometimes is not seen.**

**Some who read These Words may not be able to relate to Them, but We want you to think about it and see the importance that words can give to many who find that is all they receive in communication at important times of the year.**

**Thank you for putting this in print, because Those of Us present here now, sincerely appreciate sharing time, Words and Communication for the beauty of being human at the same time.”**

DECEMBER 13, 2006 AT 12:40 P.M.

## THE HOLY TRINITY

**“*The little one* We chose a very long time ago is consistently and constantly available to aid what We Will her to do, to have, to show, and to be obedient of, because of the Importance of every human being’s Soul.**

**We speak many times through her, always to give to others how close We are to Divine Will, Divine Love, Divine Hope, and also the desire for The Divine to be heard, and show to others the importance of service to The Creator, but also for the good of Souls.**

**We bless *the little one* with a Cross, and as We do it, each time she says: ‘It is all right, God. I know You are busy.’ We smile at this and say, ‘Our Time is important, but so is yours, because you live each moment of every day to furnish, to help, and to give strength to your Soul Who expects one day to return to The Creator, and be with The Creator Forever and ever and ever.’**

**We love this *little one*, but do not forget, We love all who participate in This Gift of Communication that so readily speaks of Words not thought about and not weak, but Words that address a Communication of Love for The Divine, but also Words that say, ‘We walk together, but We walk in line with what is right, what is good, what is moral and what is true,’ and then We say to The Heavenly One, ‘*Thank You, God, for the privilege,*’ that you are a great part of.”**

DECEMBER 13, 2006 AT 1:05 P.M.

**“She said to tell you there are Several of Them present because of the Importance of What you are part of; and that is, that Many Saints at this time come to the earth in a way and manner unseen, but They allow physical descriptions of Who They Are to be prevalent, so that others will understand What They stand for, and how the ones who live are truly part of Divine Will, Divine Love, Divine Intentions, and Divine Hope, but also, the Spiritual Part that cannot be denied. Sometimes It is ignored, but It basically cannot or should not be denied Presence, or understanding about Them in different facets of human understanding, or association, or communication, or just identification.**

**We use *the little one* and have for a very long time, because her innermost conscience and conscious effort is to aid What is Holy, What is in many ways important for others to understand the Presence of this manner of living, but also based on Spiritual Progress and Divine Love.**

**She says, ‘Is there any more?’ and We smile at *the little one*, because she is ready to help Us in any way or degree or manner that is necessary or feasible or can be identified as ‘Spiritually Sacred’.”**

DECEMBER 13, 2006 AT 2:25 P.M.

**“There are Several of Us present, and We are most happy to be able to be with you in this manner and way, because We innately sense that We, in Our way, will be able to discern things of importance that you, in your exceptional understanding of what Words mean, it will give to Us a Lesson that will give Us an advantage on a subject We would not have gained without hearing your explanation of it.**

**In so many ways, Many of Us Who walk the Path of instructing and of encouraging others to use the methods they have to make their mentality and their association with others a productive means of association, thus giving to all concerned, a higher understanding, a greater in-depth understanding of how to be able to speak on different subjects, and give hope when it is obviously needed.**

**We could speak so long, but it would perhaps be too much at one time, because We feel to associate verbally,**

physically, with one or more human beings, strengthen one's adverse position into more of an in-depth understandability of a subject that could give hope, strength, endurance, and a motivation on learning more about how others think.

Hours of speaking right now could take pages of deliberate concern and deliberate methods of how words can change a meaning, a fact, a situation, or anything else that puts something in writing for others to read that strengthens or just alerts what the conversation can open: something to show what it means.

Thank you for discussing with Me, My Thoughts on this type of human association."

DECEMBER 13, 2006 AT 2:53 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**We are so happy to be able to speak, because it is important that We want you to know, all of you present here, that We are ever present in many ways because of the importance in how We associate you with Us, and Us with you. Remember this.**

**As long as you were introduced to Our Names, logic would say that We are available twenty-four hours a day, because Our Time with you is oftentimes how you feel you want to speak. Our Time with you is endless because We are always available, so when you want to talk, We are available through a Means and a Manner different than you, but nonetheless, We are available to hear what you have to speak to Us.**

**In the design of the Importance of the Spiritual Manner of Living, so much was taken into consideration, thus giving to this time, a definite format that there would always be a Means to hear what you had to say, and a sufficient amount of time designed**

**for it, because We fully understand that in the many hours in one day, time is important, but time can be that portion of human life that needs to speak words that will be heard, and words that will give strength when needed.**

**Thank you for reading My Words at this time, because Our Time with you is of Importance that We do not speak about much, but the very fact that We are Who We Are and you are who you are, says We belong together.”**

DECEMBER 14, 2006 AT 11:58 A.M.

***“In Nomine Patris, et Filii, et Spiritus Sancti. Amen. We have requested *the little one* speak that because of her love for The Holy Trinity.***

**We have requested her to stop where you are because of Our concern that there is a relaxed attitude in support of prayer. To the average person, they see no change, but in some places there is a big change, due to the fact that many human beings are finding the time to be more interesting to them when they use it in means and ways and conditions and situations that are more interesting physically, morally, psychologically, and even personally. *The little one* finds These Words hard to even say.**

**You live in a time wherein many ages of human beings do not pray in the degree they should, could. Many find prayer a habit, but do not look at it as a goal, or as the means to discuss with The Saints how they feel, how they think, and how important it is to**

**feel the necessity for The Saints and what The Saints are capable of helping them with.**

*The little one* never knows what I am going to say when I request she stop where you are or go where others are, to deliver Words that We want heard, that We want understood, that We want to help the Souls, because the Souls are the victims of negligence and of many other things that are sadness to Us Here in the Heavens.

*The little one* is surprised at the Strength We use to speak the Words We have just spoken, but it is Fact. Would it not be ridiculous for Us to want to just say ‘Hello’ to you, when you can say ‘Hello’ to each other and be happy about it?

**We want you to understand that We want you to take the time, not a great period of time, but time to remember that you are the benefactor of a Soul that was Divinely given, and that Soul is to return to Heaven as a Saint. How many human beings, of all backgrounds, ever even think those Words, that Fact, that important issue of communication?**

**We will help *the little one* return, because Our Words to you were to alert you to what is important, what is right, what is wrong. Don't allow yourselves to be vulnerable to something that sounds interesting, or feasible, or logical, or fact.**

**I will close, but I do because I love you. I am a Saint in Heaven. Remember this.”**

DECEMBER 14, 2006 AT 12:50 P.M.

**“There are Several of Us present because We are fully aware of all that has occurred, delivering to this *little one* a great deal of Direction to be able to observe and to give to others the importance of words.**

**So many times when people try to speak words that they do not have the background to follow the sound, or the meaning, or the value, it is destructive in many ways, because it eliminates what the normal individual seeks on participating in: the sound, the words, the meaning, and what it gives to them in a morally beautiful way.**

**Some may not understand why I would speak These Words, but They are important to the fact that at this time you may be subjected to a lot of speech, a lot of music that will be based on words.**

**I will talk more on this when I feel you are interested in words.”**

**DECEMBER 14, 2006 AT 1:23 P.M.**

**“Never feel that you should not be attentive to what you are thinking or where you are. It is important that to live in the human way has many various conditions, situations, values, and more, because in being created a human being, it is a step higher than you realize it to be mentally, socially, physically. The list is beyond what I will say at this time, but each thing I have mentioned has an in-depth meaning to what they represent.**

**Remember what I have spoken, and I will discuss further on this. Thank you for taking the Notes I have requested of you.”**

**DECEMBER 14, 2006 AT 1:39 P.M.**

**“When it was decided that This Gift of Divine Love would be as Important as It is, and based on many subjects that ordinarily would not be necessary, it was seen then, that there had to be a consistent obligation to address All that might be spoken, whether it be in a short manner or a long manner, because the Words would define or motivate the subject presented to be seen for what it was beneficial regarding, either the subject matter, or the need to deny what the subject matter would be.**

**Thank you for taking These Words.”**

### SEVERAL SAINTS

**“There are Several of Us with you, because in Our understanding of what you have all decided, it gives Us pleasure to know that your desire to help other Souls be able to one day be in Heaven, gave All of Us Here with Me now, a happiness that was so personal, because many times individuals do not specify what they will others to be able to be available for, or available to, such a Place as Heaven.**

**Thank you for listening to Me, because there are so Many of Us desiring to fulfill the Will of The Creator so We, too, will one day be Where He is. Thank you. That is all I have to say.”**

DECEMBER 14, 2006 AT 2:03 P.M.

## SEVERAL SAINTS

**“There are Several of Us present because We always like to be wherever this *little one* is available to see.**

**You live in a time wherein there is so much availability to learning what is morally correct, morally sound, morally pure, and yet, all ages of human life are trying to adjust to their manner of how they feel life should be, what it should follow, what it should see, what it should practice, what it should know.**

**We say These Words to alert you that in the human way of living, sometimes there is so little thought about when it comes to one’s Soul. It is easier to think of what to do, where to go, how to pray, and yet this last one does not always meet the role: the role of understanding, the role of practice, the role of truth, the role of sharing Heavenly Will.**

**We want so much to talk a lot about this subject, because it is a subject worth looking into, because it is that part of a human life that**

will grow in a stronger means, way of understandability regarding the whole structure of human life, not just the fact of dying.

**T**oday as I speak to you, there are Several here with Me. We sincerely want everyone who lives the life of the human way, one day become ‘a Great Saint’, because then it will have been the way The Creator wanted it because of the Souls that are at stake.

**R**emember at least some of the Words I have spoken, or I should say, We have spoken, because it will have a stronger view of what is important at a time when the heart no longer moves, and yet there is a Goal that awaits the body and the Soul. Never forget this.”

## OUR HEAVENLY FATHER

**“Nothing that I deliver through this *little one* is not what I Will her to follow, because it is important that certain things that I Will others to partake in, and also to receive, such as My Small Wafer that speaks in the sight of It for The Holy Trinity.**

**In the human way there are so many things to be considered and to be settled upon, and many times made in an open manner of sight, whether it be structures or just the Words in writing, in print, to be read for what is to be accomplished for a definite reason or cause or method of practicality for what it was created to be.**

**We smile at *the little one* because she automatically says, ‘I didn’t know what it was all about.’ We tell her, ‘That is why, sometimes, We do not submit Our Reasoning too quickly, and We await when the time is sufficient to understand what is to be.’**

**We love this *little one*, but We also love those who partake in a manner of acceptance, allowing their desire**

**to cooperate and aid the importance of something being designed and accepted, or made to show the worth It will be for the Souls of other human beings, along with their own Soul at a given time.**

**Thank you for recording My Words because I know They are different, but They are worth the time.”**

**DECEMBER 15, 2006 AT 12:05 P.M.**

**“It is important that ‘awareness’ be important to individuals who walk the human role, because in awareness, it is in many ways a situation that calls attention to something that could be right or wrong, foolish or just, or penetrate into the logic of why an individual even sees the word openly.**

**I will talk more on this, because it is of great importance that all ages of human living become aware of this word, and the value it is to them.”**

DECEMBER 15, 2006 AT 1:19 P.M.

## SEVERAL SAINTS

**“We are always where this *little one* is. We come and go, but there is usually Some accountable for when Some are away.**

**Many times when We gather to certify Our Association, by Us learning what is occurring at that particular time, is to give Us support mentally, psychologically and emotionally, because there is a caring state of mental attitude, and We understand it to be responsibility for how We think, We act, We speak and We care.**

**These Words to some may not mean much, but We are speaking These Words to hopefully make others aware who will read These Words, that it is important to allow an awareness on your part to look for things to be correct for the sake of the Souls involved because, do not forget, the Soul even in a small child is vulnerable to what the flesh does to It, what the little mind practices, and also, then up the line to other ages of living human beings, that can maybe reduce what**

**it has learned, and cause it to be not quite right.**

**My Words, I should say Our Words are to protect the young, and also, in many ways to let those taking These Notes to fully understand you are really never alone when you are dealing with Those Who have recently been given the life, the beginning of Its time in the world.”**

DECEMBER 18, 2006 AT 11:27 A.M.

**“There is much happiness at a time like this, when We see individuals receiving a Gift of Divine Love of The Holy Trinity.<sup>1</sup> So many times this Treasure of Divine Love is not recognized for the value or purpose It was designed for.**

**We often use this *little one* to encourage others to value the Gift, and more indepthly understand It is a Gift of Divine Love from The Holy Trinity.**

**Thank you for giving Me the opportunity to put These Words in print for others to see, because oftentimes this Gift of Divine Love is just taken but not understood the Importance of, and Where It basically comes from, aiding those who receive It, of a Gift of Divine Love from The Holy Trinity.”**

## SEVERAL SAINTS

**“There are always Several of Us present wherever this *little one* is. We say These Words to reassure you on the importance of your time with her and with Us, because when you pray We are present, and when you meet to establish an important condition or situation We are present, because it is Our Love for The Divine that supports those who want things to be considered regarding the conditions of Them, the purpose for Them, the need of Them, and the Goal that They are designed to instruct, to aid.**

**There are so many Words We would like to speak at this time, because in the Creation of human life, much was taken into consideration, not just to support a few people but to endow every human being created with the innate desire to understand, that to be created a human being was one of the greatest things that a human being could have, because the privileges are many, and yes, the Goal too, because with your mentalities, with your logic, with your reasonability and with your**

**understanding, you have, at a given time, a privilege of living with Divine Love, Divine Hope, Divine Energy, all the Gifts that give to life the support of one day being called ‘a Saint’.**

**There are Several of Us, and We want you to know that each time We spend time with you, your Souls thank Us for it and say: *‘Thank You for what you have said today. It gives Us the courage to walk Our road and support what the ones in whom We are, because We love them so much, and want them to one day be a Saint.’***”

**DECEMBER 18, 2006 AT 12:10 P.M.**

**“Moral Values  
are the Foundation  
of one’s Soul.”**

DECEMBER 18, 2006 AT 12:55 P.M.

**OUR HEAVENLY FATHER  
MANY SAINTS**

**“There are Many of Us present, and We must make a Statement here: *The little one* who addresses Our Words at this time, at one time was present with Us. Many of Us know her and about her. We smile at this, because We can say that she walked the Path that was not easy, but she walked it with dignity, perseverance and caring.**

**She wants to cry now, just hearing Our Voice, but We felt it necessary to let you know We knew her at another time. Many of you were not there, but it was a time of joy, a time of sharing, but also a time of declaring one’s interest, one’s concern, one’s values, one’s motivations and one’s dependence on Divine Love in every facet that could be spoken about.**

**We want to talk more because We feel the association is similar to what We had at another time, but as We are requested by The Heavenly Father, He smiles and He says, ‘I will appoint another time for You to talk**

**to Each Other, but right now time is of the essence for other things to be understood because of the credibility of what is being dictated and the credibility for what any test should show.'**

**Thank You, and I will remove All of Us, but We will return when We know the time is right. Thank You for the time You allowed Us to have now."**

DECEMBER 18, 2006 AT 1:31 P.M.

## SEVERAL SAINTS

**“There are Several of Us present. It is with much happiness that We have opened the doors to your understanding how close We can be to important issues, conditions, situations and understanding to be an obvious consideration, based on Love from The Holy Trinity.**

**We allowed you to hear when We spoke to this *little one*, because We want you to understand that when you were created a human being, you did not just bear responsibility, but you accepted the privilege of one day returning to The Creator as a Saint.**

**You walk a tightrope where you are because of the tasks you have accepted, but be mindful, My little ones, that you have been given permission, but also an Act of Love helping you to more fully understand, when you accepted a responsibility of what you have, It has given you the time needed to fulfill what you were created for. It is always Blessed with a Blessing inconceivable to the mind,**

**but sometimes It shows Itself in your attitude, your temper, your mood, and how you accept what is good for you.**

**As I close, I say, ‘What has just occurred should be obvious to everyone here, a Blessing far greater than It shows, but it was to give you the strength to endure.’”**

DECEMBER 18, 2006 AT 2:19 P.M.

## SEVERAL SAINTS

**“There are Several of Us present. We are always happy to be with others like Ourselves who have the interest in them of The Holy Trinity.**

**In so many ways life, in every stage of it, has been given the privilege to understand more, and to be ready to respond more oftenly because of the purpose for which the Wording is delivered: to ensure the mind or minds of individuals who in their needing what It is all about, It registers All Holiness, All Genteelness, and All Super Understanding of Divine Love, Divine Rule, Divine Generosity, Divine Hope, Divine Perseverance. The list is endless.**

**Every day is a remarkable day when all ages of human beings have the privilege to think of what they feel secure with spiritually. The Spiritual Asset of human life is a Gift far greater than It is spoken out to be, because It gives to an individual support and a steady understanding of the logic that exists, and the strength that It delivers**

**in Words understandable, especially regarding The Holy Trinity.**

**Always remember, one of the most beautiful Gifts human lives were given, was to be aware that The Creator of All Things designed Heaven, allowing a Place such as This is, to be available for Thousands of Them, and then available also, for those in the human state that offered their life to be remembered, to be in such a Place.**

**Thank you for this time, because on issues such as this is, it is a privilege to be able to have It put into print for others to see the value of It, and in many ways the Holiness It can give to the Soul that other things would not do for Them.”**

DECEMBER 19, 2006 AT 11:32 A.M.

## SEVERAL SAINTS

**“We use this *little one* in many ways for many things. It is important that others understand that oftentimes *the little one*, or the individual used, has a condition or a situation that could be serious, and thus allow the body to not be capable of doing all that is expected of it.**

**We smile, there are Several of Us here, because *the little one* asked how come God chose her for certain things. We call her ‘*Our innocent little one*’.**

**Thank you for putting These Words in print. We love her. This is obvious. Thank you.”**

DECEMBER 19, 2006 AT 12:03 P.M.

## SEVERAL SAINTS

**“We** have requested this *little one* to leave a Message for you to understand how much you are cared for, cared about, because of the importance in how you have accepted to be responsible regarding things that are going to give others in the future, Information and understanding that they may not be able to have unless you were in the jobs, positions, work conditions that you are now.

**We** smile at *the little one*, because Every Word We deliver is always a surprise to her in how We speak It through her mentality and through her reasonability for It.

**Remember** this each time you serve in giving to someone else what you innately know will aid them and/or give them the strength to persevere in tasks, or in situations, or in how they really think about what human life is all about. Every human being is given a certain degree of being able to not just be instructive, but to be example of what is necessary, what is kind, and

of course, like I said, feasible for how they live the daily way, and in all the situations that are open to them, even the one that tells them to pray.

I know that We speak differently when We dictate the Words, but it is because We want you to understand that being picked a human being bears a responsibility, because it gives you not just the chance, but the logic in how you think, how you speak, and that you are example to others that should be good, should help them in ways they need to understand more indepthly how important it is to walk the human path, the human manner of not just living, but using all the talents, all the abilities, and all the Gifts to help others become 'Saints'.

We are showing *the little one* Our Thanksgiving for being able to do what she just did. We say These Words openly to help everyone who hears Them to understand: to be created a human being a long time ago was based on Divine Plan; it is yet that Statement that walks with you every day, every moment. Do not forget that.

We are showing *the little one* a street. No one is on that street. The

street is frightening to her, and We tell her, 'It is because the street is connected to Heaven, and it would look like this if human beings were never gifted with the Gift of Divine Love, to learn what a privilege it is to be a human being and have for your Goal in life a Place for your Soul to be taken into — Heaven, and be There Forever and ever and ever. Amen.'"

DECEMBER 19, 2006 AT 1:59 P.M.

**“There are so many subjects We would like to discuss because of the Importance of what human life was created for, and be able to accomplish conditions and certain obligations that would give to human life a record that would be recorded on what the individual was able to practice, or become famous in and for, whatever they would use as a source of commitment and/or value in how they lived and how they walked in their method of rules, regulations and acceptances of what would be occurring when they were present.**

**These Words are difficult, because They are Words not thought of in a consistent manner of acceptance.**

**Today as I speak, it is to give strength for the mentality to more fully understand, that when a human being becomes to a point in living that he or she is able to choose how he or she will walk, how they will speak, or how they will communicate their talents and/or their manner of living,**

**will it be according to how they design things, or how they will accept what has already been made in an open manner or formula or a format for each day's attention to be according to what is presented physically, morally, or assumed to be adequate for how they are intellectually?**

**I will talk more on this later. Thank you for taking My Words and putting Them into print."**

DECEMBER 19, 2006 AT 2:21 P.M.

**“There are approximately Twelve of Us present.**

**We have come on this day because of what We want to reveal as a necessity for human beings of many ages to cope with in a manner and way that gives to others they meet, they know, or they are relatives of, because communication is a very important act given to human life, not just for the abilities that it is capable of, but for the communication that draws sound reasoning of whatever source is chosen to be, between the people present.**

**So many times when one or more individuals are present, they draw attention to one, or also a greater amount of individuals, and they are capable of communicating on subjects that please them both and/or that give them a purpose, or a reasonability for associating with each other.**

**This is more common than it is expected to be, because it is an act of communication that the subject matter many times enlightens the mentalities,**

**and gives purpose to why they are so easily able to communicate in a very comfortable way.**

**My speaking like this is to draw to your attention the importance of what communication can give to human beings, of all ages, that understand wording and the ability to cooperate; plus, the discernment in what the subject matter can instill with one or more of them that will give to them something important to think about, and/or to even make a big point of where it is needed, or where it can be useful to many things.**

**Thank you for listening to Me. I appreciate it.”**

**DECEMBER 20, 2006 AT 11:35 A.M.**

**“One of the most important communications with Us Here in the Heavens, it is when someone uses the time to receive a Gift based on Divine Love. It is called ‘The Holy Eucharist’.**

**Each time an individual takes the time to accept a Gift of This Measure, Those of Us Who see it done, thank The Holy One for allowing Us to share the happiness in a Gift that automatically places within, a Gift Greater than It is understood to be, because It is based on a Formal Act of Love for The Holy Trinity.**

**I could speak hours regarding this Personal Gift that blesses the one who is receiving It.**

**Thank you for allowing Me to put My Love for this Gift, because it will help others to understand they, too, can accept a Gift of This Greatness like I just did.”**

DECEMBER 20, 2006 AT 11:55 A.M.

## GOD THE FATHER

**“I have requested this *little one* to speak to you on My behalf, because it is always nice when I can say to others who do not see Me that I care, and I want them to understand that it is important for them to care about many things because of the Soul that they are the custodian of, and the importance of when they were created and they were given so much to live with and live for.**

**It would be sad for Me to say, ‘I don’t care.’ I do care, not because you see Me physically, but that I can speak to you Personally through the written Word or through the spoken Word, because communication in human life has a specific responsibility. It gives the ability to say things, to do things, to follow things, and to express what is moral, what is sound, what is delicate, but also what gives to wording, communication of understanding, perseverance in helping others to know how you care, and it gives them the strength sometimes to follow,**

**because it appealed to them when you said it, or put it into print.**

**I am sorry I talk so quickly, but I am always concerned at the importance in what you do and how time to you is of great importance, but I thank you for sharing My Love for The Holy Trinity, and to aid those in the living state of normal living to be able to understand that We care for them, and We want them to become ‘Saints’.”**

DECEMBER 20, 2006 AT 12:55 P.M.

**“There are always Several of Us present wherever this *little one* is, because We enjoy each time she decides what Saint or what Individual will be speaking through her. Sometimes They question her, just so she will hear Their way of speaking. She listens, and then says, ‘Maybe We’ll get together later.’**

**Today, in many ways, she will speak formally because she is very conscientious regarding what others should learn from and about and for and in. Her sensitivity has no blindness in it. It is always available to discern what could be beneficial in viewing or in wording or even in just determining what an individual needs in subject matter or in definition of what they need to know more about.**

**We always speak slowly through her, because she listens to Every Word, and oftentimes will ask Us why We asked in a questionable manner. Her alert system is obvious, but her quiet system, always quiet because of her**

**sincere understanding and love for The Holy Trinity.**

**You live in a time wherein so many individuals want to be catered to, also remembered, but also given the wording that they are well-equipped with how they are using certain factors, features and/or definite lettering that will give them what is called 'accomplishment' in how they use it and it draws attention to others that enjoy this type of communication.**

**Right now, she has slowed her manner of speech, because she is trying to see Us with her eyes. This is always amusing, but always a pleasure because of her conscientious effort to find things right. She consistently refers to Words in print as more beneficial than Words just spoken. We agree with her. That is why, when We request Words to be put into script for others to be able to understand more indepthly, We know it pleases her.**

**We could speak hours on the times We have spent with her and with them because of her, but today We will close what We are saying at this time, because We do not want to interfere if Someone wants to speak on subjects**

**that Someone close here now would like to deliver.**

**Thank you for listening and all your help, too.”**

DECEMBER 20, 2006 AT 1:45 P.M.

## SAINT JOSEPH, THE HOLY SPIRIT

**“I am Saint Joseph. It is a privilege to speak and to know One is being heard. It is a privilege. Thank you.**

**I know many times that some human beings of all ages want or need help. It is a privilege for Us Saints to respond to this call, this respect on a subject so personal.**

**Every day to the human way of living has a special point of concern in it, especially when the individual addresses their own name as a recipient of all that will possibly be delivered. A long time ago, when these prayers were made into a form of being able to be used, to speak, to pray with, and to use as a communicative measure of communication, so much has been added to it, and it is wonderful to be a Part of it for the sake of the Souls Who are basically interested, and yet all alone except for the body They are in, and of course, for that portion of Them that They are accustomed to.**

**A Soul is a recipient in several ways, because the Soul, in Its prime manner of what It is all about, is close to The Divine, and the Soul responds when It understands or hears It is included in an act of concern, or an act of personal, in other words, gifting, that helps the Soul when and where it is needed.**

**Needless to say, there is so much in the Heavenly Way of supplying those on earth with ideas, motives, manners of doing things and concerns, that in using prayers helps to avoid a lack of understanding. It is beautiful to see, to hear and to be Part of.**

**I could speak hours on this subject, We All could, Those of Us present; but We have come today to thank you for your participation regarding Us and Other Saints that you mention.”**

DECEMBER 20, 2006 AT 3:10 P.M.

**“There are Several of Us present. It is this way many, many times, because each time One of Us decides to be Part of what this *little one* is all about, Others will come and say They would like to join Us.**

**You live at a time wherein there is so much to be accomplished, to be understood, and also, to be a future manner, means and way for more to be accomplished mentally, physically, socially, and several other ways. In so many ways, you live in a time not like Sodom and Gomorrah, but a time that will bend to the word ‘History’, ‘Historical’, and ‘Important’ for the Souls that are to come This Way with a more in-depth understanding of what spirituality will be like, should be like, for the benefit of the Soul or Souls that are involved in it physically, mentally, even socially.**

**So many times it is difficult for those who take These Words or Words like Them, to put Them into a context of immediate understandability,**

**because words reflect more than just a single meaning. Words, such as These are, reflect communication, and yes, usability of Them. Do not forget, you live in a time in the History of human life that there is so much progress and so many inventions that give to human living, human life, a generous amount of talents that reflect things that were not reflected in their full meaning before this. It is all called ‘progress’ in the eyes of human living.**

**I want to speak more on this subject. I will, but at this time I will close, and hopefully you will remember the Words that were just spoken. Thank you for your time and your Goal.”**

DECEMBER 21, 2006 AT 12:01 P.M.

**“There are Several of Us present with this *little one*, because We requested she be available for Us to be able to have her speak to you on what We would like you to know.**

**Each day you live as a human being and you are gifted with all the Gifts, the Gift of human living, the strength, the logic, and the ability to understand that to be created a human being had to be a Gift of Divine Plan because of all that it is capable of following, of practicing, of doing, of understanding, and of giving strength when it is needed, hope when it is needed, perseverance when it is needed, and the ability to follow through when right is present to be handled in many different situations, all according to the individual that it is directing things to.**

***The little one* many times suffers in ways inconceivable, but what We request of her is of the greatest importance, and she obeys Our requests ahead of everything else. Her time**

**covers many ways, circumstances. The list is endless.**

**As We request her to be with you, so all of you who are present will be able to understand what We request is important, because It has a Foundation for direction, or caring. The list is endless. We will one day give it to you in print.**

**We will close now, but as We do, We say, ‘As you have accepted a task that has purpose to it, logic in it, and definitely a goal for many portions of it, it is a Gift Blessed by Divine Love because of the necessity for it to be done to give strength.’ I beseech you, remember this.”**

DECEMBER 21, 2006 AT 1:10 P.M.

**“There are Three of Us here because We find a pleasure when We can speak to all of you, due to the fact that what We like delivered is a Gift for the Soul of those present, and those who are being prayed for. It is a Gift of Love greater than It is seen to be, the Gift of giving to The Saints words to help them, but also to gain Their Grace, because prayer is a very important act of not just kindness, but fact. Fact tells Those Who hear the prayers or receive the prayers, that something good is involved or requested or placed in a manner and way where it can grow more spiritually, more understandably, and yes, give happiness when nothing else could act.**

**So as I close, I say to those who take My Words, ‘You are Blessed for participating when you do, because it is an Act of Grace for the Soul of whoever is the one named for the prayers to be important to.’”**

DECEMBER 21, 2006 AT 2:10 P.M.

**“There are Several of Us Saints present because of the Importance in This Gift that gives to everyone associated with It, the chance to understand on an equal basis with others, how Important life is.**

**In the Creation of human life, it was a Gift beyond what it was first understood to be able to handle. In the beginning it was a time of speech, a time of clothing, a time to be able to communicate on a scale of one-to-one, always understanding when one spoke, that it would be understood logically, mentally, for its worth in what it was meant to talk about or to be seen for what it was.**

**We hold *the little one* tightly. There are at least Fifteen to Twenty of Us present. We are always happy to be with her because of her gentleness, and how she can quickly commit or submit or protect or use conversation, or what she speaks in an open manner to be heard for Its importance, or Its**

commitment physically, morally, to what must be acceptable by others.

Each time I speak like this, We see the strain on her and it bothers Us, because she has witnessed, also been the dispenser of many important Facts that carried by Their Presence, even the possibility of an attack.

So today, as We All find being with all of you a happy time but also a very special time, but also a very productive attitude that gives to Us a strength We don't always have, but presence of bodies, of minds, have a way of giving hope, interest, caring, and a support that makes Us, under these circumstances, happy to hear and happy to know what's going on for the betterment of the Souls, perhaps of thousands or even millions of people.

This Statement is strong, but We know *the little one's* actions can be stronger because of her love for The Holy Trinity.”

**DECEMBER 22, 2006 AT 11:35 A.M.**

**“We are always available to address a point or a subject or a condition or a matter or a need or a purpose. The list is endless.**

**Our dedication to the Will of The Creator is consistently available and constantly a Gift of Divine Love for all those who understand what a Beautiful Gift human life is the custodian of, because of the innate understanding implanted that there is a communicative social, close time that is dedicated for others to learn that they are not alone in the world, but have the privilege to communicate, verbally or spiritually, to The Divine.”**

DECEMBER 22, 2006 AT 11:54 A.M.

## THE HOLY TRINITY

**“We** have requested *the little one* to be where you are, because We feel it is important that many, many individuals who partake in This Project We feel is necessary to help Souls of all dimensions of human life, human living, human participation, human adjustment and human love for The Divine.

We hold *the little one* tightly, difficult to be understood by those present, but it is important when We ask her to speak on a subject, that she is fully aware that We are present to help in the subject that could have a great possibility to help many individuals work for, live for the Goal of Sainthood.

It is not an easy subject for some to talk about or to feel that they should understand that the Gift of human life, human living, has a Goal Greater than It is understood to be; a Goal, Great, because It is to return to The Holy Trinity.

**So many times men, women, of all ages, pass over the idea. They do not stop and see that if they were created for just their own thinking, what would they have to look forward to, what would they have to use particular things for that they are given to understand about, and to see that to be a human being is a Gift, and the main Gift comes when the Soul responds openly to it?**

**Thousands of Words could be spoken on this subject that would not be too many to mention, because to be created a human being and then given the opportunity in understanding that it has a Purpose, a Goal, a Meaning; to some inexplicable, but to some, to help them understand more indepthly, just to reach the Goal is a Gift beyond what human nature can perceive It to be.**

**I have just Blessed *the little one* for taking My Words, and I bless you to help you realize that Our coming to speak These Words is a Gift far greater than It is seen to be, because It is a Gift of Divine Love from The Holy Trinity.”**
