PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of *“Stories From Heaven”*.

In these Revelations The Saints refer to Frances as “the child”, “the funnel”, “the spoon”, “the instrument” and “the little one”. God made her our Spiritual Mother. For many years now, because of this fact, she has been called “Mother Frances”, or simply “Mother”. Heaven also refers to people of all ages as “children” and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these *“Stories From Heaven”* for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, “I am The Son of God.” He taught in a quiet manner, simple, extensive, but always detailed in repetitiveness, instilling in those

listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His "Teaching Stories" pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us "Teaching Stories" through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so "natural", mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy Trinity, the Incarnation of God,

or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these "*Stories From Heaven*" to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one's self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man's determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.

THE SACRED HEART

“When I take over, *the instrument, the child* is touched within her eyes by her Soul.

You are here tonight for many reasons. Some of you found the journey difficult, tiring, and felt that perhaps you would not prefer to go on this night, this day, to this place.

I asked her to leave My Picture present, especially on this night, for I wanted to speak to you personally. I am known by many Names and the One I hold dear is for all children to recognize the Closeness of My Heart with theirs.

You say, ‘Without my heart beating I could not live.’ I say to you, ‘The love you have for all that is right, all that is good, beats within My Heart for each of you.’ You know right, you know wrong, you know good, you know evil, you know The Rules that were left a long time ago.

Some of you recognize The Rules by others’ actions, by your own actions.

You can associate the Rule with what is happening in your daily life, but most times you forget to associate the Rule with what is occurring and you stay where you should automatically have left.

I come through *a heart*, through *a mind*; I come through *a Soul* to reach you on this night. It is not fakery I hand to you but Love and Hope, for you see, your Faith in The Father is right, is good, but you must nourish this Faith with a strength in doing what is right.

You must conquer what you know is wrong, and you must remember that every move you make must be in obedience to what you call 'The Commandments'. History says They were of greater length than you know, but through This Great Miracle you were taught the many divisions of each one of Them, the purpose for Them, and the love you must have to follow each of Them.

I speak through *a child*, *a woman* in the world. I have spoken thousands of times through her. Others Here in the Heavens have also spoken. She listens every moment of the day, asleep

or awake, for she knows that when We touch her Soul in a particular way, she must respond accordingly.

Tonight, the Love We have for you radiates through her, for you see, she too was too tired for the journey on this night, to be with you.

Men make solemn oaths to other men. When The Father approaches particular children in the world, few and far between in such a heavy way, The Father says, 'Above all things, you must always obey.' *The instrument, the child, the woman* knows, without anyone else to say: when The Father speaks, He is The Only One in her sight, in her ears, in her heart, in her whole being in every way.

Be blessed, My sons, and understand that your heart must beat in the way of man, but always keep your heart close to Me, for in This Heart We will share the Love of God for All Eternity. So be it."

GOD THE FATHER

“Heaven told a story the other day that was, in essence, an Instilling, and it was very beautiful. Heaven said that men reach for wealth, and by men, He means men and women. Wealth is important to man.

Then He said: ‘Men reach for success. They also reach for all the beautiful things of life; one of these, jewels.’

Then He said: ‘I have handed mankind the greatest wealth in the world, the greatest means to success. I have handed man the most elegant of Jewels, My Words.’

He said: ‘More than three times I have done this, but men seem to take My Words, pass over Them, and then go on to expecting and accepting just earthly pleasures, earthly things.

‘I do not say, “Don’t.” I do say this: “Do not fall into sin with such promiscuous things. Use what you have, use what you are, but make the

Goal higher than people expect you to.”

‘You must stand alone, you must sit alone, you must work alone, you must read alone, you must speak one at a time; but remember, as you do this, you must always place your Goal with The Divine, for if you do it this way, all the troubles that you have will not disappear, of course; it isn’t in the Plan, but they will become easier, less burdensome, and you will be able to handle them if you take them one by one and use them in the proper manner, the proper way.’

And then He gave a Lesson on politeness and manners.

He said, ‘One of the first things they teach children is to say, “Please”, “Thank you”, “Excuse me”.’ He said, ‘How many, when they commit sin say: “Excuse me” to Me? “I’m sorry, God, it won’t happen again”?’

And then He said: ‘How many children have good manners where My Name is concerned? Not too many, for they say It many times in vain.’

Then He said: ‘When a man commits adultery — now this means

men and women both — they do not say they're sorry for it. They have degraded the human form, the human body, they have blasphemed what I created it for. But they forget there are two Souls involved here. They ignore the Souls completely.

‘How many men have said to Me, “I’m sorry, God”? The first thing they think of is the human point of view.

‘And when they steal or they kill, they do not say they're sorry. They have an excuse most times for it, for you see, they want to have what the other one has, or they blaspheme and slander in many ways, the other's name.’

So, My children, on this night, as you listen to the Words, hold Them close and hold Them tight, for as you do you must remember that I, as your Father, say to you: ‘If you are going to say anything to Me, please be polite. Watch your manners for the good of your Soul and remember The Commandments that were given a long time ago. They are for you every day and every night.’

I have spoken very practical through *this child* tonight, for the

Lesson is to remain in your mind. I have instilled It within you, for you to pick It up any time. My Love is for your Soul, for you see, That Portion of Me I loaned to you a long time ago.

Whether you were born a short time ago or whether you were born a long time ago to the world, I loaned you a Soul and that Soul bears Part of Me, that Soul is Part of Me. For every thought you have, every word you say, every bit of example you hand to everyone any day, keep in mind one thing: Be polite, have good manners, and remember, the Soul I gave you has a Particular Light. So be it.”

GOD THE FATHER

“Men, women and children look for and adhere to signals given for many reasons, in many ways, from everyone they meet, everyone they know, everyone they come in contact with.

There are many signals of response in the eyes of man, to the eyes of mankind, and in the spirit of the moment, the times, the circumstances, the relationship that is evident in some way at a given time.

Goodness, purity, honesty, sincerity, truthfulness, are signals for others to respond to in an honest manner of thinking and/or of action.

Immorality definitely has its signals. Morality definitely has its rules. Justification of illogical response to morality is accountable to God.

Men say, ‘I have a responsibility.’ Some take this responsibility to a point of dominance over other people’s wills. Responsibility has its place, its

degree, its purpose, and the first step to responsibility is one's own example. Self-righteousness, self-love can come under one category, egoism. This, in itself, can be dangerous to human life, to mental and Spiritual results, goals.

Men speak easily of ego. They brag about it, and with their ego they show little self-esteem because of what the ego transmits to other human beings; and in itself, ego is offensive. There is an ugliness in ego and vanity when it is misused. Ego radiates personal insecurity.

Men look at the law. They say they want justice. Why are My Laws, in some men's thinking, Laws of the past, when all justice is based on My Laws?

As I created all things, I balanced all things, one with the other, one in favor of the other, one in most ways dependent upon the other.

My Laws, My Rules, My Commandments must be elaborated upon in Their fullest measure, so mankind will recognize My Signals, men will become acquainted with My Signals, and follow My Signals in the proper manner.

I want small children to be taught My Rules, My Commandments. I want small children to understand that without Me, they would not be.

I hold all things together. I do not hold man in the Palm of My Hand. I hold man with the Rays of My Heart, My Heart that shines through each man's Soul.

I have given freedom of the will to understand Me, to recognize Me, and to see *the Signal for the Goal of Life*. I do not limit man's way of serving Me when it is the way I have Decreed it to be, according to My Rules and My Commandments.

Men tell lies in My Name. Men falsify My Rules. They desecrate What I Am All About. This must cease immediately.

I use My Hand in Blessings. I use My Hand in Creativity. I use All I Am to hold in place all that I have created.

Man's love for each other is the ultimate that man can be a part of, that man can extend, but My Love is a Pure and Perfect Love, a Love of

Proportion no man can conceive, no man can relate to.

My Messages have been gentle, strong, and in many ways, concise, clearly given, and I want These Messages given to the world as soon as possible, humanly possible.

Men procrastinate where I am concerned. They use time against Me; their time. They forget the Signal I gave was important for Souls to return to Me. They think only of their human limitations, forgetting to ask My Help, forgetting that time is My Gift.

The Words I have given to alert mankind are of Great Importance to make mankind think and follow what is best for the Soul.

Men are aware of what is termed 'The Holy Trinity'. They put their own definition on what The Holy Spirit means. Many put false ideas regarding The Holy Spirit because they make up their own thinking. They interpret My Wisdom, My Love wrongly.

This Message is Important. This Message is for mankind to better understand 'My Signals have been

repeated thousands and thousands of times’.

It would be unlikely for Me to say I am tired of repeating My Signals, but I must say this: There are many times in past History when mankind refused to accept My Words, My Signals, in the manner I chose to send Them, and I have had to take some wrathful steps.

Let My Words not flow through the air but be written so many can see Them, can read Them, can understand more about My Signals at This Time in the History of the world. So be it.”

SAINT ALPHONSUS LIGUORI

“So Many in Heaven have spoken through This Great *Miracle Of Saint Joseph*. This is a Very Important Miracle to the world.

Men hide behind locked doors discussing It, questioning It, reviewing It, and worry about It because they do not have the capacity, the understanding nor the Faith to see the Great Value in It. Some feel It as competition, some feel It as an undermining what they have been taught, what they understand the Faith to be. Of course, this is all nonsense. I am Saint Alphonsus Liguori.

Many of Us Who went before you, Who traveled the earth before you, speak through *this child, this woman, this instrument* in the world, and as We do, We project what The Father Wills for you to know, for you to understand, for you to believe in, for you to handle in your way of life, for the benefit of your Soul.

There has been so much revealed through *this woman, this child* in the

world. You are children of The Father, no matter what your age may be, and you have a will, a personality. You have the ability, as you meet others, to express what you believe in; not to monopolize, not to criticize, not to fantasize.

My sons, all of you were not meant to be priests in a religious way, but as fathers, as sons, you have a Reason for life, there is a Reason for your living in the human way. Each of you present here have a Soul. The Soul is That Portion of The Father that you must understand, belongs to Him. It must return to Him. There is evidence of your Soul because you have Faith in God.

So many men say, 'I do not believe in God because I have had so many blows passed on to me,' but you must remember that even The Son of The Father had many blows passed on to Him by those who were critical, those who denied that He could exist in the way He did, and those who felt jealousy. More men were jealous of This Man when He walked upon the earth than you could understand.

Many men are jealous of This Great Miracle, but in spite of their jealousy This Miracle goes on and on for time, for you see, so many men must learn through the Words of This Great Miracle, how to save their Soul, That Portion of The Father. He waits for It to return to Him.

Some men die at a young age. Some men die at an older age. Some men die at childhood. The Soul is always what The Father looks for when the physical is gone from the earth.

Many things must occur through This Great Miracle. The Words must be seen, must be read, must be absorbed by thousands and thousands and thousands and thousands, by millions of people throughout the world, for These Words will rest within their mind, These Words will show them the Beauty of The Divine. These Words will say, 'Look to the Supernatural,' and These Words will say, 'God is of the Greatest Way.'

So please, My sons, understand that though none of you follow My way as you walk the land, you have the ability, you have the intelligence, you have the will to follow the way The

Father Wills for you, not the way that was Mine in the Plan. So be it.”

MAY 24, 1989

SAINT ALPHONSUS LIGUORI

“So many people throughout the world now do not recognize immorality as a tool of the enemy of God and of man, but the enemy is constantly busy, constantly working, constantly active, constantly interested in everything that every man, woman and child alive does.

As I speak through *this woman* in the world, I speak to alert you to the existence of this great enemy that is not just an enemy as you know an enemy to be, but one that stands to devour you so there will be nothing left of you, one who stands waiting for your actions to destroy That Portion of you that belongs to The Father.

So many men make excuses for their bad actions, their bad thoughts, their bad example, but excuses are just that. Bad actions cause great harm. Impurities cause destruction to your values, to your standards. It is easy to say, ‘It was just a fleeting sin, God, I will not do it again,’ but there is no guarantee with this thought, this

moment of communication, because every time you falter, every time you weaken, every time you make an excuse, you allow yourself to become deeper and deeper in the way of impurities.

You might say to yourself: 'Why am I here tonight? I am tired.' You might say to yourself, 'I'd rather be some place else.' You might say to yourself, 'I hope I remember This, because I do want to be a Saint, I do want to be with God, I do want to ignore satan.' Saying it to yourself is your first step.

Mankind jests on those who speak to themselves, but you must remember there is another side to this jesting and that is for one to speak within one's self, giving one's self direction, correction, instruction, and yes, making decisions on what is best for the innermost Part of one's self, the Soul. The Soul is as real in each human being as the body is to each human being, but the Soul is the Part that will remain when the flesh no longer lives.

Men jest about their will. Some say: 'I have a weak will, I will have

another drink. I have a weak will, I will go ahead and do it and worry about the consequences tomorrow.’ Here in the Heavens We see this every moment of the day: decisions regarding a laxness where the will is concerned.

You here in this room on this night have been taught that your will is your ‘line of decision’. As you use your will to go about your daily chores, to be with your families or friends, to be example to all you come in contact with leaves a mark in every area of your life.

I speak through *this woman* solidly, clearly, distinctly, and with a Very Deep Love for every Soul in the whole world.

If I came into this room and handed each of you a tray of gems, some of you would see them for great worth; some of you would say, ‘What will I do with them?’ Others would say, ‘It’s a nice keepsake.’ There would be all different types of responses, but I, Saint Alphonsus Liguori, say to you on this night, ‘There is no diamond, no emerald, no ruby, no gem in the world worth what your Soul is to your Eternal Life.’

All Things that pass through *this woman* are for the benefit of Souls. Men surround *this woman* in ways, some devious, some careless, some indifferent, some wanting to know what she is all about; some used by others to find out if she can be approached, for dangerous reasons.

As This Miracle was announced for the Protection of Souls throughout the world, as This Miracle was handed to a handful of people, I say to you in a very special way, 'As This Miracle is to protect your Soul, you are also warriors to protect *this woman*.' God has handed a Sword to each. Some have laid It aside. Some have picked It up. Some perhaps have never shined It. Some have said, 'It is too heavy for me to carry,' but I, Saint Alphonsus Liguori say, 'The Sword is not heavy when It is carried for the right reason, in the right way, at the right times, for the purpose It was handed to you on a special day.' So be it."

JUNE 7, 1989

SAINT ALPHONSUS LIGUORI

“The innocence that we oftentimes stand in is obvious to everyone around, but sometimes it is not obvious to us because innocence has a way of just looking the other way.

Many of The Saints in Heaven walked in total innocence. They were intelligent, some were not so intelligent, but they had the ability to recognize right over wrong, good over evil, and they had the innate love for a Higher Being.

You and I have the innate love for a Higher Being. It isn't something that we can describe or understand totally, because God is a Mystery. But in our everyday life, like Many of The Saints, we have the chance to project sound values, sound standards, sound ethics in everything we do. Everyone we see should see us Godlike, not with our hands folded, not with our eyes looking straight up in the air, but active in the realistic world we live in.

Truth is very important because if we project truth, we project what God expects us to do. If we see things reasonable, understandably, and also, putting ourselves alongside of God in all our thinking, using God as The One we must look to, using God as The One we must return our Soul to, we will not make all the mistakes that perhaps we made in the past.

All The Saints in Heaven had a very difficult road. None of Them got there by just being happy and doing all the things that people wanted them to do.

You and I live in a very difficult time, but if you take every time in History, every time had its difficulties, but Saints came out of every time in History. This can be a time for many Saints because there are so many obstacles to conquer, so many ways for mankind to better understand the Purpose of life, the Reason for life.

I am talking through *this woman* in the world as if she were talking to you, because you are to understand that you have a will, you have a 'line of decision', and that every day of your life God's enemy and your enemy tugs

at you and wants you to say all the things that will make you go to Hell one day, wants you to do the things that will please satan, displease God. You have the right of decision, you have the power of decision in everything you do, in everything you say, to put your Soul totally in the Hands of All That Is Right.

I hold her deeply, for so much passes through her to give stability to so many. Granted, the room is small, the number small, of those who are present, but These Words will one day pass through millions of minds and through millions of eyes, for this is what it was meant to be, to be passed on to mankind, as were The Commandments of the old and the Teachings of the new.

You live in a time worse than Sodom and Gomorrah. You have been told this many times. You live in a time where respect must be practiced for the right reasons. You live in a time of great decisions. You live in a time that has much purpose to it. Your example is far more important than you understand, you realize. Your example is given to everyone you meet, everyone who sees you.

The Father does not say, ‘Do not enjoy life.’ The Father says, ‘Enjoy it in My Name, with your name, and with the life I have given you.’

So many men practice teaching other men what God is all about. They are not teaching correctly. They are not teaching mankind to use the will morally. They are not teaching mankind the results of all the actions, all the thoughts, all the words, all the deeds. They are not teaching mankind to reach for perfection; they are teaching mankind to take what is there, use what is available. This is not the way to Heaven.

I am Saint Alphonsus Liguori and I have spoken so many times. It is true, I have spoken times when so many children guessed My Name; I have spoken many times when children said, ‘Who is that Who speaks so rapidly through *this woman?*’ but always I have given you the Direction The Father wanted you to have.

Tonight I have also done this in a natural form, a natural way, and I want you to know that as you were present on this night, a Love came to

you in a totally Supernatural Way. So be it.”

JUNE 14, 1989

VISION

I am seeing four different pictures. I am seeing the Crucifixion, and I thank God that I did not live in that time to be there. It was horrible.

I see Christ being put into the tomb. I see Our Lady weeping, but I see a great glow around Her Face, around Her Whole Body.

And then I see a Chalice with Blood pouring out of It. The Blood is not exactly like blood that we know blood to be. The Blood is glowing. It has a Light within It, It has a Light around It, and It's a different red than we usually see. It's not a red-red. I cannot explain it because the Light is so bright.

There's another Man. I do not recognize Who it is. Our Lady smiles and says, "It is The One you know, Joseph." She said, "It is His Light that shines through the Blood pouring from the Chalice."

Saint Joseph is standing here, the Chalice is here, and Our Lady is

standing here in the Vision. They're standing in a line like that. The Light of The Holy Ghost, The Holy Spirit, Saint Joseph, is on the Chalice. The Chalice is about this big. The Chalice doesn't even have to tip because It's full and flows, and It comes down towards Our Lady but never touches Her.

OUR HEAVENLY MOTHER

“My beloved daughters, it is so easy to understand a picture. It is so much easier to understand a lesson when it is written for you to read. That is why This Great Miracle that has been put upon the earth has been done in the manner It has, so you could not forget the Beauty of Direction that is so Important for the Salvation of that Precious Part of each of you, That Portion of The Father that is called ‘a Soul’.

With this knowledge that has been handed to you, that you daily walk with a Portion of God Himself, should make each day lighter, brighter, happier, and more conscious of doing what is right rather than accepting what is wrong.

The very knowledge that you carry within you a Special Gift of Divine Love, your Soul, should give you courage to face each day more securely, more loving, more giving, always with the knowledge that the Love The Father has for each of you is, in reality, a Part of you, as much or more than any other part of your body.

It is important for all children throughout the world to understand that to walk in the world as man, woman or child is truly a Blessed Event. Men use these words loosely but as I say Them, I smile and say, 'Those Words were inspired Words connected to a particular time, and These Words mean that each child, each human being has the benefit of a Blessed Event, the placement of a Soul at the moment of conception.'

No Greater Gift of Love can be handed in any form. No Greater Gift upon the earth is more precious than the Gift of the Soul. So be it."

JUNE 21, 1989 AT 8:23 A.M.

SAINT ALPHONSUS LIGUORI

“Some human beings have the ability to draw what they see, what they feel, what they imagine. Sometimes these are called ‘sketches’, even ‘paintings’. Sometimes what these sketches or paintings depict draw much attention to a way of life, a form of life, a dream of life, or they even encourage people to strive for more love of God, more love for God, desiring to receive Love from Him.

Not all people with such talent become famous in the eyes of the world. On the other hand, there are those who decide, through their own inner desires and feelings, to depict through what they call ‘their talent’, the total opposite of what is good, what is beautiful, what is encouraging to others to strive for Sainthood.

Both ends of this spectrum gain much human attention.

This Great Miracle that I speak through now has passed on to the world Words that do not depict just one type of picture, but in the Volumes of

Words show both sides, the right and the wrong, the moral and the immoral, but always encouraging those who read Them, those who also see some of the sketches, to see the value and the beauty of seeking God's Will above all things.

They say one picture is worth a great deal. That is true. Then why should not mankind see the Great Value in Total Direction through explicit, logical terms, the Direction that God has given through understandable Phrases, Terminology that only Heaven would care this much to elaborate upon for the good of each human being's Soul?

It is necessary for the whole world to read the Words that have been given over a long period of time, for the benefit of all mankind. The Delays Are Not God's Will. The Delays Are Man's Laxness In Duty. This Must Be Stopped! So be it."

JUNE 21, 1989

SAINT JOSEPH, THE HOLY SPIRIT

“The Miracle is a Miracle of Divine Intervention. There are many times in the world that children are chosen for specific plans, specific reasons, specific works, and then there are a few chosen for far greater works, more intense works of Spiritual delivery, and This is such a Miracle.

The woman through whom I speak, speaks only the Words We deliver. All Subjects are Our Idea, Our Direction, and for Our Purpose. It is more difficult than anyone can understand, to walk in a human role and always be aware, always listening for More than a man.

Children see in her eyes, adults see in her eyes something they cannot describe. Some call it ‘kindness’, some call it ‘love’, some call it ‘a softness’, some call it ‘a purpose, a drive, a hope, a desire’. We Here in the Heavens call it not just ‘a closeness’, but ‘a connection between her eyes and the Eyes of her Soul’.

There are so many ways to describe such eyes, such a manner of listening, such a manner of delivery, such a manner of obedience.

You know Me as 'Joseph'. I smile at this, for you see, My Voice is heavy through her, for the tiredness she has is hers and does not radiate from Me. A human form, to hold such Power for such a long time, it must be understood that it takes a toll mentally, physically, spiritually, and there are more aspects to such a Miracle as This than men could in any way comprehend.

I come to the world with My Name to be present, for all ages to know My Name, but I also come to the world for children of all ages to understand The Father's Will for all man. I come to the world to once again let all mankind know of The Rules The Father gave, and also to tell the world there are more than Ten.

Children have made so many things concise. Children have brought it down to 'a level of understanding', they say. It is more understanding when They are developed to the fullest in the manner They were given for the good of mankind. Sometimes things

become so concise that there is little understanding in the Words, for the words in your language sometimes mean different things in the language of another man.

I come on this night for there was so much for you to know, so much for you to hold in your mind, in your hearts, for you to understand. There is so much more that We have instilled in *this woman* in the world, so much that volumes of books could not handle. There would not be enough time for these books to be written.

She holds deeply, securely, humanly, honestly, obediently and with reverence All that We have said. The Teaching is within every hour of the day, every hour of the night. The Teaching, the Instilling she is never without. Sometimes as she looks into your face and you are speaking to her on many subjects, she listens but she is also on three or four more subjects right there in your sight.

This is Our Intercession, for you see, many things *this woman* upholds in the way of womanhood is for all mankind to better understand that life should have reason in its daily way,

that every moment has purpose in daily living, and it is true, all things must be constructive, productive, because in this way the Soul is included; but when one rests so much, takes himself or herself out of the action of life, there is much time wasted in developing new avenues for the benefit of one's own Soul.

I have come through This Great Miracle to let the whole world know that the Wisdom that pours forth through *this instrument* is for all mankind to better understand that each human being in the world has a definite Goal.

There are so many men in your midst now, so many women in your midst now, who are vile and contemptible in their moral values, moral standards. This is a great hurt to All of Us Here.

The time in which you live is worse than Sodom and Gomorrah, and We relate to Sodom and Gomorrah because that's what you have heard about, but there have been other times in History that have been vile, contemptible.

You live in a time where change must take place. You live in a time where Purpose must show how you understand why you were born, why you are man, what you are all about, and Where you go from here: in the World Where I speak from, through a woman in the world.

So much has been spoken to you on this night in a natural way, not a formal way; in a hopeful way, in a loving way, in a giving way, in a service way, in an obedient way, and in a way for you to grow stronger in your Faith in The Father, for you to not just look at tomorrow and say, 'Tomorrow will be good, for I know I should change.' What about the next day? Will it all be the past or will you continue to improve, to grow and to search for the Salvation of your Soul?

I will take her out of it (ecstasy) more quickly tonight because she is in an exhausted way physically, mentally, and I smile when I say this, yes, spiritually, for so much Importance is placed within her every day, on all lives, not just yours, not just the people she knows, but the responsibility of all lives throughout the world.

We walk with her, We follow her, We tell her, and then We allow her talents to show, because you see, obedience is important, and there are many Souls to be saved beyond this room. There are many men, women and children who must look into her eyes. There are many in many other places, other than this, that must see the Value of What she has to give; because it is Our Giving, It is Important to them.

I bless you in so many ways, and I bless you on this night in a special form, for you see, I say: *'In The Father's Name,'* and then I say, *'In the Name of The One I called Son,'* and then I say, *'In the Name of The Heavenly Mother,'* and then I say, *'In My Name, as The Spirit of God. Amen.'* So be it."

OUR LORD

“There have been so many Lessons handed to so many children throughout the world. Some of the Lessons were passed on to those in other countries. The very knowledge of This Great *Miracle Of The Beloved Saint Joseph*, to have Him known throughout the world, has been passed on to many countries. Africa is one of them, Switzerland; Rome, Italy; Holland, France, Germany, China, Japan, Iran.

***The Miracle Of The Beloved Saint Joseph* is an active Miracle, a Miracle that scatters Itself in places you do not see nor hear about every day.**

If all children would but remember that the intellect is to be used, the intellect is to pass on to others what The Father Wills them to know. Example is important because action is seen. Action draws attention to the eye, to the ear, and of course, to the brain.

As the Apostles walked with Me a long time ago, they were men

of action. We walked the land, much teaching occurred, and yes, much laughter, much daily living, and also, much looking at the sins that could be avoided, the love that could be transmitted.

There are so many things you have been taught. There are so many ways for you not to just understand the Teachings, the Direction, but for you to guide others, through their mental abilities, by your words, your actions, what you believe in, what you understand.

Charity is one of the most loving gifts a human being can give to another human being. Charity comes in many forms, many manners, many ways, many avenues. Charity is not always a gift of monetary means. Charity many times is a sharing of words, of time, of direction, of learning.

This is what We did when We walked upon the earth. We did not hand gifts out. We handed Words of love, understanding, teaching, direction. These were passed on. What We taught one, that one would teach others. What was spoken and overheard was passed

on to others. So it is with This Great Miracle of Hope in the world.

For your love, you have been Blessed many times. For your Faith, again much Blessing has gone your way, for your Faith in how The Father Wills your life to be, is a Blessing beyond what you could ever see.

You must reach for the Glory of Sainthood and you must not allow anyone to distract you. If you walked out of this room at this moment and said, ‘I will be on my own for all time, I will make my way without another Lesson,’ I say to you, ‘You have a sufficient amount to cling to.’

You are Blessed, My children, in a way that will give you strength in many ways, a way that some of you might feel within you, some of you might feel it mentally, some of you might feel it in a desire to spiritually grow. Everyone will receive a Blessing to help you better understand the Importance of the Soul. So be it.”

THE SACRED HEART

“When Heaven speaks, it is for a reason. The Lessons are always for a reason. Heaven takes the time to give a simple Lesson to alert children of all ages, all kinds, of what to look for, what to see, what to count on that will benefit them, to please The Holy Trinity.

***A child, an instrument* walks upon the earth, simple in many ways, simplicity in love and understanding, but direct in addressing all issues.**

The world says, ‘I must see a sign.’ You have been given many signs from Us. The word ‘signs’ must be in your mind, in your heart, your way of life. The example of signs tonight¹ were just to alert you to the signs that will give you the Path to Heaven.

There is a Path for you to walk on, there is a Light for you to follow, there is a wish for you to make, there is a way for you to go, and remember, the

¹ Refers to the Teaching preceding this Formal Revelation.

signs of Faith in the Father, obedience to His Will, love for what He has given you, the strength to endure, to conquer, to hope, to believe, to understand, is there for you.

I talk through *a woman* in the world. I talk gently and yet firmly. The Power that surges through her body is One Alone. There are moments that We allow her to be direct in the human form, but even in these moments in life she waits for Our Commands, Our Words.

So many people, who do not understand how she walks, talk to her in their own way. She looks into their eyes; they look back, and they wonder what they see, for they find themselves wanting to say, ‘What do you mean by the look in your eyes; why don’t you say what I see?’

She goes her way, she smiles, she encourages their friendship, but she does not say to them how she walks, for Whom she walks, nor does she explain the Power in which she walks, for she knows that the Power is Ours and would not be easily explained.

You are Blessed, My sons, on this night, and I want you to know that

as you look at a picture of My Heart, it is My Heart that speaks to you individually, each of you, one alone. The Sign of My Heart is My Love for you. My Heart beats for you each day, and through the Beat of My Heart My Words come direct, for I want you to know the Beauty of This Miracle in your day is for Souls to come This Way.

The whole world must know the Words. Men will deny Them. Men will absorb Them. Men will say, ‘Why did I not hear about These Words before today?’ Some men will say, ‘It cannot be, I would have heard of It before.’ Please, My sons, understand, when the time is right the time will be there. So be it.”

JULY 26, 1989

SAINT JOSEPH, THE HOLY SPIRIT

“You and I walk a daily path. Some of us have routines, some of us have very little routine. Some of us have motivation to do many things and some people have little motivation to do anything. Some people are ambitious, some people desire success. Some people are happiest when they serve, to help another human being.

Some people become anxious when things don't go the way they feel they should, and these very same people, if they would pray to God to give them the strength, to understand that time will take care of many things. Time does its part, and God uses time for the benefit of each human being because of the Love in His Heart for every human being.

In our daily routine we forget we have a Soul. In our daily routine we oftentimes forget kindness, generosity, charity. In our daily routine we forget that loving one's neighbor may just mean a 'Hello'. In our daily routine we forget that some people we know,

some people we see, some people we meet and have not seen in a long time, need our presence to console what they are all about, the problems they are confronted with, the feelings they feel, perhaps the emotional state that is so difficult for them to handle.

We have signs all around and we have one very evident sign, that God Is Real. The reality that there is A God and that This God Is All Things, that This God Is All Power throughout the whole universe, is evident in every part of our life.

The time in which you live is a time of great heresy, a time that speaks out loud and says: 'Use your intellect, use your will, use your love for God in everything you do.'

I speak slowly for many reasons, for the weight of My Power is as the weight of the ocean on the body, the mind of *the instrument, the woman* through whom I speak. The Light that surrounds her life, her way, is the Light of The Heavens. She walks in This Light every day.

A long time ago, when she was approached with the Wind that I am known for, there was a fear beyond

what you can know, but there was a response that every human being should hold dear. The only question We had to confirm was the question she repeatedly asked, 'If This is Truth I must have a sign; if it is not Truth I must know it now.'

You have experienced many times the Light of Our Love for the whole world. You must understand that this Light of Words, Demonstration, Hope, has been handed to you at a time when the whole world needs Hope. The very fact that there is so much immorality, indecency, sacrilege, heresy, does not mean there should not be a Light that extends only Hope.

Hope is precious to all men, women and children. Hope gives encouragement, motivation, energy. Hope is what This Miracle that bears My Name is all about.

This Great Miracle has been given in Story form. Let It spread throughout the world for mankind to read, to absorb, to question, and in so many ways learn from, for a fuller life, a brighter life, a happier life, and Eternal Life.

As I bless you with the Light of The Heavens, I bless you with The Father's Love, I bless you with The Mother's Hope that you will obey and grow more deeply in love with The Father, with all the signs in your life that will give you the strength to understand more about what life is all about, and I bless you in The Name of The Son, for it was His Love that gave to you the Sacrifice that no man could have given you, in the world. So be it.

I have handed you a Sign. Let It be within you until the end of time."

SAINT ALPHONSUS LIGUORI

“Patience will not cure the ills of the world. Patience is not an antidote to the ills of the world. Patience, in this manner of thinking, only allows more ills, more illnesses — psychological, physical and Spiritual — to develop, and also, to grow.

So many men and women are using patience, thinking it is a way to allow time to cause the change, the changes that must take place. This form of disturbance, of sickness in the world cannot be cured by the mere, sheer practice of patience.

In your news media you hear topics that are just presented teaching the subject, not the fullness of their real in-depth seriousness regarding all that mankind is about. Political issues are oftentimes given in a form so the public can understand a certain degree of what is going on. The full description, the interior means, problems and dimension are rarely if ever given to the fullest degree.

Spiritual problems are in the same state of reality. Sometimes the emphasis is put on some area of Spiritual practice that does not relate or relay the whole picture, the whole meaning of what is actually happening, so mankind uses patience, waiting for all areas to be justified, and this will not happen.

We have said many times, ‘You live in a time worse than Sodom and Gomorrah.’ Very, very, very few understand the magnitude of this Statement, and when It is heard, It is passed on, passed by, passed over in a form of patience that can never, will never change the condition, the situation, even in a small way.

Throughout the world there is no real strength individually, uniformly, or unified that represents solidly the soundness of true belief in The One True God. Men argue more over what they call or refer to God as ‘a Gender Significance’, rather than seeing God, understanding God, recognizing God as The Creator of All Things.

Discipline, self-discipline, control, self-control is misunderstood. Many times discipline and control are key

words to some people, but in their interpretation, it means discipline of others, control of others, omitting self-discipline, self-control. Many times people in charge of others use this form of institutional power and practice their own freedom in all areas of living, dismissing the fact that they belong to the same human race that others do.

When We have spoken of the importance of the will, We have said it distinctly so there could be no misinterpretation, no justification that one would have more power to direct another human being's decisions than the individual has for the benefit of one's own Soul. This, of course, eliminates the weak practice of using patience as 'an out', as 'a means', as 'a course', eliminating responsibility.

I am Saint Alphonsus Liguori. This Miracle of Words has given to the world, in a simple form, the Correct Form, Formula, Format, to live according to The Father's Will, The Creator's Meaning for the Purpose intended: the Salvation of one's own Soul. So be it."

AUGUST 2, 1989

SAINT JOSEPH, THE HOLY SPIRIT

“You have been handed many Subjects, many Ideas, many Ideals. You have been taught Purpose. You have been given Direction, you have been extended Love. You have been extended so many things to make your life greater, more devoted to God in every way.

You must understand, My sons, that as you sit in this room with *this woman*, All that has been spoken has been from Us. We stand Here in the Heavens and We extend to you, not a hand, but a Portion of Divine Love that is filtered for your ability to comprehend.

Please understand that at this moment We speak through *this woman* on the land, in your time, for a purpose more than you can really, hopefully understand.

So many times things are spoken and it seems so natural to you, but you must know that through This Great Miracle that bears My Name, I have extended to the world millions

of Words, to draw mankind to the Heart of The Father, to the Will of The Father, to the Light of The Father, to the Purpose for which life was given.

Men have called Me ‘Saint’ for so long. That is One of My Titles. I have more.

There are so many things yet to be released through This Great Miracle, through *this woman* in the world, who stands in the world and is oftentimes not of it, but to the eyes of men, to the eyes of women, to the eyes of children, she is physical in all forms, interested in all things in life, and yet is instructed many times to listen only to Us.

As men look into her eyes they see a human form. As We speak through her It is Divine Love, for the Words are the Will of The Father’s.

I speak through *a tired figure* on this night. So much has been given her today. So much has been implanted, instilled, to be released another day. So be it.”

AUGUST 9, 1989

SAINT ANDREW

“There are so Many of Us Here in Heaven that have walked the road of life as you have, you are, and you will be doing. Many of Us did not have the Words to lean on that you have.

Some Here walked the road of life as *this woman* does, through whom I speak: the complete assurance that What is spoken is right, What they hear is correct in all forms, and that the responsibility is monumental.

I am a Saint by man’s standards and I am considered One Here in the Heavens. I am Saint Andrew.

Much has been given to the world through This Great Miracle, the Words passed on for children of all ages to understand the necessity to better understand what God is like. He is Supreme in every way. His Love is Divine. I say ‘Divine’ because It is Above what you can understand a love to be.

You call some things ‘a texture’ because they have a weave or a feeling.

I smile when I say this because the Texture of His Love is beyond what you know texture to be. His Love is something that has Reality to It, a Purpose in It, and It is an Unlimited Love for each of you.

When you pray, pray with respect. Think about what you say, whether it be a formal prayer or a prayer of your mind. When you think of Him, think of Him with honor, dignity, and remember that your love for Him is a child's love for a parent and your love must grow. It can never grow to the degree His Love is, but your love can grow in a greater degree than it is on this night.

Be blessed, My children, and know, it is a privilege for Me to speak through This Great Miracle of Words, for you see, I, too, was made to His Image and Likeness. I, too, had the challenges of life. I, too, lived in the world. I, too, had to learn how to honor Him in ways that I did not at first know; but the more you honor Him the greater love you will have for Him, and when the time comes for you to meet Him Face to face, the Love will radiate beyond what you know such a time to be.

Be blessed and understand, the Words are not man's thinking. The Words you receive through This Great Miracle is a Portion of God's Love for each of you, for He knows that as He passes the Words through a human voice, a human being, you can relate to the manner of life, the human form, much stronger, much more readily than you could if He stood before you as He Is, your Heavenly King. So be it."

AUGUST 16, 1989 AT 8:23 A.M.

SAINT JOSEPH, THE HOLY SPIRIT

“There have been Christian wars. There have been wars based on envy, jealousy. There have been wars based on greed. The war you now face is the greatest war since the beginning of man. You face now a war that satan is leading an army of humans against all things that belong to God.

The battle is the type of battle many men, women and children cannot comprehend because they do not understand the reality of real evil, so consequently they are coping with issues, terminology, practices, circumstances, in a way they feel is humanly possible, to correct what they recognize as wrong physically, morally, ethically, spiritually.

It is a greater war, far greater than the first Christians faced, because the time has come that the enemy of God and the enemy of man feels is his time to reign as the leader, as the originator, and he will use all means to gain control. Many men, women and children are pawns of his

ideas, his aims, his search for superior glory.

Mankind in general is faced with a commitment, a stand, a revolution, to fight for God's Commandments, God's Existence, God's Glory Above All Things, and to openly ignore, not patronize the evil, not condone the wrong that is happening, but to stand up against it strong, fervently, and to do this means the example must begin within one's own self. The example must be through questioning one's own reverence, responsibilities, sound moral values, sound moral standards, sound ethics, Spiritual beliefs, disbeliefs.

Each human being is fighting this war, one on one, with satan and all demons under his control, under his direction, in his ugly army. So be it."

AUGUST 23, 1989

OUR HEAVENLY MOTHER

“The Lessons you have received tonight are not Lessons for you to ponder over, but Lessons for you to absorb and to see the Sound Value in Each One of Them.

Each Lesson is to help you understand that the Gift of the physical life in the form of man, in the form of woman, has a reason far greater than the physical that you understand.

Each human being has a Soul and you have been taught many, many times That Portion of you is also a Portion of The Father. It is a Portion beyond your understanding, comprehension, ability to see in any degree of imagination.

Your Soul is alive, just as you are alive. Your Soul is action, just as you are action. Your Soul, as It lives within you, is a Portion of The Father, to give you the strength to understand the Purpose of life, the Reason for life, the Way of life, and All the Things that The Father intended for you when the physical life ends.

It is true, many men are mocking the Beauty of the Soul. It is true, many men are leading others wrongly. It is true that men are laughing at The Sacrament that must be held Holy. It is true that men are demeaning in so many ways to the privilege of the human life.

As I speak through *a woman* in the world, *an instrument* who walks in total obedience to The Father's Will, I, your Heavenly Mother say, 'The blasphemous way that so many men are following must stop.'

As I look down upon so much desecration each day in your time, many times, in your description of what pours from My Eyes, you would say 'tears' flow throughout the world from Me. It is more than tears, for each time there is such desecration, such blasphemy, it is like a wound in My Heart from an ungrateful child that has so much opportunity.

Be blessed with My Hand, with My Love, with My Heart, and know that the war that surrounds you is a war far greater than any war men could conjure up, because you see, the war does not just destroy the physical,

but many Souls are being scarred unmercifully by the sins of so many people in the world.

A mother's love is a special love. Multiply your love as a woman and get it to the weight of all the oceans in the world, all the water in the world, and when you do this, remember, My Love is Greater than the amount of that weight. My Love for each Soul is Greater than that weight.

I withdraw slowly because of the Power that I use through *a human body* so that My Words can reach you. So be it."

SEPTEMBER 13, 1989

OUR HEAVENLY MOTHER

“*The Miracle Of Saint Joseph* has been the Greatest and is the Greatest Teaching Miracle since the time of Christ.

There are so many Lessons that have been taught by Us so that a group of children in the world, children of all ages, would understand the Importance of the human life and the importance of example necessary for the benefit of mankind.

Children have been taught, women have been taught and men have been taught the value of understanding the purpose of the will, the Importance of the Soul, and yes, the reasoning behind The Father’s Rules.

It is true, from the beginning of Christianity interpretation has decided many things. I, your Heavenly Mother say, ‘Sift what is right, sift what is good, and use these things to become so strong in an army of Hope, of Light and Enlightenment, so that as you stretch your hand to another one, as your eyes meet another one, We

will show, not in a fanatical way, but in a serious, loving, giving, serving, dignified way.'

It is important for children throughout the world to know that in this place, small as it is, I spoke. I gave to the world many times, not just Moments of Direction, but Words of Direction, so that Souls would return from Where They came.

You live in a time of terrible things. You live in a war zone wherein satan tries to use every measure of enticement so that one day your Soul would be lost, to him.

There is no reason for this to happen. You have the Faith, you have the Light, you have the Hope, you have the Direction. Use It, protect It, guide It, control It and never abuse It, for It is a Special Love to each of you, for you to better understand how important it is for you to be alive at this time in the form of man.

You have opportunities abounding, for you to serve, for you to generously give all that you know is Truth, all that you know will save the Soul of another man.

You are Blessed in so many ways. I bless you with My Hand but I also bless you with My Words, for through These Words I say firsthand, ‘You live in the world, you are part of the world, you have a place in the world, you were born to do certain things.’

There is yet much time for you to practice what you know is Truth, to perform in ways you know are Right, and to extend the necessary Knowledge to others that will give them the strength to better understand the Purpose of life and what a Great Gift of Love life as man is. So be it.”

OCTOBER 4, 1989

GOD THE FATHER

“This Organization was formed because of God’s Love for mankind. The Organization was formed at the request of Our Heavenly Mother. It is an Important Organization. It was named after a Man Who walked a very strict way of life, Saint John Vianney.

He was not a Saint when he lived. He was a very Holy, and yet very strict man in his own way. Right was right and wrong was wrong, and that is how he wanted everyone to be, to understand that there was a way to show God love, there was a way to reject God, and he couldn’t stand to have anyone reject God. He had given his life to support what he felt God wanted of him.

You men have been asked, in many ways, to walk out into the world and project right, good, honesty, charity, ethics, morality.

There is not one man in this room that does not know the difference between a moral issue, a moral situation, and an immoral issue and an

immoral situation. There is not one man present that does not know when the answer or temptation or interest should be accepted or denied. There is not one man in this room, on his own, that does not know the value of ethics.

There is not one man who does not, in his heart, know that God truly exists, and that God, through promise and through the very act of being present in The Holy Eucharist, would ever deny His Divine Love to anyone who loved The Holy Eucharist.

If each of you were encircled with a barrier of glass, it would be difficult for you because the responsibility of what you could see through the glass would always be present, and you must remember that the mind can sin, the mind can be the most corrupt part of the whole body. The mind is the decision maker for the benefit of the whole body.

And as I pass *this instrument* through what man would term 'a glass wall', the power of discernment, the innate understanding of What I Want is Very Important.

If each of you leave this meeting understanding that there is More within you than is medically accounted for, physically accounted for, you will be richer in understanding of what your life is all about. As you move a hand, as you move an arm, as you move your head, as you move your leg, the physical responds to the mental in what you do. Everything you do reflects into the Soul that was lovingly given to you.

The Soul is a Special Portion of Me. The Soul is a Portion with which you will one day stand for Judgment of how you lived, how you spoke, how you reacted, what example you gave, what charity you projected, and how much love, how much thanksgiving you returned to Me.

Men say I would not speak. I smile at this for man does not know Me in the way he knows another man. If I created all things, then I have the Power to control all things, but in My Creation of man, I gave man a will so that man would use the ability to think, the ability to make decisions like I do, for My Love for the creation of man was so Special.

The moon cannot talk. The earth cannot talk. The sun cannot talk. The stars do not speak. The universe does not talk back to those who travel through it. The universe does not speak to those who say what a beautiful place it is. But I have created all you are, all you see, all you know, and many things beyond this, beyond human comprehension, understanding.

I use a *frail woman*, I use a *fragile instrument*, for it is not her power I use but Mine, to reach you. Her obedience I use to demonstrate My Power in Words, to demonstrate how much I love mankind, for Me to use *one* such as you in your time.

The Lessons I have spoken, I have taught, and I have allowed Others Here also, to project to you a way of life, a means by which, through which I expect you to lead not just a dignified life, but a life of purpose, a life of hope, a life of understanding, a life of sharing, a life of giving, a life of Faith. All these things, My sons, I have handed to you.

I have given you intellect. I have given you vocations. I have allowed you to choose which was which for you,

which was best for you. Sometimes you change your vocation, you find another interest. It is My Hope always that you will use whatever you are, whatever you do, whomever you're with, for the betterment of your whole life.

No man can preach or teach as I do, but always remember, as I use *a frail instrument*, if you allow Me, I can use you to be example to thousands. Do not forget My Words. Do not misunderstand What I have spoken, but think of It and let It be with you, so every moment of every day you will find the strength in the Faith in Me and What I have spoken, to lead a life that will return you to Me.

You are Loved, that goes without saying, but I say it to reassure you. If I did not choose you from where you once stood, whether it was alone or in a crowd, there would be thousands here, but sometimes children do not understand: to project What I Am, Who I Am, What I Want, I do not always choose thousands; I choose a small number to do My Will. So be it."

OCTOBER 11, 1989

SAINT ALPHONSUS LIGUORI

“Many times the Light that We have shown through *this instrument* in the world is felt more than It is seen by some. When they are alone they question what It was. Some say, ‘I have not seen a Light, it is what I feel.’

Many of Us Here in the Heavens have used ordinary times, ordinary situations, ordinary problems, ordinary areas of life, to grant to many, sometimes one at a time, the strength not just for the moment, but perhaps for a later time.

It is difficult for many to understand This Great Miracle that has been given to the world in such a firsthand manner, but it is also important for mankind to know that This is the Way The Father has worked for all time.

You know only a few of the historical events wherein people such as you were given monumental responsibilities. It did not take them from their daily life, but it put

them deeper into many lives so that something from Us would show.

Many years ago men would burn oil, men would burn wood, men would burn candles and many other things to give light to darkness, to give hope where tiredness or despair was being felt.

This Great Miracle, through Its Words, is to give Light to the whole world. No star in the sky is brighter than This Great Miracle, no planet. The sun, in its own way, has a purpose to the whole universe and to man's life, but This Miracle that teaches you, that stresses, that directs the Purpose for life, the reality of What you hold within you, a Portion of God, is a Miracle that is known in far greater distances than you realize.

Some men and women are afraid of This Miracle. Some men and women do not want It to be so, for they do not want to follow what they feel would be impossible for them to follow. This is ridiculous in concept, for just as when The Commandments were given to the world, The Rules of The Father, each one had a special meaning, each one was for the good of the whole being of

all individuals, so it is at this time, in your time in the world. The Words, the Meaning, the Purpose is far greater than you can know.

I am Saint Alphonsus Liguori. Many men have not heard of Me, but that does not make My Words less True, less Important, for it is a privilege for Me to be able to give to you, in your human world, What The Father Wills.

The instrument through whom I speak acts in obedience, not self-will. The ecstasy is deep, for if it were not, the body could not stand on this night before you.

Be blessed. Accept the Blessing, rejoice in the Blessing, be grateful for the Blessing, and know, that as the Light of Heaven is handed to you, It gives joy to your Soul that is within you. So be it.”

OCTOBER 25, 1989

SAINT THERESE OF LISIEUX

“The Saints in Heaven, Many of Them lived very ordinary lives. Many of Them lived very tragic lives. Many of Them lived from day to day, not quite understanding why They had to do certain things because there was so much discomfort to it, but They felt it was the way They had to go, not because it was a decision nor a response, but it became such a part of Their whole being, to respond to a Higher Authority.

As I speak through *this woman* in the world, I speak clearly so you will better understand, when you leave this place on this night, that you must respond to all that occurs within your day, for the benefit of your Soul.

The Soul is a Living Portion of The Father, as It is a Living Portion of each of you. The Soul has a Light, the Soul is the Light of Hope. The Soul must be understood as an Important Part of daily life. I am Saint Therese of Lisieux.

There is great sadness in so many areas in the time in which you live. You are surrounded by tragedy, much of it caused by wrong thinking, by selfishness, by greed, by lust, by weakness, by immorality.

When something is soiled you try very hard to find a way to clean it, especially if it is something you treasure, you enjoy.

Imagine yourself as the custodian of a Portion of The Father. You hold a Treasure, in the day and in the night, every hour, every minute, every second of the time you live upon the earth. How do you cleanse that Treasure if any soil touches It from you or from an outside source? This is a serious question. This is a serious decision.

The Father has sent so much Light in so many years, for children to understand the Importance of life, the Purpose of life, what He expects each life to attain.

So many men have passed through time with mixed ideas of what life is all about, some perhaps amusing, but others not so amusing for they were wrong; they thought only of the importance of themselves, himself

or herself, rather than thinking of the Importance, of the Purpose of That Other Part within them, the Soul.

Many men deny every day, many women deny every day, many children deny every day, that they have a responsibility for more than their health.

Be blessed, My daughters, and understand that My time with you is a Gift from God to man. As it has been done so many times in the past, He uses *a human form, a human voice*, to transmit Direction for His Plan.

Many men shout what they believe in. They hold fast to their ideals, their ideas, but they omit the Most Important Part of themselves and that is the Purpose for which they were born, the responsibility they hold within them, and the very commitment that their Faith stands for.

Blessings occur every day when a child prays, when a child is in need, when a child makes a decision or a child responds to what is correct for the good of the Soul.

A Blessing to mankind is a Blessing in *'The Sign of The Cross'*. I,

Saint Therese of Lisieux, say to you on this night, ‘My Blessing for you is that I will help you whenever you request My help to do The Father’s Will.’ So be it.”

SAINT JOSEPH, THE HOLY SPIRIT

“Many times, when I have spoken through *this instrument*, I have spoken in such a strong voice that the frailty of her human body would collapse under the Power that I would use in reaching men, women and children of all ages. It is difficult to walk such a path and see that only honesty must be recognized, truth must be shown and purpose explained.

Men say, ‘I feel within me a Power unknown to me at other times.’ Men say, ‘I feel a Light, sometimes I see a Light, not just through the Words, but through the Presence of This Great Miracle.’

When My Name was first announced, that This Great Miracle would bear My Name, *the instrument* through whom I speak, and have spoken thousands and thousands and thousands of times, was concerned because of the Position I held, and that I stood for men.

We used to talk many times, Many of Us Here, through *this instrument*,

to convince her that it was not a case of gender, but a case of Importance for the world to receive the Messages. And sometimes, when I would speak with much too much Power within her, The Heavenly Queen would alert Me to the frailty, as *the child* fell to the ground, totally encompassed by the Power I demonstrated. As I would lift her to her feet, demanding that no one touch her, no one but I would touch her, it was difficult for some to understand, but at that moment she was totally in My Command.

Men, women and children walk the earth and they make many promises to Many Here, but they do not have the capability to fulfill their promises because their promises are beyond what they understand is needed to fulfill these promises. I do not say, 'Do not make promises,' but I do say, 'Keep these promises within the realm of your abilities so you can fulfill your promises for the good of your Soul.'

There are so many things yet to be told. There are so many subjects yet to be touched upon, and there are so Many Saints Here in the Heavens that have yet to speak through This Great Miracle that bears My Name.

The Angels, in the beginning of This Great Miracle, were told to go and speak with her. She would try to ignore Them. In Their lightness, Their love for This Miracle, They would ask her to sing with Them. Her anger showed, her temper showed, and she would try to dismiss Them, but in her love for The Father she would respond to the request gently, and We would watch *this woman* in the world struggle because it was not her will to sing with Them.

This may sound like a light subject but it is not, for there have been so many times that obedience to a Command, to a Request, to a Statement, to a Direction from Here was not easy for her to comply with. Time, in passing, has changed much of this.

Many men, women and children try to find error, fault, so the denial of What is spoken is easy for them to accept. ‘Denial, for what reason?’ I say. Faith in The Father, faith in all that is right, all that is good, is what The Father wants for each human being, but there are so many people in the world who devote so much time to wrong for selfish reasons, that you

must understand that your Faith must recognize Truth, your Faith must hold fast to the Truth, and you must prepare your Soul for a Hereafter.

As the day ends there is a beginning. As the beginning moves into each moment, each moment is a beginning. There is great promise for those who understand that Faith is an important issue for every human being on water or on land.

Men are conquering so many things now, but the most important thing for man to conquer is a willfulness, a sinfulness, and impurities that not only attack the Soul but attach themselves to the Soul.

If there was nothing more for you to live for, imagine what a terrible place the world would be. You have been given the Direction, the Reason, the Way and the Hope for you to follow every day of your time upon the earth. Ask yourself, if this time was not important, why would *the one* through whom I speak use it in This Manner? Ask yourself also, why would you be here?

I bless you in many ways, but I bless you with the Light of Hope,

through *an instrument* that bears the name, '*a True Mystic of The Father*', bound through a will to do His Will under all conditions, in all situations, at all times, as He Decrees it to be for the good of Souls. So be it."

SAINT ALPHONSUS LIGUORI

“There are so many people throughout the world that have heard of This Great Miracle. It is a Teaching Miracle, It is a Miracle of Direction, It is a Miracle of Hope.

I have spoken hundreds and hundreds and hundreds and hundreds of times through *this instrument*. I am Saint Alphonsus Liguori.

To love The Heavenly Queen is a choice of yours but it is also a choice of hope. To go to Her Feet and beseech Her to help you, to guide you, to console you, is very important, for whether you kneel, whether you stand or whether you sit, whether you lay flat, just saying Her Name draws Her Attention to you.

There are so many areas She comes to your aid. Most times you are totally unaware of it, but just as each child in the world is given a mother, physical to see, with all the responsibilities, you can compare this to The Heavenly One, for She holds

the responsibilities dear to Her Heart. She holds each child individually and She extends Her Love, always hopefully that the child will take the right road, make the right choice, and not forget to say, *'Thank You.'* The *'Thank You'* She passes on to The Father immediately, so He knows that the child is grateful for just the knowledge of Their Presence, for the Faith of the child, the love the child shows in this act of hope.

As I have said, I have spoken so many times, and if I were to return to the earth in human form, I would once again rely on Her in all phases of life, for all favors in life. I would depend upon Her to intercede. I would depend upon Her to give me the strength to face all obstacles, to erase all fears and to go forward diligently.

You have this opportunity. You are Blessed with the Faith, and let Me say, 'You are also Blessed in so many ways by The Holy Trinity.' So be it."

SAINT THERESE OF LISIEUX

“Many times men, women and children accuse circumstances for their immorality. Many times immoral conduct is acted upon, used and generated because of the permissiveness in language, in behavior and in acceptance of all that is against God’s Will.

The whole world is infiltrated with demons that do all types of things to attract, to distract, to create a sense of compromise so that decisions of men, women and children fall into the category of immorality.

The Father has sent to the world a Miracle of Hope backed by thousands of Teachings, thousands of Directions, thousands of Quotes, so that the correct decisions can be the choice because of the knowledge passed through This Great Miracle. At no time has The Father left man alone to fight impossible odds, where a decision of morality or immorality was not given the correct direction.

Morality does not say 'perfection'. Morality says 'correct direction'. Immorality is not based on flexibility but most times based on a compromise that has a weakening power that tends to leave a door open that should have been closed because of the imperfection in the moment of decision.

Men and women have many expressions that appear to cast out evil force but, in reality, in the long run, there is attention drawn to the evil force by the very expression in the expression.

Hundreds of Saints have been used by The Father to speak through This Great Miracle. The Words are slow in passing to the millions of people who are not exactly waiting for the Words, but when they receive These Words they will gain strength, direction, and more substantial structure to their moral values, their moral standards.

Many children are being misled, misdirected, because of the lack of morality, because of the lack of teaching and direction regarding The Rules, The Commands that were once given for the good of mankind. Men,

women and children do not recognize the Importance of what has been given because they have not been taught properly, also because so few men and women deal properly with the Importance of These Rules, These Commands.

If you were to stand Where We stand, you would see how little is taught, how many people ignore, and how few people place importance on what was given for mankind to follow. It is not just time that has caused this to happen, but the intercession, the infiltration of the evil one, ones, that has become so rampant throughout the world.

Many men, women and children fear the dark. Better they fear the immorality in the world, for with darkness they are assured of light in a short time, but this is not the case with the degree of immorality that has spread throughout the world.

People of all races, all colors, all creeds, justify the immorality in a few words: 'It has always been.' They forget to say, they forget to add: 'But it must be stopped, for it is against The Father's Will.'

Children are not being taught, children are being robbed of the value of logical moral views, moral standards, moral values. There are too many men and women, not too lazy to teach correctly, but too immorally bent on what they feel is practical in the time they live. It is difficult for some men, women and children because they have never been taught, but thousands who have been taught should be the teachers, the example for others to learn.

I am a Saint, not by birth, but by a love I felt for all that was good, all that was honest, all that, to me, had value. I am Saint Therese of Lisieux. So be it.”

SAINT ALPHONSUS LIGUORI

“Men, women and children talk mostly without fully understanding the subject upon which they dwell or are involved in. The power of speech, the need for speech radiates throughout the world.

It is great sadness Here in the Heavens when so many men, women and children disregard that Gift of Love from The Father: the ability to speak, to write and to be example of. It is rare when a man, a woman or a child recognizes the responsibility of the ability and the power to speak out loud, to act physically through example.

Man says, ‘I will live for today.’ Granted, that is the only way a man, woman or child can handle life, but so Many of Us Here in the Heavens say, ‘The results of today will show either in tomorrow or the days to come.’

So few in the world are being taught, or are being explained to in full, why God’s Rules had to be, what These Rules truly contain, and the full

purpose for which They were attained. His Rules are not past History.

The Laws of God are not just to be recognized as His, but to be followed by all men, women and children of every age in time, since their inception.

Man says, 'This is the Word of God.' Perhaps some of this is truth, but in translation changes come about because of interpretation.

There are two sides of decision, for decision, for each human being to use conscience, logic and moral values and standards by. These are right and wrong, good and evil, truth and untruth, Faith in God and a lack of Faith in God.

Defiance by mankind now is a horror to see. We Here in the Heavens wonder sometimes, when right is so obvious, so good, why a child of any age chooses wrong, chooses evil, chooses the daring that rejects logic.

Throughout the world mankind of all races, all colors, all creeds, walk in a frenzy, speak in a frenzy, one trying to outdo the other, one trying to outsmart the other, sometimes merely in ego, sometimes for power in the

eyes of other people, sometimes for greed; some lust for all that appears pleasurable in so many facets of life.

It is sad to say God does not exist for so many. They feel ignoring His Existence makes Him go away. This is not just ridiculous, illogical, but it is purely, simply a twisted mind that is afraid to see the beauty, the responsibility and the privilege of life.

I have spoken thousands of times through This Miracle of The Beloved One. I am Saint Alphonsus Liguori. I come on this day to relay One Line to all people: 'The Father has never given up on mankind; it is time mankind not give Him up.' So be it."

DECEMBER 13, 1989

OUR HEAVENLY MOTHER

“As I speak through *this woman* in the world, I speak with a Deep Love, a Deep Understanding, a Deep Protection of your Faith, for the Words spoken on what Resolutions would be profitable for you to make are Words of Deep Love for you to better understand how to become a Saint. I am your Heavenly Mother.

Humanity is constantly reaching for benefits, constantly reaching for goals, new ideas. Humanity reaches for the stars, knowing the stars are unreachable, standing as a mere human being upon the earth.

All Those Who are Here with Me in the Heavens reach out to children throughout the world, protecting them, guiding them, and especially when there is a prayer spoken, a request, or just a form of conversation.

A child speaks, Heaven listens. The child does not know this, but Faith in God, Faith in the Very Presence of your own Soul, the Faith that you were born to the Image and Likeness

of A Supreme Being, should be comfort enough; it should give strength to your daily living and it should encourage each of you to want to be the example so that others, too, will understand the power of Faith, the purpose of Faith, the Goal for which Faith was initiated by The Father.

Everything you are, everything that your brain registers, everything that your brain is in control of, is a Gift from The Father.

Men say, 'The Father gave me my heart.' That is true. At the moment of conception there was life, and as the development occurs, the brain listens to all that is spoken. You have heard this said many times. The living cells are learning from the moment of conception.

If each child would truly understand the power of conception, the power of the learning at this period of life, each child would understand that the formula for life had a Great Purpose.

Men talk about formulas in so many areas, but they forget the main formula was designed by The Father, and the formula was for a Greater

Purpose than any man can desire to accomplish upon the earth. The formula was the Gift of Faith, the Power of Prayer, and the Purpose of the Soul that was placed inside at the moment of conception.

True, there is a great enemy spread throughout the world. He has always been there, but this enemy can be beaten. This enemy is also the enemy of The Father, but The Father wants each child to go into battle for the benefit of his or her own Soul.

The Rewards are great, greater than you know, but along with the benefits for one's own Soul there are more benefits when a child has the love and responsibility, the desire, to lead other Souls Who might have been lost if it were not for this great desire to please The Father, so that the Soul would not be lost to Him for All Eternity.

People throughout the world want The Father to use them. He does, but He does it to the degree that they can handle; and the great preparations that do occur, they are fewer than some men can understand, but obedience is the first step because obedience is the

foundation, the basis for the strength that is needed to fulfill His Will against all odds, against all obstacles, against all enemies. Obedience is important because, through obedience, no one else has the power to inject what they will *the instrument* to partake in, to do, to follow, to seek, to be a part of.

Men say, 'I love life.' That is good, for it was given by The Father. As you lay your head tonight, say a prayer I will give you:

*'Thank You, God, for
the Faith I have in You.
Thank You, God, for the
Soul You entrusted to me,
to one day return to You.'
So be it.'*

JANUARY 24, 1990

SAINT ALPHONSUS LIGUORI

“Heaven talks about the Light of Heaven. Heaven talks about how we must live. Heaven gives us examples that we understand, we can relate to. Heaven takes stands when no one understands the stand, but then at a later date the reason for the stand always shows.

I am Saint Alphonsus Liguori. In My Words on this night, They were meant to give you things to think about, questions to ask yourselves, so you would better understand the importance of right actions versing wrong actions, and how important it is for you to think before you act, to visualize the practicality of your movement, the reasonability of your movement, and the purpose for each movement.

We speak through *one* such as you, We teach, We direct. The Words flow on this night slowly, for some present here will absorb more if the voice and the Words are slow, penetrating, and with Sound Purpose.

We hold *the instrument* tightly, for it would be difficult to repeat What We say with so much distraction in the world in your day.

There is much fantasy in every area of life. There are many troubled human beings in every area of living. There are some who feel great self-esteem, to the point that they could never reach realistically. There are some who want the stars, the moon, and if The Father were to hand these things to the individual, the individual would not know what to do with them.

The Importance of life is to see what is right for you to do, to accept the responsibility, and not just cling to it but hold it firmly in your daily life.

There is a beauty to loyalty, there is a beauty to responsibility, and it is a great Gift of wisdom when one can discern what one should be loyal to, what one should be responsible for, and with whom and to whom one must interact in these ways.

To accept the challenges set forth, *this instrument* oftentimes must face the possibility of tears within the heart, tears within the throat, and not

allow the tears to show from where one would expect them to fall.

There are Many Saints Here in the Heavens Who oftentimes say, *'There is so much sadness in the world; Heavenly Father, can this sadness not go away?'*

A long time ago, through This Great Miracle, you were told, others like you also were told, that you live in a time worse than a time in History; the time was known as 'Sodom and Gomorrah'. It was not just a time of fantasy but it was a time then, too, of moral decay. Sound moral values, sound moral standards mankind rejected. They played games with all forms, types, areas of degeneracy. There was no respect for anyone and no self-respect in anyone.

Respect for one's self is not saying, 'I am important.' Respect is taking the action of responsibility and loyalty, and being the best example one can be to all they come in contact with.

So many have been Blessed through This Great Miracle. So many decisions have come about that many do not understand. So much Love

has been extended because of the Importance of This Great Miracle. So much Truth, so much Fact has been delivered to give mankind something to think about, to give children of all ages, all colors, all creeds, the Reason for life and the Purpose for which it was first handed down a long time ago.

I speak through *a human being*, one who bears much responsibility, one who oftentimes says: 'Can it be released some, God? It is so tiring.' I, Saint Alphonsus Liguori, wish I could say The Father gently releases the burden, the decisions, but it is not this way.

As you were taught tonight of things to be aware of, simple in form, connected to your daily living, things you understand, you were also taught to be independent in your thinking, to stand firm on your decisions, but have all things be formed by sound moral values and sound moral standards.

So many men throughout the world say: 'What is a Soul? I have never seen a Soul.' The Gift of Faith says 'A Soul is more than man.' The Gift of Faith says 'The Soul has to be a

Portion of Someone Higher, Someone Greater, Something Important to take care of.'

So many human beings are intelligent but they lack wisdom. So many human beings take their intelligence and let it slide into oblivion. Intelligence is a Gift as Grace is a Gift, when you use it.

Do not waste any part of the day, do not waste what you have learned. To use a term of your day, 'recycle it', make it work for the benefit of yourself, someone you love, or someone you do not even know.

As the sun shines, you depend upon it shining, for without the sun how could life go on in the world? It would have to be replaced by something from a Higher Being. So it is, My children, with All that you have learned: use It, respect It and never dismiss It as unimportant, for All you have learned gives you strength and gives more purpose to your living.

You are Loved in so many ways, and the reason I say this is, you understand that love is communication, love is hope, love is endearing. Our Love for you is different than your

love, but It is a Love that is Special to your being. So be it.”

FEBRUARY 14, 1990

OUR HEAVENLY MOTHER

“Faith in God is the ultimate. When we have faith in someone who is doing something for us, it’s a special unity of personalities, it’s a special unity of relationship when we have faith that they will accomplish, they will do.

Faith is like the magnet on the earth that holds us to the earth. It holds us in place. Faith is something that creates stability in us, assurance, and sometimes when people lose their Faith in God they become lost in every facet of life.

Sometimes Faith encourages so much strength that things can be conquered beyond human strength. Faith in God is greater than any power that man can dream up.

As I speak through *this woman* in the world I speak with an openness, an honesty, a hope and a faith in your Faith in God. In the Heavens We speak often of the power of Faith, and when a child turns in prayer We recognize

the point of direction immediately and no prayer goes unanswered.

A prayer in His Direction is not just a desire, a thought, a need that scatters into space. It has a definite path to Him in ways you cannot conceive.

It is a while that I have spoken in the manner I have spoken tonight. As a mother wishes all children to be decent, to be right, to be good, to think pure, never to be anything that is immoral, I, your Heavenly Mother, feel that way about each of you, and of course, about every child in the world.

As I speak I say, 'Be aware of truth, for as you accept truth you will better understand the Importance of life, and the more you will understand the necessity and the value of truth over untruth, and the more you will understand that no life should be treated frivolously.'

Standards should be seen for what they are; they should be sound morally. All values in all walks of life, whether they be for mental reasons, physical reasons or Spiritual gain,

they should be of the highest, soundest moral abilities available.

The Power that comes to the earth through the Soul and the physical of *the one* through whom I speak is a Power that no man upon the earth can create, with all there is to use, all there is available.

I hold her tightly and I say, ‘If the earth was always darkened, it would be a hopeless place in so many ways, but you look for the light of day and you greet it with a new outlook, you greet it with hope, you greet it with a feeling of another beginning.’

So it is, how We want you to feel with the Light that shines through This Great Miracle. It is not a man-made light, It is a Light of Hope, a Light of Strength, and a Light for the Faith you have in all that is right.

There are millions and millions and millions of Words that I could say to you on this night, but your physical would be unable to go through the test of time that such Lessons would take for you to receive. The sessions would be too long, the physical would need rest.

There are many dangers in the world. The greatest is, of course, the desecration of The Holy Eucharist; and do not cast aside the horror of so many impurities, some ritualistic, some just humanistic failures coming from what you would term 'sick minds'.

I love you, The Father loves you, and at this time My Heart reaches out to you, to touch your Faith, because you see, your Faith can be purified if you allow it, through your will, to be. So be it."

FEBRUARY 21, 1990 AT 8:45 A.M.

SAINT ALPHONSUS LIGUORI

“There are so many elements throughout the world that are based on immoralities, pointed at, directed to obscenities, encouraging people of all races, all colors, all creeds, to cater to a diabolical force, seemingly responding to pleasurable experiences and moments of unusual physical actions beyond the normal.

I, Saint Alphonsus Liguori, have spoken so many times through This Miracle that has been given to the world to give Pure Direction to all people, for a better understanding of why human life was created, the benefits of human life, and the Goal for which The Father intended it.

The History of mankind has passed through areas of extremes. These times in History have oftentimes allowed total devastation to the Souls of thousands of human beings. You are in a time now that is not just devastating, but a total goal for damnation of Souls. Weak excuses for immoral actions, immoral

encouragements, immoral teachings, immoral attachments, is a horror to see.

Men fear physical illnesses, even when they understand it is not of a grave, serious condition. This is a tangible part of human life. Rarely do people of any age, any race, any color, any creed, fear the dangers to the Soul, by impurities that are far more dangerous than physical illness.

Man says, ‘I do not want to die, I fear death.’ The purpose for Faith in God, the purpose for teaching on moral issues, the purpose of God’s Rules, was and is to give mankind of all races, all colors, all creeds, the benefit of knowledge that would encourage them to reach for a Higher Goal in life, beyond the physical.

This time is an era of time mankind feels so satisfied with the advancement of knowledge that in many ways is creating total devastation to the Souls of so many people. So many feel everything is right because it is what everyone is doing at this time. They seek excitement that lasts only a short period of time. They must seek it repetitively or there is an emptiness,

because of the lack of responsibility to God that was intended through The Directions, The Commandments and All the Teachings passed down through time. Children are being victimized in more ways than can be seen.

So many times great sins are put into one word, 'lust'. The word stands all by itself, it has a meaning, but the description, the full description of this word is hidden. There is so much ugliness that is not expressed because of man's conciseness in so many important issues.

You live in a time now where people of all ages are ignoring Truth, because to face the Truth means they must make a decision of right over wrong. Some feel they would prefer to take the casual way out, the easier way out, by joining in rather than standing alone against odds, against criticism, against rejection, but very few times do they say, *'God, let me, help me to make the decision that is total purity.'* It is almost unheard of, but I, Saint Alphonsus Liguori, ask you, 'Why is it something for someone else to think or say; why is it not you?'

If a million dollars, a half million, even a hundred dollars was the point of gain over a decision on a moral issue or an immoral issue, how many people would say, ‘What the heck, it’s not that important; I can see the money, I can do something with the money, but the other will pass very quickly’? And, of course, justification wins out, but the moral issue still remains.

Children of all ages are being led to perdition. It is up to men, women, to stop what is happening. Without it being stopped, the tragedy that all people will experience will be beyond human comprehension. The fall of mankind into the depths of mental depression, physical dangers, will be beyond return.

In the time of the first Christians, many died for their Faith, many died for their beliefs, and those who followed wrong seemed to be the winners; but the very fact that Christianity has remained is proof that sound Christianity, belief in God’s Rules is the salvation men seek, but there is one code of ethics that must be combined with this, and that is not just belief, but practice of all things that God has directed to be, and that

all people must choose morality over immorality every moment of life. So be it.”

FEBRUARY 21, 1990

OUR HEAVENLY MOTHER

“When a child walks in These Footsteps and *the child* is so full of Divine Information, It is not just an Implantation of Ideas or Words, It is indelibly instilled and placed, and no eraser upon the earth, no distraction can take It away, only The Father. At this time He does not wish it to be so, for when the time comes, the designs of all the edifices will be put in detail, but right now it is difficult because of the outside necessities that must be taken care of.

The Words spoken earlier, that so many have come to This Great Miracle, are Words of Truth. I, your Heavenly Mother, knew that many would come, not all would stay, but most would remember the time and wonder at different times What was occurring: ‘Is she still there? What is happening around her?’

This is occurring in many places, even on this night. The name is brought up, the subject is brought up, the time spent with her has been

brought up thousands and thousands and thousands of times.

So many times children kneel and pray and they ask for enlightenment into what is truly truth, what is good for them, and when they do this, they do it in a very indifferent way because they feel they will not get a verbal, vocal sound that they can hear.

So many want Us to speak to them. We do. Many favors are granted because of the Act of Faith. Much Love is shown but children do not see it as Our Love. They feel it is an earthly response to their prayer, to their thoughts.

Where purity is, We are. Where Faith in The Father is the topic, where Sound Faith is the goal to be had, We are there.

Some children ramble on about how much they feel about The Father, how much love they have for All that is Here. They are insincere, for many times they are trying to impress someone, or they are trying to get their way in some manner, or they are trying to find out if the other person's morals are sound, are good.

The responsibility is greater than man knows, when *this child, this woman* in the world speaks Our Words passed through her Soul.

If man recognizes there is more to himself or herself than the physical, then there is no escaping the beauty of recognizing That Portion of The Father instilled in each one.

Through This Great Miracle that bears the Name of a Special One, He is the most Silent One in This Miracle. The silence is different, because though He has been announced as The Holy Spirit of God, people still place Him in a definite place and forget that the Messages of Teaching, of Direction, are passed through Him first. It is The Spirit of God allowing you to hear, allowing you to be directed, allowing you to know He cares.

Tonight it is obvious you have had a full day. Tiredness comes to the physical, but remember, no matter how tired the physical is, the Soul waits for you to remember a special prayer, a prayer of thanksgiving, a prayer of love, a prayer of recognition, a prayer of hope, and yes, a prayer as you lay your head at night, thanking Him for

the day, asking His Presence to be by your side on the morrow; and do not forget, Each of Us Here hears the prayer and We are All willing to give you help.

It is not easy to say Our Words. It is not easy for an instrument as *this one* to listen so deeply and yet not hear.

Be blessed, My sons, and do not forget My Words, and remember, no prayer goes unanswered. You are never denied Love and you always have Our Attention. So be it."

SAINT ALPHONSUS LIGUORI

“Men, women and children fear the word ‘destroy’, to be destroyed, will be destroyed, especially when it pertains to their life, yet at this time thousands and thousands and thousands and thousands of people of all ages are being destroyed every day.

Satan is working tediously and continuously through open means, to destroy the physical and the moral fiber of all who will succumb to what is either an emotional moment, an intense time, or a suggestion that is obviously against The Laws of God.

It is time that The Laws of God be elaborated upon so that mankind will know It, know Them, know the meaning so well that they will reject the obvious destruction in the world today.

Science has men going out into space for exacting, progressive reasons. On the earth satan is working on exacting, progressive reasons to destroy the Souls of every living human

being that will allow it to happen to them.

Mankind knows there is a right and there is a wrong, there is a truth and there is an untruth, there is a moral and an immoral decision to life.

We Here in the Heavens see what you would determine angry mobs of destruction. We see angry mobs of demons working diligently so that men, women and children will betray The Commandments The Father gave a long time ago.

Men, women and children shout, 'Justice in the human courts'. They want it to be right, but to have justice in the human courts one must have justice in the daily living of mankind. People must begin to walk paths of purity. They have the reasoning, the ability and the will to choose right over wrong, truth over untruth.

The force of evil in the world is tolerated rather than rejected. It is not scorned but applied to daily living by so many, many people of all races, all colors, all creeds. Some make excuses because of their environment, some because of their station in life, some to say it is a lifesaving factor to

accept immorality, impurity. These are but excuses. In all times through the History of mankind, men have had to make decisions.

Whenever there is a time such as you live in now, The Father takes the time and uses 'a specific instrument of human life' to deliver the Directions He wants mankind to have. You are fortunate to be the recipients of His Words, for He does this in Deep Pure Divine Love.

Let These Words be handed to people of all races, all colors, all creeds. I am Saint Alphonsus Liguori. So be it."

SAINT ALPHONSUS LIGUORI

“The enemy of God, the enemy of mankind, walks in the midst of all peoples on the earth; he has many disguises, and many are in his legions.

This enemy is ‘all things contrary’ to the Will of The Father, The Rules of The Father, and the good of mankind.

This enemy imitates, in his own way, what he feels will be a Command from The Father, a Release from The Father, of what is right; he does not stand in dignity, but disrespect for all that is good, all that is right, all that is pure.

The sounds that man cannot hear radiating from this archenemy of God and of man can be termed ‘only sounds that would create total devastation through fear’.

The world is not just in turmoil, the world is on the brink of total disaster.

Scientists are shouting that they are in the process of great progress.

What would the progress be when total destruction is obvious to the sound moral values and sound moral standards that The Father has set for mankind to follow and to be example of?

Men, women and children fear earthly disasters. If they could but see the horror that is happening to the Souls of so many individuals, they would not die in shame, they would not die in fear, but they would die from the mere thought of the physical, mental and Spiritual abuse, harm, disaster that is occurring within their body and mind, and to their Soul.

‘Faith in God’ is easy to say. It is wiser to live it according to His Rules every day.

All of mankind must begin to deny the evil in the world. They must do it with their own will and not depend upon anyone else’s will, thoughts, ideas, ideals.

Decisions must begin from one’s own Faith in Divine Plan. I am Saint Alphonsus Liguori.”

OUR HEAVENLY MOTHER

“When Heaven speaks, it is for all mankind. It is for the good of mankind, it is for the motivation for all men, women and children to understand, within the individual, a need for protecting the Soul, a need for moral values, a need for sound moral standards, a need for goodness, and to reject ugliness, foulness, and to reject all that is impure.

I have spoken so many times through *this woman* in the world. I have spoken on a personal basis, I have spoken on an impersonal basis to thousands of people. She is a target for those who have disbelief, but even those always remember her presence at a given time.

Thousands and thousands and thousands of people throughout the world are searching for the answers to how to live a better life, how to become a better human being. They do not want to look at what has been written before, they do not want to read the past; they want to know what

is now, for them to see and feel, honor, respect, and hold as a form of life for more Spiritual growth, for more Spiritual happiness.

As I speak through *this instrument, this child, this woman*, she is totally obedient to Our Will, Our Way. This is difficult for man to understand, for man to comprehend, because man is used to using his own will, to display his own feelings.

As I speak through her tonight, as your Heavenly Mother I say: ‘Look back on all the things I have spoken before. Look at these things with and as the Direction that can guide you in your daily life.’

Do not feel it is too troublesome, too tiring, but understand that your routine during the day is sometimes boring, sometimes difficult, sometimes tiring, but if you use this routine, and add to it a constant remembrance that you bear, you contain a Soul, a Portion of The Father, and that This needs nourishment every moment of the day for the benefit to be gained later.

Remember this Precious Portion of yourself, your Soul. Be aware that only you can keep It pure, only

you can make It pure, and only you have the will to stand up for what is right, what is truth, what is pure. Sometimes you are handed a sign, a small sign, something to make you feel what is being spoken about. Your Soul is more than what has been shown to you tonight, but it has been done this way to make you aware that This is your Contact, your Connection to God. The Soul will remain long after the physical is gone.

If you, during the next days, make it a habit to think of your Soul, examine your conscience regarding your Soul, and let no man, woman or child distract you from it, you will find a happiness within you, assurance within you, a Spiritual growth within you that no one would be able to take from you, no matter what they did, what they said.

I am your Heavenly Mother and I come to you on this night because you are Loved greatly, deeply, sincerely, more than you will ever be able to comprehend in your physical life, but one day when your Soul arrives Here Where We are, the Glory is far beyond any light you can possibly understand or see or feel or recognize, or even

believe in, until that Moment of Decision when you face The Father.

The Soul is not something as a toy. The Soul is the Most Important Part of your being. It is a Precious Gift of Divine Love The Father gave and gives to every human being.

I bless you with a Mother's Love and I bless you with The Father's Will for you, that you will strive for Sainthood, conquer all your weaknesses and reach for purity. Make it a habit, and make it a habit you will never break, for you have been given more Love, more Blessing, because of your sincere Faith. So be it."

APRIL 18, 1990 (EXCERPT)

SAINT TERESA OF AVILA

“I have spoken many times through *this woman, this instrument* of The Father, in the world.

So many men say: ‘Why a woman, to have so much to say? Why not have This distributed to many, so more could hear, so others would have such a Blessing to display?’

It is not a case of displaying, as man knows displaying to be. It is a case of pure obedience to The Father’s Will, to speak the Words The Father Wills mankind to hear, to read, and to one day follow, and also be example of.

Men, women and children are attracted to specific types of art. They are drawn to the talent, drawn to the subject, and sometimes yearn for the ability to be able to produce what others will enjoy.

Be sure that as you look at a work of art done by human hand, you draw your mind back to the art of understanding The Father’s Rules, The

Father's Commands. They, too, were written on a scroll. They, too, have been written many times since They were first handed to a man. There is no greater work of art in the world than The Commands. They must be put in the sight of all mankind, in all languages in the world.

Men, women and children find The Rules restricting. If they truly look at Them, they will find Them giving much space to living, orderly in many ways, but fruitful in all ways of life.

I am speaking slowly so you will understand. I am Saint Teresa of Avila. I speak tonight to men. Where you work, where you live, where you enjoy social life, never forget The Commands.

There are so many Lessons yet to be taught, so many Lessons yet to be given, so much to be done. Everything that was spoken was meant for the betterment of each man, woman and child's Soul, but men denied the Importance of This Great Miracle and they denied the responsibility that was theirs. They wanted something that was immediate, to their liking. They

wanted something of their own design. They wanted something that would give them momentary happiness.

When The Son walked the earth, the Teachings were for that time and all time to come. People did not drop in ecstasy with emotionalism. They listened to the Words, as you do. They listened to the Meanings of the Words. They listened to what was good for them.

Emotionalism does not mean it is right. Emotionalism clouds the Importance or clouds the Facts and the Truth, or emotionalism clouds what is wrong. Be aware of this.

I walked the earth; all was not easy. We worked daily in many ways. I am known to have been strong. I hoped I was as strong as I should have been, and as I stand Here in the Heavens as a Saint, I sometimes remember the times I could have been stronger but I allowed human weakness to enter.

I warn you of these times, because you see, you do live in a time worse than any time in past History. It does not show in this room, it does not show in many places you are, but it is

a sadness in the world beyond human comprehension.

Be blessed, My sons, and know The Father has sent This Great Miracle to the world at a time It was greatly needed, and He was willing to give so much more: a place for children of all kinds, all ages, to go to, to grow in, grow from, but there will be much done.

Do not allow any disappointment to come your way. There is much in store to be accomplished through your willingness to work, your willingness to support, your willingness to participate, your willingness to conquer all obstacles, to attain the Goals The Father Decrees to be. So be it.”

APRIL 25, 1990

OUR HEAVENLY MOTHER

“In the time I walked the earth there was much evil, because so many men and women listened to Jesus speak but they felt what He taught they could not follow, because He emphasized sound moral values and sound moral standards in everyone’s way of life.

He told the people what The Father expected of them. He told them how they must act in their daily way of life, how they must get closer to The Father, how they must respond to the evil that surrounded many of them.

He emphasized the Importance of life. He emphasized that they were more than human life, that there was a Portion of them, a Portion of each of them, that was given for a specific reason, that they were born to life in the way He decided and that within each one there was a Special Part that one day would return to Him for Life Everafter.

Many people did not understand what Part of them would leave and go.

They blinded themselves to the fact of the Importance of the Teaching that went along with What He was saying.

I have spoken so many times through This Great Miracle that bears the Name of Saint Joseph. In the time We walked the earth, We did not wonder why people did not recognize Us in a special way. We walked the earth in a normal human way. How else could the people have found Example of life?

It is the same in your day as it was in Ours. We send Messages now through *a normal form of life*. These Messages bear Important Content so you can understand how to live, not just to please God, but for the benefit of the Soul He placed within each human being at the moment of conception.

The Importance of life is far beyond technical knowledge. When a child is conceived, with the conception is a Portion of God Himself. The creation of life, human life, automatically draws this Soul at that moment. That is why it is so important for people of all kinds to understand conception and the birth has a Supernatural Significance to it

that no other creation can bank on, can speak of, and/or look forward to.

I speak now as your Heavenly Mother. I speak in a manner you understand. I speak with Words that can be handed to you, for you to remember What I have said.

Though the room is small and though there are not thousands of you here, thousands will one day read the Words. Many will understand fully What I have spoken. Many will not want to accept fully What I have spoken, but this does not change the Full Meaning of What I have said.

True, life has its daily obstacles but you can conquer them. Use your Faith, use your willingness to live life with sound moral values and sound moral standards. These will give you the strength to conquer the obstacles, and remember that charity is part of sound moral ethics.

Tonight you have been handed past Words that were passed down to give you the strength to better understand the importance of Faith in God, the importance of understanding so many little things that, in so many

ways, are based on monumental things.

Be blessed, My little ones, and know, if I were to appear physically, My Words would not mean more. The Meaning would not be more excessive. The Light I extend in My Words is sufficient for you to grow in Faith, to grow more in love with The Father, and to better understand the Beautiful Purpose of Life that you were handed at the moment of your conception. So be it.”

SAINT ALPHONSUS LIGUORI

“It is sad to Us Here in the Heavens when We know *a child* who walks for Us is intimidated by man’s disgraceful attitude and lack of sound ethics.

Men cannot understand a Miracle such as This One because man says he is too practical to think in such a way, that The Father would speak, The Mother would speak, and Others around Them would speak, through a mere woman in the world, with Direct Messages for the individual human being.

As I take over deeply, each of you know it is nothing to fear. There is only good, there is only Divine Love in the Words being spoken from Heaven to here.

***The child* is faced with many subjects every day. The tiredness of some subjects are far beyond what man can comprehend. The responsibility is far greater than man can believe responsibility to be.**

Some men stand aside, some women stand aside and say, 'How can This be true? We have the written words from a long time ago, they are sufficient'; but there is no time in History, the History of life upon the earth, that The Father has allowed man to be alone. There has always been Direction of some kind through His Force. There has always been telltale signs of His Existence. Man's intellect is a sign of the Existence of God. Man's physical appearance is a sign that man has been created by God.

There is a great need in the world today for men to better understand the full Purpose of life and the full part they play, each man, in others' lives. Temper, temperament, expression, lack of expression, understanding, misunderstanding, anger, hurt, are all expressions of man, whether the man be a small child or a child of age in great number, a high number. The Beauty and the Purpose of the Creation of man is more and has been more than has ever been revealed in its fullness, to mankind.

The Light that shines from Heaven to the earth through This

Great Miracle, sometimes is a Light that can be seen, sometimes It is a Light that can be heard, sometimes It is a Light that can be felt, but there is always benefit to the Light, no matter what degree or how It is received.

I am Saint Alphonsus Liguori. I speak so many times through *this woman* in the world. Since This Great Miracle began, many men and women, even children, have insulted This Great Miracle because they could not, did not want to believe or felt It could not be. They did not want to feel that Heaven was this close. They say they can deal with Faith their way better than they can face Faith so openly. To some this is fine, but a greater degree has been sent to the earth with the Words to remain for all time.

Some men and women will try to destroy the Words. They will try to copy Them wrong, so They will be interpreted differently. You must be aware of the Importance of These Words reaching far places, for you see, the Words are for the whole world to see the Words, the Meanings, the Directions for men of all races, all colors, all creeds, to benefit in so many

ways for the sake of their Soul, for the sake of Eternal Life.

There are many men, women and children struggling to find the correct way. They do not have the ability to make that decision of what is correct for them, what is correct in its fullness, its whole means and manner, for the benefit of their individual Soul.

Men say, ‘I cannot see my Soul; how do I know I have It?’ The very desire in each human being to understand right from wrong, to believe in right over wrong, to feel the need to have fairness, to feel the need for justice, bespeaks openly that there is an Inner Being greater than the human being that cries out for justice, for honesty, for right over wrong.

When a man says, ‘I have a Soul,’ sometimes others laugh at him. Many times men do not even recognize the fact that what they are working for spiritually, emotionally, physically, mentally, is That Portion of himself or herself inside of them, the Soul. Many men would say, ‘I do not want to know about It, for then I will be responsible for It.’ Everyone is responsible for

That Portion of himself or herself, the Soul.

As I, Saint Alphonsus Liguori, have spoken thousands of times, I say on this night, ‘You must remember All that was spoken to you tonight, or as much as you can, for as you remember It, It will give you the ability to stand up for what you believe in as an individual man.’ So be it.”

MAY 23, 1990

SAINT THERESE OF LISIEUX

“There are some in the world who try very hard to direct men, women and children to believe totally in their own abilities, their own efforts, their own capabilities, their own knowledge. In some ways this is sad, for everything that man, woman or child is involved in, there is always the Presence of a Soul and always the Presence of a Guardian Angel, and there is always communication with these Two Portions, with God.

Little ones should be told of the Importance of life, the Importance of obedience to rules, and the Importance of Faith in God; not information beyond their years but information to instill in their minds the Importance of believing in a Supreme Being, not putting all their faith in mankind.

It is right for them to understand that one human being has more intelligence than another, or I should say, the ability to use the intellect. They must learn to use all they have been given: their will, for what is

right; their judgment, to make the right decision; their thoughts, to be pure thoughts; their actions, to be those that would please God and never disgrace their Soul or their Guardian Angel.

Children must be taught rules. Children must understand the Gift of freedom of the will is a Special Gift from God to man.

Adults must understand responsibility. Adults must understand that they must pledge their whole being to following What The Father Wills for the benefit of the Soul that is a Portion of Him.

I am a Saint Who has spoken many, many times through This Great Miracle. I am a Saint Who in the human life was called 'willful', but I must correct this statement and take away the connotation that the willfulness was just to please me. That is not so. The willfulness was to please Him. I am Saint Therese of Lisieux.

Children are not being taught the importance of right. They are not being taught the importance of purity. Children are not being taught that their actions are example to all,

whether they are in touch with adults or children of all ages.

When a child is taught responsibility, the child listens. The child may not respond immediately, but in the back of the mind the Soul will keep that message evident at all times — responsibility.

A child needs hope. Purity carries hope in its very existence. A pure mind has much hope. There is a place for hope in every human being's life.

Sometimes, when things were difficult for me, it was my hope to become a Saint that helped me through the difficult hours of the day. I was not always pleased with what I was doing. I was not always pleased with the words others did say, but I found that hope gave me a deep understanding and hope helped take blindness away.

One day when I was in much distress, I remember stamping at the floor, and the stamping turned into a stomp because of the anger I felt because of my own inadequacies, and one of the Sisters walked by and she said, 'Therese, you are showing a temper tantrum,' and I said: 'I beg

your pardon; I am sorry if it appeared that way. I am more angry with myself. I could never be this angry with anyone else. I am angry because I did not understand the Ray of Hope I was handed by a Special Means that was not merely man.'

You are Blessed so many times for an Act of Faith. You are Blessed so much by a prayer that goes another's way. You do not see it, you do not feel it, you do not recognize what has happened, so you go your way; but never forget, there is never a prayer spoken, never a good thought thrown away, passed over, and bear in mind, everything you do passes through your Soul to The Father. You are never alone in any Supernatural Way.

Be blessed, My children, and remember that every day is important, for you get to spend it with a Soul, a Portion of God, and then there's always that Angel that will help you through the day. So be it."

GOD THE FATHER

“I have placed *a woman* in the world in the midst of thousands of people, and I must say and describe it to you this way: When you look at a star, you do not understand nor do you realize the full substance of the star, but you look at it as a shining light, something pleasing to the eye; but each night you do not look at the same star, for sometimes there are clouds covering the light. So it is in your human life, the star that shines is your Faith in Me, and sometimes it dwindles when you do not feel a closeness to Me.

You are children of Mine; you bear Part of Me. I call It ‘a Soul’. You know It to be a Soul. Some day, when the physical ends, you will understand the Magnitude of the Light of the Soul that I handed to each human being at the moment of conception.

Even though you do not see that Light that shines within you each day of your life, oftentimes you do remember Me, through a prayer,

through a request, through a word of hope, through a word of endearment, and sometimes you even say, 'Thanks.' I smile at this.

You do not know Me. I am more things than you understand. I am more ways than you can comprehend. I Am, as you once heard it to be, I Am All Things.

The Part of Me that I gave to man is a Light, a Light distinct in Its own way, a Light that compares to no other light, in the Heavens, in the universe or on the land.

The Light is a Part of Me, for it is true, whether men disagree or agree, you are, you were, born to the Image and Likeness of Me. I gave an intellect, I gave a will, I gave sight, I gave feeling, I gave hope, I gave respect, I gave love, I gave mercy, I gave humanity.

Be blessed, My sons, and know that as you spoke tonight, My Presence was in your midst. I listened to everything you said and I want you to remember this: Your honesty, your distinctiveness in how you think, your love for what is right, what is good, what is sound, I love to hear, for

you see, your hope, your Faith means much to Me, for as I am The Father of all mankind, I am The Creator of All Things.

So few men would believe These Words that I have spoken for they would say: ‘Why would The Father speak through *a child* in the world? Why would she deserve this?’ But I want you to know that as I speak to you on this night, all men should understand that what they are all about in the world, I Am The Controller Of, I Am The Giver Of, And I Am Always In Command.

You are Blessed by My Presence, by My Words, My Love, and I say, ‘You must remember to give thanks for your Faith, for you see, your Faith is what keeps you close to Me, your Faith is what protects That Soul that is Part of Me.’ So be it.”

JUNE 13, 1990

SAINT TERESA OF AVILA

“So Many Saints have spoken through This Great Miracle. Some have spoken strongly, Some have spoken quietly, but I have always spoken very distinctly, and I might add, sometimes rapidly. I am Saint Teresa of Avila.

There is much to be done, many things to be conquered, many obstacles to be eliminated. You must understand that man cannot handle too many steps at one time.

Picture The Miracle at the bottom of the steps. Picture The Miracle at the top of the steps, and then think of it this way: The length of the legs, the length of the stride can only take a certain amount of steps at one time. That is how you must see the changes that will take place when it is accomplished, what was decreed to be.

The next time you see a flight of stairs, remember this. Some of you may feel that you can climb these steps or walk down them two at a time. Some may even say, ‘I can make

three,' but remember the dangers attached to overstepping such an act of competency or incompetency.

I am showing *the child* steps. She says, 'They look like a hundred,' and I say to her, 'They are not a hundred.'

I show her several flights of steps: one flight has twenty-three; one flight, eighteen; another flight, sixty-nine; another flight, too long for her to see, too high, this flight has two thousand steps. She says: 'That would be impossible to climb; that would be too impossible to walk down. It would take a long time.'

I, Saint Teresa of Avila say, 'Yes, but each step is an important step, and with each step there is accomplishment, there is effort, there is a willingness to comply, there is intention, there is direction, there is hope, there is reason, and yes, there is a goal.'

So as all these steps face *this child, this woman* in the world through whom I speak, she understands one thing: Nothing is impossible when it is done for the Will of God, but all things are impossible if done for the wrong reason.

There is great hope in a flight of steps. They lead somewhere, they lead to many things. They lead to surprise, sometimes. They lead to action, they lead to beauty, they can lead to happiness, if these steps are approached and climbed in the right manner, for the right reason. Do not worry about the time it takes, just worry about each step, the safety of each step, the purpose of each step, the reason that you make the step, and of course, the goal for which that step was intended.

I bless all of you and I bless those who believe in what is right. I bless those who desire to do the Will of The Father. I bless those who try, beyond all odds, to accomplish that beautiful Goal of Sainthood. All are not present in this room tonight, but then I want you to know, the room could not hold all the children in the world who in their heart want to become a Saint Here in the Heavens.

Be cautious in all things that will determine what condition it will cause your Soul to be in. Remember, as you were taught before, you were taught tonight: 'Your will is your line of decision.' So be it."

JULY 11, 1990

SAINT THERESE OF LISIEUX

“Everyone does not have Faith in God. One of the saddest things in Heaven is when The Saints see people who have the ability to know about Heaven, reject It in their everyday life, through unkindness and a lack of self-discipline, and of course, a lack of sound moral values.

Heaven speaks constantly through This Great Miracle, and It is a Great Miracle, but some people find It difficult to believe because they feel that It should be in another place, and sometimes, in another time.

It is sad, and it was sad in Our time when We lived upon the earth, that We were criticized when certain Lessons were taught for the benefit of Souls.

Man tries to find fallacy in how The Father would work. Man tries to take away the reality of how The Father would work. Man ignores the Beauty of Faith and the Perfection of the Soul.

I am Saint Therese of Lisieux. It is true, the Words that began This Great Miracle came through Me, according to The Father's Will. It is true that All Saints have been involved in This Great Miracle, so that mankind could better understand the Purpose of life, the Reason for it, the Dignity of it, and the Reality for which it was begun.

The eyes of every human being are important, that is true, but human behavior, human understanding, human decisions must always be based on the idea, and with the Faith, that the Purpose for life is to one day see The Father Face to face.

Man says, 'I cannot comprehend a Face such as this.' The Mystery of God could never be understood, and that is why it is important for each child who has Faith to know, and Faith in an Existence of God, the Existence of God, to reach for the Ultimate Goal.

Many times when I walked the earth I would say, 'I cannot go on; I feel too strongly about this issue and I cannot give in to the other thinking on it,' and then I would kneel and I would say, *'Please, Heavenly Father, let*

me know where I must bend my will,' for as it has been said, my will was strong.

Now that I am Here I thank God for that strong will. Many times I say, *'Thank You, Father, for the ability to have the strong will and the ability to use it properly, and the ability to understand the decisions that I would make at that moment would definitely be important for the final end,'* but then I would always want to add: *'As one life ended, a More Beautiful One began.'*

This is the Message I leave with you tonight. Remember, as you walk each day and you use the mind that was given to you and you protect the Soul that you know is Part of Him, the life you live now is but a life to be continued in a More Grand Way. So be it."

JULY 25, 1990

SAINT JOSEPH, THE HOLY SPIRIT

“When the news came out that I was announced as ‘The Holy Spirit of God’, as ‘The Holy Ghost’, men decided that that would be the out, a reasonable way to disclaim This Great Miracle that bears My Name. I decided they would not get their way, so as I continually speak through *this woman* in the world, it is important for men of all ways to see the Importance of the Messages that came to give strength to all peoples throughout the world, that were sent to give hope regarding the Reason for man to be born, the Purpose for man to exist, and the Goal for man to reach.

If I were to hold *this instrument* as tightly as I could with the Power I Am, she would disintegrate before your eyes, there would be nothing left. Man says, ‘Oh, that could not be.’ I, The Holy Ghost say, ‘You are not tempting Me.’

So Many have spoken, not just praises, but forms of teaching individuals how to live, how to act,

how to be motivated, how to pray, how to understand the beauty of life, living it as man.

Just because there are so many in the world who carry with them an unnatural understanding of the Existence of The Father, does not make what they believe, truth. At the Pentecost there was Great Love shown because of the understanding of Truth being instilled at that moment, permanently.

When you take a class in a subject that you enjoy, you retain it, small portions at a time, and suddenly when you reach the point of understanding it to a degree that gives you a fuller meaning of the subject, you find pleasure, happiness. That is why This Great Miracle has been given to you in the manner It has been given. The Teachings were to give you the time to absorb what The Father wanted you to have, according to His Will.

Truth is not impossible to believe, but to some it is questionable because it is difficult for them to understand such phenomena, such greatness, such balance, such love, such value, to the

way of life that each human being has.

As I have spoken millions and millions and millions of Words, not always announcing My Name, in a daily conversation, sometimes in humor, so the child listening would hear It and feel It in a way that at that moment would be better able to comprehend. It has been a long time in the time of man, these years that have passed. In Our time, Here in the Heavens, it has been like a flash of light, no longer, because you see, What is Here is endless, What is Here is timeless, What is Here is for all of mankind to come to, live with, and one day be a Part of.

Never have We told *this child, this woman*, it would be easy. We could not say it because of the involvement with man. Obstacles are many, trials numerous, and she is fully aware that some of the next steps are beyond what man could understand, but she has been told not to be concerned with man's understanding. She has been told to accomplish what We say, what We ask.

For some people throughout the world, it would be difficult to believe

that We Here in the Heavens would use someone so natural, someone so much like you, but this is how The Father works. Proof of this has been through past History. It is now presently occurring in your time, in the world and on the world in which you reside.

It will take her three days, perhaps four, maybe even more, to accept What was delivered earlier on this day, but We are assured it will not be questioned, because of a prayer that she was given a long time ago, small and simple, and yet it said it all:

*‘For You, my God, through
Your Beloved Saint Joseph,
I commend my whole self,
in union with The Blessed
Trinity, for all mankind.’*

We gave her that prayer. It is to be repeated with every obstacle that occurs, with every act that appears favorable and with everything that is good, for it is a prayer that is necessary, because through It she says the Exact Words We dictated for her to memorize a long time ago. This commitment is necessary and We are assured it will be done according to His Word.

You are Blessed, My little ones, by Me, for I Am The Spirit Of The Father, I Am The Light in the world, and many call Me ‘Joseph’, for it is easier for them to relate to a human name, a human way, a human placement, for to truly understand the Magnitude of What Heaven is all about, it is beyond so many children’s ability to feel Such Magnitude truly exists, and is connected to the Soul. So be it.”

SAINT JOSEPH, THE HOLY SPIRIT

“Heaven was talking today about the importance of when God comes to the world openly, that so many refuse to believe that He would act in such a way, that He would care this much for mankind, and that He would feel so close to mankind. But Heaven also said that so few people in the world understand the full makeup of man. The makeup is not just a head, a body and limbs. The full makeup of every human being born to the world has a Portion of God within the individual at the moment of conception.

Hundreds of Saints have spoken through *The Miracle Of Saint Joseph* and Hundreds of Saints have repeatedly said that the Soul in each human being is a Portion of God. This sometimes is difficult for human beings to understand, because God seems to be such a Mystery, and so distant in every way to human life, but God’s Presence is constant in every human life.

God's Presence is when a human being is alone. God's Presence is double when two human beings are together. The more who gather together, the More Portions of God are in the same place. That is why it is so important to understand that each human being represents, in a particular way, the beauty of life as a Living Part of God, through a Portion of Him within the body. For some people it is difficult to believe, because for some people, they do not have the Faith to understand the magnitude of human life.

At the moment of conception, a Portion of God is placed, and This Portion grows as the human form grows. When the form is growing within the human form, there is great joy to both Souls because They are joined together for a specific time; just as when we are joined as human beings, to family life, to friends with whom we enjoy the company, it is this way with the Souls from the moment of conception. The Souls are together, and sometimes when a child is born there appears to be a loneliness obvious to the adult, but this is just because there was such joy in the companionship that lasted for a period of time.

This Miracle that bears My Name came to the world at a time when the world was in great need, not for comfort, but for Instruction. This Miracle came to the world to introduce, not something new, but something stable, something understanding, something that would give strength to the way of life for human beings.

This Miracle did not come to the world in a blast of thunder. It did not come to the world with music. It came to the world in a quiet manner, with the Sound Of The Spirit, Of Which I Am, Of Whom I Am, Of What I Am, The Wisdom and The Hope, The Light Of The Father.

Mankind did not know Me in This Manner, in This Way, and some found it difficult to understand when they first heard the Words, but that did not stop the Truth from being revealed. The Truth had to be revealed so people would better understand the Magnitude of God's Love for mankind, and of course, in reality it cleared a Great Mystery that occurred publicly a long time ago.

Children of all races, all colors, all creeds, find themselves wondering,

seeking truth, not finding it, not relying upon the value of what they are, for What they have within them, a Portion of The Father.

So many men, women and children throughout the world are struggling to find answers to what life is all about. It is simple. Life is to do what is right, do what is good, what is morally sound, so that one day life will continue on in a Greater Place, in a Greater Way, for a Greater Purpose.

Men argue upon the earth and they want success. Men say, 'I want to reach a great degree of recognition.' The greatest degree of recognition that any man, woman or child can reach is that moment when the Soul stands before The Father and He welcomes the Soul back and says, 'I know it was difficult at times, I know that You feared You would not return in the same way, but I welcome You back with the Love that nothing else could ever give.' And you must remember that That Soul, at that time, represents the human life that It lived with you upon the earth.

Men will say, 'I cannot understand this type of talk,' but I, The Spirit

of God, The One you call ‘Joseph’, say to you, ‘As I walked the earth in the midst of mankind and I knew the Greatness that was all around for all mankind to see, there was a sadness within Me, for out of selfishness and greed, lust, anger, hate, mankind ignored the Meaning of life, the Beauty of life, the Purpose of life.’

But through This Great Miracle I come to the world in your time, so that one day mankind will be able to read These Words and know life does not end when the eyes close and the breathing stops. In reality it is a new step, a new way, another beginning, and it is a Time with The Father that no man could understand the Greatness of. It is a Reunion beyond man’s comprehension. It is a unity of service that was allowed to happen because of God’s Love for His Creation, because of God’s Deep Understanding of the role for which He created man. For some it may be difficult to understand, but for some it will give great hope to just the privilege of being a man. So be it.”

AUGUST 22, 1990

SAINT TERESA OF AVILA

“When I speak to you, I speak with a Great Love, I speak in a knowing way. Tonight I speak softly through *a very tired human body*. I am Saint Teresa of Avila.

The Force that has been forced through *this human body* is beyond man’s capability to know and ability to understand. You say you are tired. When *the one* through whom I speak says, ‘I am tired,’ it is not a tiredness as you know tiredness to be.

In the time that I walked the earth I was strong physically, and I can say to you in your day that I, too, became very tired physically, with the responsibility of so many areas in which I felt so strongly about, and felt so devoted to. The History of My life has been written to an extent, but much that went on in my mind could never be read by anyone. Sometimes, in loving The Father and wanting to please Him in every way, wanting all to respect Him for Who He Is, What He Is, is a tremendous task.

You have a Name for what you stand for. You bear the Name of One Who walked a special path, called ‘The Little One’, Saint Therese of Lisieux. My, what a strong will She had. My, what little endurance for such a big will. So you see, God chooses people of all strengths to perform in a way so others will better understand the Purpose for life and why each one was created.

Many times the Purpose of Creation is misunderstood, sometimes because of greed, sometimes because of a desire for power, sometimes because of total self-esteem. There is a sadness in this.

The world in which you live has many obstacles, and so much, as it has been said, is uncivilized in its mannerisms, in its manner, in its goals. You would think that after all this time, all the Teachings that have come down through time, mankind would walk in more respect for human life, but it has not come about as it was intended to be.

I speak slowly because you are to absorb My Words, you are to cling to My Words, and there are so many issues

yet to be faced by *the instrument*, the one through whom I speak. Of late We have made her aware of more, too much for any human being to endure, but remember, one day I am known to have said, I am known to have made a remark, 'No wonder You have so few friends.'

She said to Me the other day, 'I would not say that to Him.' I smiled at this. She said, 'I couldn't say it, I would be afraid to say it,' and I said: 'Well, the circumstances are different. You are not expected to say it. You are expected to fulfill His Will in the manner He describes and ascribes for you. Let it be done His Way. Let no one interfere, let no one tell you how it must be accomplished.' I will tell you a secret. She said, 'I am tired, but I will do what I am told in spite of all obstacles.'

You are faced, My daughters, with *one* as human as you, and there is not one man, woman in the world, who would accept the Tasks, knowing the obstacles she has faced and she will face in the coming months.

I tell you on this night these things, so you will understand that

things have not changed through time when The Father has a Particular Plan. There is always 'one instrument' that is sacrificed, there is always one Rule, there is always a Purpose beyond man's understanding, and no criticism will change what must be accomplished according to His Will.

So often you have been told you are Loved deeply, Loved much, and you are. Your Faith in The Father, your Faith in The Heavenly Mother, your belief in prayer, your desire to please The Father's Will, your respect in His Way, your devotions and your faithfulness bears Blessings untold. While you are upon the earth you cannot count the Blessings handed to you for what you do, what you think, what you say, but the Soul that each of you has, reflects all these things in a special way.

The Soul, That Portion of The Father, is the Shining Light that each human being receives at the moment of conception, and stands before The Father at a particular time. Granted, Some are Judged more harshly, Some less, but whatever the Judgment, you can be assured of one thing: it will be Just in all areas and it is the final

proof of His Love of human life, for human life, and the Purpose for which He created man.

It will take her three days, perhaps four, to return to what she would term 'back'. I have held her so deeply, so firmly, and I add: 'Let your Faith extend to all you meet. Let your Faith not be blinded by anything in the past, but let your Faith in all that is right, all that is good flourish, because it will pay great dividends.' So be it."

SEPTEMBER 19, 1990 (EXCERPT)

SAINT JOSEPH, THE HOLY SPIRIT

“I have spoken so much through *this woman, this child, this instrument* in the world, for many years. The world calls Me ‘Joseph’. So many have added the Name, the beginning, the prefix ‘Saint’. I am more than a Saint. I do not say these things to diminish Sainthood, for It is what you must strive for, you must set your aims for Sainthood.

I have spoken through her on this night in a manner and in a way that sounded perhaps different than I usually speak, but I have done it for a reason. You must, in your own way, understand what religion is all about. You must understand the need for religion, the effect it has upon your life, your participation in it, and also, your practice of it. You must also take into consideration that Faith in The Father, Faith in what is right has a goal to it, has a purpose in it.

As you are in My Presence in a more personal way, your Soul listens to Every Word I say. Your Soul is not seen

by you but I am aware of each Soul in My Presence, of each Soul throughout the world, every day and every night.

I am The Spirit of God. Men disagree. I am The Spirit of Hope. Men say, 'Well, it could be,' but they do not want to take the responsibility to say that I am The Holy Spirit of God. In reality, what else could I be? I was sent forth upon the earth, understanding fully what I was to be, what I was to do, how I was to live, because of the necessity of the time, that the soundness of Christianity had to resound throughout the world.

God, in His Love and His Hope for mankind, did not tell Judas to betray The Loved One at a given time. I was present in a Different Form when this terrible tragedy came forth, but men have a way of deciding timing.

A man says: 'I have Faith. I have Faith in The Father, I have Faith in The Mother, I have Faith in what I am all about,' but he does not practice moral values. He falls into the trap of immorality. He justifies it, and he feels that he is human and it will pass.

'Time heals all things,' man says. Time also is valuable to every

human being because time gives the opportunity to say a kind word, to do a kind deed, to give happiness where it is needed, to give hope and to give understanding, and to be example of sound ethics and loyalty.

There have been millions and millions of Words spoken through This Great Miracle, not *the instrument's* choice, but Ours. The time for so many to read the Words is long overdue, but the obstacles that have been faced to hold These Words from being put in the open have been so many. The obstacles should never have been, but here again the will of mankind was allowed to be.

Men say, 'I believe, and I feel everyone should read What I have read myself, What I have heard,' but so little is done to promote It, so little is done to give It to the world.

You talk about one language throughout the world. The Father knew that this one language would be so widespread at this time, that He gave This Miracle to the world spoken in the language mostly used throughout the world.

You are Blessed in so many ways. Your Faith is constantly Blessed; it is your love for The Father. Remember to say prayers; it is communication. Remember to devote moments during the day of desiring to do well, do good, to be the example The Father Wills you to be. Never forget that the will you have can say 'No' to ugliness, 'Yes' to purity.

A Blessing always comes your way when you say, 'God, help me.' You may not always get what you ask for at that moment, but many times it happens in some way eventually, for if you were to receive it at that moment, it would not be the time. Timing is important, just as the timing is important for the Words to get throughout the world.

So many times We have spoken, so Many of Us, and We enjoy listening when someone sees a line or two that impresses them, makes them think, and attaches Itself to a hope within them, a thought within them.

So much has been given and so many ways; so much has been forgotten, but it is time for men of all races, all colors, all creeds, to read the Words and find These Words that

will lead them to Where I Am for All Eternity. So be it.”

SAINT MARGARET MARY

“We are All smiling Here in the Heavens. I have not spoken for a long time through This Great Miracle upon the earth. I speak tonight because of My closeness to His Heart. I am Saint Margaret Mary.

The child, the instrument through whom I speak, speaks All Things of Ours from her heart, through her Soul, with Our Words in every sentence, every paragraph, on every subject, with Total Love from Here.

Your heart beats. The Father's Heart beats in a different way than yours. The Father Is Life, The Father Is Hope, The Father Is Kindness, The Father Is Justice, The Father Is a Love beyond the love you understand, you can comprehend.

I stand with *this instrument* on this night, closer perhaps than you can imagine, for as I speak through her Soul to you, it is the Strength of this Communication that holds her erect, for the physical is truly beyond repair.

Men, women and children speak of love. It is a degree of love that they understand, it is a degree of love they can comprehend. It is a degree of giving and receiving. It is a human love. It is so minute to the Love The Father has for all children.

The Portion of Himself that He has placed within each human being is what makes you understand the need for hope, the need for love, the need for good, the need to give of yourself, the need for good example. It is This Portion of Him that is yet within your being, that concentrates on the Purpose for human life.

I will give you a prayer. It will be short and if you say this prayer each day, it will help you better understand the beauty of prayer and the closeness that prayer affords you when you communicate with prayer at any time of the day or night, and the prayer is this:

***‘God, help me to recognize
all things that are good.
Help me to reject all that
displeases You. Help me to
understand the Gift of life.***

***Help me to do all things Your
Way with my will.' So be it."***

SAINT TERESA OF AVILA

“It would be very difficult for the human mind to fully understand how We speak through a human being who bears all the natural means of human life. We oftentimes say, ‘We speak through a *fragile human being*.’ We oftentimes say the word ‘*delicate*’. That is true, but We have also in different ways said, ‘A *warrior for God*’.

Now, when people hear the word ‘warrior’, they expect a physically robust, strong human being, but it does not take this type of physical to love God. Sometimes a child can love God so deeply that the child, in all example, expresses something from within. The child is a warrior, small in stature, but can be example beyond what a great big muscular human being can be.

You sometimes look at a child and you say, ‘My, what innocence; isn’t that beautiful,’ and yet, what are you drawn to? You are drawn to, perhaps the goodness, perhaps the love that the child projects. Perhaps you are drawn

to something that you cannot describe, and yet this is not an adult human being; but the child, in his or her own way, has a deep Faith in Something Greater, a respect that radiates.

I am Saint Teresa of Avila. I come on this night through the permission of The Father, to try to help you understand the Importance of All you have learned and that you, too, can be a warrior for God in a simple way, through your example and through the time that you give in showing others the importance of being a warrior for God in your own way, through your own actions.

Never be afraid to make an expression of love in honoring Him. Never let those you are with stop you from showing some act; no matter what they may look like or think on the surface, it will leave a mark within them.

The Sisters I lived with, I worked with, I directed, would come to me with their problems. Many times I was their confessor, and I would listen to them and I would listen to the turmoil within them, the anxiousness, and sometimes when they would feel

that they had done something that was very wrong in the Eyes of God, it was because they were so sensitive to the Greatness of God. The matter could be small, but they had grown so in love with wanting to serve Him to the fullest that they found little inadequacies alarming to them and they wanted so to please The Father in so many ways, in every way.

Sometimes I used to say to them, 'You have the wrong feeling, you must not think that way.' Some left me in tears, some left me in joy. Some left me, wondering if they had heard me correctly, and I would always raise my eyes to The Father when they would leave, and say: *'Heavenly Father, give them the strength to understand they are but little human beings and they must use their littleness, their love, the best way they can, and not try to imitate all the others here, but to reach out individually and seek Your Hand.'*

You must understand, My little ones, that you are all individuals in the Eyes of The Father. Your Soul will stand before Him as an individual Soul and the Soul will represent you. And when you see this Soul of yours standing there, that you were

responsible for everything that this Soul now is being Judged for, how will you leave that Soul behind when the separation of body and Soul takes place at a given time?

The physical life is important; never doubt this. The life of your Soul, Important; never doubt this. But never forget to thank The Father for the privilege of human life, and never forget to say, before you shut your eyes at night:

‘Heavenly Father, teach me to take good care of my Soul, so when It one day stands before You, It will glow and glow and glow with a brightness far beyond what I could imagine, for I truly love You, God, and I do not always show it, but inside me there is Some Part of me that makes me want to be special in Your Eyes for All Eternity.’ So be it.”

OCTOBER 16, 1990

SAINT ALPHONSUS LIGUORI

“*The child* through whom I speak searches for My Face. I am Saint Alphonsus Liguori. As she searches for My Presence, We All standing Here smile, for yet on this day she searches for the Facts, she searches for the positive Truth to be handed to you and the whole world.

Men of all ages should come to This Great Miracle. There would not be enough room anyplace in the world for all to come to, but there are thousands and thousands and thousands outside of this place that are aware of This Great Miracle The Father has handed to the world.

The Light that has shined upon the earth is One alone. It is a Light direct from The Father. Satan has fought This Light many times. He cannot win, and no matter how hard he tries to get others to fall his way, to trap This Miracle in a form, in a manner, in a way, to give It a name that would not be right, it can never be done by him, for This Miracle has been

handed to the whole world through *a small instrument* that looks to the obedience first, above all things.

Men sometimes say, 'People who work for me should be obedient; they should respect what I say.' Man expects this of other men. The Father says it is this way when He speaks through This Great Miracle of Hope, of Teaching: 'I have spoken thousands and thousands of Words, thousands and thousands, to men, women, and some children, so they would better understand the necessity of moral values, the necessity of moral ethics and the necessity of moral standards, for if a man is weak in any of these, the Soul within him is scarred.'

Ask yourself on this night: Could you stand before The Father with a Pure Soul, with a Pure Light? Ask yourself: Do you understand the beauty of your Faith, as a living man? Ask yourself if you think more than once during the day, of the need for prayer to be spoken for yourself, for someone else in another way? Do you ever think of the Power of the Light of The Father? Do you ever think of the Power that The Father uses to hold the universe in place?

Do you ever think of the men who try very hard to walk His Way, and find so many paths taking them another way? Do you pray for these men, pray to The Father to guide them? for some of them do not understand the Importance of life, they do not understand the Greatness of the Soul. They do not sometimes believe that there is more for them to do, because they have become so addicted to daily life in a manner and a way that is lax, sometimes improper, and lacks disrespect; I mean disrespect for all that is ugly, all that is wrong. Sometimes these men fail.

All Heaven listens as I speak. There are More present than Myself. *The child* listens to Me but she is listening to Others talk amongst Themselves. This happens much. We get her attention, and sometimes as We discuss things she is allowed to hear the discussions, and that is why sometimes you find in her eyes, not a disinterested glance or look, but she is more with Us than she is with you, and yet many, many people can be in the room. Everything looks natural to them, but she is with Us, for the Job,

the Tasks, the Responsibility is greater than any man can conceive.

Satan fights very hard. His ugliness shows many times through people who want to discredit her, but she stands up to them with truth, with fact, with honesty, and this oftentimes makes them back down, for you see, in the truth, the honesty, the fact, there is an innocence of understanding, there is a belief that is beyond human credibility.

So much is spoken every day. All is not written. In one way this is good. Mankind could not handle the constancy of This Great Miracle in the world, in any day. People are busy, people are distracted. People throughout the world find things so important, and the Most Important Thing in the world is to please God and to return the Soul to Him.

Some people say, ‘There is no such thing as a Soul, there can’t be; when one dies life is over.’ Physical life, to a degree, but the physical life remains in a certain manner until the Judgment of the Soul takes place for All Eternity. So be it.”

NOVEMBER 20, 1990

SAINT JOSEPH, THE HOLY SPIRIT

“When My Name was announced in The Miracle, *the woman* through whom I speak at all times, even when it is not recognizable as My Speech, was told that she would have to do certain things, there was no doubt that obedience would not be uppermost in the decision her way.

Granted, all things that were prophesied to be accomplished have not been accomplished, but it is not because of a lack of obedience, it is not because the will was not willing; it is because of mankind’s lack of trust, it is because of mankind’s lack of Faith in how God would send to the world such an Important Mission.

When you awaken in the morning, you look for the light. When you lie down at night, you expect the darkness. This Miracle came to the world to give mental, physical, emotional and Spiritual enlightenment to the whole world, not just to a segment of human beings in a particular place, for just their benefit.

Many men and women will disagree with some of the Words that have been spoken by Us Here, but that is to be overlooked, because mankind has a way of dissecting such Material and using only what is easy for them.

This Great Miracle has come to the world in your language for you to spread, because your language is so universal, just as the Roman Catholic Church is universal. It is the language mankind will understand more and more and more.

As I speak to you on this night, there are men sitting with books in their hands, in different parts of the world learning this language. Will it not be beautiful one day to have these very same men reading Our Words to the world; no big fanfare, no fireworks in the sky, just the Beautiful Direction, Teaching and Love that is sent from Here.

Men have many sayings they cling to, and these sayings are carried on down through centuries. Just think, the Words that have been spoken, and the Words that have been written, are Words that will pass down through

time for thousands and thousands and thousands of years.

I Am The Holy Spirit. I Am All The Things I have said I Am. Mankind will just have to accept this Fact. Mankind will have to see the value of this Fact, and whether they call Me ‘Saint Joseph’, whether they call Me ‘The Patron of the Church’, or whether they call Me ‘The Holy Spirit, The Holy Ghost’, I Am All One In Being. So be it.”

SAINT TERESA OF AVILA

“*The Miracle Of Saint Joseph* is a Treasure to the world and in This Treasure there are many, many areas where, if we truly look at It, It would blind us with Its Brightness. But we, in our little way, sometimes look at a Gift, look at a Treasure, and do not really see the value of It, we only see It for the degree of the value that we can interpret It to be.

That is why it is so beautiful that All of Heaven speaks in our own language, in a language that one day will be totally universal, as it is now becoming very quickly a universal language. Sometimes people do not understand that there is a craving throughout the world to learn this beautiful language we call ‘English’.

So Many Here in the Heavens speak through This Miracle so that one day more and more and more and more people throughout the world will be able to read the Words, understand the Lessons, the Teachings, the Directions, and It will in many ways guide them

closer to The Father and closer to the reality of what Faith is all about. The language alone is important, the Words you receive, the Books you understand to be part of your daily life.

I am Saint Teresa of Avila. I could speak with you tonight in an endless manner, because you see, your language, your Faith with This Great Miracle that has come to the world, which is of such a magnificent size, It is endless in Its Meaning, Its Love. It is a Gift beyond any gift a human being can give or receive. It is Greater than all the diamonds in the world. It is Greater than all the wealth in the world. It is Greater than anything man can do.

As I speak, I speak slowly tonight because *the instrument* through whom I speak is exhausted beyond words, and there is so much yet to be taught, yet to be given, yet to be spread, yet to be distributed, that energy for this Task must be conserved.

You have read many Words, you have listened to many Things We have spoken, but I come to you on this night, sincerely, lovingly and hopefully that you will not cast the Words aside,

you will not cast the Direction aside, but you will remember that Faith in The Father, Faith in All He has given, is a Treasure beyond human comprehension. Treasure your Faith, treasure your love.

She will describe to you how she sees Me and then I will release her.”

VISION

She (Saint Teresa of Avila) appears very tall. She appears rather large. She smiles at this. She is coming closer. She has the dress of her day, and she says:

“This Habit is a Habit that should be treasured because it says ‘devoted to God, devoted to service, and love for the way of life I have chosen to follow’.

Men talk about the Heavens but they do not see It. Men speak of the Beauty that must be Here and they do not see It, but It is something for each one to look forward to, for It is beyond any words in your language or any language in the world.

I will leave you now but as I do, I say, ‘A Blessing goes to you from Me, to give you the strength in your day, in your way to better understand the Power of Divine Love, the Beauty of Divine Love, and the Importance of Divine Love in your daily way.’ So be it.”

DECEMBER 4, 1990

GOD THE FATHER

“As I speak through this *small voice* in the world, I speak from a Place close to you, yet far beyond your physical nature, your place wherein your physical resides. I am within you and I am around you. I am in all that is good and I am in all that is right.

I speak through a *fragile being, a delicate voice*, and one who is not in great physical strength, but My Words are heard by you because I Decree it to be, for reasons based on My Love for mankind and My Love for you, for you have a great task upon the earth and it is a responsibility that I pass on to you, that All the Words that have been spoken through *this voice* upon the earth must be read throughout the world by millions and millions of people.

Mankind is in a stressful state, a state of dilemma, and a state based on immorality. You do not live in a time of morality, but you do live in a time of much moral weakness and

barbaric attitudes, actions, theory and practice.

I speak in a manner you understand. I speak in a way that will be easy for you to pass on to others. I could speak through one who has a powerful voice. I could speak through great microphones throughout the world, but it is not My Way. I pick *a delicate child*, a soft-spoken one, and one who in general is not physically strong.

Each of you here present tonight, and I would say a small number more, were chosen to be close to This Great Miracle I have given to the world. I have given It so It would give to the whole world what I want mankind to know, to live by, to better understand the Purpose for which I created man.

Man would say that The Father of All would not speak through *one* such as she. I come on this night and I say, 'I do speak, I have spoken, and I have used Many Here with Me to deliver Words, simple and yet so complete, loving and yet direct.'

There is Great Purpose to This Beautiful Miracle upon the earth.

There is great advantage to It, in It, and because of It.

My Power is so Great, but as My Power is Great, so is My Divine Love for mankind.

There is so much to be done and so little strength in *the one* through whom I speak, for time being used in such a Powerful Manner has taken a physical toll in many ways.

I heard her ask Me a question and I smiled at it, for the question was a question of innocence. The question was: ‘God, if I make any attempt at taking You for granted, or Those Who surround me, will You stop me?’ And I say to you on this night, ‘She is not capable of taking anything for granted, for she is too dependent upon Me.’

I will release her very slowly, very gently, for My Power is so Great her bones could crumble before they would be able to break.

You are Blessed with a Blessing beyond your knowledge. You are given a Gift far greater than normal Faith. If you will but realize, the Faith that you have been encouraged to have, the Faith that you have absorbed and

the Faith that has been nourished, you will better understand your life and the Blessings you have received as man. So be it.”

GOD THE FATHER

“I have spoken much today through *this woman* in the world. There have been many Words spoken that she will commit to, submit to, in the days to come.

As most of you understand, a working project in life, in service to another human being, has responsibilities; you must understand that in service to Me, the responsibility is as strong as the power in the oceans, because *the individual* cannot use any physical strength to force back what I want delivered to children. The Words are vocal first, for the most part, and then They are written for others to learn from, learn by, and learn about.

There are so many throughout the world, trying to experience a closeness in This Way to Me. I do not reject them, but I know that I cannot use their desire to promote all the things I want people throughout the world to learn about.

There are so many forms and so many manners, so many ways that you

can be total example of What I Am, What I Want, but sometimes you allow yourself your own motives, your own desires, your own hopes, your own dreams, to take precedence over What I Wish for you to do. I do not condemn you for this. I wait for your love for Me, to desire to do for Me in My Way, for you see, you have a will.”

VISION

He’s showing me a Vision. He’s showing me masses of people kneeling and each individual is praying for a different thing. Each person is kneeling for a different reason, some for selfish reasons, some for aid for others, and some just because others are kneeling. The Vision is extensive in Its depth, and there are people of all ages.

There’s a very, very small child, and I would say the child is about two. The child is imitating those who are holding their hands thusly,¹ and the child reaches over to the man next to it, and he puts the man’s hands like this.¹ The man’s hands were like

¹ Hands folded in a formal manner, with all fingers pointed upward.

this² and the child pulled the fingers out, and the man said, “Thank you,” and the child shook his head; in other words, “You’re welcome.”

God is saying that some people, so many people in the world are afraid to make an open expression of humility because they do not want others to see them in this form of humility¹, so they feel this² is close enough, else they will gain attention and they will feel uncomfortable.

“Remember, when your hands are folded and pointed toward Me, it would be difficult for you to sin with them, for the very holding of them in this way would keep your mind in My Direction.

I bless each of you in a personal way, for your Faith, for your desire to please, for the hope that you have in your whole being, and I bless you with the strength to understand you are never alone. I am where you are, for do not forget, you are never without

² Hands folded with the fingers down in a clasped manner.

a Part of Me, and that is one reason why it is so terrible for Me to see, such a horror for Me to see, if you are in a place of immorality, for when this happens your Soul cries out, ‘*God, save Me.*’ So be it.”

SAINT ALPHONSUS LIGUORI

“Through *The Miracle Of Saint Joseph* there have been so many Lessons to remind people of moral issues, and the Soul inside of each human being screams out, ‘I want to return from Where I came.’ The Soul is not heard by the human being, but All of Heaven hears the Soul crying for that time that the Soul will be standing before The Father for Judgment.

That is why Heaven has allowed so Many Saints to come through This Great Miracle, not just One Saint, not just Two, but Many, so the children throughout the world, if they did not hear the Words, would be able to one day read the Words, the Importance of the Words, the Fullness of the Words, and of course, the Direction of the Words. Those who hear Them are fortunate. Those who read Them are very lucky, for they get to at least read the Directions that have been sent forth for the benefit of all Souls.

Satan fights This Great Miracle upon the earth in so many ways. I

am Saint Alphonsus Liguori. I speak so many times through This Miracle, through This Means to you upon the earth, so you will better understand why you were born, the Purpose of physical life, and the Goal The Father has set forth for all human life.

You listen to others speak from faraway lands and your reasoning says they do not understand the sound Purpose of life, the Reason for life, nor the Goal of life. You say they are of a different culture. That is true. That is why it is so Important for the Words that have been passed through This Miracle get sent over there.

One man will pick It up and he will read one line and he will shrug his shoulders and say, 'Hmm, sounds good.' Another man will pick It up and say, 'Hmm, This is interesting, hmm, I've heard It before; maybe It will do me some good if I read further.'

Another man will pick It up and he will look at the Words and say, 'Oh well, that's not for me, I follow a different god.' But then the Words that he has already read will remain in his mind. Remember this, for the mind catalogs so much of what you see,

what you read, what you hear, what you feel, and one day at a given time, a given point, for a particular reason, that particular thing might come to mind and it will help this man make a decision for the benefit of his or her own Soul.

Mankind is categorized in one way, gender — man, woman. No matter what the age, it is still man, woman. There are so many phases of fantasy that come to the world, and in the world they try to fantasize other things pertaining to men and women. They make up fantasy stories wherein mankind acts differently, he is approached in different ways, and in many areas that are extreme in personality, in degree, and void of normal living.

These stories appeal to some people, but you must, as children of God, as members of the Sound Faith that you understand, you believe in, you must relate to the fact that you have a Soul, you have a will, you have a mind, and you have the ability to understand The Rules The Father set down for not only men of this land, but men of all lands upon the earth.

I speak tonight in a way that you understand. I speak through *a tired child* in the world, and I speak Words not just of confidence and assurance, but Words of Direction, for you see, the time will come and you will stand behind your Soul and your Soul will be Judged for what you practiced, what you did, how you used your mind, your will, your physical, and how you practiced self-control, self-discipline, and what value you put on sound moral values and sound moral standards.

I could talk hours, you would fall asleep; but the Words I have left you with tonight are Words you must remember. You must think about Them and you must think about That Portion of you that will not remain in the ground with you. It will rise for Judgment. It will be released from the body and It will be Judged in a manner different than you know your justice system to be.

I show a Vision. I am standing at the Judgment of a Soul. I look at The One Who will pass Judgment. The Soul is small and the Soul's head hangs, because the Soul is not allowed to look at Who is before It.

The Soul is waiting for Judgment. What a sadness to see, for this Soul has blemishes, scars; not as many as some Others Who have stood in the same place, but these will have to be cleansed, these will have to be removed, so that this Soul will shine and be able to return from Where It came some time back.

This Vision is to give you an understanding of the Importance of the Soul. This Vision is to enlighten you in a way that will give you the knowledge, the strength, the courage, the way, to stand with sound moral values and sound moral standards in everything you do, with everyone you meet, through your words, the type of conduct in your words, with your presence in all places you must go, with the strength you show in what you refuse to partake in, if it is wrong. I want you, My sons, to see your Soul at Judgment time, before it is too late.

I hold her tightly as the Vision leaves, and I say, 'Because I had to do it this way, she will be held for three days.' Be understanding of this when you talk to her, for though it will not show sometimes, there will be times when it will show in many ways. To

some, such a Statement would mean, 'How wonderful that State of Being would be.' I, Saint Alphonsus Liguori say, 'In this instance, not so, for We are not using a weak will.'

I bless you as I bless her, and I say: 'In God's Light is a Light One Alone. God's Love is a Love different than any man knows. God's Hope is a Hope beyond what man can comprehend hope to be; It is not a dream, It is not a wish; It is a Divine Desire by The Supreme Being.' So be it."

FEBRUARY 13, 1991

“Sometimes when Heaven allows light talk, it is to help people understand that life goes on and that there are many facets to life. There’s a mental that must be alert and enjoy things, and also learn constantly. There’s a physical that always needs care, attention, and of course, a routine of being taken care of. And then there’s that other part, that part of us that needs a social life; it needs to give lightness to our life, it needs to give distraction, and it needs to give us, stimulate in us a happiness that some things couldn’t possibly do.

The Saints All lived such a life as we live. The Saints All lived a very natural life. Padre Pio lived a natural life, according to his priestly duties. He, too, enjoyed humor; he, too, enjoyed learning the whole time, and he, too, enjoyed performing his duties — and that’s you and I. The Other Saints did the same thing.

There’s not one of us in this room that is a living Saint. We are reaching

for Sainthood. There's not one of us in this room that is perfect in each other's eyes, let alone in God's Eyes. There's not one of us in this room that can say that we are so totally happy that nothing could make us happier. Some of us have sadnesses, but we must look for the hope through the sadness that we feel. We must wipe away anxiety if we possibly can, because anxiety drags us down, weakens us, and detours us, distracts us from looking at a sound, positive attitude and outlook on life.

All of Us Saints walked the earth with the hardships, with the challenges, with the hopes and the dreams, with the responsibilities, and with the need for friendships, the need for family to understand us, and of course, with many responsibilities attached to every facet of life.

There are Seven of Us that have spoken tonight, Seven of Us Here in a Place different than you know a place to be, but a Place that speaks naturally to you, for that is how you understand about life and many directions in life.

Heaven lights the way with Words. Heaven lights the way with Hope. Heaven lights the way with the

love you have for your Soul. The Soul is the Most Important Part of a human being's whole being. The Soul is the Light The Father gives at the moment of conception.

It is sadness Here when a child goes through many years of life and never learns about the Soul, never is told that there is a Soul. There is no explanation of It so many times that the child wonders what it is that draws the child to believe in prayer, to believe in Faith in a God that the child cannot see.

All ages are children to God, all ages are precious to God, for you see, in each human being there is a Soul, a Portion of God.

So remember, as you go through life, when you leave here, on the morrow, the next day, the next day and the next, that you have a Portion of God within you, a Portion that is distinct from any other part of your being, a Portion that waits for everything you say, everything you do, a Portion that longs to return to Him, to once again be a Part of the Place from Where It came.

You are lucky, you are fortunate, and you have the opportunity to not just understand you have a Soul, but to use what you know, use what you are, use what you do, to give that Soul more Light, more Growth, more Hope, more Love, so when the day comes and this Soul stands before God Himself, the Soul will shine bright, the Soul will not show hurt. The Soul will be comfortable in the Presence from Where It came.

You have a responsibility, you have the knowledge, you have the way. You also have the means, and do not forget, you have the ability. So be it.”

Note: The following Teaching and Revelation was given to the men in The Society Of Saint John Vianney.

OUR HEAVENLY MOTHER

“A mother, whether she be a natural mother or a *Spiritual mother*, there’s just something about a son that she expects so much of, and yet she’s constantly watching and hoping and praying.

So it is with Our Heavenly Mother. There’s something about Her sons, and don’t forget, She had a Son. And that is why it is so important that you go to Her when you have a question about anything, because She will respond to you in ways you cannot believe or understand.

She had a Son. She walked with Him upon the earth. She didn’t have a daughter, so we girls are all Her daughters and we respond to Her as a daughter to a mother; but Her sons are special, and don’t ever forget that.

So many times when a son says the Rosary and he doesn’t concentrate too well, She tries to wake him up,

and says, 'You're calling My Name; I'm your Mother.'

When a son goes up to receive the Greatest Sacrament in the world, The Blessed Sacrament, She watches closely, because She wants the son to understand the Importance of His Life, the Reason for It, and the Value It was to give to all of mankind.

As She was always proud of that Son Who was Special in every way, She is also very proud of you, Her sons, because you are special in your own way. The treatment has to be both ways.

Through This *Miracle of The Beloved Joseph*, you have learned He is More than a Saint in the Eyes of The Father and in My Eyes. You must recognize that His Spirit, His Light, took care of The Son and Myself along the way.

He was given a Great Task. No ordinary man could have fulfilled The Father's Will. He was given a way to walk, and that was to protect Us against all that was wrong, all the evil that would come Our way.

You sons upon the earth, many of you have someone to protect. Never forget, you can walk a very familiar road, but be sure you walk it in dignity, honor, love, and be sure, as you walk this road, you hold in your mind and in your heart, the beauty in how you were born, to take the responsibilities you hold in the world.

Whether you are of a single state, a married state, you must understand that you have responsibilities as man, to hold in your way, the beauty of womanhood, the place that womanhood has in your life. Do not forget, the one who bore you was a woman, and in many ways, many times, many of them turned to Me and said: *‘Protect him, Heavenly Mother, do not allow him to stray. I cannot always be with him, so please take care of him Your Way.’* So be it.”

Note: This Revelation followed a Teaching on "Silence".

SAINT THERESE OF LISIEUX

"Sometimes, when silence was the order of the day, we walked without a nod, but our very presence said to the others in the place we were there and we were doing what we were instructed to do.

Sometimes the silence was such a treasure, for then we felt we could talk with our hearts to God, we could speak with our minds, we could tell Him mentally how much we loved Him, how tired we were, and how much more we wanted to do to serve Him.

Sometimes, when we would be eating and there were no words to be spoken, the food would taste better because we could enjoy and savor its flavor, but then we knew that there was a time for fasting, and the fasting, of course, was important. It had a reason, it had a purpose, it had a name.

Everything had a purpose though. We walked the halls and our

gowns rustled. It was the sound, we knew another was coming our way. The purpose of this we knew was God's, for it was the signal that one of us was passing by, and we were told to pray.

The one in charge, when she reprimanded us, didn't always do it with love, but she was serious and she cared, because you see, we were in her charge. She was concerned about our Faith, how it would grow, how it was growing, and of course, the direction in which it was growing, for the sake of our Soul.

Sometimes we had a difficult day for the chores were difficult at times, but we were told to offer them up and God would take each one and put it as a good mark on our Soul.

There were so many reasons for so many things that we were told to do, and so many reasons for so many things we were forbidden to do, but you must remember our life was different than yours.

We did not live in the world. We lived in a building with a Chapel and we lived for the time that we could receive Him, that we could talk to Him

with Him inside of us, and that was every day our goal.

As I stand Here in the Heavens now and you walk in My path upon the world, remember, My daughters, sometimes it is better to keep silent and sometimes it is better to speak only to God.

You are Loved in many ways. You are fortunate in many ways. Some of you have more strength than others. Some of you desire to have more strength than others. Some of you have stronger wills, but there is not one in this room where I speak tonight in your time, in your day, that does not know that your Soul will stand before God one day, and All of Us Here want you to know that We sincerely pray that your Soul will be brighter than snow. So be it."

SAINT ALPHONSUS LIGUORI

“I have spoken so many, many times through *this instrument, this child, through this woman* in the world. I am Saint Alphonsus Liguori.

Men try to debate on proof. Men are not capable of such determination for a Miracle in the world as Great as This One is.

So many men try to capture the Value of what is going on where you are now, but they feel that it would be too trying, too tiresome to become involved, because they do not want to spend the time in such a way as you do. They feel that the world offers a lot for them and that the world offers it in a more generous way, and by this I mean those who are on the outside preaching and teaching, and many times for selfish motives, but also because they like the idea of being able to capture the minds and the abilities and the monetary values of other people in the world.

When I walked the world, I walked in a specific manner. I spoke

many times to many men who perhaps were much more intelligent than I was, but many times lacked wisdom in their efforts, in their practices, and of course, in how they carried out their vocations of life. No one said, 'Alphonsus, you are great,' and I did not feel that I was great, but I knew in my heart that wisdom was the key in so many areas of everyday life.

Wisdom is an important part of practicality. Wisdom is an important part of understanding what Faith is all about, Faith that you cannot see, Faith that you cannot feel, but Faith that is within your being. You must rely on that feeling within you, the proof of God, the Beauty of God, and the destiny for which God intended your Soul to return to Him.

You must understand that working in small ways, doing things that others would not want to do, taking the time to be a part of Something such as *The Miracle Of Saint Joseph*, brings great merit, gives you hope that you may not be able to understand at the moment, but it is there, it is within you, it is in your Soul, it is in your ability to pray in a different way, it is in your desire to become a Saint.

Hope is surrounding you with All the Words, with All the Teachings, with All the Direction that We Here in the Heavens have passed on to you, have forwarded to you, have driven into your being, by the Power of The Heavenly Father.

So many men in the world are destined for great things in the world, but sometimes these men lack wisdom. They lack the capability to proceed because they lack faith in themselves and they lack the Faith in a Higher Being.

Sometimes a man, with his intelligence, tries to conquer another man's mind. He tries to inject in the other man's mind what he feels he knows to be right, but he does not have that one thing, that one stimulating factor that could encourage the other person to see better, feel better, understand better, and that is the Faith in a God, The God, The One God, Faith in the fact that 'a Portion of The God' is in every human being born to the earth.

You live in a time worse than Sodom and Gomorrah. You do not know Sodom and Gomorrah as it

truly was, but you live in a time, not of great prayer and effort, you live in a time when so many people depend upon other people's Faith. They do not develop their own Faith. They live on the words of other people, they live on the direction of other people, because they do not take the initiative to develop within themselves hope, hope in What God is All About; Faith, Faith in the True Existence of the Supernatural, and yes, devotion to prayer.

Prayer is a comforting thing to mankind. It has always been and it always will be. But so many men dictate prayer that is full of self-love. It would be good to learn to pray for the good of one's Soul and ignore prayer for other things. It would be good to understand, it would be enlightening to begin to practice kneeling by your bed, saying, *'God, I love You; thank You for the day.'*

It would be strengthening if you were to say, as you awaken in the morning:

*'Good morning, God, thank
You for this day. I will
do all I can to make You*

proud of me. I will do all I can to make You feel good about me. God, give me the strength to endure anything that comes my way, but also, give me the hope and the desire to pray.'

There are so many ways you can look to The Father and there are so many times during the day you can say:

'I love You, God, thanks for making me be born, for this gives me a chance to one day become a Saint and stand with You forever, not just in one day.' So be it."

APRIL 24, 1991

SAINT ANNE

“When We Here in the Heavens speak, We speak in a tongue you understand, We speak in a manner you understand. We do not speak in great formulas; We speak in a simple way.

I am Saint Anne. I have not spoken openly for some time, but I come on this night because of the need for you to understand, regarding the Portion of you that every day you hold within your mind and your hands, in every step you take, in every thought you have, in every desire you put forth.

You must realize that you and only you can make yourself a Saint. You cannot depend upon a friend, you cannot depend upon another in the family, for each one stands alone in the Eyes of The Father. He gave all a family, He gave all people they could talk to, but no matter what the relationship, every individual stands alone because every Soul stands in a different manner than the One next to It, because of the actions of the

physical role of the individual human being.

There are so many temptations. There is so much heresy in the world. There are so many people who have discarded the moral role. There are millions throughout the world who say, 'There are no Commandments in our day; we live a different way.' Not so. The Commandments were for the body, The Commandments were for the mind, and The Commandments were definitely for the Soul.

I hold *the instrument* tightly for many reasons, for under the Power that I extend, the human body could not withstand the Magnitude of My Power unless I controlled It, not just in the extremities, but in the mind, in the will and the stand.

Be blessed, My daughters, and I bless all the sons, who follow the path of Faith, acknowledging the fact they have a will, recognizing the fact that there is a Goal to life and that Goal is for the individual's Soul.

You are Blessed in so many ways, and many times you are corrected during the day if you are seen to perhaps stray. You do not always hear

the Words but sometimes We touch your shoulders gently, lightly, to guide you another way, and sometimes We insert a little thought so your mind will perhaps think twice before its decision is made. So be it.”

MAY 1, 1991

SAINT ALPHONSUS LIGUORI

“As I speak through *this woman* in the world I could speak quite rapidly, as I have many, many times, but tonight I will speak more slowly so you will understand clearly what My Message is for you on this night. I am Saint Alphonsus Liguori.

It is true, when I walked the earth I spoke to many men with the facts that I wanted them to understand.

There have been false prophets all through time, but you live in a time with thousands of false prophets. You live in a time where the false prophets do not teach, they command, they demand, they request, and most of it is for their own sense of power, their own sense of need, their own sense of greed, and their own sense of fulfillment in the eyes of men.

You say, ‘*I am not without sin; help me, God, to be cleansed.*’ There is a cleansing right in your own will, right in your own mind, and the cleansing is to take The Commandments of The Father, use Them, and use Them as

your Guidelines for everything you do, everything you say and everything you follow.

Protect yourself with These Rules and do not allow anyone to draw you from Them, because each one of you has a very strong will, some selfish, some indifferent, but there is a way to develop the will you have to guide you, govern you, control you, on your ethics, your understandings, and of course, your belief and the degree of Faith you have in The Father's Will.

I speak differently tonight for many reasons. I speak, not to confuse you, but to enlighten you on the Importance of what you have to live by, to be guided by, to be example of, and to be able to teach in so many ways, through your words, through your actions, and through your generosity and kindness to everyone you know, everyone you meet.

At work everyone is not as pleasant as you would like them to be. Social gatherings sometimes bring out the fakery, the falseness. Many times people act differently so they will be accepted by others. Keep this in mind for yourself and for all that you meet.

Remember, on the day you were born you had a Soul. On the day you leave the world, the Soul will be an Important Part of how you will be Judged. The Soul is actually the Part of you that will be Judged. What a Generous God we have, for you see, That Soul is a Portion of Him.

Men are misunderstanding, men are misinterpreting the History of Christianity, and they are doing this for their own ideas to be brought forth, their own interpretations to be accepted, and of course, they are expressing their agreements and disagreements.

Ask yourself: If you were to teach one thousand people on the morrow, what would you teach them? How would you teach them? How would you dress? Where would you go? How would you start? Ah, do not allow your egos to get in the way. Much preparation would have to be made, much self-denial, and yes, much humility would be the key to helping others understand the beauty of what you would be saying, the purpose of each phrase.

So do not forget, tonight before you go to bed say to yourself, 'On the morrow, God, I will preach, I will teach to one thousand men.' Make your outline, make it clear, and then remember that your Soul will either benefit from this or be scarred, by what you forget to say, how poorly you say something, the confusion you might cause, and also, your own denial of what is Fact, what is Truth, what is God's Will for every Soul you speak to.

Ask yourself now, 'Tomorrow, when I speak to one thousand, where will I begin?' You say, 'Well, I'm not going to speak to one thousand on the morrow; this would be kind of a waste of time for me.' I, Saint Alphonsus Liguori say, 'In your lifetime, the years you went to school, all the lives you touched, I'm sure amount to more than one thousand.' Is that not so?

So as I leave you, I leave you with the thought and I leave you with the Love, but I also leave you with the knowledge that tomorrow should be a beginning of remembering that everyone you touch, everyone you speak to, everyone you come in contact with in any way, you are responsible

for everything you do and everything you say.

I have spoken slowly so you would understand My Words. I hope you understand the meaning and you will follow God's Will for your Soul. So be it."

MAY 8, 1991

SAINT THERESE OF LISIEUX

“Today ‘The Little Flower’ was talking about the necessity of pure thinking, purity of mind and purity of body that is no longer stressed in any facet of human life. People have succumbed to erratic thinking, and of course, impurities in every form. She said it brings so much sadness to The Father that if we were to see His Face we could not bear to even think impurely.

She was talking about the problems in the convents sometimes, when the nuns would mistreat each other by harsh words, and how difficult it was to live under those conditions when there was some animosity in the midst, and yet they were then corrected by the Mother Superior and she would try to bring order.

She talked about the time in which you and I live, the time when there is so much permissiveness, so much promiscuity, so much lack of understanding of God’s Rules, so many children being misled by adults,

so many children misleading smaller children, and she said: 'The world is in chaos, the world has many problems, but men do not stop and think before they speak, nor do women stop and think before they act as example to each other, to children, and of course, to men in their midst.

'The lack of dignity is prevalent throughout the world. Respect has gone by the wayside, and decency is no longer even on the lips of the older ones. People take for granted that they must be part of the corruption in the world; they must fight in that manner in order to get their way.

'Tell the daughters, when you speak, that God does not ask them not to enjoy life, but He does ask them to live a pure life which would be far more enjoyable than an impure life.'

As I speak through *this woman* in the world I want you to know, you are never without Me because of what you have accepted to be part of. Purity must be in your mind, in your words, and yes, in your actions, in your example.

People ignore the idea of purity because they feel if they act purely

openly, they will be rejected by others in the world. I, Saint Therese of Lisieux say, 'Better you be rejected by those in the human way than to allow your Soul to be stopped from coming This Way.'

Do not allow others to intimidate you. Do not allow anyone to lead you the wrong way. The price is too high, and the beauty of understanding God's Will for you is something you could never buy.

There is no price tag on God's Love, and as We allowed *the child* to talk to you about a competitive way,¹ there is no competition in walking the path God Wills for each one, for you stand alone, baring your Soul to Him for every thought you have, every step you take, every word you say, every bit of example you display every day.

You are Blessed, My daughters, not in the manner you think, but as I speak to you on this night I say: 'It is a Blessing to be human. Remember this. It is a Blessing to have Faith God's Way, and it is truly a Blessing to be taught the Goal that God Intends

¹ Refers to a previous Teaching.

for each of you to reach one day.' So be it."

MAY 15, 1991

SAINT JOSEPH, THE HOLY SPIRIT

“Reality sometimes is very difficult to handle because it causes a human being to have to face many responsibilities, and also, to face other people with the responsibilities. Responsibilities are not enclosed in one’s own mind, in one’s own body; responsibilities are an extension of one’s being, and as we live each day we have responsibilities to God first, and of course, to all of those with whom we live, and to all of those with whom we meet, and to all of those who we are example to.

So many times people hear of Miracles and they want to go and see what the Miracle is all about. They want to see something in the sky, they want to see something that they feel is phenomena, they want to see something that is out of the ordinary in their way of life.

When you and I pray, God hears our prayers; that is a Miracle. When we pray to Our Beloved Blessed Mother and we get an answer, maybe

not the answer we wanted, but an answer that is satisfactory or gives us aid or hope, that is a Miracle. It is a closeness to Someone, Something beyond the reality of how we live, how we understand things.

We ask each other for help; we don't always get it. We ask each other for respect; we don't always get it. We ask each other for kindness and we don't always get it. But when we ask God, we ask Our Beloved Blessed Mother, we ask Saint Joseph, we ask The Saints, we very often get what we ask for, but we may not get it in the same manner that we expect to get it. We may get it right away or we may get it later, or we may get it in a way that is more reasonable for us to handle.

So as *this woman* in the world is used to instruct and to direct and teach everything We want you to have, We give It in a manner that you can handle, that you can feel and understand is truly from a Source Higher than human source.

I am The One you call 'Saint Joseph'. So many men and women in the world would argue the True Position I hold next to The Father,

around The Father, in a Place beyond where you are.

The woman through whom I speak listens every moment of the day and the night for Words to come from Here, for she knows that the responsibility is great and that all things must be shared.

This Great Miracle that has come to the world, men question, men want to understand. Men want to know more about It, but they do not want you to know they care. They do not want others to feel that they're interested, because they feel it is beyond human comprehension and that they will look ridiculous if they care, and yet if there was a great sign in the sky they would look up and say, 'Look at the beauty of that.'

But let Me remind you of this: The sign in the sky leaves quickly but the Words We have spoken over the years remain on paper, and many times remain in your ears. They remain in your mind for They have taught you to be good and kind. They have taught you to understand the Beauty of your Soul and They have taught you to look to The Father for all things of gold.

Look for the Time Hereafter. Look at the time you will stand before Him and He will pronounce and announce that great decision of whether you will have to spend time repaying Him for the scars upon your Soul. But do not forget, My beloved sons, that as you are human in every way, you have a Portion of The Father within you that was given to you at the moment of conception, in a specific way. The Father never allows this to happen without That Portion of Him, that Gift, the Soul, for That is the Part He expects to return to Him in a special way, a special form, on a special day.

He is The Judge and He will Judge each and everyone born to the world. He is not a harsh God, He is a Loving God, but you must remember He is a Just God above all things. He is One that has given you the life to live. Be grateful for it, accept it and say:

‘Thank You, God, for the privilege of living the life the human way, for as this life is to give me a Greater Life, I want it only to be with You forever, for all days.’ So be it.”

SAINT ALPHONSUS LIGUORI

“There are several ways to learn things. The Miracle is an Instilling Miracle, and when Heaven speaks, It is instilled in everyone who listens.

I am Saint Alphonsus Liguori. In My day this was part of my learning. I wanted to listen to God. I wanted to listen to all He had to say. I wanted to listen to His Direction. I wanted to become a Saint. I wanted to help others on the road to Him. I wanted Him to know I was ready to work for Him. I wanted Him to understand me. I wanted Him to see my faults so I could correct them. I wanted Him to tell me what I was doing wrong, so in my own way I could not challenge His Decisions, but correct with great effort these things.

There are so many avenues to Here, there are so many areas in which you can work. There are so many, many men and women throughout the world who must understand the Beauty of Sainthood before it is too late to believe in It, to reach for It, because

right now you do live in a time much worse than Sodom and Gomorrah.

All around you is great evil, evil directing you, evil tugging at you, and evil taking away your Spiritual strength. Be aware of all the evils throughout the world; it is not just where you live.

BUT, be also aware of your ability, mental capacity, your physical capabilities, your Spiritual strength to draw you to What God Wills for you, according to The Rules He gave, according to the Faith He gave, the Faith He instilled in each of you, so that one day you can hold tight to that Faith, and when you breathe your last breath you can say to Him quietly:

'Thank You, God, for giving me the days I lived, for now I know that at this time You are so close to me and I am close to You. What would I have done without my Faith in all that You have given me? I would not have become a Saint, I know; but I will reach further as I walk from this spot to Where You are. God, hold my hand, take

*care of me, do not let me fall
in this last part of life.' So
be it."*

“Saint Alphonsus said to tell you there is no place upon the earth that The Father has allowed so Many to speak for such a long time, and to remind you that you are Blessed with the Instilling of Faith, so that one day this Faith that has been given to you in a special form, in a special way, will be that strength that will carry you straight to Him in the manner He Decrees, for All Eternity.

The word ‘Eternity’ seems so far out of sight because man deals only with a period of time that he or she can associate with, but as you have committed yourself, that you accept, that you are a part of with others, you must understand that the time upon earth is a very small dimension in time compared to the Time The Father has prepared for your Soul.”

SAINT AUGUSTINE

“The Miracle is One Alone in the world and It is a very serious Miracle. It’s a Miracle of dependence totally upon God. It’s a Miracle of dependence upon What God Wills for mankind. It’s a Miracle of Fact and of Truth.

The Saints Who have spoken through The Miracle have All taught in Their own way. Every Saint that speaks, speaks in a different manner, difficult for me to explain to you, but if They came from a different part of the world, which All of Them do, have done, it’s a different form of delivery than you and I would deliver. It is a form that the second One would come in, I learned Their manner of speaking.

It’s a very serious Miracle. It’s a Miracle of not just Teaching, but Instilling. All the times that most of you have heard Heaven speak, there are many parts of It you think you have forgotten, until you read What was spoken.

When Heaven gives a Miracle to the world, Heaven doesn't do it because Heaven doesn't have anything else to do. Heaven gives The Miracle because it is the Will of God.

The difficulty in projecting Someone Else's Words, Someone Else's Love, from a different Realm than human, has to be constant obedience, no matter where you are, no matter who you're with, no matter what the reason, and no matter what is going to be said.

The One Who speaks to you tonight is Saint Augustine, wanting you to listen, wanting you to understand that He has been talking all day. He said He does not come in often, but when He does, He wants to impress upon each one the importance of purity of mind, purity of the physical way, and purity for the good of the Soul.

The moral code of ethics that all men, women and children should live by, is a code of ethics understanding the Reason for life, the Purpose for the human life, and to look beyond what is presently before them every moment of the day.

If there is distraction to the Will of God, ignore the distraction. If the distraction is tempting with unsound morals, ignore the distraction. If the distraction is creating any desire for the wrong principles, ignore it; do not allow it to develop within you. If a distraction is encouraging any form of impurity, walk away, and as you walk away say a prayer to The Heavenly Queen that you will not turn around and be tempted to return.

Men, women and children allow a small weakness to blemish their Soul, because they say it is human to err, but I, Saint Augustine say, ‘Learn to love The Father so much that you will never dare to take a chance on marring your Soul.’

As I hold *this woman* tightly, I say with much Love to each of you: As prayer is an important part of your way of life, as you believe that what you pray for will be answered, as you are content to pray, for it gives you strength, I say to you, ‘Behold, one who prays in deep Faith grows strong in every way, so when the moment comes and your eyes close, you will say: “*God, I love You and I hope it showed in every way. I am sorry if I*

strayed, but know, I only want to come Your Way.”

If I stood upon this Hill, any point that you might choose, you could not see Me in your day, but the day will come and I will be allowed to greet you as you come This Way, and I will say, ‘Remember the night I spoke to you in a very ordinary way so you could understand the Beauty in The Father’s Love that came to you such a simple way.’

All of Heaven says with Me on this night: Be cautious of every decision that you make and be aware, not just on this day, but be aware from now on, every day and night, you have a responsibility to protect all The Father has given you. You have a responsibility to be example in all you know to be good and true. You have a responsibility, through your manner of prayer, to understand that when you pray it is an expression of your Faith.

The Father hears every prayer you say. The Beloved Mother blesses you for every prayer you not only say, but display.

Your actions are important. Your appearance is important. Your honesty

is important. Your disciplines are important. Your respect is important. Your happiness is important. A love for all you know is right, is important, and remember, God loves you when you pray, for it is the communication between you and Him, and though you don't see it, He smiles on you each day.

Be blessed, My little ones, and know that this day is a special day in time, for as I speak I am surrounded with much Love from All of The Divine. So be it."

JULY 2, 1991

PIUS XII

“I smile through *this woman* in the world, because as I announced Myself to her today, she questioned Me.

You do live in a time worse than Sodom and Gomorrah. You live in a time of strange events. You live in a time diabolical in many ways, and much heresy surrounds you through men who walk The Son’s Way.

It is sad for Me to say, for I walked the earth in a powerful way, but even then, when I walked at that time, I found much dissension, much corruption, much crime. It is not until one reaches the point Where I am that We are allowed to look back on the whole view of things and see the wrong of man.

You live in a time where you must stand up to Truth, you must stand up for Truth, you must stand up for what is right. You must not bend to the ill winds, the ill whims of man. Men sometimes can be selfish, full of self-love, and they demand others to do their bidding, their will, for the

one in charge wants attention, the one in charge wants to be the one to give direction.

Do think back on the time of Sodom and Gomorrah, and you live in a time a thousand times worse than Sodom and Gomorrah.

There are very few leaders in the world who ever think about your Soul. There are very few leaders in the world who really think about their own Soul, for the Soul is something to them that is set apart, something that someone talked about; someone taught them that they had One, but as time went on, they forgot.

I, Pius XII, say to you tonight: 'Never forget That Portion of you, That Part of you that is The Father's. Never forget that as you leave the world, a portion of you leaves with the Soul, to be Judged by Him in all ways, for all portions of life; and never forget, My sons, to remember this: As you look Face to face, you will better understand the Soul does not stand alone, but It stands with a portion of you as you were man.' So be it."

He tells me to tell you that as you have witnessed time and again, the Strength of Power They use to hold the physical firmly so the Words can come through clearly, is a Power unknown to man.

He smiles and says: “What you have learned on this night must remain within your mind for all time. You have been given insight into the responsibility you bear as man, not just for an Entity you cannot see nor physically feel, but a Portion of The Father that is within you. That Portion constantly tugs at you to make the right choices, to do the right things, to have Faith in the Purpose of life and the Importance of being man.

As your eyes are important to you, and your ears are important to you, and your mind is of the utmost importance to you, bear in mind that through your eyes and through your ears and through your mind, you can control all your senses, and direct everything you say and do to all that is good, all that is right.

As you protect the physical from harm, bear in mind that you must protect the Soul, so that one day,

as the physical will be represented visibly with the Soul, you will thank The Father for this night.”

JULY 10, 1991

SAINT TERESA OF AVILA

“As I speak through *this daughter* in the world, I speak with much Love for the daughters present here. I am Saint Teresa of Avila.

I will speak more slowly through her, as I have done in the beginning here tonight, for the physical is about to collapse. You think of collapse as just dropping with an inability to function in any way. I say to you on this night, ‘Her ability to function physically, emotionally, mentally and spiritually, is only due to obedience to Our Commands.’

***This daughter* lives under strict rules, rules unfamiliar to most. *This daughter* listens to Me many, many times as I direct her to direct you for the benefit of your Souls. Every human being’s Soul is an Important Part of The Father. Every human being’s Soul is there for a particular reason.**

You must understand that the human body in weakness, physical, could not withstand the Power that We extend when We enter, in the form and

the manner and the way and the degree that We do, through *this daughter* who looks and lives in many ways as you.

Be conscious of all that is right. Be conscious of all that is wrong. Be aware of the value of the right so you will not fall into the trap of the wrong.

I teach you as I taught other daughters one day. I made them think for themselves, and I spoke openly to each one so they would not fail to understand The Father's Will, for the benefit of their Soul.

You must believe that The Father sees you every moment of the day. You must not become so involved in trying to understand it that you forget to feel it, to know it, to recognize it, and behave properly, so that your Soul will receive the Blessings necessary for Sainthood one day.

The Father did not send This Miracle to the world for *one child* to be recognized. This Great Miracle was sent to the world for the world to recognize, in more ways, the Greatness of The Beloved One that you call 'Saint Joseph'. This Great Miracle was put upon the earth at the Time Dictated by

The Father, for mankind to understand the Power of This Particular One, the Greatness, the Importance of The Spirit of The Father that is extended to everyone who will listen, who will read, and who will see the Value of the Teachings that have been passed on to the whole world, and yet have not reached the whole world as first intended They should be.

The Words must flow through the air. The Words must pass from one to the other, for Direction is there for everyone of every type of talent, every degree of intelligence, to learn more and to better understand the value of living with soundness in values, soundness in standards, soundness in morals, and yes, do all things in an ethical manner.

This Great Miracle has been given to the world for so many reasons, to teach men of high stature humility, and how to love, in the right manner, the vocation they chose at a particular time of their life.

The Power that I pass through *this daughter* will be with her again for three days, for it is difficult to release her totally, for the body could

break, the body could crumble, for the body is weak because of so much in obligations, in obedience, in mental Teachings.

You are Blessed for your Faith, but I, Saint Teresa of Avila, will say to you, 'You will be blessed more if you practice your Faith in more ways than you do at the present time.' Faith is a Gift from The Father. Deep Faith is a Blessing beyond what words can say. The deeper your Faith in What He Is All About, what you are all about, will certainly make you a Saint.

Knowing something, not practicing it, is of no use. It is like one who has a talent in the world and never uses it; it is put to waste. Faith is like a beautiful Gift. It should never be abused, it should never be taken for granted and it should always be held as a Treasure, and yes, it should be practiced every moment of the day, for as you lay your head at night and you say prayers of love and thanksgiving, it is a practice of Faith that He is listening.

This small act that you perform is recorded in a Special Place, not on paper as you know records to be, but

in the Brilliance of the Light of The Father's Will; because, do not forget, there is a Portion of Him in you that shines His Way every day and night. So be it."

JULY 17, 1991

SAINT ALPHONSUS LIGUORI

“I, Saint Alphonsus Liguori, speak through *this woman* in the world in a way and in a manner that you understand the Words spoken. I speak through her because there is much more to My meeting with you on this night than you suspect it might be.

There are many issues to be handled. There are many issues that will be coming forth soon that must be tolerated, but yet corrected in many ways.

I stand Here in the Heavens with Many surrounding Me at this time. I stand speaking through *a woman* in the world who is subject to The Divine, who speaks Our Words effectively, and in many ways so clearly that you cannot misunderstand What is spoken through her: Words from Us at this time.

I am not standing in a court of law. I am standing in a room with men who truly care about what they are surrounded by, what reflection their wills have on others, and always

remember, do not allow your reflection to infect in the wrong manner. Be staunch in what you think, be strong in what you say, and stand in firmness against all evil so you do not stray.

I speak through *a tired woman* in the world. I speak through a physical much weaker than any of yours, and yet I speak through a will who is totally The Father's, for the good of Souls throughout the world.

Some men say, 'This cannot be upon the earth; God would not come to the earth in this manner, through Saints, at this time when there is so much in the world going on, being done in such liberal ways,' but I, Saint Alphonsus Liguori say, 'It is time for each man to stand up against all that is unethical, against all that is morally wrong, against all that is abusive, that is deteriorating to the Soul.'

Be mindful, My sons, that you are an instrument of The Father, that your Soul is a Part of Him, and that as you are human in all ways, one day a portion of you will stand within your Soul to be Judged for all things you did and all things you did say.

Judgment for all is a fact. It is not something you must become afraid of, but you must strive to find it a pleasant task. You will find it this way only if you succeed in standing for what you truly know is The Father's Will, and remember, My sons, that purity is not just a precious jewel, it is the means that will gain you Sainthood, far beyond any jewel that you can see.

I bless you in many ways and I bless you for your Faith, and I ask you to remember What was spoken to you on this night, for if you do more than remember It, you practice It, you will find a strength you did not know you had.

There are Many of Us present when *this woman* speaks. Those who do not know of This Great Miracle in the world sometimes wonder why certain things are spoken to them so openly. We always smile down at a time like this, because in so many ways it is a treat to hear such honesty reflected in a moment of speech. So be it."

JULY 24, 1991

SAINT TERESA OF AVILA

“Heaven speaks, and Heaven always gives us a Lesson to live by, a Lesson to live for, something to hang onto, something to give strength to our very existence.

A lot of times people have read books and they read about ecstasy, and it would be difficult to write a book on ecstasy or what really happens in ecstasy.

Ecstasy is not a time when there is a feeling of enjoyment, exciting moments. Ecstasy is very hard on the body, very hard on the whole being, because it takes the Soul, it holds the Soul very tightly, and when our Soul is held tightly the body is held tightly, because if our Soul has no movement our body has no movement. So when Heaven takes the Soul and decides that the Soul will stand or stay or be in a firm position, the human body has to, in every way, succumb to the conditioning that the Soul forces at that time.

In ecstasy, Heaven either speaks openly or inwardly. Heaven can sometimes say thousands of Words inwardly at a time of ecstasy that would take hours to say physically.

There are many times that when a Lesson is given through a Miracle such as *The Miracle Of Saint Joseph*, at the moment when the Soul is in total submission to what Heaven wants others to have, to know, there is no way for the physical to do its own thing.

My daughters, I am Saint Teresa of Avila. I have spoken many times. In this manner of communication with you, it is through the submission of the human will to Divine Love for specific reasons, at a specific time.

There are so many areas of the physical life men are justifying in such ugly sinful ways. There has been no time since the earth began, since the Creation of man, that all who were born to the earth based every day of life on all that was right, but there has been no time since the beginning of mankind that in some form, some way, there was not a means for man to be able to react to wrong or to right.

I hold *this child* firmly, and she knows that for the next six days she will be in ecstasy, not her will, not her wish, but The Father's, because of the needs of many; and the physical will be put to tasks that will take energies beyond what men and women could understand.

As this Society was formed, there were many who came and many who walked away, but those of you who have remained have been given Grace that gives you the strength to understand the Beauty of such a Miracle upon your land.

There are so Many of Us Here in the Heavens Who stand close to This Great Miracle, in Protection of It, in Love for It, and because that through It, The Father has commanded so many demands.

Be blessed, My little ones, with the Faith that you have, and know that All the Lessons you have been given, have been taught in a reasonable manner and in a language you understand, are for the benefits of your Souls, with a Love from Heaven to the land.

No man has seen The Father, and yet The Father has extended to

man a Portion of Himself so that no man would ever be without Him. You must remember This as a Gift beyond human understanding, and yet a Gift that is logical because of His Love for man.

Many of Us Here tonight bless you, perhaps not with a raised hand, but through Our Love for The Heavenly Father, The Heavenly Mother, and The Beloved Spirit of The Father that so many men refer to as 'The Worker'. Think about it. The word fits The Spirit of God, for He Is The Action, He Is The Wind. So be it."

AUGUST 7, 1991

SAINT JOAN OF ARC

“I promised today I would not hold *this child* for any length of time, because of the effects of so many deep ecstasies in the last months that have taken a great toll on her physical. I am Saint Joan.

When men wrote of my experiences with The Divine, they used the word ‘Voices’; my Voices are telling me this, my Voices are directing me in this way.

I was very young, and as I speak through *this child, this woman* upon the earth on this night, I speak in a form of translation for you to understand, that as a young girl being held in ecstasy to better understand The Father’s Will, it was difficult for others around me to understand my Words, because so many of Them were in the form of a command. But the time came and the men with whom I stood began to understand that What I was speaking had Great Merit, Great Truths, Firm Direction, and was for all good.

I come in your time, in your place, through *one* who walks the earth much as I did, in a leadership way and in a speaking way, for the Souls of all men. There has been so much taught by so Many from Where I am. There has been so much spoken in clarifying What The Supernatural is all about.

I say to you on this night in your time: 'Where I am there is no time set. Time runs together, for time is limitless in its way, and you must remember this, What I have just said to you today.'

You begin a day and you perform in that day, mentally, physically, spiritually, morally, and then you close your eyes and say, 'The day is ended; I have another one coming in a short time, and possibly in the same way.'

Where I am there is no time change. We work solely on trying to help children who are still upon the earth, to understand that That Portion of themselves is Special from The Father. It is a Portion of Him, Who must walk Here in Our midst, at the Sign of His Hand. His Hand is not a hand as you know a hand to be. His Hand is the Power of Divine Love

that draws you forth, to give you the strength to come Here.

You are Blessed in so many ways, and you must understand that as you walk in the world as man you have many responsibilities, and many of these you are aware of, many of these you have cast aside, but I come on this night to remind you, you must remember the Soul, and remember that this Soul must return to The Father in a Pure State of Being. You owe it to God, you owe it to your Soul, you owe it to other men. So be it.”

AUGUST 14, 1991

SAINT CHARLES BORROMEO

“So Many Saints have spoken that have not really announced Themselves to us, and there was a point brought up during the night, and Heaven said it so beautifully:

‘Child, take care of those who care; hang on to them tight. Don’t let go of their hand as long as they hold you close in sight. Be aware of everything they are concerned with, and be understanding that each has a wish, each has a goal, not always compared to the ones that you feel should show, but be aware of the littleness they are. Don’t make them weak by allowing them to lean on you, but be there just as a bright star.

‘We can never promise that it will be easy, We can never make it light in weight, but remember, Every Word that We speak through you to them, is The Father’s Hand, and remind them to hold It tight.’

So many times people feel that the closeness of a hand is more real than the Love that is shown through Words

spoken, sometimes heavy, sometimes light, but through This Great Miracle of Hope, of Love, Heaven has handed to all those who would listen, a Special Love from Above.

I am Saint Borromeo. I have not spoken many times through *a child* in the world such as you. I speak on this night to remind you that the Soul you have benefits with all the Faith that you extend to someone else, family or friend. And never forget, My children, that what you do and what you say may only be seen from far away, but you leave a mark on your very presence, you leave a mark on what you do in every way. If your Soul is pure, It radiates from you, through you. Never ignore the presence of your Soul for It speaks out loud of you.

Be blessed, My little ones, not by a raised Hand tonight, but by the Words of Truth, the Words of Direction, the Words of Action, for Each Word spoken on this night and all the times before, were Words to hold you to the correct direction.

You are Loved in so many areas of your daily way, but you are especially Loved when you say to The Father, *'I love You, God; please do not allow me*

to stray.’ Your words are heard, your thoughts are too, and just as your thought is a message to Him, as I speak through the Soul of *this woman* in the world, My Words are a Message to you. So be it.”

AUGUST 21, 1991

PADRE PIO

“As I speak through *this woman* in the world, I remember a time away back when she pleaded with The Father to never allow Me to speak again. I speak distinctly tonight for it is important that you hear What I have to say. At the other times that I spoke, I spoke harshly, loudly. I hurt her whole body. Tonight I have promised to speak more slowly and hold back the strength that I am accustomed to talking in. I am Padre Pio.

When I was upon the earth the one thing that I was totally aware of was goodness and evil. I was aware of jealousy, inconsistency in natures, and I was totally aware of weakness in other human beings. As my body would ache with pain I did not enjoy the pain. I had to put up with it; it was part of my way of life. I did not bring this pain upon myself. The Father would hand it as He decided it to be, and I must say, not always gently.

There were many men who surrounded me who did not understand

the physical part of how I walked. There were times when some of them were kind, but they did not understand the fullness of what they were being shown.

There were times when I held That Sacred Host, I held to me The Body and Blood of The Divine, I saw The Face, I saw the hurt, I felt the pain, and at that moment I was willing to take more pain to relieve what I was seeing at the time, and yet I knew that as I walked in the human role there was just so much pain the body could endure, because of the human mind.

I come to you on this night, My sons, to make you aware: the reality of All speaking through many years of time, through This Great Miracle of Hope, of Love, of Service, of Teaching, of Direction, is a Miracle that will be remembered for all time. As you are part of this Great Time in the time in which you live, I want you to remember this night, of What I have said, because I have spoken It for a reason, and that is to not reward you, but to make you conscious of the fullness of what you are all about, the Purpose for which you were born to the world, and the

reality of your responsibilities as man.

I want you to be aware that as you leave this place tonight you must remember These next Words: Be aware of your Soul every moment of the day and night. Be conscious of that Other Being within you that must one day return to Divine Light. Be conscious of everything you say and do, to everyone you meet, everyone you know, everyone with whom your presence shows. Let them see more than a man standing there, not to have your hands bleed, not to have your heart bleed, not to have the wounds in your feet, but to see the goodness radiate from you through your love for That Part of all human beings that does not show.

I bless you on this night, not with a hand of blood but with a hand of Hope, for I want you to understand your life is worthwhile because it is the means for your Soul. So be it.”

SEPTEMBER 11, 1991

OUR BLESSED MOTHER

“As I stand Here in the Heavens, I have said much to you on this night. There were Other Saints standing by, smiling down upon you, wanting some subject spoken to touch you in a specific way, in a special form, for a special reason, so that in your daily life you could become more aware of what is important regarding your Faith, your hope, and your way of life.

I am known by so many Names. I love them all, for when a child is dedicated to Me through any of the ways they enjoy, I listen intently and I do answer all requests, perhaps not at the moment, but eventually.

This Miracle that bears the Name of The Beloved One, Who many have decided to not accept as The Spirit of The Father, as The Light, as The Wisdom, are not forgotten, and that is why your example is so important for the benefit of them.

As you walk upon the earth and you walk in a human form, your Faith says more about you, and so does

your uniform. What you wear says, ‘I believe in a particular way.’ How you act says, ‘I accept the moral way.’

If you find yourself in a form of concern that you are displeasing The Father in any way, say a prayer, and do not forget to ask for aid, ask for help, ask for direction, and then use all you are, all you have, all you know, all you care about, and especially your Faith, to give you the strength to do what is right for the good of your Soul and for others’ sake.

You are Blessed, My children, by Me on this night. You are Blessed with the Love that bears Divine Light. You are Blessed with Direction, you are Blessed with Truth, you are Blessed with something to think about, something for each of you. So be it.”

SEPTEMBER 18, 1991

SAINT JOAN OF ARC

“When *this child* was Confirmed, the choice of names came up, and the choice was frivolous at times, names that were appealing, and We Here in the Heavens pointed to one name that had to be. The name was not accepted at first, and of course, *the child*, not knowing the Energy and the Force that was encouraging this particular name, was going to defy the idea of the name, but We Here in the Heavens named her and she did not know why that name came about.

The name was questioned by many when she said openly what the name would be, and the name was ‘Joan’. The big argument was, ‘Does it go with the rest of my name?’ and We in the Heavens smiled and said, ‘What you think and what you feel, We understand, but there is a purpose for the name, because in many ways you will follow a path similar to a warrior in another time, in another place, for other measures of Faith.’

I am Saint Joan and I have spoken many times through *this woman* in the world. When This Great Miracle was announced, the innocence that was expressed was very much like the innocence I had, in much younger years than she, but there was a determination to fulfill whatever God intended This Great Miracle to be. The only questioning that came forth was: 'Is this positively what God wants? I do not want to do wrong where This Great Miracle is concerned.'

Through the years since the time I walked the earth, I have been present at different times of what you would call 'training a child to listen', but in this particular case, it was obvious the concern for Truth was constantly evident, and still is. The concern for everyone who listened has always been and still is and always will be.

The Facts that have been delivered to thousands of people are Facts that should make everyone a Saint, if they did not just listen, but acted upon the Direction according to the manner and the matter that was meant to be.

So many in the world have read the Words. Many have said, 'These Words must not have been made up; They are Pure of Thought and Pure of Direction.' There are so many out there, teaching for self-acclaim. There has been none of this in This Great Miracle.

I remember the time I stripped myself of a garment that meant 'a warrior for God'. It was really untimely at the time, but I felt as long as I was not on the battlefield I should not wear the garment of a warrior. We have stopped *this instrument* many times from making, not a mistake, but a judgment as I had made, because This Miracle will go on as long as The Father Decrees it to be. You will be the recipients of Heaven's Words, Heaven's Directions as long as The Father Wills it to be.

My death upon the earth was timely according to man, but not timely according to The Father. In some ways the timing was similar to the timing of The Son of The Father: it was not The Father's Will it be done at that time.

There is much Protection in This Great Miracle for those who truly have

the Faith to believe and those who yearn to learn more about the Beauty of his or her own Soul.

I speak slowly tonight so you will understand that We truly stand by *this instrument* every moment of the day and the night, and it is true that as her expression changes, as her humor sometimes changes, as her attitude changes, it is because of Our Manner of Direction through her, and many times because of her love for human beings who love The Father.

It is difficult for mankind to understand that someone can stand so many times, using so many Words, and yet all These Words could be defined as being directed to the same point of direction: My sons, that is Sainthood; remember this.

In the beginning tonight, when she began to speak to you, the humor over becoming a Saint so no one else would be praying to you,¹ We

¹ Refers to earlier in the meeting when the men were told, in a humorous way, not to be concerned if no one ever recognized them as a Saint, because there was one good thing about not being recognized; they wouldn't be bothered with everyone praying to them. All they would have to worry about were the missions that God would send them on.

encouraged her to say it, because if every human being thought that you could only become a Saint if you were recognized by someone, there would not be millions of Saints Here in Heaven, and I promise you there are millions of Saints, Beautiful Souls, surrounding Me as I speak to you.

As I send My Love, I send The Father's Blessing, and yes, you must understand this: The Beloved Heavenly Queen is ever watchful over you. Never feel that you are not in Her Sight. You are, for your Soul is so Important, no stain does She want on It, because She wants you, at the moment you are called. She wants no stopover. She wants you to be able to rise as soon as possible to the Place that is set aside, Where The Father waits for the Soul that is a Part of Him, to be returned to Him Stainless, Glowing, Beautiful.

Many Stories have been written about the way I walked the earth. Yes, it was difficult at such a young age to understand why certain things were being done, why I was involved with so many men, but as *this woman* stands before you on this night, since birth she has been surrounded by

many men. Some were considered friends, some were considered family, and then, when the time came and you were all brought before her, thousands of others were also brought, placed there. They all got the same attention. Some rejected; some said, 'Some day I'll return,' but you have been Blessed, you have been gifted, for you are here tonight to hear the Words.

Do not forget, 'Pray to Me, I listen; I am Saint Joan.'"

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. I speak through *a physical human being*, one who bears little physical strength at this point. It is My Strength that passes through her to give you the Lessons and the Words The Father Wills you to have. It is My Strength, My Power, My Love, because of The Father’s Love for each of you and all who will read the Words that have been recorded for all time.

There are many heresies in the world. All through time there have been many heresies, but you live in a time when heresies are in the open and satan is behind all of them, and people are falling into the trap of following what they feel is the easiest thing to follow, the road most easy to travel.

Many men, women and children pray, but they do not pray with sincerity. They pray in a very flippant way, to get it over with quickly. I have come on this night to ask you, to remind you, to encourage you, that when you say a prayer, whether it is one line or

several lines, do it with dignity, do it with sincerity, and do it as though The Father were standing right before you. You would not jest at a time like that, you would not slur your words at a time like that; you would be very cautious, very concerned with His Reaction.

Children of all ages must learn that The Father's Will must be done, because of the Soul that is present in each and everyone.

You cannot see your mind. You cannot see your heart. You cannot see the nerves within your body. You cannot see your stomach. You cannot see the backs of your eyes as you look forward. Even when you close them you cannot see the backs of your eyes; they are hidden from your view.

Your Soul is ever present, just as all the human parts of the body are, so remember when you pray that That Soul responds, and when your Soul responds, It is a Part of The Father responding at that time.

Be honest with yourselves, be honest about yourselves, and be honest in the value of your truths, your beliefs, and do not feel a job is too much when it is for the good of another.

Do it with generosity, do it with love for The Father, and do it because it is right for the individual and will help the individual either accomplish or be the recipient of something good.

There are so many Words yet to be spoken. There have been millions of Words already spoken. Why this part of the world, why this spot, why this quiet place, with so Many Here in the Heavens talking, so Many delivering Words of Complete Direction? These Words, if followed correctly, can give you strength that you never thought you'd have, can give you hope when you feel failure, can give a portion of human love in so many ways.

This is what This Great Miracle is doing in your time, in your day, and as the Words are read later, They will not have all the little parts that were present when you were present. They will have to accept the Words on the paper and they will have to learn that way, but the Words are complete; the Direction, and yes, the Love is in Every Word that has ever been spoken through This Great Miracle given to the world by The Father because of His Love for mankind, because at this time it is so important for mankind

to understand what life is all about, the Purpose of it, the Beauty of it, and the Love that was instilled at the moment of conception, God's Love, That Portion of Himself.

Some people say, 'The Soul is only a Spiritual Part of me.' Not so. The Soul is a Part of every part of your body. Do not forget this. So be it."

OCTOBER 2, 1991

SAINT ALPHONSUS LIGUORI

“The Saints you all recognize, because an issue has been made regarding Their lifestyle, and the works that are attributed to Each of Them, or the suffering attributed to Their life.

I am speaking more slowly through *this woman* tonight, because of the exhaustion that the physical is enduring because of so much responsibility and so much weight, because of the many Souls that must be saved because of the Words passed on from Us to the whole world.

I am Saint Alphonsus Liguori. My speech is usually quite rapid, My delivery very strong, but tonight *the Soul* that I use to reach you is within a very tired body. When a human being works physically, mentally, in such a continuous manner, the physical in some ways weakens under the pressure of the responsibility. The mind is quick, but the physical very tired.

Tonight, as I speak to you, I want you to remember the beauty of

the senses that The Father instilled in each of you, also the necessity for the memory that your mind is aware of.¹

I hold her deeply because if I do not, she would fall to the floor. Ecstasy is difficult on the human form, the human body, because ecstasy draws all of the human flesh, the physical parts, into a oneness with the Soul that is not identifiable by human beings.

There are so many men in the world escaping reality, because they have no Faith in the Purpose, the Fullness, the Beauty, the Meaning of The Commandments of The Father. There is so much humanism, flesh humanism, that so many human beings throughout the world are ignoring that the Greatest Gift man has is to be formed, in so many ways, to the Image and Likeness of The Father, and to be the possessor of a Portion of Him called ‘the Soul’.

Some men would deny having a Soul. Some men would deny that The Commandments are yet to be obeyed in

¹ Refers to the Teaching on the senses, given to the men in The Society Of Saint John Vianney earlier in the meeting.

your day. So many say it is no longer that way.

I, Saint Alphonsus Liguori, say to you tonight, ‘As you thank God, The One Who created each human being in the world, past, present and future, the Soul is evident in how you live, what you say, how you feel, your acts of charity, and yes, how you sin.’ Men say, ‘That’s not a sin anymore.’ We Here in the Heavens say, ‘Have you checked The Commandments lately?’

Conscience is a very important part of human life. Sincerity is an important part of human life; obligation, responsibility, character, and yes, above all things, Faith in God, Faith in the Purpose of the Soul, and obedience to the Will of The Father in all things in human life.

So many men stand in such indignities. So many men stand horrified at the word ‘innocence’, ‘modesty’. This is sadness Here Where I am.

It is true, I left many Words upon the earth. It is true, many men are abusing these Words at this time, but I say to you on this night: ‘It is so easy to say, *“Thank You, God, for what I am. Thank You, God, for who I am,*

and thank You for the enlightenment, else I might have strayed so far away there would be no path back to be with You again one day.”

As you are sons of The Father, you are called sons in His Way. As you walk the human form, remember: purity of mind is important, because if you have this you will never stray. Purity of mind makes you question what move you should make. Purity of mind says, ‘I must think about this, for would God be happy with me if I responded the wrong way?’ Purity of mind walks hand in hand with Faith in The Father. Remember this.

And I, Saint Alphonsus Liguori, bless you with a Love you cannot know, but I want you to remember this night, for you see, the Words, though softly spoken, were to alert you to the beauty of what life should be all about, and of course, the responsibility you have for your Soul. So be it.”

OCTOBER 9, 1991

OUR HEAVENLY MOTHER

“As I have spoken many times through *this woman* in the world, I come on this night hoping you will pass this Class, this Lesson, this Information, this Love, to others that you know and that you love.¹ It is important for men, women and children of all ages to become conscious of That Portion within himself and herself that is truly a Portion of God. I am your Heavenly Mother.

The Lesson tonight was not just to alert you, but to instill in you the Importance of that Precious Gift, the Soul. As you take care each day of your physical needs, your personal needs, and those around you, remember, your example and everything you do reflects the Beauty of the Soul within you, and these things generate something within the other human being, something beyond your understanding, something beyond your actions. There is not a

1 Refers to a Teaching on the Soul, given to the women in The Society Of The Little Way earlier in the meeting.

great awareness of exactly what it is, but it leaves a mark, it leaves hope, and many times it says Faith is important, for The Father.

The Commandments He left have been made so concise it is sad, and so many things are being cut down so people do not have to worry about the degree of the Importance of Them. I say to you on this night, a Mother to a child, ‘Be conscious of your Soul every day and every night, and be aware that others who are like you in the human life have a Soul, and their Soul can shine a Brighter Light with your effort, your example, your Faith, and yes, sometimes your very presence gives hope where nothing else can.’

I love you in a way that you cannot understand, but I want you to know that every time you pray, The Father rewards you for your Faith. So be it.”

OCTOBER 16, 1991

**SAINT ALPHONSUS LIGUORI
SAINT AUGUSTINE
SAINT THOMAS AQUINAS**

There are Three: Saint Alphonsus Liguori, Saint Augustine and Saint Thomas Aquinas.

“I am Saint Thomas Aquinas. I hold *a Soul* very tightly, very firmly, and I speak on this night to give you the strength to better understand the Beauty of your Faith, the Value of Truth, and the path that you must take so that one day when you stand before The Father, your Soul will be brighter than diamonds. There will be so many facets attached to It that in ordinary circumstances your Soul would blind the human beings before you.

A Soul is a very Special Precious Gift from The Father. That Portion of Him that He hands so generously, so lovingly, has a Special Avenue of Love. The Soul is a Generous Gift, for without the Soul there would be no place for you to go, for the body cannot live forever but the Soul can and does.

So Many have spoken through This Great Miracle. *The child, the woman* through whom We speak, has oftentimes said to you, 'I do not hear with my ears,' and I, Saint Thomas Aquinas say, 'That is true, We speak through her Soul to each of you.' The Soul is the communication point. What allows so much to happen is the Beauty of her love for The Father, and yes, the relinquishment of the body to the Soul whenever He requests it to be done.

So much has been taught. So Many Here have spoken. So much Love has been given, so much Direction in one lifetime that must be passed on to thousands throughout the world.

Another wants to speak. He smiles and He says:

For the sake of Souls, The Father has requested I give My Words on this night. I am Saint Augustine.

Men refuse to accept The Commandments of The Father. They ignore Them because they say, 'In this day, in this time, They are no longer part of living in the world; it is difficult to follow These Rules because of the

distractions and what is expected of the physical, the mental.'

I, Saint Augustine, say this to you now, 'Without obedience to The Rules of The Father you will be doomed to Hell for all eternity.' Do not just consider the physical doomed in this manner, but be reminded that it is your Soul, that Living Part of you that you cannot touch, you cannot see, but yet through this Soul, your Faith, your love, and the beauty of your life passes through It to you, so you can better understand the importance of mortal values.

I could speak hours through *this child*, through *this woman* in the world, but the day has been difficult; so Many of Us have spoken. Another Here with Us now wants to speak. You have heard Him often, and as He approaches Us, as He absorbs her Soul, I have to say she fears, because of what she knows can happen at a time like this. When the Soul is absorbed in hearing only Our Words, it is as though the Soul separates from the physical, because of the Power of the Attraction and the Power of the Pull, so the Soul will repeat distinctly What is to be

spoken. Ecstasy is total commitment in this manner.

I have spoken many, many times through This Great Miracle men deny, because they do not want to be restricted in any way. The Beauty of Truth, the Beauty of what the Soul is all about, is not restrictive. Hope has no limits. Love has no limits. Duty to The Father has no limits. What mankind should fear is the evil one who limits everything because he wants total control, because he wants the Soul.

Do not make little of the marks on the piece of paper that was representative of a possible appearance of what a Soul could look like.¹

I have taught so much through This Great Miracle. I have used the physical, I have used the mental of *this woman*, but I could not have used these things without the communication through her Soul. There are so many heretics throughout the world. They

¹ Refers to the soiled paper cutout, depicting a tarnished Soul, which each man took out of a bowl as he entered the meeting.

try to imitate things like This, but the imitation always shows through.

It is important for each one on this night to look into the degree of Faith you have in The Father's Will for you, to look into the degree of Faith you have in how you are going to save that Beautiful Soul. It is important for each one here tonight to look into obedience to God's Rules. It is important for each one here tonight to understand that you cannot allow the weaknesses of others to stain your Soul, to encourage you to stain your Soul, or to tempt you to stain your Soul.

We have taught so much on the level you can understand. We have given so much so that you can pass It on to other men. You have been Blessed repeatedly, and I say to you, with a Love from The Father, with a Deep Love from The Mother, and from Each of Us Here, 'When We are told to speak through This Great Teaching Miracle in the world, it is a privilege for Us, because you see, one day We want to greet your Soul, to be Here with Us for All Eternity.'

Be blessed, My sons, and know that the Three of Us Who spoke to you tonight were requested by The Father to do so, and We do not raise Our hand in the normal Blessing you understand, but the Blessing We give is through Our Words of Direction, because of His Love for you. So be it.”

OCTOBER 18, 1991 AT 1:25 P.M.

GOD THE FATHER

“When I hand a Miracle to the world, I bless It with Truth, with My Love and My Hope that It will permeate all the areas I desire to have It known. It is called ‘a Miracle’ because It is not humanly structured, not humanly designed, not humanly delivered.

There are millions of people, all races, all colors, all creeds, all ages, that I want to touch in some form, in some way, to some degree, for My Purpose, which is for their Soul to return to Me.

I do not travel the world and touch thousands to spread My Will, My Words, My Love. I use one seed, and I use this seed to cultivate more seed with My Words, My Directions, My Love, My Hope.

I never leave mankind deserted. I use *one Soul* to spread the seeds I want spread. In some past times I worked the same way I am working today. One seed multiplied in such an abundance, that if these seeds were seen as I see them, as I meant them to

be, they would, they could, cover the whole world.

One Word from Me is more than one seed, for there are multiple meanings in Everything I pass on through a Word. The world has been Blessed abundantly. This Miracle that bears The Name has been doubted by heretical thinkers, jealous enemies, and those who have little Faith in My Love for mankind, in My Generosity.

I will close by saying: ‘Truth is necessary when something so Precious is at stake. The subject at stake is a man’s Soul.’ I have Blessed thousands with My Words and with the Words of Those Who are in My Kingdom. I bless Faith in Me, and I give extra strength immediately to those who serve Me. So be it.”

OCTOBER 23, 1991

GOD THE FATHER

“In the time of Moses, when Moses stood amongst people such as are present here tonight, he too did not want to look or feel different in any form, in any way, but when I took him to the mountain and I held him there, he was in complete obedience to My Will and My Way, My Words, My Direction, and What I wanted delivered for a long time to come.

I gave him very little rest. I instilled in him a great degree of knowledge, a great degree of wisdom and a great degree of understanding, and an ability to pass this on verbally, physically, mentally, emotionally and spiritually, for the good of Souls. All the Words that I gave to this man on a mountain were not delivered fully by those who were taught What I wanted to be taught.

Today, in the time in which you live, you have much responsibility. Many men of all races, all colors, all creeds, would say I would not use a woman, I would use a man at this time

in the world. How can man decide what I would use, My Reasons for who I would choose, and yet men stand in judgment, even on this night, against *this instrument* who speaks My Words distinctly, lovingly and purely, through the Soul, to you.

I use a Soul. The Soul, as Part of the physical, is the manner which and how I speak to you. Many men say, 'The Father would not speak.' Who knows better than The Father, Who would speak?

To speak through an instrument, men of all kinds would expect Me to shout. If I am angry I shout, but there is no reason to shout on this night to you, for *the Soul* I hold, *the Soul* I speak through, is as your Soul Who listens intently to My Words on this night.

I want you to read again and again the Words I spoke through this Specific Letter to all men.¹

¹ Refers to the Revelation delivered by God the Father on October 18, 1991 at 1:25 p.m., which had been read earlier in the meeting, to the women in The Society Of The Little Way.

So many in the world imitate My Form of Ecstasy in a human being. Their manner of so-called 'acceptance' to someone speaking through them has many versions and many false backgrounds.

Why would I not speak? You know I have spoken before. I use one seed to deliver My Will, My Way. The Soul accepts the Delivery. The physical says, 'God, not again,' but then submission of the will to My Will, What I Want Delivered, is Important to Me.

Many men and women walk the earth, wanting a Special Blessing such as This, but I, your Father say, 'The degree of responsibility is beyond man's ability to discern; a Power a human body must accept at a time such as This, it is indiscernible by human standards.'

Thousands and thousands and thousands of Words have been given to you and others, telling of the responsibility of the Soul, That Portion of Me that is within each one here and in each human being throughout the world.

I will tell you something you could not recognize now, as My Words flow through *this instrument* who looks like you, feels many ways like you feel, but there would be a joy in the Words if the joy would extend to you happiness, laughter, and something to relax you so you could leave here and say, ‘Wasn’t that a fun time?’ But I want you to leave here on this night and remember that it was a Blessed Time, a Blest Time, and a Time that is not always repeated in a lifetime.

It is not natural for a human being to want to be held so tightly, because the will wants the freedom to act, but it took a long ‘Preparation’ for *this woman* you know, to accept this manner of living, this form of speech, this acceptance of My Will, so you could be reached.

I give her moments of lightness, for the physical is extremely frail. The physical I speak through is fragile, and has become more so because of the Power that I use to reach you, for the benefit of your Soul, and to give you the strength to pass on to others, through example, through words, through everything you do.

I have spoken much today, to give her the strength to be with you tonight. It has been a very tiring, difficult time, and what you do not know is she has just apologized because she was so tired, but she speaks like this to Me, but in truth, she would hide her tiredness from you; she always has, and you have My Word, she always will.

If you go someplace tonight and you say, 'Do you know Who spoke at a meeting I was at?' and you told someone in a loving way, they might even laugh. But that's what they did to Moses. He said, 'I have a Message; you must listen.' 'Who gave the Message?' 'The Almighty One.' 'Who are you, Moses, to have Him speak? Who are you, for Him to use in such a grand manner?' And I say to you tonight, Moses' answer is and was the same as hers.

You are Loved much. There is no preparation for My Words through her. My Words come with Love, Understanding, for you are children that I put in the world.

Every child born to the world is born for a Purpose. Every child does

not reach the fulfillment humanly expected, but I always look for that Soul to rise above all questions, all wrong, for you see, the enemy is always around, trying desperately to gather Souls, to take That Part of Me that I gave to you at the moment of conception.

You are Blessed in many ways. Your presence here tonight is a Blessing you could not understand. Your presence here tonight is your will as man.

I hold her deeper than you know. The body belongs to Me, because of the responsibility her will has accepted. I must give her time to relax after this ordeal for, in reality, the human body says, ‘I feel I will break, my God, under this Task.’ So be it.”

NOVEMBER 12, 1991 AT 12:50 P.M.

OUR HEAVENLY MOTHER

“In The Father’s Love for His children, His Generosity abounds. In so many ways, in past decades of time, He has handed to mankind not just Rules, but the reason for The Rules and the knowledge in how to carry These Rules out in a manner, in a way easy for mankind to follow.

Men shout religion, but they do not shout sound moral values, sound moral standards, and true sound following of The Father’s Rules.

Mankind, in worldly ways, looks for progress, many times basing all things on the degree of progress instead of the manner, the purpose for which this progress would be beneficial in the right way.

I, your Heavenly Mother, speak through *one* as you. I speak through her Soul, as you have been told We do. A Line of Communication in This Form has a Purity in It, and a Direction totally according to The Father’s Will.

Mankind is slipping into the abyss of satanic rule. Mankind is dismissing this tragedy because of the superficial front that is attractive, and yet in so many ways devastating to the Soul, attractive only to the human desires, selfish goals, and lack of understanding regarding the Soul.

We continuously watch over mankind in so many ways, in so many areas. The enemy of God and of man works continuously. Take the envy, human envy, that some people in your time and past time have of other human beings, and multiply this by the billions, not just one billion but by many billions. This is the degree of envy satan has.”

DECEMBER 2, 1991 AT 1:38 P.M.

GOD THE FATHER

“I have chosen a Particular Time to speak through *an individual*, My Words, My Wishes, My Intentions, My Hopes, My Desires, My Will, for the benefit of all mankind. When I did this, I did not intend My Words for just that particular time, but to be followed at all times thereafter.

Many of My Words have been tossed aside because of man’s determination of what these times might mean, could mean, did or did not mean in the time in which they lived. Mankind must understand, as I take the time to give Direction, to teach, to extend My Will for the betterment of mankind, the physical life and the life that will follow for the Soul, mankind must understand, I do these things because of My Love for My children of all races, all colors, and yes, all creeds.

There are no bounds to My Love. Man puts a boundary line where he feels is the limit that he or she can extend their thinking, to their ability within,

or their way of life to a particular degree. I use *one individual* in your time, in your area of life, to pass My Will on for the benefit I Desire for the Souls of each individual.

Though I talk through *a human voice, a human body* in this time of your calendar year, My Will is that These Words, These Teachings, These Directions will always be passed on from generation to generation for endless amount of years.

Men say I would not talk through a human being, I would use Miraculous Signs for all to see. What better lasting Teaching can there be for all generations to come that would be more lasting, beneficial, explicit, than My Words written again, and again and again and again and again and again and again and again?

The world in its orbit, holds men, women and children of all ages, all colors. A rocket in the sky, what you call 'a sky', would be a sight to be seen and remembered for a given length of time. It will be recorded that I have decided to give mankind My Words written, so that man can set It aside, pick It up again, set It aside, pick It up

again. It is not to be a one-time Signal, a one-time Sign, a one-time Period, to alert the Importance of what human life is all about, the Reason for it, and the Beauty of its Goal.

I speak through a *gentle child*. I speak through a *small voice*. I speak Words of Pure Direction. It is My Will, My Way, for I know that this manner of reaching mankind will give Strength, Knowledge, Hope, Direction, for a long, long, long, long time.

I use Many Saints to pass Words through This Miracle that bears the Name, *'The Miracle Of Saint Joseph'*. Men try to deny that This Spirit of Life, of Hope, of Design, of Me, from Me, through Me, by Me, could be titled for such a long time with a human Name, but My Will was directed in this manner, for it was how it could be accepted by mankind, in a relationship of understanding the human side.

Many Saints find Their time through This Great Miracle a Treasure of moments, a Beautiful privilege, for you see, They understand the Beauty of Where I Am, for They share It with Me. So be it."

DECEMBER 4, 1991

VISION OF FOUR SAINTS: SAINT JEROME
 SAINT ATHANASIUS
 SAINT CYPRIAN
 SAINT CHARLES BORROMEIO

He is showing me a scene, what I would call a scene, and there are several male Saints in the scene. He smiles and He says, “One would be called ‘Jerome’, One would be called ‘Athanasius’, One would be called ‘Cyprian’, One would be called ‘Charles Borromeo’.”

He’s showing me the Four of Them, and there’s a Light around Each One of Them. Saint Jerome says to Saint Athanasius, Who is the second One in line next to Saint Jerome, “Saint Athanasius, You talk now, she’s familiar with You.” He’s smiling. Saint Cyprian backs off, Saint Charles Borromeo backs off, but They remain in the Vision.

SAINTE ATHANASIUS

“**W**hen We Here in the Heavens speak through *a Soul*, We speak The Father’s Will. The Love that is

extended through *this Soul* that I use to reach you, is to allow you to know how terrible things are in your time of living in the world. Men, women, and some children are living by standards below the point of dignity, and spreading indignities everywhere they go.

This Great Miracle has been handed to the world so that mankind would not be lost, so that mankind would learn the Beauty of Sainthood, the importance of sound moral values, sound moral standards, so that mankind would fight for right to be and fight against the wrong that is present everywhere in the world.

As We stand Where We are, We see total justification of immorality. There's a sadness Here, a great sadness, even though We, Where We are, are present in the Beauty and the Light of Divine Will, Divine Hope. There is sorrow for those who walk in the world, who deny what is correct for the good of their Soul.

The Soul is a Living Part of man; the Soul is an Extension of The Father to man. No man is born to the world without a Soul, a Portion of The Father

instilled, given, placed within each conception in the world, each human conception.

Men, women and children are ignoring this Great Gift, this Portion of life that is the Most Important Portion of human life. Children are not being taught about It, and in fact, people are ignoring that It even exists, but I, Saint Athanasius, say to you tonight, ‘You have a responsibility to understand that you have a Soul and the Soul is a Portion of God, and that He, in His Love for you, gives you everything you have, gives you the means and the way to return that Soul back.’

Men say, ‘Why would The Father choose her to pass These Messages on for all time to come?’ I say to you now: ‘The Responsibility is beyond man’s comprehension. The Responsibility involves more than Faith. This Responsibility will be Judged at a given time, when the body leaves the land.’

The voice We use, the body We use, the Soul We use, is aware of more than is said, but I, Saint Athanasius, say to you on this night, ‘You are privileged men, but as you learn more about

your Soul, the responsibility that your Soul has once It has learned the Great Truths that have passed on to you, through *another Soul*, you will have to be Judged according to your degree of how you handle your moral values and moral standards as you live as man.'

I will release her slowly, for you see, the body has taken so much abuse because of the strength it takes to receive Us so continuously.

You are Blessed, My sons, you know this. Let no man call you a fool for your Faith, but stand strong in what you believe, stand firm on your values, and do not allow anyone to weaken you, for your strength will give strength beyond what you can see or believe. So be it."

SAINT TERESA OF AVILA

“So many times when I have spoken through This Great Miracle I have spoken so quickly, but tonight I want you to remember one very special thing: You are never alone, you are always in the company of your Soul.

It is a good thing to teach others about. I taught it to the girls who were with me in the convent. I passed this Message on in many ways, for sometimes when they would come to me and say, ‘Mother, beloved one, I do not understand what I am all about; I have a troubled mind and I fear my vocation is lost,’ I would snap at them and say, ‘Maybe in your human form, but have you discussed it with your Soul?’ ‘How can I talk to my Soul?’ ‘Ah, does not your Soul know right from wrong, does not your Soul have an Important Part of your whole life?’

I am Saint Teresa of Avila. I leave you with one thought on this night: When you have a question regarding an important decision, discuss it with your Soul, and you will find that when

you do, you will look for the honesty in the decision, the hope in the decision, the justice in the decision, the love in the decision, and yes, the example that decision will give in every form, in every way, to others around you. You are never alone, you have a Soul.

So many people in the world depend totally upon that Beautiful Angel that walks by their side. Yes, it is true the Angel is present, but the Soul is Who will represent you when you stand before The Father to reach that Special Goal, 'Sainthood'. So be it."

GOD THE FATHER

“I send Signals through *one Soul*, and in these Signals I give Direction, Hope, Security and Love.

So many men would say I would not attract mankind’s attention through one individual as themselves, but I have spoken with Clear Words, Direct Words, telling mankind about an Important Part of their human life. This Portion of living is a Portion of Me. I give this Portion to mankind for strength against immorality, for strength against blindness that the enemy of man and Me tries to use constantly, so that My Will, will be ignored and cause Souls to be lost to a different realm than Mine.

Some men and women say, ‘The Power of God is so Great He could destroy, He could eliminate the evil in just a thought,’ but I say to you, ‘This would give mankind less chance to use the power of the will in My Way.’ There are so many reasons. I will not go into them now, but I will in a later day.

All that I have spoken regarding the Importance of the Soul must be passed on to millions of people throughout the world. It is not merely a Lesson, it is a Command. My Love for mankind is boundless. This is evident through this Great Gift, That Portion called 'a Soul'.

***The instrument* through whom I pass My Words belongs totally to My Way, My Will. There is much more to be given to mankind. When the body rests, the physical that is, I will pass more on for My Will to be done, My Way to be obeyed for Souls to be saved, for do not forget, the Soul is a Portion of Me, and through My Commands, through My Willingness to show My Love for mankind, I have given mankind the opportunity to use the will to protect the Soul to be returned to Me for all time. So be it."**

GOD THE FATHER

“If a man asked you to climb a great mountain and offered something valuable to you, logic would tell you to consider: ‘Am I capable, am I incapable to perform this act? Is it worth my while?’ You would question other things before you would undertake this task. Man has a way of looking at things in many ways, but this is not so in the case of a moral or immoral act; many times no question arises, just the mood, or the senses, or a time of personal lust, greed, anger.

I have spoken so much lately through This Great Teaching Miracle. Men question, why would I speak through ‘a fragile, humble, human being’? Men question why I would not use an instrument of renown, one who has accepted the Priesthood or a similar intellectual occupation at this time. I sometimes feel that man does not understand All I Am, All I Do, All I Can Do, All I Have Done through individuals of a similar nature, personality, as *the one* through whom I speak.

Mankind has learned values; these values pertain to many facets of life: mental, physical, Spiritual. A million men, one million men, women and children could all learn the same thing, at the same time, for the same reason, for the same goal, and you would be amazed at the difference in the activity of each one, how they handled the direction, the purpose, the goal. Believe it or not, you might not find two exactly alike in the final tally.

As I have made all men basically structured in a physical form the same, the will, the mentality, the wisdom, the personal practices of each individual differs. Also, think about this: the differences in appearance help others of all races, all colors, all creeds, to recognize culture, background, and many other things.

What an interesting, beautiful creation man is, what a Precious Gift of Life human life is, and what a More than Precious Gift each human being has: the Soul, That Portion of Me instilled according to My Will at the very moment of conception.

I bless those who have Faith in how I would work. I bless those who in their own way want to please Me. I value children who eagerly want to return the Soul to Me.

I am not a harsh God, I am not a violent God, I Am A Just God. You are Blessed by your Faith; it is more than a Gift, My Blessing to you on this day. So be it.”

GOD THE FATHER

“Since I have handed so much of My Will to the world, many men and women have rejected the Meaning of My Words, not because they felt They were wrong, but because they felt they would have to change their formula for daily living, their actions and their manner of speech, plus the way in which they would pray to Me.

The world is in great tragedy because of the disrespect and the lack of feeling for Me, and My Way and My Will. Many say I would not be The One to speak, to deliver Words of Direction. Many feel this would be beyond the ability to believe.

I have spoken many, many, many times. I have directed Many Here with Me to speak many, many, many times.

One time when I spoke, a long time before this time in your life, I spoke in a deliberate manner to ‘one’ such as *the one* through whom I speak now. He listened, he absorbed, and in the absorbing of My Direction, as I instilled My Will to be done, it gave

him the strength to pass on to those present at that time, and billions since that time, My Rules for life.

These Rules were given so that mankind would have Direct Instructions to live morally bound in every way. These Rules have never stripped mankind of happiness, of joy, of love, of justice, of hope, but These Rules have given My Love, My Hope, and a direct line to My Will for how I want mankind to return to Me, That Portion of Me called 'a Soul'.

I speak and have spoken through a human form again, and I want the world to know, I want all races, all colors, all creeds, to read My Words and the Words of Others I have directed to speak.

I hold *this instrument* of mine in deep ecstasy, for the Power I pass through her human form is more Power than any human mind could ever conjure up. Man's intellect, ability, could never imitate My Power, for It is beyond human relationship, human understanding, human ability. It is not easy to be at My Command so much, so often, for in so many ways

personal identity is in the background of human living.

More will be given on My Instructions regarding what I want mankind to see as the Proper Rules of life.

I have given This Great Miracle to the world at a time that I found necessary. I, as I did before to a man in the world, I take her into an area of existence not understandable by other human beings, but it is through this existence that I reach you and all who will listen. Sometimes when I speak, or Those Here with Me speak, it is not recognizable to those who are hearing What is spoken. They understand the Words or Conversation to be totally of human origin.

Faith in Me is a powerful Gift, and when it is practiced with dignity, respect, love and trust in My Will, it is recognized by Me immediately, and needless to say, I respond with a Blessing beyond man's ability to see, hear or feel.

I will release her slowly, for the Power with which I hold her is to the human body much different and takes much energy.

I love you and I ask you to respond by loving Me and doing My Will, My Way.”
